

MARYVILLE COLLEGE

Established 1819

THE HIGHLAND ECHO

The Highland Echo is a weekly student newspaper serving the Maryville College campus community. It strives to provide fair, accurate and ethical journalism coverage of the campus.

The Highland Echo was first published in 1915 under the editorship of J. Charles Walker, class of 1916. The forerunner of The Echo, the Maryville College Monthly, was published from 1898 until 1915 and is available in the Maryville College Archives.

Y.M.C.A. HAS A CONFERENCE AT MONTVALE

Montvale Springs Conference Held Last Week Was Great Success.

SIXTY STUDENTS PRESENT

Dr. Wilson, Dr. Stevenson and Dr. Crothers and Miss Henry Present.

The annual setting up conference of the Y W. C. A. and the Y. M, C. A. was held at Montvale Springs Hotel last week-end, September 5, 6 and 7, and was attendedd by over sixty young people and a goodly number of faculty members and interested town people.

The opening service held at eight o'clock Saturday night, was conducted by Miss Clemmie Henry, who gave a very inspiring address on ''Laborers in the Master's Harvest''. She emphasized the necessity of personal preparation, and willing consecrated service.

Following was a series of short talks showing the relationship between the ''Y'' work on our campus as related to a world wide organization, as related to local Christian forces and finally as related to the individual student on the campus. The President of the Y. W. C. A. emphasized personal consecration through prayer, while the President of the Y. M. C. A. was eager for personal consecration manifested through a life of service to every man on the campus.

On Sunday an early morning service by the lake was conducted by Dr. W. H. Crothers, pastor of New Providence Presbyterian church He brought a message of great importance, showing that the task ahead was humanly impossible and could be accomplished only because our sufficiency was of God''.

The entire morning and part of the afternoon was given over to separate Y. W. C. A. and Y. M, C, A. Cabinet meetings, in which plans were discussed for carrying on the work of this year. Each cabinet member had carefully outlined plans for his particular work, and every one was determined to make this year the most profitable and useful year the Christian Associations have ever had.

WHO'S WHO AMONG COLLEGE STUDENTS

Honors Are Found To Be Evenly Divided Among Students in School.

Charles Johnson, Pres. of Y.M.C.A.
Robert Bishop, Pres. of Senior Class
Robert Harvey, President of Junior Class
Dewey Eitner, Pres. of Alpha Sigma
L. E. Milling, Pres. of Athenian
Martha Anderson, Pres. of Bainonian
Margaret Lewis, Pres. of Theta Epsilon
Joseph Gamble, Capt. of Football Team
Pat Shores, Capt. of Basketball Team
James Brown, Capt. of Track Team

The Freshmen have not organized yet but are urged to organize as soon as possible in order to elect their representatives to the Student Council. This election will be held in a short time.

The Sophomore class is also without a leader due to the fact that Louis Reed, president-elect of the Sophomore class failed to return.

CAPTAIN JOE GAMBLE OF 1925 HIGHLANDERS

All Around Athlete Who Will Lead the 1925 Team

Captain Gamble who will lead the Highlanders is playing his last year for the Orange and Garnet.

Gamble is a star all-round athlete having lettered two years in football and basketball, and one year in baseball.

Gamble will make his debut in the role of Captain when he leads his team against Kentucky State at Lexington.

Nov. 26—Concord State—Here

NEW TEACHERS ARE ADDED TO FACULTY

Several Changes in Faculty Of Last Year Are Made

TWO NEW TEACHERS

Four Members of Last Year's Class Are Added To Faculty

With the beginning of the 1925-26 session a number of changes have been made in the personnel of the faculty.

Several of last year's teachers have not returned and their places have been taken by others. Some of these new teachers are former students of the college, and so are well known to old Maryvillians. But there are a few teachers who are new outright. The college authorities express regret over the loss of last year's instructors, but they are confident that the new teachers will be entirely satisfactory.

Of interest to all old students is the return to Maryville of Prof. E. R. Hunter. Most old students are aware of the fact that Prof. Hunter has had a year's leave of absence to allow him to pursue his graduate work. Since leaving Maryville Prof. Hunter has been studying at the University of Chicago, and has now taken his degree as a Doctor of Philosophy. Dr. Hunter has of course learned much of interest to his classes. It is said that he contemplates beginning a new and very interesting class in the English language. All those who know Dr. Hunter will be very glad to have him back and those who do not know him will be pleased to meet him.

Another former Professor who has returned from graduate work is Professor Howell. Prof. Howell has taken his degree from Vander-

(Continued on page eight)

FOOT BALL TEAM WORKING GOOD IN PRACTICTICE

Practice Opens on Practice Field With 18 Men Present.

NEW MEN ARE OUT

Coaches Honaker and Thrower Predict a Successful Season.

Once again Wilson Field has become the center of interest and activity for a group of huskies who are to uphold the grid fame of Maryville College during the coming season. Practice was started Friday and a lively bunch of workers reported to Coaches Honaker and Thrower and Captain Gamble.

Everyone is expecting a great season notwithstanding the fact that four letter men and several first class reserves were last thro graduation. We have back with us ten lettermen and quite a number of other players. Also, there are brilliant prospects among the new men. The schedule has been satisfactorily arranged and will be printed at an early date.

Despite the scorchng heat and suffocating dust a goodly number of men have been turning out ever since the first practice. About eighteen men reported at the iniiial workout. It takes real sportsmanship and genuine interest in the game to bring men out on such days as these. We are proud of our men for their courage.

Under the efficient tutelage of Coaches Honaker and Thrower and the no less efficient leadership of Captain Joe, it is expected that a splendid record will be made. The Athletic fame of Maryville has lately been spreading far and wide and iti is expected that another brilliant record will be made this year.

The school feels keenly the loss of the men who graduated last year. They will be missed greatly, but others are striving to fill their shoes. Lettermen who graduated last year are Thrower, tackle; Schmidt, guard; Musick, end; and McMurray , hlafback. All these men played their last game for the Orange and Garnet last November when Roanoke College was van-

10:30 a. m.—Regular church services at all churches
1:00 p. m.—Y. M, C. A. in Bartlett Hall
1:30 p. m.—Y. W, C. A. in Thaw Hall
MONDAY, THE 14TH
1:10-4:30 p. m.—Girls entertain the boys on the campus
TUESDAY, THE 15TH
3:00 p. m.—Senior Class election of Student Council Members, Room 4, Anderson Hall.
FRIDAY, THE 18TH
7:30 p. m.—Senior Class party at Mrs. McIlvaine's.

ASSOCIATION HIKES ON TOMORROW NIGHT

Y. M. C. A. Offers a Hearty Welcome To All The Students.

ALL MEN INVITED

A Good Program and Eats Are The Order For The Hike

The Young Men's Christian Association welcomes the students to its activities and trusts that you will find its varied program of interest to you.

The Y. M. C. A. Store has already been opened as well as the reading room, and every fellow is cordially invited to come over and make himself at home. The Y. M. C. A. exists to help the student, and extends to the students a hearty handclasp of christian fellowship.

The program of the Y. M. C. A. is varied so as to interest every one. The first social event is to be the gathering around the ''Pow Wow'' stump in the college woods Saturday night at 7:30. The new men are especially invited to come and get acquainted with all the different phases of student activities on College Hill, to have fun and fellowship together. New friendships will be formed, old ones renewed; college songs and yells will be heard, and last but not least will be bountiful refreshments.

All the college men are urged to be in front of Bartlett Hall at 7:30 Saturday night so as to start together for the pow wow stump.

The Athletic program of the Y. M. C. A. will soon begin its work, as well as the Missionary and Bible Study Committees, and which you are doubtless acquainted with by now.

Sunday afternoon the Y. M. C. A. will throw open the doors of the auditorium for the first time this year. Robert W. Bishop who has charge of the weekly meetings. and who has spent the greater part of the summer at Blue Ridge, the summer headquarters for the Y. M. C. A. training school of the south, has arranged for a program that will interest every red blooded fellow in school. Dr. S. T. Wilson the President of Maryville College will address the students on ''The College Boy of Long Ago''.

James Hardin '24 is on the Hill visiting friends. Mr. Hardin is enroute to Cambridge, Mass. where he is a student at Harvard University.

NEARLY SEVEN HUNDRED WI BE IN SCHO

College Classes Open W Record Breaking Enrollment.

At the close of the third da registration, there were 621 dents enrolled in the college.

''We will without a doubt a record breaking enrollment year'', states Dr. Clinton H. lingham, registrar of the col ''We are within five student surpassing the enrollment of year''. Dr. Gillingham further that he considers 6 conservative estimate of the enrollment for year.

It is known, however, that are at least thirty students o hill who have not as yet atter to register. This with the nu of students who are expected in the next few days will no bring the grand total close t students.

This number is exceptio large when one bears in mind the college no longer has a pr atory department in conn with it. Some apprehensions entertained by college autho that when the preparatory de ment was dispensed with th rollment of the college would crease.

This year marks the begi of a new era in the histo Maryville College. The prepar department began with the c and has always been one of best of its kind in the south. very recently the enrollment preparatory department surp that of the college itself. Jun 1925 marked the completion 106th and last year of this d ment. The discontinuance o department will allow a g number of facilities for the of the college students.

For the year 1924-25 there 616 students registered. They divided as follows:

Senior Class	- -
Junior Class	- -
Sophomore Class	- -
Freshman Class	- -
Special Students	- -
Total no. of students	-

The first day of registrati an exceptionally busy day wit students enrolling. On Wed

MRS. FRANK NELSON NEE IRMA SHERFEY DIES

After a Short Illness Former Student Dies at Her Home

Old students returning to the Hill were saddened to hear of the death of a former classmate, Mrs. Frank Nelson, nee Irma Sherfey of the Class of '24. Mrs. Nelson who had been unwell for some time, passed away at her home at Kingport, Tennessee in July of the past summer.

Mrs. Nelson was held in high esteem by all who knew her. While on the Hill she took a prominant part in religious and social activities. She was highly esteemed by faculty and sutdents alike.

Surviving Mrs. Nelson are her husband, a son and three sisters.

TO COLLEGE STUDENTS

Carl E. Seashore, dean of the Graduate College of the University of Iowa, has just issued an open letter to college freshmen that will be of interest to the great body of sudents who are enrolling in college this year for the first time. He says:

"The faculty can offer you knowledge, but you yourself determine whether or not you shall learn. . . . You are thrown largely upon your own responsibility, with new standards, new aims and ideas . . . In studying, do not forget to hit hard. The mark of a great man is that he works hard when he works, plays hard when he plays, and rests completely when he rests. . . The world is yours. Prepare for life by living."

Yes, young man, young woman, you owe it to yourself to make the best of your college days. Don't be content to be a dud. Be somebody. Is someone at home sacrificing, denying themselves a lot of things they would like to have, so that you may equip yourself to get a toe-hold upon the world? If so, you owe an obligation to them. But most of all you owe the world the abilities that are within you; your energies, your talents, your visions.

Son those who hold high places will feel a weariness creeping upon them. In a few years their hands no longer will be steady, their steps will become slow. Men and women will be needed to succeed them. Prepare yourself, young man, young woman, prepare!

AS ADVERTISED

Seashore boarder: See here, you haven't had my room cleaned since I arrived.

Proprietor: Well, didn't our ad say that it was swept by ocean breezes? —The Nautilus

Prof: Name a collective noun.

Freshie: A vacuum cleaner.

She (coyly): Is it dangerous to drive with one hand?"

He: Rather. More than one fellow I know has run into a church doing it. —Rx.

SCHEDULED PROGRAM FOR Y. M. SUNDAY SERVICES

Sept. 13, Subject: "The College Boy of long ago" by President of Maryville College

Sept. 20, Subject: "Self Inspection" by Dr. McMurray

ADVICE

This is the beginning of what promises to be one of the greatest years in the history of Maryville College. During the past few years the attendance has been increasing steadily, and this year's enrollment has surpassed all previous ones.

This year's freshmen class is the largest in the history of the institution, and this class will have every opporunity in the next few months to make a name for itself both in athletics and in the classroom.

During the ensuing college year there will be many social and athletic functions in which every student owes it to himself and to his college to take a part, with reservations. There are so many of these that the average student cannot carry a full course in the classroom and on the campus. For he should bear in mind that the primary reason for attending school is to acquire an education the foremost part of which comes from the classroom.

Some one has said that the reason so many students fail in their studies is because they neglect their work for the first six weeks.

A good start in anything generally means a good finish. So new students should begin their work in the classroom at once and with enthusiasm.

Contest For Those Interested In Journalism.

The Echo is now offering an opportunity for all of the students who are interested in journalism, and who have ability, to obtain places on the staff.

School life is full of incidents that make splendid material for small feature stories. Indeed most of the humorous incidents that occur in school can be better treated in feaure stories than in jokes, because the space given for the ordinary joke does not offer opportunity for literary expression, nor can the short joke take away the sting that might be there to hurt people's feelings.

All students that are interested are urged to submit a feature story. The contest part lies in the fact that the one who writes the best feature stories will be chosen for a place on the staff by reason of merit rather than because of political or friendly reasons.

These stories may be placed in the Echo box in Anderson Hall. The best stories will be published after having been read by competent judges.

PEP

Now that things are beginning to settle down to normal and the semester is getting started in earnest, it is high time that the far-famed Maryville pep be aroused. It is only a few days until we meet Kentucky State in a real duel and we must show the team that we are behind them. Can we expect them to do it all? If they are willing to brave the torrid heat and strenuous work of the practice field, we must have spirit enough to back them. And Maryville will stand behind her team. She always has in the past and will not break the record this year. Ask anyone who has ever heard of Maryville College if he has not also heard of her exuberant and contagious pep.

Yes, Maryville has been peppy in the past, and Kentucky has soon to learn that she is still peppy. And in order to keep up the old pep and add new zest to it we must talk football, live football, and dream football. It is our fight as much as it is the fight of the team, and we must play the game as earnestly as they do. If all Maryville students will fight as hard as the team does, we will lose no game on the schedule. Let's all get fighting and stay fighting!

—*R. C.*

SAY HELLO!

Do you remember when you first landed in Maryville? You were probably all alone, and felt more so when everybody else seemed to be acquainted.

So in order that the new students may not feel as you did when you arrived, be friendly.

Give everybody a smile and a cheery "Hello!" You will lose nothing by it. It takes very little effort and the other fellow will be a lot better off.

HIGHLAND FLINGS

—MC—

We are back and ready to have our bright and shining faces looked into once again.

MC

Even Mr. Mac seemed glad to see us back.

MC

Some more fellows had to go and grow some sheik moustaches that they will be glad to shave off in a few weeks.

MC

FRESHMEN NOTICE

Don't forget the next installment will soon be due on your chapel seats.

MC

Prof: "What's the meaning of this sentence: 'A well read man was he?'"

Frosh: "Why a strong and healthy Indian."

MC

Football ought to go great this fall; it has the kick.

MC

All these girls with the boyish bobs need now is a pair of ballons.

MC

Most of us are back—except the ones that got married or—letters.

MC

Snipe Nichols says he came down three weeks early in order to be here when school opened.

MC

A guy I hate
Is Alonzo Glenn
He always says
Can I borrow your pen

MC

Intellectual Frosh: How do you like Lamb and Bacon?

Dumb Frosh: I'd rather have bacon and eggs.

MC

A girl I like
Is Iva Lice
She never says
Now that's not nice.

MC

History Prof.: Can anyone tell me what makes the tower of Pisa lean?

Corpulent Martha: I don't know or I'd take some myself.

MC

AT REGISTRTION

A pushing guy
Is Lotsa Rine
He always must stand
At the head of the line.

MC

Ann: Something is preying on Roy's mind.

Edna: Don't worry it will die of starvation.

MC

Doctors say that now since girls have started to wear their hair short, they will be more likely to be bald-headed. They had better stay away from these hair-raising movies.

MC

Oh sing a song
For Clarence Shoal
He went to Chapel
When there was no roll.

MC

ADVICE TO FRESHMEN

Before long you will find that the fruits of some of your high school victories were merely the razzberries.

MC

J'EVER

Take time to watch the new
Students when they first come to
School, because you can always
Identify them by the way they
Act, for some are tacky
And some are loud, and
Then again some are very
Meek and mild and they come
In all shapes, some are tall and
Very thin and some are short
And thin and some are pretty
And some are not so pretty and
Some of the fair young ones
Of the weaker species have the
Latest—meaning the boyish bob.
About looking them over

J'EVER

Miss Mary Robison '24 was married on June 30 at Normandy, Tennessee to James J. Bevan. Mr. Bevan is a brother of Miss Hazel Bevan '24.

Harry L. Owen, '24 was married to Miss Maurine Hogue on July 18 at Harriman, Tennessee.

"Home of Good Things to Eat"

-We Deliver-

Among the largest one-man shovels in the world is this electric giant engaged in open-pit mining on the Mesabi Range in northern Minnesota. It picks up eight cubic yards of iron ore at a gulp, which it dumps into a waiting car.

A day's work in a minute

Mesabi Range, renowned iron ore deposit, is yielding its mineral wealth at the rate of 16 tons for every bite of an electric scoop.

A man with a shovel would work a whole day to mine and load eight cubic yards of iron ore which this 300-ton electric giant moves in one minute.

Of course, all mining is not done on the surface. But there are many mines in which electricity has changed our conception of mining operations. Wires, penetrating even to the deepest shafts and galleries, have brought light, power, ventilation and added safety to those who must work in the very bowels of the earth.

Electricity's contribution to mining may be of particular interest to the student of mining engineering, but it is of general interest to all college men as still another example of how electricity is simplifying the world's work.

In every branch of mining operations G-E equipment is very much in evidence. And there are engineers of the General Electric Company especially assigned to mining problems and requirements, just as there are others specializing in all major applications of electricity.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1

LITERARY SOCIETIES WELCOME STUDENTS

Athenian

Welcome to College Hill Fellows!

We are glad you are here, and want you to feel at home in Athenian.

Come out Saturday, night September 19, just after supper and visit us and get acquainted. We are going out into the woods and have a regular Athenian program. Some of our most talented readers and musicians will be there to make us wish the program would last all night. Then we shall turn to the humorous side of life and listen to an extemporaneous 'monkey' debate that will make you split your sides laughing.

If any of you fellows want to join Athenian at the meeting we shall be glad to have you. The Athenian slogan is "Visit us, then if you like us, join us." All we ask any new fellow is to visit us and then decide which society he would like better.

We join with our sister society, Bainonian, in welcoming all new girls to Bainonian.

Come on fellows, let's keep the Athenian Spirit. Good program—Good eats—Good time.

—Athenian Editor

Bainonian

Stop! Read! Think!
About what? Bainonian!

Some fifty years ago a group of girls at Maryville College were talking over campus problems. There seemed to be something missing. Each one started to thinking and then one day a startling thing happened. It was the organization of Bainonian. It wasn't long until the girls saw that this was what was missing. Peppy programs were put on every Saturday night. And thus Bainonian began to play a great part in the heart of every member. Even until today it means a great deal to those girls. Just ask Miss Mollie: she was one among her first members.

We are looking forward to greater things this year. We are expecting this to be the greatest year in he history of Bainonian, because there seem to be so many promising new girls, that we hope are going ot be Bainonians.

New girls, with our every heart throb we extend to you a hearty welcome to our society. Come and visit us and become a Bainonian.

—Bainonian Editor

Theta Epsilon

Welcome new girls!

We are glad you have come to Maryville and we know you will like it here. Come to Theta and find great surprises, then you'll go away with good cheer.

Theta girls all welcome you
Here to college hill
Everyone of you may feel
That she always will.
Are you looking for a friend,

Ever loyal—true?
Please let her be one
She seeks your friendship, too.
If you try her out just once,
Let Theta girls love you—
Only feel her fellowship
New friends will come to you.

—Theta Editor

Alpha Sigma

School has started and a week from Saturday the halls of the Literary Societies will be crowded with new students. Some will carefully consider the pros and cons of each society before they join one of them. Others will join without hesitation because they have a friend or relative who has been or is a member of a society. Nobody, however, should stay away from a society and refuse to become a member.

The benefits of the membership in a literary society have been repeatedly emphasized by members of the faculty. In the society a man can develop his talents in many ways; he can put into practice a large part of what he learns in classes; and frequently friendships are formed within the society which will last a life time.

The Alpha Sigma Literary Society has prepared a program of unusual interest for the first meeting which is to be held at 6:45 o'clock p. m. on the 19th. inst. at the Alpha Sigma Hall. The society has a large number of talents which all will help to make the evening an nejoyable one for the old and new students.

It is customary to have refreshments after the meeting. it is needless to say that nobody will have to leave wihout satisfaction in every respect.

All the new students are cordially invited to attend this meeting. Watch for further announcements and reserve the evening for a visit at the Alpha Sigma Hall on the third floor of Anderson Hall.

—Alpha Sigma Editor.

PERSONALS

Kenneth Howard of the class of '25 was married to Miss Ruth Spivey of the class of '27 at Henderson, Texas on August 20th.

George D. Howell '22 and Miss Sarah Ann Kiskadden '24 were married on June 30th at Bellevue, Pennsylvania. They are now at home on College Hill.

Lee Roy Middleton, a former student of Maryville was married to Miss Mary Lucretia McSpadden '23 on June 30th at Riverside, California.

Miss Stella McCall '22 was maried to Walter Murray on June 12 at Maryville, Tennessee.

Miss Dorothy Stivers, '24 and Forrest D. Brown, '23 were married June 10th at Chattanooga. They are now at home in Ames, Iowa.

PERSONALS

Carl Houston, '25 was on the Hill the past week. He will enter the Law Department at U. T.

D. F. (Shorty) Prince and Emmet (Speck) Cortner, both of the class of '25 visited friends on the Hill for a few days before going to Winston-Salem, North Carolina where both are teaching this year. They will be joined in Winston-Salem by Doris Musick who has also accepted a position in the schools of that city.

Miss Elizabeth Torrey of the class of last year is spending a few days with friends before going to Louisville, Ky. to enter school.

John Sanchez '24 will be a student and an instructor in the University of West Virginia during the coming year. Mr. Sanchez is now spending a few days here.

Roscoe Watkins, '23 visited his sister, Miss Nelle Watkins Tuesday. Mr. Watkins is a senior med. at Vanderbilt this year.

Roy Ritter Anderson '18 was married to Miss Gladys Pauline Russell on June 30 at Fordyce, Arkansas. Mr. Anderson has two brothers in school at the present time. Mr. and Mrs. Anderson are at home at Cleveland, Tenn. where he is principal of the high school.

Gaston Cooper '18 was married to Miss Ethel Burchfield on July 8 at San Francisco, California.

James P. Hendrick, a former student was married to Miss Ruth Newton '23 on June 11th. at Harriman, Tennessee.

John W. Perkins, a former professor of Modern Languages in the College was married to Miss Mekkin Queison on August 21 at Indianapolis, Indiana.

John B. Kerr and Miss Ruth Kilmer, both former students in the academy were married on June 20 at Hastings, Michigan.

Miss Evelyn Arnold, a former student of Maryville was married in June to Lieut. J. Oriel McMahan at Cleveland, Tennessee. Lieutenant McMahan is a West Point graduate and a former instructor in Bradley County High School.

Lamar Wilson '21 was married on June 27 to Miss Vance Hudgins. Mr. Wilson is the youngest son of Dr. Wilson who journeyed to New Mexico to perform the marriage ceremony.

Miss Clarabel Smith '23 is now married to Frank Minarek, a former Maryvillian.

Fount Robison, a former Maryville student and Edna Kimball '22 are now married.

Rena Mae Anderson who became Mrs. Arthur Fox on June 4 is now living at Morristown, Tenn.

Ethel Sharp was married on July 18th to D. Clay Kyker in New York City.

Helen Miles is teaching Home Economics in Pikeville, Kentucky.

Harry Guading is teaching at Surgionsville, Tennessee.

Ben Houston '23 received his Master's degree from U. T. last summer. Mr. Houston is principal of Young's High School, Knox County where Madge Keller '25 and Marie Griffith '24 are teaching

Nathan Haworth is teaching and coaching in Karnes High School at Byington in Knox County, Tenn.

Julia Crouch, Emma Sexton, Mary Tippitt and Helen Moore are teaching in the schols of Richard City, Tennessee. The new plant of the Portland Cement Company is located at Richard City and the town seems to be quite progressive. Another Maryvillian, Blanche Moore '24 is also located there.

Ruth Reagan is teaching Home Economics and French at Dandridge, Tennessee. She is occupying the position held by Miss Margaret McKinney '24 last year.

Mabel Higginbotham is teaching Home Economics at Kingston Tennessee.

Geneva Anderson, Rebecca Bigger Lucile Fondren and Mabel Hendrix are teaching at Washington College. Another Maryvillian, Edgar Martin '23, is principal of the school.

George Belle Kuhn is teaching in the Powell Station High School.

Barbara Higgins sets sail on September 12 for Canton, China where she will be a teacher in the Presbyterian College.

Myrtle Ardis is teaching English Literature in the high schools of Philadelphia, Pennsylvania.

Emma (Babbie) Blair is spending the year at her home in Birmingha, Alabama.

Kenneth Howard and Mrs. Howard are teaching in Scottsboro, Ala.

John Thomas Johnson is a student and laboratory assistant in the University of Illinois where he has a fellowship.

James King is located at Ripley, Tennessee where he is teaching and coaching.

Francis Kinsler goes to Princeton Seminary.

Bertha Russell '24 and Dorothy Dickerson are teaching in the Central High School of Chattanooga.

Robbie Lee Martin is teaching Home Economics and Applied Art in Key West, Florida.

Thelma Moody is taking graduate work in Social Science at Missouri University.

Edyth Moore is teaching Home Economics in Russellville, Tennessee her home town.

Louise Morelock is teaching Home Economics at Roncesport, West Virginia.

Lois Painter will shortly begin a course of training in nursing.

Gaydon Post is located at Fort Pierce, Florida where he is doing surveying work.

Carl Schmidt is at home in Chicago where he is working with his brother as an interior decorator.

Margaret Weeks is teaching Home Economics and doing demonstration work in Sale Creek, Tenn.

Dorothy Winters is doing Y. W. C. A. secretarial work in New York

Virginia Witherington is at home in Munford, Tennessee.

FROM THE ECHO FILES

Five years ago Dr. and Mrs. McMurray were added to the faculty after declining offers to teach at Oberlin and Berea Colleges.

Miss Irene Bewley came to Maryville faculty after graduating from Leland Powers school of expression.

Four years ago Lombe S. Honaker came to Maryvile to take charge of the coaching department.

One year ago the school enrollment reached 700 not including the preparatory department. The freshmen class was expected to reach 300.

Five years ago the college enrollment reached 500; 801 including the preparatory department.

NEW COURSES ADDED TO CURRICULUM

Several new courses of study are being given this year. Three of these courses are entirely new.

English 18, An Introduction to the Study of the English Language is an old course beinght taught again.

English 23, The History of Early English Literature from A. D. 100 to 14000, is a new course of study.

An interesting Commercial Course is being started this year under the charge of Dr. McMurray.

This is Social Science 19—Marketing and Advertising. This is open to juniors and seniors and sophomores if there is room for them. This promises to be an interesting course of study for all those interested.

History 11—The Developent of the British Empire is a new course elective for juniors and seniors. This study will be under the care of Miss Jewell.

The Holland Pen has a Wonderful Record

For over half a century Holland Pens have been the standard of Excellence and Durability.

Constant improvement and refinements have produced the "Jewel," the fountain pen with the "Drop Test" point. This test—dropping the pen, point down, from a height of six feet, without injury—proves the "Jewel" point to be the most wonderful achievement of Holland's long and useful manufacturing life.

For Women, $5 Including Gold Ring Band and Lever.

Guaranteed Unconditionally

For Men, $6 Including Gold Band Clip and Lever.

Every genuine Jewel point is guaranteed unconditionally to give absolute satisfaction and perfect writing service.

Tipped with Tasmanian Iridium, the hardest substance known. Points are adjustable to any writing touch. Jewels are beautifully finished, neat and business-like without gaudy color or trimmings. Look for the red cap and Holland's trade mark. Accept no substitute—there is only one Jewel.

GREETINGS

To Students of Maryville College
A Hearty Welcome Awaits You at Our Store

We take this opportunity to extend a warm welcome to all old students who have given us such liberal patronage in the past, and extend an invitation to all new students to make our store your store while in town.

You who have known us in the past know that we are for you 100 per cent. We trust to merit a continuance of your business. To the new ones: We want to get acquainted, and promise our very best effort to serve you.

At our fountain you will find the best drinks served in town. Visit our fountain these hot days.

Here's to Bob Thrower and his husky eleven. They're the stuff that wins.

Y. M. C. A. HAS A CONFERENCE AT MONTVALE

(Continued from page one)

Sunday night Dr. S. T. Wilson, President of Maryville College, preached a very timely sermon, urging the officers and cabinet members to heed the call of Jesus Christ when He said, ''Follow Me''. Dr. Wilson urged the following of Jesus Christ as the only way of promoting the program of our work here on the Hill.

Monday morning, the early morning service was conducted by Dr. W. P. Stevenson, the College pastor, who brought an inspiring message of the importance of the task ahead, and the value of a personal experience before service could result.

After breakfast Monday morning the young people came back to Maryville eager to begin their programs of manifesting an adequate religion through service to others.

The Conference was one of the most successful ever held by the Christian Associations of the Hill, and great things are expected from them in their work this year.

The Y. M. C. A. is out to serve each student in every way possible. The Association endeavors to cultivate mind, body, and spirit in a wholesome proportion. To carry the program through however, not only the officers and cabinet men, but every Y. member should feel his responsibility to the Y. and to the other fellow. Out of such a feeling of responsibility will come the service which will not only benefit the Y. M. C. A. as an organization, but the whole student body and ''Dear Old Maryville''.

NEW TEACHERSARE ADDED TO FACULTY

(Continued from page one)

bilt and is returning to Maryville as head of the Chemistry Department. With him comes Mrs. Howell who is known to all old students as Miss Sarah Kiskadden. Their many friends are glad to welcome the young couple back to Maryville.

Mr. Herndon's place in he faculty has been taken by Mr. Griffitts of the Class of '25. Mr. Griffitts is known to be very capable along chemical lines.

Miss Ethel DeHaven who was employed as a substitute English teacher during the absence of Professor Hunter has been elected to a regular place on the faculty.

Mr. Radcliffe has gone to Rice Institute to pursue his studies. He will be missed on College Hill.

Miss Rachel Higginbotham has accepted a position in West Virginia. Her place in the Psychology and Education department has been taken by Mr McTeer of the Class of 1925.

Mr. Thrower of the Class of '25 has been retained as assistant coach and instructor in Spanish. Mr. Thrower who was elected Maryville's favorite man in 1925 needs no introduction to Maryvillians.

Mr. Bond former Professor of Biology and Assistant Coach is in a theological seminary in Chicago preparing for the ministry. His biology classes have been taken by Miss Helena Farrar of the class of '25.

The two new faculty members are Miss Helen R. Schreider and Miss Elvira A. Meiselwitz. Miss Shreider is a friend and former roommate of Miss Edwards' at Leland Powers School. She comes to take the place of Mrs. Hamilton as instructor in expression. Miss Meiselwitz is a Bachelor of Science from the University of Wisconsin. She takes the place of Miss Knott as instructor in Home Economics and Applied Art.

Miss Knott is taking graduate work at the University of Utah.

Miss Charlotte M. Northcraft of Abilene, Kansas has been secured as matron on third floor of Baldwin. Miss Northcraft is a cousin of Mrs. A. J. Fisher of High street.

FOOTBALL TEAM WORKING GOOD IN PRACTICES

(Continued from page one)

quished. Others lost through graduation are Howard, Prince and King. Although ex-captain Bob Thrower graduated last June he has not been lost to the team for his services as coach have been secured for the coming year.

The loss of so many men is to be regretted, but many lettermen have returned. The returned lettermen are Brown, guard; Cartwright end; Crawford, halfback; Gamble, (captain) fullback; Proffitt, guard; Shores, end and Stone, center. Besides these we have several star scrubs who are coming back to win their M's this year. Among them are Puff, ''Corly'' Crawford, McCulloch, Sneed, Gamble (Red).

Aside from this brilliant line-up there are very encouraging prospects among the new men. The coaches expect the squad to number sixty-five or seventy men within a very few days.

A hearty invitation is extended to all men who have any foot ball ability or experience.

All the men out are hearty and enthusiastic workers and they go into the ordeal of heat and dust with an almost unbelievable alacrity. One cannot help but feel encouraged over grid prospects when he witnesses one of the spirited workouts.

It is not necessary to say that a schedule beginning with Kentucky State and Tennessee will prove interesting to all Maryvillians.

It is only a few days until our first game takes place. We know the team will do all in its power to be equal to the occasion and we who are not players can do a great deal toward winning the game by talking foot ball and boosting the players.

Charles Ellis who was president of the Class of '23 is visiting his parents, Prof. and Mrs. H. L. Ellis. Mr. Ellis has spent the summer in Birmingham and is returning to Illinois University to pursue his graduate work.

NEARLY SEVEN HUNDRED WILL BE IN SCHOOL

(Continued from page one)

221 were enrolled, and on Thursday the number registering decreased to 117.

The total number of students by classes at the close of registration Thursday are as follows:

Senior Class	55
Junior Class	103
Sophomore Class	153
Freshman Class	291
Special Students	12
Unclassified	7
Total no. of students	621

MINISTERIAL ASSOCIATION

The first meeting of the year of the Ministerial Asociation of Maryville College will be held Wednesday night at 6:30 in Bartlett Hall in the Y. M. C. A. auditorium.

A cordial invitation is extended to all new men who are interested in the Christian ministry as a profession. Come and get acquainted with each other. A short program has been arranged and every man interested in the work will find a hearty welcome.

Edward Cornelius '25 who has spent the summer in Florida is the guest of friends on the Hill. Mr. Cornelius will go shortly to Nashville where he will enter Vanderbilt University.

OFF TO COLLEGE--

What an important occasion—this start of a New Year! There will be time for work and play, time for happiness and good cheer, time for all of the various things which go to make up the life of the college boy orgirl—
This is the time for us to greet you. We are isncerely glad to see you, to welcome our old friends and to become acquainted with the new arrivals.
Ours is the nearest drug store to the Hill—just a step from the campus to ''Little Town'', so come and pay us a visit—Don't think of us as only a drug store to supply medicine when you are ill, but let us help you with your good times, too. We can supply delicious Ice Cream, Candies, and Sandwiches—We also carry a complete stock of everything to be found in a modern, up-to-date Drug Store.
Drop in any time——Glad to have you.

TEAM GET READY FOR KENTUCKY

VOL. XI. MARYVILLE, TENNESSEE, SEPT. 18, 1925 NO. 2

NEW RULINGS IN FOOTBALL ENUMERATED

Brief Summary of Changes In Rules Outlined For Students' Benefit.

KICK-OFF BACK TO 40 YD.

Penalties Are Now 5 Yards, 15 Yards, 25 Yards or Half Distance to Goal.

(By Lombe S. Honaker)

Every foot ball fan should have at least a fair knowledge of the foot ball rules and should be familiar with the changes in rules each year. Often players, coaches and especially officials are unjustly criticised for their acts in a foot ball game when the supposed mistake can be attributed to the lack of knowledge of rules on the part of the critic.

Changes in Rules

The changes in rules for 1925 are not extensive and yet a few changes have been made which will very materially affect the game. The first change is made in choice at kick-off. Formerly the captain winning the toss could choose goal or kick-off but could not choose to receive, now he may choose either of the three. In case the winner chooses the goal the loser then may have choice of receiving or kicking.

The second change was made by moving the point of kick-off back to the 40 yard line as it was before last year. Clipping is now a 25 yard penalty instead of fifteen.

Another change is the off-side penalty for a defensive man. The penalty is still five yards but it does not give the offensive team first down unless the five yard penalty carries ball to the point necessary for first down. The point to be gained remains the same unless the five yard penalty carries ball in advance of same.

Probably the most radical change of all is regarding the rights of players following a blocked or partially blocked kick. In case of a punt from behind line of scrimmage regardless of whether it is blocked by offensive or defensive man it is regarded as a free ball and may be recovered by either team if it does not cross line of scrimmage, but if it crosses the line of scrimmage after being partially blocked it is regarded as a punt and may not be recovered by kicking side until touched by a defensive man.

Summary of Violations

A brief summary of the most common violations and their penalties might be given as help to those who do or do not know the rules of the game.

All distance penalties now are five yards, fifteen yards, twenty five yards or half the distance to goal line, other penalties which are very often inflicted are loss of ball and loss of ''down''.

A few of the most common violations are:

ive yard penalties: failure to report on entering game; 2nd. being off-side at scrimmage, at free kick; 3rd. Guards or center carrying ball; 4th. attempts to draw opponents off side; 5th. holding by defensive player; 6th. running into kicker.

Fifteen yard penalties: 1st. Substitute communicating with player before ball is put in play. 2nd. Interference with fair catch. 3rd. Holding by side in possession of

(Continued on page four)

COACH HONAKER

Coach Honaker came here in 1921 from Southwestern University in Texas.

Honaker since coming to Maryville has put the school on the athletic map.

Honaker in addition to coaching all forms of athletics teaches a class in coaching.

MEN'S GLEE CLUB BEING REORGANIZED

Practice Begins At A Very Early Date, Many New Men Needed.

TRYOUTS THIS WEEK

Extensive Concert Tour Planned Which Will Include Several Cities.

The M. C. Men's Glee Club is again ''on the job''. Most of the men of last year's club are back and several new men have already expressed their desire to try out for a place on the club. Practice will begin soon and President Anderson is looking forward to the greatest year in the history of the club.

Try outs for new men will be held this week and every man on the hill who has a fair knowledge of music and who likes to sing should make use of this opportunity and do his best to become a member of this organization.

It means something to belong to the Glee Club as any old member will tell you. Every year an extensive concert tour is made taking in several of the larger cities of East Tennessee. Such cities as Knoxville, Johnson City, Greeneville, Harriman, Athens, and others are included in the itinerary.

While in these cities members of the club are entertained in the best homes and given the most hospitable and courteous treatment. They have an opportunity to become acquainted with the highest class of people in these towns and at the same time to give the college one of the best possible advertisements. On these trips countless good times are enjoyed by all of the ''gang''. Aide from the fun and diversion derived from it the club is of even greater benefit to every member. The training and instruction given by the experienced and competent directress, Miss Staater, has proved and will prove of great value to the club.

Another benefit offered to the members of the club and which means more than any of the others is the opportunity to form friendships which last through college life and even in many cases are cherished in years to come. Then

(Continued on page four)

ECHO CONTEST TO BE JUDGED BY JOURNALIST

Enthusiasm is Shown In Echo Contest For Feature Editor

ALL STUDENTS ELIGIBLE

Mr. D. M. Owens of Knoxville Journal-Tribune Will Be Final Judge

Much interest is being shown in the contest for ''feature editor'' of the Echo.

Many students do not know what is meant by a feature story so a partial explanation will be given. Feature stories for a school paper are those based upon incidents that happen around school and accounts that are of interest to students.

Most Sunday papers run feature stories but these are of a type that are too long for publication in a school paper where there are but a few columns to fill.

Originality Wanted

What the Echo wants in these stories is originality— originality both in thought and composition. True happenings and experiences of any kind are full of human interest. Originality is the thing that will be of most value to the paper and at the same time of most help to the writer. The Echo certainly does not want to restrict any contestant from being original. Hence as few restrictions as possible are laid down.

Herewith are given a few suggestions which give an idea concerning the kind of stories that should be written. The following subjects may suggest ideas to the students.

1. First dates (of faculty or students).
2. Historical sketches of famous spots on the campus.
3. Funny things that happen to faculty or students.
4. Reasons and causes behind holidays.
5. Queer dreams.
6. First impressions of Maryville.

Rules For Contest

The following rules for the contest have been decided upon:

1. All manuscripts must be written on one side of paper only.
2. All manuscripts must be written by typewriter or pen. (Typewriter preferred).
3. All papers should contain the name and address of contestant.
4. All manuscripts must be put in the Echo box in Anderson hall by 7:00 p. m. October 5, 1925.
5. The stories must not contain more than 700 words.
6. Any student in the college may participate.

The best stories will be chosen by local judges. These stories will be handed to Mr. D. M. Owens, city editor of the Knoxville Journal and

(Continued on page four)

ASS'T COACH THROWER

Coach Thrower is an alumnus of the college, having graduated last year.

Thrower played four years while in school here and only failed to start one game. He spent the summer at Illinois under the tutelege of Zuppke of Illinois and Dobie of Cornell.

CRITERION QUARTETTE TO BE FIRST LYCEUM

Good Lyceum Program Arranged For By Y. M. C. A. And Y. W. C. A.

FIRST NUMBER OCT. 25

When The Criterion Male Quartette Will Entertain With Varied Program.

The first attraction of the 1925-26 Lyceum course will be presented in Voorhees Chapel, Monday, October 5th.

The Criterion Male Quartette of New York City will furnish the source of entertainment on that evening. This quartette has the reputation of being one of the best, if not the best, organizations of male voices in the United States. Several talking machine companies in this country have made records of their singing and this fact indicates the calibre of the company.

This number comes to Maryville as well recommended as one could wish for and the Y. M.—Y. W. C. A. feel that they have secured an entertaining musical program in the Criterion Male Quartette.

Other Numbers

The other numbers of the year's Lyceum course are also very promising ones. On November 23rd we have Mr. John Cowper Powys, an English novelist, essayist, and lecturer.

In January the halls of the chapel building will re-echo the Indian music as furnished by Thurlow Lieurance and Company. Mr. Lieurance is the composer of

(Continued on page four)

Student Enrollment Amounts To 662 Up To Friday Morning; Freshmen Class Largest

Every day for the past week has seen the registration of new students. Athough the enrollment of this year has surpassed that of any previous year, more students are expected to register.

The enrollment up until this morning was 662. Of this number 306 were enrolled as freshmen, which number surpasses by far that of any freshman class heretofore.

Approximately 40 new students of upper classes have enrolled. Most of them have came to Maryville from junior colleges.

The enrollment of students is divided as follows:

Senior Class	55
Junior Class	107
Sophomore Class	161
Freshman Class	306
Unclassified	11
Special Students	22
Total No. of Students	662

LAST WEEK OF TRAINING FOR OPENING GAME

Practice Now in Earnest For Opening Game With Kentucky.

"GOBO" AND "HAM" BACK

A Few Minor Injuries Have Been Experienecd By a Few Squad Members.

(By Robert Armstrong)

With the opening game of the season only one week off, the wearers of the Orange and Garnet, will start to srimmaging in a few days.

A few days ago Coaches Honaker and Thrower divided the squad, the former taking the backfield and the later the line.

Coach Thrower attended school at Illinois this summer. He has returned to Maryville with the determination to develop a line that will hold U. T. and Kentucky State. In developing such a line Coach Thrower is using the new batch of ideas gathered from Coaches Zuppke of the University of Illinois and Dobie of Cornell University.

The principal events on the daily program on the football field last week were numerous exercises, blocking and tackling the dummy, and in general getting the men in foot ball condition by various means.

Saturday afternoon Coach Honaker lined the back-field men off and started them running signals. Billie Crawford looked good at quarter-back. Thrower also seemed to have a few earnest workers in his line. He gave an interesting talk on how to tackle and block.

It has been awfully hard for most of the new fellows to stay out there and work in the blinding dust and blazing sun for the past week. Some couldn't make it and slipped in to the showers. But those who are sticking every day are showing a true Maryville spirit. But an inch of much needed rain came Friday and Saturday and settled the dust. This will improve the field wonderfully as it will start the grass to grow and soften the field. However, Coach didn't seem to want the grass growing under his feet long, so when the rain started he called the squad in the gym for a much needed lecture.

Thursday night also the call was issued for every member of the squad to report for lecture. From now on every Thursday night has been set aside for lecture night, and it is very important that every man report for these lectures. They are just as important as the daily practices on the field.

During the course of an interesting lecture last week, Coach artistically diagramed a few of the simple plays on the blackboard. He later displayed his ability as a trainer when he showed some of the new men how to use an ankle wrap so as to support the ankle and at the same time display slightly above the shoe top.

Not much as yet can be said of the individual men but, taking the squad as a whole, it looks as if many victories were in store for Maryville this year. Every man on the squad, sixty in all, are working hard trying to learn as much football as possible and at the same time get the body in good foot ball condition.

Two old letter-men have just returned and are going good. Cartwright came in from Akron Saturday wearing a northern smile and

ORGANIZATION EDITORS

There are on the Hill at the present time a great many organizations. These organizations range in size from the small-sized state clubs to the well populated literary societies.

It seems to be a favorite practice of all of these organizations at the time of their election of officers to elect an editor. In the filling of this office very little thought seems to be given as to its importance.

This is found to be more the case in the literary societies than in any other organization. Each society elects a different editor every two or three months. These same societies have seen the inadvisability of electing a treasurer at each election, but they have never considered the election of only one editor a year.

About the time an editor has become efficient in his work, along comes another election and a new editor takes office. Thus the experience of the old editor is lost and both the society and the paper loses by the change.

The Echo has a section devoted entirely to the interests of the societies. If the articles written by the editors of the societies are put together in a hap-hazard manner the value of this section deteriorates.

The proper plan for the societies would be to elect an editor for the entire year. This editor would occupy a permanent position on the staff along with the other departmental editors. This change probably could not take place immediately, but the societies should consider the advantage of electing one editor for the entire year.

CAMPUS BEAUTIFUL

If a casual observer should look over the campus of Maryville College from some high point he would at once be struck by its great possibilities as a beauty spot. The magnificant trees are well arranged and highly ornamental. The buildings are pleasingly constructed and conveniently arranged. The gently sloping hill and the background of woodland could hardly have been better arranged by a landscape gardener. The only thing that seems to mar the beauty of the scene is the great number of paths that run hither and thither like so many tangled ribbons.

This year the paths seem to be more numerous than ever before. No doubt the students are putting into practice that old axiom: ''A straight line is the shortest distance between two points'' However, in this case it is put to a poor use.

Every year there is a ''Save our Sod'' campaign. Enthusiasm soars to great heights for awhile and the campus presents a neat and clean appearance. But when interest dies the students return to their old paths.

The past summer has been an unusually dry one for this community but now that we have been blessed with rain the grass has begun to take on a cheerful greenness, and if it should be allowed to grow, in a few weeks the campus would be beaufied materially. There are walks on the campus to take the student wherever he wishes to go and if they are used the necessity for cutting across the grass will be eliminated. So remember the eleventh commandment: ''Don't walk on the grass''.

AMALGAMATION

At the beginning of each school year there are a great many problems confronting the young folk of Maryville College. One need not go far or search deeply to discover the existence of problems that face students. They are apparent to the casual observer.

By no means least among the problems of students is that of assimilation. There is no little responsibility on the hands of both new and old students in this matter. The old students must concern themselves with assimilating the new students, while those who are here for the first time must put themselves in the attiude to be best assimilated by the student body, and it is highly desirable that both apply themselves in such a manner as to assure a sound and healthy organization. Out of the present chaos must come a smooth running, well-organized and properly functioning body, capable of taking care of our collective needs and keeping up Maryville's time-honored traditions.

Needless to say, the heavier of the burdens is the lot of the old students—those of our number who have themselves been assimilated by their predecessors and who having been initiated into Maryville's ways have become an important cog in the wheel. It is the plain duty of all such to assist the new students in every way possible, and this assistance should be gladly and cheerfully given. Freshman days perhaps seem far away now but a little reminiscence recalls them. Not one upper classman can deny that the start he made as a freshman and the aid and inspiration he received from others has had a vital and determining influence on his whole college career. The subtle influences that guided and decided for us in freshman days still persists and will be the determining factor in many lives. And so, remembering our own freshman days, let's each and all do our very best by the new students. Let's give them the glad hand of cordial welcome.

New students can simplify matters materially if they can forget that they have lately been high school seniors and remember that they are now college freshmen. Speaking figuratively they have come from the highest rung of the high school ladder to the lowest rung of the college ladder. And it is their duty to themselves and their fellow-students to govern themselves accordingly. Those of them who are wise need little prompting and those who are not will soon 'get wise'.

It is the earnest wish of every Maryvillian that the new and the old students unite and amalgamate and so produce a bigger, better Maryville. —R. C.

J'EVER
Notice the rank and
File as they come flocking
Out of chapel because they
Seem to always be in
A rush and with
About one out of every
Fifty keeping time.
Then again the mating of
Boys and girls seems
To be ill chosen
Because the tall
Boys always get the short
Girls and the short
Boys always get
The tall girls
About noticing this assortment

" The Convienant Corner "

Alpha Sigma

There are several tihngs a Literary Society stands for such as: Friendship, Training in Literary work, and Oration, Debate; yes, even Music and Athletics have a place on the program of a good literary society.

The Alpha Sigma Literary Society endeavors to make use of all its talents along the lines mentioned above, still more more, it emphasizes the training of inexperienced students. As a result, freshmen and newcomers always have ample opportunity to take part in the weekly programs which fact is a decided help to them in their classroom work.

The first meeting will be held Saturday, September 19, 1925 at 6:45 p.m. at the Alpha Sigma Hall third floor Anderson Hall. To this meeting all the new students as well as the old ones are cordially invited. A short but good program will be presented, afterwhich a reception will be held, during which all the new students will have ample opportunity to get acquainted with the members of the Alpha Sigma. Of course, refreshments wil be served in true Alpha Sigma style.

Program

Invocation - - Ernest Frei
Alma Mater - - The Society
Welcome Address - Dewey Eitner
Music - - - Alpha Sigma Quartet
Reading - - - Gordon Jeffries
Alpha Sigma Advance - - -
Maynard Layman

—Alpha Sigma Editor

Athenian

Fellows, here's something you don't want to miss.

The Athenian Literary Society opens its year's work with an open air meeting in the college woods. A special invitation is extended to all, especially to the new men. Athenian welcomes all new men, and hopes that you will be interested in our society, for we are interested in you. A good program is arranged which is as follows:

Reading - - - Paul Meikle
Monkey Debate: Resolved that man sprung from monkey; Affirmative, Dexter Graybeal; Negative, Robert Carr.
Athenian and Life - Joe Gamble
Athenian - - ''Shorty'' Cragan
Selection - - Athenian Orchestra
President's Address - L. E. Milling

Following this short and snappy program, when the monkey question has been decided we will all wage ''monkey warfare'' on the eats that will be in store for us.

Everybody out—a good time—good eats—bring a friend. Let's go!

Bainonian

New girls! Do you know who your Bainonian Peanut Shell is? Perhaps she is keeping you guessing. But every Bainonian wants to be a Bainonian Peanut Shell for every new girl. Our every thought is for you. We want you to make Bainonian your college home. You are welcomed to our hall on the second floor, Pearsons. It is at your disposal most of the time.

Bainonian's purpose is to make every new girl happy and successful in her college life. We are here to serve you and we want you to feel free to ask any Bainonian to help you in any thing. Bainonian's pass word is, Service.

Bainonian and Theta have a joint meeting Saturday night. A good program has been planned and not a single new girl will want to miss it. Every new girl out!

—Bainonian Editor.

Y. W. C. A. MEETING

The Y. W. C. A. will meet on the second floor of Thaw Hall Sunday at 4:45 p. m. The subject will be ''Wide Open Windows''. Are you content with old friends, old thoughts and old ideals, or are your windows wide open for the valuable experiences of college life?

There will be special music and reading, too.

New girls are especially invited to become a part of Y. W. Old girls come out and show your loyalty.

Among the Knoxville visitors on the hill this week were Mrs. Chas. H. Blake, Mrs. J. T. Stephens, and Mrs. W. F. Edington, who were guests of their daughters, Ruth Blake, Frances Stephens, and Vivian Edington. Mrs. Blake and Mrs. Stephens attended the Nu Gamma Sigma hike and supper in the college woods on Monday.

Mary Anderson, a member of the Freshmen class, has returned to her home in Divernon, Illinois, because of a nervous breakdown. She plans to return to Maryville for the second semester, if her health will permit her to do so.

Due to the serious injury of her knee, Beulah West has been unable to continue her studies, and has returned to her home in Kenton, Tennessee.

ball. 4th. Interference by side making forward pass. 5th. Intentionally throwing pass to ground. 6th. Roughing the kicker. 7th. Unsportsmanlike conduct, abusive language. 8th. Side line coaching.

Loss of a "down":—1st. Interference by side making pass; 2nd. Illegal or incomplete pass. 3rd. Forward pass going out of bounds.

Loss of ball:—1st. Illegal use of hands when neither side is in possession of ball. 2nd. Ball kicked out of bounds. 3rd. Interference by defensive team in case of forward pass. 4th. Incomplete pass on fourth down. 5th. Off-side player touching ball. 6th. Forward pass touched by illegal player of possessor's side. 7th. Failure to gain ten yards in four downs.

MEN'S GLEE CLUB IS BEING REORGANIZED

(Continued from page one)

there is the annual home concert which all Maryville looks forward to each year and for which the club is especially noted. To take part in any one of these concerts is indeed an honor to any man.

The members of last year's club who are back are: Raymond Anderson, President; and Walter Matthews, first tenors; Dewey Eitner, Robert Bishop, James Brown, and J. Leslie Bell, second tenors; Clinton Puff and Chas F. Webb, first basses; Albert Cook, W. B. Jones and Edward Hamilton, Manager, second basses.

With these as a nucleus and the new men who look very promising, the directress and officers are quite sure that the Glee Club of this year will mean more to its personnel and to the College than any club has ever meant in the past.

The club can and will mean a great deal to old Maryville, so, come on new men and try out. Everyone has the same chance and if you make the club you will never be sorry of it.

ECHO CONTEST TO BE JUDGED BY JOURNALIST

(Continued from page one)

Tribune who will pick the winning story from those which are given to him.

Mr. Owens stated that if these stories contain good enough material, the best ones will be printed in the Journal and Tribune.

This is the first time in the history of the Echo that a contest of his kind has taken place. This contest offers an opportunity to some student who is a skillful writer, and who is interested in journalism, to obtain a place on the staff. Every student is urged to submit a story. The contest is primarily for the benefit of those students who are unknown as writers to the general student body.

CRITERION QUARTETTE TO BE FIRST LYCEUM

(Continued from page one)

"By the Waters of Minnetonka".

The last number, De Jen and Company, comes to Maryville in March. Their program will be an interesting one treating the modern indulgence in spiritualism, supernatural phenomena, etc.

Tickets for the Criterion Male Quartette performance on October 5th will be issued and will be on sale near the close of next week.

The lyceum course of Maryville College is one of the most educational of recreations offered at any time during the year. Every student should arrange his course so that each number can be attended.

LAST WEEK OF TRAINING FOR OPENING GAME

(Continued from page one)

looking in good condition. Ex-Captain Hamilton also has just gotten in from Tacoma, Washington where he has been working as a plummer. He seems to be in good condition. The foot ball field sure looked natural with Ham and Shorty McCall exchanging punts.

Shorty McCall has been unable to use his right arm for the past week on account of a boil. But true to the saying, "You can't keep a good man down" Shorty has reported for practice every day.

Pat Shores was unable to attend practice for a few days last week on account of the loss of a tooth which has given him a good deal of trouble. However, he is out now and wonders are expected of him soon.

McWhirter and Shimmie Brown are suffering from injured shoulders caused by tackling the dummy and falling on the ball.

All these men are improving fast and expect to be in good condition for the first game of the season with Kentucky State next Saturday.

VOL. XI. MARYVILLE, TENNESSEE, SEPT. 25, 1925 NO. 3

WELL KNOWN QUARTETTE TO BE AT CHAPEL

First Lyceum of Season Given On Monday, October 5th. At 8:00 p. m.

PERSONNEL OF QUARTET

Secured Through Piedmont Lyceum Bureau of Asheville.

On Monday evening, October 5, at 8:00 o'clock the Criterion Male Quartette of New York City will furnish the first lyceum entertainment of the season. The services of the quartette have been secured through the Piedmont Lyceum Bureau.

Maryville is fortunate in securing entertainers of such merit. The quartette which has for many years been considered standard all over the country is making its initial tour of the south. The press is full of commendation for these artists wherever they have appeared.

These musicians are famous not only for their personal appearances but also for the phonograph records they have made. They have sung for Victor, Edison, Emerson Brunswick and Gennett record-producing companies. Their records are very popular and in great demand.

The personnel includes Messrs. John Young, Frank Mellor, George Reardon and Frederick Thomas.

Mr. Young has had a number of appearances with the New York Oratorio Society. In each of these appearances, as in all others, he has been eminently successful. He has received the highest commendation from all his audiences. A St. Paul critic says of Mr. Young: ''His singing is very intelligent and his voice most musical.''

Mr. Mellor has the distinction of having been tenor soloist at the Old First Church on Fifth Avenue, New York where Mr. William C. Carl is organist. Mr. Mellor has a

SENIOR GATHERING IS WELL ATTENDED

Mrs. McIlvaine Plays Hostess To Large Number of Senior Class

On last Friday evening about forty seniors were entertained at the home of Mrs. McIlvaine on the Wilkinson Pike.

Quality, not quantity! Small but mighty! These are the terms one might easily apply to this year's senior class. If the pep shown there is a fair sample of what they'll have this coming year, great things may be expected. The peppiness exhibited may have been due to the large quantities of cider consumed by each and every senior.

Under its mellowing influence the seniors gamboled on the green with the joyous abandon of childhood. It was fun to see various and venerable Jacobs vainly pursue their elusive Rachels. And it was surprising to find how many seniors hesitated not to express an aversion to their neighbors.

Then when the campfires blazed forth, there was no mistaking the summons to eat. It was discovered that a recipe for a delectable sandwich reads: one bun, one hot dog well roasted on the end of a stick, a generous smearing of mustard and two pickles. Such sandwiches taste best when followed immediately by delicately browned marshmallows.

When every senior had tucked away more of these viands than any normal person could possibly consume, he lifted his voice in song and yell of good-night. When the court house clock sounded eleven over the town, its last chime was lost in the snores of sleeping seniors.

CLASS ELECTIONS

The sophomore class met Wednesday to elect two class officers.

Louis Reed, who was elected president last year, failed to return and Wilbur Franklin the vice president was elected president. George Crawford was elected vice-president of the class to fill the place vacated by Franklin.

On last Tuesday the junior class met and elected their council members. There were six places to be filled, evenly divided between the men and women. Those elected were of the girls: Christine Rockett, Anna Vanderslice and Elizabeth Keown; of the boys: Merle Marshall, John Crawford and Albert Cook.

First down! When the first scene flashes on and all grouches are ''off side'' in THE FRESHMAN.

STUDENT BODY RATIFIES THREE NEW ARTICLES

Representatives To Be Elected From Entire Class in The Future.

PRESIDENT PRO TEMPORE

All Council Members To Be Elected in The Fall of The Year.

At a meeting of the student body in the chapel Wednesday morning three amendments to the constitution of the Student Council were passed.

Up to this time the president of the student council has been elected from the junior members of the council in the spring of the school year prior to that in which he was to take office. Now, however, the amendment provides for the election of a president pro tempore. This allows the incoming freshman class a voice in the election of president.

The president of the Council will be chosen when all of the classes have elected their representatives.

Amendments

Substitute for Article IV, Section 1.

Representatives to the Council shall, in all classes, be elected from the entire class body, rather than from certain alphabetical groups.

Substitute for Article VI, Section 2.

Four weeks prior to the close of the academic year the Council shall elect a president pro tempore from the Junior class representatives to serve until the permanent president is elected for the following school year.

Substitute for Article VI, Section 3.

Immediately upon their election in the fall, the president pro tempore shall call the members of the new Council together for the purpose of electing the officers.

In THE FRESHMAN— Mirth! Joy! Gladness!— and something else, that sweeps you off your feet with nejoyment!

On Saturday, October 3rrd. Miss Clara Bowman ex-'27 will be married to Mr. John Carter of Knoxville. The marriage will take place at the Trinity Methodist Church of Knoxville and will be attended by many Maryville friends of Miss Bowman's.

Rushing, chuckling, smashing, dashing along the field of mirth— Harold Lloyd in THE FRESHMAN.

7:00 p. m.—Vesper serivces in the chapel
TUESDAY, THE 29TH
Meeting of the Freshman Class for election of officers

THE FRESHMAN a gridiron haven of hilarity.

THIS IS A NEW ONE

Harold Lloyd is not the only fresh freshman. He has his rivals on College Hill. Once during the first few days of registration, a long, angling, sleek haired, downy-faced freshman, wearing golf knickers and stockings with varicolored stripes running rings around them stalked jauntily into Carnegie Hall. He swaggered up to a man who was standing in the hallway, and thrust his traveling bag into his hands. ''Here's a dime. Take this to my room, porter'' he squealed. The supposed porter was the proctor.

ENTHUSIASM SHOWN AT SNAPPY MEETING

Much Enthusiasm Is Shown In Chapel Wednesday Evening.

Maryville pep soared to great heights Wednesday evening when the pep committee conducted the first meeting of the season. The best of the old yells and songs resounded through the chapel—as well as some new ones. Almost the entire school atended the meeting.

As soon as the crowd had collected at the chapel the pep committee took charge and directed the overflowing enthusiasm into certain definite channels.

Professor Howell, faculty representative on the pep committee was called to the platform by Head Cheerleader Cragan, immediately after ''Dear Old Maryville'' had been sung, Prof. Howell told of the pep that had existed in former years and of some great victories that had been won by pep. He then urged the necessity of an abundance of pep for the present season. His address was followed by enthusiastic applause.

Cragan then led some hearty cheers. The college songs were played by Miss Horton and led by Messrs. Cook and Anderson.

''Shimmie'' Brown came to the platform next and made a touching and impressive address.

In the course of the evening two new songs were introduced. One was set to the tune of a song used by Iowa State College. Miss Horton played the song several times and the crowd, not having the words, hummed the tune. The other new song was a pep couplet introduced by Cook.

Just before the close of the meeting Captain Joe Gamble was literally thrust onto the platform—and poured forth a stream of eloquent wisdom.

The meeting broke up amid great enthusiasm.

MINISTERIAL ASSOCIATION

A goodly number of members were present at the first meeting of the Ministerial Association on last Wednesday evening in Bartlett Hall.

A good program was given featured by a reading by Paul Meikle Arthur Sargis gave a sermon report.

A special speaker will address the Association next Wednesday. The meetings are held at 6:30 p. m. in Bartlett. All men who are interested are invited to attend.

What a team! What a theme! What a scream! Harold Lloyd in THE FRESHMAN.

HIGHLANDERS TO OPEN SEASON AT LEXINGTON

Team in Good Condition For The Opening Game Tomorrow

MARS HILL NEXT

Twenty Men Are To Be Taken On The First Trip Of Year.

With the third week of work behind them the Maryville Highlanders, in splendid physical condition, have started scrimmage in earnest. For the past week strenuous workcuts have been taking place with the men playing as if they were playing the game in earnest.

Five elevens have been rigged out and have been scrimmaging all week.

It was a wise move to obtain another coach this year. For it would have been impossible to give each man necessary attention with less than two tutors on the job continually.

Though Maryville has no trainer the squad is in good condition, and due to the fact that Coach Honaker looks them over every day, they are entering their first game with very few injuries.

It is impossible as yet to tell just what eleven men will start the game with Kentucky State tomorrow. Probably twenty men will make the trip—and it is likely that the entire twenty will see service in the battle.

Mars Hill comes next week with an excellent eleven, but one that should not cause the Orange and Garnet any undue concern. The week afterward, however, October 10th in Knoxville, the Highlanders must put forth every effort, for it will be no child's play to conquer the Orange and White on their own grounds.

Josh Proffitt, the big boy from North Carolina is certainly tearing holes in the line this year. He has been shifted from a guard position to that of tackle. If he goes as

(Continued on page four)

FEATURE CONTEST WILL SOON CLOSE

First Two Stories Entered Will Be Printed By Echo.

The ''feature story'' contest of the Highland Echo is drawing toward a close.

A little over a week remains in which the stories can be turned in.

The contest closes Monday, October 5th, at 7:00 p. m. No stories will be entered after this date. From all appearances a large number of stories will be entered.

In order to encourage the students to get in their stories early, the Echo will print the first two turned turned in, regardless of their quality.

This contest is open to all, and every student is urged to submit a story. The story that will be given the greatest consideration will be the one that will interest the students.

It's ''ten to go'' you'll laugh you head off at Harold Lloyd in THE FRESHMAN.

Miss Evelyn E. Norton of New York City arrived on the Hill last Saturday. Miss Norton is in charge of the girls' physical training classes.

IS IT POSSIBLE?

Maryville College is gradually coming into its own in every branch of school life. We are an accredited school. Our athletics are of the highest rank, and we are hard to beat in forensics. There is however, one important branch of the student activities that has been neglected for some time. That is the college paper.

In the past few years the college has doubled in size, the preparatory department has been dispensed with and in every way the college has been progressing. With the advent of new conditions, new systems in regard to student activities must be introduced. The college paper is one of these.

At the present time the entire student body elects an editor and he is responsible for the putting out of the college paper. If he puts out a good paper, that is so much to his credit. But on the other hand if he puts out a poor paper the school as a whole loses by the process. The editor chooses his staff and if he gets a good working crowd he is lucky—but if he gets a bunch that merely want their names in the paper, everybody loses. In order that the paper may grow year by year and each succeeding staff to profit by the experiences of the previous staff, a permanent organization should be established.

There are many students in Maryville who propose to take up Journalism as their vocations. These students would be greatly benefitted if they could have practical work while they are taking their preparatory course. As the organization now stands there are no facilities for caring for these students except insofaras these persons are known to the editor.

The Echo should have a permanent staff which would continue from year to year except as vacancies occur because of graduation or other reasons. Students who desire to become members of the staff should be allowed to commence when they are freshmen. They could be given light assignments of work and as they progress they would be promoted. This would give every student who so desired a chance to try practical newspaper work. The editor would be chosen from the members of the staff, by the staff or by a committee.

TO FRESHMEN

Just now when the class of 1929 is just beginning the first of its four years of college work is the time for definite organization. It is imperative that the class organize and it is to be hoped that it will do so in such a manner as to insure to itself a firm guiding hand and a well organized whole. All upper classmen know how important it is that a class organize smoothly and efficiently.

In choosing a president there are several things that freshmen should keep in mind. They should choose one who they feel sure has the interests of the class at heart and who is willing to work, for a class presidency is by no means an easy or an irresponsible job. Moreover, the class should elect a president who can be relied upon to do the work entrusted to him. Another qualification that a class president should have is will power. One who is to guide his classmates through the troublulous first year of college life must be one who has the power to say "no". He must not be one who will allow himself to be led by others and cajoled into doing things. These are only a few of the characteristics that a successful class president must have.

And it is to their own advantage that the freshmen organize early. They cannot take their proper place in the student body until they do become organized.

Realizing the disadvantage that new freshmen are put to by their lack of acquaintances, a committee has nominated certain members for the several offices. This does not mean, however, that the class officers must be chosen from those nominated. On the contrary, any number of nominations may be made from the floor on the day of the election. These names are offered merely as suggestions and will exclude none. Everyone is to have an equal chance. Anyone may be nominated from the floor for any office in the list.

Every freshman should be present at the election for it pertains as much to one as to another.

—R. C.

THIS WEEK IN ECHO TWO YEARS AGO

Coach Hanoker predicts big year in foot-ball with opening game of season with Mars Hill one week off.

A pep meeting was announced for the following Friday.

Dr. Wilson addresses the Y. M. C. A. on Sunday on the subject 'Upward Calls''.

Miss Catherine Wilkinson is transferred from the preparatory department of the school to teach in the college. Miss Wilkinson will have charge of the French Classes.

Miss Elizabeth Bassel, after taking a special course at the University of Cincinnati during the past summer, will assist Miss Hale in teaching the piano classes.

Miss Carmen Park of the Class of '19 returns to the college to teach psychology.

Miss Almira Jewell was transferred from the preparatory department of the college to take charge of the History Classes of the school.

Miss Caroline Crawford comes to Maryville to head the Voice Department. Miss Crawford comes to us from Sweet Briar College, Virginia, where she has been the head of the vocal department of that school.

Dr. Wilson tells of his experiences as a student at Maryville 50 years ago.

Class football games are being arranged for by the Y. M. C. A.

The rule of THE FRESHMAN forbids anybody keeping a straight face.

Put this under your pillow and sleep on it—Harold Lloyd in THE FRESHMAN is at his funniest.

Miss Mary Nuchols who spent last year in Carson-Newman College has returned to Maryville to graduate with the Class of '26.

Ruth Phillips, who is attending the University of Tennessee this year, was the guest of her friends on the Hill Saturday and Sunday.

PERSONALS

Lucian Hamilton ex-'27, has been visiting in Maryville for some days. Mr. Hamilton will enter the University of Tennessee Medical School next week.

Hugh C. Clabough '24 is teaching at Louisville, Tenn. He is a frequent visitor on the Hill.

Miss Lillian Dorough has returned to school after spending a year at home. Miss Dorough was employed as a teacher in the schools of her home town.

Miss Virginia Sting of Columbus, Ohio was forced to give up her plans for re-entering Maryville by the serious illness of her mother. Miss Sting hopes to be able to return to Maryville at the beginning of the second semester.

The many friends of Jeannette Prickett will be glad to know that she has returned to Maryville for this year. Jeannette was secretary of the freshman class last year.

Miss Laura Belle Hale, head of the Music Department has arrived in Maryville and begun her work. Miss Hale was detained by the illness of her sister Mrs. Sting.

Miss Dorothy Roney of the class of last year is taking a six month's course of training in telephone work in New Jersey. After she completes her course Miss Roney will do social work among telephone employees.

Miss Helen Sweeton '25, is doing social work in New Jersey.

Miss Emma Carson who was unable to return to school because of ill-health will spend the winter in Knoxville.

Miss Mary Whittle '25 is taking a course in a Y. W. C. A. training school in New York.

Alice Nicol of the freshman class, has been ill for the past week, and has been in the hospital since last Friday. Her condition is improved and it is hoped that she will be able to return to classes this week.

LITERARY SOCIETY

Alpha Sigma

The Alpha Sigma Literary Society held its first meeting last Saturday night. Immediately after an interesting program a reception was held by the society, in order to allow the new men to become acquainted.

The program for the next meeting on Saturday, September 26, 1925 will be of equal if not superior quality. The main attraction will no doubt be the debate regarding the abolishment of the study of foreign languages at M. C. Each student in Maryville College has to have a certain number of hours of foreign languages in order to graduate. Some of the students are ''language-sharks'' and do not mind such requirements in the least, while others keep as far away as possible from foreign languages.

Four members of the Society will debate the reasons for and against foreign languages. Two of the contestants debated against U. T. last year, and their experience will help to make the battle all the more interesting.

The following is the program in detail:

Invocation—Mr. Puff
Alma Mater—Society
Reading—Mr. Hammond
Debate: Resolved, that the required study of foreign languages for college graduation be abolished.
Affirmative: Mr. Lockhardt, Mr. Jones; Negative: Mr. Wood, Mr. Rogers.
Vocal Solo—Mr. Crowder
Alpha Sigma Advance

The society cordially invites all new men to attend. Each man is invited to join and receive the benefit of training that will aid him in whatever he does either in school or without.

Theta Epsilon

Forget your troubles and let's be gay,
We'll study our lessons another day.
Let's go back to childhood, to fairyland
So come to Theta's open program
And you'll think life is grand.
We invite you to our program
On second floor of Thaw Hall,
And after the program—
Well that won't be all.
Everybody out for a good time
September 26—7:30

—*Theta Editor*

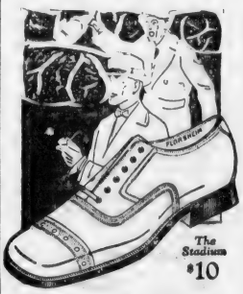
WELL KNOWN QUARTETTE TO BE AT CHAPEL

(Continued from page one)

strong and melodious voice which is described as being of ''Operatic Timbre most pleasing in quality and personally most ingratiating''.

Mr. Reardon has seen several seasons' service with the Musical Art Society, with which company he acted as premier soloist. One of the best known of his performances in Bach's ''Christmas Oratorio''. Mr. Reardon's enunciation is excellent and he sings with a quiet power that is unusual.

Mr. Thomas, bass soloist, has had ten years' experience in various of the most famous musical organizations of the country. The quality of his voice is said to be nothing short of remarkable.



A varied and consistently entertaining program will be presented. All lovers of good music will be pleased with these singers and their program. Many favorite selections will be given.

The Piedmont Lyceum Bureau and the Maryville College Lyceum Committee take pride in presenting these distinguished artists.

Misses Emma Snediker and Rebecca Sewell are among those who have returned to Maryville after a year's absence spent in teaching.

Harold Lloyd in THE FRESHMAN will wake up a wooden Indian.

HIGHLANDERS TO OPEN SEASON AT LEXINGTON

(Continued from page one)

well in a game as he is in practice, it is a certainity the injured list of the opposing team will mount. Ex-Captain Hamilton will appear at the other tackle. This will make the third year for Ham at the tackle position.

Though Cartwright has been shifted to guard some the past week it is likely he will hold his old position as end again this year. Pat Shores will appear at the other end—and it seems as if these two fellows already have the positions cinched.

Four quarters are showing well, McCall, Crawford (Billie), Davis and Givens. However, it is likely that Shorty McCall, last year's quarter will call isgnals again this year.

Capt. Gamble and Doc. McCulloch have been working as full-backs, while J. Crawford, Bird, Clemens, Corky Crawford look good as half-backs.

It is still entirely too early to draw any definite conclusions about the team. The power and strength appear to be there. The coaches are putting forth every effort to teach the men and they seem to be working hard but much remains to be done.

The simplest plays have been mastered and a few complex and fake plays have been used to some extent. Ham and Shorty are improving in the way they boot the ball.

Saturday afternoon on the field in Lexington will tell what has been accomplished toward developing a foot ball team.

Maryville's team this year is lighter than has been for a number of years. The line averages about 175 while the back-field only pulls around 155. These light men have the pep and snap which would not likely be found in a heavier team. And as Coach says, "a willing worker with plenty of pep and snap who gets pleasure out of tackling makes the foot ball player".

All the last year's lettermen with an additional crew of the new men will probably make the trip to the blue-grass region. The lettermen are:

Hamilton
McCall
Shores
Proffitt
Holland
Brown, (Red)
Capt. Gamble
Stone
Cartwright
Crawford (John)

The new men are:

Clemens
Byrd
Puff
Harvey
McCulloch
Sneed
Davis
Geisland
Brown, J.
Gamble, F.

HANNAH'S

LEADERS IN MEN'S WEAR

LYCEUM PROGRAM MONDAY

The Highland Echo

LET'S BEAT MARS HILL SATURDAY

VOL. XI. MARYVILLE, TENNESSEE, OCTOBER 2, 1925 NO. 4

ATHLETIC PROGRAM AS ANNOUNCED BY "YM" COMMITTEE

Elimination Sets For Tennis Tournament Begin Next Monday.

CLASS FOOTBALL NEXT

Cross-Country Meet to Take Place on Next Thanksgiving.

The first event on this program will be a tennis tournament open to all boys of Maryville College. It will be held next Monday, October fifth and all who expect to take part should hand in their names immediately to either Lamar Milling or Walter W. Buchanan.

There are quite a number of new players on the Hill, and this tournament should prove to be one of the most interesting ever arranged by the Y. M. C. A. Very likely, the winners will stand good chances for the varsity tennis team.

Foot Ball

Another item of interest will be inter-class football games. Those that were here last year will remember the battles that were tought by the four classes out on the foot ball field. The frays were marked by good plays and plenty of action. The student body showed its spirit in a most excellent way, each class cheering its respective team to the end of the game. The Y. M. C. A. hopes to repeat these interclass football games this year, and is now making arrangements for rules.

As last year the men playing on the regular squad will not be eligible to play. However, the rules have not yet been definitely fixed by the committee, consisting of Lamar Milling and John Crawford. Class Presidents, watch for further announcements, and select your team now. The earlier your team gets together, the better are the chances for your class to win.

Track

Two years ago, the Y. M. C. A. fostered a three mile cross-country run, which ended between halves at a football game. Plans are under way now to repeat this event on next Thanksgiving day, when Maryville plays Concord State on her home field. The run will wind up on the football field between halves, after which prizes will be awarded. Students thinking of entering this event should begin to train now. Rules regarding the run and more details will be given out later by the chairman of the Athletic Committee of the Y. M. C. A.

Fellows, here is your chance to break into the lime-light. Tennis players, football players and track men, should come out and make a name for themselves and your class.

FOOTBALL GAMES TOMORROW

- Maryville vs. Mars Hill, at Maryville
- Emory-Henry vs. Tennessee at Knoxville
- Alabama vs. Birmingham-Sou. at Tuscaloosa
- Georgia vs. Virginia at Athens
- Roanoke vs. Randolph-Macon at Salem
- Clemson vs. Auburn at Clemson
- L. M. U. vs. Cumberland at Harrogate
- Sewanee vs. Middle Tenn. at Sewanee
- V. M. I. vs Georgia Tech. at Atlanta
- Kentucky vs. Chicago at Chicago
- Illinois vs. Nebraska at Urbana
- Hiwassee vs. Tusculum at Tusculum
- W. and L. vs. Furman at Lexington
- Tulane vs. Missouri Univ. at New Orleans
- Vanderbilt vs. Henderson-Brown at Nashville
- Florida vs. Mercer at Jacksonville.

COLLEGE BAND TO REORGANIZE SOON

To Be Ready To Give Good Service At The Maryville-Tennessee Game.

NEW MEN NEEDED

Drake Calls a Meeting of Band Next Tuesday Evening at 6:30 P. M.

All members of last year's band and all new students who play wind instruments of any kind are requested to meet in Dr. Gillingham's classroom on the first floor of Anderson Hall at 6:30 p. m. next Tuesday. The meeting is for the purpose of reorganizing the band and trying out prospective members.

Clifford Drake, president-elect of the band expresses high hopes for this year's band. Although the band is at present without a director it is hoped that one will be procured shortly.

Members of last year's band who have returned are Frank Drinnen, Ray Nichols, and Jesse Pierce, cornetists; Clifford Drake and Joe Rhea, trombones; Cleland Calfee, saxaphone; Charles Hale, tubla; Troy Berrong, Lamar Milling and Max McCulloch, baritones.

A cordial invitation is extended to all new men who want to try out.

UNUSUAL MUSICALE TO BE PRESENTED BY VOICE CLASSES

"In Old Louisiana" To Be Given By The Voice Department.

FIRST AMATEUR OPERA

Miss Staater To Direct The Production of This Play.

Plans have been made and practice will start soon for the presenting of the first opera in the history of Maryville College by the students.

The expression and piano departments have presented plays and given recitals for many years, so the voice department in order to not be outdone has decided to present an Opera. The Glee Club and the Y. M. C. A. are to handle the business end of the program, so everything is in readiness for what promises to be one of the most entertaining features of the year.

The opera is taken from an old southern romance. The title of the play is "In Old Louisiana" written by May Hawes Dodge and John Wilson Dodge. These authors have also written "Miss Cherry-blossom", "The Gypsy Lover", "College Days" and other delightful comic operas.

"In Old Louisiana" perhaps the best of their many productions deals with an old time romance in the most southern of southern states, namely Louisiana. The plot is simple but full of action and variety. It deals somewhat of life on the Mississippi river. In the story are found all of the characters of the old time southern plantation life, including both the villain and heroine. The climax is reached with a beautiful tenor song of love entitled "Rose Wonderful Rose". Everyone knows the rest.

The quaint harmony of the choruses gives a background to the play that only a true southerner can really enjoy. The two main solos, "Rose Wonderful Rose" and "Love Brings a Song" are late song hits of a high standard. "Old Ned" and "Judy", two negro characters of the opera, bring out the old southern plantation negro life of fun and frolic, both in their songs and acting. The whole opera is full of entertainment and

(Continued on page three)

PHYSICAL CULTURE PROGRAM AT "YM"

Coach Honaker Is To Deliver Address To Y. M. C. A. Sunday.

Robert Bishop, the chairman of the Sunday meeting committee of the Y. M. C. A. has made arrangements for a most interesting meeting. Coach Honaker has agreed to talk to the students next Sunday afternoon at one o'clock on the subject: "The Value of Physical Efficiency".

Everybody who knows Coach Honaker knows also that he is indeed qualified to address the student body on physical efficiency, and those that have not yet had an opportunity to meet het coach have only to look at Maryville's football team to convince themselves that an hour of unusual interest is in store for them.

The meeting will begin promptly at one o'clock, and all the boys are cordially invited to come to Bartlett Hall and hear Maryville's coach. This address will be beneficial as well as interesting.

HIGHLANDERS SCORE FIRST AND HOLD U. OF KENTUCKY TO CLOSE SCORE IN DESPERATE STRUGGLE

Hamilton Most Conspicious Star of Game; Holland Blocks Punt Which Red Brown Recovers and Runs For Touchdown; Crawford Makes 50 Yard Run.

By scoring a touchdown in the last few minutes of play, the Kentucky State Wildcats defeated the wearers of the Orange and Garnet by a narrow margin, the score being 13-6.

Jimmie Holland blocked a Kentucky punt early in the first quarter which "Red" Brown recovered and by racing 30 yards to the Kentucky goal made Maryville's only touchdown of the game. There were no outstanding stars, for every man on the team played a stellar game.

Stone was unable to enter the game because of an injury received while on the train. Jimmie Holland however, filled his place admirably.

"Chick" Puff and "Red" Brown formed a stone wall at guard. Ex-Captain Hamilton and Josh Proffitt at tackle opened wagon roads through which our backfield ran for long gains. "Pat" Shores and "Gobo" Cartwright were the fleet ends who were sure death in running down under punts, as one Kentucky paper described them. McCall and Hamilton by a superior brand of punting kept the ball in Kentucky's territory a good portion of the time. Crawford and Clemens were a pair of backs that caused the Kentucky fans to take notice because of their brilliant end runs and shifty open field running.

Of the new men, Davis showed up especially well at quarter. Fred Gamble, Byrd and Harvey played a game on which they are to be complimented.

Play quarter by quarter follows:

FIRST PERIOD

Captain Gamble kicked off to Tracy on Kentucky's 10-yard line. Tracy returned the ball twenty yards to the 30-yard line. Tracy got three yards off left tackle. Smith punted thirty-five yards to McCall, who was downed by Phipps on Maryville's 42-yard line. Gamble got two at guard. McCall kicked forty-two yards out of bounds on Kentucky's 12-yard line. Smith punted to McCall on the 50-yard line. Two line plays failed to gain. Crawford got three yards at center. The Wildcats got the ball on their own 33 yard line when Hamilton failed at a field goal.

Smith's attempted punt was blocked and Brown picked the ball up on the 30-yard line, running for a touchdown. The try for extra

(Continued on page three)

Y. W. C. A. MEETING

The Y. W. C. A. for Sunday afternoon will be divided into seven discussion groups. The subjects will be "Value of Personality". Every girl is asked to watch the Y. W. posters, so that she will know which group to join.

All girls, old, and new, are invited to 'Y' that they might tell ohers just what they consider the Value of Personality.

MISS BUTCHER WILL DIRECT ORCHESTRA

Orchestra Meets on Next Friday In Chapel At 6:00 P. M.

SIX MEMBERS BACK

Prospects Are Bright For A Good Orchestra Again This Year.

The college orchestra is called to meet in the chapel next Friday afternoon at 3 o'clock for organization.

Last year the orchestra contained twelve members of whom only three graduated. The prospects are very bright for an exceptionally good orchestra this year. In the person of Miss Butcher the orchestra has a capable and efficient directress.

The orchestra furnishes the music for the mid-winter plays of the literary societies. In addition to this last year the orchestra gave a concert at Knoxville. All new students playing flutes, clarinets, violins, cornets or trombones are urged to try out for the orchestra.

The sudents who belonged to the orchestra last year that have returned are: Catherine Rule, Edith Taylor, Julian Johnson, Reba Millsaps, Eva Gowan and Clifford Drake.

Only Three More Days Remain In Which Students Can Enter Contest For Editor

Only three more days remain in which students can get in their stories for the Echo contest for "Feature Editor". So students get busy and let's see what you can do.

In a school the size of Maryville there ought to be some fine stories that will be interesting reading for the whole student body. There are no set rules in regard to what the subject matter must be. All that is necessary is to make the story interesting.

Freshmen, this is one thing in which you can participate and have an equal chance with the upper classmen. You have three days in which to prepare a story, if you have not already done so. The winner of this contest will have complete charge of the "Feature" department of the Echo.

The rules of the contest have been printed, but they will be repeated herewith.

1. All manuscripts must be written on one side of paper only.

2. All papers must be written with typewritter or pen.

3. All manuscripts must be in the Echo box in Anderson hall by 7:00 p. m. Monday, Oct. 5.

4. The stories should contain less than 700 words.

Pi Kappa Delta Has Arranged Good Schedule For Both Freshmen And Varsity

With many of last year's debaters back and a large number of new students, Maryville ought to have one of the best years in forensic history.

At a recent meeting of the Pi Kappa Delta council the following schedule was tentatively arranged. A dual debate for the girls varsity team, a debate for freshmen girls, and one for freshmen boys with the University of Tennessee. A dual debate for girls varsity team with Tusculum College. Two dual debates and one triangular debate for men's varsity teams have been arranged for with Berea and Birmingham-Southern Colleges.

There are quite a number of vacancies to be filled. All new students who have ability along forensic lines are urged to enter the preliminaries. The try-outs are scheduled to be held the last Monday in November for girls and the first Monday in December for boys.

Speakers will be chosen from the student body to represent Maryville at the East Tennessee Oratorical Contest and also at the Tennessee State Contest.

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College

Subscription - $1.25 per annum

OUR VICTORIOUS TEAM

Last week our football team journeyed to Lexington, Kentucky and won a great victory. We are well aware of the fact that the Kentucky Wildcats scored seven points more than our team did. Yet we say—and without any fear of contradiction—that we won a great victory. Circumstances alter all situations and we feel that under the existing circumstances the moral victory that our men gained by holding the University of Kentucky to a 13-6 score is worth more to us than many numerical victories.

Kentucky expected to meet a weak team, over which an overwhelming victory could easily be won. Instead they encountered a strong, vigorous and well-organized team which forced them to use every ounce of their strength to win by a very narrow margin. As one of the Kentucky papers put it: "Out of the hills of Tennessee came a maroon-colored cyclone that totally destroyed the equilibrium of the blue-grass region". All Kentucky realizes that it was only a supreme effort on the part of the coach and the Wildcat team that kept Maryville College from winning a 6-0 victory.

Hearts stood still in Maryville as messages were flashed to us from Stoll field. The heart of every true Maryvillian was with our men on the field. The heart of Maryville was with Jim Holland when he blocked Kentucky's punt, and it was with Red Brown when he recovered the ball and ran for a touchdown.

When we saw our team lauded to the skies in the press, we realized as never before the wisdom of the college authorities in having two coaches. We only regret that Coach Thrower was not there to see his line in real action, and "get a line on the men".

And as we threw consternation into Kentucky, so will we do with Tennessee—and much more. We can have our whole squad along—*and if it necessary we can make 21 substitutions.* If every Maryville man and woman will go to Knoxville and work as hard as the team works we'll beat Tennessee. We can do it and we must do it. If there is a man or a woman on college hill who is not determined to do all in his power to help beat U. T., that man or woman is not a true Maryvillian. But that man or woman does not exist. Let's all plan to go to Knoxville and fight not through the first or the second quarter—*but until the last crack of the gun.* —R.C.

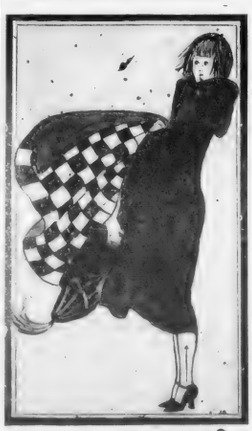
After spending the night in a drizzling rain, Miami College freshmen, Oxford, Ohio rebelled. Sophomores had locked them out of their dormitories.

As soon as stores were opened the freshmen collected over-ripe eggs and tomatoes. The sophomores retired.

See the Italian love tragedy at Bainonian.

OPEN HOUSE

Maryville has a large number of facilities for aiding the students for which we are thankful and of which we, as Maryvillians, are justly proud. By no means least among these facilities is the splendid and well-equipped Lamar Memorial Library. A large assortment of books of inestimable value are at the disposal of all students. The tireless services of the librarians is courteously and cheerfully given. And the library quarters would be a credit to any school.



Yes, Maryville has a splendid library. The only drawback in the system is the fact that it is not always accessible. By this we mean that it is open on alternate evenings for girls and boys. This makes it very inconvenient for the students—especially for those students who are taking English courses. Anyone who is taking, or has ever taken, any considerable amount of his work in the English department knows that library work is indispensable to the pursuance of these courses. No one who has any degree of interest in his work can get along without considerable work in the library.

And it naturally follows that as often as not occasions demanding library work present themselves to girls on "boys' night" at the library" and vice versa. This is very inconvenient—not to say annoying. But it is possible for students who carry only one English course to get along reasonably well under the present system. Where the rub comes is that many students are carrying three or four and in rare cases five English courses. *It is quite plain that these men and women really need the use of the library every night.*

We are not overlooking the fact that there are men and women carrying heavy courses in other branches of the curriculum who also need the library every night. We use the English students as an example because it seems likely that they are the ones who need the library most often and most consistently.

Now, it is our honest opinion that those students who want the use of the library four nights out of the week—*and who would use it four nights out of the week*—are men and women who have a definite purpose in view. We believe that they come to the library to study—not to make social visits. They would come to the library nightly, and thus be able to do a great deal of beneficial reading which under the present system must be left undone.

So in behalf of these students we beg that the library be accessible to both men and women every night. No extra expense would be entailed for the librarians must be there every night at all events. Many of the students express a perfect willingness to have the sexes kept on different sides of the house. So, segregate us if you must, but please open the doors to all of us. —R.C.

CREDIT ASSOCIATION MAY AID STUDENTS

On another page in this issue you will find an advertisement of the Retail Credit Men's Association of Blount County.

This organization offers to render a service which will be of mutual benefit to both students and local business men. On file in the office of this Association are thousands of cards showing the credit standing of residents of this community. This information is available to member firms. If you have a card in the files showing a good record or recommendation, you need not hesitate to ask credit of member firms.

Since one cannot expect to get credit unless the business man has some satisfactory information or recommendation, it would be wise to establish a card in the office.

Just call in person or write to the Association, giving home address of two or three firms or individuals who are well enough acquainted with you to make a statement as to character and credit standing in your community.

The Association will write to those referred to, file the information received, and the service will cost you nothing.

SENIOR CLASS ELECTS NEW REPRESENTATIVES

At an election of the senior class the following were elected council members. Ruth Ellis, Ruby Harrison, Esther Grimes, Harriet Green, Salmon Brown, James Brown, Joe Gamble and Clinton Puff.

MINISTERIAL ASSOCIATION

At the regular meeting of the Ministerial Association on Wednesday evening a varied program was given. The program consisted of a vocal solo by Raymond Anderson, a violin solo by Conrad and a short talk by Frank Sutton.

An invitation is extended to all new men to take part in the programs and thus obtain practice for life work.

LITERARY SOCIETIES

Bainonian

The management of Bainonian Theatre anounces opening night Saturday, Oct. 3, 8:00 p. m. as Ladies' Night. To lovers of music and drama is promised an evening of pure delight; to all unmeasured enjoyment.

Every effort has been directed toward making the program the outstanding feature of the season. No expense has been spared to achieve a setting of surpasing beauty.

For the opening night at "Bainonian Theatre" the play "Mansions" has been secured. This is an Italian love tragedy.

The whole of the feminine society are invited to be present at what promises to be the best society program in years.

—Bainonian Editor

Athenian

The Athenian Literary Society held a very interesting meeting last Saturday evening.

An interesting program has been arranged for this week as follows:

Invocation
Alma Mater - - - Society
The Florida Bubble - "Red" Brown
Piano Solo - - - W. B. Jones
Reading - - - - - Stirl Rule

All men are invited.

—Athenian Editor

Alpha Sigma

Alpha Sigma will hold its regular meeting Saturday night. A very interesting program has been arranged as follows:

Invocation - - - Herbert Wood
Chemistry and Industry - - Mr. Calvert
Putting Maryville on the Map. - - - - - - Percy Rosa
Violin Solo - - - R. T. Nichols
School Days - - - Robert Dance
Alpha Sigma Advance - H. Miller

All are invited to attend.

—Alpha Sigma Editor

Unusual Musicale To Be Presented By Voice Classes

(Continued from page one)

music equal to any that has been at the college.

Announcement that an amateur opera was to be produced on the Hill has caused no little excitement, for this is the first time in the history of the institution that anything of that sort has been tried. It is keeping up with the natural growth of the college, and much credit is to be given to Miss Staater for the interest she has aroused in vocal music in the past year.

Miss Staater is a graduate of the Cincinnati Conservatory of Music, where she had extensive studies in opera and voice work. She later studied under Victor Trevisan of the Chicago Civic Opera Company, who was formerly a tragedian in Italy but who is now considered the greatest comedian on any stage.

Miss Staater taught voice in Maryville College in 1918, at which time she organized a travelling chorus in Maryville which contained eight voices. Following years saw Miss Staater in the north western part of the United States playing one of the star roles in the renowned play "The Passing of The Third Floor Back." After playing with a large German stock company in Chicago our present directress returned to Maryville College again to teach in the voice department. She is organizing the caste of twenty-six voices entirely from the voice department.

Girls, attend the Bainonian program at Thaw Hall, Saturday.

point failed. Score—Maryville, 6; Kentucky, 0.

Cammack and Wert replaced Bickel and Vanmeter for Kentucky. King replaced Hickerson. Gamble kicked off and Tracy returned the ball to the Wildcats thirty-yard mark. Kentucky was penalized fifteen yards for holding. Smith punted to midfield. Maryville received a fifteen-yard for holding. An exball in Kentucky territory. Another exchange of punts and Maryville had the ball on her own twenty yard line. Gamble got eight yards change of kicks again placed the around right end. Kentucky was off side and Maryville registered the initial first down of the game. Another five-yard penalty was handed Kentucky.

Hamilton punted and Hughes replaced Tracy for Kentucky. The first period ended with the ball in Maryville's possession on her own forty-three-yard line. Ross goes in for Phipps for Kentucky. Score: Maryville, 6; Kentucky, 0.

SECOND QUARTER

McCall punted and Kentucky took the ball on its own 28-yard line. A succession of line plays gave Kentucky a first down. With a foot to go for first down, Smith punted forty-five yards to Maryville's 8-yard mark, Gamble made twenty yards through the line, after McCall had gained five. Clemens made another first down for the visitors. Line plays failed to gain and Hamilton punted to Mohney, who re-

turned the ball to Kentucky's 32 yard line. Evans went in for Smith and made five yards at tackle. Ross plowed center for first down in midfield. Evans made five more off left tackle.

Successive plays did not gain and Hughes kicked 25 yards to McCall, who returned ten. Voss Meyer replaced King, who was injured, for Kentucky.

Clemens fumbled but recovered. Kentucky again was penalized for off-side. McCall punted to Evans who returned fifteen yards to midfield. An exchange of punts gave Maryville possession of ball. McCall kicked and Evans returned 25 yards. Evans grabbed five yards off left tackle. A pass failed. The half ended with the ball in Kentucky's possession on its own 48-yard line. Score: Maryville, 6; Kentucky, 0.

THIRD QUARTER

Jenkins replaced Mohney at start of second half and kicked off to the Tennessean's 26-yard line. Hamilton punted 42 yards out of bounds to the Cats' 28-yard line. Jenkins got six at right end. Ross crashed center for two yards. Ross again at center for first down. Hughes ducked off right tackle for eleven yards and first down. Tracy dashed off left tackle for three yards. Jenkins got nine yards and another first down on Maryville's 35-yard line. A buck failed. Jenkins passed twenty yards to Tracy for a first down on Maryville's 12-yard line.

Maryville took time out. Tracy got two yards at guard. Ross got two more at center. Ross again gained two. A pass failed and the ball went over on Maryville's twenty-yard line. Line plays lost ground and Hamilton punted to Jenkins, who ran out of bounds on Maryville's forty-yard line. Ross plowed center for nine. Ross again gained four yards and first down.

F. Gamble went in for Holland. Ross hit center for four yards. The ball went over on Maryville's twenty-yard line. Again Maryville could not gain and Hamilton kicked forty yards to Jenkins, who returned nineteen. Jenkins passed to Tracy, who made a beautiful running catch on Maryville's seven-yard line for first down.

Ross made one yard at guard. Smith made four at left tackle. E. Stephenson replaced Portwood. McCall punted to Jenkins, who returned the ball to the 23-yard marker. Maryville was penalized fifteen yards for holding. Kentucky's ball, first down, on 7-yard line. The third period ended with the ball on Maryville's 6-yard line second down. Scor: Kentucky, 0; Marville, 6.

FOURTH QUARTER

Smith gained two yards. Smith placed the ball within one foot of the line. On the fourth down Smith plunged over for a touchdown. The try for point was blocked by Cartwright. Score: Kentucky 6; Maryville, 6.

McCall kicked off to Smith, who fumbled but recovered and returned eleven yards. Edwards replaced Stephenson for Kentucky. Hughes got seven at right end. Smith hit right guard for first down. Kentucky was penalized fifteen yards for holding. Hughes punted to McCall, who was downed on his own 27-yard line. Evans took Ross' position. Harvey replaced Puff, Mohoney replaced Pence. Hamilton punted twenty-two yards to Hughes who placed the ball on Maryville's 45-yard line.

Evans got five off tackle. Evans skirted right end for first down. Mohoney replaced Hughes. Mohoney failed to gain. Captain Gamble intercepted a pass on Maryville's 25 yard line. Davis took Clemen's position for Maryville. On a fake play, Crawford raced fifty yards to Kentucky's 25-yard line. Three plays gained six yards. Hamilton attempted a place kick from the thirty-yard line, but it was wide. Kentucky taking the ball on its 20 yard line. Evans punted to McCall in midfield.

Maryville was penalized two yards for excessive time out. Hamilton kicked to Evans on Kentucky's 35 yard line. A pass was incomplete. Mohoney passed to Smith for a twenty-yard gain. Mohoney passed to Evans for eighteen yards and first down. Mohoney circled right end for fifteen yards. The ball was on Maryville's 2-yard line.

Smith goes over guard for touchdown with one minute to play. Byrd goes in for Crawford. Mohoney drop-kicked the additional point Score—Kentucky 13; Maryville 6.

Gamble kicked off thirteen yards to Phipps. Phipps crashed right guard for five yards. Derrick replaced Phipps.

Kentucky penalized five yards for offside. Smith shagged three yards as the game ended. Final Score: Kentucky 13; Maryville 6.

FRED GAMBLE DIES IN HOSPITAL AFTER ONE WEEKS ILLNESS

Played in Kentucky State Game Two Weeks Ago at Lexington.

19 YEARS OLD

Is Survived by His Parents, Four Sisters and Two Brothers.

The entire college was shocked last Sunday to learn of the death of Fred Gamble, a member of the Sophomore Class and a prominent athlete.

Fred died at the Knoxville General Hospital from blood poisoning which resulted from an infected tooth. He was ill less than a week. The funeral was held Monday afternoon at 2 o'clock from Voorhees Chapel and interment followed in Grandview Cemetery.

The sympathies of the faculty and the student body go out to the bereaved family.

Biographical Sketch

Fred Richard Gamble was the fourth of seven children of Judge Moses Houston Gamble and Mrs. Nannie Caldwell Gamble, his wife. He was born in Maryville, Tennessee, on September 27, 1906, and so was ony one week past his nineteenth birthday, when, at a Knoxville hospital, he passed away yesterday morning, October 4, 1925.

Fred's parents, themselves former students of the College, planned the best possible education for their children, and with that in view built their home adjoining the college campus. Fred's two older sisters, Helen Rebecca and Ruth, graduated from Maryville College with the B. A. degree in the classes of 1920 and 1923, respectively, and from Columbia University with the M. A degree in 1924, and are engaged in teaching—Miss Helen in Maryville College, and Miss Ruth in Park City High School, in Knoxville. Fred's older brother, Joe, his inseparable companion, is a member of this year's senior class in the College; while Fred himself was a member of the sophomore class; and his sister, Dorothy Grace, is a member of the freshman class. Fred's younger sister, Mary Katherine, and his younger brother, Moses Houston, Junior, are pupils in the Maryville City Schools.

Fred was well along in his college work. Strong in body and in mental capacity, apparently no one

RESULTS OF "YM" TENNIS TOURNAMENT

Finals Are Being Played Off And Winners Will Be Announced Soon.

Out of 22 men who entered the Y. M. C. A. Tennis Tournament, only 10 are still in the race.

These men have been playing every day in an effort to determine the winner of the tournament.

As all of the tennis lettermen graduated last year, the winners in this tournament will probably compose the varsity tennis team of this year.

The men who have not been defeated as yet are: Caldwell, Prince, Bible, Pope, Calfee, Sargis, Cotten Mayer, Jones, Swain. The last three men have played more games than the rest of the entries.

FOOTBALL GAMES TOMORROW

- Carson-Newman vs Concord at Athens, W. Va.
- Vandy vs Texas Univ. at Nashville
- Sewanee vs Texas Aggies at Dallas
- Western Reserves vs. Capitol at Columbus
- Univ. of Illinois vs Butler at Urbana

CHILHOWEAN STAFF MAKES STATEMENT

Pages in The Annual Will Be Increased Slightly In Price Due to Several Changes.

The staff of the 1926 Chilhowean announce several changes in the 1926 edition.

It is human nature for people to aspire for certain things or even a number of things. These aspirations or views are not necessarily the same as those of one's predecessors, because if this were true science and invention would have died in its infancy and the word progress would be useless in our language.

Realizing this, the annual staff, representing the Junior Class in the publication of the 1926 Chilhowean, has decided to make some changes which promise to be fruitful ones. But these promising changes will necessitate a change in the price for the output.

This year the cost per page will be $14.00 rather than $12.50 which has been customary and not standard price for a few previous years. This change in price will not affect any individual more than half the raised amount in any instance.

The 1926 Chilhowean will consist of some familiar campus scenes in very artistic color work. Other parts of the book will have this attractive color work also. These however, will not be the only attractive features.

Everyone concerned with the publication of the 1926 Chilhowean is very much elated over the prospects for a better book, but it will be impossible for them to produce satisfactory results without the cooperation of the entire school.

In view of these facts let the slogan be: "All For A Bigger And Better Chilhowean."

OFFICERS OF THE "M" CLUB ARE ELECTED

At a meeting held Thursday of all the students who have earned the Maryville "M", Edward Hamilton was elected president.

Hamilton is a senior and a star tackle on the football team.

The other officers elected were: Salmon Brown, Secretary and Treasurer; and John Crawford, Vice President.

MARYVILLE ELEVEN TRIMS MARS HILL IN UNEQUAL MATCH

Pile Up 54 Points And Hold Opponents Scoreless In An Easy Game.

NEW MEN TESTED

McCall Makes Brilliant 80-Yd. Run; Cartwright, Byrd And Sneed Show Up Well.

Maryville College defeated Mars Hill in a slow battle last Saturday, the game ending with the score 54-0.

There was not enough opposition to tell the exact calibre of the team. The team was good on offense but lacked the necessary punch on defense.

McCall and Cartwright were perhaps the outstanding players. McCall by his brilliant runs and generalship played a stellar game. He brought the fans to their feet by an 80 yard run from the kickoff for a touchdown. The score however failed to count due to a member of the Maryville team blocking a man illegally. Cartwright caught a forward pass for a touchdown and broke up many plays before they reached the line of scrimmage.

Pete Sneed the "Old Reliable" showed up well. He has improved considerably since last year.

Clemens did not get in the game due to injuries and may not be in condition for the Tennessee game. However, in Byrd, Maryville has a back of considerable ability. Byrd was a consistent ground gainer in the game with Mars Hill.

Mars Hill seemed bewildered by the aerial attack of the Highlanders in the last quarter. Shores

(Continued on page four)

OPPORTUNITIES FOR FRESHMAN DEBATERS

Dec. 7 Is The Date For The Preliminaries—Names To Be Handed to Miss DeHaven or Left in Registrar's Office.

In many schools, though the Freshman Class represents a large part of the school, only a few Freshmen can secure places in intercollegiate contests.

Freshmen at Maryville will find a more considerate arrangement for them.

There are intercollegiate debates termed "Varsity debates" in which Sophomores, Juniors and Seniors participate. Formerly when the college had only this kind of intercollegiate forensics, Freshmen felt they had little chance of making a team if they had to contest with upper classmen for places. Consequently, few Freshmen were on the teams.

But, the freshman year is the best time to begin training in public speaking. Hence, special intercollegiate debates have been arranged from which all Sophomores, Juniors and Seniors are prohibited.

This year these debates will require six boys and six girls from the Freshman Class. These twelve will be chosen from Freshmen participating in an all-freshman preliminary to be held December 7. To get the very best debaters possible it will be necessary to review in actual debates, at least fifty Freshmen. A larger number

(Continued on page four)

TENNESSEE MEETS MARYVILLE IN ANNUAL BATTLE WITH LITTLE RELATIVE DIFFERENCE IN TEAMS

The Whole Student Body Is Journeying To Knoxville With The Expectation of Seeing Tennessee Defeated For The First Time In Years.

GAMBLE COUNCIL PRESIDENT

At a meeting of the student council representatives Joe Gamble was elected president.

He was elected from the eight reprsentatives of the senior class.

Christine Rockett was elected vice president and Betty Keown secretary.

These representatives will take iffice immediately and will serve for the remainder of the year.

M. C.--U. T. BATTLE RECORDS OF PAST

The University of Tennessee Has Only Been Beaten Three Times by Highlanders.

As the records show in the games that have been played with U. T., Maryville has had three wins, two ties and eight loses.

Maryville College had her first football team in 1894. That year the University of Tennessee was not played. Since that time however, the wearers of the Orange and Garnet have met the State players seventeen times according to the records as they have been kept.

These records are accurate as far as they go. For a few years there was no record kept of the results of the games with the University. According to the records as they have been kept, the last time that the Tennesseans were beaten by the Highlanders was back in 1906.

The results as they have been obtained are:

Year	Maryville	Tennessee
1895	6	6
1896	(second team of M.C. & U.T.) 36	0

MINISTERIAL ASSOCIATION

At the regular meeting of the Ministerial Association the constitution was read for the benefit of new men. A reading was given by Robert Wood and a cornet solo rendered by Jesse Pearce. Dr. Stevenson will address the Association next week.

Jackson Wheatley ex-'28 is enrolled as a sophomore in Pennsylvania State College.

Coach Honaker's entire squad, after a strenuous week's workout is ready for Tennessee tomorrow.

From all indications this battle will be one of the grid classics of the year. Maryville will be at her best with Stone back in his old place at center. Stone did not enter the Kentucky State game due to an injured hand.

The entire squad will make the trip to Tennessee. The student body will make the trip in a special train.

Tennessee is an unknown quanity as yet. She has played one game but was not forced to exert herself. All indications however, are to the effect that she has a first class football team. Maryville probably has the best team this year that she has ever put out.

The probable line-up for tomorrow's game is as follows:

Cartwright—R. E.
Proffitt—R. T.
Brown—R. G.
Stone—C.
Holland—L. G.
Hamilton—L. T.
Shores—L. E.
McCall—Q.
Crawford—R. H.
Byrd—L. H.
Gamble (Capt.)—F.

Every year the student body has journeyed to Knoxville with high hopes of witnessing the Highlanders win. Each year they have returned defeated, but always keep hoping for better things in the future.

This year however, will probably be a different story. After outplaying Kentucky State, a team that is supposed to be one of the best in the south, Maryville feels as if she is due for a win at Tennessee where conditions will be better than they were at Lexington. Therefore the students, team, and town folk will journey to Knoxville with the expectation of winning.

Charles "Buck" Ellis is attending the University of Illinois where he is studying for the degree of Bachelor of Science.

H. A. Bailey, ex-'28 is enrolled as a sophomore in Pennsylvania State College.

DR. HUNTER TO BE Y. M. C. A. SPEAKER

"Christian Selfishness" Is To Be The Subject of The Address That Will Be Given.

The Y. M. C. A. does not concern itself primarily with the teaching of English, but when an opportunity offers itself to have a speaker for a Sunday afternoon program, who uses perfect English, the Y. M. C. A. gladly makes use of such a man.

Dr. Hunter, one of our English experts on the Hill has consented to address the students next Sunday afternoon on the subject of "Christian Selfishness". Dr. Hunter has a reputation as an accomplished speaker, and what is even more, that of a Christian gentleman.

ATHLETIC REWARDS

It always seems necessary at this time of the year to say something to the students in regard to the wearing of letters from other institutions—both high schools and colleges. The ''M'' association has a rule that states that students will not be permitted to wear letters received from other schools. Only those that have been officially awarded the Maryville ''M'' are given the privilege of wearing letters.

New students instead of trying to show us what they have accomplished in the past, should try to show us what they can do now. Both men and women are given the opportunity to earn letters if they have the ability, and if they have not the ability to earn an ''M'' they should not wear letters from foreign institutions.

There are, however, a great many students who go out for teams and, although they have some ability, they are not quite good enough to make the varsity. This group forms what is known as the reserves, or ''scrubs''. There should be some way of rewarding these students for their persistance and hard work. They cannot be allowed to wear the ''M'' or that would lose its distinctive quality. About the only other reward that could be given would be a numeral.

Numerals could be awarded to all squad members that are not awarded the Varsity ''M''. This would give the men and women some incentive for making the squads of the various athletic teams. The ''scrubs'' are the backbone of a good team, and should they not be rewarded in some way?

BAX WILLIAMS BACK FROM PLAYING BALL

Baxter Williams, ex-'26 was visiting on the Hill last week.

Bax formerly a star football and base ball player here has been playing professional baseball with the Toronto team of the International Association.

Bax will probably be the first string catcher for Toronto next year due to the fact that Detroit has called in the first string catcher.

He has been going up the ladder fast and no doubt will be playing with the Major league teams before long.

L. C. (Icky) Crawford '23 is very pleasantly situated with the New Mexico School of Mines as coach and head of the Department of English and Spanish.

Delaware, O., Sept. 23—Olentangy river was cheated of victims when the rope used in the Ohio Wesleyan freshman-sophomore tug-of-war broke three times and the contest was declared a tie.

Let's all go over and beat U. T. tomorrow.

HIGHLAND FLINGS

When rural service lines bring electricity to the farmer's door, many of his labor troubles are at an end. Motors, large and small, will do the many chores of farm and farm house for a few cents per day.

The Farm Electrical

Of the six and a half million farm homes in this country, only half a million have electricity.

Still, the advantages of electricity are widely known. But there is more to farm electrification than the installation of motors, lights and heaters. Current must be brought to the farm, and that means many miles of transmission line, supporting poles, transformers, and adequate generating equipment.

Slowly but surely the electrification of American farms is taking place. As farmers learn how to use electricity, rural service lines reach out farther and farther into open country.

Six million farms to be electrified! Here is a vast and virgin field for the application of electricity, with countless opportunities for college-trained men in the technical and commercial phases of this undertaking. And for the agricultural college student and others planning a future life in rural sections, it means a better, bigger, happier life-time now in the making.

Since its inception the General Electric Company has pioneered in the various fields of applied electricity. Today G-E engineers are co-operating with various State agricultural committees in the study of farm and rural electrification. These committees include members of the agricultural college faculties.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for Booklet GEK-1.

Bainonian

Why of course it was a success! You didn't expect Bainonian's first program to be otherwise, did you? Not only was it a success but it also shows to all the type of programs which are presented on a smaller scale at our regular meetings.

The program was opened by the chorus chanting the Lord's Prayer. The main part of the program represented two types of play. The Italian Love Tragedy a farce, and "Mansions", a one-act drama. We were pleasantly surprised to have the privilege of hearing our former expression teacher again. Mrs. Hamilton read very expressively "The Pretty Sister of Jose". A solo by Miss Eleanor Franklin followed this number.

Miss Martha Anderson closed the program with a hearty welcome to all, especially to new girls. At the close of her talk she was presented with a telegram from Miss George Belle Kuhn, and an Athenian penant from our brother society.

Owing to the U. T. game Saturday, no program will be given. Let's beat U. T. and celebrate instead.

—Marie Elmore Editor

Alpha Sigma

There will be no meeting of Alpha Sigma this week, due to the U. T. game.

Last Saturday night those present were treated to a real snappy program.

Invocation - - - - - Frei
Industrial Chemistry - - Calvert
Violin Solo - - - - Nichols
School Days - - - - - Dance
Putting Maryville on the Map - Rosa
Advance - - - - - Miller

Following this program an election was held and the following were elected:

Recording Secretary, Warner Gray
Janitor - - S. H. Osborne
Editor - - - Percy Rosa

These men will be installed at the next meeting. Watch next week's Echo for the program. Let's beat U. T. and talk it over at Alpha Sigma next week.

—Percy Rosa, Editor

Athenian

The debating season will open for Athenian at the next meeting of the society. One of the leading questions of the day is to be thrashed out by two Sophomores. The question for the debate is: "Resolved that the United States should maintain an air force equal to that of any foreign power." The controversy going on in Washington makes this an international as well as a national question. The affirmative is supported by Mr. McDonald while the negative will be upheld by Mack Jones.

The music of the evening will be a duet by Clifford Drake and Jesse Pierce, both of whom are accomplished musicians.

Everyone bring a good stock of jokes along, for extemporaneous jokes will be called for before the evening is over.

—Lamar Milling, Editor

Wendall Swanson, ex-'26 is attending U. T. Medical School at Memphis.

FRED GAMBLE DIES AFTER A WEEK'S ILLNESS

(Continued from page one)

could have been more certain of graduation than was he. He was rapidly developing into a big and muscular man. He was six feet and six inches tall, and well-built. He had never been sick in his life. He was faithful in his college work and maintained a high standing in it. He was the leader in his mathematics classes. But blood-poisoning of less than a week's duration has put an untimely end to the worthy plans that he and his parents had made for his preparation for life's responsibilities.

Fred's career as a student has been, in keeping with his serious and quiet and retiring nature, a very modest and unostentatious one. He has done his work diligently and well and consistently. He was fast coming to the front as an athlete, and took part in the Kentucky State Game a week ago last Saturday. He hoped, and with good prospects of having his hopes realized, to win a letter in football and in basketball in this current year. Fred has been one of the men of whom his Alma Mater might well be proud—men who spend their summers in wholesome physical work; and then find in clean and well-trained-for athletics during the college year their safe and sane enthusiasm and their steady and sound physical development.

Fred was getting ready for life; but while doing so, he got ready for death. It did not catch him unawares and unready. He probably had no realization that his illness was to prove a fatal one. His only anxiety was to get back to his ball practice. Indeed, he was delirious during the greater part of his illness. But he was as ready for death as he was for life. He had the good fortune to belong to a family whose children are brought up in the church. He learned at his home fireside, at the Sunday School, in the Intermediate Christian Endeavor, in the church services, in the College Chapel, in the February meetings, and everywhere to live as a Christian lad and then as a Christian young man. He united with New Providece Church on January 2, 1916. He was most faithful to his church vows. He attended Sabbath school and church as usual the day after the Kentuky State game. He has never gone astray; but on the contrary, has in his quiet but unswerving way, kept God's commandments and done God's will as he understood it. One who knew him as intimately as did anyone, declared that he was the best boy he ever knew.

He was, as one of the family said of him, a most comfortable boy to have in the home. He was quiet, uncomplaining, good-natured, very witty, never vexed, patient, methodical, taking life philosophically, singing at his work, and apparently never meeting anything in his happy days to ruffle the calm equanimity of his young life. In nineteen years he has had the best things of this life—home, school, fidelity and Christian character. All other things are of minor importance compared with these treasures. And now he is safely past all the evil there is; he is safe home to heaven and to eternity and to God.

RESOLUTIONS

Whereas, in the death of Fred Richard Gamble, a member of our Sophomore Class, a great affliction has befallen the home of our former colleague, Mr. Moses Houston Gamble, for five years a member of the Faculty of Maryville College, and the home of our present colleague, Miss Helen Rebecca Gamble, for two years a member of the Faculty; and

Whereas, in this death a personal sorrow has befallen all of the teachers and students of the College; therefore

Be it Resoved, 1. That the faculty assure their afflicted colleagues of the profound sympathy they feel for them in this overwhelming, affliction; and

2. That they also rejoice with them that they have the strong consolaions imparted, on the one hand, by the noble and exemplary and Christian record left behind him by the departed loved one; and, on the other hand, by the assured presence of the comforting grace of God in the midst of the pain and distress of this visitation of death and separation.

Edwin Ray Hunter,
Secretary of the Faculty.

Whereas, God in his infinite wisdom has called unto himself one of our beloved classmates, Fred Richard Gamble, therefore,

Be it Resolved, 1. That we, the members of the class of '28 place on record this statement of our high appreciation of the noble qualities of mind and character that our lamented friend possessed and ever manifested; and

2. That, in the midst of our own grief over the stunning loss that we ourselves have susained, we extend our heartfelt sympathy to the bereaved family and friends.

(Signed) The Sophomore Class,
Ruth Shubert,
George Crawford,
Sarah Moore,
Committee.

October 5, 1025.

OPPORTUNITIES FOR FRESHMEN DEBATERS

(Continued from page one)

will only insure finer teams for the finals with U. T.

This job is for the freshmen. The final debates with U. T. have all the significance of varsity debates. They get the same amount of training, they meet as strong opponents, they get the same amount of college credit toward their degree as varsity debaters do, and they become eligible for membership in Pi Kappa Delta just as first year varsity debaters do.

All interested Freshmen will signify their interest by doing the following:

Hand your name to Miss DeHaven in Room 17, Anderson Hall, or leave it at the Registrar's Office.

Look and listen for announcements.

SENIOR CLASS PARTY TO-NIGHT

The Highland Echo

WEAVER PLAYS HERE TO-MORROW

VOL. XI. MARYVILLE, TENNESSEE, OCTOBER 16, 1925 NO. 6

VARSITY LOSES BY A CLOSE SCORE TO UNIV. OF TENNESSEE

40 Men Are Used By State Institution To Conquer Highlanders.

SCORE 13-0

Tennessee Piles Up Same Score Against Maryville As Did Kentucky.

(By Robt. Armstrong)

In a hard-fought contest last Saturday, Maryville Highlanders lost to the University of Tennessee by a 13-0 score.

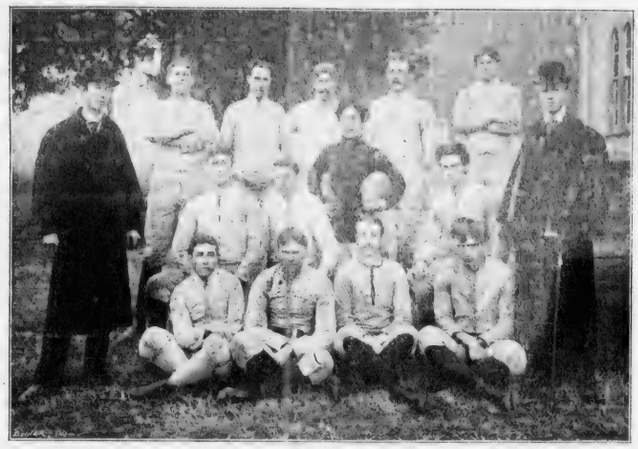
Behold! How the Mighty have Fallen. Tennessee had fond hopes of flying through, around, and over, the Maryville Highlanders when the two pig-skin elevens clashed at Shields-Watkins Field. Perhaps their suave thoughts were justified in the light of the battle the year previous when they rode rough-shod over the Highlanders. Perhaps they were also justified in dreaming this, because they had defeated Emory and Henry the week preceding. At any rate the Vols received a most rude awakening in Knoxville last Saturday when they were exceedingly lucky to nose out the Highlanders 13 to 0.

It was indeed a heart-breaking game to lose. In the first quarter the Vols succeeded in completing a forward pass to a hidden man on the side line which scored for them 6 points. After this those mighty Elevens see-sawed up and down the field for what seemed like ages. During the latter part of the fourth quarter the Vols by a series of lucky passes succeeded in making their second touch-down.

The line was playing inspired football. Captain Gamble was fighting like a demon—until he was taken off the field because of a sprained ankle. Then that Byrd Boy, ''The Little Fellow from Poly'' showed his stuff in backing up the line.

''Gobo'' Cartwright was in every play, breaking through the line

(Continued on page four)



HON. PAT QUINN TO DELIVER ADDRESS

"The Student as a Citizen While In College'' is The Subject of Speech.

The Y. M. C. A. realizes that each student has responsibilities as a citizen which he has to fulfill if he wants to be a useful citizen. With this in mind the Association asked Hon. Pat Quinn last year, just before school colsed, to speak to the students about the duties of a student as a citizen while at home. The response with which his talk met encouraged the chairman of the Sunday meeting committee to call on Mr. Quinn for a second talk. He consented to address the students on next Sunday afternoon at one o'clock at Bartlett Hall on the subject of ''The Student as a Citizen While in College.''

Hon. Pat Quinn is a graduate of Maryville College and has not forgotten his school days, although he is now a prominent lawyer and a member of the Maryville bar. Those students who heard him last year are already talking about the coming meeting as of one of THE meetings of the year, and the new and old students who have not met Mr. Quinn yet, are urged not to miss the opportunity to hear an inspiring talk, and to meet real Maryville alumnus.

THE FIRST FOOTBALL TEAM AT MARYVILLE

Left to Right—Back Row: Edwards, Rodgers, Gamble, Hamilton, Humphreys; Second Row: Moore, Ritchie, Kin, Nuchols; First Row: Snyder, Spencer, Goddard, Belk, Mgrs. Ruble and Ferris.

COUNCIL DECIDES ON ELKMONT FOR HIKE

October 26th Is The Date Set For Annual Migration To The Mountains.

Arrangements have been made for the customary fall mountain hike. At a recent meeting of the Student Council a committee was appointed to confer with the faculty and make the necessary arrangements. The tentative date has been set for Monday, October 26. Elkmont has been selected as the point of destination of the hikers.

As all old students already know, it has been customary for several years to allow two days—one in the fall and one in the spring—for combined social and sight-seeing affairs. Old students have found these semi-annual excursions pleasant enough and instructive enough to warrant their taking them repeatedly. Mountain hikes have always been in a sense ''red-letter days''. Those who have never been on a mountain hike are fortunate in having something to look forward to.

The mountains of Tennessee are unsurpassed in scenic attractions. Tourists travel hundreds of miles to see them. Maryville, being situated as it is between parallel mountain ranges, makes an admirable starting point for sight-seeing expeditions. It is hard to decide whether the Smokies or the Chilhoweans oyer more attractions. Maryvillians however, are not called on to decide, for, since there are two hikes during the school year, both ranges may be explored.

Elkmont, the place where the bacon and potatoes are to be cooked this fall, is in the heart of the Smokies. It is in the territory that is shortly to become the Smoky Mountain National Park.

A special train and special rates have always been provided by the Railway Companies and this year will probably be no exception. The train will be scheduled so as to allow for as much of the day as possible in the mountains. Breakfast is customarily served at six o'clock instead of seven on these outing days.

As the event is less than two weeks away it is time to begin making dates. Get your bids in early, boys!

Marie Cramer visited her aunt in Knoxville over the week-end, after attending the U. T game.

Miss Sarah Moore Is Winner Of The Highland Echo Feature Contest.

''Football in the Nineties'', a story submitted by Sarah Moore was chosen by Mr. Owens, City editor of The Knoxville Journal-Tribune, as the best of those which were entered in the contest for feature editor of The Highland Echo.

The above cut is a picture of the team.

Miss Moore's story has all the attributes of a good feature story. It is interesting to all and is well prepared.

This story will be published in the next Sunday's edition of the Knoxville Journal and Tribune.

The Story

A small, wiry Japanese boy sat before his lamp-lighted study table on which were ranged twenty-two grains of corn. As he moved the grains about into positions of attack or defense he explained in his nervous, jerky English the bewildering plays of this new game foot ball, to his tense audience of college mates. Such was the beginning of Maryville's football history in the nineties. The propounder of this new sport was Kin Takahashi, or ''Kentucky Hossie'', as he was dubbed.

On days following such conferences in his room, ''Kentucky Hossie'' marshaled the forces of Maryville to try out the maneuvers of the corn grains. In the field he officiated as coach, manager, and captain. Compared to the well-equipped men of today that first team would seem ridiculous. Each player wore a very slightly padded home-made suit of unbleached domestic, cleated shoes, and no helmet. One player, Nuchols, insisting that he could run better without the cleated shoes, pranced down the field with bare feet! Several members of the team wore drooping walrus moustaches, no doubt intended to put the fear of Maryville into the enemy.

This brutal and dangerous new sport was strenuously objected to by many of the parents of those engaged in it. In one game, when a player of the opposing team was ''knocked out'', the victim's irate father descended upon the field and roundly swore that the game should not go on. Often times curiosity so prevaded the crowds attending that they swarmed over the boundary lines to observe better the intricate workings of the plays.

(Continued on page two)

DEAN BARNES VISITS N. CAROLINA UNIV.

Many Notables Attend, Coming From Universities and Colleges All Over the U. S.

Dean Barnes has just returned from the Semi-Centennial celebration of the University of North Carolina held at Chapel Hill, N. C.

Dean Barnes represented Maryville College at this celebration. A total of 94 delegates were present, coming from all parts of the country. Over 90 institutions were represented.

The University was celebrating the 50th anniversary of its reopening after the close of the civil war. Venable Hall, a University Chemistry building costing $35,000 was dedicated at this celebration. This is the largest and best equipped building of its kind south of the Mason Dixon line, and one of the three largest in the world.

Dr. Barnes left Maryville last Friday and returned Monday evening. Monday was the day set for the celebration. While at Chapel Hill, Dr. Barnes met many noted men from universities all over the United States. Among these notables were: Dean William Hane Wannamaker of Harvard University; Dr. Joseph Hyde Pratt of Yale University; and Dr. Hubert A. Royster of the University of Pennsylvania.

The University of North Carolina contains 2,500 students today as compared with 450 before the Civil War. It had eight buildings 50 years ago whereas now it has 42.

VARSITY DEBATING

On next Tuesday immediately after supper the men will meet for the purpose of drawing for opponents in the debate try-outs.

About 25 or 30 men are exected to try out for debating, this is due to the fact that so many debaters were lost last year. The question for debate is: "Resolved: That Congress Should Have The Power to Enact Legislation Dealing With Child Labor''.

All men who are interested are urged to draw for places.

Addis Hendrix, a member of the Freshman class, has suffered a severe attack of appndicitis, and has returned to her home in Byington to undergo an operation. She plans to return to Maryville for the second semester.

RECORDS SHOW THAT MANY STUDENTS ARE GIVEN HIGH GRADES

66 Students Rank High In Scholarship For Last Semester, 1924-25.

11 RANK MAGNA CUM

Freshmen and Sophomores Tie For First Place In Numbers.

The honor roll of the students for the last semester 1924-25 contains 66 names, less the senior class. The sophomores and freshmen both have 26 honor students, the juniors have 11, and the specials 3.

The students in the first group are potential Magna Cum Laude students, that is, if they receive 42 quality credits or more every semester, they will receive a Magna Cum Laude. The same principle holds for those in the second group. If they receive an average of 31 quality credits a semester they will receive a Cum Laude.

These statistics have been secured through the kindness of Miss Croyle, the assistant registrar.

Those students beside whose name an asterisk appears are taking the Smith-Hughes Home Economics course which includes a greater number of hours and consequently a larger number of quality credits required a semester. The seniors of last year are not included in this honor roll.

Magna Cum Laude Rank

McCulloch, Lois, Junior	57
Johnson, Charles, Junior	53
Porter, Evelyn, Junior	53
Barber, Jane, Special	51
Thomas, Mary Almeda, Junior	51
Meikle, Paul, Sophomore	48
*Clopton, Mary, Freshman	45
Creswell, Roberta, Freshman	45
Marston, Mary Ruth, Sophomore	45
Johnson, Julian, Sophomore	43
Vanderslice, Annie, Sophomore	42

Cum Laude Rank

Cofer, James, So.; Ferris, Dorothy, Fr.; Harold, Gordon, Fr.; Knight, Virginia, Fr.; Laird, Margaretta, So.; Post, Jessie, So.; Rosa Frank, So.; Thompson, Malcolm, So.; 40. Clopton, Robert, Jr.;

(Continued on page four)

FIRST MID-WINTER TO BE GIVEN ON DEC. 7

Highclass Plays Have Been Chosen By The Literary Societies For Presentation.

The literary societies on the Hill have arranged a splendid mid-winter program for this year. The plays have been selected by the societies and practice will start soon.

The first play will be presented by the Alpha Sigma society, December 7. The play is entitled, ''You and I''.

The sister society of the Alpha Sigma, Theta Epsilon, will present the next play one week later, December 14th. They have selected thhe play, ''Quality Street''.

The Athenian play will be presented some time after Christmas. No definite date has been set as yet. They will probably give the play ''Captain Applejack''.

The last mid-winter of the year will be given by the Bainonian literary society. They will probably present a very high class play call-be ''Quality Stand''. All of the members have not agreed on this play, but no doubt it will meet with their approval.

The cast of these plays is chosen from the best dramatic talent on the Hill, and the plays are always entertaining.

THE HIGHLAND ECHO
Issued Weekly by the students of Maryville College

Subscription - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879

JARGON

Sociologists tell us that man's use of speech is one of the fundamental attributes which distinguish him from animals. Through the training of his tongue, man has made progress in culture and in civilization through his ability to convey his thoughts to his fellow beings.

Of all nationalities, the Americans have the reputation of being the most slovenly spoken people in the world. This seems to be an exaggeration, but there is a distinct basis for this undesirable reputation that cannot be denied.

In the first place we are lip-lazy. Many of us speak back of our teeth, through our noses, or behind our lips. We do not open our mouths when we speak, or if we do we yell or scream. A well-modulated voice and a clear enunciation are an exceedingly rare combination.

Another carelessness that is prevalent with us, is the lack of the use of good grammar. It is just that which tells the difference between a college-reared person and he who has had no opportunity to taste of the higher things of life which are to be found in classic thought and achievement.

''I do not ever expect to speak in public. Why trouble?'' is a favorite argument in favor of lip-laziness and lack of the use of good grammer. But it is not a question of whether we are going to speak in public or not. Often do we find oursleves in a position where we have something to tell, it may be either in the classroom or to some select group, and no matter how thoroughly conversant we may be with a subject, if the capacity is not there to express that knowledge, it is useless to anyone except oneself.

In the hurry and bluster of every day life, when men have no time for long studied reasoning as to a man's worth, strangers are sized by ''snap judgment'', most often. A man's face, his appearance and most of all his speech, are considered in this judgment. A smooth, well-modulated voice, a choice vocabulary, correctly spoken in a clear, unhesitating way, paves the way for success. What better place than here, and what better time than now, could there be to correct these defects?

Oklahoma Colleges Agree To Put 'No Car' Rule Into Effect

Oklahoma City, Okla., Sept. 18—Students of this city's two largest schools, Oklahoma A. and M. college and Oklahoma Universiy, no longer will come to school in autos.

This follows an agreement between President Bradford Knapp of A. and M. and Dr. W. B. Bizzell of Oklahoma university, that the ''no car'' rule ''shall be rigidly enforced''.

The fundamental reason for the rule, explains Knapp, is to aid in the ''prevention of immorality so prevalent over the entire country, due largely to the indiscriminate use of autos by young people.''

Y. W. C. A.

The Y. W. C. A. will meet in Thaw Hall at 4:30 Sunday afternoon for the opening program of the membership campaign. The topic will be ''Jeus Law of Love''.

Y. W. is planning to have every new girl out, that she might know the meaning of 'Y', and why every college thinking girl should belong to Y. W.

Let's not forget the membership drive!

Among the girls who spent the week end at home in Knoxville were Frances Stephesn, Ruth Blake, Helen Sherrod, Edna Kidder, Vivian Edington, and Kate Donahoo.

HANNAH'S----
----LEADERS IN MEN'S WEAR

THE FIRST FOOTBALL TEAM AT MARYVILLE

(Continued from page one)

At length the captains of the two teams would be driven to strategy. Acting on a preconcerted plan, the two teams would deliver a couple of smashing end drives, right and left, and then continue the game on a cleared field.

''Kentucky Hossie'' was the guiding spirit of the team. Judge Gamble of Maryville, the center of the first team, says, ''We never considered anyone but Kin for captain, and so we elected him again and again.'' Although he was only five feet and two inches, and weighed one hundred and twenty-five pounds he played so well that he was a veritable battering ram for Maryville.

Trick plays soon engaged the ready wit of ''Kentucky Hossie''. One of the favorite methods of attack was the ''flying wedge'' formation. At the signal the whole team—Center Gamble at the head, Kin close behind carrying the ball, and the others ranged on either side of the wedge—rushed down the field to the goal and victory! Another play was resorted to when the ball was about ten yards from the goal. A quick pinch on the center's arm was the signal. At the count, Gamble would charge down the field, Kin, carrying the ball, hanging desperately to his belt. As the big center saw that he could go no farther he spread arms and legs wide, inviting the oncoming rush, while Kin slipped expeditiously between his knees and scuttled on the few yards more to a touchdown for Maryville.

MINISTERIAL ASSOCIATION

The Ministerial Association meeting in Bartlett Hall at 6:30 p. m. Wednesday evening was greatly inspired by the message given by Dr. Stevenson. At our meeting next Wednesday we will listen to a talk given by one of the members. There will also be special music.

STUDENT RECOVERING FROM INJURIES

The friends of Esther Hornbeak will be glad to know that she is improving,, and that so far no internal injuries have been discovered as a result of her accident last Saturday. Miss Hornbeak, while looking for the back stairway at Pearsons Hall last Saturday night, stepped into the elevator shaft and fell from second floor to the elevator landing in the dining hall. Although badly bruised and bumped, she seems not to have been seriously injured.

Dr. Wilson and Dr. Gillingham are attending a meeting of the Presbyterian Synod at Columbia.

LITERARY SOCIETIES

Bainonian

New girls, are you still in that bewildered and uncertain state of not knowing which society you want to join? Let Bainonian help you to decide. Come and visit us Saturday night. You will find that not only her hall but also her heart is open to you.

Bainonian offers a warm welcome to any new girl who may have decided to make herself a part of this society. To those who are still undecided, she wishes to offer a place in her ranks.

A surprise is in store for Bainonians. Someone has given you something. To find out what it is be sure and come Saturday night. Another treat is in store for you, a fair young member of the faculty is to entertain you, and also one of Birmingham's young belles will appear on the program.

Bainonians let's start the year off right by coming and bringing some one else with us.

Marie Elmore, Editor

Theta Epsilon

Did you enjoy ''Theta Fairyland''? Well, that was just one peep into the Theta Epsilon Society. Our next program will be given Saturday evening at seven o'clock. The program will be based on ''The Value of a Literary Society''. We want every girl to visit us and to always feel *Welcome to Theta.*

Ellen Cox, Editor

Alpha Sigma

Don't miss the big treat fellows. Eitner and Cook, members of the college quartette are going to give us a few selections. The first of the program is going to be full of ginger and pep. Tell the new fellows they are cordially invited.

There was no meeting last week, but let's make up for it and have a big one Saturday night. The following program will be given:

Invocation
Violin Solo - - - Conrad
Harmonica Solo - - Gray
Duet - - - Eitner and Cook
Extemporaneous Debate: Resolved, The scrapping of good ships should be prohibited.
Current Events - - Usner
Answer to roll call with quotation from Shakespeare.

Percy Rosa, Editor

Athenian

The debating season is approaching and the eyes of everyone interested in forensics are turning in that direction. The first real debate of the season will be given in Athenian Hall next Saturday evening when the question ''Resolved: That United States should maintain a Naval Air Force equal to that of any foreign nation'', will be fought out by four sophomores. W. D. Buchanan and C. L. McDonald will uphold the affirmative, while Mack Jones and C. B. Calfee will support the negative. These men who are aspirants for the varsity debating team, and are of known ability. They should be able to give a very interesting discussion upon the question.

The music of the evening will be a cornet and trombone duet by Jesse Pierce and Clifford Drake. The next number will be ''A Little Wholesome Entertainment'' by Bob Harvey, after which the Athenian will be read by Cofer.

Lamar Milling, Editor.

(Continued from page one)

time and again and snatching the Tennessee backs from behind the line. Brock, who has only been here two weeks, and Bob Harvey who has only played 15 minutes of football, were indeed giving splendid accounts of themselves.

In the fourth quarter Captain Gamble was again sent into the game. He played a good, hard-fought game until the last whistle blew.

Pete Sneed showed his ability in twisting out of the Vols' mighty grasp. Pete showed he could be trusted as safety man too by the way he pulled a man down who had gotten by all the rest.

Jimmy Holland, Maryville's most consistent player put up a good fight—until he was knocked out in the fourth quarter. Jimmy can always be counted on to do his best anywhere at any time.

Shores, Maryville's fleetest end, time and again messed up the enemy's line, by throwing the tackle down the line of scrimmage. Stone at center, though playing under a handicap of a cut finger did great work—and not a single time did the pigskin miss its mark when he tossed it to the backs. And the story could go on indefinitely, ad infinitum, ad nauseam et cetera. No mere account can do justice to the men of the gridiron who represented Maryville College on the afternoon of October 10, 1925.

One thing is apparent—Maryville supporters can rely on Coaches Honaker and Thrower to produce a well conditioned, fighting machine. Inspired by this splendid leadership Maryville seems to be on the dawn of a great football era.

Summary

Tennessee	position	Maryville
Lowe (capt.)	l. end	Shores
McArthur	l. tackle	Hamilton
Burdette	l. guard	Puff
Butcher	center	Stone
Barnhill	r. guard	Brown
Elliot	r. tackle	Proffitt
Brown	r. end	Cartwright
O. D. Moore	q.b.	McCall
Nehf	l. half	J. Crawford
Derryberry	r. half	Byrd
Dodson	fullback	Gamble (capt.)

Score by quarters: M.C.—0 0 0 0
U.T.—0 7 0 6

Touchdowns: Rice, Lowe, for Tennessee. Rice drop-kicked extra point.

Substitutions: For Maryville—L. McCall for Shores; Holland for Puff; Brock for Holland; Puff for Proffitt; Shores for L. McCall; L. McCall for Cartwright; Clemens for Crawford; Davis for Gamble; Sneed for Davis; Gamble for Byrd.

Substitutions for Tennessee—Ted Lowe for J. G. Lowe; Herc Alley for Ted Lowe; Chick Landress for Alley; Hensley for McArthur; Burgess for Hensley; Frank Jones for Burdette; Field for Jones; Tom Robinson for Butcher; Abernathy for Robinson; Cherry for Barnhill; Fullerton for Cherry; Green for Fullerton; Lowery for Elliott; Jackson for Lowery; McKeen for Brown; Alley for McKeen; Pine for Moore; Robertson for Pine; Elmore for Nehf; Farmer for Elmore; Rice for Derryberry; Lavin for Rice; Elmore for Dodson; Wallace for Elmore.

Officials: Wilson (Miami) Referee Doak (Tusculum) Umpire; Siler, (Delaware) Headlinesman.

The Highland Echo

VOL. XI. MARYVILLE, TENNESSEE, OCTOBER 23, 1925 NO. 7

WEAVER COLLEGE IS SEVERELY TROUNCED IN A SLOW BATTLE

North Carolina Eleven Finds Itself Far Inferior To Honaker Eleven

12 TOUCHDOWNS

Strong King Tornado To Be Played Tomorrow at Bristol.

It was a roaring, rip-snorting almost perfect football machine that charged up and down Wilson field Saturday afternoon as the Highlanders trampled upon the vastly inferior Weaver eleven to the harmonious tune of eighty-three to nothing.

During the first few minutes of the game the Highlanders succeeded in pushing the pig-skin over for two touch-downs.

Weaver College's small eleven tried every play possible but to no avail. Many times those ends broke through and time and again the Weaver Eleven thrown for great losses.

The mighty battle with King College is to be staged in Bristol next week. This promises to be even a harder tussel than the one played with U. T. two weeks ago.

Coaches Honaker and Thrower say they are more than pleased with the way in which the line and backfield have improved lately. It was marvelous the way the tackles and ends broke through the line of scrimmage and stopped the opposing players in their tracks.

Captain Gamble was only allowed in the game a little while on account of a srained ankle. Coach deemed it best to save such material as Joe until the King game this week. Jimmie Holland, the old ''Stand-by'' was doing his stuff in the line as per usual. The little fellow, Byrd, shone like a diamond in the sky at half-back. He showed his ability as a football man when he recovered a fumbled punt and ran for a touch-down.

(Continued on page four)

WORLD COURT TO BE CONFERENCE SUBJECT

Maryville Will Have Thirteen Representatives To Be Elected By Students.

A conference fostered by the Y. W. C. A., Y. M. C. A. and Student Volunteer Movement of the State of Tennessee is scheduled to take place shortly after Thanksgiving Day at Chattanooga.

The tentative program calls for leaders, such as: Dr. A. Bruce Curry of the National Council of Christian Associations; Mr. Milton T. Stauffer, of the National Student Volunteer Movement; Mr. Kirby Page, of the Fellow Ship of the New Social Order; and other outstanding leaders of American students.

Maryville College is entitled to thirteen representatives, as follows: one member of the faculty, the secretaries of the Y. W. and Y. M. C. A.'s, four members each from the Y. W. C. A. and Y. M. C. A., and two members of the Student Volunteer Band. Election of these representatives will be held within the organizations concerned in the very near future. Additional information will be published from time to time, and all the students should make it their business to learn as much as possible about the conference, and make the success of it a part of their prayers.

Statistics On The Game With King College

King College has only won one game this year of the three that they have played. They won their first game, which was with Elon college by a 6-0 score. Tennessee Meds beat them 19-14, and the Quantico Martins beat them 40-0. This, however, does not lessen the strength of the Tornadoes because all of these teams that King has played have been strong ones. The records in previous years with King are as follows: 1914—Maryville 0, King 13; 1916—Maryville 0, King 34; 1922—Maryville 0, King 31; 1923—Maryville 0, King17.

VARSITY RESERVES PLAY FIRST GAME

Lenoir City High Defeated In A Fast Game Last Friday By a Score of 26-0.

Maryville Reserves took a day off from Varsity scrimmage and journeyed to Lenoir City, Friday afternoon, for a game with the local High School. Eighteen men made the trip and all saw service in amassing the 26-0 score over the Loudon Countians. The party was ably chaperoned by Coach Thrower and Manager Courtner.

The Scrubs played a punting game during the first two epochs, McCulloch and Dunn doing the booting, and failed to gain a first down. Lenoir's defense wore itself out against the Maryville line and was never threatening, their only gains being three first downs gratuitously given on their end of the field.

During the second half Maryville opened up with a driving offsense which netted them a touchdown during the first four minutes, to which they added three more touchdowns before the final whistle, ''Corky'' Crawford and ''Billy'' Givens each drop-kicking the ball for point after touch-down.

The backfield punch was furnished by Crawford, Morton, and Crawford, directed by ''Shimmie'' Brown, four year scrub. ''Billy'' and ''Corky'' frequently got away for long gains. Geasland, Taylor, and Lewis showed real stuff in the line, and ''Fats'' pulled the sensational by blocking a punt and running 45 yards only to be overtaken by Thomas on the 15 yard line. Later in the game he got revenge when he bocked another punt and stepped 25 yards for the final touch-down. Maryville earned 13 first downs in the last half.

''Possum'' Yearout, fighting little end ,was Lenoir's best bet, stopping everything that came his way.

OPEN SENIOR PARTY IS WELL ATTENDED

The first open senior party was held last Friday evening at the home of President Wilson. Every senior was present and as this was an open party a great many were present that belong to other classes. It was estimated that there were about 140 people present, including the chaperons. The greater part of the evening was spent in getting acquainted. Refreshments were served and the party broke up. The seniors wish to thank Dr. Wilson for his kindness in allowing the party to be held at his home. There will be no senior party on the 30th, as has been the custom in past years.

COLLEGIATE CUSTOMS AND DRESS OF LONG AGO VERY DIFFERENT

College Sport Wore a Mustache And Girls Wore Long Sweeping Skirts.

NO AUTOS THEN

Seniors Walk Now Instead of Riding to Parties In Wagons.

(By Jessie Post)

Old M. C. was here a certain number of years ago, about the time our fathers and mothers were ''that wild younger generation''. One of us would hardly have been able to recognize College Hill then. There were only a few buildings, among them Memorial and Baldwin. And in that funny time the boys lived in Memorial and Thetas and Athenians were brothers and sisters. The Deans weren't troubled by the evil influence of the automobile. It was buggy riding then. The college sport wore a mustache of the drooping variety and the college belle wore sweeping skirts and high collars. They all went to chapel on the second floor of Anderson where many of us now go after chapel. They made up for their small number by their liveliness.

Serenaded Miss Molly

During Miss Molly's first years which, we will say, weren't so very long ago, some of the boys used to serenade her. They hid themselves behind some bushes in front of Baldwin and sang a song that they had adopted for the occasion. Tradition said it was a very sweet

(Continued from page three)

"ENEMIES OF YOUTH" SUBJECT OF SPEECH

Problems That Confront College Men Will Be Brought Out At Meeting.

In the introduction to his book ''Men, Women, and God'', A. Herbert Gray writes that dangers confronting young men are not avoided by legislation of propaganda work but by a new wisdom and courage in education, and by a new honesty to face ourselves and our natural instincts.

The problems are many which confront the young men and especially the college students, and the Y. M. C. A. realizes its obligations toward the student body. For this reason, Mr. Bishop has asked a medical man to speak at the Y. M. C. A. meeting next Sunday afternoon at 1:30 o'clock. In Dr. M. F. Haygood, who is the City Health Commissioner of Knoxville, he has obtained a man well versed in the subject, and able to bring his subject ''Enemies of Youth'' before his hearers in a very impressive way. He is not unknown to the older students, having taken an active part in the ''Life Work Conference'' of last year.

All boys are cordially invited. Please remember the change of time, 1:30 o'clock instead of 1:00 o'clock.

Among the visitors attending the football game Saturday were Lucile Carmichael, from Carson-Newman; Sally Robinson, Curtis Robinson, and Dick Pickens from Weaverville, N. C. They were the guests of Margaret Pickens over the week-end.

''Jimmie'' Cartwright was called home Tuesday by the serious illness of his father. Cartwright's home is in Cleveland, Tenn.

Football Games That Are Scheduled For Tomorrow

Maryville vs. King College at Bristol.
Tennessee vs. L. S. U. at Knoxville
Alabama vs. Georgia Tech at Atlanta
Florida vs. Wake orest at Gainesville
Univ. of Pennsylvania vs. Chicago at Philadelphia
Brown vs. Yale at New Haven
Tulane vs Northwestern at Chicago
Sewanee vs. Kentucky at Lexington
Carson-Newman vs. Gallaudet at Jefferson City

COLLEGE GLEE CLUB NOW GLEE SINGERS

Fifteen Men Have Been Chosen By Competative Try-outs For Places on Club.

The organization formerly known as the Mer's Glee Club is now The as the Men's Glee Club is now ''The Maryville College Glee Singers''. Many schools in the east have their Glee Singers, and as Maryville is always abreast of the times we have our Glee Singers also.

Great things have been done by former Glee Clubs, and the Glee Singers of this year are going to live up to all expectations and to the reputations made by these clubs.

The organization is now complete, with a personnel composed of the best vocal talent on the Hill. Those men who were fortunate enough and ''good'' enough to ''make'' the Glee Singers are: Raymond Anderson, president; Walter Matthews, Roger Rusk, and Ralph Lawson, first tenors; Dewey E. Eitner, Robert Bishop, Lamar Milling, and Julian Johnson, second tenors; Chas. F. Webb, Robert Anderson, Robert Jentzen, and Walter Buchanan, first basses; Albert Cook, W. B. Jones, and Edward Hamilton, Manager, second basses.

The old students will note that there are several new men in this year's organization. These men are all first-class vocalists and have secured a position in the ''Singers'' only through their ability and talent.

Prospects are indeed good for the best season in the seven years that Maryville has boasted a Glee Club. A tentative schedule of concerts has been arranged which promises to be the most extensive ever made by any former club.

There are high standards which have been set by the former clubs, and the Glee Singers of 1925-26 are going to do their best to equal these standards and to surpass all records.

NORTH CAROLINA CLUB ELECTS ITS OFFICERS

The students from North Carolina stole a march on the other states when they organized and elected officers for the year. This club is plannig to hold a party at a later date.

The officers that were elected are:

Thelma Whitted - - President
Conner Banks - - Vice-President
Ashley Theodore Hawn - - Secretary-Treasurer
Cleland Calfee - - - Editor

Marie Elmore spent the week-end at her home in Cleveland, Tennessee.

NINTH ANNUAL ROLL CALL OF RED CROSS TO COMMENCE SOON

Annual Drive For Membership Starts on Armistice Day.

COOLIDGE PRAISES IT

Students In All Colleges And Universities Are Urged To Aid Cause.

Seven years ago the curtain of molten steel which had shut out nation from nation and people from people, was lifted to disclose a world made over. Spent and breathless, the peoples of the earth emerged from under this barrier to find themselves in a new era.

First to sense this change was the AMERICAN RED CROSS. From an organization bending every resource to meet war needs, it turned to a peace program which in itself, and in the manner in which it has been executed, is a monument to American vision.

Sharing in this achievement have been the college men and women of the United States. Wholeheartedly they have accepted the Red Cross program, and with the spirit characteristic of American youth, have made it their own. An important part of the Red Cross program has for its aim the elimination of useless deaths from accidents, whether in the water, or from every-day mishaps. The toll from this cause is just beginning to be realized, and it is to the credit of the country's universities and colleges that they are meeting the situation in the way it demands. In the University of Kentucky, for example, First Aid has been made an accredited course. While academically listed in the college of arts and sciences as a subject, it is elective for students in all the colleges of this university.

President Frank L. McVey, of the Kentucky institution, makes this observation: ''Instruction in First Aid is a matter too long neglected

(Continued on page four)

CLASS FOOTBALL TO BEGIN TOMORROW

Freshmen and Juniors Are Grooming For The Coming Clash.

The first inter-class game will be played Saturday when the strong Junior team bucks up against the Freshmen squad.

The Freshmen are an unknown quantity at yet, but they have a wealth of material and should put up a good fight. The winner of this game will play the winner of the game between the Seniors and Sophomores, for the championship of the Hill. This latter game is scheduled for a week from next Monday.

These class teams have been practicing for several days and promise to be in good condition by the time the games take place. All men are eligible to play on one or another of these teams and they should take advantage of their opportunity.

This is the second of a series of inter-mural athletic contests which are being conducted by the Y. M. C. A. The tennis tournament, the first of these events, has not been decided, as yet. The next contest will be a cross-country run which will take place next Thanksgiving.

The results of the King game will be announced quarter by quarter by ''Shorty'' Cragan, at the Freshmen-Junior game.

WORLD PROBLEMS

A question that is soon to be answered is whether the students in the colleges of the United States are interested in world problems. Of course there is a passing interest that is aroused by arguments in the various class-rooms and in the newspapers. But whether the students are vitally interested in the work of the American government and the governments of other nations will be brought out in the conference to be held in Chattanooga on November 27, and in various other student conferences throughout the country.

Congress convenes on December 17th and a great many problems will come up that will affect every citizen in the United States. Among these questions that will come up for debate will be the one concerning the World Court. That there should be some organization for the purpose of preserving peace in the world is a certainty. The League of Nations is an organization for that urpose. This organization, however, is not so constituted as to give a satisfactory guarantee of peace to the nations of the world. The world court as it was proposed some time ago does form a more satisfactory plan than the League of Nations.

Suppose the united voice of the students of America - after a thorough-going study of the possibilities of the World Court as a means of bringing ''Peace on Earth''—could be brought to bear on the present congress—what a difference it would make in the debate beginning December 17th. No more important than this, if the present generation of students should really begin to concern themselves [illegible] about peace and good will [illegible] of the earth, what could this not mean to the world [illegible] or fifteen years hence. [illegible] this same group of students [illegible] throughout the nation [illegible] world!

ENTHUSIASM

[illegible] of the most essential characteristics that a man can have is enthusiasm. Nothing of any importance can be ''put across'' in this world without it. No fame, no name has ever been gained except through belief in oneself, backed by whole-hearted effort which makes long hours pass quickly and hard work a pleasure. Unless, however, one has [illegible] and lasting an abiding faith in his project and in his ability, enthusiasm will come to naught, and one cannot successfully carry it out.

Enthusiasm is the key which opens the hearts of the people. It carries one forward with a rush, overcomes obstacles, surmounts difficulties, beats down opposition and gains the goal. This characteristic can be used successfully in all the ways of life. On the football field, in the lass-room, or in the busy ways of trade and industry, it is all the same. People like pep and their plaudits and rewards are for the fellow who goes at his work with heart and soul.

In school, probably more than anywhere else, can this quality best be developed. Dull studies can be made interesting by putting into them that earnestness that one ordinarily reserves for those studies which he likes. In athletics, enthusiasm will win for one a place almost as quickly as will natural ability.

Teachers and students alike look with favor upon the one who possesses this much to be desired quality of nature. Let us begin now to show enthusiasm in all things which we undertake.

HIGHLAND FLINGS

—MC—

Will the Highlanders remove the King's crown?

—MC—

Professor (to class after a poor recitation): ''Class is dismissed. Don't flap your ears as you go out''.

—MC—

The huddle system is not so good in a game, but it sure works on the sideines.

—MC—

Oswald says everything was lovely at the senior party. Put the emphasis on the love.

—MC—

NOW PERCY!

This was overheard coming from a secluded spot in one of the rooms at the senior party.

''Oh Dearest, do you really love me?''

''Well say, ain't I doin' my best?''

—MC—

''Nigger, where I come from they used to play marbling with bowling balls.''

''Dat's nothing. Whar I come from they used to play tiddlywinks with manhole covers.''

—MC—

IT'S REQUIRED

The guy that got a ''D'' in his Spanish exam the other day says that the language is too full of conditional clauses.

—MC—

No Rosalind, we do not get Rhodes scholarships in Oxford bags

—MC—

Usher: ''How long has it been since you've been to church?''

Sneed: ''I've been in school three years''.

—MC—

Gray wants to know if when one kisses a girl and she resents it, whether it will be all right for her to give it back.

—MC—

A HINT FOR PEARSONS

The bottom of a berry pie can be waterproofed by mixing a small amount of lime in the flour.

—MC—

It's easy enough to giggle
At a joke that's full of vim,
But a man worth while
Is the man who can smile
When a raw one is pulled on him.

—MC—

The profs who tell you not to let the side-shows interfere with the main circus have never been to some side-shows.

—MC—

NO DEAN THERE

Our idea of a bum job is being the registrar at a barber shop. It would be so hard to keep track of all the cuts.

—MC—

LIMBURGER

Desperate Desmond (sneeringly) 'How can you love that piece of cheese?''

Heroine: ''Ah, but he is so strong.''

—MC—

SNIPES!

Grossen says that he caught four but they were so big they got away. He liked the sport so well that he and Nichols are going to organize a hunting club. He says that they are only going to have two members in the club until next year.

—MC—

ADVICE TO FRESHMEN

These three characteristics are essential to a good snipe hunter: Ignorance, Patience, and Caution.

J'EVER

Notice the line-up on
A Sunday morning, not of the
Football team, but of those
Dumb-bells on the sidelines
In front of the various drug stores
And Business places in town? And
J'ever hear some of the cute remarks
Made about the girls as they pass by
With their escorts? Most of these boys
In the line-up are the ones whom the
Girls wouldn't moonshine with
Anyway, but we girls have seen
And heard 'em,
J'u ever?

INTERCOLLEGIATE NEWS

James Whitfield, a member of the University of Illinois freshman football team, received a broken back while scrimmaging with his mates against the varsity eleven. The frosh were attempting to stop a driving offensive practice headed by Red Grange. Little hope is held for Whitfield's recovery.

A Sophomore at Evansville College has invented a typewriter the keys of which are operated by electricity. The Remington Typewriter Company is trying to purchase his invention.

A debating team from Oxford University is debating several eastern universities on questions that are up-to-date, such as: the question of the world court; the question of the employment of women and the question of governmental restriction of personal liberty.

Many occupations are engaged in by students who need money. One man at Iowa State cares for a baby while the parents are out for the evening; another earns by preaching in a nearby church.

The students at Wabash College, Indiana, have compromised on the question of forbidding cars on the campus. Those who have a dean's permit may drive cars, and others may drive cars from Friday evening to Monday morning.

''This is why men leave home'', muttered the landlord, as he raised the rent.—(Jacko-Lantern)

song but the words have not come down to us.

The football team was in its infant stage then. The very first team was organized by a Japanese student whose name the college still delights to honor—Kin Takahashi. The suits were home-made and there were no headgears. The football men wore longer hair instead to protect their ''cabezas''. There was no coach to amuse them by telling jokes. Even though they may have lacked everything else they did not lack spirit for they beat U. T.

The mid-winters were local talent affairs. They debated and orated with a great deal of energy. The societies were earnestly literary then rather than being political or social organizations as they are now.

All Played Snap

Snap was in its glory then. Everyone played it in the old chapel. We think it probable that just as many girls fell—then, into someone's willing arms.

Went Hayriding

Once upon a time there was a hay-ride to a place the Seniors may have heard of—Mrs. McIlvaine's. The party reached there joyous as ever and disembarked for refreshments. Now there were some very jealous young men who had not gone on the hay-ride but decided to have a party of their own. They wandered out to McIlvaine's and happened on the empty wagon. Since they were really very jealous, it occurred to them that they might play a joke. They carefully dismembered the poor wagon carrying four different parts of it to four different corners of a large field. All this finished artistically they wandered home again playing other tricks on the way. Tradition does not say how the joy-riders got home, perhaps they walked.

When we consider how their days were spent and then turn to ours we find a great difference. We go to bed at ten o'clock and rise at seven. The hours between our rising and sleeping we spend in a great deal of plodding. We study very hard trying to coax an A out of our teachers and get only a B. The seniors went to McIlvaine's, but they walked both ways. And the boys never think of serenading Miss Molly. Even snap doesn't hold our interest. Everyone shows interest in the U. T. game but how long will it last? Perhaps about thirty years from now the students of that generation will look back and sigh to think of the good old days. (Perhaps they, too, will find us an interesting subject for a story).

Violet Wilson and Maxine Fritzsche of Rockwood, Tenn. were the guests of Wilhelmina Fritzsche and Almeda Burns for a few days last week. Wilhelmina Fritzsche returned to Rockwood with her sister Maxine to spend the week-end.

LITERARY SOCIETIES

Alpha Sigma

Everybody come up Saturday night and let's have another great big meeting.

Alpha Sigma is growing at a steady pace. We took in twelve men last Saturday night and we're going to keep up the good work. Come and listen in Saturday night and talk over the King game. We are going to have a sport program and it's full of pep ''sure nuff''.

Athenian

The word debate is a very familiar word to the lovers and backers of forensics on College Hill. Debate means to argue or to discuss the pro and con of any question, and to try to bring about a decision. Last Saturday night a decision was brought about by a lively contested debate in Athenian Hall. This was an unanimous decision to the effect that the United States should maintain an air force equal to that of any foreign power. But there are still some other questions of international importance to be settled. Next Saturday night another one of these questions will be settled. This question is resolved: That the U. S. should show no undue discrimination toward the Japanese immigrants. This question will be discussed by men with wide experience in the science of debate. The affirmative will be upheld by Charles Johnson and Hopkins. The negative by Julian Johnson and Pemberton. Julian Johnson is a veteran of two years intercollegiate debate and Charles Johnson and Pemberton have had one year of experience in college debate.

Theta Epsilon

Theta Epsilon Society met Saturday evening, October 17th and the following program was given: Opening prayer, Jessie Lee Goodson
The History and Purpose of Theta as a Literary Society - -
Roberta Creswell
Translation of Theta Epsilon and Alpha Sigma
Sketch: ''Just a Flower from an Old Bouquette'' - Theta Girls
Theta Song

About fifty-five new names were presented for membership at this first meeting. New girls we could begin to tell you how glad we are to have you with us and to become a part of us. Theta needs you and you need her. We know you are going to love her as much as we do, for next to the word ''Home'' comes ''Theta''.

Welcome to Theta.

Bainonian

Bainonian Literary Society held its first regular meeting last Saturday night.

As usual feature of the evening was the presentation of a beautiful banner by Mrs. Alexander. It was sent to us by Dr. and Mrs. Robertson. The latter was a graduate of Maryville in the class of 1911. She wished to show that she still thought of Bainonian so she sent this banner which she prized very highly. She was an active member of our society while in college and this gift shows us that she still is a loyal Bainonian.

This was followed by a vocal solo by Miss Agnes Houghton and a reading by Miss Schibler.

Eighty-five new members were enrolled, and we feel sure that there will be others, who as yet are undecided.

New girls, we are indeed glad to welcome you into our society. We want you to make it your society and to help us make it the very best one possible. So Bainonians, cooperate with your social chairman. Miss Phyllis Anderson, in anything that she may ask you to do. Never say you can't be on the program; Just say, ''I'll do it. Thank you for the privilege.''

WEAVER COLLEGE IS SEVERELY TROUNCED

(Continued from page one)

Shorty ''Flash'' McCall broke loose two or three times, several minutes after the ball had been snapped, when he wiggled out of somewhere carrying the ball and *walked over for* a touch-down.

Billie Crawford during his stay in the game was ''cute as could be''. His running was marvelous as one small co-ed exclaimed from the side line.

The whole team seemed to be playing inspired football. The entire outfit was working just like a brand new Cadillac eight.

The Highlanders will have their mettle tested tomorrow when they play the King Tornado in Bristol. They are out-weighed both in the line and backfield. But this should not cause them any undue concern, because the *speed* of the Highlanders will overcome the extra weight.

A good many men have been on the sick list and unable to practice, but they are all about well now, and are going to Bristol to bring home the bacon tomorrow.

Line-up for Weaver game:

Maryville (83)		Weaver (0)
Shores	left end	Jordan
Harvey	left tackle	Bartley
Holland	left guard	Carter
Stone	center	Croy
Brown	right guard	Pigeon
Brock	right tackle	Kennedy
McCall	right end	Hampton

Byrd	right half	T. Tuttle
Gamble (capt.)	full-back	Lyde

Substitutions: Maryville— Davis for Gamble; Sneed for Byrd; Puff for Stone; Puff for Holland; Taylor for Cartwright; Dunn for Shores; C. Crawford for McCall; L. McCall for Cartwright; Lewis for Brown; Hale for Harvey; Anderson for Holland; Stanley for Puff.

Weaver—Teague for Jordan.

NINTH ANNUAL ROLL CALL OF RED CROSS

(Continued from page one)

in our colleges. Somewhere along the line of education such instruction should be given and if not in high schools certainly in the colleges.—Such a course comes to have standing in the department offering it and has real value as an educational factor.''

Other faculty members speak in equally high terms of this work, which is not new in this particular university, but is representative of their attitude.

Not the least practical and certainly the most general, however, has been the reception accorded in America's colleges, to the Red Cross Annual Roll Call, during which the strength to carry out this vast work is built up through membership. The NINTH Annual Roll Call will be held this year from Armistice Day, November 11, to Thanksgiving, November 26. President John Grier Hibben, of Princeton, has accepted the Chairmanship of the College Roll Call in the Eastern area.

In a letter to the people of the United States this year, President Coolidge states that the worth of the American Red Cross has been proven not alone in war but in peace.

Students in Maryville should respond heartily to this roll call.

DO YOU KNOW? ''HOW TO STUDY''

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

''It is safe to say that failure to guide and direct study is the weak point in the whole educational machine.''—Prof. G. M. Whipple, Univ. of Michigan.

''The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked''.—Prof. H. S. Canby, Yale.

''Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain.''—Prof. G. F. Swain, M. I. T.

''To students who have never learnt ''How to Study'', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment''—Prof. A. Inglis, Harvard.

''HOW TO STUDY'' will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

JOHNSON & KIDD

BEAT GEORGETOWN TOMORROW

The Highland Echo

BEAT CUMBERLAND WEDNESDAY

VOL. XI. MARYVILLE, TENNESSEE, NOV. 7, 1925 NO. 8

Armistice Day Game to be Played With Cumberland U.; Georgetown Here Tomorrow

THE FOOTBALL TEAM WILL PLAY THREE HARD GAMES IN EIGHT WEEKS; TWO OF WHICH ARE TO BE PLAYED AT HOME AND THE THIRD WILL BE PLAYED AT MIDDLESBORO.

Georgetown College tomorrow, Cumberland University Wednesday, Lincoln Memorial University a week from Saturday, is the program the Highlanders will present to grid fans.

Maryville will enter the game with Georgetown tomorrow as slight favorites because of their recent victory over King College. The game nevertheless will be hard fought and close. It has been several years since Georgetown has played Maryville and fans are looking forward to a treat tomorrow.

It is not probable that Coach will change the combination that worked so well against King two weeks ago. The team has had a good rest and should be in fine condition for the first home game in three weeks.

As part of the Armistice Day program the Highlanders will meet the Cumberland University team. This game will compare with that of Kentucky State and Tennessee that were played earlier in the season. According to ''Old Man Dhoap'' Maryville will lose this game by 12 points. But everyone knows that ''Old Man Dhoap'' is mistaken occasionally as was evinced last week when Illinois beat Pensylvania. So will he be in this case.

Two years ago Maryville whalloped the Cumberlanders by a 9-3 score. They will be trying to get revenge for this defeat and will no doubt be in prime condition. When Maryville played Cumberland the last time the latter had Tiny Knee playing with them. This gentleman is coaching them and the Highland-

(Continued on page four)

Y. M. C. A. PRESENTS WELL KNOWN SPEAKER

Judge Johnson Will Address Association On Different Phases of War.

Next week, Armistice Day will be observed. It is therefore only fitting to stop for a time and consider the great war once more, but it will also be helpful to meditate upon the results of the seven years of peace that have followed it.

''War, its causes, consequences, and solutions'', will therefore be the topic for the Y.M.C.A. meeting next Sunday afternoon at one o'clock when Judge Sam Johnson will speak to the students.

The time has come when students must take a stand either for or against war, and Judge Johnson is a man who is able to discuss this subject. The world is vitally interested in how it can main in world peace. The League of Nations was founded for this purpose. The proposed World Court is for the purpose of keeping peace in the World. Now the students are urged to become more interested in the problems of the world. Come out next Sunday and hear Judge Johnson tell you about the various ways a nation can preserve peace.

Mrs. Franklin of Erwin, Tenn. visited Eleanor and Wilbur Franklin a few days this week.

HIGHLANDERS DEFEAT STRONG KING TEAM

Hamilton's Long Punts Stave Off Any Threatening Attack Of Tornado.

SCORE 10-0

McCall, Clemens, Hamilton, G. Crawford, Shores and Stone Star.

The light but fast Honaker team journeyed to Bristol last week and trounced the King Tornado by a 10-0 score.

Maryville has played King many times in previous years but this is the first time in recent years that a Highlander aggregation ever beat a Tornado Eleven.

The score does not indicate the difference in the teams for almost the whole game was staged in King territory, the Bristol team having the ball in their possession only once beyond the 40 yard line. In every way King was outplayed by the Highlanders, the Maryville backs continually ripping the King line durng the first three quarters. Maryville is indeed fortunate to possess such a star punter as Hamilton. By his splendid punting any serious attack the Tornado uncovered was staved off.

First Touchdown

The touch-down came during the first few minutes of play. Stone kicked-off and Shores recovered the ball on King's 20 yard line. John Crawford bucked the line for 5 yards. Then ''Flash'' McCall placed the ball on the 5 yard line by a quarterback sneak. On the next play he succeeded in pushing the oval over for the first touchdown through center. ''Ham'' kicked a goal from placement for the extra point.

Most of the remainder of the period was a punting duel between Sachett and Hamilton, with the latter gaining the edge, for when the period neded, he had the King team backed up on their 20 yard line. Sackett got off a poor punt, and after two plays ''Ham'' booted a beautiful field goal. ''Ham'' really has an educated toe which has earned Maryville many a

(Continued on page three)

SWIMMING POOL WILL BE OPENED FOR USE SOON

Minor repairs are being made on the swimming pool and it will be opened for the use of students soon. The pool was not opened at the beginning of the year due to the shortage of water. This shortage was caused by the severe drouth during the past summer.

The pool should be ready for use by Monday. The boys will be allowed in the pool on Mondays from 10:30 to 11:30; on Tuesdays from 4:30 p. m. to 5:30 p. m.; on Thursdays from 4:30 to 5:30 p. m.

The pool will be open for the girls on Mondays from 9:00 a. m. to 10:00 a. m; on Tuesdays from 3:30 to 4:30 p. m.; on Wednesdays from 3:30 to 4:40 p. m.

CAST IS SELECTED THAT WILL PRESENT FIRST GRAND OPERA

Glee Singers Are Sponsoring The Presentation of This Play.

MISS STAATER, DIRECTOR

Nine Men and Seven Women Will Take Part In This Production.

The Grand Opera Company of Maryville College is rounding into shape for its first performance which will be given on November 30th. The cast has been chosen and the work of making a real opera has begun.

Miss Staater's work in drilling a chorus is little short of marvelous. A green band of singers have been changed into a graceful and well trained chorus. Mary Chris Benn, Florence Black, Nell Johnson, Elizabeth Griffes, Bland Morrow and Rachael Strickland form a set of chorus girls that would make Father Jiggs' stage beauties fade away. Dressed in the full costume of our great-grandmothers, they put to shame the pictures of the famous beauties found in the family album. Nine men of the Maryville College Glee Singers, Julian Johnson, Bob Bishop, Ralph Lawson, Dewey Eitner, Robert Anderson, William Crowder, W. B. Jones, Roger Rusk and Robert Jenson, will give us an idea of the concert that will be given by the 1925-26 Glee Singers. Each singer is picked from the Music Department and is specially trained by Miss Staater. Such a chorus as will be presented on the night of November thirtieth will be a new and well greeted feature to Maryville entertainments.

Among the main characters, twelve in number, Jimmy Rule as Rose and Raymond Anderson as Richard St. John, stand out as the classic hits of the evening. All Maryville has heard Jimmy, the girl from Birmingham sing, and has proclaimed her one of the best artists on the Hill. A sweet girl will be seen in Rose and a most beautiful soprano voice, that ought to make more than Raymond fall

2:00 p. m.—Cumberland University vs. Maryville on Wilson Field

8:00 p. m.—Minstrel Show in Alumni Gym.

MINISTERIAL ASSOCIATION

At the meeting on October 28th. Prof. Davis gave a very interesting and instructive talk about the Greek manuscripts of the New Testament.

At the meeting last Wednesday, November 4th, William Swain preached a sermon to the Association. His subject was, ''The Spirit of Christ''. Come out fellows, we had thirty-one out to our last meeting.

WORLD PROBLEMS ARE DISCUSSED AT FORUM

Meetings Are Held Every Monday in Theta Hall For These Discussions.

Last Monday afternoon there came together in Theta Hall sixteen students to take up a discussion of the World Court and the question of our entrance into it. The motive behind their meeting was a desire to fit themselves to vote intelligently on the question of our participation when the issue is definitely placed before the students of the United States next month.

They learned that the need for an efficiently functioning World Court is greater today than ever before. They studied earlier attempts to achieve such an organization. And they decided that as students, and further still, as citizens of the world, some responsibility in the matter is theirs.

Next Monday afternoon at one o'clock in the Y. W. C. A. Reading Room they will meet again to discuss the actual organization of the World Court.

The meetings take the form of an open forum. A leader for each week is appointd from the group to guide the discussion, but every person present is expected to contribute an opinion or at least a question.

After the study of the World Court issue the Forum discussion will be continued on other questions of national and international interest.

The Forum is open to all students interested in the thing of vital concern to themselves and their nation.

OHIO CLUB HOLDS ITS FIRST MEETING OF YEAR

The Buckeye rally call boomed through Pearson's Hall a week ago Friday and nearly thirty-five Ohioans proudly renewed ties of Buckeye fellowship in the first meeting of the year of the Ohio contingent at Maryville College.

The Ohio club was organized at the meeting, which provided a means of everyone introducing himself or herself to the rest of the Buckeyes in the room. Plans were launched for a Buckeye party soon, and efforts of the officers are now being directed toward preparing a place and a proper time for the affair.

The officers of the club were elected as the first step in the organization of the club. Gordon Harold, the oldest Ohio boy here was elected president. Harold is a junior. Ellen Cowan, a sophomore was elected to the vice-presidency. Emma Snedaker claimed to be the oldest Ohio girl here, was named secretary and treasurer, while Louise Huff, a Freshman was appointed editor.

Inasmuch as quite a few of the faculty of Maryville College come from the ''Presidents' State'' it is expected a good faculty representation will be seen on the committee.

PROGRAM ANNOUNCED FOR ARMISTICE DAY BY AMERICAN LEGION

Magnificant Floats Will Be Seen In The Gigantic Parade In Morning.

FOOTBALL GAME

Day Ends With a Minstrel Snow That Will Be Given In The Alumni Gymnasium

The students of the College will have a vacation next Wednesday which is Armistice Day. The

In the evening at 8:00 p. m. the celebration for that day.

The first thing on the program will be a gigantic parade. All the business men in town will enter floats; the students in the various schools in town will march; the 178th Field Artillery will be in uniform; and all the fraternal organizations in the city will be in line. The parade will pass along Main street at 10:00 a. m.

Then comes the big event of the day when the Maryville Highlanders meet the Cumberland University team on Wilson field at 2:00 p. m. A record crowd is expected to attend this game. Many will come from Knoxville to attend this red letter event.

In he evening at 8:00 p. m. the American Legion will give a minstrel show. This minstrel has been given every year and it has always been of the highest order. The cast is made up of both town people and college students. Last year the Alumni gymnasium was crowded, so students buy your tickets early in order to be sure of a seat.

The program for the minstrel show is as follows:

PART ONE

Opening Chorus—Entire Company

Mindin' My Business—Harry Bird

Bells of The Sea—Harry Galgon

(Continued on page three)

DECIDING TILT OF THE CLASS GAMES MONDAY

Bishop and Gillingham Star For Seniors; Layman Best Player for Sophomores.

Next Monday at 3:30 p. m. the juniors will meet the seniors for the class foot ball championship of the school.

The Junior team beat the freshmen team by a score of 20-7 two weeks ago. Last week the Senior team beat the Sophomore team by a score of 20-0. Judging from these results the game next week should be a close one. What is now the Junior team has won the championship for the past three years, but the seniors feel that they have an equal chance this year to win.

The Junior-Sophomore game was a hard fought and close game. Downey and Julian Johnson starred for the Juniors and Boyd was the outstanding star for the Freshmen.

In the game between the Seniors and Juniors Bishop and Gillingham starred for the former team and Layman and Nichols for the latter.

The line-up for the game next Monday will be:

Seniors		Juniors
Seaton	l. e.	Ashwonder
Eitner	l. t.	E. Buchanan
Malcolm	l. g.	Cofer
Anderson	c.	Cook
Bell	r. g.	Morris
Richmond	r. t.	Gray
Milling	l. e.	E. Johnson
Gillingham	q. b.	Downey
Lippard	l. h.	Caldwell
Edsall	r. h.	J. Johnson
Bishop	f. b.	Spivey

THE SMALL CHRISTIAN COLLEGE

If one would take the time and trouble to peruse the attendance records of our school for the past few years, he would notice that the attendance has increased one hundred per cent in the past five years.

A study of the same statistics of other schools would reveal a remarkable similarity to our own. Nevertheless one can also compare the increase in attendance in the small college and the large university and one will find that the relative percentage in the increase in attendance is nearly th same. This would seem to answer the ever present question as to whether the small college is being over-shadowed by the large university. We do notice the fact that some students attend a small college for the first two years and then are drawn to the larger school. The university seems to have the same attraction for them as does the bright lights of a great city to a country boy. But the most of these students are not in college to receive the kind of an education that is acquired in thhe classroom, but rather attend college because of the social activities that one finds in college. Some go merely to say that they have attended college. In other words they go to school ''for a good time''. The large university does offer more advantages socially than do most of the smaller schools. But is this the primary reason for attending college? For most persons of the *bourgeois* it is not.

On the other hand the smaller college is more advantageous than the university along some other lines. In the classroom there is a more intimate relationship between the teacher and his pupils. In many cases the professor knows his pupils personally and by means of this personal contact the student may benefit materially. The classes are not so large and the recitations take more the form of questions and answers. Now, take the situation in a large school. Oftentimes there are hundreds in a classroom. Lectures take the place of the recitation. The teacher never takes a personal interest in the student and therefore the student loses interest in recitations. Most college students are not mature enough to benefit by these lectures.

The student in a small school has more of a chance in athletics than do those in the larger schools. Men and women who would not even ''make'' the squad in universities often become members of regular athletic teams in the smaller institutions. Because of the smaller numbers coaches come to know their proteges personally and give personal attention to those who have only mediocre ability. In a college like our own, there are no paid players and we have no tramp athletes, and yet we put out teams that hold universities to good scores.

Furthermore small christian colleges develop that side of man that is neglected almost entirely in large schools. Chapel is held very seldom in most universities, and many students miss this valuable part of school life. Compulsory attendance of chapel and church services forms good habits which will be hard to break by the student when he graduates. Some christian influence must be brought to bear on students who are taking sciences for the major portion of their course. The student receives a mere smattering of scientific knowledge which would destroy his faith if this knowledge were not interpreted by the religious influence that is found in the christian college.

Students, you who are planning to attend some larger school for the next year, before going, consider the advantages that Maryville, as a small christian college, offers you.

CO-ED ATHLETICS

Several days ago a part of a conversation was overhead between two ladies who were standing on Main street. They were watching some of the college girls who were passing. Although these girls were rather pleasing to the eyes they didn't seem to please these two women, for one of them was heard to say, ''Look at that, will you? I would like to know where the men of tomorrow are going to get their wives?'' Dr. Wilson that very morning in chapel had said, ''He, (refering to the chapel speaker) as most Maryville men, found his wife here''. Remembering that statement, and bearing in mind the mating instinct as demonstrated on the campus after dinner, one may conclude that what has happened in the past will happen in the future. But then the question is asked, what kind of women is Maryville producing?

We as Maryvillians have always been proud of the fact that Maryville develops the three-fold side of man, the mental, the spiritual, and the physical. By man we have always meant both men and women. But does Maryville develop the three-fold side of its men? Maryville men and women both get the highest mental development possible. And due to the religious endeavors of the faculty and the Y. M. C. A. and Y. W. C. A., we have not lacked the spiritual development. But when we come to the physical development we can hardly say that the women of Maryville have received the opportunities which the men have received.

The primary purpose of athletics is to develop the body. Yet we cannot say that the women do not need to be developed physically. Of course we would not advocate that the girls have a foot ball team. But we do advocate that the girls be given as much of a chance at athletics as the men. The fellows have their inter-class sports; why should not the girls have the same? The thing that we need to do at Maryville is to give the girls a sporting chance; develop the women's athletics that we already have and introduce new women's sports. That is the only fair way to treat our girls. Give them as much of a chance as the men have. Fellows, you will very probably find your wife at Maryville, if you have not already done so, and when you find her you will want her to be devloped mentally, spiritually and PHYSICALLY. —J. Johnson

---

This week is Culture Week on the Campus. Should we not take a week off now and then and become cultured? Culture is not got like the merchandise that one purchases at a store. It comes as the result of practice. We should watch our actions, and if one sees that they should be corrected, make the correction. A man is judged more by his ''manners'' than by any other one thing, so be careful.

If some people did nothing but mind their own business, what a wonderful business they would soon have.

One great source of trouble is that many people think ''either'' and ''both'' mean the same thing.

HIGHLAND FLINGS

—MC—

The record is now broken; no one got left on the mountain hike.

—MC—

The tragedy of college men's lives is that everyone suspects things of him while no one expects things of him.

—MC—

Dewey: Why were you kicked off the Glee Club?

Crowder: Oh, I had no voice in the matter.

—MC—

Man, in speeding car to driver: ''Say, this is a pretty town, wasn't it?''

—MC—

We know a man so collegiate that he has to take two steps before his pants will move.

—MC—

Judging from the way girls dress nowadays, they must be wearing those dresses we've always seen advertised as one-half off.

—MC—

Anyway, the Sheiks that wear Oxford bags don't wear hoops under them.

—MC—

WATTS THAT

We wonder if information on electrical matters can be obtained from current magazines.

Beauty parlors for men.

—MC—

Kathleen: Maynard, is your watch on time?

Maynard: Absolutely.

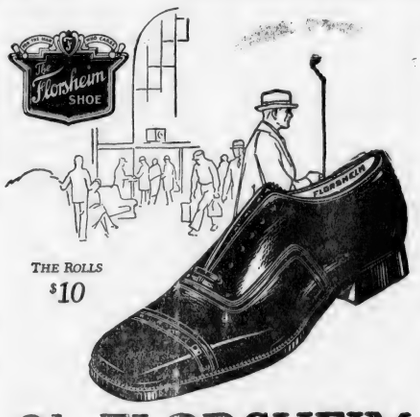
Kathleen: How much have you got to pay on it yet?

—MC—

ADVICE TO FRESHMEN

The Lamp of Learning doens't burn on hair-oil.

Now that there has not been a home game for several weeks, the students seem to have lost all the pep that was noticable at the beginning of the year. There still remain four more games on the schedule and they are hard ones, so let's get that old pep started again. If there's anything that strengthens the morale of a team, it is to hear some good loud cheering.



Georgetown— Cumberland—L. M. U.

HAZING ABOLISHED AT CONNECTICUT AG. COLLEGE

The thin white line of night shirted freshmen is a thing of the past at Connecticut Agricultural College. Henceforth there will be no nocturnal parade of first year men singing ''How Green we are'' with upperclassmen thumping and bethwacking with paddles and upperclass women squealing with delight. An order of the President of the college abolished this parade along with all other forms of hazing.

Because one freshman was seriously injured by the over zealous paddlers the following comprehensive hazing rule is now in force:

''Any initiation ceremony or practical joking that involves physical, personal injury or bodily harm, or the performance, under threat of force of any action that entails the surrender of one's self respect, shall be deemed hazing''.

Another form of hazing that will go is the practice of giving freshmen cold showewrs as punishment for violation of rules.

FIRST JOINT MEETING OF LITERARY SOCIETIES

Theta Epsilon-Alpha Sigma

Brothers have you asked one of your sisters to come to our joint meeting Saturday night? Don't miss the good time there is in store for you by not having a date. We're going to have stunts by each society, and the Alpha Sigma quartette is going to ''do its stuff''. Miss Jennie Edwards is going to give us a few readings which we are all looking forward to. We are going to be favored by a few Spanish songs by Miss Gregory Guchy. After this program there will be that lapse of time in which there will be two main factions: those who want to play games, and those others who in the course of the evening always wander aimlessly into some secluded corner to ''talk''.

That's just part of it, the biggest thing comes last: ''the eats''. So all you brothers see your little sisters and ask them to accompany you to Bartlett Hall at 7:30 p. m. Saturday night and have a big time. Let's make our meeting a success.

Let's Go Theta! Let's Go Alpha Sig.!

Bainonian-Athenian

All old students eagerly look forward to the fall joint meeting of the societies. If history repeats itself we are sure to have a fine time next Saturday evening when Bainonian and Athenians have their joint meeting in Thaw Hall.

The best talent of both societies will be presented in such a manner as to make a very pleasing program. This program will consist of several vocal numbers by ''the one and only Ed Hamilton'', good readings and selections by a mixed quartette. The presentation of a one act farce will conclude the program for the evening. Refreshments will be served at the conclusion of the regular program.

All Bainonians, Athenians and friends are expected to avail themselves of this opportunity to get together and have a real good time.

Among the graduates of the class of '25 who were visitors on the Hill over the week-end were Mabel Higginbotham and Edyth Moore.

CHEMISTRY CLUB ORGANIZED

On Tuesday evening the Chemistry Club held its first meeting of the year. The following officers were elected:

President, Clifford Drake; Vice President, Ruth Ellis; Secretary, Ruth Shubert; Treasurer, William Calvert; Program Secretary, Mary Marston; Editor, Ellen Cowan.

It was decided that the regular meetings of the club be held on the first and third Tuesday evenings of each month. A live, wide awake club is promised for the year.

REGARDING THE HIGHLAND ECHO PUBLICATIONS

There are supposed to be 30 issues of the Highland Echo published during the school year. Last week the first issue was missed. The weeks that the Echo will be missed are decided upon by the Editor and Business Manager. There will be six issues omitted during the year. These will be omitted at a time when there is not much news, so don't feel alarmed when an issue is omitted.

Miriam Swan had as her guest this week, Madell Moore of Dandridge, Tenn.

3 Games—3 victories.

HIGHLANDERS DEFEAT STRONG KING TORNADO

(Continued from page one)

point in games during the past three years.

Muddy Field Slows Game

A muddy field and a drizzling rain made playing difficult. However, there were few fumbles due to this cause. Both teams played a clean, hard-fought game. King was handicapped by the loss of their two stars, Sharp and Gunn, who due to injuries were only in the game for a few minutes. Sharp and Sackett were probably King's best bets. Sharp is a fast man and hard to stop. Sackett is both a good runner and punter.

The whole Maryville team played star foot ball, but McCall, Clemens, Hamilton, G. Crawford, Shores and Stone were the outstanding stars. ''Corky'' played up to standard for the first time, this year. Last year, ''Corky'' was a brilliant broken field runner in the games with the scrub teams. Until this game ''Corky'' had not lived up to the predictions that were made last year that he would star this year. However, ''Corky'' proved that he can run a broken field against any team.

The line-up was as follows:

Maryville (10)		King (0)
Shores	l. e.	Stuart
Hamilton	l. t.	D. Fletcher
Holland	l. g.	Thompson (c)
Stone	c.	Williams
Brown	r. g.	Youell
Brock	r. t.	Davis
Cartwright	r. e.	Hammerstrom
McCall	q. b.	Taylor
J. Crawford	l. h.	Calcote
Clemens	r. h.	Sackett
Gamble (c)	f. b.	Berry

Scoring: Touchdown— McCall. Point after touchdown, Hamilton. Time of periods, 15 minutes. Substitutions: Puff, Byrd, G. Crawford, Harvey and Brock; For King: J. Fletcher, Comiskey, Hager, Gunn, Sharp, Hudson.

Referee: Lowe (Tenn.); Umpire: Parrish (V. P. I.); Headlinesman: Preas (Georgia Tech.)

Ruth Morton, a member of last year's freshman class, visited friends on the Hill this week. Miss Morton is teaching this year in Lenoir City, Tenn.

PERSONALS

Eva and Sallie Vaughn of Harriman, Tenn. were visitors on the Hill over the week-end. The former was a member of the sophomore class and Sallie Vaughn was a member of the freshman class last year at Maryville.

Tell the team you're fighting

Miss Ruth Houghton of Birmingham, Ala. was the guest of her sister, Agnes Houghton for a few days. Agnes Houghton returned to Birmingham with her sister to spend the week-end.

Mary Tippit, '25, was on the Hill several days ago in the interest of Y. W. C.C A. work. As an unofficial assistant to Miss Betty Webb, student secretary of the Southern Division of Y. W. C. A. councils. Miss Tippit boosted the Chattanooga Conference which will be held in November, and also brought up the World Court question.

Stuart Rohre, '25, is teaching and coaching at Yoakum, Texas.

Roy Black, '25, was visiting on the Hill last week. Black was attending the meeting of teachers at Knoxville. He is teaching and coaching at Wheat, Tenn.

Verton Queener, '24, former editor of the Highland Echo is teaching at Portsmouth, Ohio.

Nathan Haworth, '25, stopped on th Hill last week after attending the teachers meeting in Knoxville.

Let's fight with the Team.

ARMISTICE DAY GAME TO BE PLAYED WITH CUMBERLAND UNIV.

(Continued from page one)

ers are soon to find out whether he has developed any men that are as good as he was when he played against them. Knee was mentioned for all-American honors and was an all around backfield man. He could pass, punt or kick.

One week from Saturday Maryville will journey to Middlesboro where they will meet Lincoln Memorial University. This game will be a rest for the Highlanders after the other hard games.

The Line-up for the Armistice Day game against Cumberland University will be as follows:

Maryville		Cumberland
Shores	l. e.	(c) Hicks
Hamilton	l. t.	Martin
Holland	l. g.	Grant
Stone	c.	Humphries
Brown	r. g.	Vaden
Brock	r. t.	Chastain
Cartwright	r. e.	Wesson

J. Crawford	l. h.	Brooks
Clemens	r. h.	H. Knee
Gamble (c)	f. b.	Cockrill

CAST SELECTED THAT WILL PRESENT THE FIRST GRAND OPERA

(Continued from page one)

on his knees, will thrill the audience that comes to hear *In Old Louisiana*. Raymond is president of the Boys' Glee Singers and well known to Maryville audiences by the many entertainments that he has taken a principal part in. His clear tenor voice is a fitting match to that of his "wonderful Rose". Raymond has had all of his musical and stage training in Maryville while Jimmy has had training in High School opera, where she had several leading roles. Characters of a more villianous type will be shown in men like Albert Cook, alias Simon Scudder, Pilot Farley's overseer, a man as bad as Jesse James himself. He is ably assisted by Holly Timms, taken by Roger Rusk and Jack Martin, acted by Charles Webb. The trio are bad and bold, but as you will see on the thirtieth, they are very wise when it comes to pretty girls.

Old Ned, Walter Buchanan turned black, and Judy, old Ned's wife and "de bestes' cook in Louisiana" who under the coat of dark tan is Eleanor Franklin, are the principle comic characters. Their dialogues and ducts are funny enough to literarlly "set the house on fire" with laughter. Monty Gray, a friend of Dick's from the north, taken by Walter Mathews, and Martha St. John, Richard's sister, taken by Agnes Houghton, give a romantic touch to the comedy and a rare sight of a northern and southern combination. "Sweet Papa" of Rose, in other words "Ham" Hamilton as Pilot Robert Farley, will bring us a glimpse of a comical and loveable old man. Ham has had experience as a leading character in High School operas, as soloist for the Maryville College Glee Singers and in mid-winters. W. B. Jones as Marquis De La Tour and Bruce MacDougal, acted by William Crowder, help put a fitting climax to an opera full of romance, comedy, and thrilling experiences. On the night of November thirtieth at eight o'clock in the Chapel we will hear more of these promising artists of Maryville College.

COLLEGE CLASSES HOLD HALLOWE'EN PARTIES

Last Saturday night all of the college classes except the Seniors held their annual class parties.

The junior class met in the Presbyterian church for their blow out. The sophomores met at the home of Professor McTeer and the freshmen remained on the Hill, holding their feed in the new gymnasium.

These classes all report a fine time and plenty of eats, and have already begun to prepare for the parties that will be given next year.

DO YOU KNOW? "HOW TO STUDY"

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine."—Prof. G. M. Whipple, Univ. of iMchigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked".—Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain."—Prof. G. F. Swain, M. I. T.

"To students who have never learnt "How to Study", work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment"—Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

VOL. XI. MARYVILLE, TENNESSEE, NOVEMBER 14, 1925 NO. 9

PROMINENT ALUMUS PASSES AWAY AT HIS HOME LAST SATURDAY

A Member of The Board of Directors of The College For Years.

FUNERAL LAST SUNDAY

Father of Wilson McTeer Who Is Teacher of Psychology In The College.

Saddened by the unexpected death of one of the most distinguished sons of Maryville College and a member of the Board of Directors for many years, the friends of Major Will A. McTeer paid a last tribute to his memory when they attended his funeral last Sunday afternoon in The New Providence church. The serviees were conducted by President Wilson, Dr. Gillingham, W. H. Crothers, H. S. Lyle and J. S. Eakin.

Major McTeer, whose death last Saturday spread a shadow over the entire community, was one of the most distinguished and widely useful of the alumni of Maryville College. His vigorous personality made him a notable person in any assembly of which he was a member. He was clear and positive in his convictions and nothing could make him hesitate a moment in the path of duty. As a member of the board of directors of this institution his clearness of vision and loyalty put him in a group of the most useful members in that important body of men.

In 1862, Major McTeer at the age of 18 years entered the Federal army as a private soldier. When the war ended in 1865, Mr. McTeer was breveted a Major—a good record for a boy of his years. At the close of his three years' soldiering, Major McTeer returned to Blount County, and for the ensuing two years was engaged in the mercantile business. In 1868 he was elected Clerk of the Circuit Court of Blount County and was re-elected twice, holding the office until 1778. In this year he was admitted to the bar and began his career of forty-seven years as an attorney-at-law.

As a member of the State Legislature he was a recognized leader. He was acknowledged by those who

(Continued on page three)

Y. M. C. A. PROGRAM BY ALPHA SIGMA SOCIETY

Program Will Consist of Oratorical, Dramatical and Musical Numbers by Society.

The Y.M.C.A. Sunday meetings have been marked by a pleasant variety of topics, and the next meeting, as arranged by the Program Secretary, is worked out accordingly.

It has been his ambition for a long time to have the Literary Societies take part in some of the Sunday meetings. The first of these events is scheduled for next Sunday afternoon at one o'clock, when the entire meeting will be in charge of the Alpha Sigma Literary Society.

This Society will put all its oratorical, dramatical, and musical talents to work, and the program will be representative of the work which the Society does in its regular meetings.

It goes without saying that to this meeting, as to all other Y. M. C. A. events, all students are invited, no matter whether they are Alpha Sigmas, Athenians, or non-society students.

"PLAYERS" PRESENT PLAY

The Maryville College Players have chosen for this year to present "The Bird's Christmas Carol", by Kate Douglas Wiggins.

The play will be quite a different form of production than those that will be given by the literary societies this year. Most of the societies are giving up-to-date plays and the students will no doubt welcome this change that the "Players" are making.

This play is the kind that if one has already seen it, he will welcome this opportunity of seeing it again. It is an interesting drama with a touch of comedy. The play is centered about the Ruggles family of which everyone has heard. At all events, the Ruggles' have made their appearance on the amateur platform for more than thirty years. Kate Douglas Wiggins first wrote this story in book-form and the dramatized it later. Since its first appearance, the public has never grown tired of seeing it.

The play will be given in the chapel on December 18th just before school closes for the Holidays. This will add to the atmosphere of the play.

INTERRACIAL GROUP MEETS NEXT MONDAY

Studies and Endeavors To Find Solutions For The Racial Problems That Exist Today.

Next Monday afternoon, under the auspices of the Y. W. and Y. M. C. A.'s, the Inter-racial Commission will meet at Thaw Hall at three o'clock in the afternoon. The conditions among the Negroes in the cities of Tennessee will be the topic, and the program, as arranged by the chairman of the program committee, will be both educational and entertaining. The meeting will be open to Maryville students, and especially students of Political and Social Science are invited to attend.

This Interracial Commission was formed at the initiative of Maryville College students who, after their return from the Indianapolis convention in 1924, invited the University of Tennessee and Knoxville College to discuss plans for the organization of a commission to study and to try to understand the race problem. Thus the Interracial Commission was formed. The work done during the year 1924-1925 consisted of discussions and studies of reports of other commissions. The discussions included such topics as: "Of what does the race-problem consist", "Contributions of the Negro race to industry", and "Negro girls in industry", Mr. A. P. Raulston of the N. C. and St. L. R. R. spoke on "Questions of transportation"; and Miss Juliette Derricotte of the National Y. W. C. A. addressed the commission on "Race problems in general". The result of the last year's work has been very encouraging and it is hoped that this year even more will be achieved. The officers for 1925-26 are: Mr. J. A. Edwards, Knoxville College, President; Mr. Charles Johnson, Maryville College, vice-president; and Miss Nellie Wells, University of Tennessee, secretary-treasurer.

The Commission decided to send invitations to Carson and Newman College, Johnson Bible College, and any other East Tennessee school interested in the work, to join the commission. Two members of the commission were delegated to the Interracial Council of Knoxville, formed by a number of Civic Organizations.

"SWEETHEARTS" IS TITLE OF OPERA TO BE HERE WEDNESDAY

Brought To Maryville Under The Auspices of The Senior Class.

BY VICTOR HERBERT

A Modern Story Similar To That Presented Last Year By Hinshaw Opera Co.

On next Wednesday evening at 8:15 o'clock in Voorhees Chapel the Senior Class presents Victor Herbert's comic opera, "Sweethearts", through the services of an opera company under the management of the Redpath Lyceum Bureau. This attraction is put on under the auspices of the class as its big Lyceum offering of the year.

The class feels that it is highly fortunate in bringing such a company before the students and townspeople of Maryville. This opera has been one of the biggest drawing cards that the Redpath Bureau has produced this year. It has had marvelous success in Virginia during the last few weeks and in practically every case a return engagement has been asked for. The Senior Class learned that they could secure the company and the contract was signed immediately. They appear in Chattanooga on November the 17th and the Bureau agreed to send the company here in order to fill the only open date following their performance in Chattanooga.

The nature of "Sweethearts" is similar to the comic operas produced by the Hinshaw Opera Company, which appeared in the college Lyceum course last year, except that the performance next

(Continued on page four)

STUDENT CONFERENCE TO BE AT EVANSTON

1200 Students Are Expected To Be Present At This Nation Wide Meeting.

The blase indifference and hostility of the average college student towards the Church will have an unobstructed opportunity to express itself during the coming Christmas holidays at The Interdenominational Student Conference to be held at that time at Evanston, Illinois. At this meeting students of a great many religious denominations, and also many without denominational connection, coming from all parts of the United States, will make an unbiased evaluation of the Church and its adequatness as machinery towards the achievement of a better social order.

College students, both those friendly and those indifferent to the Church, have long been aware of the inefficacy and comparative insignificance of the Church in the face of the great problems of the day. During the summer months of this year several groups of students have made investigations of what the Church is actually doing in various fields. At the Conference the results of those investigations, combined with illuminating addresses by two classes of speakers—those friendly and those hostile to the Church—will unite to form the evidence on which united youth will guage its future policies.

The Conference, which is expected to total over 1200 students, will meet in the First Methodist Episcopal Church of Evanston. This is

(Continued on page four)

SENIORS SAVAGELY SUBJUGATED

The Junior class won the interclass football championship of the school last Monday afternoon by defeating the Senior class by a 19 to 0 score.

The Senior class was outplayed by their heavier opponents throughout the whole game. Only once did the Seniors threaten to score. In the third period they worked the ball to within ten yards of the Junior goal, only to be held for downs. The game was roughly played, both teams fighting hard.

Frequent substitutions were made by the Junior class but the Seniors had few subs, and if a man was injured he was compelled to stay on the field to complete the team. Downey of the Juniors ran his team like a veteran and starred throughout the fray. Bishop, the fullback for the Seniors was their only consistent gainer. Graybeal, Gillingham, Rosa and Spivey were the other stars.

CAST IS CHOSEN FOR ALPHA SIGMA PLAY

Dewey Eitner Plays the Leading Male Role; Catherine Hysinger Is Leading Woman.

On Monday evening, December 7th at eight o'clock in Voorhees Chapel, the Alpha Sigma Literary Society will present the play "You and I".

The cast has been chosen and everything is in readiness to make the first mid-winter of the year a decided success.

"You and I" is a three-act comedy by Phillip Barry. This play was first presented at The Belmont Theatre in New York, where it met with great success. For some six years before the war Mr. John Craig, manager of the Castle Square Theatre, Boston, had offered a prize of $500 and a guaranteed production within a year to the play chosen by three judges from work by past and present members of the two courses at Harvard University and Radcliff college in play-writing. Just before the war the arrangement ended but was renewed in 1922, and called the Belmont Theatre Prize Competition.

This play is not a comedy with a situation bordering on farce, but really a comedy of character. There is a great deal of good wholesome humor in the play but at the same time the play presents to the present generation one of its greatest problems and a solution to the same.

The play is well cast with all experienced players. Dewey Eitner carries the leading male role and Catherine Hysinger carries the leading female part. Eitner has taken part in all of the Alpha Sigma productions for several years and this year plays a part that is well adapted to his type.

The cast is as follows:

Maitland White - - Dewey Eitner
Nancy White - - Catherine Hysinger
Roderick White - Gordon Jeffries
Veronica Duane - Nellie Caldwell
Goeffrey Nichols - - - John Morgan
G. T. Warren - - Willard Allen
Etta - - - - - Mary Welbon

Y. W. C. A.

New girls! Old girls! Come out and show the true Maryville spirit at Y. W. C. A. Sunday afternoon at 4:30. Internationalism will be the topic of discussion and in order to make the meeting successful, lend your support by attending—Thaw Hall!

HIGHLANDERS SHOW TOP FORM IN LAST TWO GAMES PLAYED

Strong Cumberland Bulldogs Are Beaten By 28-13 Score In Armistice Day Game.

L. M. U. TODAY

Georgetown College Defeated Last Saturday In a Hard Battle By A 21-0 Score.

With a cutting, slashing, ploughing offense, the Highlanders of Maryville College fought their way to a 28-13 victory over Cumberland University before a crowd of 4,000 fans, as a part of an Armistice Day program.

The Cumberland team boasted a strong aerial offense but for once Maryville stopped this form of attack on which they are generally weak. The Maryville line was charging together and accompanying this with an impregnable interference the Maryville team went for long gains through the line and around the ends.

Clemens and "Shorty" McCall of Maryville, and Singleton of Cumberland, were the outstanding stars of the day. Clemens showed some flashy end runs throughout the game. Very few times was he stopped before he had made a considerable gain. "Shorty" McCall returned many a punt from ten to twenty yards. Singleton of Cumberland was indeed a star. Early in the first quarter Singleton got off a long low spiral that went over "Shorty" McCall's head and was stopped by a Cumberland man before it went over the goal line. Singleton was on his own 10 yard line when he kicked. The kick went 60 yards in the air and rolled 25 yards, making an 85 yard punt.

First Touchdown

The game opened with Cumberland kicking to Maryville. Maryville made a first down before punting. Cumberland returned the punt a few yards and after several unsuccessful attempts to gain were forced to punt. McCall returned the ball 20 yards and after Clemens had taken the ball for several long gains, "Shorty" took the ball over for Maryville's first touchdown. "Ham" kicked goal. Cumberland annexed their touchdown in this period after

(Continued on page three)

COLLEGE STUDENTS MARRIED WEDNESDAY

W. E. Percival and Miriam Williams Surprise Student Body When They Wed.

Maryville College students were considerably surprised when they learned that Mr. W. E. Percival, freshman, and Miss Miriam A. Williams, sophomore, had been united in marriage last Wednesday morning at the First Presbyterian Church, Knoxville. Attending them were: Walter Buchanan, Irene Reese and Francis Hughes.

The bride and groom left this morning for Caldwell, N. J., the home of the latter. The bride's home is in Devermon, Ill.

Mr. and Mrs. Percival will make their home in Caldwell until after Christmas, at which time the groom will continue his schooling at Columbia University.

The many friends of Mr. and Mrs. Percival wish them best of luck.

Miss Thelma Moody, '25, is taking graduate work at the University of North Carolina.

FOR AULD LANG SYNE

We read with envy the accounts of big home-coming days that are described in glowing terms by the different college papers throughout the country at this time of the year. One paper tells of the many thousand alumni who were present at the homecoming game, and how they help to cheer the team on to victory.

Maryville College has alumni scattered here and there over a good portion of the country, who would welcome an opportunity of returning to their Alma Mater one day in the year—if they knew that they would probably meet and renew the acquaintance of classmates of long ago. There are also many former students, who, although not having graduated here, would eagerly return to the campus with the aforesaid aim in view. Parents could set aside this day for visiting their children who are attending school.

As the situation now exists many alumni who know no one attending school hesitate about returning for a visit. Many of them attend only those games that they know will be hard-fought battles. That is the reason so many former students of the school attend the U. T. game. They also know that there will be more probability of seeing a familiar face at that game than at any other.

Maryville should set aside one day in the year as ''Home-coming day''. A good football game could be scheduled as a feature attraction, with an indoor entertainment provided for in the evening. By means of extensive advertising for the first few years large numbers would be induced to attend. After the first few years advertising would be unnecessary.

Our college has been established for 106 years. There should be thousands of former Maryvillians who would take this one day from their daily routine to return to their dear old Alma Mater.

ARE STUDENTS LAZY?

Dr. Charles W. Eliot once remarked that the most important step toward gaining mental power is the acquisition of a right method of work.

The student comes to college to acquire this mental power. Seldom does he acquire it.

The fault lies perhaps more with the teacher than with the student.

As we look back over our school days in college we cannot recall any effort ever being made to teach us how to study. We had to work and we went about it as best we could. With the exception of a very few how we wasted time and effort at it! How we dawdled and struggled in overcoming the inertia of our minds when confronted with each new task!

Our periodicals are constantly repeating the accusation that the majority of our students are lazy and will not study. Any one who is acquainted with the present day student will realize the falsity of this accusation.

The student cannot be accused of sparing energy and time in making a deliberate effort to learn. He works diligently for hours copying notes, reading long assignments, writing essays and theses, attending lectures. No human being is ever as busy as the student. But the tragedy lies in the fact that his scholastic results are so seldom commensurate with his efforts. He wasts too much of his time in misdirected efforts. He does not understand the technique of study.

In fact, even our teachers are ignorant of methods of study and they seldom stop to analyze its true nature so as to be able to impart it to the student.

This condition is regrettable.

The period of college life is the time in which the plasticity of youth and the maturity of manhood develop. College life is the student's only life during these years. It touches him in every point and is the chief moulding force during what are the most crucial years of his history. All influences received bad mental habits are likely to be profound and lasting. The effects of bad menal habits are likely to be disastrous if carried over into his post college, professional, business, or social life.

Without the cultivation of a right method of work he remains handicapped from the days as a student to his very last days.

It is with this view in mind that the author has undertaken the preparation of this work. He trusts that it will act as a systematic guide in the proper procedure of study in the absence of such a course in the curriculum of our American colleges.

Introductory to William Allan Brooks' ''How to Study'' Published by the American Student Publishers 22 W. 43rd St. New York.

In an isolated region, almost inaccessible in winter, this 6500 h.p. hydro-electric plant located on the Deerfield River in New England, starts, protects, and stops itself.

A Self-Starting Power Plant

Dawn—the slumbering city awakens and calls for electric current. Many miles away the call is answered. A penstock opens automatically, releasing impounded waters; a water turbine goes to work, driving a generator; and electric current is soon flowing through wires over the many miles to the city. This plant starts and runs itself.

Power plants with automatic control are now installed on isolated mountain streams. Starting and stopping, generating to a set capacity, shutting down for hot bearings and windings, gauging available water supply, they run themselves with uncanny precision.

Thus another milestone has been reached in the generation of electric power. And with present-day achievements in power transmission, electricity generated anywhere may be applied everywhere.

The non-technical graduate need not know *where* electricity comes from—nor even *how* it works. But he should know *what* electricity can do for him no matter what vocation he selects.

The General Electric Company has developed generating and transmitting equipment step by step with the demand for electric power. Already electricity at 220,000 volts is transmitted over a distance of 270 miles. And G-E engineers, ever looking forward, are now experimenting with voltages exceeding a million.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

LITERARY SOCIETIES

Athenian

Indians. From the earliest settler until now this word has been in mouth of the white man. Above the din of the modern jazz-band, we can hear the monotonous beat of the tom-toms, and the curdling war-whoop of the infuriated redmen. A large part of our literature is dedicated to the Indians and their great out-of-doors.

They are part of our American history, therefore they are worthy of a place on the program of the Athenian Literary Society. The program, Saturday evening, is in charge of the Nacoochee Cherokees, graduates of Nacoochee Institute, Sautee, Georgia. These Indians come from one of the most beautiful valleys in America; a valley that is rich in Indian legends and songs. The tribe at present is composed of: W. R. Courtney, Roger Rusk, Comer Fowler, Archie Simpson, and C. J. McGehee.

The program is to be composed of Indian songs and literary works.

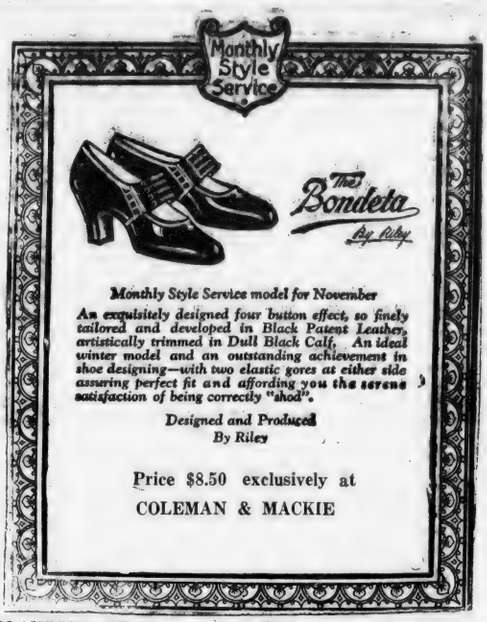
Theta Epsilon

Did you attend the Theta-Alpha Sigma joint meeting Saturday evening? If you didn't you missed a good time for the program was very entertaining, and we'll not hope to taste such good eats as we had there, until Christmas.

After a good program and good eats came the social hour which everyone enjoyed very much. The program consisted of: Two readings by Miss Jennie Edwards, Stunts, Alpha Sigma Boys, Selections, Theta Trio, Selections, Alpha Sigma Quartette, Vocal solo in Spanish, Gregory Gruchey; "The Song of the Sailor", Theta Chorus.

Come on Thetas and Alpha Sigmas. Let's keep the good times going. The usual programs will be held Saturday evening and everyone is invited.

Bainonian



The Bainonian and Athenians had their first joint meeting Saturday night in Thaw Hall. The program was one of the best short programs that has been given at Maryville this year. The opening prayer was given by Professor Davis. And then the following program was given.

Violin solo, Marguerite Crawford; Vocal Solo, Edward Hamilton; Piano Solo, Martha Henry; Reading, Paul Meikle; Selection, Bainonian-Athenian Quartette; Pant-o-mime, Bainonian girls.

After the program games were played in the Y. W. Reading room. Then delicious refreshments were served.

Bainonian will have her regular program Saturday night. All members are expected to be present and we are still welcoming new girls as members.

Mrs. J. B. Rule of Atlanta, Ga. is visiting her daughter, Jimmie Rule, and will be a guest on the Hill for perhaps a month.

Monthly Style Service model for November

(Continued from page one)

Singleton had made his long punt. A fumble by Maryville on her own 40 yard line gave Cumberland possession of the ball. A pass, Singleton to Capt. Hicks, gave Cumberland first down on Maryville's one yard line. The Maryville defense held for three downs but finally gave way and Singleton carried the ball over the line for Cumberland's first touchdown.

Second Period

The second period opened with the ball in Maryville's possession on her own 30-yard line. With good interference the Maryville backs made some long end runs and finally Byrd bucked the line for a touchdown which put the score in favor of the Highlanders. Maryville scored again in this quarter when "'Shorty'' McCall returned a punt 35 yards and then made 25 yards around left end. Capt. Gamble took the ball across. The remainder of the half was an even exchange of punts between Hamilton and Singleton.

The third quarter began with an exchange of punts which put the ball in Maryville's possession on her own 40 yard line. Several long end runs by Clemens coupled with a 20 yard pass to Shores, paved the way for the Highlander's last tally of the game. ''Shorty'' drop-kicked goal.

In the fourth quarter Maryville nearly scored when Cartwright intercepted a pass on his own 40-yard line and ran 25 yards before an opposing player finally brought him down. With only a few seconds to go the Maryville warriors opened up with forward passes. On the fourth down with one minute to play, Singleton intercepted a pass and ran 60 yards for the last score of the game. Cumberland failed to kick goal and the game ended.

Georgetown Game

Last Saturday afternoon Maryville fans witnessed the defeat of Georgetown College by the overwhelming score of 21 to 0. Since this was the largest score that has been run up on the Tigers this season, it shows that they had a well developed defensive team. Georgetown was out-played in every phase of the game.

The only real threat Georgetown showed all day was when they got on Maryville's 4-yard line and failed to carry the ball over in four downs. The Tigers' main attacks were by means of forward passes. But due to the incompetency of the passer and to the defense of the Highlanders, the team from the Blue Grass State was able to complete but few of the numerous tries.

Tries Passes

On the other hand Maryville opened up on the passing game which has been seldom used by the local eleven. Cartwright showed exceptional ability by completing four passes out of four tries. These passes were for long gains and paved the way for two of Maryville's touchdowns. Cartwright was the individual star of the day. Shores, the other forward, caught a beautiful pass in the last quarter and made the third touchdown for the home crew. Holland, Stone, Shores and "Corky" Crawford showed up well for the home team. Capt. Garrot, tackle for the Georgetown team was one of the best that has ever been on the home field. Time after time after being blocked out of the play, he succeeded in getting his man.

"Ham" Scores

During the first quarter by a 30-yard pass to Cartwright the ball was placed on the 10-yard line. "Ham", the big tackle, was then called back. He succeeded in bucking the pigskin over in one play. His trusty toe also added the extra point.

In the second quarter John and "Corky" Crawford broke loose for a 15 and 25-yard run respectively. This put the ball on the Kentuckian 8-yard line as the half ended.

In the third quarter passes to Cartwright, Shores, and ''Corky'' Crawford placed the ball in the shadow of the goal. "Corky'' was

DO YOU KNOW? "HOW TO STUDY"

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine."—Prof. G. M. Whipple, Univ. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked".—Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain."—Prof. G. F. Swain, M. I. T.

"To students who have never learnt "How to Study", work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment".—Prof. A Inglis, Harvard

"HOW TO STUDY" will save you from unwarranted and misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

The conference headquarters it at 10 E. Huron St., Chicago.

Football Games

(Continued from page three)

selected to carry it over this time, and succeeded. Shortly McCall drop kicked the extra point.

Shores Completes Pass

But it was in the fourth quarter that the pretty work went on. Just before the undertaker pulled the final trigger, Shorty McCall tossed the ball to Cartwright who was downed on the 30-yard line. Then Shores got clear for a 20-yard pass, and went over for the third touchdown. Ham's trusty toe was again brought into action and added the extra point.

MARYVILLE VS. CONCORD NEXT THURSDAY

COLLEGE GIVES WORK TO NEEDY STUDENTS

Approximately Sixty Per Cent Of The Students In School Here Are Employed By The College.

Maryville College is employing at the present time approximately 500 out of the 700 students that are now in school. Maryville is one of the few institutions in the country that afford students an opportunity to earn their own way through school.

During the past three years the College has paid to student workers, in the neighborhood of $100,000. This is a large sum of money for a college the size of Maryville to pay to student workers.

More students find work at the boarding club than anywhere else. About 120 students work at waiting tables and in the numerous tasks in the kitchen. The ''College Maid'' shop comes next in the number of students employed. This department is under the direction of Mrs. McMurray, and gives about 75 girls an opportunity here to earn a portion of their expenses in their spare time.

Forty students are used as assistants in the various departments of the school. Most of these are assistants in science courses.

All janitors of buildings are student workers. About 32 workers are employed to keep the buildings in proper order.

The manual training department is open to all those who are interested in this kind of work. Practical work is done here, for which the students are paid. There is generally around 20 boys working here.

The number of students employed elsewhere is as follows: campus work, 25; farm work, 11; choir singers, 25; and miscellaneous, 45. These numbers given here generally increase later in the year.

Considrable credit must be given to Miss Clemmie Henry, student help secretary, for the aid that she has given to students, in behalf of the college. She has secured loans and found positions for them. Many students would have been compelled to leave school but for this timely assistance that has been given to them.

Miss Henry left last Friday for the East for the purpose of securing the $58,000 that is necessary to complete a $150,000 endowment for a department of religious education in the school. An elder of the Presbyterian church from New Jersey offered the school $50,000, on the condition that it could secure

(Continued on page four)

CLASS TEAMS TO OPEN BASKETBALL SEASON

Each Team Entered Must Be Defeated Twice Before Eliminated.

The inter-class basketball games will take place the week following Thanksgiving. As soon as these games have been played, the regular Varsity season will begin.

Most of the classes have chosen their Captains and have already begun to practice. No man is allowed to participate in these games who has won a Maryville ''M'' in this sport.

What is now the Junior class won the tournament last year. However, the Freshman class seems to have about the brightest prospects of winning the tournament than any other class.

CROSS COUNTRY RUN IS TO BE NEXT THURSDAY

As an added attraction to the Maryville vs. Concord State game, Thanksgiving Day, a cross-country run is to be held which will end in front of the bleachers just before the game begins. A medal will be presented to the winner of the contest and other prizes will be awarded.

The run is to be three miles in length and is open to both lettermen and others who wish to take part. Four men have entered their names to date and many others are expected to take part in this contest. Those who have entered their names are: Walter Lipp, Henry Welbon, Lee Dorrah and Harold Holman. The revival of this cross country run as a feature of the annual Thanksgiving Day game will no doubt be received with favor by the fans.

MEETING WILL DISCUSS WORLD COURT PROBLEM

World Problems Will Be Taken Up At Chattanooga Conference of Students.

The Tennessee All Christian Students' Conference opens on Friday, November 27, at Chattanooga, Tennessee. An excellent program has been arranged, consisting of addresses and forums conducted by some of the outstanding leaders of student thought.

The keynote address will be given at the opening session at two o'clock Friday, Nov. 27 by one of Maryville's student, Miss Margaret Lewis. Discussions on ''America and World Peace'', ''The Spirit of Youth in the World Today'' will be ably directed by leaders such as George Collins, C. Y. Shang, W. C. Crover, and Betty Webb.

Dr. Bruce Curry, a nationally known Bible discussion leader will in his masterful manner direct the student thought on finding the mind of Christ for the problems that perplex the modern world. Dr. Curry in his study of the life of Jesus Christ leads students to see that He above all else is the only way by which our modern problems can be solved. Christ's way of life is the only solution to the living of a complete life.

Other leaders will be included in the program, making it one of the most outstanding student conferences to be held in the entire nation this fall. Dr. Willis J. King will give the closing address on Sunday afternoon.

Maryville will be represented by a goodly number at the Chattanooga meeting. From the Student Volunteers go Mary Eleanor Welbon, Annie Vanderslice, and Ernest Frei. From the Y. W. C. A. go: Margaret Lewis, Virginia Paulsell, Ruth Shubert, Harriet Green, Hilda Harris, Gayle Marshall and Betty Jane Sharp. From the Y. M. C. A. go Robert Harvey, Wilbur

MINISTERIAL ASSOCIATION

The regular meeting of the Ministerial Association was held in Bartlett auditorium on Wednesday night. Miss Catherine Rule sang a beautiful solo, ''Saved by Grace''. Mr. Albert Tull gave a short, interesting talk on ''Twelve Famous Sons''. Everyone is invited to a special Thanksgiving program next week.

SECOND PROGRAM OF LYCEUM ON MONDAY

John Cowper Powys, The Brilliant English Lecturer, Will Speak In Voorhees Chapel on ''The Ten Best Books''

John Cowper Powys, M. A., the brilliant English novelist, poet and essayist, who ranks among the greatest lecturers of the world, is to visit this college Monday, November 23rd. when he will speak at Voorhees Chapel, 8:00 p. m. His lecture subject will be ''The Ten Best Books''.

Few lecturers in this country have gained such a large and enthusiastic following as this famous English man of letters, whose depth of knowledge and remarkable versatility led to his appointment, years ago, as a platform speaker for Oxford and Cambridge universities. Critic, novelist, dramatist, philosopher and seer, he has brought a message that has inspired many hundreds of thousands of people. He has aroused audiences in London, New York, San Francisco, Boston, Philadelphia, Pittsburg, Cleveland, Chicago and many other cities.

Of Mr. Powys it has been said that on whatever subject he speaks he brings philosophy down from heaven to earth, and that every one of his lectures is a true work of art. This is especially true of his lectures on ancient and modern literature, and his masterly analysis of the works of Shakespeare. He is also a recognized authority on various branches of psychology and on vital social questions.

In one of his lectures, Mr. Powys discusses the art of self culture, on which he has formed some remarkably logical and rational views. He takes a decided stand against the

(Continued on page four)

INTRICACIES OF WORLD COURT ARE EXPLAINED

Will Be An Altogether Separate Organization From League of Nations.

(By Virginia Paulsell)

December 1925, Congress will decide the question of the United State's entrance into the court. But before this the students of America are to voice their decision on the question.

Therefore, students throughout the land are considering these questions:

(7) How are the judges who make up the court elected?

(2) What law do they apply?

(3) What kind of question can be brought up before the court?

There was an attempt in 1907 to establish such a court. It failed because no method of electing judges could be found which satisfied large and small nations alike. But the same act which provided for the formation of the World Court also created a piece of machinery serviceable for the election of the judges of that Court, namely, the League Council where The Covenant of the League of Nations in Article XIV makes the following provision:

The Council shall formulate and submit to the members of the League for adoption plans for the establishment of a Permanent Court of International Justice. The Court shall be competent to hear and determine any dispute of an international character which the parties

Orange and Garnet Warriors To Clash With Strong Grid Machine From West Virginia

LEWIS VEECH INJURED

Ex-captain Lewis Veech of Maryville's last year's cage team, who is attending the University of Illinois was one of the five men who received honorable mention, out of 400 who tried out for this sport at that school.

However, on his second day of practice Veech fell and fractured his elbow. He will be forced to carry his arm in a sling for at least a month.

HIGHLANDER TEAM CONQUERS L. M. U.

Maryville Wins Third Straight Game In Eight Days; Game Played on a Muddy Field.

Maryville College, in a 14-7 victory over Lincoln Memorial University last Saturday, accomplished the almost impossible feat of registering three straight victories in eight days. Incidentally this game was the fifth straight victory for the Highlanders.

By winning this game Maryville established herself as the strongest college eleven in Tennessee. By comparative scores, only two University elevens in Tennessee have stronger teams than the Highlanders.

Coming as an aftermath of the hard games with Cumberland University and Georgetown College, the L. M. U. team held the Highlanders to a close score in what otherwise would have been a game for the Maryville team to rest up on. Nevertheless, Maryville was the first team to cross the upstater's goal line for a touchdown this year, so one can see that L. M. U. has a strong eleven for so small a school.

Maryville's first touchdown came in the first quarter when the fleet footed Clemens carried the ball over the line after a 30-yard wide end run. The Lincoln team came back in the second quarter to tie the score. For a time in the second quarter, it looked as if the Highlanders were being outplayed by the smaller eleven. Capt. Tex Turner's toe paved the way for the one and only touchdown that the L. M. U. eleven got. Turner was without he shadow of a doubt the best player L. M. U. had.

In the third period, after frequent penalties inflicted on the Highlanders, the team rallied and after carrying the ball to the L. M. U. goal line ''Corky'' Crawford finally

(Continued on page three)

TO SWIMMERS

The time has been changed for those who wish to use the swimming pool. The girls will be allowed in the pool: Mondays 10:30 to 11:30 a. m.; Tuesdays 4:00 to 5:00 p. m.; Thursdays 3:00 to 4:00 p. m.. The boys will be allowed in the pool: Mondays 9:00 to 10:00 a. m.; Wednesday 4:30 to 5:30 p. m.; Fridays 4:30 to 5:30 p. m.

There is a movement on hand to have a swimming team this year, so get out your suits boys, and get some practice.

Maryville College will close the most successful football season in the history of the school when her valiant warriors meet the strong Concord State Normal team in an inter-sectional game here, on Thanksgiving Day. The Concord team hails from Athens, W. V., and according to the results of games that they have played, they are one of the best teams in that section of the country.

However, everything points toward a victory for Maryville. If one would go by the results of the game last Saturday, one would no doubt be pessimistic over the outcome of the game to be played next Thursday. But when one knows the ''inside dope'' on the game last Saturday the outlook is not so gloomy. The game last Saturday was played in a sea of mud which caused frequent fumbles on both sides. And again the L. M. U. team was pointed for the struggle with Maryville and put up a hard fight. The game with Maryville is their hardest game of the year and they train hard for it.

The Maryville team, next Thursday, will be in the best condition that it has been so far this season. Every man on the squad is in the pink of condition with the exception of Cartwright who injured his shoulder last week in the game with L. M. U. He will, however, be able to start the game next Thursday.

The Concord team will be the strongest College team that the Highlanders have met this year. The Honaker Eleven has been beaten by two large University elevens, but as far as being beaten by college elevens, her record is clean. If Maryville wins this game she will compare favorably with University elevens in the east. Concord beat Davis-Elkins the week after Davis-Elkins had held the Army team to the narrow margin of 13-6. One cannot bank very heavily on comparative scores, but comparative scores do give some idea of the strength of a team.

The Maryville line-up for the game is as yet undecided. The team will be picked from the following men: Cartwright, Shores, L. McCall, ends; Hamilton, Brock, Proffitt, tackles; Brown, Dunn, Harvey, Puff, guards; Stone, Holland, centers; Davis, E. McCall, quarters; G. and J. Crawford, Clemens,

(Continued on page four)

GIRLS TRYOUT NOV. 30 FOR DEBATING TEAM

Four of Last Year's Team Have Returned; Fifteen New Girls Will Try For Places.

The try-outs for the girls' debating teams will take place on Monday, November 30th.

The question for debate is: ''Resolved, That the United States Should Maintain a Naval and Air Force at Least Equal to that of Any Foreign Power''. The actual pairing of the debaters will not take place until the day set for the try-outs. The constructive speeches are limited to eight minutes and the rebuttals to four minutes.

The girls who made the team last year that have returned this year

CLIMBING THE HEIGHTS

Everyone remembers the war time pictures, but perhaps those that will be remembered the longest are the ones that depict the soldiers climbing the Alps. There was the mule, hoisted in mid-air, as a vast lever lifted this sturdy friend of the Allies to a perilous height he could not scale, and there were the wounded lowered by the same device. But the picture most expressive was the one that showed the soldier clambering or climbing up icy steeps to risk his life at the top.

Climbing vast precipices is a sight that stirs the depths of many individuals, and to see another climb only increases the desire to to go forward and climb up the golden ladder of success that catches the eye and neart of those who long to climb. This golden ladder is now rising steeply from the feet of every college student. Success in business, professions, new educational openings and attractive fields in social service, are open to every student at this rapidly growing age.

Every student needs to think definitely about success. The surface meaning is only a flashy success with clothes, a car, entertainment and a circle of gay friends. There is, though, a deeper meaning, and that is doing the very best that is possible, and developing oneself at the same time. For true success includes the highest growth, the building of character, no matter what the circumstances of life may be. Sometimes this success is recognized and praised, and sometimes it is not even noticed.

Nothing in life is more interesting than this question of growth. Growth is life and it has never been fully explained. Some young people have been shut away in the country with no surroundings for development and yet have grown. Others have had every opportunity for advancement, such as a college education will give, and have had the association of broad-minded men and women, and have not grown as they should have grown. It may be that this growth is determined by how far the individual has decided to climb. There must be a goal which must be reached. No one may know exactly what his life work shall be, but he should have some definite step ahead that he intends to reach, and from where he can go on to his final choice of a profession or vocation.

It seems then that this is the time of training. It has been said that ''Youth is the period of training— not for realized success''. There must be a foundation upon which to build success. Yet education is more than school and college. It is the association with men and women who have had wide success and experience. It is learning to seize opportunities for travel even though old clothes may have to be worn for the advantage. It is learning to select books, magazines and newspapers which are most helpful. These are all parts of education.

Every college student who climbs in this way, will be ready to seize opportunities. Many times the opportunity can be seen just as it is receding. The college student who is really climbing to the heights or who has started the climbing and is getting the training to reach the desired end, is ready to grasp opportunties which are placed before him.

WHY JOHNNY GOES MARCHING HOME

One out of every three. Only thirty-five percent of those annually admitted to colleges ever achieve the goal of a degree.

Outside circumstances interfere in many cases, but university officials say that one-third of all casualties are simply a matter of Johnnie's having flunked out. Extra curricular activities, more than all other things, are blamed.

Dr. John Grier Hibben, president of Princeton University, says moving pictures, possession of automobiles, too great indulgence in outside activities and over-generosity of parents are the outstanding causes contributing to the failure of undergraduates.

A Williamette University professor says ten percent of all freshmen are mentally unfit, and should never enter the classroom. ''Formerly'', he says, ''only bright minded pupils came to college; now, forty percent of the high school graduates enter. Too many come not to grasp knowledge, but because a college education is considered a social necessity.''

''Too little sleep, too much play not enough study, too much leisure, fast eating and diversified thinking are factors that devitalize students and are responsible for the delinquent groups in every university'', is the conclusion reached by Professor Howard of Northwestern University.

The Trinity Chronicle, while recognizing that lack of preparation and poor training are frequently responsible, points out that most failures result from a wrong conception and attitude on the part of entering freshmen. ''The thought of hard work has been banished by what they have heard from college acquaintances who have returned home during holidays, primed to the gills with athletic news, and with tales of pranks, jokes and boasts of idleness. Hard work is never mentioned. The erroneous idea is formed that college is a place where one spends four years in ease and enjoyment, with athletics, social life and practical jokes as the major attractions.

Many failures occur because students have no adequate conception of how to study. One educator says the failure to guide and direct study is the weak point of our whole educational machine. Activities nowadays leave so little time for studious pursuits, that it is important for the student to learn to use to the greatest advantage whatever time he does save for this less-popular but necessary side of college life. Interesting in this connection is a recent book by William Allan Brooks on ''How to Study'' which has been issued by the American Student Publishers, 22 West 43rd St., New York.—Adv.

J'EVER
Go to a snap
And see a
Girl whose eyes were
Brighter than sapphires,
Whose hair was finer
Than silk, and with
The advertisement, a skin
You love to touch,
Who thrilled every
Nerve in your body
And gave your heart
St. Vitus dance, and then
After snapping her
You see a certain
Ring on a certain
Finger on her hand,
Which causes a sinking
Feeling in the region of your
Heart, after which your
Evening is spoiled.
J'EVER?

Back your team for the next and last game.

Fresh Candy

We have just received a fresh shipment of Nunnally Candy and you should see that nice new 1 1-2 pound ''Gift Box''. It surely is a peach. And those candy filled Cedar Chests. Have you seen them? If not you have missed a treat. All the ladies will want one.

LITERARY SOCIETIES

Alpha Sigma

Every member of the Alpha Sigma is urged to be present at the next meeting of the society next Saturday evening. Jensen, the new program secretary has prepared an excellent program of both dramatic and musical numbers.

No program was given last week due to the election of officers for the coming term. Those who were elected to hold office are as follows: Allen, President; Huffman, Vice-president; Jensen, Program Secretary; Lockhart, Assistant Program Secretary; Gray, Recording Secretary; Conrad, Assistant Recording Secretary; Weinand, Jones and Gillingham, Censors; Cook, Sergant-at-Arms, and Eitner, Janitor.

—Maynard Layman, Editor.

Theta Epsilon

Every society has some unknown talent that is discovered whenever the new girls give a program. The program next Saturday evening will be presented entirely by the girls that have joined the society this year. Almost everyone has some talent that needs to be developed. The Literary Societies give the girls a chance to show others what talent they have. Come out next Saturday evening and see what talents the new girls have along dramatic and musical lines.

The last week's program was given by the junior Thetas, and it was thoroughly enjoyed by everyone present.

—Ellen Cox, Editor

Bainonian

A very interesting program was given last Saturday evening which dealt with the different couples that one sees on the Hill.

Everyone who attended the meeting joined in the hearty laughter that followed the amusing talks. A very amusing and entertaining argument was presented during the course of the evening. The subject was: ''Whether, it is more thrilling to step up the stairs when there are no stairs there, or to step down the stairs when there are no stairs there.'' One side of the argument was presented by Betty Keown, and the other side by Evelyn Porter.

Saturday night the new girls will entertain with an entertaining program. The one and only Billie Baxter is preparing the program. Everyone out to show the new girls that the old girls are backing them.

—Marie Elmore, Editor

HIGHLANDERS CONQUER L.M.U. LAST SATURDAY

(Continued from page one)

wormed his way over the line for the final tally of the game and also a win for the Highlanders.

The features of the day were three long drives that were made by the Highlanders. Two of these resulted in touchdowns and the third resulted disastrously when Maryville fumbled the ball after carrying it to L.M.U.'s goal line, giving the ball to L. M. U. Capt. Turner punted the ball out of danger.

The line-up for the game was as follows:

Maryville (14)		L. M. U. (7)
Shores	l. e.	Surber
Hamilton	l. t.	Snavely
Holland	l. g.	Hair
Stone	c.	Manley
Brown	r. g.	Cureton
Proffitt	r. t.	Osborne
Cartwright	r. e.	Holsberry
McCall	q. b.	Turner (c)
J. Crawford	l. h.	Pettigrew
Clemens	r. h.	Lewis
Gamble (c)	f. b.	Brown

Substitutions for Maryville: Brock for Proffitt, Puff for Brown, Dunn for Puff, Brown for Dunn, Harvey for Hamilton, G. Crawford for Byrd, J. Crawford for Clemens, Davis or G. Crawford, Proffitt for Holland.

GIRLS TRYOUT NOV. 30 FOR DEBATING TEAMS

(Continued from page one)

are: Evelyn Porter, Denna Reeves, Elizabeth Keown, Kathleen Hunnicutt and Nelle Watkins. In addition to these the following are trying for places on the team: Virginia Paulsell, Bland Morrow, Ruby Harrison, Gayle Marshall, Jessie Post, Vera Slagle, Vera Bowdin, Emily Minton, Mary Huffman, Frances Huffman, Pearle Stephenson, Mary Clopton, Sarah Moore and Alberta Coventry.

PERSONALS

Miss Ruth Phillips, a member of last year's freshman class who is attending U. T. this year, visited friends on the Hill over the week end.

Berta Collie spent the week-end at her home in Chattanooga, Tenn.

Helen Sherrod, Edna Kidder and Grace Kessinger were among those spending the week-end in Knoxville. Grace Kessinger was the guest of Edna Kidder while in Knoxville.

Friends of Gordon Jeffries will be glad to learn of his recovery from an attack of grippe which kept him in the hospital for a week.

THANKSGIVING MEETING FOR Y. M. C. A.

A senior was heard to remark that the Y. M. C. A. meetings this year are among the best he had ever attended. The meetings have all been well planned and conducted, this has been proven by the large number of students who attend them.

Next Sunday is the first day of Thanksgiving Week, and the Y. Meeting is going to take the form of a Thanksgiving Meeting. There are many things we should be thankful for, and there are many ways in which to express this thankfulness.

Come out to the meeting and hear this topic discussed at 1:00 p. m. in the Y. M. C. A. auditorium next Sunday.

JEFFERSON COUNTY CLUB ORGANIZES

The students from Jefferson County met and organized last week. Miss Beulah Rankin was elected president; Ben Blackburn, vice president; Louise Tron, secretary and treasurer; and Edward Malcolm, editor.

The club is to meet again in a few days and make plans for a party.

Jefferson County has fifteen students in Maryville this year. Five of these are members of the Senior Class.

DO YOU KNOW? ''HOW TO STUDY''

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

''It is safe to say that failure to guide and direct study is the weak point in the whole educational machine.''—Prof. G. M. Whipple, Univ. of iMchigan.

''The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked''.—Prof. H. S. Canby, Yale.

''Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain.''—Prof. G. F. Swain, M. I. T.

''To students who have never learnt ''How to Study'', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment''—Prof. A. Inglis, Harvard.

''HOW TO STUDY'' will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

SECOND PROGRAM OF LYCEUM ON MONDAY

(Continued from page one)

widely prevalent notion that self culture to be of any value should have for its object the increasing of one's earning capacity in business or professional life. Its most important aim, he contends, should be the enhancement of life when one is not working.

Mr. Powys, in his lectures, even deals with such timely topics as the revolt of youth, and the members of the young, which are apt to shock the elderly or middle aged. ''The tragic result of this revolt'', says Mr. Powys, ''is when it comes into conflict with the morality of the older generation. The speech and talk of the young, however, are not so bad as they seem. It is their struggle to get to reality. No one, moreover, could be led into dalliance through reading most of our modern novels, whose principal subject is the problem of sex''.

Mr. Powys appears at the University of Tennessee on Saturday night before coming to Maryville. He will give two talks there, one in the afternoon and one in the evening.

INTRICACIES OF WORLD COURT ARE EXPLAINED

(Continued from page one)

it by the Council or the Assembly. thereto submit to it. The Court may also give an Advisory opinion upon any dispute or question referred to

The stage was now so well set for such a court that in September 1921 we find forty-eight nations exercising their prerogative of membership in the Court and so electing the judges. In June 1922 the Court met in its first regular session and began its work in the judical settlement of international disputes. In the large nations are represented and the League Assembly where both large and small nations were represented. They elect the judges of the World Court in this way. . Four nominations are made by each national group in the Hague Court and the list of nominations is then submitted to the Council and the Assembly who vote upon them concurrently but independently. To be elected, a judge must receive a majority both in the Council and in the Assembly. Eleven judges and four deputies are so elected.

In Article 38 of the Court Statute it is provided in general that the basis of the Court's decisions shall be the principles of international law and customs by which all nations are already bound, and that it shall apply as law an international convention expressing rules which both of the disputant states recognize. Plainly, the covenant of the League of Nations is not the law which would be applied if the U. S. were one of the contesting states.

The Statute of the Court provides that ''the jurisdiction of the Court comprise all cases which the parties refer to it and all matters specifically provided for in treaties and conventions in force'' thus limiting its jurisdiction to cases which it is asked by the nations concerned to decide, and to violations of existing and recognized treaties.

Such in brief is the World Court, and such are the limits of its power. Shall the U. S. become a member?

VOL. XI. MARYVILLE, TENNESSEE, NOVEMBER 28, 1925 NO. 11

Poll Of Maryville Students On World Court Question Wednesday At The Chapel

Poll Is Taken To See How Students Stand on The Question.

THREE PLANS

Vote of All Colleges To Be Taken and Tabulated December 18th.

Next Wednesday morning at the regular chapel services a poll will be taken of the students on the World Court question. A similiar poll is being taken in all the other colleges throughout the country.

The senate is scheduled to debate the World Court on December 17, when the Swanson Resolution will come up, embodying the terms for participation which carry the approval of President Coolidge and ex-Secretary Hughes. On Friday morning December 11, will begin the Inter-collegiate World Court Conference at Princeton to which all colleges are invited to send representatives.

A poll, similar to the one that will be conducted here Wednesday will be taken by most of the other colleges and universities throughout the country. This poll will be altogether impartial. The total poll of all the colleges in the country is to be tabuated and published on December 18, the day after the opening of the Senate debate. The results of this poll will undoubtedly determine the action that the Senate will take on the matter.

The students will be asked to vote on the following plans.

1. For U. S. participation in the World Court under the "Harding-Hughes-Coolidge Terms".

(The U. S. not to be connected with the League of Nations or bound to any obligations under the League Covenant; not to be bound by advisory opinions of the Court on questions not voluntarily submitted by the U. S.)

2. For U. S. participation under the "Harmony Plan" of thirty peace leaders.

(The U. S. to join the court under the "Harding-Hughes-Coolidge Terms" but to withdraw after 5 years unless a code of international laws has been adopted outlawing war and the Court given

(Continued on page four)

SOCIAL GATHERING OF SENIOR CLASS

"Kid" Party is Staged At The Home of Paul Cragan Friday Evening.

The Senior Class held its third party of the year last Friday night at the home of Paul (Shorty) Cragan. About fifty people were present.

The evening was spent in playing games of a novel character. The guests were dressed as "kids" and the entertaining features of the party were carried out along that line. One of the features of the evening was the "kid" quartette which was composed of Esther Grimes, Ruby Harrison, Raymond Anderson and Robert Bishop. This quartette gave several well-known numbers that all children like.

Professor and Mrs. Davis chaperoned the gathering.

The party came to a close after the serving of delicious refreshments.

"IN OLD LOUISIANA" NEXT MONDAY NIGHT

Operetta With a Mixture of Comedy and Pathos Will Enthrall Audience Monday Evening.

Everything is in readiness to produce the first opera ever given by the students of Maryville College. On Monday night the Glee Singers will give the operetta "In Old Louisiana".

With such excellent singers as Edward Hamilton, Jimmy Rule, Walter Mathews, Eleanor Franklin, Raymond Anderson and Agnes Houghton in the cast of characters the play cannot help but being a success.

The Men's Glee Singers furnish the back-ground for the play with an excellent chorus. Walter Mathews and Eleanor Franklin add spice to the play with their comical parts. Edward Hamilton and Jimmy Rule carry the heavy parts of the play. The trio Cook, Rusk, Webb, and company put a dramatic touch to a gay series of actions.

Synopsis

In Old Louisiana is a story that takes place in the garden of Pilot Farley, one of the best of the great Southern gentlemen, on the banks of the broad Mississippi. The year is 1852. Rose Farley, the adopted daughter of the Pilot, who had been rescued by her father when a child from the ill-fated steamboat "Winona", is in love with and loved by Richard St. John He is a young sugar planter, whose lands join those of the "Sans Souci" sugar plantation owned by Pilot Farley.

Simon Scudder, a villainous character, overseer of the "Sans Souci" also loves Rose. Because she refuses his attentions, Scudder plans with the help of Jake Martin, and Holly Timms, a lawyer of shabby repute from New Orleans, to claim that the child rescued by Pilot Farley is the daughter of an octoroon slave, purchased by Martin from Mr. Trombley some years before.

The Plot Thickens

Rose, not knowing who her parents were, refuses to become Richard's wife, in spite of his ardent proposals, because she fears she may have negro blood in her veins, although she is unaware of Scudder's plot.

The three conspirators confront the pilot with a forged paper to back their claims, but Richard intervenes and accuses Scudder of the falsity of the document. This leads to a duel between Richard and Scudder. Scudder is the best shot in Louisiana but Richard bravely confronts him. In the early hours of the morning the two men meet, Scudder shoots before the signal agreed upon and wounds Richard in the hand. According to the code of duelling, Richard is allowed his shot, but he cannot bring himself to take a man's life in cold blood.

Rose and the pilot's guests are attracted to the spot by the firing. Scudder is about to tell Rose that she is an octoroon, when he is interrupted by the arrival of Sheriff MacDougal and the Marquis de la Tour, the latter proving to be Rose's grandfather. The Marquis, whose agents have recently discovered that Rose is the daugh-

(Continued on page four)

COLLEGE ANNUAL TO HAVE CONTEST FOR A FEATURE SECTION

The Prettiest Girl, The Most Popular Girl, The Handsomest Boy, and The Most Popular Boy, To Be Chosen.

VOTE IN CHAPEL

Only One of the Special Features That The Staff of The Annual Have Planned For The Year Book.

Next week in chapel, by means of a popular election, the students of Maryville College will have the opportunity of bestowing honor upon those young men and young women whom they consider have entered most whole heartedly into the spirit of old Maryville.

It has been the custom in Maryville, for sometime, to have a feature section in its annual publication. This year the Staff has found a very charming section in which it will publish The Prettiest Girl, The Most Popular Girl, The Handsomest Boy, and The Most Popular Boy. The decision as to who these persons are, will be left to the student body.

For lack of a better plan, the separate classes will nominate one person for each of the places. The sixteen nominees will then be voted upon in Chapel by the student body as a whole. It is hoped however, that "the old Maryville spirit" will predominate in the election rather than the old class spirit.

The class presidents are urged to have their class meetings and elect candidates as soon as possible.

This feature section is only one of the special sections that the staff have planned for the 1925-26 Chilhowean. If their plans work out right, this ought to be one of the best annuals that the school has ever had. The staff of the book is: Julian Johnson, editor-in-chief; John Crawford, associate editor; George Crawford, art; Charles Webb, photographic; Robert Harvey, athletics; Albert Cook, class; Eleanor Franklin, departmental; Margaret Lewis, activity; Betty Keown, literary; and Roy Cortner, business manager.

SENIORS VANQUISH SOPHOMORE QUINTET

Upper-classmen Win The First Basketball Game of The Season by 21-18 Score.

Last Thursday evening before an enthusiastic crowd of spectators the fast Senior quintet lowned the Sophomore five by a 21-18 score.

The game was played in a fast and furious manner. It was an undecided issue from the start to the finish. One team would score and then the other. Neither team had a very great lead over the other at any period of the play.

This is the first of the inter-class games. Each team must be defeated twice before eliminated. As soon as these games are over the regular varsity cage season will begin.

Among those who attended the Concord vs. Maryville Game were: Nathan Haworth, '25, John Stockton '25, Wilbur Templin '25, Rebecca Bigger '25, Lina Hodges '24, Lucille Heiskell '25 Harry Gauding '25, and Hugh Clabough '24, Virginia Clark '25, Ed McCain ex-'28 William Worley ex-'28, Jean McMurray '25 and Ruth Reagan '25.

Maryville College Defeats Concord State Normal Team In Last Game of Season

West Virginia Team Is Outplayed on Offense And Defense.

SCORE 17-7

Cartwright, Shores, Stone, McCall, Hamilton and Byrd Star Throughout Game.

By vanquishing the mighty Concord State Normal School by a 17-7 score, in a drizzling rain and on a muddy field, Maryville College closed the most successful season in the history of the school.

Concord Normal, the same team that held University of West Virginia 6-0, and Davis-Elkins 6-7, was outplayed both on offense and defense by the Highlanders. Maryville gave one of the prettiest exhibitions of well-organized football playing that has ever been seen on Wilson Field.

"Gobo" Cartwright was the outstanding player of the game, with "Shorty" McCall and "Ham" Hamilton close seconds. Cartwright made both of Maryville's touchdowns on spectacular plays. The first he made in the second quarter when he recovered the ball after Byrd had blocked a kick. In the fourth quarter, "Gobo" caught the ball when "Shorty" McCall punted after making a fair catch. This last play was one of the prettiest exhibitions of brainy football that the team has shown this year. Hamilton, the man with the educated toe, kicked a goal from the 35-yard line, at a difficult angle for the first score of the game. "Shorty" McCall brought the fans to their feet on numerous occasions with his thrilling end runs. The other stars of the day were Shores, Byrd and Stone for Maryville and Wisler and Hankey for Concord.

(Continued on page four)

CAST IS CHOSEN FOR THETA EPSILON PLAY

"Mother Carey's Chickens" Is The Title of The Play Which Is To Be Given In Two Weeks,

The Theta Epsilon Literary Society will present their mid-winter play, Mother Carey's Chickens, on Monday evening, December 14, at 8:00 p. m. in Voorhees Chapel.

This play is a rollicking comedy in three acts. It is written by Kate Douglas Wiggins, who also wrote "A Christmas Carol" which the Maryville College Players are going to present. Although these plays are by the same author, they are of an altogether different character. It is written in the charming way that Kate Wiggins always writes.

The inimitable Maynard Dunn carries the leading role, and is ably supported by a strong cast. Dunn has starred in plays for several years and this year will be no exception. He plays the part of Oscar Popham, an old country philosopher. Percy Rosa and Bland Morrow play the part of the two young lovers. This play with comedy, philosophy and romance, will beyond a doubt, be a play of merit.

The cast is as follows:

Oscar Popham - - Maynard Dunn
Gilbert Carey - Maynard Layman
Nancy Carey - - Bland Morrow
Mother Carey - - - Ellen Cox
Kathleen - - - Margaret Lewis
Cousin Ann Chadwick - - - Mildred Watson
Julia Carey - - Ruby Harrison
Mrs. Oscar Popham - Jimmy Rule
Ralph Thurston - Wm. Crowder
Cyril Lord - - William Rogers
Tom Hamilton - - Percy Rosa
Henry Lord, Ph. D. - Ralph Jensen
Peter - - - Olive Stanley

SUNKIST CLUB FORMED BY COLLEGE STUDENTS

Defying the winter cold to freeze their gay spirits, the "sunbeams" of the "Sunkist Club" danced about in the College Woods on Monday afternoon. The "sunbeams" are not piccaninnies however, but members of the "Sunkist Club", from the sunshine states of California and Florida; and the dancing was hopping about the camp fire to keep their toes from utterly freezing. But in spite of the cold, everyone managed to consume some fried oysters, buns, hot coffee, and other eats. At least Christine didn't have to bring home any raw oysters.

There are thirteen in the "Sunkist Club", including students from both Florida and California. At a recent meeting of the club the following officers were elected for the year 1925-26: President, Christine McClintock; Vice-president, Betty Jane Sharp; Secretary-Treasurer Mary Chris Benn; Editor, Gayle Marshall.

Friends of Marguerite Crawford, a member of the freshman class, will regret that she has returned to her home in Port Huron, Mich. Miss Craword was forced to give up her school work because of poor health. She was accompanied home by her aunt, Mrs. Miller, who visited her for a few days.

Miss Dorothy Dickerson '24, of Chattanooga is the guest of friends on the Hill this week.

PROFESSOR W. HENRY WILL TALK TO BOYS

President of Maryville Polytechnic School Will Speak on "Modern Social Life."

"Modern Social Life" is the topic for next Sunday's "Y" Meeting. Prof. Chas. W. Henry, who is president of Maryville Polytechnic Institute will lead the meeting.

To the students of Maryville, Prof. Henry is better known as "Bill Jo". Last year one of our most interesting and helpful chapel services was lead by him, and every one who attended the pep meeting for the U. T. game of last year can recall with pleasure his talk on that evening.

All the old students, who have heard Prof. Henry will need no urgence on our part to get them out to this meeting, and to all the new men a special invitation is extended to come and hear this interesting and forceful speaker at 1:00 o'clock next Sunday in the Y. M. C. A. Auditorium.

WORLD COURT DISCUSSIONS

Affirmative

(By Charles Johnson)

Today the United States faces a grave moral crisis. The issue is this:

1. Shall America by becoming a member of the World Court express in a concrete way its desire to help in making reason and justice, law and order, supreme in the relations of soverign nations? Shall she go forward with the other nations of the world in more effective measures for the development and practice of international dispute? 2. Or shall America refuse to become a member of the International Court, lecline to cooperate with other nations in taking the next essential step toward peranent peace and virtually repudiate her honorable record of a century?

No loyal American citizen can fail to see that America's entrance into the World Court would mean much to her and to the rest of the world. For many decades the peaceful settlement of international difficulties has been an American ideal. Five American Presidents have specifically advocated an international Court of Justice—Presidents McKinley, Roosevelt, Taft, Wilson and Harding. President Coolidge is now leading the fight for America's entrance into the present World Court.

Practical Plan

The World Court as it is now constituted is the most practical plan the world has yet seen whereby international disputes can be settled justly and the possibility of war reduced to a minimum. The Court is the voluntary creation of thirty-six soverign States and is in no way a League of Nations' Court, nor is it the servant of the League. The authoritative act for its creation was not the vote of the League but the separate and independent ratifying acts of thirty-six soverign nations. The League helps in the election of the Judges in the World Court simply because it is a world representative body, and is a convenient organization to effect such election.

The jurisdiction of the Court extends to all cases which the parties refer to it and all matters specifically provided for in treaties and conventions in force. An optional clause has been signed by twenty-six nations giving the Court compulsory jurisdiction under some circumstances. Should America join the Court and with Great Britian, France, Italy and Japan sign the optional compulsory jurisdiction clause, the Court would be much stronger.

Is Representative

The Court applies the general principal of international law and international custom by which the United States and all civilized nations are bound. The judges who exercise this law are all men familiar with international relationship. The Court as now constituted is representative of all the world and not merely one section of it. The United States though not a member has a judge on the Court.

The force of public opinion is more powerful than armies using steel bullets. The Court expresses world opinion and with this guarantee America has nothing to fear from jingoes trying to stir up national hatred.

The World Court can reduce the possibility of war to a minimum. It does not guarantee to outlaw war at once for that is not the function of a Court. But the World Court can create international confidence by its impartial judgments on international dispute; it can insure a full and fair statement of the case for the guidance of public opinion in the nations involved and in all the world; it can create the habit and psychology of approaching and settling international controversies by peaceful methods.

Surely the citizens of the great United States of America cannot withold their approval of a measure so designed to further world peace. The Court is not perfect, but it is the best method so far produced of settling inter-national difficulties and reducing the possibility of war.

Negative

(By Gayle Marshall)

It will be remembered that the present World Court was fostered by and grew out of the League of Nations. The World Court is little more than carrying out the Provisions of the Covenant of the League of Nations for in Article XIV of the League of Nations we read, ''The Council shall formulate and submit to the Members of the League for adoption plans for the establishment of a Permanent Court of International Justice.——The Court may also give an advisory opinion upon any dispute or question referred to it by the Council or by the Assembly''. From this we see, particularly in the last clause of this Article, that the World Court in reality becomes merely a ''higher court'' to which the League can refer international questions of a more judicial nature. Also, the laws and plans for the World Court were framed by an Advisory Committee of Jurists appointed on February 13, 1920 by the Council of the League. It is, therefore, a ''League Court'' and not a true ''World Court''. Inasmuch as the United States is not a member of the League of Nations, why should she be connected with this court, and put herself in the danger of finding that a majority of the judges could be hostile to American interests?

Is League Court

America so far has not joined the League, and now the World Court is being offered to her. The jurisdiction, duties and laws of the World Court are so similiar to the former international courts of this nature that it is easily seen that the Court is along the lines of the League. If the League is to submit its questions and disputes to the World Court for consideration, what will it profit America if she joins the World Court and is not a member of the League? She would simply be considering questions which other nations had brought up through the League. American membership in the Court is useless unless we also join the League.

No Jurisdiction

One of the greatest defects of the Court is in the matter of its jurisdiction. No question or dispute between nations can be settled by the Court unless these nations involved ask the Court to settle the matter for them. The Jurisdiction of the Court is not therefore compulsory. It is not likely that nations who wish to declare war against each other will ever call in a Court voluntarily and ask its opinion upon the matter of contention. This defect renders the Court practically useless for the purpose of world peace for which the world is searching.

Public Opinion Basis

Many say that the verdicts of the World Court will be respected because of public opinion behind the idea of a World Court. But how strong is public opinion, and in every and all cases which might be brought up before the World Court, will public opinion be on the same side as the World Court? Public opinion is a rather uncertain basis, to say the least, upon which to place the enforcement of the decisions of the World Court. Someone said in arguing for the Court that, ''The force of public opinion enlightened by full and accurate information is a mighty sanction''. Yes, but how many individuals are actually ''enlightened by full and accurate information'' regarding world relations? If America or Japan, or any nation, does not care to abide by the verdicts of the Court upon a certain matter and goes ahead and does as she thinks she should be permitted to do, how will the Court enforce its decisions? Certainly public opinion alone won't do. The court is useless, then, because its verdicts cannot be enforced.

But after all if the Court could and would outlaw war, it might be accepted upon that ground alone. Other nations, no more than America, are not found by their previous history to be generous and co-operative. Too much stress is laid upon the fact that all nations will become generous and unselfish when a World Court is established. But to avoid war it is necessary to strengthen diplomatic, rather than judicial, procedure. There is little doubt but that when the emotions of nations are aroused and brought into play, judicial decisions will be of little consequence. When diplomacy proves unequal then force comes in to crush the opposition. Such a judicial court as the present World Court is, has practically no power to stop a war.

If then, there is little to be gained toward permanent world peace, and the sacrifices of a degree of liberty are obvious, by membership in the World Court, it is not surprising that America has not joined this Court.

HIGHLAND FLINGS

—MC—

The football season is over and most of the boys are worried as to what they are going to do to pass the time from now on.

—MC—

The cage season will start soon and Mr. O'Goofty wants to know if any kind of a squirrel is eligible to compete.

—MC—

No one will know how successful the football season has been until a report of colleges planning new stadia is made public.

—MC—

Yes, stadia is the plural of stadium.

DO YOU KNOW? ''HOW TO STUDY''

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

''It is safe to say that failure to guide and direct study is the weak point in the whole educational machine.''—Prof. G. M. Whipple, Univ. of iMchigan.

''The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked''.—Prof. H. S. Canby, Yale.

''Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain.''—Prof. G. F. Swain, M. I. T.

''To students who have never learnt ''How to Study'', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment''—Prof. A. Inglis, Harvard.

''HOW TO STUDY'' will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

LITERARY SOCIETIES

Athenian

Athenian Literary Society gave one of the most interesting programs of the year last Saturday evening. There were several extemporaneous speeches given by some of the best speakers of the society. They also had the pleasure of hearing one of Mr. Anderson's solos. He is one of the most noted singers on the Hill.

The regular election of officers will be held next Saturday evening, November 28. The nominating committee has selected the following en to run for office:

For president: Edward Hamilton and Dexter Graybeal; vice-president Robert Carr and Robert Bishop; program secretary: James Cofer, Emmett Johnson and Julian Johnson; critic: Robert Harvey, Clyde Lippard, Charles Johnson, W. B. Jones, George Crawford and Charles Webb; sergant-at-arms: John Finch Roy Hinch and Mr. Hale. Nominations may also be made from the floor. An interesting program will be given between balloting.

Alpha Sigma

A very interesting program was held last Saturday evening in the Alpha Sigma hall.

For this Saturday evening Jensen has prepared an unusual program. The feature of the entertainment will be several radio numbers from stations PDQ and XYZ. Come out anl spend a pleasant and enjoyable evening at Alpha Sigma hall.

Bainonian

Saturday night will be the election of officers for the following term. A short program will be put on. It will consist of numbers from the world's artist, Paderewski; the greatest pianist, Geraldine Farrar the most noted contralto, and the greatest violinist. We all have heard much about these and now is our big chance! Come and hear!

Last Saturday the new Bainonians rendered one of the best programs that we have had this year. It was "College Humo", written by Betty Jane Sharp and ably directed by Billy Baxter. We know that in the future we will have many more programs of this kind as so much talent was displayed in this program.

YOUTHS' MINDS ARE WEAKENED BY EASE

So Professor Tells Union College Students in Opening Address.

"There is a lack of inlependence among the young people of toda", declared President Charles Alexander Richmond recently in addressing the student boly of Union college at the opening of the 130th college year.

"We hear of the revolt of youth," said Dr. Richmond, "their repudiation of parental authority—of the authority of law—their insistence upon what they call living their own lives. But this is no proof of independence.

"It must be perfectly evident that we are becoming more and more dependent upon conveniences—fasely so called—motor cars are used to such a degree that millions of human legs have become almost atroped. Students have to be transported across the campus lest they should arrive at their classes in a state of physical exhaustion.

"I was at an institution of learning some months ago where the boys turned on the victrola to dress by" —Exchange

"What dey goin' to do wid 'im, den?"

"Dey goin' to incriminate 'im'".

—Everybody's Magazine.

MARYVILLE COLLEGE DEFEATS CONCORD STATE

(Continued from page one)

Six of Maryville's best players played their last game for the Orange and Garnet Thursday Capt. Gamble, the plunging fullback; "Red" Brown, star of the Kentucky State game; "Pat" Shores, the fleetfooted end; ex-captain Hamilton, the man with an educated toe; "Chick" Puff, a stalwart guarl; and "Shimmy" Brown, a quarterback of merit. The team will surely miss these men next year.

Concord Kicks

The game began with Concord kicking to Clemens, who returned the ball to Maryville's 40-yard line. The team failed to gain and punted. After an exchange of four or five punts, Maryville blocked a kick on Concord's 40-yard line. After failing to gain, Hamilton was called back and booted the oval between the center of the bars from the 35-yard line.

Not satisfied with a three point lead, Maryville started a drive down the field in the second quarter which was stopped on Concord's 40 yard line. The Highlanders punted to the West Virginia team. After failing to gain the Concord team attempted to punt but Byrd rushed in and blocked the kick which Cartwright recovered for a touchdown.

The Concord team came back with a strong offnse in the third quarter and for a time it looked bad for the Highlanders. Maryville kicked off to Wisler who returned the ball 40 yards. Then after taking the ball to Maryville's 35-yard line Hendrickson faked a punt and passed the ball to Whistler who ran for a touchdown. This caused the Highlanders to tighten up their defense and the Concord team never seriously threatened to score after this.

In the last period the Maryville team, intending to close the 1925 season in a flashy manner, opened up with wide end runs and off-tackle plays. The Concord team was finally backed up on their own goal line. They punted and "Shorty" McCall caught the ball on a fair catch. Bringing the men back for an on-side kick "Shorty" punted a high ball which Cartwright caught. Taking the ball while on the run he ran 30 yards for Maryville's last touchdown. In a few seconds the whistle blew, and the 1925 football season went down into history.

The line-up was as follows:

Maryville (17)		Concord (7)
Shores	L.E.	Hendrickson
Hamilton	L.T.	Hankey
Puff	L.G.	Yeager
Stone	C.	Wick
Brown	R. G.	Whanger
Proffitt	R.T.	Flannagan (c)
Cartwright	R.E.	Bock
Davis	Q.	Kessler
Clemens	L.H.	Wisler
McCall	R.H.	Arnett
Gamble (C)	F.B.	Jeffries

Substitutions for Maryville: Byrd for Davis, J. Crawford for Gamble, Holland for S. Brown, George Craword for Clemens, Brock for Proffitt, Harvey for Holland, J. Brown for Gamble; for Concord: Bock for Ofsa.

RESOLUTIONS

Whereas, God in his infinite wisdom and mercy has called unto himself the father of our beloved classmate, Jeanette Prickett, we the members of the Sophomore Class extend our heartfelt smypathy to her and the bereaved family.

Be it resolved that a copy of these resolutions be read in chapel, a copy printed in the Echo, and a copy sent to the bereaved family.

Sophomore Class,
Ruth Shubert,
George Crawford,
Marie Elmore,
Committee.

PERSONALS

Misses Margaret Broome and Cecile Chavannes of Knoxville, Tennessee spent the week-end on the Hill as the guests of Etta Galbreath and Frances Stephens.

Miss Laura Elridge spent last Sunday on the Hill. Miss Elridge is attending U. T. this year.

Dr. E. R. Hunter, who is the head of the English department, is at Memphis, Tenn. He is attending the semi-centennial celebration of Southwestern College. At this celebration, the new buildings of the school will be dedicated.

Dr. Gillingham, the Registrar of the College, will leave Monday for Charelston, S. Car. where he will attend the annual meeting of the association for colleges and secondary schools of the south. Maryville College is a member of this association.

Dr. Wison, will leave Wednesday for Atlantic City, N. J. where he will atend the General Council of the Presbyterian Church.

A TALL ORDER

The following order was receivel by a firm of pianomakers:

"Dear Sir: Please send a string for my piano. Have the string tuned to G before you send it, as my husband can put it in, but he can't tune it.—Mrs. X.

"P. S.—It's the G on the right side of the piano."

A PROBLEM IN BIOLOGY

Scout: Is a chicken big enough to eat when it is three weeks old?

Rookie: Why, of course not!

Scout: Then, how does it live?—The New Guide.

"Our boy's coming home for Christmas."

VOL. XI. MARYVILLE, TENNESSEE, DECEMBER 4, 1925 NO. 12

STUDENTS CAST BALLOTS FAVORING ENTRANCE OF UNITED STATES IN COURT

Majority of Students and Faculty Favor Entrance Into World Court Under The "Harding-Hughes-Coolidge Terms". Only One Member of Faculty Opposes Entrance Into The Court.

572 VOTES ARE CAST IN POLL

Freshmen Cast Greatest Number of Votes Favoring The Entrance of The U. S. Into The Court.—Sophomores Cast The Greatest Number of Votes in Opposition To The Court.

If the poll taken Tuesday morning in the chapel is a sample of the people of the United States, the Senate will vote by a large majority to enter the World Court. Even though the greater portion of the student body here is supposed to be followers of the Democratic party, they voted by an overwhelming majority to enter the World Court under one of the three propositions. This poll was taken under the management of the Echo in connection with the Y. M. C. A. The results of the poll will be sent to the New Student paper.

The entrance of the U. S. into the Court under the ''Harding-Hughes-Coolidge Terms'' received the greatest number of votes. This is the entrance into the Court with the reservation that the U. S. shall not be connected in any way with the League of Nations. The ''Harmony Peace Plan'' came next in the number of votes cast. This plan states that the U. S. shall enter the Court but that it shall withdraw after five years unless a code of international laws has been adopted outlawing war. The former may have received the greatest number of votes because of the psychological effect of its position on the ballot. It having been

(Continued on page three)

SENIORS WIN CLASS BASKETBALL CROWN

First Time a Senior Class Has Ever Won The Inter-class Basketball Championship.

Last Tuesday afternoon the Senior Class trimuphed over the Sophomore class by a 27-24 score in the finals of the inter-class basketball tournament.

Lippard for the Seniors, and Marion for the Sophs, were the outstanding stars of the contest. The game was nip and tuck with the Seniors holding the edge most of the time. In the last few minutes of play the Sophs had a lead of a very few points. The Seniors by a mighty effort and through the accurate shooting of Lippard were able to overcome the lead and conquer the under-classmen.

Marion and Lippard were the high point men of the tournament. Marion accumulated 51 points in five games and Lippard garnered 39 points in four games.

The line-up for the final game was as follows:

Seniors (27)		Sophs (24)
Lippard (16)	f.	Edwards (6)
Seaton (2)	f.	Marion (16)
Eitner (6)	c.	Candler
Edsall	g.	Keyes (2)
Gillingham (3)	g.	Givens

The class teams had the following averages:

	Won	Lost	Pct.
Seniors	3	1	.750
Sophs	3	2	.600
Juniors	1	2	.333
Frosh	0	2	.000

PRELIMINARIES FOR BIBLE PRIZE SOON

T. T. Alexander Oratorical Contest For $100.00 In Gold To Be Held In Chapel After Christmas.

The preliminary contest of the fifth annual T. T. Alexander Bible prize will take place on December 18th. The two men ranking highest in the preliminary contest will compete for the prize of one hundred dollars in gold at a chapel service shortly after Christmas.

This prize of one hundred dollars in gold is contributed annually by a generous friend of the College, who desires to remain anonymous, and to have the prize named in honor of one of Maryville's foreign missionaries. The prize is awarded to the winner of an oratorical contest conducted under the supervision of the Bible Training Department

This prize has always called out noble and sincere thought on the great topics of the Bible. The subjects chosen for the contest this year are the following: The Deity of Jesus Christ; Christ's Atonement for Sin; The Resurrection; and Salvation through Faith.

The winners of this prize have been in the respective years of its offer to Maryville students; Sam Franklin, Bertha Russell, Edward Cornelius and Elizabeth Torrey.

This year the contest is open to the men of the College. Five have signified their intention of entering the preliminary contest, namely Paul Meikle, Robert Lockhard, Dexter Graybeal, Robert Wood, and Charles Johnson.

Four copies of the manuscript are to be submitted to Professor Orr on or before December 10th. The preliminary contest will take place December 18th, and the finals soon after Christmas.

TRYOUTS FOR FRESHMEN NEXT MONDAY

On next Monday afternoon the tryouts for the freshmen debate team will be held.

The question that the Freshmen will debate is 'Resolved, that the exclusion provision in the 1924 immigration act should be repealed.'' A full schedule has not been arranged as yet for the Freshmen, but a meet with the University of Tennessee is certain. Approximately 25 boys and girls will try out for the team next Monday.

The Freshmen who make the team receive all the privileges that the Varsity debaters receive. They become members of the Pi Kappa Delta and are allowed to wear a Pi Kappa Delta key.

Miss Sarah Moore has been ill for some time at her home in Alcoa. She is recovering slowly and will be able to attend school soon.

FIRST BASKETBALL PRACTICE OF YEAR WAS HELD TUESDAY

65 Men Answer Call For Cage Candidates.—Squad Cut To 25 Men.

GREAT SEASON PREDICTED

Captain Shores, "Shorty" McCall, and Joe Gamble Are Only Lettermen That Have Returned.

In cutting the basketball squad last Wednesday to about 25 men, Coach Honaker expects to get in some real practices before the first game which is to be played here on December 17th with Johnson Bible College.

Although five of last year's lettermen failed to return to school this year, the prospects are bright for a successful season due to the great number of new men that have entered school this year. This year's team will use the three letter-men that have returned this year as a nucleus around whom the 1925-26 team will be molded.

Captain Shores, ''Shorty'' McCall, and Joe Gamble are the letter men that have returned this year. Shores is a forward and is an accurate shot from any position on the floor. ''Shorty'' McCall plays forward, and a faster man was never seen on a basketball court. Gamble is a reliable guard and alternates at center if it is necessary.

In addition to these luminaries there are a dozen men who are showing up well. Some of these are new men and some were members of last year's squad. Those who are looking especially good in practice are: Davis, Keys, Edsall, E. Johnson, Byrd, Marion, Givens and Clemens. It is of these men in addition to those lettermen that have returned that the team will be comosed.

For the past few days Coach has been teaching the men the fundamentals of the game. Most of the work for the next few days will consist in allowing the men to handle the ball as much as possible. Until the men become adept in this there will be little scrimmage.

The schedule for the year has not been completed as yet but Manager Gamble is negotiating for games with a great many large schools. If this prospective schedule is completed Maryville will have her work

(Continued on page four)

BASKETBALL CAPTAIN

PAT SHORES

Pat Shores, the handsome Captain of the 1925-26 cage team, is a three year letterman in basketball. In addition to this, Shores has lettered three years in football and baseball. Shores came to Maryville in his Sophomore year from Howard College in Birmingham, Ala.

FOOTBALL SQUAD TO HAVE BANQUET

The business men of Maryville are going to give a banquet to all members of the football squad next Tuesday evening.

This banquet will probably be held in Reagan's Cafe at 7:00

The senior members of the football squads of the high schools of Maryville will also attend the banquet. The schols who are invited are: Alcoa, Maryville High, Maryville Polytechnic, and Everett High.

The 1926 captain of the football team will be elected at this banquet.

MANY NEW GIRLS ON CO-ED CAGE SQUAD

Prospects Are Bright For A Successful Season With Good Material From Which To Pick Team.

Maryville College has bright prospects for a great co-ed basket ball team. Although losing several letter-men last year many new girls are available to fill these vacancies.

Under the able tutelege of Miss Lynn Norton the team is fast rounding into mid-season form. The girls have been practicing for several weeks and are in excellent condition. The Highland Lassies play their first game on the night of December 10th, when they meet the Y. W. C. A. team of Knoxville. Last year the Lassies were fortunate enough to gain a victory over this team. The girls from the "Y" will be out for revenge so the game should be a good one.

Basketball is the only sport that the girls can letter in at Maryville. This gives the girls more incentive to work along this line than any other.

Dorothy Hipp is the captain of the team this year. Everyone knows that with such an excellent leader the team is due for a successful season.

In addition to the letter-men who have returned to school the following girls are showing up well: Emily Simpson, Jack Horn, Ruth March, Jane Dorough, Callie Mae Thrower, Sarah Portrum, Theo Belk, Grace Saunders, Lillian Dorough and Kate Donahue

Carson and Newman, University of Tennessee, East Tennessee State Normal, Cumberland University and Peabody are among those games to be played. A full schedule will be published later.

LATE NEWS BULLETIN

In the election for representatives for the 1925-26 Chilhowean feature section, Joe Gamble was the only one who won his place by an overwhelming vote.

The two candidates receiving the greatest number of votes for each place are recorded below.

"YOU AND I" TO BE PRESENTED HERE ON NEXT MONDAY NIGHT

First Mid-Winter of Year To Be Given By Alpha Sigma Literary Society.

ALL-STAR CAST

The Play Presents The Problems of The Youth of Today And a Solution to The Same

''You and I'', the play that won the Harvard prize in 1922, will be presented by the Alpha Sigma Literary Society next Monday evening at 8:00 p. m.

The Alpha Sigma Society is giving a play this year that has its setting in the present day. Presented first at the Belmont Theater in New York City, it had a successful run of several seasons. It is now being released to amateur players who pay the heavy royalty that is attached to it.

Many questions that perplex the youth of today and especially the young people who attend college are taken up in this play. Should a man marry before he has completed his education and has sufficient funds to care for a wife? If a man finds himself in an occupation for which he cares nothing, should he give it up for one that he likes? Should a girl wait until her lover has finished his schooling before marrying him? These and many more problems that puzzle the young folk of today will beanswered.

Partial Synopsis

Maitland White (Dewey Eitner) a man with an artistic temperament has married Nancy Lyons (Catherine Hysinger) when a very young man. He enters business and becomes fairly successful, but finds himself longing to ''see a picture under his eyes''. He yields to his

(Continued on page four)

GIRLS ARE CHOSEN FOR DEBATE TEAM

Twelve Girls Were Selected From Numerous Candidates Last Monday Afternoon In Preliminaries.

In the try-outs for the girls' debating teams that were held last Monday afternoon, twelve girls were selected to represent Maryville on the forensic platform.

Five girls who made the team last year were again selected for places. Seven new girls were given places on the team. Nearly all of these girls have had some experience in debating.

Two debates have been scheduled for the team. One with the University of Tennessee and the other with Tusculum College.

The girls who made the team are: Elizabeth Keown, Nelle Watkins, Denna Reeves, Kathleen Hunnicutt, Evelyn Porter, Vera Slagle, Josephine Parker, Emily Minton, Bland Morrow, Ruth McMurray, Gayle Marshall, and Virginia Paulsell.

In the debate with the University of Tennessee Paulsell, Marshall and McMurray will have the affirmative side at home. Watkins, Reeves and Morrow will take the negative side at Knoxville.

For the Tusculum contest Keown, Hunnicutt and Minton will compose the affirmative team that will travel to Tusculum. Porter, Slagle and Parker will take the negative side at home. These debates are scheduled for sometime next March.

CAMPUS BIG MEN

In a college the size of our own, there are always those who would monopolize the prominent parts in all of students' activities. Instead of taking one activity and concentrating on it they must have the leading part in everything. Now it is a certainty that a person cannot carry sixteen to eighteen hours of classroom work and do himself justice if he goes out for athletic teams, takes a part in the Glee Club, society plays and is president of two or three organizations.

If a man is so popular and versatile as all of the above, we must admit that he is indeed a rare specimen. But on the other hand, he cannot do himself justice in the classroom with so many outside distractions. How is the situation to be remedied? A student in college should know what to take part in and what not to. But in striving for popularity and social approval many students here in school, students of more than average ability, find themselves engulfed in a social whirpool from which they seem unable to escape.

Many colleges are putting forth a point system to cure ambitious leaders. That is, every office and every extra-curriculur activity is valued at so many points. Each student is allowed a maximum of a certain number of points. Students have an opportunity of taking part in school activities by means of a plan of this nature without receiving any ill after effects. A plan of this kind would distribute the honors and cure those who would monopolize offices. This plan is in effect at Furman College, N. C. The student is limited to a maximum of thirty points. The University of Minnesota is devising a point system for women. In this plan the offices are divided into three classes. The aspirations of students are limited to holding a certain number of offices in each class.

It is a certainty that something should be done to restrict the policy of the so-called college "big man".

If the college students do not support the advertisers of the student publications, why then would the advertisers support the students in their activities? The merchants that advertise in the ECHO are loyal supporters of the school and are making the publication of the ECHO possible. Each week a number of advertisements appear in the ECHO. Students look them over and see who is helping the school, then patronize those whom you see advertised in the paper.

The college team has closed a successful season in football. The basketball team has already begun to practice. In the games that are to be played soon, let us keep up the spirit of the team. The successful completion of the past football season was due in a large measure to the support of the student body.

You can hire thousands of people to tell you the things you like to hear, but the one who will tell you the things you ought to hear is above price.

Culture can be bestowed but common sense is a gift.

Guess and Fail are twins; so are Know and Win.

HIGHLAND FLINGS

—MC—

Since the Seniors have completed the Theism course, we wonder what they will have to crab about now.

—MC—

Nearly every man is a believer in heredity until his son flunks in college.

—MC—

Don't worry when your shoes squawk; Shakespeare said there should be music in every soul.

—MC—

Stewed: "Where am I?"
Stude: "Who are You?"
Stewed: "Never heard of the town."

—MC—

THERE'S NO FOOL

"Sure I stole a kiss", said an 81-year-old man who had kissed a 28-year-old woman. When you become that old you gotta steal 'em.

—MC—

Zuppke, in talking about "Red" Grange said he would never again have a $100,000 player on his team. Honaker says that's because a coach only gets a $100,000 man once in a lifetime.

—MC—

She called him, "Honey". So he nectar.

—MC—

"What makes you always so popular?"
He asked the speedy young spark.
And she said with a grin,
As she powdered her chin,
"I keep all the boys in the dark"

—MC—

J'ever see any of these B.V.D. girls? The kind that are Born Very Dumb.

—MC—

Kissing a girl because she wants you to is just like scratching a place that doesn't itch.

—MC—

MASH 'EM

Brock says it is dangerous to eat peas with a knife but he always was a man to take chances.

—MC—

Pat says they can call the play "You and I" if they want to, but he always did like the expression "Me and You".

—MC—

One of these hay handlers on the college farm fed the cows sawdust in order to get shaving cream.

—MC—

The latest song hit: "She gave him a monkey-wrench when she saw he was a nut."

—MC—

WIT?

George G.: I wish I had a nickel for every girl I've kissed.
Edsall: What would you do, buy yourself a pack of gum?

—MC—

Some people are so dumb that they think punctuality means a flat tire.

—MC—

Waitress: Order please?
Frosh: (absent mindedly): Whazza matter? I ain't makin' any noise.

—MC—

The only reason Rome was not built in a day was that Mussolini was not there.

—MC—

Make a sentence using the word Idaho.
Marion (In Spanish class) Idaho lot rather be somewhere else.

—MC—

COLLEGIATE

Teacher: Johnny, do you know the four seasons of the year?
Johnny: Yes'm—straw hat, raccoon coat, slicker, and galoshes.

—MC—

ADVICE TO FRESHMEN

X-mas vacation is only three weeks off and then you will have a chance to tell the folks at home what a big man you are at college.

XMAS is near at hand and we feel sure every student on the Hill can save both money and worry by buying your Christmas Gifts at the CITY DRUG CO. now.

We have appropriate gifts for everyone; before buying be sure to look our stock over.

INTERCOLLEGIATE NEWS

The University of Kentucky votes for an honor system in the work connected with the R. O. T. C. Most of the other schools in the country are attacking the honor system because of the inability to enforce it.

Nashville, the center of Tennessee culture is desirous of effacing from public memory Dayton, the vortex of fundamentalism. Vanderbilt University commences a drive for $4,000,000 for amplification of the School of Arts and Sciences. Said Chancellor James H. Kirkland: "Vanderbilt's answer to the episode at Dayton, Tenn. is the building of new laboratories for the teaching of science."

Three Oxford debators who came to the U. S. and debated in many colleges, departed for England, having been the cause of violent and various opinions on the relative merits of the American and English debate systems.

At Smith College, where a debate was held on the subject of Russian recognition, anti-Oxford spirit ran high. Many students felt insulted at the "almost insulting flippancy of the Englishmen. A disgruntled editor of the Smith College Weekly decided she had paid fifty cents to see an authentic pair of "Oxford Bags" and not to hear a debate on Russian recognition.

Departments of German are gradually assuming their pre-war size. At the University of Rochester, German is the most popular language on the curriculum. Two hundred and thirty students are studying German, more than in any of the three other departments, Spanis[illegible]ch and Italian.

MARYVILLE MARY SAYS: YOU CAN ALWAYS TELL THE WINNER BY THE SIZE OF THE CROWD TAGGING AFTER HIM.

GOING HIM ONE BETTER

"When I was in India" said the club bore, "I'asw a tiger come down to the water whre some women were washing clothes. It was a very fierce tiger, but one woman, with great presence of mind, splashed water in its face—and it slunk away".

"Gentlemen", said a man in an arm-chair, "I can vouch for the truth of that. After the incident I was coming down to the water. I met this tiger, and, as is my habit, stroked its whiskers. Gentlemen, those whiskers were wet."

—DeMolay Poster.

Professor of Chemistry: The air in its natural state contains oxygen, nitrogen, aqueous vapor, argon and carbon dioxide, also traces of hydrogen, kryton, neon, zenon, and helium.

Coed: No wonder the poor can't afford it.—Life.

The great Thurston was producing eggs from a hat. With his characteristic humor, he addressed a boy on the front row:

"Your mother can't get eggs without hens, can she?"

"Oh, yes!" quickly replied the boy.

"How's that?" nervously asked the conjurer.

"She keeps ducks", chuckled the youngster.—Punch Bowl.

Bainonia

Girls, wouldn't it be fine to be home with your family gathered around an open fire; telling stories, picking ukes and singing the good old songs that we all like to sing so well. If you do bring your ukes and come to your Bainonian home and meet with the family circle? And girls, remember that the old family circle is never complete when one is absent.

Last Saturday night a very interesting program was given by the four greatest artists of the world. They were impersonated by the following persons:

Louise Booth - - - Paderewski
Pat Farrar - - Fritz Kreisler
Katherine Franklin - - Kipling
Arta Watkins - Geraldine Farrar

The following officers were elected to serve for the coming term:

President - - Agnes Houghton;
Vice President - Christine Rockette
Secretary - Kathleen Hunnicutt
Sergant-at-Arms - Mary Cris Beim
Publicity Chairman - Bone Muser
Program Chairman - Nelle Watkins
Critic - - - Louise Baird

Alpha Sigma

Don't miss the big treat fellows. Dunn and Osborne will debate a question of importance to all. "Resolved: That upper-classmen should be allowed to discipline the Frosh".

The music of the evening will be a vocal solo by Robert Dance. Topic in brief will be discussed by Maynard Layman. At the last meeting Alpha Sigma enjoyed a very entertaining radio program through the courtesy of William Seaton. Many of the fellows stayed hours after the meeting to listen in.

Fellows, don't forget to make a date for "You and I" Monday night.

—*M. Layman, Editor*

Theta Epsilon

Everyone is invited to attend the Theta program Saturday evening, for the new program secretary has a real treat in store for you.

"Sam's Courtship", the one-act play which will be presented, is a real comedy which everyone will enjoy. The setting is in New England. A negro stunt will be presented by the Sherill Trio and special music by the Theta chorus.

A short program was enjoyed last Saturday evening, after which the following officers were elected:

President - - - Ruby Harrison
Vice-President - - Gussie Huffman
Secretary - - - Carrie Murray
Assist. Treasurer - - Berta Collie
Program Secy. - - Edna Dorough
Critic - - - - - Ruth Schubert
Sargant-at-Arms - - Mary Swain

Don't miss Sam's Courtship".

—*Ellen Cox, Editor*

Athenian

Good old Athenian met last Saturday night and proceeded to elect officers. Those elected to guide the destiny of our Society in the near future are:

President - - Edward Hamilton
Vice-president - - - Robert Bishop
Recording Secy. - Emmet Johnson
Program Secy., Raymond Anderson
Critics - - - George Crawford and Robert Harvey
Editor - - - - William Swaim
Sergeant-at-arms - John W. Finch

Let's all come out to the meeting at 6:15 next Saturday night and enjoy a real good programme consisting of orations by six Athenians, from whom will be chosen our two representatives for the French Oratorical Contest.

Everyone welcome. Let's boost Athenian to the skies!

—*Wm. Swaim, Editor*

NO JOQUE

Congressman Guy Hardy of Colorado has a faded old clipping in his possession about the difficulties of a pioneer newspaper out in his country, which reads: "We begin the publication ov the Roccay Mountain Cyclone with some phew diphiculties in the way. The type phounder phrom whom we bought our outphit phor this printing ophphice phaled to supply us with any ephs or cays, and it will be phour or phive weex bephore we can get any. The mistaque was not phound out till a day or two ago. We have ordered the missing letters, and will have to get along without them till they come. We don't lique the loox ov this variety ov spelling any better than our readers, but mistax will happen in the best regulated phamilies, and iph the ph's and c's and x's hold out we shall ceep (sound the c hard) the Cyclone whirling aphter a phasion till the sorts arrive. It is no joque to us—it's a serious aphair".—Berea Pinnacle.

Any one can find bad in the good, but it takes love and charity to find good in the bad.

STUDENTS CAST BALLOTS FAVORING ENTRANCE OF U. S. IN COURT

(Continued from page one)

placed first.

Approximatly 100 students failed to cast a vote on the question. This may be due to the fact that they felt incompetent to vote from lack of understanding of the question. There is doubt that the bringing to the attention of the students this grave problem of finding some way to do away with war will not be without its result.

The Faculty has only one member who is opposed to the entrance into Court. One Faculty member and one student voted that the U. S. should enter the Court via the League of Nations. One member of the Faculty voted that the U. S. should enter the Court without any reservations.

The Senate of the U. S. is scheduled to open debate on the Swanson resolution December 17th. This resolution embodies the entrance of the U. S. into the World Court under the Coolidge terms. Inasmuch as a similar poll to the one that was conducted here Tuesday is going to be held in all the colleges and universities in the country, the decision of the Senate on this question should be influenced a great deal by the poll.

The tabulated result of the Poll is given below.

SENIORS

NEW ARITHMETIC

''I am not much of a mathematician, said the cigarette, ''but I can ADD nervous troubles to the boy, can SUBTRACT from his physical energy, I can MULTIPLY his aches and pains, I can DIVIDE his mental powers, I can take INTEREST from his work and DISCOUNT his chances of success.'' —National Welfare Association.

Science and grit are the fighters, two hands and a one handed fighter never won anything.

Success rarely chums with the undeserving.

Only fools try to teach fools.

Be not satisfied with small things.

FIRST BASKETBALL PRACTICE OF YEAR WAS HELD TUESDAY

(Continued from page one)

cut out in winning the greater percentage of these games. However, three games are certain to be played with the oldest rival of the wearers of the Orange and Garnet, the University of Tennessee. The dates for these games will not be arranged for until later.

After closing a most successful season in football, Coach Honaker intends that the basketball season will be no less successful. At the first practice approximately 65 men answered the call for candidates. Many of these men had hardly ever seen a basketball before and many never had handled one before. Coach immediately used the axe and now the squad is reduced to a size that Coach can easily handle.

The game with the Johnson Bible School must be taken seriously. That school has no football team and the men start basketball practice early in the fall. This will give them a decided advantage over the Highlanders because of this extra practice, and in order to win the Maryville men will have to round into shape fast.

"YOU AND I" TO BE PRESENTED HERE ON NEXT MONDAY NIGHT

(Continued from page one)

wife's plea that he give up business and begins painting what he hopes will be a masterpiece.

Meanwhile Roderick (Gordon Jeffries) is about to make the same order as his father, that of marrying before completing his education. But the girl to whom he is engaged refuses to marry him when she sees that this will necessitate his giving up his education. This part is played by Nelle Caldwell. The remainder of the story will be told next Monday evening.

John Morgan as Geoffrey Nichols portrays the part of a successful novelist and artist. Spice and humor are added to the play by the naive and pretty servant girl Etta, played by Mary Welbon.

Mrs. West, the head of the Expression department, has asserted that this play compares favorably with ''Milestones'', one of the best plays that has ever been on the hill.

ART CLUB MAKES PLANS FOR YEAR

At a recent meeting, the Art Club was organized, and the following officers were elected: President, Martha Cline; Secretary and Treasurer, Walt Matthews; Editor, Margaret Pickens. It was decided by this aesthetic group to meet regularly for the purpose of study and discussion of the lives and works of great artists. Under the able direction of Miss Bird, a pleasant and profitable year is expected.

PREACHERS HAVE MEETING

The Ministers held their regular meeting on last Wednesday night. Albert Miller gave a short talk relative to war and the World Court, in light of Christianity. Following this there was an interesting discussion on the U. S. and World Court.

DO YOU KNOW? ''HOW TO STUDY''

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

''It is safe to say that failure to guide and direct study is the weak point in the whole educational machine.''—Prof. G. M. Whipple, Univ. of Michigan.

''The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked''.—Prof. H. S. Canby, Yale.

''Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain.''—Prof. G. F. Swain, M. I. T.

''To students who have never learnt ''How to Study'', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment''—Prof. A. Inglis, Harvard.

''HOW TO STUDY'' will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

INTERESTING MEETING OF CHEMISTRY CLUB

On Tuesday evening, the Chemistry Club held a very interesting meeting in Science Hall. The program consisted of an article read by Prof. Howell, concerning the ''Growth of Chemistry in World Affairs'', taken from the New York Herald, and sent by Mrs. Hillman, a donor of our Chemistry Department. He also spoke of the many contests open to college students in the field of Chemistry.

The remainder of the program consisted of a two act play given by several members of the club, which was certainly as amusing as instructive.

The next meeting of the club will be December 15th.

Jean McMurray '25, is successfully teaching and coaching at Erwin, Tennessee.

ABOUT FOOD

The orator eats tongue, we hear;
The Sultan turkey lunch.
The undertaker drinks his bier,
The prize fighter, his punch.
The acrobats spring water drink;
The toastmaster eats toast;
Surveyors eat their stakes, we think,
And editors, a roast.
Shoemakers have filet of sole;
The printer, pi and sweets;
The hungry actor eats his role;
While policemen munch their beats.

—Stanford Chaparral.

Teacher (to class): Now, tell me, what is the opposite of misery?

''Happiness'', said the class in unison.

''And sadness'', the teacher continued.

''Gladness''.

''And the opposite of woe?''

''Giddap'', shouted the class.

THREE FRESHMEN TO BE AWARDED LETTERS

Clemens, Byrd, and Davis Only Only Freshmen To Receive Coveted Emblem In Football.

Football men may come and Football men may go, but the team goes on forever. This team could not go on forever if new players didn't come in every year to take the places of those who graduate.

This year the Freshmen who are to have their chests decorated with the Block "M's" are Harold Byrd, John D. Davis, and Horace Clemens.

Horace Coker (''Country'') Clemens spent his prep career at Maryville Polytechnic School. While there he carried off the honor of being chosen all East Tennessee full-back in football. He was a letterman for two years in football, basketball and baseball, making all state guard in basketball in 1922.

John Arthur (''Ivory Top'') Davis got his early training at Maryville High. He participated in football, basketball, and baseball for four years while there. In 1923 he was captain of the football team and played quarter-back. He played guard on the basketball team and shortstop on the baseball team.

Harold, (''Brown Eyes''. "Tillie" Byrd was another Poly boy before coming to Maryville College. Byrd made letters in football, basketball and baseball for three years while under the tutorship of Mr. Henry.

STATISTICS ON INTELLIGENCE TEST

Total average for girls was 90.22. The average for the boys was slightly lower, it being 89.55.

CHRISTMAS PLAY TO BE GIVEN ON FRIDAY

College Players Will Give "A Bird's Christmas Carol" In Chapel on Friday, Dec. 18.

On Friday night, December 18, the College Players present as their first offering of the season "The Bird's Christmas Carol" by Kate Douglas Wiggins. The play is brimming with Christmas cheer and jollity and ends on a note of pure beauty. An audience watching it will feel a pull at their heart strings, will hold their sides that ache from laughter, and will at the last go away with their eyes moist.

Mrs. Ruggles and her brood of seven, who occupy the house in the rear, supply comedy in quite satisfying amounts. Each little Ruggles is distinctive, from Sarah Maud, who feels as if the whole dinner party is resting right square on top of her, to roly-poly Larry who gets lost amid the umbrellas.

In the part of Carol Bird, the little lame child in the big house, is found the beauty and pathos of the play.

There are other characters, too, and each adds to the play in his own particular manner.

The full cast is as follows:

Mr. Bird - - - Paul Meikle
Mrs. Bird - - Esther Grimes
Uncle Jack - - Gordon Jeffries
Elfinda, the nurse - Vera Scales
The Butler - - Robert Wood
Mrs. Ruggles - Elizabeth Hoyt
The little Ruggleses
Sarah Maud, Kathleen Hunnicutt
Peter - - - Maynard Dunn
Peoria - - Mildred Watson
Kitty - - - Thelma Whitted
Clement - - Eleanor Collins
Cornelius - - Virginia Paulsell
Larry - - Mary Eleanor Welbon

Y. M. C. A. MEETING

A few weeks ago the Alpha Sigma Literary Society presented a program at one of the Sunday meetings. This meeting was enjoyed by everyone. It was announced at the same time that in the near future the Athenian Literary Society would have charge of the meeting.

The time has come. Next Sunday the program will be in the hands of the Athenians. There is talent of all kinds in the society, and the best of it will be put to use in the meeting.

All of the meetings this year have been very good, and this one will be one of the best. Don't fail to attend this meeting at 1:00 o'clock in the ''Y'' Auditorium.

Estelle Woodall, ex-'27 is teaching commercial subjects at Iderson Junior College, Alderson, W. V.

Mason Mann, '24 is teaching at Amherstdale, W. Va.

Annie Harrison of Vonore, Tenn. a member of last year's Freshman class, visited friends on the Hill this week.

THURSTONE TEST IS GIVEN TO MEMBERS OF FRESHMAN CLASS

Girls Rank Higher Than The Boys By One-half of One Per Cent.

AVERAGE CLASS

Robert Welsh Ranks First, Margaret Lawrence, Second, Betty Jane Sharp, Third.

Last year the Ohio State Psychological test was used to examine incoming freshmen, but this year's test is known as the Thurstone Test, prepared by Dr. L. L. Thurstone, Chicago University, and Chairman on Personal Research, National Research Council. Last year there were 109 colleges and universities that expected to use this test for freshmen and over 200 are expected to use it this year.

Dr. Thurstone has not reported norms for the 1925 tests and therefore we cannot be accurate in our determinations. However, the Department of Psychology has received the norms of 6,000 college students examined last year and a fair determination can be made.

The test consisted in 285 questions with the highest possible score of 285. 284 Freshmen took the test, the girls ranking slightly higher than the boys by less than one-half of one per cent. The highest score was 242, made by Robert Welsh, second Margaret Lawrence, and third Betty Jane Sharp. According to the M. C. rating there were fourteen people in the A rank. Normally five per cent are expected to fail and they did. In the lowest class we have three scores discouragingly poor, namely, 6, 16, 17.

By comparison with the National Research Committee the class of

FRESHMEN CHOSEN FOR DEBATE TEAMS

Six Boys and Six Girls Are Chosen In Preliminaries For Debate With U. T.

In the Freshmen debate try-outs last Monday, six boys and six girls were chosen by the judges to represent Maryville College in the annual debate with the University of Tennessee. The question for debate is, ''Resolved, that the exclusion provision in the 1924 immigration act should be repealed."

The exact date has not been decided upon for these debates, but they will take place some time soon after Christmas. The girls who were chosen for places on the team are: Berda Carlock, Mary Davenport, Emily Simpson, Annielea Sliger, Artie Watkins, and Mary White. Miss DeHaven, the freshmen coach will have Berda Carlock, Mary White and Emily Simpson uphold the Affirmative at home against the University of Tennessee. Mary Davenport, Annielea Sliger and Artie Watkins will take the Negative side at Knoxville.

The boys who were chosen in the same time are: Russell Annick, Walter Courtney, Florine Hopkins, Russell Lewis, Louis Huff and Hugh Weaver. In the debate with the University of Tennessee Hugh Weaver, Russell Annick, and Walter Courtney will take the Affirmative side at home. Florine Hopkins, Russell Lewis and Louis Huff will take the Negative side at Knoxville.

Professor Knapp, Miss Heron and Dr. E. R. Hunter were the judges.

PLAYERS GO TO SEVIERVILLE

On next Wednesday the "Maryville College Players" will travel to Sevierville with their play. After presenting this play at Sevierville on Wednesday the "Players" will give the same play on Friday night, December 18th in the chapel. The play is entitled, "The Bird's Christmas Carol" written by Kate Douglas Wiggins. The play contains human interest, pathos and comedy, all of which are essential for a good play.

SECOND MIDWINTER ON MONDAY NIGHT

''Mother Carey's Chickens'' Will Be Given In Chapel Next Monday at 88:00 P. M.

The Theta Epsilon Literary Society is presenting the play "Mother Carey's Chickens" in the chapel next Monday evening. This is the second mid-winter of the year.

The play is the story of Mrs. Carey and her children, who because of lack of funds have sold their home in a large city and bought the "Yellow House" in Beulah, a small New England village.

In Mother Carey are found all the characteristics of the mother, whose every thought is for her children. She has just lost her husband but is determined that she will overcome her grief and make a happy home for her children. Nancy, the oldest girl is known as the "family pathfinder". Gilbert, the oldest boy, is the "man of the family". Kathleen and Peter, the younger children, also do their share to make their mother's burden lighter. Cousin Ann Chadwick is a lovable old maid who aids the family in a financial way but who won't accept any thanks. Julia Carey might be called the 'thorn in the flesh', although later she develops into a very lovable girl. Cyril Lord and Ralph Thurston are neighbors in the village. Tom Hamilton, the owner of the house is a very striking young man who falls in love with Nancy at first sight. As for the Popham's, they picture a typical country family.

The theme of Kingsley's "Water Babies" runs thru the entire story. In order to make things easier for

(Continued on page six)

LIFE WORK CONFERENCE

The Life Work Conference Committees of the Y. W. and Y. M. will soon conduct a questionaire in which the students will be asked to indicate their preference for a life calling.

This is a preliminary step for the annual Life Work Conference which will be held next spring, March 5, 6, 7, 1926. Several prominent speakers have already been secured for the Conference and prospects are good for a fine presentation of twenty professions and life callings.

Each student is asked to consider carefully his preference in the questionairre soon to be submitted so that the committees can get an approximate number interested in each field offered.

Professor Ellis librarian, is ill at his home.

Mary Lily Sossomon, '25 is teaching in Charlotte, N. C. Her address is Chadwick Station, Charlotte, N. Car.

STATISTICS FOR FRESHMAN CLASS SHATTER RECORD

148 High Schools In 24 States And Foreign Countries Represented.

172 FROM TENNESSEE

74 Enter From Local High Schools—20 Come From Ohio.

The Freshman Class this year breaks all previous records for enrollment records. The total number of Freshmen enrolled totals 307.

In this enrollment 148 high schools in 24 states and 4 foreign countries are represented, 172 Freshmen represent 34 counties in Tennessee. 64 members came from Blount County. 74 entered from local high schools.

Ohio leads the states in the number of students enrolled, that is of course, excepting Tennessee. Ohio has 20 representatives, with Kentucky and North Carolina tied for second place honors, each having 13 Freshmen enrolled.

It is interesting to note that half of the states of the Union are represented. The exact number of Freshmen students from each state is given below.

Alaabama	11
Arkansas	2
Colorado	1
Connecticut	1
Florida	8
Georgia	11
Illinois	9
Indiana	4
Kentucky	13
Maryland	3
Mississippi	5
Missouri	2
Nebraska	1
New Jersey	1
New York	2

(Continued on page six)

MANY HARD GAMES ON CAGE SCHEDULE

Tennessee, Kentucky State, and Centre Are Hard Games On Schedule.

Maryville College faces one of the hardest basketball schedules this year that she has had for a long time.

With only three lettermen returning to school. Coach Honaker will have to work almost a miracle to win the greater percentage of the games to be played. The graduating class last year hit the cage team hard when four stars played their last game for the Orange and Garnet. Two of last year's lettermen failed to return to school, and Coach Honaker is up against the hard task of molding a successful quintet out of green material.

Only one game will be played before the Holidays but with so many new men to work with the team will be lucky if they pull through with a win. Immediately after the Holidays, however, the team begins on a real basketball schdule. Chattanooga, Tennessee, Carson-Newman are all to be played within a period of twelve days. The first game with Tennessee will be played there. Maryville has never won a basketball game from Tennessee on their court, so the team will try hard to be in prime condition for this contest.

Manager Gamble states that several more games will no doubt be scheduled before long. The tentative schedule is given below.

FRESHMEN

One of the earliest sports of the year at Maryville, is that participated in by the upper classmen only, namely that of giving the Freshmen the once-over. Of course such a game is soon over, but there are some on the Hill who have developed the higher stages of this sport. It is indeed with much anticipation that these Fans study the individuals of the Freshmen Class and endeavor to say which of them will conduct themselves so as to cause their names to be published in that, as yet unseen volume of "Who's Who in Maryville College",

Even though the upper classmen may see much good in the Freshmen Class, it has long been the opinion among college students that the Freshmen should be made to feel as small as possible. However, the Faculty here at Maryville has forbidden the upper classmen to exercise any force which might bring this about. Apparently they prefer to perform this duty themselves, for no one can doubt the advantages of subduing the Freshmen. For this purpose all Freshmen are required to take Freshmen Chemistry and Trigonometry.

Whether or not the present Freshmen have been sufficiently subdued, is hard to say. However, basing our faith in those courses cast upon Freshmen, and in certain teachers who make it their duty to remove Freshmen from any pedistal upon which they might place theselves, we look forward eagerly, to the Freshmen of today getting the true Maryville Spirit.

Without a doubt the present Freshmen Class has shown several advantages over previous ones. The first one noticeably was that described by a Senior when he said: "Ha! We seem to have an extra fine flock of chickens this year." This fact was proved in the recent election when Maryville declared its prettiest girl to be a Freshman. The Freshmen have also showed much ability in football, as shown by the fact that three of their warriors won the Maryville "M". The recent Freshmen debate preliminaries also showed some promising material.

Freshmen however, must remember that there is another, and more important way to get into the old Maryville Spirit: that is, by studying. For after all "it is for knowledge that we come to college". Without doubt there are those who excel in the classroom as there are those who excel on the football field. But because certain ones excel, there is no reason why the rest of us should not be among those who "also ran", for one must learn to study when he is a Freshmen if he expects to succeed. And the best way to learn to study is to start studying and continue studying until you are through.

If by chance there are any Freshmen who find life, and studies in particular, rather hard, let him bear in mind that these days, a fellow can get anything he sets his heart on. Let us say it in the words of Edgar A. Guest:

"You can do as much as you think you can,
But you'll never accomplish more;
If you're afraid of yourself, young man,
There's little for you in store,
For failure comes from inside first,
It's there if we only knew it,
And you can win though you face the worst,
If you feel that you're going to do it."

—J. J.

CARRY ON 1929

The new is continually replacing the old. New styles, new materials, new ideas are constantly replacing those that are worn out. So it is in college life, the new must take the place of the old. Every year a new class enters school and takes up the work that another class has outgrown.

This year the largest Freshman class in the history of the college has entered school. The burden falls upon them to carry on the work that these have gone before left undone. They must uphold the traditions and honor of this great institution of which they are now a part.

The Freshmen, in order to become an essential part of this great organization must have something in common. This common and uniting influence is college spirit. What then, is this college spirit of which we hear so much?

College spirit is that unseen power that makes one forget the self idea and get the idea that he is working for the love of the school. It is the powerful force that makes a motley crowd into a well organized machine working with a denfinite aim and purpose in view. It is that element that causes a student body to cheer their team in defeat as wholeheartedly as when they are conquerors. When a Freshman begins to feel a thrill whenever he hears the Alma Mater sung, and yell with redoubled frenzy when a player makes a touchdown or shoots a basket, he is beginning to get the spirit that has existed on the Hill for over a century.

It is only by means of this spirit that real organized work can take place. Everyone is striving to attain a common goal. That goal should be for the highest good of the College. In whatever these new students direct their attention, whether it be athletics, forensics, or other activities, they must come to realize that they are working for the love of the school and not with any selfish end in view. Keeping this thought uppermost in their minds the class of 1929 should "carry on" as the other classes in the past have done.

HIGHLAND FLINGS

—MC—

Maryville has 300 odd freshmen this year. Yes, every one of them.

—MC—

A bright frosh was heard to remark that no matter how the nation's crops are, the barber always stands at the head.

—MC—

Weinand: I got fifty in my intelligence test.

Sarah P.: That makes you a half wit.

—MC—

Constance Castile remarks that the following boys have asked her for dates: Roscoe Chapman, Herbert Hunter, George Gillingham, "Shorty" Cragan, Bill Seaton, and Gerald Bell. To date Bell has the edge.

—MC—

—MC—

The rose is red,
The violets blue,
And so is a frosh,
When his board falls due.

—MC—

WHY?

Women were made before mirrors and have been before them ever since.

—MC—

ORTHOGRAPHER?

Inquisitive Frosh: "What's your name?"

"W. B. Jones".

I. F.: "How d'ya spell it?"

—MC—

"Shorty" Story calls Helen his washerwoman because she has a good line.

—MC—

All the frosh say that Harold is some Byrd.

—MC—

OMELETTE

"This bane a good yoke on me" said the Swede, as he spilt some egg on his vest.

Vorhees is known by the appellation Reginald.

—MC—

Someone comes forth with the remark that Schenck is from Philadelphia, the town of cold breezes and hot air.

—MC—

We grant the ostrich's wrist watch to the frosh who thought 'Mother Carey's Chickens'' was an advertisement for a poultry show.

—MC—

Louis Huff candidly admits that women are his weakness.

—MC—

The frosh that thinks himself the whole cheese usually turns out to be but a part of it.

—MC—

Theo says: "Tact is something a girl uses with a slow date to make him think she is a fast worker.

—MC—

Familiarity breeds contempt, as well as matrimony.

—MC—

Pete thought he had Grace cinched till "Handsome" Pat stepped in.

—MC—

Davies tells how he saves money on his laundry bill. He hides his osx in the pockets of his pajamas.

—MC—

A KISS AMISS

Mabel Haws: Have you ever kissed a girl?

Billy C.: Is that an invitation or sox in the pockets of his pajamas.

—MC—

A Miss is as good as her smile.

—MC—

Chan wrote home for more money saying that he had heavy overhead expense. He bought an umbrella last week.

—MC—

Advice to Freshmen

The reason we dedicate this issue to you is because you are such a fresh subject.

All the brawn of all the workers of the world would fail to supply the power needed for our construction and production requirements. Modern civilization is based on cheap power readily applied to tasks of all kinds.

Machinery *works*: Man *thinks*

According to college tests, man develops one-eighth horsepower for short periods and one-twentieth in steady work. As a craftsman—a worker who uses brains—he is well worth his daily wage. But as a common laborer, matching brawn against motorized power, he is an expensive luxury.

With a fifty-horsepower motor, for instance, one man can do the work of 400 common laborers. He is paid far more for his *brains* than his *brawn*.

The great need of this and future generations is for men who can plan and direct. There is ample motorized machinery for all requirements of production and construction. But motorized machinery, no matter how ingenious, can never plan for itself.

And that is precisely where the college man comes in. Highly trained brains are needed more and more to think, plan, and direct tasks for the never-ending application of brawn-saving electricity.

In most long-established industries the General Electric Company has brought about important changes making for better products with minimum human labor and expense. And in many new industries the G-E engineers have played a prominent part from the very beginning.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for Booklet GEK-1.

MARYVILLE, TENNESSEE

LITERARY SOCIETIES

Theta Epsilon

A musical program, which will consist of several selections from our favorite composers, will be rendered in Theta Hall Saturday evening.

Valse, Chopin - - - Lucy Horton
Life of Chopin - Faucher Smart
Elegie, Massenet - - -
Thelma Lindsay (violinist)
Sonta Pathheque, Beethoven - -
Helen Easly
By the Waters of Minnetoka - -
Jimmie Rule
Stucato Etude, Margaret H. Keilian

Did you enjoy "You and I"? Well, you are going to be equally as well pleased with "Mother Carey's Chickens", for it is a play that everyone will enjoy.

Everybody out!

Bainonian

Every member of Bainonian is urged to be present at our next meeting. Nell Watkins, our new program secretary has prepared an excellent program, one filled with thrills and excitement from beginning to end. Girls! for once you will be allowed to go to a movie at night and without a chaperon for our program consists of a Western Love Tragedy. A real movie.

At our last meeting the Bainonian family gathered round the big glowing fire and enjoyed a family sing. First a group of new girls sung, then all joined in singing the many old familiar songs that were recalled.

Athenian

Yes, Graybeal won it; and his opponents at our regular meeting last Saturday night were Charles Johnson, McDonald, and Swaim. The winning oration, entitled "The American Constitution" was delivered with the same mighty eloquence that has characterized Dexter's public appearances in the past. As a reward for his efforts he became the possessor of the French Oratorical Prize, which is donated annually by a loyal Athenian.

We welcome the eleven new upholders of Athenian ideals.

Raymond Anderson has a most interesting program arranged for next Saturday. Lets turn out "en masse" and enjoy a pleasant evening of fellowship together.

Alpha Sigma

Last Saturday night those present were treated to a real snappy program. Our program secretary is treating us to some very interesting programs and every Alpha Sig should be out for this week's program. The program is as follows:

Debate, Resolved: That Congress should be given power to regulate child labor in the states of the Union.
Music
Switzerland - - - Ernest Frei
Music
Ten Best Books - - Albert Cook

"CORKY" CRAWFORD CARTOONS FOR COLLEGE ART CLUB

The Art Club held its first regular monthly meeting in Bainonian hall last Friday evening. The meeting was well attended, and a short but interesting program was presented. Marjorie Frey discussed the "Madonnas" and music was rendered by Louise Baird. The feature of the evening was "Corky" Crawford's clever cartoons, which were received with much enthusiasm.

Jessie Post was elected as chairman of program committee, and it was decided not to meet on the first Friday of January, but on the second Friday. All members are urged to be present at that time.

MINISTERS HAVE MEETING

A meeting of unusual interest was held by the ministers on last Wednesday evening. Edward Hamilton rendered a beautiful solo. Continuing on with last week's discussion, the question of "The Call to the Ministry" was considered. The organization of a "Sky Pilot" basket ball team was begun, a game with "Satan's Five" being in prospect.

Maryville Mary says: Whether a girl's bob looks good or not depends on shear luck.

FRESHMEN CLASS HISTORY RELATED

Freshmen Have Taken Part In Football, Basketball, Music, Drama, and Forensics.

(By Louis Huff)

Three hundred Freshmen descended upon Maryville College last September in a huge educational wave that threatened for a while to swamp the college. Since then the institution has safely absorbed them, now they go along in the routine current of college life with very little of that state known as under-class awe. They have lent their huge strength to the various organizations of the college, nor have they failed to do their share in the promotion of the college activities.

The first period of active class history might well be dated from the night of the first game of snap until the memorable morning of the election of class officers and in general the organization of the class into an active body. Memories of the first game of snap still cling sweetly in the dark corners of many a freshman's mind. It was at this time that the freshmen first came into active contact with the community in which they have since lived.

The big red-letter day in the history of the class came when it was organized a few weeks after the opening of school. Then those who had looked with pessimistic and gloomy eyes on the prospects of organizing anything like a class from the big mass of young people, were forced to open their eyes with surprise, for all during the campaign days so intense was the spirit and interest of the class as a body that the campus and halls were crammed with the buzzing talk of elections and who would be best for the positions on the calender. When the enthusiasm had quieted down Robert Anderson was swept into the office of president by a large popular vote. Logan Mount was made vice-president, and Callie Mae Thrower was chosen secretary. Billy Crawford was elected treasurer by a popular count.

Branching out and scattering widely to all the different activities of college life, the freshmen have by now become well molded into the college life. They have lent their strength to football, basket ball, music, drama, and forensics.

The most amazing revelation in the scanning of the various activities into which the freshmen have plunged is the glorious manner in which the fair sex has blazed a path of honor for the youngest class, by great achievements. For, startling as it may seem, yet the clear fact faces us that the two outstanding achievements of the year of the freshmen class have been brought about by the girls. It is some consolation to rabid conservatists on this question of sex importance that the boys did take one fall of three—in football where the freshman class distinguished itself by putting three outstanding luminaries of the grid season on the football team; they were Clemens, Byrd and Davis, the former seemingly the most consistent ground gainer.

In basketball and "politics" the girls have swung to with a blithe spirit, and hoisted high and brilliantly the banner of the freshmen. Who but remembers the distinct shock of unbelief that arose from even some of the Freshmen when it was learned that Margaret Howard had been swept into the exclusive feature section of the college annual by a firm majority over her nearest rival in the elections held recently in chapel. It was one of the worst upsets of the year in college politics. So once again the freshman class gave ample evidence of its willingness to stick together, and do the feminine section of the class a fine political honor.

Now the other cause for class rejoicing was also due to the girls, and boldly in the realm of athletics. Thirteen freshmen girls constitute a majority of the girls' basketball team as it stands now. Six of these have made the first squad, and so Maryvilles feminine sagesters this year will in all probability have three freshmen playing. Theo Belk, Ruth March, Sarah Portrum, Grace Saunders, Callie Mae Thrower, and Jane Darragh have been assigned on the first squad; while Cora Lee Keyes, Evelyn Sherrod, Kate Donahoo, Vivian Edington, Arta Watkins, Faith Taylor and Lutie Toole are on the second squad.

There is a strong showing of Freshmen on the Glee Club also this year, three freshmen being on it. They are Robert Anderson, Roger Rusk, and Ralph Lawson.

In dramatics the freshmen have stepped along at a swift pace. Here again the Freshmen girls have done the major part of the work. Nellie Caldwell having taken a leading part in "You and I", and Mary Crisbenn, and Louise andd Annette Booth also carrying parts in the play, together with the three freshmen members of the Glee Club above mentioned.

In class athletics the freshmen have not been so fortunate. Their football team captained by Van Boyd went down fighting spiritedly in the first game, with a close score; while the basketball team was defeated twice in the recent intra-mural tournament.

So all in all the freshmen accomplishments far overshadow their failures; and one of their chief accomplishments was the inauguration of a new reign of glory for the fair sex.

STUDENTS IN RIOT

Massachusetts Tech Frosh Break Up Soph "Powwow"

One student was injured, the gymnasium and ballroom were damaged, the fire fighting system was put out of order and an auto was wrecked, in a student riot which lasted most of the night at the Massachusetts Institute of Technology.

The battle in which fists, fire extinguishers, hose streams and battering rams were employed, followed a "secret" meeting of 200 members of the sophomore class. Three hundred freshmen discovered the sophomore powwow and proceeded to break it up. A police riot squad that intervened was unable to end the battle, which spread to various parts of the city. —Ex.

A negro charged with stealing a watch had been arrainged before the court. The judge was not convinced that he was guilty and said: You are acquitted, Sam.

Acquitted— repeated Sam doubtfully—What do you mean jedge?

That's the sentence. You are acquitted.

Still looking somewhat confused Sam said: Jedge, does that mean I have to give the watch back?

Miss Rebecca French of Greeneville, Tenn. was the guest of Etta Galbreath for a few days.

WHIB'S ZANG

Why Coeds Marry

1. Because they find more philosophy in a pair of arms than in "Discourse of Epictetus" and "Footnotes on Evolution".

2. Because the longer they go to school the older they are, and the older the men are the greater their love for freedom.

3. Because they don't like to work.—Exchange.

Famous Sayings

"I don't know where I'm going but I'm on my way."—Columbus

"Keep the home fires burning".—Nero.

"The first hundred years are the hardest".—Methuseleh

"Keep your shirt on".—Queen Elizabeth.

"Don't lose your head".—Queen Mary.

"Please call at my office".—Dean Barnes.

Freshmen Primer

"Broke"— communicable disease which affects all your friends at the same time. Result of an overworked purse.

"Co-eds"—female students. Lend encouragement to profs and discouragement to male students.

Cram— to gorge one's-self with learning after a prolonged fast.

"Flunk"—condition in which one is left to wonder who told him that it was a snap course.

"Pony"—Greek or Latin written with a strong English accent.

Women Are Funny

Women are funny.
The one you like the most
Is she who makes herself
Unattainable.
Undoubtedly she does it.
Because she hates you,
And yet the one
You cannot stand at all
Is she who gives you
Dates most any time.
Undoubtedly she does it
Because she likes you,
Women are funny.

His Fatal Suspense

He stood on the bridge railing looking down at the oily waters below, a sheer 100-foot drop. He was repulsed by the sight of it. He was sickened and chilled by the thought of it.

Yet, there was no other way out. He had tramped the streets for days looking for a job and without success. It was either this or starvation.

He decided not to starve. So he climbed down on the outside of the railing, seated himself on a scaffold, and began to paint.

Mrs. P. R. Hysinger of Chattanooga, Tenn. spent a few days on the Hill as the guest of her daughter Jimmie Catherine Hysinger. Mrs. Hysinger attended the Alpha Sigma Mid-winter, "You and I".

To The Students of Maryville College

MARYVILLE POLYTECHNIC SCHOOL is East Tennessee's leading Co-Educational Preparatory School. Polytechnic's work is accepted by the leading colleges and universities; her faculty is competent and experienced; her equipment modern; her influence and environment Christian.

BRING YOUR YOUNGER BROTHER OR SISTER TO POLYTECHNIC AFTER THE HOLIDAYS.

MARYVILLE COLLEGE

Samuel Tyndale Wilson, President
Maryville, Tennessee

October 1, 1925

The Maryville Polytechnic School has met with marked success throughout its history of twenty-four years. It has rendered and is rendering great service to the public. It is a school of high moral and religious standards. The President of the school is an alumnus of Maryville College. Former students of Polytechnic are graduatng from the college in every class. A recent graduate is a member of our Faculty. We take pleasure in commending the school to the public.

Samuel Tyndale Wilson,
President of Maryville College.

THE UNIVERSARY OF TENNESSEE

Knoxville,
Office of the Dean,
Sept. 18th, 1925

To Whom It May Concern:

This is to certify that the Polytechnic School of Maryville, Tennessee, is accredited by the University of Tennessee. Graduates of Polytechnic are received by the University and admitted to the Freshman Class without further examination.

Students who have entered the University of Tennessee from the Maryville Polytechnic School have made good records and it therefore gives me pleasure to recommend this school as a good college preparatory school.

Very truly yours,
James D. Hoskins, Dean.

DEPARTMENTS: Academic, Commercial, Home Economics, Agriculture, Music, Expression, and Grammar School.

EQUIPMENT: Campus of Ten Acres, Excellent Athletic Field, Four Buildings Modernly Equipped, Biology, Physics, and Chemistry Laboratores; Swimming Pool; Dormitories Supervised by Faculty Members, etc.

CHAS. W. HENRY, President,
Maryville, Tennessee

DEBATE TRY-OUTS TO BE HELD MONDAY

Thirty-seven Men Are Trying For Places on Varsity Forensic Team.

The tryouts for the Varsity debating team will be held next Monday morning in Dr. Hunter's class room. Dr. Barnes, Professor Davis and Dr. McMurray will be the judges who will pick the best debaters.

More men have signified their intentions of trying out for the various teams this year than before. Approximately 37 have entered their names. The question for debate is, 'Resolved, that the constitution of the United States be so amended as to give Congress power to legislate in regard to child labor". The actual pairing of men for this debate will not take place until next Monday morning. The constructive speeches will be limited to 8 minutes and the rebuttals to 4 minutes.

The old men who are trying out for the team are L. E. Milling, Julian Johnson, Edward Hamilton, [illegible] Graybeal, Charles Johnson, DeFoe [illegible]berton, Merle Marshall, Those who made the Freshmen team that have returned to school are W. H. Rogers, W. D. Buchanan, Charles Jones and W. B. Jones.

The new men who are trying out are:

W. R. Stobb, Charles Browning, F. L. Sutton, J. J. Mayer, Lamar Milling, Troy Berrong, Robert Harvey, Gordon Harold, Henry Welbon, Roy Hinch, Joel Morris, R. Anderson, Merlin Usner, Frank Rosa, S. Brown, W. Franklin, A. Cook, W. B. Jones, Robert Wood, Charles Jones, Earl Storey, Arthur Sargis, H. S. Rule, James Cofer, John Crawford, S. H. Osborn, Gordon Jeffries, and E. R. Downey.

bed of scaley clouds, and the rain ascended in torrents.

I've read all I can find about aviation, but I've never seen one.

Having eaten your lunch, the steamboat went on.

There were twelve wise men who followed the star to Bethlehem.

Nicodemus, Matthew, Mark, Luke and John were among the twelve disciples of Christ.

Eli was the father of Samuel, and Ramah was his mother.

Chemistry

A chemical suspension is a temporary delay.

Glass and porcelain can be used as dishes because of their sanity.

Iron occurs chiefly in Minnesota and in the blood.

Hydroflouric acid itches glass.

When sulphur is heated it gives off a very sensitive gas.

Chlorine has a killing effect.

The properties of hydrogen are easily decomposed.

The absolute temperature starts at 273 degrees and goes up. The centigrade starts at 273 degrees and goes down.

The test tube containing water did not dissolve until carbon disulfide was added.

As an illustration for spontaneous combustion a Freshman wrote: "The coal keeps evaporating until it catches on fire."

Requests at the chemistry stockroom:

Please give me a set of atomic weights.

I need two porcelain vestibules.

I'd like this bottle refilled with methyl orange juice.

Give me a hot bath.

Where can I find the periscope?

A new airplane is supposed to travel 300 miles an hour, which is almost as fast as Christmas is coming.

COUNTY CLUB HAS FIRST GET-TOGETHER

With the consent of Dean Caldwell the merry-makers of Jefferson County and their friends had a delightful time in Bainonian Hall on Monday afternoon.

The guests arrived at two o'clock and were still having such a delightful time at 4:30 that they did not hear the bell that called the moonshiners in. But some insisted that their watches were reliable and that the bell had rung, so they had to disperse.

They had several games and contests, and then came the best part of it all, the eats. The most interesting contest was "A Faculty Roance", which had been written by one of the girls.

PERSONALS

Raymond McConnell '25 is teaching at Bagulusa, Miss.

Perle Lambertson '25 is teaching at Aurora, Indiana.

Sarah Moore who has been out of school for several weeks on account of illness, left recently for Griffin, Ga. where she will spend some time recuperating.

Senior (putting up pictures): I can't find a single pin. Where do they all go to anyway?

Freshman: It's hard to tell because they're pointed one way and headed another.

Isn't it strange how we postpone things. In Kansas a man needed a shave 22 years ago he got one.

If ignorance were bliss it would be folly just the same.

It's fine to be a pinch hitter but better to be one makes pinch hitting unnecessary.

THURSTONE TEST IS GIVEN TO MEMBERS OF FRESHMAN CLASS

(Continued from page one)

'29 ranks lower in completion tests; in arithmetic higher; in artificial language test practically identical; in opposites test lower.

However, taking all in all the freshman class ranks about as the average freshman class throughout the State.

Here is some valuable infaormation for all found in some of the papers, and will, no doubt, be future treasures:

Cows, monkeys, verticals are the highest class of vertebrates.

A blue-jay is any plant or animal living that obtains food from other living organisms.

A murderer is any body suspended from a fixed point.

The term "hay-fever" or "death" may mean either profound sleep or a state of indifference.

The words are organs of speech.

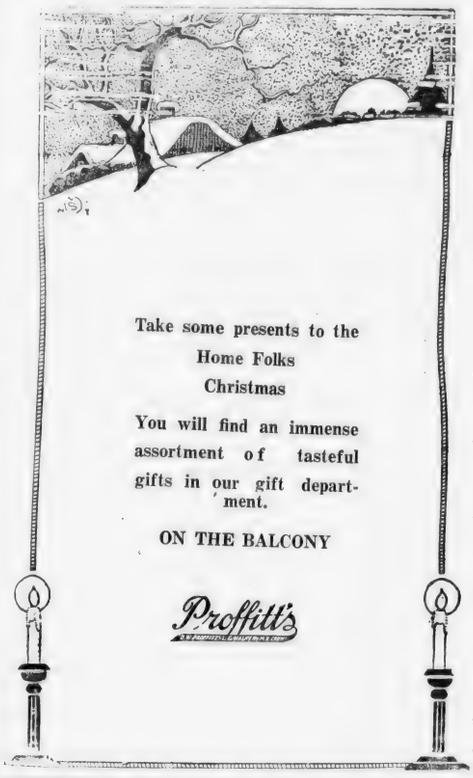
By cursing or swearing is meant a willfully false statement under oath.

Our boys play left tackle on his college baseball team.

SECON MID-WINTER ON MONDAY NIGHT

(Continued from page one)

them, Mother Carey has kept this story before her children and they find it very helpful. When Julia becomes almost unbearable, Gilbert and Nancy take "a dive under the Ice Pack". When Nancy and Gilbert realize that they may have to give up the Yellow House they decide to do as the stormy petrels and breast the waves. At last, after much work and worry they find "Peace Pool" and help many of their friends to find it too. As Nancy says, Kingsley's "Water Babies" is one of their family Bibles.



All who saw "Smiling Through" and "The Prince Chap" will remember the character of the plays presented by Theta Epsilon in former years. This play promises to be just as good or better than the others. Then too, the music committee has arranged for some delightful surprises between acts.

Only thing worse than being bothered is being ignored.

The height of ignorance is for a girl to get arried simply because she is tired of working.

Sympathy is great stuff, unless it makes you want more of it.

Of all the ways of wasting time, arguing is the most futile.

DO YOU KNOW? "HOW TO STUDY"

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine."—Prof. G. M. Whipple, Univ. of iMchigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked".—Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain."—Prof. G. F. Swain, M. I. T.

"To students who have never learnt "How to Study", work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment"—Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

VOL. XI. MARYVILLE, TENNESSEE, DECEMBER 18, 1925 NO. 14

MARYVILLE TO JOIN NEW CONFERENCE OF TENNESSEE SCHOOLS

Carson-Newman, King, L. M. U., Tusculum and Emory and Henry To Join.

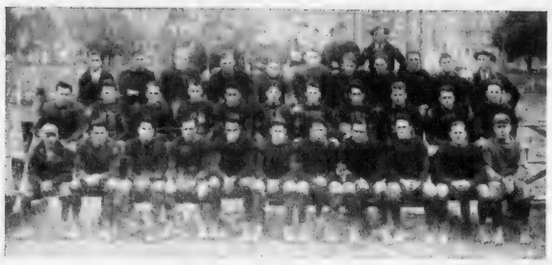
Whether Maryville College will become a member of the proposed Smoky Mountain Athletic Association is to be decided at a meeting of the Colleges concerned next Monday.

This asosciation will be composed of Maryville, Tusculum, Carson-Newman, Emory and Henry, King and Lincoln Memorial University. These Colleges formerly made up what was known as The Appalachian Conference. This Association died out due to the failure of the colleges concerned to enforce the rules of the organization.

The main feature of the new organization is the strict eligibility rules required of those schools that become members. With the great number of tramp athletes in college athletics strict rules are necessary to keep college athletics from being tainted with professionalism.

Eligibility Rules

These rules are the same as those in use in the Virginia-North Carolina Athletic Conference.



Section 1.—No student shall play in this Conference who is not bona fide. A bona fide student is one who is regularly pursuing a course of at least twelve hours of work in the college at which he is matriculated, and who shall have offered for college entrance at least fifteen Carnegie units made up from those subjects anounced in the current catalogue of the college at which the student is matriulated as accepted for entrance.

Section 2.—No student who has attended any standard college for any part of any session and while so attending has participated in any part of any intercollegiate game or contest, and thereafter enters a college of this Conference shall be eligible for participation in intercollegiate athletics until he has been in residence one college year. A college year shall be construed to mean enrollment as a bona fide student for twelve consecutive months beginning with the date of matriculation. This does not apply to members of Freshman teams.

Section 3.—No student shall play in this conference during the college year unless he has matriculated for the current session on or before October 1st. No student returning to a college from which

VARSITY DEBATING TEAM IS SELECTED

Debates Are Scheduled With King, Tusculum And Chattanooga

In the debate tryouts held last Monday nine men were selected to represent Maryville on the forensic platform.

According to the new ruling of the Pi Kappa Delta forensic organization, of which Maryville is a member, any man who makes the team twice is automatically a member of the team the next year providing he declares his intention of becoming a member. Those who were automatically members of the team under this ruling were L. E. Milling, Julian Johnson, and Merle Marshall. The other men who were chosen include John Crawford, E. P. Downey, Wm. Rogers, Gordon Harold, Dexter Graybeal, DeFoe Pemberton, Charles Johnson, Edward Hamilton and Walter Buchanan.

A splendid schedule is being arranged for these teams. A triangular debate with King and Tusculum is certain. A dual met with the University of Chattanooga has also been scheduled. A road trip is being planned which will include Berea, Georgetown and probably Centre, Transylvania and Kentucky Wesleyan. All of these schools are noted for the quality of the forensic teams that represent them, so it will be termed a successful year if Maryville wins the greater percent of these meets.

One of these days we are going to take a day off and pick an all American faculty.

Highlanders Win Seven Games Out of Nine Played,—Score 233 Points.

Last year when Robert Thrower, Jean McMurray, Doris Musick and Carl Schmidt graduated Maryville sustained a severe loss in the ranks of her gridiron warriors. Everyone knew that these were good men and some were disposed to think there would be none to fill their places. As a consequence it was thought that Maryville's football team for the present year would be comparatively weak.

But all such pessimistic foreleadings have been gloriously dispelled by the brilliant record that has been made. Out of a total of nine games played, seven have been won. The two that have been lost have been played against State University teams. Both of the games were lost by narrow margins.

The opening game of the season was played on September 26th. with the University of Kentucky on their own field. Our men played a brilliant game throughout, and the fact that they held up the little end of a 13-6 score was not a defeat for them. Stone, Maryville's star center, was out of the game on account of an injured arm. The game was featured by a brilliant 50-yard run by John Crawford. So far this has been the best run of the season. Enthusiasm ran high in Maryville over the gallant fight our men put up. Kentucky's record since that time has justified our pride over having held her to so tight a score.

The second engagemnet of the season was played on the home field against Mars Hill College. It resulted in a 54-0 walk-away for Maryville.

Next came our annual clash with Tennessee. This event is always an important one to the home crowds and this year proved no exception. Almost the entire school—as well as a large part of the townspeople—turned out and journeyed to Knoxville to witness the fracas. Every man in the game fought like a demon until the last whistle blew, not a man laid down on the job. Although Tennessee scored thirteen points and prevented Maryville from scoring, wearers and supporters of the Orange and Garnet were by no means dismayed. All knew that it was not the weakness of our team but the strength of Tennessee's team that was responsible for the score. The brilliant record that Tennessee has made since that time has proved the wisdom of that conclusion. Every man on the field distinguished hiself. Perhaps Hamilton, Holland, Byrd, Shores and

(Continued on page four)

MONOGRAMS GIVEN TO FOOTBALL MEN

Seven Backfield and Ten Linemen Letter— All Backfield Men Live in City.

Eighteen Maryville men were awarded monograms by the Athletic Board of Control, including the Manager's letter awarded to Clyde Lippard.

At this meeting Roy Cortner, "Speck's Brother" as he is otherwise known, was named manager of the 1926 machine. Cortner won this place by means of hard work. For the past two years he has ably assisted the managers in their work.

Of the seventeen players' letters that were awarded seven were given to backfield men and ten to linemen. Those in the backfield who received letters are: John Crawford Maryville; George Crawford, Maryville; Harold Byrd, Maryville; Horace Clemens, Maryville; Capt. Joe Gamble, Maryville; Earl McCall, Maryville; John Davis, Maryville.

The line-men who received letters are: John Stone, Mulberry, Tenn.; James Holland, Huntington, Indiana; Salmon Brown, Los Cruces, N. Mexico; Clinton Puff, Butler, Pa.; Robert Harvey, Barton Maryland; Edward Hamilton, Tacoma, Wash.; Earle Proffitt, Bald Creek, N. Car.; Pledger Cartwright Cleveland, Tenn.; Robert Shores, Birmingham, Ala.

Gee, only one more year until the next football season opens.

If there was such a thing as mind reading, everybody would stop thinking.

You can lead a dumb-bell to a conclusion, but you can't make her think.

VARSITY RESERVES TERMINATE SEASON WITH THREE WINS

Coached by Bob Thrower The "Bulldogs" Conquer As "Shimmie" Brown Stars.

As the foundation is so is the rest of the building. The Scrubs are the foundation of the Varsity. This is true in the first place because the Scrubs sift through into the varsity when the varsity members graduate. In the second place the Scrubs are the source of that vital material against which the Varsity makes its scrimmages.

Everybody will admit that the Varsity has worked harder this year than any year previous. So every member of the Scrubs have worked just as much and just as hard as the Varsity men. They have shown a dominant fighting spirit during the whole season. Every Scrub who answered the last call for practice was there for the first call during those trying days under the scorching September sun when it seemed impossible for a man to live in a foot ball uniform in the choking dust. The Varsity seemed to absorb this fighting spirit from the Scrubs, and that's what helped to produce the winning team.

Play Games

Along with the bitter always goes a little sweet. The Scrubs, to break the monotony of daily practices with the Varsity, worked out a little schedule of their own. And under the tutorship of that able Coach, Bob Thrower, the fighting "Bulldogs" won four out of four games they played. Not a single time was their goal line even threatened let alone crossed.

In their first game against Lenoir City, Billie Crawford, John Geaslind, "Fats" Lewis and "Corky" Crawford, who was then playing the roll of a "Bulldog", were the outstanding stars. "Fats" Lewis blocked 2 punts and at another time ran 25 yards for a touchdown. They came out of this fray with the score 26 to 0.

Next they invaded foreign territory when they journeyed to Oliver Springs where "Youth" Taylor hails from. In this game, which proved to be a track meet rather than a football game almost every body ran over for touchdowns until they were tired. "Shimmy" Brown and Billie Crawford were again in the lime-light. When the game ended the score was 79 to 0.

Everett Game

When Everett High, the champion high school team of three counties, came to Wilson Field, Thrower's

(Continued on page three)

"Gobo" Cartwright to Lead 1926 Highlanders

When the football squad chose "Gobo" Cartwright to lead their 1926 campaign, they made a wise choice. Cartwright has all the characteristics that go to make up a good leader. He has ability, courage and good judgment. Cartwright has lettered every year he has been here, not only in football, but in baseball as well. No doubt Cartwright will wind up his football career next year, after leading a successful team.

Cartwright played at The University of Tennessee in his Freshman year. Since coming to Maryville however, "Gobo" has been a loyal member of the Orange and Garnet machine. He hails from Cleveland, Tenn. where he played four years on the high school team.

Joe Gamble Leads 1925 Highlanders to Success

Joe Gamble, the product of clean, consistent and intense training, captained the 1925 Highlander machine through its most successful season. His spirit, courage, and fight make him a real leader, and what is more he is a real gentleman. At the fullback position, he was a stellar performer, and his knowledge of the game and popularity with the men made him an admirable leader of the 1925 machine.

Joe besides being captain of the footbal team is manager of the the basketball team. He has also lettered in baseball. If Joe is as successful as a lawyer as he has been in athletics, we are certain that he will reach the top.

YULE-TIDE GREETINGS

Christmas vacation begins next Wednesday, making it necessary that this issue of *The Echo* be the last number of the year; our Football issue.

Throughout our work this year we have felt and been guided by your influence, you have been an Unseen Presence in the shaping of the policies of the paper. We have experienced a feeling that you have been setting back judging, weighing, and perchance, approving. And although you are invisible we have grown to know you, to like you, until now we call you Friend. We feel that each week we converse with you as truly as face to face. It is expressed in an old adage from a Printer's Collectana: "Men who speak well often lead other men. A printer who knows the power latent in his types may wield an influence surpassing that of the greatest orator."

Each week nine hundred copies of the Echo are scattered all over the country to carry the message of Maryville to you who are our late-found friends. May our language be potent! May we not break faith with you who reserve the final judgment on our work!

Association gives the priceless boon of Friendship. Custom has ordered that once each year we may greet these friends with cheer. Sincere regard for you gives us keenest pleasure in so doing.

We have loved our work this year and are appreciative of your cooperation. We have been told that as we love our work, so shall we prosper in it; as we strive, so shall we succeed. Looking upward and onward, then, we wish you all joy and peace for the holidays and for the coming year.

THE FUTURE OF COLLEGE ATHLETICS

(By L. S. Honaker)

Now that the playing season is over for college foot ball the next two months is the time set apart for the annual airing of the greatest of all college games. We always have the well known "stove league" but for the most part this annual airing comes from three classes of people: first, those who have had a bad season as coach, faculty representatives or undergraduate student; second, those who are becoming alarmed because athletics are becoming too big and too commercial; third, those professors in some of the larger schools who are not interested in athletics and who feel that it is a crime that a foot ball coach should be paid more money for his labors than they themselves receive.

If we could only be satisfied to give college athletics a breathing spell and take time to find out whether or not we are getting the desired results in the lives of our students who indulge in athletics we should at least have one of our many worries temporarily disposed of.

Replying to the first class of critics, it is quite natural that most people have little to commend in the sportsmanship of the Harvard Crimson which, following their recent poor season, comes out with the suggestion that the "Big Three' limit their foot ball activities to playing each other. We naturally infer that this will prevent the humiliating spectacle of being defeated by a smaller team or school. It is to the credit of the great game that this suggestion did not come from player or coach of foot ball.

To the second class of critics I should like to remind them that they seem to forget that of $150,000 to $200,000 paid in by spectators to see such games as Illinois-Michigan and Illinois-Ohio State only a small part of the amount is spent on the teams which bring in these huge sums but the greater part of it is spent in the building and maintaining of stadia and other physical equipment which is a part in their program of "Athletics for All'. Under the plan of intra-mural athletics in these great universities they are endeavoring to have every student in some form of athletic competition. Illinois has had as many as 205 base ball teams competing in one season.

Of the third class there will always be some. In fact many of these same professors who are not interested in athletics are not interested in academic subjects other than their own. It is very distasteful to them to have a coach drawing $7000 when they, in spite of their scholastic achievements, are drawing only $5000. They do not seem to realize that the coaches in those positions are not only men who know their subjects but for the most part are men who also have exceptional ability in the art of putting their knowledge over to others. In fact a coach who fails to put over his knowledge and win games must very soon seek a new position and often times change his profession.

I have often wondered how many of those same teachers would hold their positions for long periods of time if they were forced to meet the same competitive conditions that coaches are compelled to meet.

Within the past year two professors from Princeton University have given to the general public their ideas of athletics and more especially of college foot ball. The contrast is quite striking

Dr. Patton recently asserted that "foot ball today is a menace to the mental and physical well-being of the players of the game * * * * who are being caused to be slaughtered to make a Roman holiday". Perhaps the good Doctor has been scanning his ancient history while watching a recent foot ball game and the two got mixed.

In an address before the National Collegiate Athletic Association, January 30. 1925, Dr. Charles W. Kennedy said, "I recognize that college sport has a value in improving the physique of the growing boy. I recognize that it has a value in affording an outlet for the natural human desire for the playing of games. But the intensity of my faith in college sports is based upon the conviction that college athletics properly supervised and properly developed affords a laboratory training for the development of character such as is not afforded elsewhere in the life of an undergraduate".

Apparently the representatives of southern schools are having more trouble satisfying themselves that sports are properly supervised than are the representatives in any other part of the country. The athletic conferences of the south have the most stringent rules of any in force and yet only recently the Southern Association of Accredited Schools and Colleges has made the rules even more stringent by prohibiting an athlete from participating in successive sports unless he be making an average grade of 85, which is five points higher than the requirements for graduation under the quality credit system.

It is at least possible that in trying to produce Phi Beta Kappa athletes we will not only fail in this but will also deprive students of the benefits derived from athletic competition. Indeed it is extremely doubtful in my mind whether by refusing to allow a boy to play foot ball or basket ball we could get him to transfer his athletic enthusiasm to fondness for the Greek verb or Science. I for one doubt the logic of this arrangement.

It will be a sad day in the life of America when her youths are compelled to get their training in schools and colleges where sports are prohibited or where foot ball has been changed from the real man's game that it now is to a sort of pink tea affair where each contestant shall carry his or her powder puff, lip stick and other cosmetics and where each shall have the privilege of calling time whenever he deems it necessary to freshen up his fading complexion, and where the most violent exercise of the entire procedure comes in the dressing and undressing for the contest. What a thrill! What a thrill! to see those sweet young *things* scamper over the gridiron.

What the colleges of the country need is not more rules for sports and more reformers for sports, but more real sport to administer the sports and rules we have already. More faculty representatives and coaches who will live up to the letter and the spirit of the rules they have. Some of the same schools whose representatives are passing new rules are the ones who are playing men four years in a three year conference and playing men who spent two months in school the preceding year when the rules require a minimum of six months. Why blame the sport for the sins of the administration. Foot ball is just as good as the men who administer it and the boys who play it, no better, no worse.

If we could only see that administration is more important than rules. Rules can't make a sport out a mucker. To teach sportsmanship a coach must be a sportsman. To teach honesty a coach must be honest. To teach self-control a coach must be an example of self-control. One coach living clean athletics and sportsmanship will do more good than ten coaches preaching it.

When the time comes that our faculty members and coach meet their obligations honestly and squarely we shall have fewer rules and yet our college sports shall live and be an even larger factor in moulding the lives and characters of the thousands of young men who are annually going out to fill their missions as leaders in the world.

JOINT MEETING Y. M.-Y. W.

A Christmas program will be given by the Y. W. C. A. and Y. M. C. A. Sunday afternoon at one thirty o'clock in Voorhees Chapel.

One of the pleasures of the Christmas season is the great beauty of the yule tide music. The best talent of the hill has been enlisted by the music committees of the Y. W. and Y. M. C. A. for the program Sunday. All who have heard the Christmas carols from our own people on the hill will be eager to attend the Sunday meeting, and all new students will find a memory of the beautiful carols that they will not soon forget.

The Christmas spirit will pervade the entire program. Appropriate readings as well as musical selections will complete the program. The music committees of the Y's deserve special commendation for offering this treat to the students. Everyone is cordially invited to attend and enjoy this special Christmas program.

The tentative program follows:

Tentative Program

Song—Joy to the World
Invocation—Charles Johnson
Responsive Reading—Psalm 19
Song—Angels from the Realm of Glory
Scripture Reading—Charles Johnson
Prayer—Vera Scales
Robert Harvey
Solo—Walter Courtney
Duet—Betty Griffes
Mary Cris Benn
Solo—Edward Hamilton
Violin Duet—Pat Farrar
Jimmie Rule
Reading—Paul Mickle
Solo—Bland Morrow
Quartet—Walter Matthews, Dewey Eitner, Robert Jensen, Albert Cook
Piano Solo—Lucy Horton
Reading—Jeanette Alford
Song—Hark, The Herald Angels Sing
Mizpah Benediction

Humpty: What's Spike McFadden so swelled up about?

Dumpty: He thinks he's distinguished because he wasn't named on any one of the 4,376,577 All-American teams.

(Gifts that Last)

SENIOR FOOTBALL MEN

"Ed" Hamilton Plays Last Year For Highlanders

"Ham", ex-captain of the '24 machine, rounded out his fourth and last year of notable football on Thanksgiving. This hefty tackle hails from the far west, Tacoma,

Washington, and represents all of the spirit and fight of that part of the country. He has the distinction of being the only four year letterman of the class of '26. This year was perhaps, his best. His ability at kicking goals from placement and accurate punting played a large part in the successful ompletion of the past season.

Sorrel-topped Gridder Wins His Third Letter

"Red" Brown, the sorrel-topped

guard, comes from New Mexico. He has been a hard fighter for three years on the Varsity. "Red", is an example of hard and intensive training and well deserves his honors. Brown spends his summers at hard labor in order to be in good condition for fall work. The 1926 machine will miss him.

Splendid Guard Leaves At End of School Year

"Chick" Puff by hard and consistent training became a giant in strength and stamina and this year won his letter. He is a fearless fighter and in every battle gave his best. "Chick", besides being a star guard, shines in other campus activities, especially moonshining. The coaches next year will have a hard time filling "Chick's" place.

Star End Finishes School This Year

"Pat" Shores, a brilliant end for three years, hails from Birmingham, Ala. He has been one of the main-stays in the front wall, his playing this year being particularly

notable both on offensive and defensive. His receiving and intercepting forward passes always counted for long gains. His services at the left flank will certainly be issed as he signs out in June via graduation. Pat, besides being a football star, is a base ball and basket ball luminary.

Playing Manager Will Be Lost To Team Next Year

"Shimmie" Brown, four year squad man finishes his college course this year. This lad lives just around the neck of the college woods and has played on the squad for four years, being Varsity Manager two years. Though he did not make his letter this year his services for the Highlanders are appreciated. It takes a man to stick to it like this, and "Shimmie" has. He is a hard and fearless fighter and no man is worthy of more praise.

VARSITY RESERVES TERMINATE SEASON WITH THREE WINS

(Continued from page one)

mighty warriors were again brought into action to defend the home grounds. Billie Crawford, Brown and Gene Dunn proved to be the most valuable material on the field that day. It was along in the third quarter when Dunn kicked the longest drop kick for a field goal ever witnessed by Maryville fans on the home field. He was on the 47 yard line on the fourth down and though handicapped by being at a difficult angle, he put the pigskin squarely between the bars for a perfect goal.

"Shimmie" Brown has now rounded out his fourth year as quarterback on Maryville's scrub aggregation. For four years 'Shimmy' has helped produce the valuable varsity by his determination, fight and stick-to-it-ive-ness, while playing with the Scrubs.

Pete Sneed seems to have some of Shorty's stellar material in him. This year he participated in a number of varsity games. He was too good for the scrubs and hardly good enough for a regular varsity man. Pete never misses a lecture or a practice.

Billie Crawford, as the wee small voice from the side line said, was marvellous—and some varsity man will have to go some next year or our charming Billy will be a himself.

The list might go on and on until every one of those vicious young warriors were enumerated. It is only possible to mention Dunn, Taylor, Bible, Morton, McConnahey and Anderson.

The Scrubs do get something out of being Scrubs. They develop an alert mind, hardened muscles, and learn stick-to-it-ive-ness. Besides this, they have the satisfaction of knowing they have helped produce the glorious varsity for their Alma Mater.

SCHEDULE FOR 1926

According to Coaches Honaker and Thrower Maryville will have one of the greatest schedules next year in History. Already numerous games have been arranged, and if these plans are completed foot ball fans should be able to see some real excitment on Wilson Field next fall.

The tentative schedule for 1926 is as follows:

Oct. 2—Kentucky State, there
Oct. 9—Tusculum, here
Oct. 16—Tennessee, there
Oct. 23—L. M. U., here
Oct. 30—King, here
Nov. 6—Georgetown, there
Nov. 11—Open
Nov 18—Carson-Newman, here
Nov. 25—Open

REFLECTIVELY SPEAKING

Capt. Gamble's injury in the Tennessee game crippled his line plunging but his leadership was never crippled.

In "Ham" and "Shorty" we can boast of the two best punters in the state.

Kentucky is still shaking from the scare the Highlanders gave them, in the first game of the season.

"Red" has to pull some thing sensational every year. He grabbed a Kentucky kick after Holland had blocked it and ran 30 yards for a touch down.

If you don't believe Stone is hard, you should have seen the glass he smashed on the pullman as the train went to Kentucky.

Much credit is due the cheer leaders for the way they have kept up the "Pep" this season.

We would suggest that Usner learn to turn a flip before another season rolls around.

FAMOUS HALVES
Fifty-fifty
Even Stephen
Four Bits
Red Grange.

A proof that Maryville doesn't have to go out to get a football team is that fact that there were eight back-field men who are "home grown".

L. M. U. fans said we called their game a practice game. Wonder what they thought we were practicing for—1926?

The skin you love to touch used to be the sheepskin, now Grange has made it the pigskin.

We have listened attentively for several months but we haven't heard a single man ask, "What kind of a student is 'Red' Grange?"

X-MAS SUGGESTIONS
For Her
Eight-cylinder sedan
Diamond bracelet
Genuine seal coat.
For Him
Suspenders
Slippers
Belt
Muffler.

Lippard's work as manager, won him a name, yes many names.

Now if we had a trophy room we could keep the King ball, Georgetown ball, Cumberland ball and Concord ball.

Coach Thrower's "Bull-Dogs" (Scrubs) in four games scored some 130 points, while their goal line was uncrossed.

Now that the 1926 football schedule has been doped out, we can devote ourselves to little details like figuring out what Congress is going to do.

The high moral tone of college football willl remain safe as long as cheer-leaders can be kept away from professional promoters.

Brock said he could have gone through the season without taking a bath if it hadn't been for that awful mud on Thanksgiving.

PALACE THEATRE

Thursday and Friday
Famon Navarro in THE MIDSHIPMAN. Also an Educational picture 'Wild Beasts of Borneo.

Saturday
Fred Thompson in GALLOPING GALLAGHER. Also chapter 4 of 'Into The Net'.

MARYVILLE TO JOIN NEW CONFERENCE OF TENNESSEE SCHOOLS

(Continued from page one)

he has withdrawn during a session of the college may participate in athletic contests until he has completed a college year from the date of his withdrawal.

Section 4.—No student shall play in the Conference who has participated in part of a baseball game as a member of a team in organized baseball. Organized baseball shall be construed to mean the leagues classified as Majors, Class AA, Class A, Class B, Class C, and Class D of the National Association of Professional Baseball Clubs.

Article IX.

Submission of Eligibility Cards:—

Section 1.— Eligibility cards shall be approved by the chairman of the faculty committee on athletics of such institution, and shall be forwarded to the Commissioner of the Conference not later than five (5) days previous to the date of the first scheduled game of each of the various sports.

Section 2.—No player who shall join the squad after the first submission of eligibility cards shall be eligible until five (5) days after his card, properly approved, has been mailed to the Commissioner of the Conference, and five (5) days after the same notice has been sent to the other members of the Conference.

Section 3.—Upon the request of any member of this Conference, the Commissioner shall forward a copy of any eligibility card.

At last he was in her power! She slowly raised the hatchet and with one blow snuffed out the life that had so devotedly served her. A murder? A life snuffed out? Was it justified—yes for the old rooster would serve a good purpose on Christmas Day, tomorrow.

—MC—

Sport-eds used to count the yards Red Grange made. Now they count the dollars.

1925 ORANGE AND GARNET WARRIORS

(Continued from page one)

Cartwright did the most outstanding work.

Weaver Game

Then as a "snap" between the Tennessee game and the King game, Maryville warriors met Weaver College on the home field. The North Carolina team was vastly inferior and put up a weak fight. Holland, McCall and Byrd did splendid work. Twelve touchdowns were scored against the Weaverites. The highest score of the season— 52-6 was run up against this team.

On October 26 occurred Maryville's great victory over King. The team journeyed to Bristol and trounced King to the tune of 10-0 on Tenneva Field. And it is said that the score does not adequately show the superiority of Maryville over King. George Crawford was Maryville's brightest star. Other luminaries were Hamilton, McCall, Clemens and Stone.

Georgetown Defeated

Encouraged by this success, the team began working hard for the trying ordeal of three hard games in eight days. On November 7 Maryville met and defeated the strong Georgetown College team. The game was played on the home field and proved one of the best of the season. Georgetown had a strong team but was simply outclassed by a stronger one. Three touchdowns were piled up against tem. In Captain Gahrrett, Georgetown had one of the best tackles that have ever appeared on Maryville's field. Cartwright was the individual star of Maryville's team. Shores, George Crawford, Holland and Hamilton also did splendid work.

Armistice Day Game

Next came Cumberland University whose team was met, played and defeated on our field on Armistice Day. The game was under the auspices of the American Legion and was attended by a large crowd. Cumberland had a good team but was out-played by Maryville from the first. Cumberland's quarterback, Singleton was one of the best punters ever seen on Maryville's grid. He it was who was responsible for the two touchdowns scored by Cumberland. the game developed into an aerial duel which Maryville won by a 28-13 score. McCall, Clemens, Hamilton and Captain Gamble did brilliant work for Maryville.

L. M. U. A Close Score

The next game played was with Lincoln Memorial University on November 14th. The two teams met at Middlesboro, Kentucky. L. M. U. has a better team this year than she has had for years and for several weeks had been concentrating every effort on winning the Maryville game. In view of this fact it is not surprising that the Highlanders were held to a 14-7 victory.

Game Played in Mud

The last game of the season was played and won on Thanksgiving Day. On that day our team met the strong Concord State College team from West Virginia. Fans were hoping for a good day on which to end this eventful season, but in that hope they were disappointed. The day was cold and the sky was lowering. In the afternoon the rain descended heavily and played havoc with the grid. The first half of the game was played to the tune of the down-pouring rain and the field became a sea of mud. But it would have taken more than the rain to dampen the spirits of Maryville fans. They remained through it all.

Nor did the bad day and the slippery field throw any damper over the Maryville players. They demonstrated their ability to rise above unfortunate circumstances. The game they played that day was in no way inferior from the standpoint of science to any game played this season. Our team scored seventeen points against seven scored by the visiting team.

"Gobo" Cartwright was the individual star of the game. He made both of Maryville's touchdowns on spectacular plays. He proved himself very worthy of the 1926 captainship to which he has since been elected. Ham and Shorty also played stellar games that day. Ham made Maryville's first score of the game by kicking a goal from the 35-yard line. 'Shorty' made a series of brilliant and thrilling end runs. All our men played splendid football and when they came off the field (and for a long time before) they were so covered with mud that it was almost impossible to recognize them.

Six Maryville men played their last football for their Alma Mater that day. They were, Captain Joe Gamble, fullback; Hamilton, tackle; Red Brown, guard; Pat Shores end; Chick Puff, guard; and Shimmy Brown, sub-quarterback. All these men have covered themselves with glory since they have been in Maryville and their loss is sincerely regretted.

Out of the nine games played seven were won. In these nine games our team has rolled up a score of 233 points while the combined opponents have been able to score only 53 points. This is a record of which Maryville College as well as each individual Maryvillian is justly proud.

Each man on the team deserves especial credit for the successful season. In Captain Gamble, the team has a leader than whom there could be no better. And as for coaches, even the University of Tennessee players envy us. And finally no little credit is due to our splendid corps of cheer leaders who have done their utmost through thick and thin. Every individual Maryvillian has done his very best to help the team on to glorious achievement. Maryville has made a record this season which will always live in the hearts of her children.

FRESHMEN, SOPHOMORES, JUNIORS, SENIORS, ATHLETES

DO YOU KNOW? ''HOW TO STUDY''

The Student's Hand-Book of Practical Hints on the Technique of Effective Study by William Allan Brooks

A guide containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study; Preparing for Examinations; Writng Good Examinations; Brain and Digestion in Relation to Study; How to Take Lecture and Reading Notes; Advantages and Disadvantages of Cramming; The Athlete and His Studies; Diet During Athletic Training; How to Study Modern Languages; How to Study Science, Literature, etc.; Why Go to College? After College, What?; Developing Concentration and Efficiency; etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

''It is safe to say that failure to guide and direct study is the weak point in the whole educational machine.''—Prof. G. M. Whipple, Univ. of iMchigan.

''The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked''.—Prof. H. S. Canby, Yale.

''Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain.''—Prof. G. F. Swain, M. I. T.

''To students who have never learnt ''How to Study'', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment''—Prof. A. Inglis, Harvard.

''HOW TO STUDY'' will show you how to avoid all misdirected effort.

Get a good start ad make this year a highly successful one by sending for this hand-book and guide NOW.

THE NEXT LYCEUM TO INCLUDE INDIAN AND NATURE MUSIC

Company Is Composed of Organist, Soprano and Flutist.

ON MONDAY, JAN. 18

Company Played on Concert Platform in Knoxville Two Years Ago.

The third, the most highly recommended, and the best lyceum on our coarse comes on January 18th. Thurlow Lieurance and Company will offer music on that date that will be worth going miles to hear.

This company has been acclaimed the "greatest singing interpreters of America's Nature music". For a number of years they have been in concert work, and various newspapers of the country have said that "the Lieurance concerts cannot be described, for descriptions defeats its own purpose", "the Lieurance program was a fascinating historical resume of the primitive American music, and Mr. Lieurance's accompaniments reminds one of the ripple of streams". Two years ago this attraction was on the concert program in Knoxville and was regarded as one of the best musical entertainments of the year.

The company is made up of three persons, namely, Mr. Thurlow Lieurance, composer-pianist, Edna Woolley Lieurance, soprano, and Hubert E. Small, flutist,

Mr. Lieurance has had various

(Continued on page four)

NATIONAL STUDENT VOTE FAVORS COURT

As Maryville Goes So Goes The Nation, And The Harding-Hughes-Coolidge Plan Meets With The Approval of Students.

The results of the nation-wide student poll on the World Court, conducted by the "New Student" intercollegiate student magazine with the cooperation of the World Court Committee of the Council of Christian Associations, have been announced. It has been said, "As Maryville College goes so goes the Nation", and it seems to have been true in this case.

Total Vote Cast

The total vote on the four proposals as sent in by hundreds of colleges all over the United States was 120,677. The votes were divided as follows:

The Hughes-Harding-Coolidge Terms - - - -	39,327
The "Harmony" Plan -	21,385
Against the Court - -	12,412

The additional vote simply "for" or "against" the Court was:

For - - - -	33,087
Against - - - -	6,582

Maryville's Vote

Maryville College voted for the above plans except that less votes were cast. Nevertheless, Maryville polled more votes than any other college or university in Tennessee.

In fact there were few colleges or universities throughout the country cast more votes than this college.

One thing about this vote that was taken was that out of over 100,000 pepole who voted, only about 19,000 were against the entrance into the court. This is less than one-fifth of the total number who cast votes.

Examination Schedule, First Semester, 1925-1926

Saturday, Jan. 16.—a Courses, 8:30 a. m.; A Courses, Fren 4x, and Bible 1x, 1:10 p. m.

Monday, Jan. 18—g Courses (i.e., Biology 14 (all divisions), and Home Economics 23), 8:00 p. m.

Tuesday, Jan. 19—b Courses, 8:30 a. m.; B Courses and Psychology 1x, 1:10 p. m.

Wednesday, Jan. 20—c Courses 8:30 a. m.; C Courses, 1:10 p. m.

Thursday, Jan. 21—d Courses, 8:30 a. m.; D Courses, 1:10 p. m.

Friday, Jan. 22—e Courses, 8:30 a. m.; E Courses and Spanish 4x, 1:10 p. m.

Saturday, Jan. 23—f Courses, 8:30 a. m.; F Courses, 1:10 p. m.

All examinations are to be taken with the division in which the student is regularly enrolled.

ATHENIANS TO GIVE MID-WINTER PLAY

Play Is Entitled "The Fortune Hunter" And Will Be February 1st.

A CHARMING COMEDY

James "Shimmie" Brown and Vera Scales Carry The Heavy Parts.

The Athenian Literary Society will present as their annual Mid-Winter play, "The Fortune Hunter", on February 1st. at 8:00 p. m. in Voorhees Chapel.

"The Fortune Hunter" is a charming comedy in four acts by Winchell Smith, a well-known playwright. It is one of the most successful comedies ever produced, running for a year in New York where it was first presented.

This comedy has a charming, wholesome story touched with tender humor and filled with quaint philosophy, with just the sort of love interest that makes one glad to know about, because it is both pure and sincere.

The play is well cast with almost all experienced players. "Shimmie" Brown carries the leading male role and Vera Scales carries the leading female role. Both have carried important parts in several plays here and are good dramatists.

The cast is as follows:

Nathaniel Duncan, "Nat" - -	James Brown
Henry Kellogg - -	Robert Bishop
George Burnham -	Robert Harvey
Willie Bartlett -	DeFoe Pemberton
Robbins - - - -	L. E. Milling
Sam Graham - - -	Paul Meikle
Mr. Lockwood -	Edward Hamilton
Tracey Tanner - -	Joe Gamble
Pete Willing - - -	Joel Morris
Roland Barnett -	Gordon Harold
Mr. Sperry - - -	Cleland Calfee
"Watty" - - - -	Robert Wood
"Hi" - - - - -	Charles Webb
Betty Graham - - -	Vera Scales
Josephine Lockwood -	Nelle Watkins
Angie - - - -	Eleanor Collins

John Sanchez '24 was a visitor in Maryville for a few days during the holidays. Sanchez is a student and instructor in the University of West Virginia at Morgantown, West Virginia.

Darius "Shorty" Prince '25 and Emmett "Speck" Cortner were visitors on the Hill for a few days during the Christmas holidays.

MANY GENERATIONS ARE REPRESENTED BY STUDENTS HERE

Alumni Association Secures Names of Those Whose Parents Attended School Here.

68 DISCOVERED

Bess Taylor, Mildred Taylor, And Roberta Creswell Represent Fourth Generation.

The Maryville College Alumni Association has secured the names of the representatives of the second, third and fourth generation at Maryville. There are 68 of these students in school.

A picture of these students and also the faculty members who are parents of students or former students will be found on another page.

Raymond Anderson, Senior, and Robert Anderson, Freshman. Father, Millard Creyton Anderson, student one year, 1887-1888.

Theo Belk, Freshman. Father Theodore Belk, student six years, 1893-1899.

Mary Esther Bennett, Freshman. Mother, Mary Louisa Bennett, student two years, 1903-1905.

Ruth Blake, Freshman. Father, Charles Herron Blake, student two years, 1901-1903.

Annette Booth, Freshman, and Louise Booth, Sophomore. Mother, Maud Bryan Booth, student seven years, 1896-1903. Grandmother, Lucy C. Tipton Bryan, student one year, 1867-1868.

James M. Brown, Senior. Father John F. Brown, student ten years, 1870-1880. Mother, Sarah McIlvaine Brown, student six years, 1779-1885. Grandfather, William Beard Brown, student three years, 1833-1836.

Salmon Brown, Senior. Stepmother, Ella Thomas Brown, student one year, 1899-1900.

Gladys Caldwell, Sophomore, and Nellie Caldwell, Freshman. Father, Theodore A. Caldwell, student two years, 1886-1888. Mother, Della Anderson Caldwell, student five years between 1891 and 1897.

Harry Caldwell, Sophomore. Mother, Elizabeth Penny Caldwell, student two years between 1896 and 1899.

Ada Belle Campbell, Freshman and Elizabeth Campbell, Freshman. Father, Andrew Lamar Campbell, student seven years, 1883-1890; graduated 1890.

Constance Eirl Castile, Freshman Father, Daniel Castile, student two years between 1898 and 1901.

George Crawford, Sophomore, and John C. Crawford, Junior. Father, Judge John Calvin Crawford, LL. B., student twelve years, 1885-1897 graduated 1897. Mother, Maud Farnham Crawford, student three years, 1894-1897. Grandfather, Rev. Gideon Stebbins White Crawford, student five years, 1866-1871; graduated 1871.

Roberta R. Creswell, Sophomore. Grandfather, Robert Johnson Creswell, date in school not known. Great-grandfather, Thomas Creswell, date when in school not known.

Maude Davis, Junior, and Margaret Davis, Freshman. Father, George Davis, student one year, 1892-1893.

Eugene Dunn, Freshman. Mother Mary Alice Bird Dunn, student two years, 1896-1898.

Rosaline Edmondson, Sophomore, Father. Demarcus M. Edmondson, student three years, 1877-1880.

Anne Ellis, Sophomore, and Ruth Ellis, Senior. Father, Horace Lee Ellis, student seven years between

(Continued on page three)

Registration for the Second Semester, 1925-1926

Seniors on Tuesday and Wednesday, January 12 and 13.

Juniors on Thursday and Friday, January 14 and 15.

Sophomores on Saturday, Monday and Tuesday, January 16, 18, and 19.

Freshmen on Wednesday, Thursday, Friday and Saturday, January 20, 21, 22 and 23.

Bring our "Student's Card" with you. A duplicate will cost 10c.

Registration will begin each day at 1:110 p. m., in Room 4 Anderson Hall, and continue until 4:00 p. m. Students will be registered by classes, and as nearly as possible in alphabetical order, on the days listed above.

Students will register with the classes in which they are enrolled in the first semester.

All students will be reported to teachers by Tuesday, January 26th, and absences recorded beginning with that day.

STUDENTS ON HILL HAVE JOYOUS XMAS

Dr. Stevenson Entertains At The House-in-the-Woods Christmas Eve.

OPEN HOUSE AT NIGHT

Good Food Served at Pearson's —Watch Party Held on New Year's Eve.

Students departing to spend the holidays at home who expressed pity for those who remained on the Hill might have saved their breath. Yuletide cheer reigned throughout vacation and Christmas jollity filled the days.

Space is lacking in which to detail all the activities enjoyed during vacation, but the crowd of forty or fifty found something to fill every minute with joy.

There were parties at the House-in-the-Woods—with a visit from Santa Claus and his pack; there was a trip to Montvale with dinner served at Look Rock; there was a Watch Party on New Year's Eve with a side trip over to Mr. Dave Proffitt's to hear the Liberty Bell ring in the New Year; there was open house every night with numerous contestants contending fiercely for the championship in Rook; there were sings; there was hiking; there skating; there was every sort of pleasurable activity that student minds could devise for students to enjoy. And finally and almost supremely, there was Christmas food. Long will the memory linger of the Christmas turkey, of cranberry jell, of pie that melted in the mouth, of many glasses of cold milk, of fluffy whipped cream, and of steaming hot cakes with honey.

Miss Molly expressed the sentiments of all concerned when she spoke at the last holiday supper of the happy time every one had had.

The delight of welcoming returning friends was not unmingled with regret for the play time that was gone.

Dr. C. H. Gillingham left January first for Phiadelphia where he will spend a month or longer in the interest of the department of Religious Education which will be established in the college. A gift of $50,000 has been made to this department on condition that the same amount be raised from other donors. A portion of this sum has already been raised through the efforts of Miss Clemmie Henry.

CAGE TEAM LEAVES THIS MORNING TO TRIM CHATTANOOGA

Ten Men Make The Trip Only Three of Which Have Won Letters.

PREDICT EASY GAME

Johnson Bible College Is Conquered By The Overwhelming Score 27-41.

Coach Honaker left today for Chattanooga where he expects to win an easy victory over University of Chattanooga. Ten men will make the trip. Byrd, Davis, Reys, Gamble, McCall, Marion, Clemens, Keesland and Capt. Shores have been looking good during the past week and they will all probably see service in Chattanooga before the night is over.

After a good vacation, the members of the basketball squad have returned and are getting in some hard practice in order to be in good condition for the remainder of the schedule. Coach Honaker will do well if he is able to mould a successful cage team out of the green material that he has to work with. Only three lettermen have returned. Joe Gamble, who was a letterman last year, has been unable to play so far this season due to an injured ankle which he sustained during the football season.

Some seemed to think basket ball would be lagging during the holidays and Coach would have to start training all over again. But instead some of the boys didn't go home. Others came back early

(Continued on page four)

CHURCH MODERATOR TO ADDRESS CHAPEL

Dr. C. R. Erdman, Professor at Princeton Will Address Students in Chapel Wednesday.

Dr. Charles R. Erdman, The Moderator of the General Assembly of th Presbyterian Church the United States of America, will speak at chapel Wednesday morning. Chapel will be at ten o'clock on that morning for the convenience of Dr. Erdman, who speaks at a luncheon at the Second Presbyterian Church at Knoxville.

Dr. Erdman is also Professor of Practical Theology at Princeton Seminary, and at the present time has seven Maryville men in his classes. He is the author of a number of books most of which are of a religious nature. He is the Chairman of the General Council of the Presbyterian Church in addition to being Moderator of General Assembly.

Maryville is indeed fortunate to have this visit of the Moderator. All town people are cordially invited to hear Dr. Erdman at ten o'clock Wednesday morning in Voorhees Chapel.

Kenneth Howard '25 and wife were visiting friends in Maryville durng the hilidays. Mr. and Mrs. Howard are teaching school in Scottsboro, Ala.

Miss Jennie Edwards returned to her home in Mansfield, Ark.

Alice Gillingham ex-'27 was visiting her parents here during the holidays. Miss Gillingham is teaching home economics in the Stella school near Nashville.

Anna Margaret Carson '25 was visiting friends in Maryville during the holidays.

Miss Susan A. Green visited Mr. and Mrs. Bisanar in Hickory, N. C.

THE GOAL

As we turn our backs upon each old, dead year to face the new, our minds are confronted with one thought whose truth becomes more apparent as each day passes by. We think of it because it is inevitable; it is the fundamental law of life. The entire span of our lives is governed by it.

Whether it be consciously or unconsciously, we think of this: there are but two ways of shaping a career. One is to drift with the tide, even as a rudderless ship; the other is to have a definite goal, a mark on the distant shore to which we are striving. Our life, with all its joy and sorrow, its pleasure and pain, its work and play, is our career. The question comes into our minds—how are we going to shape it? What goal are we to set up as our end, an attainment, in this year nineteen hundred and twenty-six. But the first thing is to decide upon a goal that is worthy, and the next thing is to strive earnestly toward it.

The world makes way for the man who knows where he is going, but it jostles the dreamer and drifter to the sidelines. It is our attitude toward the present moment, our realization of its possibilities, which counts more in the fight than any vague, indefinite imaginings about the future. Thoroughness bespeaks an ordered mind and an ordered existence. The first step toward the rewards of the future is to do the immediate task at hand with all our might. An ounce of determination applied to a specific purpose is worth a ton of genius, which is all latent capacity without character and ambition.

Now that the inevitable final examinations are bearing down upon us it behooves every one to aquit himself creditably in these tests. The final examinations are the summing up of the knowledge that you have acquired during this first semester. Are you going to aquit yourself favorably and come through with flying colors, or are you going to lie down on the job? It is up to you alone to decide whether you are going to drift with the tide or whether you are going to swim up stream. Think it over!

ALUMNI BULLETIN

The Maryville College Alumni have published a bulletin containing many items of interest to the Alumni of Maryville College who are scattered here and there throughout the world.

This interesting bulletin was edited by Professor Orr. Among the interesting items found in this booklet are: the representatives of the second, third and fourth generations of students of Maryville; a summary of the football season; the student honor roll for the second semester of the year 1924-25; and personal items of interest to the many alumni.

---

whether you feel like it or not.

This is national laugh month so we expect you to do your stuff

HIGHLAND FLINGS

—MC—

Evidently, from the looks of things, Santa was pretty generous this year.

—MC—

We see several more sparklers are being worn. Probably the result of New Year's resolutions.

—MC—

It has been said that there are three classes of women, the beautiful, the intellectual, and the majority.

—MC—

One girl is so dumb that she thinks the discus is a debate.

—MC—

Meikle intends to be a great orator some day. He is practicing by addressing envelopes.

—MC—

It's always best to hit the nail on the head—except when it is your finger nail.

—MC—

Some students wash their faces while standing at the sink,
But more wash at the fountain
when they go to get a drink.

—MC—

"My, what a nose!"
"Oh, it's a pretty good nose, as noses run".

—MC—

THE BARBER COLLEGE YELL
Cut his lip,
Slash his jaw,
Leave his face,
Raw! Raw! Raw!

—MC—

"What do you do for a living?"
"Breathe, you dumb bell."

—MC—

This year may be a new one but we are still throwing the same line.

—MC—

Coach says that basket ball is one place where underhand methods work the best.

—MC—

DID YOU KNOW—
that a tenor singer carries his highest note in a cash register.

—MC—

We wish some of you birds would tell us whether a congressman can be arrested for counterfeiting when they pass bad bills. At least we favor the passage of such a law.

—MC—

EXPRESSIONS

To do time—A post graduate course in Law.

Calling on co-eds—A strenuous pastime, equaling if not surpassing football.

—MC—

Some girls marry for money, some marry for love, and occasionally one marries for keeps.

—MC—

"Mandy, put some ashes on your sidewalk, 'cause yo' daughter sho' am slipping".

—MC—

The boy stood on the burning deck
Expressed himself in vain;
"If I get out of this by heck,
You bet I'll learn to swim."

—MC—

Miller: Do you remember that night I kissed you and said I would love you always?

Dot: Yes, dear.

Miller: Well, I was afraid you would.

—MC—

ADVICE TO FRESHMEN

Put into practice some of those New Year's resolutions.

J'EVER
See a guy that
Loafed along for
The three months
Before Christmas
And who decided he
Would take all his
Books home and
Catch up with his back
Work during the holidays
And who came back
With the same books
Minus the one that he
Put under the
Window to hold it
Up the first night
He was home and
Who forgot it because
He never opened a
Book while he was
There. About seeing
Such guys
J'EVER?

DORIS MUSIC SUCCESSFUL

As Football Coach In North Carolina School.

An article in the Winston-Salem North Carolina high school paper tells of the completion of a successful football season by that school under the coaching of Doris Musick '25.

Musick was ably assisted by Darius Prince and Emmet Courtner both of whom were members of last year's class. The Winston-Salem team won eight out of nine games played. The one game they lost was to the champion team of North Carolina. At the beginning of the year prospects for a good team seemed exceedingly poor. However, after winning the first game the quality of the team Musick had developed was seen, and there was little doubt from that time on that a successful season was to be had.

CHATTANOOGA STUDENTS HAVE MEETING

Christian Endeavor college student meeting last night at the Second Presbyterian Church was given over to talks on "God's Care".

Students of Maryville College, both past, present and future took part. Dr. E. A. Elmore, pastor of the Second Presbyterian Church is a graduate of Maryville Class of 1874. He gave some striking experiences of his college career, telling of God's care throughout his college life. Miss Dorothy Dickerson, Mr. Walter Headrick, Mr. William King, Miss Leada Wycoff made very inspiring talks on the subject. Musical numbers were rendered by Miss Margaret Helen Allman, and Forrest Hilliard.

Chas. K. Dickerson, president of the City Union was present and made a brief talk. Robert Wood was leader and gave an inspiring and instructive talk on the subject of the evening.

Chattanooga, Times, Jan. 4, 1926.

She: I hear Fred is halfback on the team.

He: Yes—and all the way back in his studies.

While apples keep only the doctor away, onions keep everybody away.

RESOLUTIONS

Whereas, God in his infinite wisdom and mercy has called unto himself the mother of our beloved classmate, Lyndon Hornbeak, we the members of the Sophomore Class extend our heartfelt sympathy to her and the bereaved family.

Be it resolved, that a copy of these resolutions be read in chapel, a copy printed in the *Highland Echo*, and a copy sent to the bereaved family.

Sophomore Class,
Ruth Shubert,
George Crawford,
Marie Elmore.

Where motorized power is virtually unknown, men toil yet accomplish little. The United States has over one-quarter electrical horsepower installed. Japan, leading country of the Orient, has but .04 horsepower. Electric shovel and storage battery locomotive are shown at a completely electrified open-pit coal mine, at Colstrip, Montana.

Work without Toil

Ten or twelve hours a day toils the coolie. He carries all he can. He moves *one* ton *one* mile in *one* day. For that he receives twenty cents.

Cheap labor! Yet compared with our American worker, receiving at least twenty-five times as much for an eight-hour day, the coolie is expensive labor. In America we move *one* ton *one* mile for less than *one* cent. The coolie, working by hand, accomplishes little; while the American, with electricity's aid, accomplishes much.

Plenty of electricity and cheap electricity—these are two great advantages which America enjoys over the rest of the world. While our present generating capacity is 20,600,000 kilowatts, new developments call for 3,000,000 kilowatts more per year.

To college men and women—potential leaders—will fall the duty of finding more and still more work for electricity, with less and still less toil for our workers. For the task is but begun!

G-E Motorized Power—an ideal combination of electric motor and control properly fitted to the individual task—is at work the world-over, relieving workers more and more for better and more profitable pursuits.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request.
Ask for Booklet GEK-1.

(Continued from page one)

experiences in life. He served in the Spanish-American War; studied in College of Music, Cincinnati; was a member of the Castle Square Opera Company. And since 1900 he has composed several hundred songs, chief among which are: "The Angelus", "By Weeping Waters", "Where Dawn and Sunset Meet", and "By Thhe Waters of Minnetonka"

Mrs. Lieurance is an ideal interpreter of her husband's songs, for her voice has the delicious quality that suggests in itself the feeling of the great out-of-doors, and her imagination and colorful temperament permit her to sing them with rarely beautiful artistry. As full of grace as a wild animal, she appears in numerous changes of indian costume, suiting well her dark beauty. She possesses a voice of wonderful range and power, yet so marked with sympathetic charm that Edna Woolley Lieurance has been referred to as: "*America's sweet-voiced oriole.*"

Tickets for this attraction will be on sale next week. Every student must have a new ticket for this performance, so watch for the announcement in chapel. Reserve seats for town people will be on sale at the City Drug Co., beginning Tuesday.

ORGANIZATION OF KNOXVILLE CLUB

The students in Maryville College from Knoxville met on December 11, 1925 and elected the following officers:

President - - - Etta Galbreath
Vice-President - - Albert Miller
Secretary-Treasurer - Edna Kidder

There are seventeen members of this club of which there are only two boys.

The purpose of organizing this club is unlike that of state clubs. The students from various states seem to organize in order to get together while on the Hill, but the Knoxvillians desired to be together during Christmas vacation. For this reason they planned for a Christmas party.

MANY GENERATIONS ARE REPRESENTED BY STUDENTS HERE

Earl Lee Wilkinson, Freshman. Father, Edward Lee Wilkinson, student two years, 1885-1887. Mother, Josephine Tipton Wilkinson, student three years between 1885 and 1889. Grandfather, Edward Scott Wilkinson, date when in school not known.

Robert S. Welsh, Freshman. Father, Rev. Howard M. Welsh student seven years; graduated 1899. Mother, Oceola May Walker Welsh student ten years, 1883-1893; graduated 1893.

Kathleen Whitted, Senior, and Thelma Whitted, Senior. Father, John Ollie Whitted, student two years between 1888 and 1891.

T. T. ALEXANDER PRIZE

Bible Oration Contest On Thursday in Chapel.

The contest for the T. T. Alexander Bible Prize will take place take Thursday morning at the regular chapel hour. The contestants for this prize of a hundred dollars in gold are Paul Meikle and Charles Johnson.

These men were chosen in a preliminary contest to compete for the actual prize. Meikle will speak on "The Atonement" and Johnson will speak on "The Divinity of Christ".

HOW FACULTY MEMBERS SPENT THE HOLIDAYS

Miss Helen Schibler visited at her home in Greensboro, Penn.

Miss Helen Farrar returned to her home in Hamilton, N. J.

Dr. Hussey visited with friends in Weaverville, N. Car.

Miss Jewel and her mother spent a delightful portion of their vacation with relatives in Benton, Tenn.

Prof. Griffitts visited a friend in St. Louis, Mo.

CAGE TEAM LEAVES THIS MORNING TO TRIM CHATTANOOGA

(Continued from page one)

while still others worked out at home daily. Capt. Shores took his recreation at the Birmingham Athletic Club during the holidays.

Dale Marion hadn't been home very long until he got lonesome for his old stamping grounds, so in a very few days he was seen headed for Maryville to resume practice.

The whole squad after a week's work-out since the holidays is looking fine.

Just before the holidays Maryville fans enjoyed a snappy little game with Johnson Bible College and as history repeats itself, Maryville came out victorious, score being 27 to 41.

In this game Capt. Shores, Shorty McCall, and Marion were the stars. During the first half it looked as if the game was going to be very close. But with the excellent team work of these three stars there was soon no thought after the second alf started of anytning except victory for the Highlanders.

Next Tuesday the Highlanders will be called on to defend the home court against Athletic House or L. M. U.

LITERARY SOCIETIES

Alpha Sigma

Fellows, let's start the new year with a big bang. Our program secretary has arranged a very diversified program for us Saturday night. Every fellow bring a fellow to hear the following program:

Talk—"A Big Blow-Out" - - Warner Gray
Vocal Solo—Selected - Bill Crowder
Talk—One Month in California - Dewey Eitner
Alpha Sigma Advance - - Jorn Wieand

—*M. Layman, Editor*

Athenian

The last meeting before the long looked-for vacation was fully in keeping wtih the season. Of course, we sang Alma Mater first; then several Christmas favorites. Bob Wood gave several interesting readings. Frank Coakly told us how they celebrate Christmas in his home-town, Boston (wherever that is). Gordon Harold gave a very interesting talk on "Christmas Giving". Another feature was a snappy talk by John Johnson, a loyal Athenian, Class of '25.

The most interesting meeting yet held this year is assured for next Saturday at 6:15. Let's turn out 100% and boost Athenian to the skies.

And we are all behind the basket ball team, and expect a winner.

"For when the One Great Scorer shall come to write against your name, He counts not whether you won or lost, but how you played the game".

—*William Swaim, Editor*

RESOLUTIONS

Whereas, God in His infinite wisdom and love has called unto himself the sister of one of our classmates, Eugene Gabbard, therefore Be It Resolved, (1- That we, the members of the class of '29 extend to our sorrowing classmate and his family our most sincere and heartfelt sympathy in this dark hour, and,

(2) That a copy of these resolutions be read in chapel, a copy sent to the bereaved family and a copy published in the Highland Echo.

VOL. XI. MARYVILLE, TENNESSEE, FRI., JAN, 29, 1926 NO. 16

REV. DR. BROADY TO LEAD SEMI-CENTENNIAL SERIES OF FEBRUARY MEETINGS

This Year Marks The Fiftieth Anniversary of The Annual Revival Services.

TWO SERIES IN 1877

Reverend Stringham Will Lead The Singing For The Services.

The ten-day series of annual revival meetings will begin at the chapel hour next Tuesday morning.

The February Meetings of Maryville College celebrate this year their semi-centennial. The first series was hed in the old chapel in Anderson Hall in 1877 and was conducted by Dr. Nathan Bachman. Dne to the fact that two series of meetings were held in 1877, this makes the fiftieth series of the meetngs. From 1877 to the present time, these evangelistic services have been held annually, and long since they have come to be an acknowledged and universally honored institution of the Hill; and one of the great factors in the moulding of the ''Maryville Spirit''. So conclusively have they commended themselves to Maryville College people that they have won the sympathy, hearty approval, and enthusiastis support of directors, faculty, student body, alumni, and friends of the institution.

Led By Maryville Men

The meetings are conducted by former Maryville men. The leaders are each in his turn, once in every four years, four former students of the College, men long acquainted with the spirit and methods of the meetings; Dr. Marston of Cincinnati, Dr. Elmore of Chattanooga, president of the Board of Directors, and Dr. Bartlett of Chattanooga, whom we remember from last year. This year Dr. J. M. Broady of Birmingham comes to lead us in the meetings.

(Continued on page two)

INTRA-MURAL CAGE TEAMS ARE FORMED

Ninety Two Men Have Enrolled In The Tourrament Which Is Being Held.

Ninety-two men have enrolled in the intra-mural basketball tournament which is being held for the men of the college.

Each team will be composed of eight men. The captains have been selected by Lamar Milling who is in charge of the tournament. Theh captans who have been sclected are: Bill Seaton, Arthur Sargis, Bob Anderson, Ed Candler, Dewey Eitner, Julian Johnson, Cleland Calfee, George Gillingham, Harry Blankenship, Bob Harvey, Jimmy Holland and Sherman Edsall.

These teams will be matched with each other and the time of the games will be announced later. Whenever one of these teams loses two games, it is eliminated.

The purpose of this intra-mural tournament is to stimulate the interest of the male students of Maryville College in athletics, and to enable as many as possible of the men enrolled in the college to benefit by the exercise and experience thus afforded them.

Two indpendent teams have been organized for some time: the ''Satin Five'' and the ''Fighting Parsons''. The ''Parsons'' have been victorious in two encounters.

HAROLD VAN ORDEN '24 PASSES AWAY SUDDENLY

Word was received several days ago of the death of Harold Van Orden of the Class of '24. Van Orden was at his home in Orange, New Jersey and had been suffering from acute heart trouble for some time. Those who knew Van Orden will regret that a friend has been called into the future life at so young an age, and will sympathize with the family in the bereavement.

GIRLS TO COMPETE FOR BATES PRIZE

Manuscripts On Any One Of The Six Subjects Must Be Handed In By April 6th.

The Bates Prize Contest this year is for the girls of the Junior and Senior classes. The subjects from which choice may be made are:

Ctiizens of the World.
Who is an American?
America and the Peace of the Nations
An American Sociological Problem
Woman and the World of Industry
The Wages of Lawlessness

The manuscripts are to be submitted on or before the first Tuesday in April. Six typewritten copies must be submitted, five of them signed with a *nom de plume* and one unsigned. The manuscripts are to be accompanied by a sealed envelope in which is inclosed the name and *nom de plume* of the entrant. The manuscripts must not exceed fifteen hundred words in length.

From the manuscripts submitted a committee of five members of the faculty will select the best six orations as those to be delivered at the final contest which will be held during Commencement week. These orations shall not have been given in public at any time previous to the time of the final contest. After the orations are submitted no alteration of the manuscript is permitted.

Prospective contestants may receive help from members of the faculty in the way of suggestions of bibliography and sources of material, but may not receive aid in the way of reading and criticism of the manuscript. The six contestants in the final contest are offered free of charge four rehearsals and drills in delivery in preparation for the contest.

Within a few days an opportunity will be given for the girls of the Junior and Senior classes to indicate their intention to enter this contest.

Y. M. C. A.

Dean Barnes will speak to the College men in Bartlett Hall, Sunday at 1:00 o'clock. Following up Dr. McMahan's talk of last week, Dean will speak on ''Problems of a Young Man''.

Mr. Hugh Huffman and Miss Gladys Green of the Prep Class of '23 were married January 5th, at the home of the bride, in Daytona Beach, Fla. Mr. and Mrs. Huffman will make their home in Florida.

Perseverence and patience will accomplish wonders.—Selected.

NEXT SOCIETY PLAY WILL BE PRESENTED NEXT MONDAY NIGHT

Athenian Literary Society To Give "The Fortune Hunter" By Winchell Smith.

WELL-KNOWN COMEDY

Experienced Cast of Sterling Worth Will Entertain Students.

Next Monday, February 1st., at 8:00 o'clock the Athenian Literary Society will present as their mid-winter play Winchell Smith's famous four-act comedy, "The Fortune Hunter". This is one of the most successfu comedies ever produced. It is a charming wholesome story touched with tender humor and filled with quaint philosophy, with just the sort of love interest that makes you happy to know about, because it is pure and sincere.

Synopsis of Play

''Nat'' Duncan (Shimmie Brown) has finished college and has proven a failure in every kind of work he entered. He is about to jump into the East River when his old college roommate, Harry Kellogg (Ed. Hamilton) proposes a scheme by which he can be worth a million dollars in one year's time. The plan is for ''Nat'' to go to a small country town, win the heart of the daughter of the wealthiest resident and then spend the remainder of his life on ''easy street''.

''Nat'' accepts the proposition and starts to work in the old drug store of Sam Graham (Paul Meikle), an inventor and a failure in business. ''Nat is very much

STUDENTS CONDUCT PRAYER MEETING

Held Under The Leadership of The Friendship Council of The Y. M. C. A.

Under the leadership of the Friendship Council of the Y. M. C. A. group prayer meetings have been started. They are held on each floor of Carnegie Hall and at a few places in town, and are designed toward leading up to the February Meetings.

Many interested men come to these group meetings, and competent leaders guide the thought of the group. Realizing that the success of the meetings which begin next Tuesday depends in large measure on the spirit and attitude of the students, the Friendship Council is endeavoring to get every man interested in these group meetings. They meet immediately after supper, and will continue throughout the ten days of the meeting and perhaps longer.

The girls under the leadership of the Y. W. C. A. have also started prayer meetings on the floors of their dormitories, and a large number are interested and are taking part every night. The students are bending every effort for a great meeting and are nobly doing their part.

Thank God every morning you get up that you have something to do that day which must be done, whether you like it or not. Being forced to work and forced to do your best will breed in you temperance, self-control, diligence, strength of will, contentment, and a hundred other virtues that the idle never know.—Charles Kingsley

TENNESSEE DEFEATED BY HIGHLANDERS; CONCORD QUINTET HERE TO-NITE

Y. W. C. A.

On Sunday afternoon at 1:30 o'clock Miss Henry will have complete charge of the Y.W.C.A. program. All girls are invited to this meeting, and those who do not know Miss Henry, have certain a delightful acquaintance in store for them.

Let's not forget that Phidelah Rice will be in Maryville again this year, on Friday, March the nineteenth.

LASSIES TROUNCE CUMBERLAND U.N.V.

Strong Tennessee Aggregation Overcomes Lassies In Closely Contested Game By 37-29 Score.

Coach Norton's Highland Lassies have started their season with one win and one lose. Last week the girls won from Cumberland University by the score of 28 to 14. And on January 25 they were defeated by the strong University of Tennessee team 37 to 29.

The game with Tennessee was by far the fastest and most interesting co-ed game ever seen in Maryville. Never before has two faster moving teams been seen on the home floor. The game was fast, in spite of the great number of fouls called on both sides.

The most unfair thing that appears in a report of a game of any kind is an attempt to pick stars.

What could any star do without the help of the rest of the team. The girls' team is a team of stars. Of course the way Tillie handled herself on the floor was noticable, the way Captain Hipp shot fouls was outstanding and Simpson's eye for the basket could not go unnoticed. In a like manner, the guards upheld their end of the floor with stellar work.

If any girl is any faster covering up than March, any shiftier than Portrum, or any steadier than Kessinger, she hasn't been seen on the home court.

Coach Norton and the girls are due much credit for their showing. With only Captain Hipp and Manager Kessinger returning from last year's team, they have built up the smoothest working team that Maryville has had for a long time—a team that would do credit to any University.

CHEMISTRY CLUB HOLDS ELECTION OF OFFICERS

The Chemistry Club held an important meeting on Tuesday evening, January the twelfth, in the Chemistry lecture room.

The first number on the program was a talk by Roy Paul on Chemistry in Industry. Then Mr. Arnold spoke on Chemistry and the Medical Profession. After the program the time was spent in a business meeting. The following officers were elected for the second semester:

President - - Dwight Arnold
Vice President - Mary Marston
Secretary - - Ellen Cowan
Treasurer - - - Roy Paul
Program Secretary - Leo Seaton
Editor - - - Vera Bowden

There is no middle ground as regards influence. Your influence either helps or hinders; lifts up or pushes down.—Selected.

Strong Aggregation Will Attempt To Get Revenge For Former Defeat.

Maryville Has Won Four Games And Lost One By Narrow Margins.

SHORES STARS

Tennessee And Chattanooga Humble The Home Team In Fast Games.

(By Robert Armstrong)

Tonight at 7:30 P. M. the Highlanders will battle the strong quintet from Concord State College. This team boasts a long string of victories to their credit and will no doubt put up a stiff fight. This is the same college that Maryville defeated in football last fall, so they will be out for revenge.

Since Christmas the Highanders have added three more victories to their list. The team has been improving all the while, and looks as if victory is on every side for the future.

January 8, only three practices after the fellows came back Coach Honaker took them to Chattanooga for a stiff work-out. This fray was lost by the score 26 to 25. During the course of this game ''Shorty'' McCall was put out on account of personal fouls. Captain Shores and Shorty McCall proved to be the bright lights of the game. The whole team showed splendid floor work, accurate passing and shooting.

Athletic House Game

Next on the profram was ''The Athletic House of Knoxville''. Again Capt. Shores, Byrd and McCall proved worthy of praise. The fray ended with the score 21-12 in favor of Maryville. This night was also made memorable by the victory of the Scrubs over Everett High by a 43-34 score

Following this the Highlanders

COLLEGE STUDENTS MAY OBTAIN PRIZE

South-Wide Contest Announced By Interracial Commission—All Students Eligible.

Atlanta, Ga., Jan. 22:—The Commission on Interracial Cooperation, witb headquarters in this city, announces the offer of three prizes of $75, $50, and $25 each, for the three best papers on race relations submitted by students of southern white colleges during the present school year. The announcement says:

''Contestants will be free to choose any phase of the subject, though preference will be given to practical discussions of conditions in the South, with suggestions for their improvement. Papers should not exceed 2500 words in length and must be in the hands of the Commission on or before May 15. The contest is open to all college students in the thirteen Southern states, including Kentucky and Oklahoma, and is for the purpose of encouraging study and discussion of race relations. Full information as to the contest, together with a reading list, will be supplied by the Commission to anyone interested.''

Commission on Interracial Cooperation,
409 Palmer Bldg., Atlanta, Ga.

GRADES

Now that the inevitable final examinations have come and gone, the thoughts that are paramount in the students' minds are regarding the grades that they will receive in their respective courses.

* * * * *

A grading system of some kind seems to be an absolute necessity to determine the approximate standing of the student. We say approximate because the system of grading used in the college depends on the personal reaction of the instructor. Grades lose some of their distinctive flavor when one considers that they are dependent on the idiosyncracies of the instructors. If a teacher is favorably impressed by the student, he grades that student's paper with more leniency than the paper of the student who has not the same personality or the same ''line''. Some may say that personality is necessary attribute for a good student, but we maintain otherwise.

Not only do grades depend on the personal reaction of the instructors, but there seems to be no objective standardized grading system.

* * * * *

Some courses are relatively easy to get ''by'' in, while others are indeed difficult. An 'A' in chemistry or theism calls for a great deal more work than an 'A' in some of these so-called ''snap'' courses, some of which we hesitate to mention. Yet no matter whether a student obtains an 'A' in a ''snap'' course or in one that requires a great deal of work, the results are the same as far as the record of the student is concerned. He will get no more quality credits in one course than in another, if he gets the same grade in both of them.

We are not putting forth any new system of grading, but have merely brought up the quesion that grading systems in ours and in other colleges need some radical reorganization.

* * * * *

Dr. Wood of Columbia University says, ''I propose the substitution of the new type, or objective quiz, to supplant the old-type, or subjective examination, in order that knowledge, not reasoning ability, may be tested''. One paper says, ''beyond a simple ''passed'' or ''failed'', grades are a pestiferous nuisance, mendaciously pretending an impossible accuracy and misdirecting the efforts of both faculty and students.'' We are not ratifying these opinions but are merely giving some of the remedies that have been put forth.

NOTICE

Due to final examinations there has been no Echo for the past two weeks. There will be one more issue omitted within the next two weeks on account of the February Meetings.

LOOKING UPWARD

Next Tuesday morning the semi-centennial series of February meetings will commence under the able direction of Reverend Broady. These meetings are held for the purpose of turning our thoughts from the common place and to awaken within us an interest in the higher things of life. These meetings have, in the past, been unusually successful along this line.

Maryville College is noted for its distinctively spiritual atmosphere, but at times most of us become lax in our way of living and need some sort of awakening that is obtained by means of these meetings. Nearly everyone of us needs some such revival as this to cause us to study and to think.

As has been discovered in the past, some few students will take an indifferent attitude towards these services. These students have the idea that religion is a cut and dried set of theories and laws which will soon enshroud anyone who meddles therewith in gloom. What a different attitude these students would have if they would but open their minds and hearts. At any rate, no matter what attitude the student may take toward these services he cannot help but be visibly impressed by the spiritual atmosphere that pervades them.

We're not attempting to preach a sermon, but we insist that it is every students'' two-fold duty to self and to God—to avail himself of the opportunities which these meetings afford; to attend the services, to maintain a reverent attitude, and to yield to the impulses which the meetings will certainly create within him.

IMAGINATION

Imagination belongs chiefly to children and to poets.

Both of them refuse to accept existence as a dreary round. To them the world is full of mystery and to them the western wind is romance and raindrops the grief of fairies.

The rest of us in our superiority can smile at children and poets—but not without a touch of envy.

We lose the imaginativeness of childhood too soon. Life is stern and exacting, but it would hold much more charm if we could still hear the "tongue in trees" and find the "books in the running brooks".

If imagination has gone it is worth pursuit. If books or music do not bring it back, seek out some blue-eyed youngster and learn again the wonderful wisdom of maturity.

Don't be ashamed of imagination. It is a younger brother to genius.

J'EVER
Have a date with
A girl and take her to
A basketball game or to
Some other affair and
Have her talk to you
All of the time
About the fellow
Back home and about
What he could do
And about what he had
Done and how he was
The guy that won
The game against
Podunk College because
He shot a basket in the
Last minute of play.
About having a date with
One of these goat-getters
J'EVER?

Cheer up, in trying to find lost money we often discover hidden banana peels.

The man who has power and uses it will always be criticized.

You never know what you can do until some one tells you what can't.

The saddest part of it is that you've been on the tobboggan a long time before you realize it.

HIGHLAND FLINGS

—MC—

Well, a good many good resolutions were broken during exam week.

—MC—

About the only clean event in college politics is this election of our second semester studies.

—MC—

Oswald says about the only chance he has of getting through five courses this semester is to have some one invite him to a banquet.

—MC—

Which leads us to the opinion that all golden utterances of a banquet speaker are probably coined by the after-dinner mints.

—MC—

T. G. P. writes in to remark that although his rooms are in Carnegie, he has a sweet at Pearson's.

—MC—

Josh tells this one: Wood and Stone were walking across the campus together when a pretty girl came out of the book room. Wood turned to Stone, and Stone turned to Wood, and then they both turned to rubber.

—MC—

Had you ever thought of the fact that most marriage ties are made of beau knots.

—MC—

Some men graduate from college with high honors while others don't believe in so handicapping their chances for success in life.

—MC—

We hope most of the profs have forgotten that old motto: ''Ils ne passeront pas''.

—MC—

The advertizers of the I. W. D.'s if they were advertising themselves, would probably translate I.W.D. as ''I wanna date''.

—MC—

A graduate of the school of hard knocks has come to mean a Ford owner.

—MC—

He said he loved nature so she gave him the air.

—MC—

And from the way the women snarl and shriek every time the ball gets into play, it's no wonder they call it a cage game.

—MC—

Ikey says the difference between a woman and a razor is that a woman never shows her temper and a razor always does.

—MC—

At 6 she wants a candy store, at 16 a box of sweets, at 26 a ''sweet papa''.

—MC—

Nothing tickles a girl more than to have a date with a man who has a mustache.

—MC—

If a prize figter has a pug nose, could you say that a doctor has a diagnose.

—MC—

Prof. Mentholatum is publishing a new book enttled ''the Low-down on High Spots''. Orders received here.

—MC—

''Why are Freshmen like real estate?''

''Because they are a vacant lot''.

—MC—

A diplomat is a man who can remember a woman's birthday and forget her age.

—MC—

''You're stuffing me'', said the mattress to the factory hand.

—MC—

The average Freshman is just like a bottle of cream—thick at the top.

—MC—

''This is the end of me'', said the kitten as he caught up with his tail.

—MC—

This is the horseless age, but as long as the mince pie is made there will always be the nightmare.

—MC—

ADVICE TO FRESHMEN

Just because you laugh loudly at the teacher's jokes is no sign that he is funny.

WITH THE ECHO EXCHANGES

The University of Utah has inaugurated a brief course in skiing, for which credits are given.

Defying the high price of railroad transportation, a law student at Stanford University picked up a hearse at a bargain and took seven of his friends to their homes in Los Angeles to spend the holidays.

Psychologists and scientists of George Washington are trying to convince us that sleep is a form of intoxication, and that sleep may be speeded up by causing the detoxifying influences to work faster. In this way a person may be taught to sleep fast, and get it over instead of wasting eight hours or so.

Yale has inaugurated a student budget, to do away with the perpetual, insatiable, time-killing room to-room campaigns for donations. The student now makes his pledges in one sum indicating what amount he wishes to go to each cause. Thereafter he is not pestered for contributions.

A course in canoeing is being offered at the University of Michigan.

According to reports of the post office of Columbus, Ohio, two and one-half tons of mail are received each week by the students of Ohio State University. Someone go and find out what our quota is.

For faking his name a freshman at Bucknell was forced to wear a double sign; the front one giving his name and the rearmost one giving the name he used. A false face worn on the back of his head augmented the disguise.

The University of Tennessee students each year confer the degree of ''Bachelor of Ugliness'' upon the student who has gone the most for the university during the undergraduate years in athletics and scholarship.

A student recently appeared on the campus of the University of Colorado with 30-inch Orford bags. Later he was found unconscious and the trousers waving from a near-by tree.

The freshmen of the University of Kansas, who find their present caps inadequate for colder weather will be permitted to wear red ear muffs.

The largest faculty in any American college is the faculty of the University of Minnesota which numbers 1,250 members.

About thirty red-heads at the University of Texas met and formed a club exclusively for ''crimson craniumed'' students. The name of the club is to be the Texas Cardinals.

The world is an echo that returns to each of us what we say.—Emerson.

The chains of habit are usually too light to be felt, until they are too strong to be broken.—Dr. Johnson.

No one is useless in this world who lightens the burden of it to anyone else.—Dickens.

Here's a tough one to say. ''Lena's lips lisps listlessly''.

NEXT SOCIETY PLAY WILL BE PRESENTED NEXT MONDAY NIGHT

(Continued from page one)

impressed with Sam's daughter, Betty Graham (Vera Scales), who later goes away to college. Having picked out the most promising heiress, Josie Lockwood (Nelle Watkins) he puts his plans into operation. They are about to be completed when Betty returns from school. Being engaged to Josie, "Nat" finds himself in a predicament. Things begin to happen, and the story comes to a *thrilling* finis as you will observe when you see "The Fortune Hunter" next Monday evening.

Other Characters

Woven into the scenes are Mr. Burnham (Bob Harvey), a promoter; the village sheriff (''Trigger'' Morris); Robbins, the valet of Kellogg's (L. E. Milling); Willie Bartlett, (Bob Wood); a millionaire's son, Tracey Tanner (Joe Gamble); the liveryman's son, Mr. Sperry (Red Calfee); the drummer; Angie, (Eleanor Collins); the friend of Josie, Mr. Lockwood, (James Cofer); the banker, and a typical small town millionaire, Roland Barnett (Gordon Harold) the village ''dude'' (Wilbur Franklin) the old inhabitant, ''Watty'' (Bob Wood) the tailor.

This promises to be the best comedy of the year and no one can agord to miss seeing it. Monday, February 1st., 8:00 o'clock in Voorhees Chapel.

TENN. DEFEATED BY HIGHLANDERS; CONCORD QUINTET HERE

(Continued from page one)

traveled to Knoxville to battle with the University of Tennessee. In this game the Vols were victorious 37 to 23. During the first few minutes of the game Capt. Shores looped a pretty one in from the center of the floor, and during the rest of the game he was one of Maryville's best defensive players. J. D. Davis and ''Shorty'' McCall were again in the lime-light.

Beat Louisville Seminary

January 19 marked another memorable day for the Orange and Garnet. For it was on this day that the home grounds were invaded by the parson's all-star team of Louisville Seminary. In this game the ''Parsons'' were completely outplayed in every phase of the game. Capt. Shores and Dale Marion led the team to victory that night. The final whistle blew with the score board registering M. C. 28, Visitors 13.

Last Monday night Maryville engaged the haughty University of Tennessee in a battle on the home court. The program opened with every loyal student in the stands ready to back the home team to the finish. As a second act of a double header, the Tennesseans were defeated to the tune of 29-28. This was a sweet revenge for the former defeat.

Shores Stars

In this wonderful game Captain Shores led the Highlanders to victory. He himself, being high point man by scoring 11 points. Gamble seemed to be getting into the stride of a real guard as he, time and again, kept the visitors from scoring when it seemed impossible. Byrd and J. D. Davis were in a coat of brillance also. J. D. Davis is the real ''find'' for this season. This is his first year in college athletics and it seems as if there are untold possbilities wrapped up in him waiting to be released.

It seems as if the famous ''Butcher'', who was since called ''an all Southern Center'', failed to get loose Monday night. The poor boy only made three points the whole night through.

The Box Score:

Maryville 29	position	Tenn. 28
McCall (5)	F.	Cooley (9)
Marion (4)	F.	McKee
Shores (11)	C.	Butcher (3)
Captain Davis (3)	G.	Harkness (5)
Gamble (1)	G.	Captain Crittenden (0)

Substitutions—

M. C.: Byrd for Marion; U. T.: Barnhill for Crittendon. Goodman (14) for Cooley. Field Goals: M. C. McCall (1), Marion (1), Shores (5), Davis (1), Byrd (1). Fouls: McCall (3), Marion (3), Shores (1), Davis (1), Gamble (1), Byrd (3).

U. T.: Field Goals: Cooley (4), Butcher (1), Harkness (2), Goodman (4); Fouls: Goodman (2), Cooley (1), Butcher (2), Harkness (1).

Referee, Siler.

IF—

Trigger were to date with another girl would Elizabeth Crow?

Thelma were in a close place would Bill Crowder?

If when Mary was brilliant was Fancher Smartt?

Eleanor were to want to wrestle would Callie Thrower?

There should be a flood would Dwight Wade and Wendell Cruze?

Pheobe were visiting her mother would Albert Cook?

Bobbie Burns does Marjory Frye?

Katie Lou has been in Europe has Mary Chris Benn?

If Buck had a kingdom would Jimmie Rule?

Nancy wanted to would Bobbie Dance?

If Chicken McGinley were to make a mistake would Josh Proffitt?

If Lina were to go back on him would Joe Gamble?

Jennie B. were to get frisky would Merion Skinner?

If Wick had a Ford would Josephine Parker?

If his wife were lost would Herbert Hunter?

If Mrs. Snodgrass were to have a date would Edna Kidder?

If Prof. Ellis were to run a hen would Edgar Walker?

If Miss Mollie were watching you moonshine would Elton Turner?

If someone were to kiss Sarah would George Howell?

If his Astronomy class were sleepy would Prof. Knapp?

If Shimmie had a little boy would Christine Rockett?

When Papa comes home will Frances March?

When Kathleen got throughh was Maynard Dunn?

If Dan were to tear his trousers, would Mrs. Patch?

If you asked Luck his parents' name he would say his father's name was Work and his mother's was Plan.

LITERARY SOCIETIES

Bainonian

Last Saturday night a very interesting and amusing, one-act play, "The Figure-Heads", was given by the Miami girls.

The characters were:

The Princess Felicia of Poudery - Betty Jane Sharp
The Princess of Don Dometu - Bon Muser
The Princess Lady in Waiting - Elanor Procer
Guards - - - - Elizabeth Murphy, Jack Heck
Musician - - Lillian Jackson

The program this Saturday night will consist of classical numbers in piano, vocal solos, and readings.

—Marie Elmore, Editor

Theta Epsilon

Have you ever had dreams that you wished could be true? Come to Theta Saturday evening and enjoy "The Maker of Dreams". This is a one-act play which everyone will enjoy. It portrays ideal character of man and woman. The scene takes place in a small cottage. The characters are:

Pero - - - - - Jimmie Rule
Perette - - - Ruth McMurray
The Maker of Dreams - - - Nellie Caldwell

Girls you can't afford to miss "The Maker of Dreams".

Everybody out!

Ellen Cox, Editor

Alpha Sigma

Next Saturday evening the new officers of the society will take charge. Robert Jensen has an especially good program prepared for these new officers and for the other members who wish to attend. The officers elected at the last meeting were:

Clinton Puff - - - President
George Gillingham - Vice President
Grenville Wood - Recording Secy.
Edward Conrad - Asst. Recording Secretary
Charles Jones - Program Secretary
Percy Rosa - Asst. Program Secy.
Censors - - Robert Jensen, Dewey Eitner, Albert Tull
Sergeant-at-Arms - - Harold Byrd
Editor - - - - Gordon Jeffries

Athenian

Another unusual meeting is booked for Saturday night. Jack Cotton and Walter Buchanan will feature the program with selections on their ocarinoes. Come out and see and hear for yourself, Athenians! Let's be out on time, one hundred percent strong. To those who have not yet joined a society, we give you a hearty invitation to spend next Saturday evening with us.

Another of those interesting extemporaneous programs provided the cause of merriment and laughter last Satuday night in the Hall. "The Athenian", by Red Brown, was the climax of a jolly good time. The drill in parliamentary law was educational as well as entertaining.

The Athenian Mid-Winter, that will be presented next Monday, is the talk of the campus and the town.

Bill Swaim, Editor

REV. DR. BROADY TO LEAD SEMI-CENTENNIAL SERIES

(Continued from page one)

Dr. Broady is an old Maryville student, and a man whom we know and admire from his occasional visits here in the past several years. He is now the pastor of the new Sixth Avenue Presbyterian Church in Birmingham, Ala. and one of the outstanding ministers of our Southland.

Stringham Leads Singing

For the fifth consecutive year, Rev. S. E. Stringham will lead the singing. None but the Freshman need to be introduced to him, for all who were here last year, and previous years know him and the unselfish and devoted service he has rendered. He is an excellent singer, and a fine man, who has come to fill quite a big place in the affections of College people.

The object of the February Meetings is so sane, vital, and far reaching that every thoughtful man and woman must approve and applaud it. The time honored and constant object is three fold; the creation and development of character, preparation and inspiration for unselfishness, and the right decision of our eternal destiny. A concentrated effort is made to lead every undecided student to enlist definitely and whole-heartedly in the service of the Lord Christ, and to lead all others to take a higher stand in the Christian life and service than ever before. A greater fellowship with our divine Lord and Master is a natural consequence of the meetings.

Meetings Are Uplifting

The methods employed in the meetings are such sane and reasonable ones as so noble an object demands, and such as college men and women appreciate. The appeal is to the noblest qualities and to the highest ideals. Unselfish self-surrender to God and humanity are the appeal of this Christian Crusade. The calm and deliberate decision in favor of God and His Kingdom are sought by the addresses, the songs, the interviews, and the prayers of Christian friends.

2000 Have Been Converted

Who can estimate or over-estimate the happy influences set in progress by these meetings! There have been over two thousand, six hundred students who have begun their Christian life in these forty-nine series of meetings, while several thousand professing Christians have attained to a higher plane of Christian life as a result of the meetings. All over the world, former students are thinking and praying for our meeting this year.

Next Tuesday morning, February 2, at 8:10 o'clock, the fiftieth series of meetings will begin under the esperienced and efficient leadership of Dr. Broady and Mr. Stringham. Dr. Broady knows Maryville College student life, and loves Maryville young people. He comes for his fourth time to lead our February Meeting with the sole desire and purpose of helping them in making the greatest of all high resolves. Mr. Stringham is deservedly a great favorite on the Hill and will triumphantly lead our singing during these days of momentous interest.

Now, let everyone back the meetings to the very fullest extent of his might and main!

Those who do necessary work that doesn't belong to them usually get laurels that do.

It is not easy to admit error but it always pays.—Selected.

Unless you have, first and last an abiding faith in your project and in your ability—you cannot successfully carry it out.

IF YOU HAVE TO, YOU WILL

The Highland Echo

MORNING AND EVENING

VOL. XI. MARYVILLE, TENNESSEE, FRI., FEB. 5, 1926 NO. 17

ANTICIPATE GREAT RESULTS FROM THE REVIVAL SERVICES

Dr. Broady Is An Inspiring Leader and His Sermons Contain Human Interest.

STUDENTS ARE INSPIRED

Meetings Will Reach Height of Power Next Week and Will Close Friday Morning.

The fiftieth series of February Meetings started off in a great way last Tuesday morning. Gathering momentum through the closing days of the week, they will reach the height of their power next week, and will come to a close on next Friday morning.

The inspiration of Dr. Broady's genial personality and the force and power of his messages has been in evidence from the first service. The intense love of God and of His Kingdom, and the practical Christianity of the man, have impressed every student. In the opening days of the meetings we have come to think a great deal of Dr. Broady, and our love of him will deepen as the meetings progress.

Inspires Singing

The singing inspired by Mr. Stringham is indeed an inspiration. Somehow he makes us open our mouths and sing, and we enjoy doing it for him. No one will soon forget his beautiful solos of the night services. Leadership of song indeed adds a great impetus to the meetings. Miss Stapleton as she plays for the songs and for Mr. Stringham's solos has won a place with us because of her ability and her charm.

Another helpful part of the meetings are the prayers offered by students. The meetings seem closer to us as we listen to a fellow student pray.

Dr. Broady Raises Questions

Dr. Broady has raised many questions in the first few days of the meetings, questions that each individual must answer for himself.

(Continued on page four)

PRAYER MEETINGS ARE WELL ATTENDED

Seventy-five Attend Meeting In Carnegie Hall—Meetings Are Also Held in Town.

Each evening as the six o'clock bell sounds, a great percentage of the students in the several dormitories on the Hill gather in small groups for a prayer service of twenty minutes. Nothing will draw people closer together than to meet in these informal group meetings and then to discuss matters of interest to eternal welfare, and to engage in prayer with one another.

Wednesday evening, it was found that seventy-five men had attended the meeting in Carnegie Hall, besides the men in town attending group meetings. The girls report good attendance on all floors of their halls.

A better spirit of comradeship, of helpfulness is abroad on the Hill as a result of these group meetngs and the larger meeting in the chapel. The force of a united purpose is being felt, and the student body is being moved. The student prayer meetings are a great essential to this new spirit on the Hill.

F. E. Green is teaching in Lancaster, S. Car.

FROM DR. BROADY'S SPEECHES

"An optimist is a man who is optimistic under the trials and vicissitudes of life."

"It is a tragedy that college students are an echo to things dead and past."

"Christ's teachings are the only panacea for a stale life'."

"The one great enemy of young life is sin."

"Leadership is not a proof that we are alive spiritually."

"Jesus said, 'I am the light of the world'. We must have Christ in us before we can be an eye for others."

"God is able to deliver us from sin'".

EXPERIENCED CAST IN NEXT PRODUCTION

"Quality Street" Will Be Given By Members of the Bainonian Literary Society.

The Bainonion Literary Society will present as their annual Mid-Winter Play, "Quality Street", on February 22nd. at 8:00 p. m. in Voorhees Chapel.

"Quality Street", is a charming and quaint story of the time between 1805 and 1815. It is filled with tender humor and tragedy.

This play gives us an insight into the character of the young girl of the 18th century. She was always modest and never thought of betraying her feelings because that seemed unlady-like, and it was her greatest desire to be a real lady. Pheobe would not think of allowing Valentine to know her feeling toward him. And yet she was very human as will be seen in the play.

A very humorous thing about the play is the fact that the three old maids aways appear on the scene at the wrong time. Patty waits 15 years for her lover.

The play is well cast with sixteen loyal Bainonian and Athenian players. John Crawford carries the leading male role and Esther Grimes carries the leading female role.

The cast is as follows:

Pheobe Trassel - Esther Grimes
Susan Thrassel - Betty Keown
Valentine Brown - John Crawford
Miss Mary Wellonghty - - - - Kathleen Hunnicutt
Miss Fanny Wellonghty - - - Vera Scales
Miss Henrietta Turnbull - - - Katherine Franklin
Recruiting Sargent - - - - George Crawford
Patty—The Maid - Elizabeth Hoyt
Charlotte Parrott - - - - Christine Rockett
Spicer - - George Crawford
Ensign Blades - Clyde Lippard
Harriet - - Eugenia Hagood
School Children—Elizabeth Knight, Eugenia Hagood, Anna Martin, Jessie Post, Virginia Paulsell

INTERRACIAL COMMISSION

The Interracial Commission will meet Monday afternoon at 3:00 o'clock in the Y. W. C. A. Hall. Mr. Stringham will favor the meeting with special music, and Dr. J. M. Broady will speak of his experiences in interracial work in Alabama. A very interesting meeting is assured. All Maryville students interested in the meeting will be heartily welcomed.

STUDENTS INDEBTED TO FRED HOPE FOR LYCEUM PROGRAMS

Was A Leader in Student Activities When He Attended School Here.

IS MISSIONARY NOW

Students Will Be Told of Him By His Associate on Feb. 17th. and 18th.

One of the graduates whose name is familiar to all the former and present students of the college is Fred Hope. He was in Maryville about the same time as Dr. J. C. Broady and for many years has been an Industrial Missionary in the Cameroun at Elat, West Africa.

Few students know that they are indebted to Fred Hope, for the lyctum programs were instituted by him. He was a leader in all prominent activiets on the Hill while in college.

Chosen by Mission Board

The Presbyterian Foreign Mission Board was looking for a man to establish an industrial plant in connection with the mission station at Elat, and looking over all the available men they saw that Fred Hope was best qualified for the position. The Board told him of their need and Fred Hope was soon on his way to Africa, the

(Continued on page four)

BASKETBALL GAMES WELL UNDER WAY

Intra-mural Teams Are Trying Hard to Win The Championship—Finals To Be Played Soon.

The inter-mural basketball games are well under way with about ninety-eight men taking part.

A great deal of interest has been shown in these games, not only by those who are playing, but by the students who are unable to take part. Almost every game that has been played has had a great many specators, who cheer their favorites on to victory.

Two teams have been eliminated so far. When a team loses two games, it is considered out of the race. The winning team gets no prize for gaining the championship except the glory of winning, and the physical benefit that is derived from participating in the games.

The following teams are matched for the next games.

Edsall vs. Anderson; Holland vs. Blankenship; Gillingham vs. Seaton; and Eitner vs. Sargis.

Standing of Teams

Captain	Won	Lost	Pct.
Candler	2	0	1000
Edsall	1	0	1000
Anderson	1	0	1000
Holland	1	0	1000
Blankenship	1	0	1000
(Bye)			
Sargis	1	1	.500
Gillingham	1	1	.500
Seaton	1	1	.500
Eitner	0	1	.000
Harvey	0	2	.000
Calfee	0	2	.000

PERSONALS

Ruth Allen '23 is doing social service work with the Weibolt Store Co., in Chicago.

Miss Laura B. Hale has returned from Columbus, Ohio, where she was called by the death of her sister, Mrs. George Sting.

Jesse Pierce left school at the end of the semester, in order to return to his home for an operation.

NOVEL DEBATE SCHEDULE

The students of Maryville College will have the opportunity of witnessing a novel debate between Furman College of North Carolina and a team composed of Maryville girls on March 29. The debate will be conducted on the Oxford Union Plan. One of their men and two of Maryville's girls will debate two of their men and one of the home girls. No decision will be given by judges. Furman is debating ten teams on this trip and this debate will be the last of the series. The question to be debated is: "Resolved, That the United States Should Enter the World Court Without Reservations."

ENROLLMENT PASSES SEVEN HUNDRED MARK

New Students Entering This Semester Set New Record For Number in School.

About twenty-five additional names have been added to the college enrollment this semester. This makes a grand total of 702 students now in school.

Seventeen of those who have registered are bona fide students, carrying regular college work. The other eight or ten are special students who are carrying special work in art, music, or expression. Seven students who enrolled for this semester have attended Maryville before, but have been out of school for a time.

However, nine students have signed up who have never been to college before. In addition to the nine freshmen, there are five sophomores, and three juniors who have registered. Old students are indicated by means of the asterisk before their names.

New Students

*Grace Blank, Junior, Chicago, Illinois.
Norman Vaughn, Freshman, Crestown, Tenn.
Eloise Keebler, Freshman, Oliver Springs, Tenn.
David Gass, Freshman, Greeneville, Tenn.
Leona Brewer, Freshman, Luther Tennessee.
Ellen Bradley, Freshman, Madisonville, Tenn.
*Emert Lane, Sophomore, Maryville, Tenn.
*Annie Harrison, Sophomore, Vonore, Tenn.
Andrew W. Morton, Freshman San Francisco, Calif.
Edna Evans, Freshman, Williamstown, W. Va.
Arthur Chapman, Freshman, Virginia, Ill.
Anna Brooks, Freshman, Baltimore, Md.
*John Summerville, Sophomore Fulton, N. Y.
*Mary Louise Black, Sophomore, College Comer, Ohio.
Oren L. Nicholson, Junior, Dixon, Mississippi.
*Ernestyne Monroe, Junior, Evansville, Ind.
Richard Smith, Sophomore, Cornith, Miss.

By a vote of 510 to 135 Souther Methodist university, Dallas, Texas undergraduates voted to abolish compulsory chapel. The votes were cast by more than one-third of the student body, reports the Student Council, and are considered representative of the college.—The New Student.

VARSITY DEFEATS CONCORD QUINTET IN ROUGH BATTLE

Highlanders Win Three Games In Week When West Virginia Team is Beaten.

CARSON-NEWMAN NEXT

University of Tennessee and Cincinnati Collegians Are Other Games to be Played

(By Robert Armstrong)

When Concord State came to Maryville they had fond hopes of riding rough shod over the home five in order to try to even things up, for they had not so soon forgotten the muddy Thanksgiving football battle of November 26th.

To their surprise, when they started the rough stuff Maryville seemed to get rough too and no matter what offensive Concord tried Maryville's men always had some means of defense.

This victory over Concord State Marked the third time for the week that the score board had gven favorable results for the home team. This time it showed 28-23.

At the head of the offense for the Highlanders were: Capt. Merritt Shores, and Earl McCall. J. D. Davis was the bright light on defense. Harold Byrd and Marion, who were continually changing places, looked good too. For the visitors Offa and Hendrickson showed they had had a work-out or two on the floor previous to this encounter.

Carson-Newman Here

Saturday and Monday, the team enjoyed a much needed rest from the daily routine of practice, but now they are hard at it again preparing to defeat Carson-Newman here on February 12th.

Unless Manager Gamble gets real busy within the next few days there only remains on M. C.'s schedule four more games. Two with Carson--Newman, February 12th, here and on the 15th there. Maryville plays U. T. 23rd. and

(Continued on page three)

JOINT MEETING OF "Y" ASSOCIATIONS

Dr. Broady Will Address The Gathering—Special Music By Rev. Stringham and Miss Stapleton.

On Sunday afternoon at 2:30 o'clock, the Y. W. C. A. and the Y. M. C. A. meeting in joint session at Voorhees Chapel will be addressed by Dr. J. M. Broady.

The entire student body of the college has come to know Doctor Broady from his stirring messages of this week, and they will welcome this opportunity of hearing him Sunday afternoon in the 'Y' meeting. Dr. Broady will bring us a message of inspiration which will be of especial interest to young people.

Another treat is in store for those who come Sunday afternoon, for Mr. Stringham has promised to favor us with some special music. Mr. Stringham's solos will long remain in the memories of the students of Maryville. Miss Stapleton, whose skill at the piano everyone has admired, will also favor us with special music Sunday afternoon.

A cordial invitation is extended to all students to be present Sunday at 2:30 in the chapel. The people of the town are also cordially invited and urged to attend.

THE LIBRARY

Last September, a year ago, the college library was moved from its narrow, cramped quarters in what is now the book-room, to the large, roomy, well-lighted first floor of Thaw Hall.

* * * * *

Since this great improvement has been made one hundred per cent more students use the library now than they did when it was in the Lamar Memorial building. At all hours of the day, and in the evenings until closing time, there is not a time but what twenty-five to fifty students will be found making use of advantages that are opened to them through the use of the library. Since both sexes have been permitted to occupy the library on the same evenings, more students are spending their time here than they ever did before.

There is, however, one fault that can be found with the library, and that is, that it does not contain enough books, newspapers and magazines.

* * * * *

Our attention has been called to the fact that one of the students has placed two magazines in the library for those who care to read them. We certainly wish to commend him on his thoughtfulness. If other students would do likewise it would not be long until there would be ample periodicals for the use of those who desire to read them.

Not only can students now in school put their spare money to a good use, but the alumni have a way opened to them that they can benefit their Alma Mater. There are a great many alumni over the country who are not as yet able to make any large gift to the college, but who are willing to make some small expenditure that would be of some value to the school. Alumni, subscribe to a magazine or newspaper for the library! If, however, you do not know what kind of a paper that would be desirable, send your donation to the librarian and we are sure that it will be put to a good use. Not only are magazines and newspapers needed but up-to-date fiction and good reference books would be appreciated.

Students and alumni, here is a way to benefit the college. Think it over!

Good ideas are expensive and one who has them is ever in demand; but the man who has ideas and knows how to express them adequately, is rarer still and he need never want.

We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on a dial. Who thinks most, feels the noblest, acts the best.—Selected.

Look on your worst enemies with the thought that they may some day become your best friends.

You wouldn't take it if we gave it to you.

IT HAPPENS IN THE BEST OF FAMILIES

In a recent letter, Colonel F. M. Wood, of Lancaster, Nebraska, told how a Nebraska prnter got an auction sale and an account of a wedding mixed. The article read like this:

"Married at the home of the bride's township, one mile north and two miles east of Mr. and Mrs. John Jones, highly respected residents of Thursday, January 27th, Miss Ethel Drinkwater, by the Rev. 18 medium shorthorns consisting of four bridesmaids dressed in pale blue and carry calves by their sides. They had tulle veils, sired by the Noted Kentucky jack Romnina 3rd. Also forty-six head of hogs including the groom's father, from North Dakota, where he is engaged in the missionary work, and is immuned by double process. These shoats are thrifty, and all relatives of the bride and groom. They all gathered in the spacious dining room after the ceremony, and partook of 30 bushels of oats, 1,444 bushels of corn, 10 large sacks of millet and alfalfa. The bride is the youngest daughter of one thrifty incubator, capacity 600 eggs, and a trip to Omaha, after which they draw ten per cent interest from date. Free lunch at nono for all."—The Flat Hat.

Scientist who has been watching the equator for 10 years says it is shifting. He evidently should have kept a closer watch on it. Or if he saw it shifting, why didn't he yell for hlep?

Have a date with one of
These so-called goat-getting
Boys, the kind that bores
You to death talking about
Hiself, and in his
Egotistical way, he thinks
You are absorbing all that
He is telling you. And, although
You manage to work in
A few gasps of astonishment
Occasionally, at the same
Time you are thinking
Up several good excuses to
Refuse him a date the next time.
About meeting any of these goat getters
J'EVER?

HOW TO BE POPULAR WITH TEACHERS

Always come to class late and show as much indifference to his lectures as possible. It is also advisable to bring a morning paper along to make a nice, crackling noise. An occasional yawn is not out of place because it only shows concentration and interest on your part. Bring him a Pittsburgh stogie once in a while; every teacher likes a good smoke. If you become sleepy or tired make arrangements for a hammock or a cot, because he will only be too glad to make things comfortable for you.—The Torch.

This giant hydro-electric unit weighs 750 tons and consists of a vertical shaft hydraulic turbine attached to an electric generator delivering 52,000 kilowatts at 12,000 volts.

Bigger Generators— Cheaper Electricity

A 70,000 horsepower hydro-electric unit recently installed at Niagara Falls utilizes the same amount of water as seven former 5,000-horsepower units, yet does the work of fourteen such units. And it saves 700,000 tons of coal yearly for the nation.

As more and still more uses are found for electricity, larger and more economical generators are installed. At the power plant, as well as at the consumer's end, important changes and startling developments have steadily reduced the cost of electricity for light, power, and heat.

And wherever electricity has blazed its trail—in towns, cities, industrial centers, and rural communities—comfort and progress have come to stay.

Generating and distributing electricity concern the technical student. But electricity's application in the betterment of industry, the professions, and home life concerns every educated person. Cheap electricity means many startling achievements *today,* but countless and unbelievable possibilities *tomorrow.*

The General Electric Company, as of December 3, 1924, had 37,716 stockholders, of whom 45 per cent were women. The average number of common shares held by stockholders was 55. In ownership, policies, past and present activities, G-E is unselfishly dedicated to the cause of electrical progress.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

COLEMAN & MACKIE

President Little of University of Michigan declares that eighty-five percent of college students are a drawback for the serious minded students.

Pennsylvania State University is to receive a collection of the apparatus which Joseph Priestly used in his famous experiments, the most famous of which was the discovery of oxygen.

Life is a fragment, a moment between two eternities, influenced by all that has preceded, and to influence all that follows. The only way to illumine it is by extent of view.—William Ellery Channing.

How do you spell 'Madam''
Oh, forward, backward; it's all the same.''

Be glad of life, because it gives you the chance to love and to work and to play and to look up at the stars.—Henry Van Dyke.

Two football scholarships will be established at the University of California as provided by the will of the late Andrew L. Smith, who was head coach at that institution. $10,000 has been provided. The scholarships will go to men on the football squad.

He jests that never felt a wound. —Shakespeare.

HELP WOMEN THROUGH TURKISH COLLEGE

Alumni Believe Fund Better Than Scholarships.

Alumni of the Constantinople Woman's college have created a small loan fund from which students in the junior and senior classes may borrow small sums on promise of repayment within a certain time.

This fund was created as being of more use to the ollege than the giving of scholarships for the reason that scholarship students often need small sums for fees, books and incidental expenses not covered by the scholarship.

At a recent meeting of the alumni association held in Constantinople it was voted to not only continue this plan of helping students but to make definite plans for raising money to add to the fund.

The average woman has a vocabulary of only 800 words. It is a small stock but think of the turnover.

My son Hannibal wll be a great general, because of all my soldiers he best knows how to obey.—Hamilcar.

Life is made up of sobs, sniffles and smiles; with sniffles predominating.—O. Henry.

HAPPENINGS IN COLLEGES

Many colleges in the south were able this year to give sleighing parties and to have snow fights due to the fact that the southland was visited by a heavy snow fall the early part of January.

Maroon and White athletes of Cumberland University have formed a ''C'' organization for the first time. One of the first projects taken up by this organization is the prevention of the wearing of ''letter'' sweaters, won in other schools, on the campus.

The women of Bryn Mawr College have voted 367 to 46 in favor of allowing smoking. 321 declared some restrictions should be made.

Student criticism of college courses has emerged from the bull session and established itself in the college paper, where it can be more effective both in warning the uninitiated student and in assisting the professor whose teaching is not ''getting across''. The following papers have published these criticisms: The Harvard Crimson, University of Wisconsin Daily Cardinal, University of Illinois Daily Illini, and The Cornell Sun.

The Y.W.C.A. and Y.M.C.A. of William and Mary College held a get-together banquet in order to review the work of the past and to lay plans for better future work in the two organizations.

Law students at the University of Michigan are required to try two cases a year—one before a judge, the other before a jury composed of freshmen.

The students of Rutgers College voted to abolish the Honor System. The system has proved unsatisfactory after a trial of five years.

The students of Baldwin-Wallace College, Ohio, voted to abolish the Honor System because it was not being observed.

Semester examinations at the College for Women, Western Reserve University, were conducted under the Honor System. This same system was found to be a failure in Adelbert College for men in the same University.

The students of Roanoke College voted to prohibit talking and unnecessary smoking during tests. This motion will become an additional by-law of the Student Government.

Muskingum College, Ohio, is trying a club system instead of having fraternites. The clubs may or may not have club houses. If they have club houses, these houses are under the supervision of the faculty.

Lafayette College has recently been numbered among the few colleges whose class lectures are no longer compulsory. Any one getting a grade of ''B'' plus or over may use his own judgment in the matter of class attendance.

A coast-to-coast tour is being planned by three students of William and Mary College. This tour will cover over twelve thousand miles and will be financed by advertising space sold on a special speed bus secured for the venture.

The students of the college of New York City voted by a large majority for the removal of compulsory military training.

Students at Pennsylvania State College have joined the crusade against compulsory chapel. Their disapproval was expressed by a vote of 1,709 to 315.

Two Norwegian boys at the University of Wisconsin represented that college at the inter-collegiate ski and skating meet at Lake Placid, N. Y. The two Wisconsin freshmen won thirteen out of eighteen points for their team and tied for the first place with the University of New Hampshire. One of the outstanding events was a ski jump of 136 feet by one of them.

JOKES

Rat: Somehow or other my fountain pen always goes dry when I am taking History notes.

Upper-classman: Probably that is due to the subject being so dry.

''What you doin', nigger?''
''I'se working for Uncle Sam.''
''Can't you get a job from nobody 'cept yo kin folks?''

Teacher: And where was Sheridan when he took his famous twenty mile ride?

Voice from back of room: On a horse.

''Why are your fraternity brothers all so thin?''
''Every time they hear the dinner gong they think it's the patrol wagon.''

VARSITY DEFEATS CONCORD QUINTET IN ROUGH BATTLE

(Continuer from page one)

Cincinnati Collegiates the 25th, which will close the season.

The team seems still to be continually improving. From the record so far it can be seen that Maryville has a real basketball team. With the aid of the student body Maryville can and will annex another victory over Carson-Newman next Friday night.

Teacher: Can anyone give me an example of a ballad having a great many verses?
Stude: Yes; ''It Ain't Gonna Rain No. M'.''

He that wants hope is the poorest man alive.—Ex.

HIGHLAND LASSIES DEFEAT TUSCULM

Co-ed Cagesters Show Top Form In Winning From Strong Uustate Sextet.

The Highland Lassies showed the students what they could do, another time, at the daylight game with the Tusculum girls.

Tusculum's score with Carson-Newman seemed to promise a hard fight for the Lassies. Nevertheless, after a few minutes of play, it was clearly shown that Maryville had a walk-away.

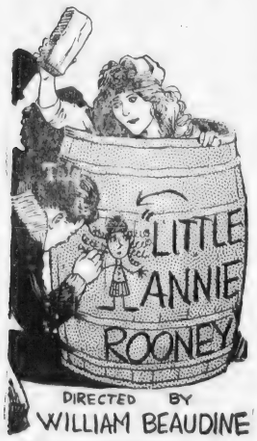
The Lassies kept the leading score throughout the game and the final result was 32-12.

All were wide awake and did honor to old Maryville's Orange and Garnet.

The team is growing better and better each day and not only Maryville, but other colleges and universities are sitting up and taking notice.

NEW MAGAZINES PLACED IN LIBRARY

Students who enjoy The Saturday Evening Post, and those who are interested in a magazine devoted to problems of literary writing will be pleased to find a copy of each magazine in the Lamar Memorial Library throughout the next year. These magazines, The Saturday Evening Post, and The Writer, are being placed in the Library through the kindness of Mr. Henry G. Welbon, a member of our Junior Class.



Our sincere thanks are due Mr. Welbon for this gift. Let us read these magazines and enjoy the entertainment and instruction they can bring to us.

The World's Sweetheart

LITERARY SOCIETIES

Alpha Sigma

To the new men on College Hill, the Alpha Sigma Literary Society extends a welcome and a cordial invitation to its meetngs.

Mr Charles Jones, the new program secretary, will present his first program next Saturday, and from what we hear it is going to be a fine one. The first number will be the inaugural address by our president, Mr. Clinton Puff. Mr. Puff, we all know to be a loyal Alpha Sigma and we can expect from him an address which will inspire all other Alpha Sigmas.

After this first number the program will take a turn to thoughts on ''Love''. Rumor has it that Mr. Jones has spent the last two years here at Maryville for the sole purpose of studying this subject, and is going to place men in the stand who, in his opinion, are most qualified to present the different phases of this great social problem. While the subject ''Puppy Love'', ''Proposals'' and a debate, Resolved: That 'Tis Better to Have Loved and Lost than Never to Have Loved at All, have beea announced, we are wondering who are going to be the qualified speakers. A musical number has also been arranged.

Come out, fellows, and enjoy this interesting and instructive program.

Athenian

Old Athenian turned out ''en masse'' last Saturday to what proved to be the best program of the year. And several old-timers vouched that it was the best in the last five years. Two little ocarinoes and two clever boys furnished the main cause for such a grand entertainment. Yes, the boys were Jack Cotton and Walter Buchanan, and they sure did keep us ''roaring'' with laughter for a full half hour with their many and varied musical selections and witticisms. The presentation was really shocking to Critic John Crawford, as his chair was equipped with an electric shocking device.

John Finch's talk on ''Selling the Sunset'' proved to be an inspiring sermon, rather than his unsual flow of jokes. And then ''Fat'' Walker fairly made that piano talk, and made us think of ''her'' as he played about a dozen popular songs of the ''love'' variety, and he gave an appropriate setting for each.

President Hamilton filled us with even greater zeal for the advancement of Athenian in his speech dedicating our fine, new desk.

Bill Swaim, Editor.

Let us endeavor so to live that when we come to die even the undertaker will be sorry.—Mark Twain.

Maryville Mary says: ''There's a little Chinese in a lot of girls: They paint to save their faces.

STUDENTS INDEBTED TO FRED HOPE FOR LYCEUM PROGRAMS

(Continuer from page one)

first industrial missionary to Africa.

Founds Industrial School

The Frank Jones Industrial School is the work of his hand, he aving founded the school and has been since its organization its superintendent.

The cost of transporting the machinery for setting up an industrial plant from the coast of Africa into the interior required the initiate of a genius and the skill of an engineer. Think of having to transport a large steam engine and saw mill from the coast one hundred miles into the interior of Africa with no railroads, trucks, with not even a road on which to run the engine, nothing except paths and trails that led through the tall grass, through the marshy and swampy jungles to the mission station.

Conquers Jungle

The impossible was accomplished, even though the engine had to be pulled by black men over specially constructed roads and over specially constructed bridges. The fact that one of the bridges broke through and resulted in the engine landing upside down in a jungle stream, was only an incident in the journey of the ''fire wagon''. It meant that the engine had to be dismantled and lifted piece by piece from the stream bed and put together again on the other side.

The Frank James Industrial School is a modern industrial plant, consisting of a tailoring shop, shoe shop, blacksmith shop, a training school for plumbers, and printing press, agricultural station and woodwork shop.

The college is proud of Fred Hope, a Maryville man doing a typical Maryville job in the Maryville way. And we are to hear of him directly through an associate of his, Dr. Smith, who is to be with us February 17th and 18th.

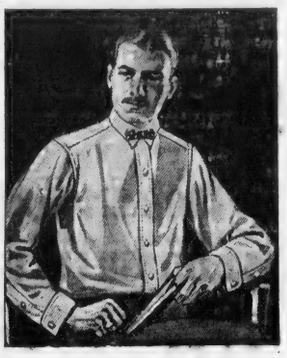
ANTICIPATE GREAT RESULTS FROM THF REVIVAL SERVICES

(Continuer from page one)

In the very first service on Tuesday orning, we were stimulated to great thoughts, and we wondered if we were dead to the real things of life. The message on how to avoid a stale life stuck into the heart of each of us, for we realized the need for a power that comes only from above to keep our lives from being stale and useless. We were proud of the fact that we could be eyes to other people after Dr. Broady's message of Wednesday morning. Sin and all of its devasting influences made us ashamed. We realized the need of a Saviour.

All of Dr. Broady's sermons abound in human interest. His wide experience, and knowledge of men appeals to us, and his consecration and power impresses us.

The meetings have had a wonderfully good beginning. Let every student do his part in making these meetings the best of all the February Meetings of Maryville College.



IN NEED OF FUNDS

Austrian Universities Are In Trouble Financially.

Universities throughout Austria are facing financial difficulties. Appeals for assistance have been issued.

The three biggest Austrian universities, those at Vienna, Graz and Insbruck, have issued appeals for money, which show that they are hampered for lack of funds. The professors are only receiving half pay.

DATE FOR THE LAST MID-WINTER

The Highland Echo

TEAM LET'S TRIM TENNESSEE

VOL. XI. MARYVILLE, TENNESSEE, FRI., FEB. 19, 1926 NO. 18

HIGHLANDERS WILL END CAGE SEASON WEDNESDAY NIGHT

University of Tennessee and Cincinnati Furnish Fitting Climax For End of Season.

L. M. U. TOMORROW

Fighting Parsons Trim Home Team in Two Thrilling Encounters.

The basketball season will close next Wednesday evening when the Highand five entertains the Cincinnati Collegians on the home court. Tomorrow night L. M. U. plays here, and next Tuesday evening the Maryville quintet will journey to Knoxville to play the deciding tilt of a three game series with the University of Tennessee.

If the Highlanders annex these three games the season can be called a very succesful one. The teams to be played all have good standings and will put up some hard battles. Tennessee's victory over Vanderbilt gives her a high rating among teams in the south. Maryville will take this game only by hard fighting and a determination to win.

This week Carson-Newman College defeated the Highlanders in two successive games. The "Shoun" warriors bested the Maryville cagers on the home court by a 30-19 score; at Jefferson City Carson-Newman ran up a 38-15 score.

Fast Game

The game at Maryville was one of the fastest that has been played on the home court since Alabama annexed a vicory over the Honaker five last year. The former game marked the third defeat that Mary-

(Continued on page four)

BASEBALL SCHEDULE ALMOST COMPLETED

A Five Day Trip Into Virginia To Be Made by Players—Candidates Already Practicing.

In a few more weeks the baseball season will open for the Highlanders. Candidates for the team have already commenced to get in condition for the team. The official call for candidates has not as yet been given, but practice will commence as soon as the basketball season closes.

Manager Blankenship has been at work for several months getting games for the Highlanders to play. Sixteen games have already been scheduled and prospects are in sight for several more.

This year's games represents one of the heaviest and largest that a Maryville baseball team has ever had. Last year victories over Ohio State University and the University of Tennessee put the Highlanders several notches up in the baseball world.

The schedule of games is given below. One of the features of this schedule is a five day trip into Virginia, playing some of the leading teams of that state.

Baseball Schedule

April 3—Tusculum at Maryville
April 13—L. M. U. at Maryville
April 15, 16—Carson-Newman at Jefferson City
April 21—East Tennessee Normal at Maryville
April 26—East Tennessee Normal

(Continued on page four)

FRED HOPE FUND

The sum of $1501.40 was pledged by the student body to aid Fred Hope in carrying on the great work which he is doing in Africa. This sum surpasses by far the pledges of any previous year. No doubt several more dollars will be added within the next few days. Students will pay their pledges to Miss Clemmie Henry in her office. Those who failed to make a pedge can do so by seeing Miss Henry. Dr. Smith, a medical missionary who was for a time in Africa with Fred Hope, delivered three thrilling lectures to the students on the conditions in Africa.

CO-ED CAGERS TRIM PARSONETTES 32-12

Girl Basketball Players From Carson-Newman Are Badly Beaten in One-sided Fray.

Last Tuesday evening the Parsonettes, of Carson-Newman College were defeated by the Highland Lassies by a 32-12 score.

This was the first defeat for the Parsonettes this year. At the end of the first quarter the score stood 11-8, in favor of the home team, and the Parsonettes never had a chance after this time.

''Tillie'' Belk was the leader in the number of points scored, garnering 17 in the course of the game. Capt. Hipp was next with 11 counters to her credit. March was forced to leave the court on personals after playing a brilliant game. Jane Darrough injured her ankle leaving a place at guard that was hard to fill.

The team had unusually good floor work and have shown improvement throughout the season and should be in prime condition when they meet Tennessee for the deciding game of the season. The

(Continued on page three)

"QUALITY STREET" TO BE PRESENTED MONDAY EVENING

Last Mid-winter of Year to be Given by Bainonian Literary Society.

SETTING IN 1805

Is a Romantic Play Woven Around The Stirring Times of The Napoleanic Wars.

Last but not least, comes the last mid-winter of the season. Quality Street will be presented Monday night, February 22, by the Bainonian Literary Society, with the aid of their brother society, the Athenians.

The scene is laid in an old English village in 1805. In this little country town, there is a satisfaction of living in Quality Street, which even religion can not give. Now and again ladies pass by in their pattens. A maid, perhaps, is protecting them with an umbrella; genlemen in the street are an event; but now and then a recruiting sergeant is seen to remind us that the period is that of the Napoleanic.

Phoebe of the ringlets is a prim little maid, who, when the war was mentioned, flashed her demure eyes so that the little Quaker seemed to be a gallant boy in ringlets.

After ten years of war, Miss Phoebe is much changed, but we know that it is she, for some of her pretty airs and graces still cling to her in a forlorn way. However, at the end we find that she is still the prim modest violet.

The dashing U. B. is the ideal of the women of Quality Street. He is a doctor who gave himself to be used by his country during the war. After ten years of service he returns to Quality Street, shocked at the change of Miss Pheobe, and becomes infattuated with her niece, Miss Livy. He finally comes to himself and finds that after all it is not the flaunting flower he loves but the modest violet.

This play is one of J. M. Barrie's best productions. It has just recently been released to amateur player,

(Continued on page four)

SARAH MOORE RETURNS

We are indeed glad to welcome back into our midst, Sarah Moore, who won the Feature Editor contest of the Echo last fall. Miss Moore, soon after winning the contest was forced to drop out of school for the remainder of semester, due to ill-health. She has returned to school and will now entertain the readers of *The Echo* with feature stories, the first of which appears in this issue. Her first story deals with the actors behind the scenes in the mid-winter plays and the amusing accidents that have befallen them in the various productions.

FIFTH ANNUAL LIFE WORK CONFERENCE

Students Will Have An Opportunity of Deciding Upon Their Life Ocupation Under Guidance of Able Leaders.

The fifth annual Life Work Conference will be held March 5, 6 and 7, under the direction of the Y.M.C.A. and the Y.W.C.A. of the College.

In the recent February Meeting most of the students have decided the first great question of life which is ''Shall I be a follower of Jesus Chrst?'' The second great question that comes to a young person is ''What shall my life work be?'' Believing that a great many students merely drift into a vocation, and do not give serious consideration to the field in which they could render the most efficient service, the Christian Associations of Maryville College offer this three day Conference, in which the advantages of the leading professions are set forth, and each student is asked to consider the possible field of his life work in the light of service to humanity.

Is a Maryville Plan

This Life Work Conference is a

(Continued on page four)

FIFTIETH SERIES OF REVIVAL SERVICES ENDED ON FRIDAY

Most Successful of Any Meetings That Have Ever Been Held in the College.

55 CONVERSIONS

442 Students Reconsecrate Themselves to a Higher Type of Christian Life.

Last Friday the fiftieth February Meeting of Maryville College ended in a great way. As a result of the ten days of services fifty-five students professed faith in Jesus Christ for the first time, and four hundred forty-two students reconsecrated themselves to a higher type of Christian life.

The ten days of the meetings will forever remain as a blessed memory. The forceful appeals of Dr. Broady, the singing of Mr. Stringham, the fellowship of a campus, knit together in one great life for most of the students. The ''Maryville Spirit'' has come to have a new and deeper significance than ever before.

Closing Messages Forceful

Friday morning as the entire student body filed up to shake hands with Dr. Broady, Dr. Wilson, and Dr. Stevenson, the spirit of Christian fellowship and appreciation for the higher things of the soul permeated the atmosphere. The sudents as a whole have been greatly helped as they have considered the claims of God upon them. The closing messages of Dr. Broady were a forceful presentation of the gospel of Jesus Christ. Many responses came as a result of his appeals and every student

(Continued on page four)

CAPTAINS OF TEAMS LEAD "Y" SERVICES

''Putting Christianity Into Athletics'' Is Subject Pilots Will Discuss.

The captains of the four major college sports will have charge of ''Y'' meeting Sunday at one o'clock in Bartlett Hall.

The subject for consideration will be ''Putting Christianity into Athletics''. This is a subject of vital interest to every man in Maryville College and every man is expected to be at the meeting Sunday.

Practical Christianity is the watchword among this generation. Since the February Meetings and the inspiring messages of Dr. Broady everyone has felt the need of a Christianity on the Hill that will meet every need. This meeting on Putting Christianity into Athletics is a fine manifestation of the desire to keep the spirit of the meeting. Every man out Sunday!

MINISTERIAL ASSOCIATION

On Wednesday evening the Ministers held a short meeting, in which the new officers were installed. They are as follows:

President - - - - - R. Wood
Vic President(Program Secretary) - - - H. Welbon
Secy.-Treas. - - - W. Courtney
Editor - - - - F. Hopkins

The ministers' basket ball team has not met with a defeat as yet. The last victory was annexed last Monday over an all-star aggregation from town.

CONTENTMENT

Suppose it were within your power to confer absolute contentment on each and every person, would you do it?

* * * * *

Sometimes, when the going is hard and life offers a few more bumps than it ordinarily does, it seems as if contentment is more desirable of attainment than any other condition possible .

To be content, to be satisfied with things as they are, to be happy in one's lot, whatever it may be; to be able to accept hardship and sorrow and injustice with philosophic calm—doens't it almost seem as if it would the greatest boon one could grant?

And yet—there is another quality, the direct opposite to all this, which has been called ''the divine discontent''.

* * * * *

Poets have had it, and artists and rebels and liberators and wild prophets since time began. It has been blazoned on the streaming banners of all the great hosts that have stormed the heights of injustice and wrong. It has driven men to prisons and gallows, even to madhouses—as witness Meitzsche and Dean Swift—and our life is richer because of it.

The spurt of discontent burned in the breasts of the men who freed human slaves. It inspired the ragged throngs that knocked down France's Bastile, and the painted frontiersmen who once tossed a cargo of tea into Boston harbor. It animated Washington and Garibaldi and Boliver, and the Apostle Paul and Lincoln.

No. The highest boon the human race can have is not to be content; not just now.

* * * * *

Rather let us hope that all of us can be divinely discontented, at times; that we can be made so dissatisfied that we will take no rest until injustice and wrong and cruelty and appression and misery, of which Dr. Smith has brought so clearly to us, are banished from the earth; that we will never endure that a lie shall prosper or that a truth shall fall; that we will not be quite so long as any of our number are condemned to lives of poverty and sorrow.

The time may come when we may all aspire to contentment. But right now? If it were within your power to confer absolute contentment on every person, would you do it?

Animals show their superiority from the outside, man shows his from the inside, is a Russian proverb, but some people seems to be imitating the former.

Fame is the scentless sunflower with gaudy harp of gold; but friendship is the breathing rose with sweetness in every fold.—Holmes.

HIGHLAND FLINGS

—MC—

First thing you know this will be last winter.

—MC—

A woman's mind is as uncertain as a grape fruit's squirt. The minds of some men are still less certain.

—MC—

''History repeats itself'' said the student as he flunked another course.

—MC—

University of Chicago professor says evolutionists have got things backward, that apes are degenerated men. Nobody ever has a good word for the poor ape.

—MC—

A 16-year-old boy in Copenhagen has invented an instrument to record the movement of stars. Over here our stars have press agents to take care of that.

—MC—

Girls read so many dress hints, then just hint at dressing.

—MC—

A Pennsylvania man has invented a clock which he says will run 100 years without winding. Perhaps it would run 200 if it were wound.

—MC—

Those who are taking literature courses should be careful when carrying their text books. Many a person has been killed by dropping three or four stories.

—MC—

WHAT THE WORLD NEEDS

Noiseless celery.

—MC—

A wrestler, like an elevator operator, has his ups and downs.

—MC—

If all the letters written by us to the girls back home were to be laid out together, they would form a line—an awful line.

—MC—

McWhirter: I have one of those suits with two pairs of pants.

Van: How do you like it?

Mc.: Not so well. It's too hot wearing two pairs of pants.

—MC—

Putting on the heavies and taking them off again is ticklish business.

—MC—

A debate was held by radio recently. What a fine way to argue with someone you can't whip.

—MC—

AS USUAL

Ah, both her dainty cheeks are like
The reddest rose e'er born;
At any rate, they are at night
Tho never in the morn.

—MC—

Politeness, is the art of concealing from other people what you think of them.

—MC—

The sad thing about being a big man is that all your friends are afraid to call you what you really are.

—MC—

He: ''Well, I must be off''.

She: ''That's what I thought the first time I met you.''

—MC—

Don't be discouraged. Think of the mighty hickory tree. It was once a nut.

—MC—

Prof: I am tempted to give you zero.

Theo.: Yield not to temptation.

—MC—

Rook is another game where you hold hands.

—MC—

''I shall now tickle the ivories'' he said, as he picked up a toothpick.

—MC—

One of the students wired home: ''Father. Send check. Am broke''.

The answer came back, ''So's your old man.''

That which serves and seeks for gain,
And follows but, for form,
Will pack when it begins to rain
And leave you in the storm.

—Shakespeare

HAPPENINGS IN COLLEGES

Production of ''The Passion of Our Lord'', a sacred drama portraying the life and sufferings of Christ, will be given by the students of St. Xavier College.

Men can take certain courses in home economics to good advantage is the opinion of Dean William Smyser of Ohio Wesleyan university.

Dean Smyser believes that by learning the fundamentals of the home economics course, men will be able to operate their own homes wisely and economically when they are established.

Athletic authorities at Indiana Universty are considering an offer from the University of Hawaii for a home and home football contract. The island wishes to meet the Hoosiers at Bloomington in 1926 and in Hawaii in 1927.

The Universty of Oregon has a walk called the ''Hello Walk'', where every one is supposed to speak to everyone else.

The seniors of North Carolina State, wanting a distinctive costume on the campus, have chosen canes and derbies.

The Daily Cardinal, student newspaper at the University of Wisconsin won first place in the recent editorial contest of the state intercollegiate press association.

The first football game in the United States was played by Harvard and Yale fifty years ago.

A professor at the University of Wisconsin encourages the members of his classes to send him unsigned letters criticising him and his method of teaching.

Northwestern University offers a month's course for police chiefs. The main study is the psychology behind the preparation of a crime.

In California, Occidental College is awaiting the Ohio Wesleyan debaters who are touring the far west this winter. The Occidental-Wesleyan debate took place on January 29. The Imperial Universities were represented by I. P. MacDonald of Edinburg University. R. Munn May of Birmingham and Paul Reed of London.

Students of the University of North Carolina, in order to enjoy the snow which recently fell there, hit upon the ingenious plan of substituting bed springs and mattresses for sleds. The authorities of the University are still looking for some which appropriated from the dormitories for this purpose and which have never been returned.

Butler University has abandoned final examinations and substitutes herefore a series of quizzes to be held at intervals throughout the semester.

Randolph-Macon is the only college in the South that allows the coach to appoint captains.

MANY ALUMNI ARE TO BE FOUND IN CALIFORNIA

Frank Minarik is in Pasadena.

Edyth Moore '21 is teaching school in Los Angeles.

Eva Ritchie '19 is teaching in Ojai High School, Ojai, Calif.

Miss Winifred Decker is an organist and accompanist in San Francisco.

Mr. Newton McCall is living in Taft, Calif.

BETTER STUDENTS

A report from Yale University shows that students who are working their way thru the university are, as a rule, considerably better students than those who are having all cost of their education paid by their parents.

That's natural. When a young man is stoking furnaces and waiting on table in order to get thru college he's a whole lot less apt to take the whole thng as a pleasant, unimportant loafing period than the chap whose dad pays all the bills.

A college education means something to the self-supporting student. And it's apt to do something for him, too—which is more than you can always say for the other student.

No man can be a successful aviator whose first concern is a soft place on which to fall.

Austin College has begun the practice of having the professors make social calls on the students. They argue that if the members of the faculty see their students only in the class room, they never really know or undersand each other.

A literary society at the University of Kentucky recently was bequeathed the sum of $6,000, by the will of a former member of the society. The income from this money will be used as prizes in oratorical contests, and a scholarship for some worthy member.

Yesterday's impossibles are today's common places.

COLEMAN & MACKIE

CO-ED CAGERS TRIM PARSONETTES 32-12

line-up for the Carson-Newman tilt was as follows:

Maryville		Carson-Newman
Hipp	f.	Lavisson
Simpson	f.	Roberts
Belk	f.	Iddens
Portrum	g.	Rose
Darough	g.	Drumitt
March	g.	Higgens

Subs: Kessinger, Saunders.

T. P. I. Game

Last Friday night the fair co-eds decisively defeated Tennessee Polytechnic Institute by a 39-21 score. The game was hard-fought through out the period of play. The first half of the game was played with five players and the centers running the floor.

Next Tuesday the Lassies leave their home grounds in search of new lands to conquer. Their first contest away from home will take place when they play the sextet from Tusculum College. From there they journey to Johnson City where they meet State Normal. The last game of the trip will be with Carson-Newman. The Parsonettes will be seeking revenge so the Lassies will have to play at top form to annex this victory.

RESOLUTIONS

WHEREAS, God in His infinite wisdom and mercy has called unto Himself the brother of our beloved classmate, Horace Clemens, we, the members of the Freshman Class extend our heartfelt sympathy to him and the bereaved family.

BE IT RESOLVED, that a copy of these resolutions be read in chapel, a copy published in the Highland Echo, and a copy sent to the bereaved family.

Freshman class—
Mary Davenport,
Mary C. Benn,
Louis Huff,
Committee.

Enthusiasm is the genius of sincerty, and truth accomplishes no victories without it.

After all, neither man nor nation can find a better guide than faithfulness in dealing with the rest of the world. It wins in the long run.

ACCIDENTS HAPPEN IN SOCIETY PLAYS

Pistol Hangs Fire as Heroine Is About to be Killed—Lee Becomes Moses.

Pistols that will not fire, stone walls that quiver, mustaches that fall from the passionate lips of a lover—all these and many more mishaps have befallen during the production of Maryville's mid-winters.

We who sit in the audience and watch the play going on so smoothly before us do not think of the weeks devoted to practice, or of the hours spent to perfect the actors' make-up—putting wrinkles on smooth faces, beards on beardless ones, and bald heads upon plentiful mops of hair. Perhaps even less do we think of the one directing the play who stands, prompt book in hand, behind the scenes and does not draw an untroubled breath until the final curtain is down. Another unknown actor behind the scenes is the stage manager who works hard and without credit, unless he be satisfied with bits of applause from "out front" for a few clever scenic effects. We have heard of curtain calls for the leader of the orchestra, but a curtain call for the director or stage manager? Not yet.

Marathon For Tuxedo

Very often affairs behind the scenes do not go off as smoothly as planned. One actor, scheduled to go on the stage in full evening dress, discovered eight minutes before his entrance that he had left his Tuxedo at home. One young man volunteered for the Marathon and returned in seven minutes, in time for the Tuxedo to be literally thrown upon the back of the one departing for his stage entrance.

In "Slippy McGhee" the old Confederate soldier found, a minute before his entrance, that he had forgotten to bring his picture of Robert E. Lee. A substitute was hastily thrust ino his hands with the stern admontion to keep it away from "out front". This he religiously did, and began to dilate upon the vrtues of Robert E. Lee. He was amazed at a low giggle from one of the actors, and on turning the picture about, he found himself staring into the wrathful countenance of Moses!

Holding The Stage

Several times actors in the mid-winters have accomplished the trying task of "holding the stage" for several minutes. In "Smiling Thru" the pistol that was to kill the heroine hung fire and while it was being gone over behind the scenes, the heroine sat calmly waiting with the hero making love to her. When the pistol finally fired, it frightened everyone in the house. In "Seventeen" the negro servant held the stage for five minutes with flower pots and philosophy while William was struggling with the intricacies of studs and collar buttons of full evening dress.

Mishap To Robin Hood

In the play "Robin Hood" presented several years ago, the imprisoned Robin Hood displayed a quite unfeigned vigor in tugging at his chains that almost brought his "solid stone" wall about his head. It certainly brought the laughter of the audience.

But no mishap was ever more heartbreaking and disappointing than one that occurred in the presentation of Drinkwater's "Abraham Lincoln" given several years ago by one of the boys' literary societies. A fair young creature came tripping upon the stage, arrayed in a huge bouncing skirt, powdered curls, and a dainty bit of a hat. She quite took everyone's heart away, until on sitting down, she gave an accustomed hitch to her skirt—a gesture that by no means could be called feminine—thus revealing what the arts behind the scenes can do to a quite manly man in one of the mid-winters.

The world loves a lover, boosts a booster, quits a quitter, and kicks a kicker.

"Ah sure does pity you", said a colored pugilist to his opponent as they squared off. "Ah was bo'on with my boxing gloves on."

"Maybe you was", retorted the other, "and I reckin' you is gwine to die in the same way."

Bruises are often more helpful than medas.

MARYVILLE GRADUATE HONORED

Genevieve Gibson Is Awarded Trip to Europe and Holy Land.

Miss Genevieve Gibson '18, who has been teaching English in the Huntington Park High School, near Los Angeles, California, recently was awarded first prize in a contest that was held for high school teachers of that state. The contest was awarded for the best plan of teaching English in high schools.

Miss Gibson was awarded a trip to Europe, Egypt, and the Holy Land. Some of the points that she will visit are: Egypt, Lisbon, Cadiz, Jerusalem, Paris, London, Holland and others. Miss Gibson and her mother were scheduled to leave New York February 9th on the steamship "Empress" They will return the latter part of May.

FIGHTING PARSONS WIN AGAIN

This undefeated team of ministerial students came from behind in a thrilling game last Monday, and handed Red Brown's Sunday School Class team a 19-17 defeat. Murphy caged the deciding goal ten seconds before the final whistle.

Early in the game the score stood 12-4 in favor of the losers, but the ministers make a brilliant rally and continued their unbroken string of victories. The losing team was composed mostly of Maryville High players. The winner was composed of Swaim, Murphy, Headrick, Sargis, and Albert Miller. The F. P.'s are eager for more worlds to conquer, and will meet all comers.

Maryville Mary says: There are three kinds of men: Minute men wait-a-minute men and last minute men.

Five Gals. Paint Free

A large paint concern, in furtherance of an advertising and introductory campaign now in progress, offers to give, free of charge, five gallons of its best house paint, any color, to one property owner at each post office or on each rural route in this county. This concern wants its paint on a house in each locality this season which is the purpose of this remarkable offer. It also wants a local salesman in each county. Persons interested are requested to write the Central Oil Co., Dept. No. 210, Louisville, Ky.

Friendship is used up quickly and must be renewed at every opportunity.

LITERARY SOCIETIES

Athenian

Elementary instruction in Parliamentary law was the theme of all the numbers on our last program. Several members spoke on the why and wherefore of such law. As the climax of this fine program, Dr. McMurray gave us an instructive talk of parliamentary law, explaining his unique outline. This is the kind of meeting that really adds to our future usefulness in this world.

Raymond Anderson has a most interesting and enjoyable program arranged for next Saturday evening. Everyone welcome.

—Bill Swaim

Bainonian

Girls! Bainonian has a treat in store for you Saturday night. There is to be a sure enough negro minstrel, including all of the popular songs and also many of the old negro songs. Besides this there will be many new and humorous jokes and dialogues and some of the old negro dances.

There will be an election of the officers for the coming term. So let's pack our hall to overflowing. Every Bainonian Out!

Don't forget to boost Quality Street which will be given February 22nd. by Bainonian.

—Marie Elmore, Editor

Theta Epsilon

Everyone enjoyed the joint Valentine program Saturday evening between the Bainonian and Theta Epsilon Literary Societies.

Louse Cates, a talented pupil from Polytechnic School, read, ''Over the Banisters'' for us. A one act play ''The Garden of Hearts'' also proved to be very entertaining.

Theta's program for Saturday evening will consist of classical music and readings which everyone will enjoy. Come to Theta expecting to hear either Mrs. Kenneth Martin, head of the expression department of Maryville Polytechnic, or one of our own expression teachers read.

Everybody welcome.

—Ellen Cox, Editor

MIGHLANDERS WILL END CAGE SEASON WEDNESDAY NIGHT

(Continuer from page one)

ville has suffered in the new Alumni gymnasium, which is a

Carson-Newman's two victories over Maryville made fourteen successive victories for the Parsons. A great deal of credit for these victories can be given to Shoun who is reputed to be the tallest basketball player in the States. He measures 7 feet 2 inches in his stocking feet. With him out of the way the home quintet might have had a chance.

In the game on the home court the work of Shores and Byrd was outstanding. Byrd was the high point man of the game. McCall showed his usual flashy playing throughout the period of play. Gamble is as steady and as consistent a player on the basketball court as he is on the football field which is saying considerable.

Successful Season

According to reports, the game at Jefferson City was hard-fought but the home five did not seem to be able to find the basket. The Parsons were playing at home and seemed determined to run up a score. This defeat at the hands of Carson-Newman only marks the fourth loss for the Highlanders. Coach Honaker has moulded a splendid team out of green material this year, and surely deserves a great deal of credit. Maryville will only lose two members of the team this year via the graduation route so fans can prepare for a great season in 1927.

PERSONALS

Otto Paulsell ex-'27 writes that he is working in St. Louis and expects to return to school next fall.

Miss Edith Taylor, of Wartrace, Tennessee has been the guest of Jeannette Prickett. Miss Taylor was a member of the Freshman Class of last year.

Little Miss Betty Portrum, of Rogersville, Tenn. spent several days on the Hill visiting her sister, Sarah Portrum.

Among those spendng the week end at home this week were Mary Sams of Kingsport, Lulu Tedford of Concord, and Artie Watkins of Loudon.

Ed. Cathey, of the class of 25, who is now working in Spring City, Tenn., came back to attend the February meetngs.

Othel Armstrong was among the members of the class of '24 who attended the February meetings.

C. C. Cross, a former student at Maryville who is well known to many of the students on the Hill, came up from Birmingham to attend the February meetings.

Among the alumni members attending the February meetings were Dr. and Mrs. John S. Aiken and Dr. Alexander of Knoxville.

Alas for him who never sees
The stars shine through his cypress trees
Who, helpless, lays his dead away,
Nor looks to see the breaking day
Across the mournful marbles play!—Whittier

Some day Love shall clam his own
Some day Right ascend his throne,
Some day—some sweet day.
—Bates

Flirting with trouble usually ends in marriage to it.

FIFTH ANNUAL LIFE WORK CONFERENCE

(Continued from page one)

Maryville plan, originated some five years ago. Colleges all over the South are requesting us to send our plans and methods, and several colleges have conducted similar conferences following our plans. We are proud that Maryville stands at the top in this matter of life guidance.

This year eighteen of our leading professions will be represented by able leaders. Dr. Frank of Chicago, Dr. Uphous of Nashville, Dr. Slater, Mr. H. C. Rogers, and many others will be with us to advise us about the various life callings. The platform addresses, the group meetings, and the personal interviews with these leaders will be well worth while. Each student will find this three day Conference packed full of interest. The opporunity to have experienced men to advise us is indeed a great benefit.

Watch for further announcements as to the leaders in the different professions, and the persons with whom to book interviews.

FIFTIETH SERIES OF REVIVAL SERVICES ENDED ON FRIDAY

(Continuer from page one)

in the silence of the closing hours resolved to live a better life, one devoted more to the services of the King.

The fellowship experienced in the group prayer meetings will not soon be dispelled. Real questions were discussed and much good was derived from such meetings. The kindly interest of friends in other friends and the bond of sympathetic understanding in the matters of personal religion were of the broadest sort.

The entire student body has been called upon to take a new grip on life, and they have nobly responded. Dr. Broady, Mr. Stringham, Christian fellowship, our personal resolves to lead better lives will all form part of the memory of the victorious February Meeting of 1926.

SENIORS ENTERTAIN AT DR. McMURRAY'S

Upper Classmen Have Splendid Tme at Valentine Party. 100% In Attendance

Last Monday evening, Dr. McMurray entertained the Senior Class at his home with a Valentine party.

This was the first Senior party since the New Year began so there was a hundred percent in attendance. The features of the evening was the rolling game. Several talented members of the Class entertained with readings and musical numbers. The climax of the evening came when the refreshments were served. These were voted the best that have been had at the parties so far. The Senior Class joins in thanking Dr. and Mrs. McMurray for their kindness.

Softly his fainting head he lay
Upon his maker's breast;
His Maker kiss'd his soul away
And laid his soul to rest.—Watts

Loose: Oh, Brother Mule, but ths world is full of woes!

Mule: It's not the woes that I mind, it's the giddaps.

Coot: I once loved a girl who made a fool out of me.

Fair: What a lasting impression some girls make.

Frankness is sometimes cruel, sometimes kind, but always helpful.

VOL. XI. MARYVILLE, TENNESSEE, FRI., FEB. 26, 1926 NO. 19

STUDENTS MAY BE AIDED IN SELECTING VOCATIONS

Fifth Annual Life Work Conference Opens Next Friday.

STUDENT INTERVIEWS

Dr. Frank of McCormick Seminary Will Deliver An Address.

Three days, next Friday, Saturday and Sunday will be given over to the consideration of the choice of a life work by the students of the College. The fifth annual Life Work Conference will be held next week by the Y. M. C. A. and Y. W. C. A., March 5, 6 and 7.

Every student will be given an opportunity of consulting with an able leader in his chosen profession, while Dr. R. W. Frank, Professor of Sociology at McCormick Theological Seminary will be with us to advise and council with those who are as yet undecided as to their life work. Dr. Frank is a man of wide experience, and leaves in April for study in Germany, and will be an able man to give advice on all the leading professions open to young people.

Opens Friday

The public addresses will be very interesting to every student. Friday morning Dr. Frank will open the Conference with an address on "Choosing a Life Work" He will be followed Friday night by Mr. H. C. Rogers of Allardt, Tenn., a very forceful speaker who will add to the interest of the meeting by his stereoptican slides showing phases of his work in the mountains. Dr. Uphores of Nashville, Dr. Slater of Greeneville, Dr Matthews of Nashville, will also follow with popular addresses on some phase of the great question.

(Continued on page three)

"BIGGER AND BETTER" CHILHOWEAN IS AIM

Staff Reports That College Annual Will Be Published Month Earlier This Year.

It is the Goal of every Staff to put out a Bigger and Better Chilhowean. From present predictions it seems that this year's Staff is going to reach that goal. With the exception of a few straggling organizations and a few Freshmen, all of the pictures have been taken. The Annual is expected to be published about a month earlier than last year, so any remaining organization should fix up its page at once. However, with most of the material in hand the Staff can see pretty well what kind of an Annual they are going to have.

The prospects are indeed bright The view section is to be printed in naturalistic color and so is expected to surpass anything in the way of views ever published in the Chilhowean. The Feature Section, headed by "Handsome Pat" will no doubt cause heart trouble among the fairer sex. There are several added attractions in this year's annual, including an Introductory section in four colors. This Chilhowean will also initiate the wearing of Tuxedoes and Evening Dresses by members of the Senior Class. This will improve the looks of the Annual. In short, everything looks favorable for a Better and Earlier Chilhowean.

PHIDELAH RICE HERE

Lovers of literature and the drama will have the opportunity of hearing Phidelah Rice who will be here again soon.

Mr. Rice is a graduate of the Leland Powers School of Expression and is now dean of that institute. He is also principal of the Rice Summer School.

For those who heard Mr. Rice last year, he needs no further introduction; for others, he is recommended as one of the best readers of the American platform.

SCHEDULE ARRANGED FOR TRACK SEASON

Tennessee, Chattanooga and Georgetown Meets Sure—Seven Letter-men Back.

The thinly clad artists of the cinder path have already answered the call for candidates for the team. About 40 men have signified their intention to try out for the different events and have already begun practice.

Coach Thrower will have charge of the track men this year and under his able tutelage some good men should be developed. The track is being put into condition by workers and cinders are being placed upon it.

Everything points toward a successful season, although the team was hard hit by last year's graduating class, four stars departing by this route. New men in the Freshman Class will no doubt appear to take their places.

The lettermen of last year who are now in school are: L. E. Milling, Lamar Milling, Edsall, Holland, Morgan, Brock, and Brown. The team of this year will be captained by L. E. Milling.

The schedule for this year's meets is not yet complete although three dual meets are assured.

The first meet will take place with the University of Tennessee at Knoxville on April 3. Chattanooga will be encountered there on April 15th., and Georgetown will arrive here May 7th for a dual meet on the home grounds. Manager Edsall is also endeavoring to secure meets with Centre College and the University of the South.

A team will probably be sent to the Georgia Tech relays at Atlanta if the team makes a creditable showing at Knoxville. The relays take place on April 10th. According to reports that have been sent out the relays this year will far surpass any that have ever been held. Interest is running high at Tech and Coach Barron the former Penn. State star is intending to enter a team in every event. It would indeed boost Maryville's reputation is she enters a team in these relays.

MR. MAC IN HOSPITAL

Mr. E. E. McCurry is in the Riverside Hospital in Knoxville recovering from an operation which he underwent several days ago.

Mr. McCurry is recovering rapidly and expects to return to Maryville in a few days.

HIGHLAND LASSIES END SUCCESSFUL THREE DAY TOUR

Co-ed Team Wins From Tusculum an East Tennessee Normal

FIRST TRIP OF YEAR

Travel to Knoxville Tonight to Engage University of Tennessee Second Time.

The Highland Lassies returned from a successful three-day basketball trip, last Wednesday. Winning two out of three games played the co-ed team maintained its exceptional record for the season.

The first game was played at Greeneville with Tusculum. The game was hard-fought and close during the early period of play. Gradually, however, the Maryville team acquired a lead over their opponents, winning the game by a 27-14 score.

During this game Captain Hipp established herself as one of the best foul shooters around. Netting 12 out of 15 tries Hipp made an enviable record. This with 'Tillie's' scorng enabled the Lassies to overcome their opponents easily.

From Greeneville the Highlandettes traveled to Johnson City, where they engaged East Tennessee State Normal in battle. As before the Lassies were not forced to exert themselves and humiliated the Normal team, 38-16.

In this game the Maryville five displayed better team-work than it has so far this season. Each forward seemed to have the right angle for the basket, so the scoring was evenly divided among Simpson, Hipp and Belk. The guards played exceptionally well, Portrum's work being worthy of especial commendation. March and Kessinger also played a game of merit.

After playing two successive games on foreign courts the Lassies were travel-worn when they journeyed to Jefferson City to encounter the formidable Parsonettes, who had not lost a game until defeated by Maryville at Maryville.

Here, however, they secured revenge by downing the Maryville team 34-12. Almost the same score by which they had suffered defeat some two weeks previous. The Lassies were undoubtedly decidedly off-form so it would be indeed interesting to see a third meeting between these two teams.

Play U. T. Tonight

Tonight the Lassies travel to Knoxville to play the undefeated team of the University of Tennessee.

The Tennessee team defeated the home co-eds in a fast and thrilling encounter here, a few weeks ago. The Highlandettes should be looking for revenge, so a good game is promised.

MINISTERIAL ASSOCIATION

The preachers met last Wednesday for a short meeting. The four officers-elect, Messrs. Wood, Welbon, Hopkins, and Courtney each gave a short talk on the prospects for the work of this semester. The association was favored by a solo from Miss Margaret Lewis which was greatly appreciated.

Next Wednesday Dr. Wilson will speak to the men and will bring a worth while message. Every member should be at the meeting Wednesday.

Y. M. C. A. ELECTION TUESDAY

The Y. M. C. A. will meet in a business session Tuesday night at 6:00 o'clock in Bartlett Hall for the purpose of electing officers for the next term beginning April 1st.

The following men have been nominated for the different offices:

President: Robert S. Harvey, John Crawford.

Vice President: Albert Cook Ernest Frei.

Secretary: W. B Jones, Gordon Jeffries.

Treasurer: Gordon Harold, Maynard Layman.

Nominations may also be made from the floor. Every active member of the Y is entitled to a vote. Come and cast your vote for the man of your choice.

FRESHMEN DEBATE TOMORROW NIGHT

Meet University of Tennessee Both on Home Platform and At Knoxville.

Tomorrow evening the Maryville Freshman affirmative team meets the University of Tennessee negative team in a dual debate in Voorhees Chapel, and the Maryville Freshman negative team journeys to Knoxville to engage the University of Tennessee affirmative team there.

Under the efficient tutelage of Professor E. M. DeHaven the freshmen have been preparing for this debate for over a month and should be ready to bring home a victory from Knoxville, and also a win on the home court.

Russell Annick, John Finch and Walter Courtney will upho'd the affirmative side of the question, "Reso'ved, that the exclusion provision in the 1924 immigration act should be repealed", on the home platform. Russell Lewis, Florine Hopkins and Louis Huff will carry the Maryville banner to victory on the Tennessee platform, upholding the negative side of the same question.

The Freshman girls will also meet the Tennessee freshman in a dual debate in the near future. Those comprising the co-ed team are: Berda Carlock, Mary Davenport, Emily Simpson, Annielea Sliger, Artie Watkins and Mary White.

This debate marks the opening of the forensic season. The varsity will begin their season at an early date, meeting some of the best teams in this section.

Y. W. ELECTS OFFICERS

At the Y. W. C. A. election held Wednesday night the following officers were elected for the year 1926-27:

President - - Margaret Lewis
Vice President - - Lucy Horten
Secretary - - Josephine Parker
Treasurer - - - Bland Morrow
Nu Gamma - - - Jimmy Rule
Undergraduate Representative - Mary E. Welbon

GRADES OUT SOON

The grades which have been long and apprehensively awaited will be out this week or the early part of next week, so the registrar's office reports. Many students, whose finances are ebbing, will send home a final appeal before the white light of faculty report eliminates their scholastic activities.

HIGHLANDERS LOSE TO CINCINNATI TEAM IN SEASON FINALE

Accurrate Shooting Quintet From Ohio Takes Measure of Home Five

SCORE 38-25

Collegians Have Beaten Best Teams in South on Annual Tour.

Maryville College basketball team suffered defeat last Wednesday evening at the hands of the accurate-shooting Cincinnati Collegians. The final score was 38-25 in favor of the Cincinnatians.

Although playing a good game the Highlanders seemed to have lost their eye for the basket, missing numerous long and also crip shots. The Cincinnati team, although not seeming to play hard showed bursts of speed when the game seemed to be going in favor of the home team.

Shores was high point man for the Orange and Garnet collecting 8 counters in the course of the game. Byrd was next acquiring 76 points. The tall fast center of the Collegians seemed almost impossible to guard. He made both long and short field goals besides numerous free throws. This man seemed to have an uncanny eye for the basket, accumulating 18 points for the Cincinnatians.

Play Slow at First

The game opened wth slow playing on both sides seemingly to test the opposing team. During the greater part of the first half the game was a toss-up, neither team seeming to have the edge. For some time the score was tied when Gamble looped a long shot. Toward the end of the first half the Collegian aggregation came back with a rush, seeming to have found their

(Continued on page four)

CAGE TOURNAMENT TEAMS PLAY FINALS

Inter-mural Games Are Drawing to Close With Candler's Team Leading With Four Wins.

The inter-mural basketball tournament has narrowed down to three teams. Each team was to be defeated twice before being eliminated. Some of the teams only played these two games and were put out of the race.

Candler now heads the list having won four and lost none. Every other team has lost at least one game. Candler has a well-balanced quintet and probably will complete the series of games without a loss.

The standing of the teams is as follows:

Captain	Won	Lost
Candler	4	0
Sargis	4	1
Holland	3	1
Anderson	2	1
Blankenship	2	2
Gillingham	2	2
Seaton	1	2
Edsall	1	2

ELECTION TO BE IN NEAR FUTURE

The election of The Editor-in-Chief and The Business Manager of the 1927 Chilhowean will be held soon. Every member of the Sophomore Class should be looking around to find the best men to fill these positions.

WHAT IS EDUCATION?

Just what is education?

The University of North Carolina made preparations to study conditions in the state's textile industry. Various protests were raised and the project was canceled. A member of a textile Manufacturer's Association, protesting against the proposed survey, gave voice to the following:

''It may be the function of a college to investigate the social and economic evils of its state and set the student upon the problem of curing such evils; but we fail to see why it should be considered a college or university function, and we know that such investigations breed radicals.''

An educated man, we take it, is one who, by study, observation or otherwise, has broadened his horizon, lifted himself above petty prejudices and gained something of an understanding of life and its values. If he is to be considered educated at all, he must know something of all aspects of the civilization in which he lives; he must appreciate its merits and realize its faults, so that the merits may be perpetuated and the faults corrected.

That being the case, why is it not a function of a college or university ''to investigate the social and economic evils of its state, and set the student upon the problem of curing such evil''?

If it breeds ''radicals'', what of that? Many estimable Americans have been labeled as radicals; among them, Thomas Jefferson, Theodore Roosevelt, Woodrow Wilson; names not unknown in our pantheon of the great. Indeed, it is just barely possible that a truly educated radical is of more value to his country than a dyed-in-the wool conservative. The only way to eliminate radicals is by eliminating all injustice, toil and suffering that is not grounded in the very bases of life—and you will have no more redicals.

The existence of the radical means that there is something wrong somewhere. Often, to be sure, there is something wrong with the radical, as well; but the very fact that there are radicals means that some part of our civilization is out of gear.

That is not to say that the solution the radical offers is always right. It is often wrong. But at least he has open eyes and wants to do something to make the world a better place to live in—which is better than cruising through life with nothing that is disturbing.

It is the college's task to discover the evils in present-day life and set its students the problem of curing them. If this makes radicals—so be it.

All true work is sacred. In all true labor, were it but true hand labor, there is something of divineness.—Carlyle.

HIGHLAND FLINGS

—MC—

Truth may be stranger than fiction but it is not nearly as convincing.

—MC—

AS USUAL

Soph (lecturing to Frosh): Why, very often in my Freshman year I would sit up studying until I felt I couldn't stay awake any longer.

Frosh: And yet you plugged away?

Soph (weakening): No, then I went to bed.

—MC—

A polished gentleman is not always bright.

—MC—

Sheba: He said I was a thing to adore.

Sheik: I guess he meant a knocker.

Sheba: No, a belle.

A fire broke out in a deaf and dumb asylum and one of the inmates broke his thumb and two fingers yelling "fire".

—MC—

Flip: Gosh, I had an awful night mare last night.

Flop: Yeah, I saw you with her.

—MC—

ADVICE TO FRESHMEN

The divinity that shapes our ends always let's us whittle the space in between.

Raylor University is attempting to arrange a debate with the University of Sidney, Australia. The Sidney team will arrive in San Francisco on April 6 and will debate several American teams.

All that is human must retrograde if it does not advance—Gibbon.

HAPPENINGS IN COLLEGES

A new organization has found its way to the Coe College campus. The "hashers" have formed a society. They have named it Pi Jamba Pi.

Iowa University is trying out a system whereby exceptional students will be graduated in less than four years without carrying extra work. Special classes are provided for those that show exceptional ability.

An Association of Oklahoma dads was formed last Saturday morning in the University of Oklohoma auditorium. A constitution and by-laws were adopted and formal organization completed. Any man who is a father, guardian or supporter of a student in the university is eligible to membership.

Asked why they came to college 100 Oklahoma University co-eds said they came to get an education; 15 came because the home town was too dead in the winter; 26 came to enlarge their circle of friends; 22 came to learn the "charleston" and to have a good time.

Women at Chicago University are most free from supervision and those of Wisconsin the most restrained in the Big Ten universities. All the institutions have their ''blue laws''. All require their women students to register their trips out of town.

Johns Hopkins is importing 20 persons from the Himalaya mountains to be used in the study of evolution.

Co-eds at the Adventist College of Walla Walla, Washington are required to wear their dresses within 12 inches of the floor. Three women who resented and refused to obey this edict were sent home.

"Harold", in times past, has been considered a rather effiminate name. It is interesting to note, however, that five of the Big Ten football captains bore that appellation: Harold Almquist of Minnesota; Harold (Red) Grange of Illinois; Harold Cunningham of Ohio State; Harold Griffen of Iowa and Harold Harmeson of Purdue.

The student body of the Florida State College for Women has entered the fight against lynching in that state by adopting and sending to Governor Martin a resolution protesting against "Such violations of law and justice", and pledging hearty support to the governor and other officials in the effort to rid the state of this crime.

During tests made at George Washington University in which students went without sleep for sixty hours, it was ascertained that women are as able to withstand fatigue as are men.

Mt. Union College has already received some $415,000 in conditional and special gifts towards its goal of a $2,000,000 building and endowment fund by next June.

"Betterment of conditions in Denison", is the purpose of the New Boosters club, organized at Denison University by elected representatives from each of the social groups on the campus.

A Junior at the University of California was expelled for refusing to undergo military training.

A ruling at Bluffton college forbids anyone who uses tobacco to take part in athletics, debating or other school activities.

Prof. Ira Cross remarked to the students of the University of California that he saw no reason why girls should make their toilet in class any more than men, and was answered the next day when two men students proceeded to shave in class. Prof. Cross promised the young men 'A' in the course.

Notre Dame has two football captains for next year. In the election for captain of next year's eleven, halfback Thomas Hearndon and quarterback Eugene Edwards were tied for the position, therefore both will act as captain. They will not both take the field at the same time, however.

In a drive at Johns Hopkins $400,00 was raised by the alumni. Among the donations was a check for 50 lira. Upon being cashed it totaled $1.98 in American money.

The faculty at the University of Oregon recently voted down a motion to permit a certain number of students to sit in on faculty meetings.

Ten men at the University of Illinois were fined $100.00 each in the Urbana police court for violation of the city ordinances which prohibit hitching on behind vehiles with sleds.

"The college of today is in need of more 'more all around students' and fewer specialists", says the president of Northwestern University.

STAGE CRAFT AT COLLEGE

W. R. U. Adds Play Production Course to English Department.

The stage is luring so many college women into its many professional branches that a course in ''Play Production'' has been added to the English Department of Western Reserve University.

Miss Mildred Throne, instructor now teaches the first class of 12 women. The course in ''Play Production'' covers play selection, cast, direction, makeup and scenery. The new course is given during spring terms.

HOPEFUL

A business man was telling an acquaintance why he had sent his daughter to a small ''freshwater'' college.

''I figured that the college itself didn't make such an awful lot of difference'' he said. ''After all, all any college can do is bring out what's already in the student.''

Recall that remark the next time you hear our colleges assailed because of too much football, too many dances, too much drinking, etc.

A really intelligent, ambitious lad is going to get his education even if his college does have a lot of distracting outside activities. And ad umbbell won't get educated no matter how soberly he may be cloistered.

We'd be afraid to wear these balloon trousers. Might get them on upside down some morning.

Nothing is more tiresome than someone who is trying to be interesting instead of interested.

Denise Wilson, 9, daughter of Robert Forrest Wilson, the author is the youngest American pupil of the National Opera ballet school in Paris.

Nelson Loris, 16, has attained fame as an evangelist preacher in Massachusetts.

Meredith Taylor, aged 3, of Carlisle, Ky., is 43 inches in height and weighs 100 pounds.

of a life work, at different times in the Conference. Dr. Frank will make the closing address on "The Present Day Task of the Church" Sunday night at the regular vesper hour.

For "Docs" and Lawyers

Aside from the addresses of popular interest to all will be the group meetings where the doctors, the lawyers, the engineers, the nurses, the social workers, and the other groups will meet as separate groups to discuss their particular profession with the help of the experence and guidance of the leader. These group meetings are of utmost importance. Most of them will meet Friday and Saturday morning from 9:00 to 9:40 a. m.

The personal interviews with the leaders of the conference are also of great value to all the students Each student is advised to have an interview with the leader of his particular group in order to get help on personal matters that enter into his particular choice of a life calling. See the student in charge of each leader to book an interview with that leader.

Each student is urged to attend as many of these group meetings as he can. Book interviews with any leader in the Conference. They are here to help you. The matter of choosing a life work is very important; let these experts advise you.

What you get out of such a Life Work Conference depends on you. Let's make it a great three day period for consideration of your life work.

Y. M. C. A. MEETING

The "Y" meeting last Sunday led by the four football Captains was a great success. Much interest is being manifested in the Sunday afternoon meetings of the Y. M. C. A.

Next Sunday at one o'clock in Bartlett Hall, Dr. W. H. Crothers will speak to the men. An interesting program is assured, so let every man be at the 'Y' meeting Sunday.

Each man makes his own ship wreck.—Lucanus.

Election Of Editor Will Take Place In March

The annual election of editor for *The Highland Echo* will take place sometime during the first three weeks in March. Those who desire to obtain the position will hand their names to one of the professors in the English department.

The election will be held as specified in the constitution of *The Echo*. The regulations governing the election are given below:

The editor-in-chief of the Highland Echo for the following year shall be elected during the first three weeks in March.

All the professors in the English Department shall recommend to the Faculty, members of the incoming Junior and Senior classes whom they consider capable of satisfactorily filling the position of editor-in-chief. Public notice shall be given at least one week before these lists are submitted so that any aspirants for the position may hand their names to some one of the professors in the English Department for their consideration. These lists shall be submitted to the Faculty before the end of the first week in March.

Faculty Pass on List

The Faculty shall pass upon these lists not later than the fifteenth of March and shall place in nomination candidates for editor-in chief. The names of these candidates shall be posted for one week in order that the students may become familiar with them.

All Students Vote

The president of the Senior class shall call a meeting of all the college students in the chapel not less than one week after the names of the candidates are posted and shall give at least one week's notice of the time of this meeting At this meeting the election of editor-in chief shall take place. All college students shall be entitled to vote. The voting shall be by ballot, and a majority of the votes cast shall be necessary for election. If no candidate receives a majority on the first ballot, the name of the candidate receiving the lowest number of votes on this ballot shall be dropped. If on the second ballot no one receives a majority of the votes cast, the name of the candidate receiving the lowest number of votes on this ballot shall be dropped and this system shall be followed until some candidate is elected. The president of the Senior Class shall preside at this meeting and the secretaries of the four college classes shall act as tellers. It shall be the duty of the secretaries of the Junior and Senior classes to act as a committee to prepare blank ballots of uniform size and color for use in the election, and the cost of these ballots shall be met from the funds of the Highland Echo.

Business Manager

In the selection of the business manager the following system shall be followed: The presidents of the four college classes shall elect two representatives, one from the outgoing Senior class and one from the Junior class to meet with two representatives appointed by the Faculty to judge the merits of the material submitted and the recommendations offered by candidates for business manager, and to examine the candidates in any way they may desire. They shall then select a business manager for the following year, subject to the approval of the Faculty. This committee shall be appointed not later than the end of the first week in March. The representative of the Senior Class shall act as chairman of the committee and shall give public notice of the time when the business manager is to be selected at least one week before such selection, so that candidates may have an opportunity to make formal application and to secure proper recommendations. As in the case of the election of the editor, the business manager shall be chosen during the first three weeks in March.

Write it on your heart that every day is the best day in the year.—Emerson.

A cynic or a radical is one who happens to disagree with what you say.

When the candles are out all women are fair, said Putarch. In other words they all look alike in the dark.

FRIENDSHIP

You do not need a score of men to
laugh and sing with you;
You can be rich in comradeship
with just a friend or two.
You do not need a monarch's smile
to light your way along;
Through weal or woe a friend or
two will fill your days with song.

So let the many go their way, and
let the throng passby;
The crowd is but a fickle thing
which hears not when you sigh.
The multitude is quick to run in
search of favorites new,
And all that man can hold for
grief is just a friend or two.

When winds of failure start to
blow, you'll find the throng has
gone—
The splendor of a brighter flame
will always lure them on;
But with the ashes of your dreams
and all you hoped to do,
You'll find that all you really need
is just a friend or two.

You cannot know the multitude
however hard you try:
It cannot sit about your hearth; it
cannot hear you sigh;
It cannot read the heart of you, or
know the hurts you bear;
Its cheers are all for happy men
and not for those in care.

So let the throng go on its way
and let he crowd depart;
But one or two will keep the faith
when you are sick at heart;
And rich you'll be, and comforted,
when gray skies hide the blue,
If you can turn and share your
grief with just a friend or two.
—Edgar A. Guest

"I bet on a brave horse today".
"Brave? "
"I should say so. He chased the other horses clear around the track''.

Military training has been abolished from Clevland schools by the Cleveland Board of Education.

GAS STUDENTS FOR COLDS

Alliance, O. Chlorine gas is being used to cure the colds of Mount Union college students. A gas chamber has been fitted up in the third floor of science hall where victims are making the gas three times weekly.

Lew Sarrett, poet and professor at Northwestern University, declares he is nauseated with modern life, it's complexities, its superficiality. He will leave for the woods of northern Wisconsin where he will live with nature. For one semester of the year he will teach at Northwestern, commuting each week-end to his cabin 600 miles away.

The most miserable creature on earth is the hypocrite. He eventually fools himself instead of his friends.

No one can map out your life for you because no one has been where you are going.

Death is the veil which those, who live, call life: They sleep and it is lifted.—Shelley.

LITERARY SOCIETIES

Alpha Sigma

Did you go to Alpha Sigma last week? If you did, you know all I might tell you, and if you didn't you ought to profit by your experience of having missed something worth while and come—forevermore.

Alpha Sigma Alumni turned out and presented an entertaining program. Those present will always remember the good counsel given by the Hon. Pat Quinn, Prof. E. R. Walker, and Mr. M. B. Crum. The Glee Club Quartette rendered some musical numbers which were greatly enjoyed.

SOCIETY NOTICE: Mrs. Willard Allen (?), a popular young lady in Maryville's exclusive set is suing her husband (a janitor) for divorce on the grounds of cruelty. Mrs. Allen has engaged the services of the Osborne-Dunn Agency while her husband has secured the Rodgers-Layman Combination. The case will be tried before Judge Jensen in the Alpha Sigma Court of Appeals on Saturday, February 27, 1926, at 6:15 p. m. It will be necessary to go early if one expects to obtain a seat at this trial.

—Gordon Jeffries, Editor

Athenian

The usual excellency of Athenian programs was sure upheld last Saturday night. The high-lights were the songs by the Glee Club quartet, and readings by Paul Meikle. You fellows who do not attend these meetings sure are missing something worthwhile.

The meeting next Saturday will feature Athenians who are Seniors. Let's all turn out to this fine meeting. This is the last program under the present administration of officers.

—Bill Swaim, Editor

Theta Epsilon

Girls! a real treat is in store for you at Theta Saturday evening. Two one-act plays ''Where But in America'', and ''The Go-Betweens'' will be presented. These plays are of the type that everyone enjoys. You can't afford to miss them.

The scene of ''The Go-Betweens'' takes place in the living room of the Quackenbush farmhouse.

The characters are:

Hezekiah Quackenbush, a young farmer
Muriel Burlingham, a vampire
Jane Opendyke, a country girl

The country girl and the vampire are both in love with the young farmer. Meet us at Theta Saturday evening and see which girl he will fall in love with.

''Where But In America'' will please you very much, so if you have ever been home-sick or had the blues, just come to our program and you'll forget all about it.

—Ellen Cox, Editor

Bainonian

Wouldn't you like to turn the pages of your book of life back to your childhood just for one night? Come to Bainonian Saturday night prepared to enjoy the things that are interesting to children. You will forget for a while that you are a college student. We are to have a kid program, consisting of a baby show, a doll parade and many other things that are of interest to Kids.

We were enertained last Saturday night by a negro minstrel. And as one critic said the negroes were well represented and performed their parts well.

The officers for the coming term were elected. They are as follows:

President - Katherine Franklin
Vice President - Maude Davis
Secretary - - Harriet Green
Program Secretary - - - Virginia Paulsell
Publicity Chairman - - - Dorothy Keown
Critic - - - Evelyn Norton
Sergeant-at-Arms - Faythe Taylor

—Marie Elmore, Editor

HIGHLANDERS LOSE TO CINCINNATI TEAM IN SEASON FINALE

(Continued on page four)

eye for the basket. They garnered three goals in the course of a very few minutes. When the whistle blew ending the first period of play the visiting team was leading by a comfortable margin.

The Collegians continued to lead throughout the second half with the Highlanders giving stubborn resistance. Opening up with long shots the Honaker five overcame some of the lead which their opponents had gained. Just when it seemed that the wearers of the Orange and Garnet were going to catch up the visiting aggregation opened up with long shots gaining a lead which the Maryville team could not hope to overcome.

Beat Best Teams

Although defeated, the home team can feel no disgrace. The Collegians have defeated some of the best teams in the south, including Vanderbilt, Mississippi College and Union University.

This game marked the close of the cage season and attention will be turned to baseball and track.

The line-up for the game.

The great law of culture is: Let each become all that he was created capable of being.—Carlyle.

Ohio State University has twenty-two branches of athletics for its students to engage in.

NEW MOONSHINERS FOUND ON CAMPUS

Following Traditional Custom They Seek Most Secluded Spots For Wooing.

On January the first, two new moonshiners were discovered on the campus. Following the custom of other such couples, they sought the shadiest, most secluded spot in which to follow the traditions of Maryville College. She is very shy and lady-like. While he is a bold and ordent lover. His suit is brilliant red, and should he ever discard it, it would be in dspair of ever surpassing the hues of lumber jacks and socks now seen on the campus. He spends much of his time assuring his beloved that she is ''Sweet-o, sweet-o, sweet oh!'' in a voice even Miss Staater could not improve for strength and sweetness. He is Mr. Cardinal and he hopes to persuade his partner to be Mrs. Cardinal and to help him build a nest on the campus.

Mocking-bird

Another confirmed wooer is the mocking-bird. He is the best groomed gentleman of the birds, rejecting the brighter colors for his own sleek gray and white. He indulges in one habit that has been forbidden to Maryville students, namely, serenading. He begins at midnight with his carrolings and cajolings and continues for such a length of time that his sweetheart is forced to drive him away, or else to come nearer and do a bit of moonshining on her own account.

The cardinal and mocking bird are only two of the thirty-six kinds of birds that have been seen from January the first until February the seventh. Of these there were five different kinds of woodpeckers, three kinds of wrens, and three kinds of sparrows. In summer as many as one hundred sixteen kinds have been observed.

Early Comers

The blue bird, cardinal, dove, chickadee and mocking bird are the earlest comers; the meadow-lark, flicker, gold finch, robin and song sparrow follow soon after.

The value of some birds has been estimated in dollars, according to this estimation, a robin, a blue bird, a chickadee, a cat bird, and a mocking-bird taken together would come to twenty-two dollars. The college campus is then very rich in birds.

"PSALM OF LIFE" AT Y. W. C. A. NEXT SUNDAY AFTERNOON

Sunday afternoon at 1:30 o'clock the Y. W. C. A. will conduct her usual program. This Sunday however, the topic will be ''Jesus' Psalm of Life'' taken from ''A Psalm of Life''.

The Lord is my Father;
I shall not perish
He maketh me live in the rense of his presence
He leadeth me in the way of life unending,
His love abideth forever.
He teacheth my heart to love others,
And his lessons are not for the day, but forever.
He hath bidden me to be perfect
Therefore hath He set eternity in my heart
He hath called me to work in his Kingdom
His Kingdom that hath no end.
Yea when I walk thru the valley of shadow of death
I will fear no evil,
For he will be with me; His love and his strength will preserve me;
My Father's home is before me
And joy that faileth never.
Surely I shall live to work with those I love in the house of many mansions.
And I shall be safe in the heart of My God forever.

Back the Girl's Debate Team

VOL. XI. MARYVILLE, TENNESSEE, MARCH 6, 1926 No. 20

HIGHLAND LASSIES HAVE SUCCESSFUL BASKETBALL YEAR

Defeat Both University of Tennessee and Carson-Newman in Hard Battles

WIN 7 OUT OF 9

Is Termed Best Co-ed Team In History of the School

"The best girls team that has ever represented Maryville College" is the title that has been rightly applied to Miss Lynn Norton's proteges. The 1926 cage season for the girls will go down into the sport annals as extremely successful.

With only two girls that had lettered returning to school this year it surely seemed thae the Lassies were doomed to defeat in most of the games. But with the advent of Theo Belk the forecast changed from cloudy to fair. Tillie is probably the best co-ed player to ever represent the school. Captain Hipp proved an admirable leader throughout the year. As the best foul-shooter on the team Hipp established herself as a cage player of merit. Frances March upheld her part of the play very well.

The other girls who lettered are Sarah Portum, Emily Simpson, Jane Darragh, Grace Kessinger, Grace Saunder, and Lillian Dorraugh. These girls all helped to form a sextea that was only beaten twice, a record which speaks for itself.

The Lassies started the season with a victory over Cumberland University by a score of 28-14. Immediately afterward, however, the Highlandettes engaged the Volettes of the University of Tennessee. In one of the best games that has been seen on the home court for a long time, the Lassies were forced down to defeat. Until the last few minutes of play,

(Continued on page three)

TOURNAMENT ENDS AS CANDLER WINS

Total of Forty Games Played By Men—Ninety Men on Eleven Teams Participated.

By defeating Sargis in a fast struggle last Wednesday night, the team of intra-mural basketeers captained by Candler emerged victors in the league.

A total of 40 games were played and each was replete with thrills and excitement. A spirit of fair play and keen interest was manifest, and this went to make the league of this season very successful.

Two teams have been selected as All-League calibre:

First		Second
Crawford	F	Gillingham
Swaim	F	Blankenship
Candler	C	Anderson
Holland	G	Harvey
Edsall	G	Eitner

Subs: ,Buchanan, Calfee, Rodgers Seaton, Sargis

Final Standings of all Entries.

Team	Won	Lost
Candler	5	0
Sargis	5	2
Holland	3	2
Anderson	2	1
Blankenship	2	2
Gillingham	2	2
Seaton	1	2
Edsall	1	2
Eitner	0	2
Harvey	0	2
Calfee	0	1

About ninety men participated in the series of games. More interest is being shown in the tournaments every year. It is to be hoped that a cup will be provided that can be given to the winning team each year.

Y. W. and Y. M. C. A. JOINT MEETING

The regular Y. meetings will be merged into the program of the Life Work Conference Sunday afternoon in the nextx to the last session of the Conference.

At one-thirty Sunday afternoon in the chapel Dr. J. B. Matthews of Scarritt College, Nashville, Tenn., will speak to the students on "Life's Great Adventure." Dr. Matthews is an exceptionally fine speaker and his message will be an inspiration to everyone present.

Special music has been aranged for this program. Some of the students heard Dr. Matthews at the Chattanooga Conference last fall and heartily recommend him to the whole student body. All college people are urged to hear Dr. Matthews Sunday afternoon and all friends from town are cordially invited.

BASEBALL PRACTICE NOW IN FULL SWING

Forty-Five Men Report For First Official Practice Friday—Nine Lettermen Return

Undaunted by the wintry weather, forty-five candidates answered the first call for baseball practice.

The season is rapidly getting under way in spite of the weather handicap, and each evening the base ball diamond is covered wiht hopeful aspirants who are endeavoring to impress Coach Honaker with their skill in handling the ball and in slugging the horsehide.

Nine letter-men will be on deck when the first game is played. The weakness that has always confronted the team at the beginning of the season was not evident this year. The pitching staff has always been a problem in previous years, but this year Coach Honaker will have no worries along that line. Both John Stone and "Lefty" Harvey have returned this year and will resume their mound duties. Other lettermen who will be in uniform are Capt. Shanks, "Jiggs" Mischlich, "Rube" Cartright, "Shorty" McCall, "Pete" Sneed, "Billy" Givens, Ted Hawn and "Pat" Shores.

Ted Hawn and "Pete" Sneed will perform their duties behind the bat. With Shores at first base, Shanks at second, McCall at shortstop and Given at third the infield is made up entirely of old men. " Rube" Cartwright and "Jiggs" Mischlich are the

(Continued on page four)

FORENSIC SEASON OPENS WITH WINS BY THREE TEAMS

Varsity Wins Two to One Denision Over Tusculum and King Colleges.

FORMER PROFESSOR VISITS

Freshmen Win and Lose to University of Tennessee Debaters

The Maryville College Forensic season had a very successful beginning when the Freshmen men's team debated the University of Tennessee and the Varsity men's team debated the team from Tusculum College and a team at King College. The reshmen won the decision at Knoxville but lost on the home floor. Both of the men's teams were victorious.

The FFreshmen debated the question: T"he Exclusion Act in the 1924 Immigration Act Should be Repealed." The negative team composed of Russel Lewis, Florine Hopkins and Louis Huff debated at Knoxville. The affirmative team composed of Russel Annick, John Finch and Walter Courtney debated in Voorhees Chapel.

Varsity Debates

The Varsity team that traveled to Bristol included J. Morris, DeFoe Pemberton, and Julian Johnson. Merle Marshall, Walter Buchanan and Edward Hamilton engaged the Tusculum team on the home platform. Both debates resulted in a two to one decision for the Maryville teams. The question that was contended was: "That the Constitution Should be Amended to Give Congress Power to Regulate Child Labor."

An unexpected forensic event came about, when on Monday Professor A. M. Mintier, formerly a member of the Maryville faculty now a professor of History and Coach of Debate at Wheaton College, Wheaton, Illinois, paid a visit to the Maryville campus. He had with him a debating team of three men who are making an extensive tour of the Southeast, engaging in several debates. These men from the Midwest happen to be debating the same question which the Maryville Varsity men's teams are using and, accordingly hasty arrangements were made for two debates with these unexpected visitors, Maryville's affirmative team debating the Wheaton team supporting the negative of the proposition that the Constitution be amended so as to give

(Continued on Page Four.)

Y. M. C .A. Elects Officers

At the annual election of the Y. M. C. A., Tuesday night the following officers were elected:

President	Robert Harvey
Vice President	Albert Cook
Secretary	W. B. Jones
Treasurer	H. Gordon Harold

This quartet of new men are able pilots for the "Y" organization, and the continued success of the Y. M. C. A. is assured under their leadership. These men will assume office the first Sunda yin April.

VOCA ONAL CONFAB COMMENCES TODAY

Dr. R. W. Frank of McCormick Seminary is Principal Speaker—Many Kinds of Vocations --Represented.

The Fifth Annual Life Wark Conference put on by the Christian Associations of the Hill opened very successfully this morning and will continue through Sunday night.

The address by Dr. R. W. Frank on "Choosing a Life Work" was a very forceful and clear presentation of the importance of an early choice in this matter of prime importance. Dr. Frank will be here for all the sessions of the Conference and it will pay every student to get acquainted with him.

The vocational group meetings were well attended and the leaders of the different groups report great interest in these smaller meetings. The student body almost to 100 per cent attended these vocational groups.

Tonight Dean McDermott, of U. T. will speak at the night service, also Mr .H. C. Rogers, who will have some stereoptican pictures of his work in the mountains of Tennessee. A very interesting program is offered tonight with these two good speakers.

Saturday morning, Dr. W. E. Uphaus of Nashville, Tenn., will speak on "Education and Religion," after which the vocational group will meet as yesterday. Saturday the first hour of college work will also be given over to the conference.

Saturday night, Dr. J. E. Slater will speak on "The Ideals in the Business of Teaching" at 6:15 in the chapel. Dr. Frank preaches in New Providence Church Sunday morning.

Sunday afternoon at 1 o'clock in the chapel, Dr. J. B. Matthews of --ashville will speak on " Life's Great Adventure." Sunday night

REVIEW OF CAGE SEASON REVEALS SUCCESS OF TEAM

Win Great Percentage of Games on a Difficult schedule

BEAT TENNESSEE

Captain Shores and Gamble are are Only Lettermen to Graduate

Although starting the season with practically all new men Coach Honaker developed a team that was feared by all. Starting with Joe Gamble, Pat Shores and Earl McCall, the team was completed mainly from the incoming freshmen class. With Byrd, Davis and Marion in addition to the old men, a formidable quintet was formed.

The loss of Pat Shores and Joe Gamble will be keenly felt next year. These two men will depart via the graduation route. Shores playing center this year was an accurate goal shooter and an able pilot. This makes the third letter Shores has made in basket ball while at Mary--ville.

Joe Gamble's place at guard will be hard to fill in the coming season. Always a consistent and steady player, Joe could be depended upon to keep his man from scoring.

The other men who lettered are Marion, Davis and Byrd. Marion started on the squad last year but was forced to leave school because of ill health. This year he came back and proved his worth. Byrd and Davis are of the few freshmen that win basket ball letters during their first year. They will be back next year to form the foundation for the 1927 Highlander machine.

The scrubs who aided the varsity are: Rosa, Keasling, Keys, Lippard, Mann, Snow, Givers, Shanks and Johnson.

(Continued on page four)

ENDOWMENT TIME LIMIT DRAWS NEAR

"One More Month Remains in --Which to Raise Maney," Dr. Gillingham Announces.

Dr. Clinton H. Gillingham, registrar of the College returned last week from a two-month's trip in the east, where he journeyed in the interests of the college.

A wealthy elder in the Presbyterian Church, from New Jersey offered the school $50,000 to endow a Department of Religious Education in the college, provided the college obtained another $100,000 from other sources. It was on this mission that Dr. Gillingham traveled.

The philanthropist made a similar offer to three other colleges, Trinity College of Texas and Parsons College of Iowa. Maryville was, however the first school chosen. The offer which is made expires on the 31st of March.

Dr. Gillingham reports that although there is yet a great deal of work to be done prospects are indeed good that the college will have secured the desired amount within the time limit. He says that the people whom he met all showed a great deal of interest in the schoo and also in the work which it is doing along the line of Religious Education.

Some time ago Miss Clemmie Henry made a trip through the East for the same purpose that Dr. Gillingham went.

Salesman: "Would you like a Woman's Home Companion?"

Old Maid: "I've just been dying for one, come right in."

DOLLARS VS. SERVICE

It has been said that an offer of ten dollars a month would change the life work of ninety per cent of the men of our nation. The inducement might have to be larger, but the painful fact remains that vast numbers of men including a large proportion of our most highly trained, accept "the money there is in it" as the determining factor in the choice of their life work. In the college world, big business is quietly offering its financial inducements to the more promising students. But is money the only criterion in the choice of a life work?

Man in this world seeks happiness. Is it possible for a man to seek and find happiness in devoting eight hours a day, even more, his life, to a vocation he has entered solely because of its financial returns. Such a man loses all the joy of creative genius of a work he is vitally interested in.

If men do not seek the money in their work they tend to drift into whatever work is at hand and convenient. Such men have no fixed purpose, they are drifters in life. Happier by far is the man who has chosen his life work and has a fixed purpose in view.

James Russell Lowell says: "No man is born into the world whose work is not born with him." A man holding to this creed could be no opportunist. At its best settling life's problems by opportunity is atheism; at its worst it is a haphazard scramble for the first job that comes, a defeat of purpose and a total negation of guidance and direction.

The world concedes that some men are more capable in one line of work than another. In the history of the world there are men who have attained eminence because their particular abilities found an outlet in their chosen work. Many a man has become great because he chose his profession in life and not another.

When he is at work man is linked up with all the forces of the universe; he rubs elbows with the Almighty, for God is everlastingly at work. Man has a great part in the plan of the universe. He must work to bring things to their completion. Even God is helpless without man's work. "God could not have made Antonio Stradivaris' violins without Antonio."

How shall a man know what his life work is to be? "The vocation of every man and woman," says Tolstoi, "is to serve other people." If a man considers the great needs of the world, and his own abilities to meet those needs and chooses a vocation where he can really serve the world happy and successful is he.

The campaign for the consideration of the choice of a life work is a very fine thing and one that demands the support of every student on the campus. Few schools have such a privilege. The choice of one's life work is very important, for on it depends one's whole life. Happy is that student who finds his place in the work of the world; and who sets himself to the doing of the work.

—C. J.

ADVICE TO FRESHMEN

Try and get it.

LITERARY SOCIETIES

ATHENIAN

The following officers were elected last Saturday night to lead the Athenians onward and upward during the remainder of the year.

President, Dexter Graybeal.
Vice President, Charles Johnson.
Recording Secretary, Malcolm
Programme Secretary, Red Brown.
Critics, Richman and R. Wood.
Editor, Young Williams.
Sergeant-at-Arms, Perry Keys.

After the election we accepted an invitation from the Alpha Sigma Society to attend their mock trial, which proved most entertaining.

There will be no programme next Saturday as we are all boosting the Life-work Conference.

—Bill Swaim, Editor.

ALPHA SIGMA

Alpha Sigma Court convened at 6:15 p. m. last Saturday. Judge Jensen presided. The case of divorce No. 1584326 of Allen vs. Allen was called. After some preliminaries a jury was picked. Only one witness was called to testify, and he was an admirer of Mr. Allen's wife. Lawyer Layman says he will be questioned again as much depends on what he says. Thus far Mr. Allen has remained quiet on the subject but his lawyers entered a plea of not guilty.

Promptly at 6:30 Mrs. Allen arrived and business was suspended for a few minutes. She was gowned in an exquisite creation of yellow and white material made especially for her appearance in court. She expected to testify and was greatly disappointed when court was adjourned.

The lawyers on both sides are studying the case in the lirrary of Maryville and the public believes that, as a result of this case, new laws will be established in this state.

The court room was filled, but an even greater crowd is expected next Saturday evening when the case is resumed.

—Gordon Jeffries, Editor

THETA EPSILON

Did you ever wish you were an actress whom everyone would envy? Well that is just what happened in Theta Saturday evening, for the girls who took part in the one-act play, played their parts so well that everyone admired them. If you see some girl on the campus who resembles Mary Garden, Sarah Bernhardt, Irene Bewley or other favorite actresses look at her again and you will find that she is Inez Marlon Thelma Lindsay, Mary Louise Rogers Hilda Harris, Mary Swain or Mary Eleanor Welbon.

After the program the following officers were elected:

President, Edna Dorough.
Vice President, Rebecca Torry.
Secretary, Ruth Shubert.
Ast.. Treasurer, Inez Marlen.
Critic, Mary Louise Rogers.
Sergeant-at-Arms, Ruth Mayer.
Program Secretaries, Mary Davenport and Frances Smartt.

There will be a joint meeting of Bainonian and Theta Societies in the Y. W. assembly room Saturday evening.

Everyone is invited

—Ellen Cox, Editor

P. K. CLUB ORGANIZED

Pat Shores Elected President of Select Group

An organization of all the "preachers' kids" in school has been formed by the college students. Officers have been elected who are as follow:

Pat Shores, President
Eleanore Franklin, Vice President.
Ruth Goff, Secretary-treasurer.
Wilbur Franklin, editor.

This organization has had a group picture made and will have a page in the Chilhowean. The olub has a heavy enrollment and it is indeed interesting to note the number of those who are "preacher's kids" that are in school.

CALENDAR

Saturday, the 6th

8:00 A. M. Devotions led by Miss Lois Wilson.
8:30 A. M. Address by Dr. W. E. Uphaus on "Education and Religion." in Chapel.
9:00 A. M. Vocational group meetings.
6:15 P. M. Steroptican lecture on "Work in the Mountains," by H. C. Rogers.
8:00 P. M. Debate, Maryville girls vs. Tennesse girls, in Voorhees Chapel.

Sunday the 7th.

10:30 A. M. Address by Dr. R. W. Frank, at New Providence Church.
1:30 P. M. Address by Dr. J. B. Matthews, in Voorhees Chapel
7:30 P. M. Address, "The Present Day Task of the Church," by Dr. Frank in the Chapel.

HOBO AND TRAMP PARTY STAGED BY CARNEGIE

H. L. and G. N. Wood were hosts to a number of the Carnegie boys at the Hobo and Tramp Ball given Monday night in the Bartlett Hall gym. It was a very delightful affair. The hosts planned an entertaining program consisting of a number of games combined with a variety of contests.

MRS. MINTON SPEAKS TO ART CLUB MEMBERS

The Art Club met Feb. 23rd, the feature of the evening being a talk by Mrs. Minton on Spanish Art. The members were afforded an unusual treat in seeing the excellent illustrations that were given with the talk. All members absent are missing some very interesting programs. These meetings are open to all students taking free-hand as well as regular art. Everyone is urged to attend. A business meeting was held at the lose of the program. Officers for the semester are: Pres. Margaret Pickens; Secretary Treasurer, Mary Faut; Program Secretary, Jessie Post; Editor, Jack McKinney. The next meeting will be held Tuesday, March 9th, in Bainonian Hall at 6:15. Let's be out 100 per cent Art Students.

FIGHTING PARSONS LOSE TO EVERETT

The Ministers lost their first game of the season Tuesday when they encountered Everett High School. Although playing only 12 minute halves each team scored enough points to win most games. The final score was 33-28. Everett led 18-13 at the end of the first half. The parson's team was composed of Brock, Swaim, Headrick, M. Murphey, Fell and Sargis.

FADS

(By Joe Gamble.)

The race is still on. The race to see which is the bigger fool—the male or the female of the species. We are on the last lap of the race. Who is in the lead now? We cannot tell because they change places so often. Now the women are ahead—now the men.

The old saying that clothes make the man is trite, but the question is *what* do they make him? The fad race started back when women first started bobbing their hair. Oh no! Women were not fools for bobbing their hair. Some were, however. Bobbed hair no doubt is a good thing. It probably is more than a fad. Now proving that bobbed hair is a good thing to some men is a different matter. I say bobbed hair probably served as a starter in the race of fads.

The men reacted to bobbed hair in several different ways. Some grew mustaches and these same should have gone into complete ambush by growing a beard. When we look at some men we wonder why they grow a beard—when we look at others we wonder why they don't. We could not say, however, that the growing of mustaches is a pure fad because the growth of hair on the face has been a custom from the time of Moses down to the time of the manfacturing of Smith Brothers cough drops. I say, all men did not react to bobbed hair by growing a mustache. Some wouldn't—some couldnot.

By far the most rediculous of masculine fads are or were, the balloon trousers. We mean the extreme ones—twenty-five to thirty-five inch cuffs. Should we disgrace the fanr name of trousers in this way? Perhaps *pants* would be more nearly the correct term. They are not pretty, they are not graceful and they are not neat. The only use we can see for them is to help nature cover up her mistakes. We go to church in the country and see men in their blue overalls and smile. We go to church in the city and see men dressed in the above described manner but we don't smile—we laugh out loud.

The men held this advantage over the women only a short time. The women jumped into the lead by bobbing their hair in a more radical manner . Those that had properly shapped heads got the shingle bob. Some of them made the mistake of not knowing *how* their head was shaped till they had their air cut, then they got a boy's shirt, bought, borrowed or stole a boy's tie and thus the masculination of women continued.

The men, however, regained their pace and the next fad was copied after the over-exhausted cross-word puzzle and took form in loud, checkered shirts. If the men think this is something new they have been misinformed, because we saw exactly te same shirts up in the mountains ten years ago. Let us say, however, in defense of the mountaineer that he wore them to work only.

The women, too, donated their part to the checkered cloth craze. Some by checked hose, some by checked shirts, others by checked sweaters.

Perhaps all these things are all right in themselves but where the criticism comes is in accepting them as mere fads. We think that the man or woman who accepts fads as soon as they appear, admits that he lets the other fellow do his thinking. The more we are around and mingle with people who accept every fad that comes along, the more we think that a zebra is only a sport model jack-ass.

Highland Lassies Have Successful

(Continuer from page one)

it seemed as if the co-eds were about to beat the University girls. By a final spurt the Volettes won out by a 37-29. score.

Beat Tusculum

A few days later the Lassies acquired a victory when they defeated Tusculum College in a slow contest, the Lassies scoring at will. The final score was 32-12.

The next contest was played with the highly touted cagettes from Carson-Newman College. The Parsonettes had not lost a decision until they met the Lassies. From the beginning of the battle until the last whistle blew the visitors found it impossible to guard "Tillie and Hipp, while on the defense Portrum, March and Darrough formed a line that was unbreakable. The final score was 32-12 in favor of the Highlandettes.

In a hard-fought contest the home six bested the sextet from Tennessee Polytechnic Institute with a 39-21 score. The Middle Tennesseeans forced the Lassies to extend themselves throughout the entire period of play. The visitors were tall and had an advantage over the Maryville team in this respect.

THREE DAY TRIP

The co-ed sextet then left for a three day's journey through Northern Tennessee. On this trip their engagement was with Tusculum. Once again the Tusculum cagers were defeated, this time 27-14. In the course of the game Captain Hipp caged 12 out of 15 tries for free throws.

From Greeneville the girls went to Johnson City where they trounced East Tennesse State Normal by a 38-16 score. In this game the Maryville co-eds displayed better teamwork than it had in the other contests.

After playing two successive games the Lassies were travel-worn when they journeyed to Jefferson City to encounter the Parsonettes in a return engagement The Lassies were humbled by a 34-20 score in a rather listless period of play.

Then as a climax of the season the co-eds defeated the University of Tennesse at Knoxville. The Tennesee team was boasting of having the state championshin before meeting the Lassies. As in the first game with Carson-Newman the Maryville girls put a blight on the Volettes long string of victories. The final score was 25-26 wiht the Orange and Garnet in the lead. "Tillie" Belk was high point getter, with Captain Hipp following closely.

With only two defeats as a mar to their record the Lassies can lay claim to having as good a team as there is in the state.

Vocational Confab Commenses Today

(Continued from page one)

Dr. Frank will close the Conference with an address on "The Present Day Task of the Churchh" as applied to vocational guidance.

These public addresses, all by excellent leaders and speakers are open to all the people of the town as well as students, and our town friends will be especially welcomed.

Students are urged to use their spare hours for personal interviews with these Conference leaders. They can help you with your problems on the great subject of a life work. Since labor is life, we must know our work and do it.

The first college paper in America was published in 1880 by the students at Dartmouth College and called the Gazette. In 1802-1803 it contained articles by Daniel Webster, then a graduate of one year's stanbing.

Review of Cage Season Reveals

(Continuer from page one)

Play Bible School

The season opened just before the Christmas holidays when the Highlanders played host to the quintet from Johnson Bible College. The home five annexed this game by a 27 to 41 score. The game was closely contested during the first half. However, by superior work the Highlanders forged ahead and were in no danger throughout the remainder of the game. Marion, McCall and Shores started the season by exhibiting a superior brand of ball during this game which they upheld during the remainder of the year.

Immediately after the holidays with only three practices, the Honaker quintet travelled to Chattanooga where they were humbled by the University of that name, the game closing with the score 26-25. For a time it seemed that the Highlanders were going to win but a basket near the close of the game put the Chattanooga team in the lead, where they remained. McCall was in the limelight in this game.

The Athletic House, composed of former University of Tennesse captains played the wearers of the Orange and Garnet the next game. The Maryville team emerged victorious in this tilt by a 21-12 score. As preliminary to this game the scrubs trounced Everett High School. In the varsity fray, Capt. Shores and Byrd were the outstanding players, each working well on both offense and defense.

CAPTAIN PAT SHORES

Lose to Tennessee

Following this the Highlanders travelled to Knoxville to battle with the University of Tennessee. This game marked the second loss for the invading team, the Vols obtaining the long end of a 37-23 score. Butcher of Tennessee seemed to be unable to miss the basket and the Maryville team was overwhelmed mainly through his efforts. Davis covered himself with glory in this game, ably assisted by Shores and McCall.

January 19th marked another memorable day for the Orange and Garnet. For it was on this day that the home court was invaded by the "Preachers' Team" of Louisville Seminary. The team captained by Shores out-played the visitors in every phase of the game. When the final whistle blew the score board registered, Maryville 28, Visitors 13 Dale Marion seemed to have found his eye for the basket and surprised the visiting team by the number of baskets he registered.

Obtain Revenge

Then came the best game of the season. The University of Tennessee journeyed to Maryville expecting to annex another easy victory over the Highlanders. The Highlanders smarting under the sting of the defeat handed out to them at Knoxville determined to obtain revenge. Led by Captain Shores who scored elever points during the game, the Highlanders obtained a 29-28 victory over the visitors. Neither team led by a margin of more than two or three points during the entire game. The game was so exciting that the Maryville fans kept the gymnasium filled with their frantic crys for victory. The Vols were kept from scoring by the excellent guarding of Gamble and Davis while Byrd and Shores scored for the Maryville team.

Butcher of Tennessee, who was the cause of the Highlanders' previoue defeat obtained only three points in this game which shows the excellent defense that the Highlanders had. The Vols cancelled the third game that was to be played so neither the Highlanders nor the Tennesseans can boast of winning the 1926 series. The third meeting was being looked forward to by the Maryville fans who expected to see the Vols downed on their home court.

The next cage tilt was played with

JOE GAMBLE

the Concord State team from Athens W. Va. The Concord team had a long string of victories to their credit and expected to add another. They had another incentive because they been beaten in football by the Highlanders and they wanted a cage victory to avenge this defeat.

Rough Battle

In a rough battle with many fouls on both sides the Honaker five emerged from the fray victorious. This made the third victory in one week for the Maryville quintet.

When the Highlanders engaged the Carson-Newman warriors they ran up against a terror. Carson-New-City basing their system of play on the ability of the tallest basket ball player in the United States, won two successive victories over the Highlanders. At Maryville the score was 30-19, and at Jefferson City 38-15. Both games were fast and interesting but the Highlanders discovered that it was no easy task to guard a man who is seven feet tall. Never theless it will be an interesting game next year for the Highlanders will have a team of veterans.

Next on the schedule was the game with Lincoln Memorial University. This was a game replete with thrills. Starting off in a listless manner the home cage team allowed the visitors to accummulate a ten-point lead before they were aware of the situation.

Toward the end of the period of play the Highlanders began taking long shots at the goal. Byrd seemed to be unable to miss and looped nine baskets in succession. This was the prettiest exhibition of goal shootng that was seen throughout the season. The final score was 40-34 in favor of the Orange and Garnet.

Ohio Team Wins

As a season finale the Honaker quintet engaged the Cincinnati Collegians on the same court. Here again the Highlanders were forced to bow in defeat before one of the best professional teams in the country. The Collegians are undoubtely the best cage team that has ever visited the home court. Knowing they must play a high brand of ball if they expected to give the visitors a good work-out, the Honaker five started the game with a rush and kept on even terms with the Collegians for the greater part of the first half. Then the Cincinnatians began looping goals from every angle of the floor. Never seeming t exert themselves the visitors gradually accummulated a lead that was impossible to overcome. When the game ended the Highlanders were on the short end of a 38-25 score. The Maryville five was indeed fortunate in holding this team so well. The Collegians boast of never having played a game in which they have not run up a score of 35 points.

The Spirit of Spring Pervades the Mode

Congress control over child labor. This debate took place on Monday night, and on Tuesday morning, the Wheaton men, having changed their style as quickly as their celebrated fellow townsman, Grange, can sidestep a safety man, assumed the affirmative of the same question and met Maryville's negative team. In addition to their intrinsic interest, these debates served as most stimulating experience fo rthe Maryville boys who found many things to ponder over in the aggressive tactics and forceful style of the midwesterners.

Base Ball Practice Now in Full Swing

(Continuer from page one)

only regular outfielders to return. Some good man will have a good opportunity to letter in this position. When Stone is not on the mound he probably will play in the outfield. He is a heavy hitter and is needed in the line-up for every game.

Several new pitchers have made made their appearance. Among them Smith of Mississippi comes heralded as a star. Other new men who look well are Van Boyd, McWhirter and McConnahey.

As long as cold weather lasts the men will be given light practice so that sore arms will not develop. Lectures are given every day. The men are taking calesthenic exercises to enable them to become hardened to the grind. As soon as the men become conditioned full time practices will be held. The training rules are to be strictly enforced this season, so Coach reports.

PHIDELAH RICE HERE ON FRIDAY

Greatest of Mon-Actors to Perform for Maryville Audience

WAS HERE LAST YEAR

Both Miss Edwards and Miss Schibler Have Studied With This Man

Mr. Phidelah Rice, dean of the Leland Powers' School of Expression will give a recital in Voorhees Chapel, the evening of Feb. 19.

This will mark the second visit of this great artist to Maryville. Last year Mr. Rice gave the play "David Garrick" and those who heard this performance will need no introduction to the performer. Mr. Rice is one of the greatest mon-actors on the platform. He has a national reputation and holds in his art a position of unexcelled anthority.

Leland Powers himself says of Mr. Rice: "I am an enthusiastic admirer of the impersonation work of Phidelah Rice. It has the characteristics of masterliness. It is spontaneous and virile and full of splendid human nature and truth. At the same time Mr. Rice is no haphazard performer, he knows the technique of his profession and the purpose and message of his play are brought out with the most careful judgment as to artistic values. Knowing this man as I do, with his cultivated mind, his

DEPUTATION TEAM OF Y.M.C.A. MAKES TRIP

Entertains University of Tennessee Y. M. C. A. Last Tuesday Night

The deputation team of the Y. M. C. A. sent a quartet of men over to furnish a program for the U. T. Y. M. C. A. weekly meeting last Tuesday night.

The men making the trip were Paul Meikle, W. B. Jones, Bob Jensen and Charles Johnson. They report a very enjoyable trip, for the University fellows gave them a hearty welcome. After the light supper which the U. T. men have every Tuesday at their Y. meeting, Johnson was called on to make an extemporaneous speech of four minutes on "Why Tennessee is the Lead-in University in the South." Considerng the subject, they said he made a very good speech. Derryberry, from U. T. replied with a speech on "Why Maryville is the best College in the South."

The meeting was turned over then to the Maryville men. Meikle read some of Vachel Lindsay's poems and receved several encores on "The Caliope Yell" and "Congo." Meikle's wares were well appreciated. Bob Jensen. accompanied on the piano by W. B. Jones, then sang several songs and was well received by the University men. Johnson closed the program with a short talk on "Student Relationships in the Modern Age."

A few short songs and some yells closed the evening's program. The spirit of good fellowship was felt by all who were there. The University Y. expects to return the progrgam some time in the future.

This is but one of the items on the program of the Y. deputation team. They expect soon to put a program on at Wheat, Tenn., and other points in East Tennessee, as well as places in t he immediate locality. "All the programs of these Y. teams" says Dexter Graybeal, the chairman, "ranges from rollicking good humor to classical entertainment, and to gospel team work on Sunday.

HENRIETTA MILLS LORD PASSES AWAY IN DETROIT

Miss Henrietta Mills Lord, '00 died in Detroit, Mich., on March 9. The funeral services were held in Maryville this afternoon.

After graduating from Maryville Miss Lord taught French and German in the college . She then went abroad and studied in the University of Berlin. From 1905-09 Miss Lord again became Professor of French and German in the college. After resigning this position Miss Lord taught for some time in Oklahoma. From Oklahoma, Miss Lord went to the city schools of Detroit, Mich., where she remained until her death last Tuesday.

LIFE WORK MEETINGR CLOSE SUCCESSFULLY

Dr. Frank of Chicago Gave Stirring Addresses and Counseled Undecided Students Wisely

According to faculty members and leading students on the Hill, the Life Work Conference which closed which closed Sunday night was of an unusual degree of excellence, and it ranks as perhaps Maryville's best Conference of this kind.

Dr. R. W. Frank, of Chicago was an unusually strong speaker and Maryville was fortunate in having here for the entire Conference. Everyone enjoyed his opening address as well as his addresses Sunday. As the counsellor for the undecided group, Dr. Frank did noble work, and a large part of the student body became acquainted with him personally.

Dr. J. B. Matthews also made a lasting impression on Maryville. The men will not soon forget his addresses at Sunday School Sunday. His address on "Life's Great Adventure" was one of the most challenging messages of the Conference.

Everyone will cherish a happy memory of Mr. Rogers and his work. All the leaders were able men and were well received by the students.

The personal interviews afforded probably the greatest opportunity for help on personal problems with reference to life work. No effort was made to keep an accurate account of decisions, but it is safe to say that many were strengthened in their already chosen life work, and many were brought to a decision.

Thanks are due the students who worked to get up such a Conference for Maryville. The Christian Associations are to be congratulated on putting on such a successful Conference.

Miss Avelyn Morriss of Knoxville was the week end guest of Frances Stephens.

Mrs. W. H. Turner, of Albany, Alabama, spent several days on the Hill visiting her daughter, Margaret Turner.

Paul N. Guthrie, of U. T., who is well known to a number of students on the Hill, attended the varsity girls' debate last Saturday, and stayed over for the closing program of the Life Work Conference. Mr. Guthrie acted as Chairman of the Tennessee Christion Student Conference held at Chattanooga last November.

"Tommy" Thompson, a member of the Sophomore class last year, spent a few days on the Hill after a debate trip which included Georgetown, Ky., and other colleges in this section. "Tommy" is going to school this year at Baldwin-Wallace College, Berea, Ohio.

Among the members of the class of '25 who visited the Hill this week were Mabel Higgenbotham and Ed. Cathey. The former is teaching Home Economics in the Kingston High School, Kingston, Tenn.

CINDER ARTISTS TRAINING NOW

Forty Men In Training for Five Meets to Come Soon

ONE MEET HERE

Nine Returning Letter-men to Be Stiff Opposition for Competitors

With interest running high, track work is blossoming into its own as a real major sport in the college this year. Confronted with the heaviest schedule that has ever been undertaken by the school, several new stars will have to be uncovered soon meets are to be won.

An entry blank has been sent to Atlanta for the Georgia Tech Relays which take place on April 10. So if any worthy stars show themselves in the Tennesse meet on April 3, the way is open to them for a free trip to Atlanta.

The schedule now rests as follows:

April 3.—Univ. of Tenn, there.

April 10.—Ga. Tech. Relay at Atlanta.

May 1—Univ. of Chattanooga at Chattanooga.

May 7—Georgetown, here.

May 15—Hawassee, there.

The bringing of Georgetown College here is indeed an epocal event Last year Georgetown was beaten by a one point margin. With the track in good condition, this should be a fast contest.

Inter-class Meet

In addition to the above meets, there is the inter-class field day which is sponsored by the Y. M. C. A. Each year a silver cup is given to the high point man. Much interest is shown in the different classes. In 1924-25, the present senior class carried off the high honors of the day.

The athletic field has been teem-

(Continued on Page Three)

"SINGERS" PRE ARE FOR COMING TRIPS

Will Entertain Rotary Club at Knoxville on Next Tuesday Evening

Maryville's "Merry Music Makers" are now rounding into shape a well planned and balanced program, and preparations are fast being made for the annual concert tour.

Although the student body has not heard much of the Glee Singers for a while this is no indication that they have been idle. The Singers have ben holding three rehearsals a week for some time and prospects are indeed bright for one of the best, if not the best, program ever offered by the Maryville Glee Singers.

The organization is composed of fifteen men all of whom have had vvocal training and most of whon are capable of solo work. These men are singing in first class form, several rollicking and humorous numbers as well as the heavier numbers on the program.

In addition to the ensemble singing, the Glee Singers' Quartette will have its usual place on the program, and for those students who have been fortunate enough to hear one or more concerts in the past years nothing more need be said. The quartette is in tip top shape and bids fair to please all audiences.

Talented Soloists

Of course they are again very fortunate in the soloists who represent them this year. Raymond Anderson and Edward Hamilton, both seasoned soloists, who have entertained many Glee Singers' patrons, will again en-

(Continued on Page Two)

Y. W. C. A. CABINET

Margaret Lewis, president-elect of Y. W. announces the Cabinet of the Y. W. C. A. for 1926-27 is as follows:

Social Chairman—Evelyn Norton.
Social Service—Marie Elmore.
Bible Study—Florence Black.
World Fellowship—Willie Mae Clifton.
Library—Mary Davenport.
Music—Ruth Shubert and Mary Chris Benn.
Lyceum—Eleanor Franklin.
Publicity—Betty Keown.
Conferences—Nelle Johnson.
Y. Store—Louise Baird.
Athletics—Emily Simpson.
Devotional—Betty Jane Sharp.

FRED HOPE PLEDGES MUST BE PAID NOW

Check for $1,000.00 Will be Sent to Maryville's Missionay on April First.

Students are meeting their Fred Hope pledges in a fine way, judging from the receipts of Miss Clemmie Henry who is handling the pledges from her office in Anderson Hall. Many pledges were paid last Thursday at the desk in Mr. Proffitt's office and since that time others have visited Miss Henry's office and swelled the total considerably.

A check up made just before this paper goes to press shows that 214 students have paid in a total of $539.52. A complete check of the drive showed that 569 stuoents contributed the sum of $1466.60, by far the largest amount ever subscribed to Fred Hope's work.

There are a large number of pledges for March 10th payment that are unpaid. This is no doubt due to the fact that announcements were not made from chapel reminding the students of their pledges and they have overlooked the payment of them.

Think how happy Fred Hope will be to receive a check for $1,000.00 a few weeks after the first of April, and that is what is going to happen, for when all the March 10th pledges are paid in, a check for this amount will be sent to Philadelphia for forwarding to Fred Hope in Africa.

Don't forget that pledge, if you are in doubt as to the amount or date of payment Miss Henry will inform you. Drop into her office as you pass through Anderson and get your card from her.

The goils of the University of Ohio are surely a tough bunch. During a recent production of "Amorocco" by Scarlet Mask, the dramatic club, the chorines were impersonated by the boys. Some kind-hearted soul was heard to remark, "It's a shame those nice looking boys have to associate with such tough-looking girls."

An under-graduate of Ohio State University is now studying at a University in Germany. He says that there is a decided contrast to the American system. Quizzing and threats of expulsion are beyond the gate of consideration. Their principle is that one comes to school for one subject only, and the different groups are ths segregated. Text-books are not used and one chooses his professors with the utmost care. Degrees are given for knowledge rather than for credit hours. Gambling flourishes and dueling is a favorite sport.

All colleges at the University of Kentucky, except one, have repealed the honor system.

"Sleepy Time Gal," was voted the most popular with the students, in a contest that was recently held at the University of Washington.

GIRL DEBATERS WIN AND LOSE

Varsity Girls Win Decision Here But Lose to Tennessee at Knoxville

TWO TO ONE DECISION

Freshmen Girls to Debate University of Tennessee Tomorrow Night

The first varsity girl's debate of the season was held last Saturday when they debated the University of Tennessee. The result was a tie in victories, for the Maryville team lost the decision at Knoxville, but won on the home floor.

Both girls teams debated the question: "The United States Air Service Should Be Made a Separate Department of National Defense.' The negative team composed of Nelle Watkins, Bland Morrow and Betty Keown debated at Knoxville. The affirmative team composed of Sarah Moore, Gayle Marshall and Denna Reaves debated in Voorhees chapel.

The decisions were two to one for both the University of Tennessee team and the Maryville team. Although both Maryville teams were not victorious in each debate they proved to be "worthy" and formidable opponents of the Tennessee girls, and the prospect is bright for a successful varsity girls' forensic season.

Tomorrow night in Voorhees chap-

(Continued on Page Two)

SUPER LIBRARY IS PLANED BY YALE

A "Book Tower" 192 Feet High and to cost $6,000,000—is to Contain 5,000,000 volumes

Now comes the super-library. A "book tower" no less than 192 feet high and 85 feet square, is to rest within two years on the campus of Yale, costing $6,000,000, housing eventually 5,000,000 volumes, admitting two thousand readers at one time.

With stained glass windows and constructed of stone, the building will be almost a cathedral. Inside the reading room is on a street level. In the main reading room are 15,000 of the most important reference books.

The "creative scholar" will go on into the tower, free to draw books from reachable shelves in broad aisles on any one of the twenty-two floors, and to turn for study into one of fifty similar rooms, comfortable in this liberal provision. Moreover, whether he is a graduate student at Yale, a professor writing a book, or a scholarly visitor from parts remote, he will find in this hospitable place four hundred stalls in which he can keep his books and papers for his little time.

There will be one little room of extraordinary interest—a replica of the Yale Library as it was in 1743—a room some 22 feet by 31, containing the same old volumes and entered by the same old doors, and fitted out with the same style of furniture.

DR WILSON AWAY

President Wilcon departed Monday for Chicago, where he will attend the General Council of Presbyterian Churches of U. S. A. He will be gone several days.

Garnet Leader of the class of '25, who is teaching Mathematics and Art in the Richard City High School, Richard City, Tenn., spent the week end on the Hill.

SINGERS PREPARE

(Continued from page one)

ing every afternoon for the past sev- liven the evening's entertainment with melodious songs.

In addition to the ensemble and solo numbers the Singers have secured the services of Paul Meikle as a reader. Meikle is generally considered to be one of the best of the many readers produced by the Expression Department of the college. Those students who have heard Meikle will look forward with great expectation to the home concert this year.

To Take Trip

On next Tuesday the Glee Singers journey to Knoxville where they will entertain the Rotary Club. The singers sang for this club last year and made a decided "hit" with every Rotarian. Then on the last of this month the "Merry Music Makers" go to Harriman where the entire program will be presented. The Singers have visited this city for the past two years and established a reputation of being the most capable and entertaining company to appear before audiences composed of the citizens of Harriman. Other concerts are pending and every man is enthusiastic and ambitious to make this the most successful year that the Singers have ever experienced.

For the benefit of the Freshmen and new students who have never heard a concert by The Maryville College Glee Singers below is given a few comments by the press. Johnson City says: "Bright catching tunes, artistic harmony and colorful acting combined to make the concert a highly entertaining musical and literary event." From Greeneville comes, "Every number of the program was greeted with hearty applause." The Harriman press says, "Music lovers of Harriman enjoyed a great treat." "A well balanced program, some real humor and clear acting * * " is a portion of the write up of the Singers by the press of Knoxville.

Prof. Hodge Mathes, President of the Civitan Club of Johnson City says, "Our people were greatly pleased with the Glee Singers' concert. The comments I heard after the concert were all of a highly complimentary nature. The general spirit of the boys added much to their stay in Johnson City.

So, students of Maryville College, you see that the Glee Singers have made a great reputation for "Old Maryville" in the past. Let us all back the Singers this year the very best we know how and help to make it a great season for the "Music Makers" and for the College.

PHIDELAH RICE

(Continued from page one)

clean heart, his clear head, and his winning personality, I do not wonder at his astonishing success."

Mr. Rice is coming here under the auspices of the Young Women's Christian Association. For his Maryville performance he will use one of three plays, "The Great Adventure," by Bennett; "The Man of the Hour," by Kennedy; or "Great Expectations," by Dickens. In all probability Mr. Rice will read "Great Expectations."

Three Years on One Play

The average time to prepare a play fir presentation is oue year. *However, Mr. Rice spent three years on* "Great Expectations." Much of this time was given to the dramatization, a difficult yet an easy feat with Dickens' infinite amount of detail.

"Dickens gave me an accurate picture of what he wanted done—some times it was hard to imitate, but I was afraid my audience would be disappointed. For instance, Uncle Pumblehook is described as having a mouth like a fish that had been left out of water and wiht an expression of having just been choked. Mr. Wymmick, the clerk, s paid to have a mouth like a postoffice slot, and a face apparently made of wood. If its maker had taken more time the man would have had dimples, as it is there are simply dents in the wood."

Maryville is particularly interested in Mr. Rice because of the close connection between the Department of Expression and the Leland Powers School. The Powers method is taught here and both Miss Edwards and Miss Sshibler have studied under Mr. Rice. Another student of his was Miss Irene Bewley who attended Maryville and taught here for some time.

Alpha Sigma

Alpha Sigma did not meet last Saturday night on account of the Life Work Conference.

Next Saturday night the trial of Allen vs. Allen will be resumed as already announced. It is almost certain that a decision will be reached at this meeting of the court. Mrs. Allen will testify and all those who have not seen the beautiful Mrs. Allen should be on hand. The lawyers are still laboring with the law books in the library and each believes he has the necessary "points" for the victory.

All those who have decided on law as their vocation for life should be out and hear this clash of law and brains.

The public is invited to come early in order that court may start on time.

Everybody out.

—Gordon Jeffries, Editor.

Bainonian

Do you know what next Wednesday is? It is St. Patrick's Day. Our new program chairman is putting on a timely Irish program. In this she will endeavor to show something of the spirit, of traditions, fanciful superstitions and emotional nature of Ireland, especially something of its renaissance.

The program will consist of Irish songs, such as Mother Machree, and the Wearing of the Green. There also yill be Irish readings and a one-act play.

Our new officers will come into office Saturday. Everyone out, to see this program and help make it better by your presence.

—Marie Elmore, Editor

COLLEGE SHOULD HAVE NO CHEMISTRY

Is decision Reached By Debaters in Chemistry Club

On Tuesday evening, March 9th the Chemistry Club had a very interesting meeting. After the meeting was called to order by the president, the program secretary took charge of the program. The members responded to the roll call with chemical formula which was to be guessed by the succeeding member. After this strenuous mental exercise there was an extemporaneous debate on the subject: esolved, that chemistry should be abolished from college. This debate proved to be very entertaining and amusing. Public opinion seemed to favor the affirmative, for there were bursts of applause from the Freshmen visitors each time a point was scored for the abolition of chemistry. Also, the three judges were Freshmen chemists and the affirmative side received the three votes. Following the debate, a talk was given by Prof. F. A. Griffits on "Catalysis." This talk was both interesting and instructive.

The next meeting of the club will be held March 23rd. At that time some pictures concerning Industrial Chemistry will be shown. The meeting will be held in either the Y. M. or Y. W. auditorium. Announcement will be made in chapel later.

A Japanese student at the University of Wisconsin speaks 13 languages. He speaks Japanese, however, less frequently than the others.

GIRL DEBATERS

(Continued from page one)

el the Freshmen girls will debate the University of Tennessee girls. The question is, "Resolved, that the Exclusion Provision in the 1924 Immiggration Bill Should Be Repealed."

The negative team composed of Mary Davenport, Annielea Sliger, and Artie Watkins will travel to Knoxville. The affirmative team composed of Berda Carlock, Mary Davenport and Emily Simpson, will debate on the home floor.

Proffitt's

One of the power amplifier stages of the world's first super-power transmitter

Antenna of super-power transmitter

The World's Loudest Voice

On the rolling plains of South Schenectady, in several scattered buildings, is a vast laboratory for studying radio broadcasting problems. Gathered here are many kinds and sizes of transmitters, from the short-wave and low-power sets to the giant super-power unit with a 50- to 250-kilowatt voice.

Super-power and simultaneous broadcasting on several wave lengths from the same station are among the startling later-day developments in radio. And even with hundreds of broadcasting stations daily on the air throughout the land, these latest developments stand for still better service to millions of listeners.

Only five years old, yet radio broadcasting has developed from a laboratory experiment into a mighty industry. And alert, keen young men have reaped the rewards.

But history repeats itself. Other electrical developments will continue to appear. And it will be the college man, with broad vision and trained mind, who will be ready to serve and succeed.

From the studio of WGY in Schenectady, six miles from the developmental station, there may be controlled a great number of transmitters, one of which is the first super-power transmitter in the world. WGY, together with its associates, KOA of Denver and KGO of Oakland, is the General Electric Company's assurance to the American public that radio broadcasting shall be maintained upon the highest standards.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

eral weeks with erstwhile Paddocks and Nurmis. Undaunted by wintry blasts about 40 men are out every day striving for recognition.

L. E. Milling leader of the 1926 Sons of Mercury, is showing great form in topping the bar this year. Last year he went 10 feet 6 inches, but expects to make it eleven easily this year.

He is being pushed closely by his brother, Lamar, no doubt proving the laws of heredity.

Bob Bishop who takes the long jump is getting into condition early this season. This is Bob's last year and he wants a record that will last a while.

Although Bob Thrower will be missed this year when it comes to heaving the weight, he is developing Jimmie Holland to take his place.

Brock, who made a new record for the discus last year, states that he has developed his form now so that he can easily add feet to his last year's throw.

Edsall, the fast timber-topper, has his mind set on taking a place in the "Relays", so there is no doubt but what he will set a new record.

McDonald has changed his form in the high jump and has as his ambition, the attaining of six feet in this event.

John Morgan will again strive to attain his "M' in the quarter-mile dash.

"Billie" Crawford, who showed great prospects last year of being a great addition to the Orange and Garnet team, has been keeping in good condition and should be one of this year's best dash men.

Taylor Crawford, in the 220; Welbon in the 2 mile, Lipp in the mid-distances are showing up well.

RESOLUTIONS

Wheres the All-Wise and Infinite Providence has called to his rest the father of ou friend and classmate Louise Barker,

Be it resolved that we, the members of the Senior Class, extend to our classmate and her family our sincere and heartfelt sympathy in this time of sorrow and bereavement.

Be it further resolved, that a copy of these resolutions be sent to the bereaved family, that a copy be read in Chapel, and that a copy be printed in the Highland Echo.

Signed,
Clinton Puff, Chairman
Carrie Murray,
Helen Bauman.

Coach Hager, of Washington Agricultural College, says the Charleston is a great benefit to basketball players by overcoming fallen arches and flat feet.

THE KIND OF EDUCATION

Of late years ths country has been tending more and more toward vocational education. That, of course is the practical value of education, and yet it is beginning to look as if we might be going to extremes in being practical. For, after all, edbeing practicel. For ,after all, education is not merely the acquiring of that knowledge which will help us to make a living but which will teach us how to live.

A thorough foundation in the classics, in languages, in philosophy, according to many people, is just so much time wasted. Let us see.

Just because a man is going to be an electrical engineer is no reason why he should not equip himself with the sort of learning which will enable him to get the very best out of his existence—the appreciation of good music, for instance, the ability to enjoy a landscape, a comprehension of ancient and medieval history, an understanding of the vavrious racial characteristics of the peoples of the earth.

For we must all realize that there is a great deal more to life than the mere making of money. And if we do not realize this, it s high time that we were doing so.

America is overflowing now with business men who have had nothing but a practical education, and the older they grow the narrower their outlook becomes and the less pleasure they get from living. They know nothing but one thing—the transacting of their business. They have no no mental reserves to fall back upon. They cannot take delight in beautiful pictures, great music moves them not, fine books lie unopened in their libraries. They never catch the glamor in the towering cities in which they live, the glo wing earth and radiant sky are never seen in all their beauty by their dull eyes, they never sense the bit of God's divinity in the people who stream by them every doy. Life ti them is no more wonderful than a succession of days when money can be made.

They are the victims of too practical education. They have never known how to live. Let us see that we do not get too practical an education.

ADVICE TO FRESHMEN

Owls are the only birds that ever cut their wisdom teeth by running around at night; and they're rare.

ALUMNI GYMNASIUM IS PLAYGROUND OF BASEBALL PLAYERS

Rough Weather Drives Aspirants For Baseball Nine Indoors.

FIRST GAME APRIL 13TH

Tusculum Cancels Game That Was Booked To Be Played April Third.

(By Robert Armstrong)

Owing to the rough weather, and due to the fact that a game is scheduled to be played in less than three weeks, the Alumni gymnasium has been crowded with hopeful baseball players, aspiring to make the Maryville Nine.

The men are in the gymnasium from three to five-thirty o'clock every day, loosening up their unused muscles and getting in condition in general for the heavy and difficult schedule that confronts them. In addition to getting loosened up and learning to handle the ball, Coach Honaker has been drilling the men by means of lectures which he gives frequently. None of the men have complained of sore arms which are the bugaboo of all baseball players.

Although the men have only been able to use the diamond for a few days Coach seems to have gotten a line on the men and has now reduced the squad to twenty five members. At the first of the season more than forty men put in their appearance. Some of these however, had no hopes of making the team but merely went out for a few days for pleasure. Most of these men remained away from practice and thus were eliminated. So far it has been almost impossible to predict what kind of a club will represent the Orange and Garnet this year but with nine lettermen returning Coach should be able to develop a hard-hitting and fast crew of men.

The first game of the season which was scheduled to be played by Tusculum College here on April the third has been cancelled. Manager Blankenship is at present trying to induce Tusculum to come here on April the second, but

(Continued on page four)

PROFESSOR ORR TO SPEAK TO Y. M. C. A

Special Music Will Also Be a Part of Program.—Installation of Officers April 4th.

Prof. Orr will speak at the Y. M. C. A. meeting Sunday afternoon at one o'clock in Bartlett Hall. Prof. Orr is always interesting and will give us a great message Sunday. Special music will also be included in the program.

On April 4, installation of new officers will take place. At this meeting the new officers will announce their plans as they go into office. The new officers and cabinet will go to Montvale for an overnight retreat March 28th.

Every man out to the Y. Sunday to hear Prof. Orr; one o'clock at Bartlett Hall. So far there has been a very good attendance at the meetings of the Christian Association. It may be a trifle hard to get over to Bartlett on these Sunday afternoons of spring weather, but every man will be amply repaid for his efforts with the helpful advice in the excellent addresses that are given.

The Professors say they are getting some rare work from the students this year—not well done.

HIGHLAND ECHO NOMINEES

The following names include all those chosen by the faculty as candidates for the editorship of the *Highland Echo*. The election will take place next Friday night immediately after supper. The president of the senior class will preside at the election.

Jeannette Alford, Louise Baird, Edward Chandler, Albert Cook, John Crawford, E. P. Downey, Kathleen Hunnicutt, Gordon Jeffries, Robert Jensen, W. B. Jones, Bland Morrow, Catherine Rule, Ruth Shubert, Merlin Usner, Annie Vanderslice, Nelle Watkins.

EDWARD HENRY HAMILTON, JUNIOR

Maryville College now has prospects for a great football team in 1944. With the arrival of Edward Henry Hamilton, Jr., the hopes of the future college teams were considerably bolstered. His fond daddy, ''Ham'', remarks that he believes ''Ham Jr.'' will make a quarterback instead of a tackle. He says the boy has a strong voice at any rate.

Y. M. C. A. PLANNING FOR YEAR'S WORK

President Harvey Chooses 18 Men To Form His Cabinet—Cabinet to Make Trip to Montvale Springs.

President-elect Harvey of the Y. M. C. A. announces his cabinet as follows:

Weekly Meetings, Earl Storey
Membership, Percy Rosa
Athletics, Billy Crawford
Social, George Crawford
Intercollegiate Relations, Walter Burris
Bible Study, Walter Courtney
Deputations, Peaul Meikle
Lyceum, Robert Jensen
Music, Robert Anderson
Delegations, Ernest Frei
Social Service Phay Downey
Mission Study, Wilbur Franklin
Publicity, Charles Jones
Hi-Y, Maynard Layman

The four officers, Harvey, Cook, Jones and Harold, together with this new cabinet will go to Montvale, March 28, for an over-night retreat to lay plans for their work, beginning April 1st.

These Montvale trips have come to have a real significance in the history of the Y, and to the men who have the privilege of attending them. Away from the distractions of civilized life, a group of men interested in a great movement such as the Y. M. C. A. feel the bonds of Christian fellowship as they plan for their coming work on Maryville campus.

The Montvale trip this year, judging from past experiences, will hold in store a jolly good time for all, with good grub, cooked over an outdoor fire, bunking on the ground over night, and the trip to Look Rock for a sunrise service.

President Harvey is slow to disclose his plans before the Montvale Conference, but he intimates that the new administration is looking forward to the best year Maryville has ever seen in Y. M. C. A. activities. The athletic program will be of a broader nature, and the religious meetings will continue their high standard, and Bible Study and Mission Study classes will be formed.

All prospects point to a year of unparallelled service of the Y. M. C. A. to the student body next year. Every man on the Hill should be back of these new officers and cabinet.

SPIRITISM EXPOSED BY DE JEN COMPANY MASTER MAGICIANS

Entertainers Will Show How So-called Mediums Hood-Wink Public.

LAST LYCEUM NUMBER

Will Vanish Lady From Stage In Full View of The Entire Audience.

A thrilling, hair-raising, dramatic entertainment of enlightenment entitled ''Counterfeit Miracles'' in which a daring exposure is made of spiritism, psychic phenomena, crystal gazing, mindreading, methods of fradulent mediums, etc., using some of the world's greatest mysteries and illusions in the demonstrations, is to be presented by Den Jen and Company at Voorhees Chapel next Tuesday evening.

De Jen and Company is not a company of magicians or sleight-of hand performers, and does not do a lot of funny tricks and pull rabbits from people's coats, but a life-size ghost will float over the heads of the audience, spirits will manifest themselves in many different ways, just to be exposed in ''The Act''. In other words, The De Jen Company produces some of the world's greatest mysteries and illusions and then explains them.

The members composing this unusual company have spent all their lives studying and investigating spiritism, physic phenomena, mind reading, psychology, illusion, etc., and know all the secrets of Hindu fakirs as well as the modern magician. In short the program is backed with genuine scientific knowledge.

As the most unusual feature of a most unusual performance, the De Jens will present their own and original tests in thought-transference. Lucile De Jen, seated at the piano, plays and sings any musical selection under the sun, mentally thought of by the audience. She clearly demonstrates what a highly developed mind can accomplish by practice and study, and how easy it would be to ascribe such remarkable and natural talents to supernatural powers.

Exposes ''The Supernatural''

Mr. De Jen will demonstrate to you the ridiculously simple methods of the crystal gazers, clairvoyants, mind readers, fortune tellers, and other tricksters who lay claim to supernatural powers; who are deceiving and misleading millions of people with great detriment and often disastrous effects. He will produce a complete Spirit Seance as performed by the world's greatest mediums, showing you the identical manifestations that won over such eminent men as Sir Oliver Lodge and Sir Conan Doyle. He will produce these spirit manifestations not in his own private apartments, but on the brightly lighted stage, under conditions which he challenges any spirit medium on earth to comply. He will cause all the usual manifestations such as spirit photography, ectoplasm hands, table lifting, rapping, slate writing, materialization of faces, flowers and life size ghosts. After doing all of these mysterious ac-

(Continued on page three)

CATALOGUE OUT SOON

The College authorities announce that the new College Catalogue will arrive here and be ready for distribution about the first week in April. Proofs have been read and the book is now in the process of being printed. No new rules or regulations will be found in this year's catalogue.

SOPHOMORE EDITION

Introducing a plan in Maryville College that is in practice in many colleges throughout the country, the *Highland Echo* will put out a Sophomore edition. Unlike other editions, this issue will not be edited by the regular staff, but will be edited by a staff of students from the Sophomore class.

The paper published on April second will be gven over for this edition. This will give the Sophomore class next week to elect the editor for this issue. and he will choose his assistants from the Sophomore class. We urge the class to hold a meeting as soon as possible and elect an editor so that he may have time to prepare his copy.

Y. W. C. A.

''Y. W.'' will meet in Thaw Hall Sunday afternoon at 1:30.

Every girl is invited to the program which will be second in the series of the meetings discussing the Ten Commandments.

This Sunday the fourth, fifth and sixth commandments will be subject for the program.

VARSITY GIRLS TO DEBATE TUSCULUM

Freshmen Girls Divide Debate With Tennessee, Winning Here and Losing at Knoxville

Next Monday evening the varsity girls' debate team will engage the girls' team from Tusculum College in a forensic battle. The affirmative team will speak at Greeneville and the negative team will remain at Maryville.

The girls will debate te question ''The Japanese exclusion provision in the 1924 immigration act should be repealed''. Emily Minton, Vera Slagle and Kathleen Hunnicutt will make the trip to Tusculum College. Evelyn Porter, Mary Davenport and Josephine Parker will remain at home and argue the negative side of the issue.

Last Saturday night another dual meet was divided with the University of Tennessee when the Freshmen girls won a two to one decision here and lost by a two to one vote at Knoxville. The negative side of the issue was debated at Knoxville and the affirmative side at home. The girls composing the teams were Mary Davenport, Annielea Sliger, Artie Watkins, Verda Carlock, Mary White and Emily Simpson.

This debate which was on the Japanese Exclusion Bill was hotly contested by both sets of speakers. The Affirmative side put forth the argument that this bill was a double act of discrimination because of the National Origins Bill which is to be passed by the government in 1927. It was also shown by the girls that the exclusion bill would not remedy the situation in California. The opposition answered these arguments in a plausible manner showing that the above arguments would not hold true. Alienation of the Japanese friendship was set forth as another reason why the bill should not be enforced. But even in this case, it was shown, the United States has always acted frankly in the matter of the exclusion of immigrants of any nation that she did not want. Great Britain on the other hand excludes the Japanese but does so in a less direct manner. England forces all those who wish to enter that country to pass a series of tests before being allowed to come in.

MOST MEMBERS OF SENIOR CLASS TO TEACH NEXT YEAR

Thirty-Nine Members of the Class Will Make Teaching A Life Work.

SEVENTY IN CLASS

Six Students Will Continue In School Next Year In Universities.

Very few professions are going to receive the seniors of this year's graduating class. Practically all of them are going to enter one field—that of teaching. Some are going to coach, but most will occupy themselves with teaching alone.

This discovery was made when a census was taken of the Senior Class by the *Highland Echo*. In this census the individual was asked to state what he or she intended to do next year and what they intended as a life occupation. In many cases it was found that some intend to teach for a year or so and then enter some other line of work. Several of these intend to teach for a few years and then take graduate work. Quite a few of the graduating class intend to take an M. A. or Ph. D. degree and continue in the teaching profession.

Of the seventy members of this year's senior class only eleven are not going to teach during the coming year. Six members of the class will continue their schooling in higher institutions of learning. Three members will leave school and enter into a business career. Ten of the number questioned intend to teach for a year or so, and then take up some other occupation. Thirty-nine students will make teaching a life work.

The vocations that will receive the class members and the number that will enter the vocations are: teaching 39, business 4, ministry 3, law 3, medicine 2, engineering

(Continued on Page Four)

NATIONALLY KNOWN MAN HERE TONIGHT

Super-Artist To Entertain Students At The Chapel To-Night—Started as Glee Club Reader.

Years ago a small boy stood before a mirror watching himself ''make faces'' and training himself to look like as many different people as possible. He soon began to write scenes in which he played the role of two men; as reader of his glee club after he had entered college he developed and used this art to an even greater extent. This man was Phidelah Rice.

At the same time Leland Powers was developing the same ideas on ''one-man plays'' more elaborately. In some way, fortunately for Mr. Rice, Mr. Powers heard of the young glee club reader and wrote to him asking him to come to a school he was just establishing at Boston. ''I was just out of college and welcomed something to do'', said Mr. Rice. ''I went for a two year course. That was twenty years ago, and I'm there yet. Mr. Powers taught me all that he had accomplished in this line and together we have worked out the art of monacting.''

The students of last year that have heard Phidelah Rice will heartily agree that Mr. Rice has certainly accomplished all that he started out to do. By changing the expression of his face and the tone of his voice slightly, Mr. Rice can portray vividly to his audience any number of people who are supposed to be on the stage in any play.

THE HIGHLAND ECHO

Thirty issues per school year by the student body of Maryville College.

Subscription - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879

ELECTION OF EDITOR

The fact that the school politicians have already begun to sharpen their wits for the coming duel on next Friday when the election of the editor-in-chief of the HIGHLAND ECHO takes place, shows the need of some radical reorganization in the method of choosing such an important an official.

* * * * *

This year, as in the years gone by, the selection of the nominees for this position has been based on membership in one of the four literary societies on the Hill. How this plan of limiting the selection of nominees to the literary societies ever came about, we are only able to surmise. We suppose that at one time the literary societies played a more important part in the activities of the students than they do at present. Probably, for the lack of some better means of basing the selection of candidates, this method was chosen. As we see it, there is no logical connection between the school paper and the literary societies except that the societies publish an account of their activities in the paper each week, a fact which does not seem to us to warrant the election of a member of a certain literary society in order to have their write-up come first in the week's news.

In choosing the editor of the college paper, as in the election of any other school officer, we believe in the selection of the best man for the place.

* * * * *

If a man or woman is more capable than another of filling a certain position, we believe in giving him the place regardless of his society affiliations, how he parts his hair, or any other minor characteristic; if he has the ability, we believe in giving him the place. This seems to be what we are striving for in our national government, so why not begin the practice of choosing men and women for office on this basis, here and now.

If literary society connections are to be used in picking men and women for different offices, why pick on the college paper?

* * * * *

Why not choose a man for the captainacy of the football team because he made a good speech on "The Ability of Red Grange" at the last literary society meeting. Why are not the presidents of the different classes and of other campus organizations chosen on the basis of society affiliation? We do not ever remember of the editor of the Chilhowean being elected to that position because he was a member of a certain society, and why elect a man editor of the *Highland Echo* for that reason. The students, in order to fill offices with the most capable of their number, should vote in a non-partisan way.

In this next election we urge every loyal student to be present and to cast his vote for the man or woman whom he considers to be the most capable of filling the office in question. Having done this, we believe he will have done his duty as a loyal student of Maryville College.

PREREQUISITES OF A COLLEGE EDITOR

A college editor is a peculiar kind of animal. He should be a superman, endowed with the patience of Job, the foresight of Amos, the memory of Mr. Addison Sims of Seattle, and the imagination of Shelley. He must not lack the editorial ability of Arthur Brisbane, the managing and directing ability of Charles. M. Schwab, the diplomacy of Woodrow Wilson, the comprehension of H. G. Wells, and the judicial qualities of former Chief Justice Marshall. He needs the keen humor of Don Marquis, the dignity and philosophy of Socrates, the religion of John Wesley, the earnestness of Billy Sunday, and the agnostic tendencies of Robert Ingersoll. He must be well acquainted with Roget's thesaurus of English words and phrases, should possess the literary ability of Shakepeare, and the lack of conscience to perpetrate the atrocities of Amy Lowell.

In addition to these few qualifications, he needs the physique of Jack Dempsey, the nerve of a hold up man, the deference of Shylock, Edison's ability to get along on three or four hours sleep, and Clemenceau's three or four hard-boiled eggs for breakfast. His brain should be so constituted that he could absorb the essentials of a seventeen-credit course by means of the barest perusals of the subjects therein contained and pass the final exams with honor so that the faculty will respect him and allow him to remain in school. He should be absolutely foreign to the needs of rest, sleep, eating, recreation, love of society, inclination for glory in athletics, school activities, and love. He must be a profound student of human nature so as to not incure the animosity of those who wish to have published the hopeless fruits of their endeavors along poetical, humorous, and essayical lines.

With these few requirements, he should be able to qualify as a fairly competent editor, and there is a possibility that he would not be hauled on the faculty carpet more than once a week, and kicked by the student body in general more than once a day. —Ex.

WOOSTER COLLEGE, WOOSTER, OHIO

(Editor's note: This is the first of a series of letters from other schools, giving their methods of governing the college paper).

I summarize briefly the method employed here in the selecting of the Editor.

The Editor is chosen by a "Voice" Board of Control which meets sometime in the fore part of May. The Board is composed of The Editor and Business Manager of the past year, two members of the Faculty, two members of the Student Senate, and one student at large chosen by the Student Senate. The faculty members are chosen by the faculty, and were the two Deans last year. The new editor takes over the paper the first of June, putting out the last issue of that year.

The Editor's compensation here is $150.00, about $5.00 an issue.

We have no journalism classes, or anything of the sort connected.

In our paper we allot enough room to the Business Manager to provide the necessary funds for publication of the paper. Our revenue is about 60% advertising and 40% subscription. That means of our four-page seven column of 20 inches, about ten columns of ads, and 18 of news material which we allocate as follows: editorials 3, humor and columnists 1, a review of international politics 1, a general column of national comment 1, sports 3 (rarely more), general 9. The Business Manager receives $150.00, and has charge of all finances. Next year, however, I believe that we may switch over to the type of paper put out by Denison, no ads, and elimination of Business Manager except as to circulation requirements. That will mean a corresponding reduction in the size of the paper.

Politics and popularity don't enter into our elections very much, otherwise the past three editors would have been different ones, I can assure you.

I have enjoyed your paper greatly, and wish you continued fortune,

Yours very sincerely, Andrew Stevenson, Jr.

ROANOKE COLLEGE. SALEM, VIRGINIA

The Editor-in-Chief of the Brackety-Ack is chosen by a committee, the members of which are the former Editor-in-Chief, the Business Manager, the President of the Student Body, and the Secretary of the College. This committee selects a man whom they think capable of the position, and his name together with the nominations for Business Manager, and Managing Editor are placed before the student body as recommendations from the nominating committee. Unless some serious and well-founded objection is raised in the student body these names are passed by a motion from the floor, usually unanimously.

The Editor-in-Chief does not receive a salary, but he holds an office that receives under the Point System in operation at Roanoke College 5 points of credit. This is not scholastic credit, however.

At present there are no classes of journalism connected with the paper.

Approximately six columns (13 by 2 1-2 inches) are given to the Business Manager for advertising purposes this year. The Brackety-Ack is handling more advertising matter this year in order to enlarge the paper to 8 pages.

The Business Manager receives no salary but, like the Editor-in-Chief holds a 5 point office. However, his necessary experses including meals while on the job, and travelling expenses are paid by the Brackety-Ack.

Very truly yours, Harold T. Freed.

EASTER CANDIES

DELICIOUS SWEETS—The kind that melt in your mouth—the kind that make you want more, also done up in an attractive Easter Package. No better way of to show your affection on Easter Morn than by presenting a box of our sweets.

ATTAINMENTS

Some do not realize that we are in the midst of the most opportune time of all time to achieve for ourselves that distinction in outside activities that will mean so much to us in later life, when prospective employers will carefully scrutenize the records that we have left behind. Although there are some that go to the extreme in extra-curriculum activities as in the case of the "campus big man," others do not take any interest whatsoever in the activities that do not relate directly to their regular work.

Let us project ourselves into the veiled depths of the future for just a moment, long enough to see our own families and all that they mean to us. Imagine yourself in this position and think back over the days when you were in college. Think of what you missed, the training in this „ that, or the other thing, which you need so much tomorrow in order to put over that big deal, or whatever it may be, that will mean so many more comforts for you and yours. Think of this; then think of the present standing at your feet, calling, beckoning, challenging you to do these things which will add so much more to the future happiness about which you already dream.

After this think of the things which now offer themselves to you, golden opportunities coming to you from the tree of knowledge, fruit waiting to be plucked by you. This fruit is a representation of the many activities of the school in which you ought to be participating, from which you ought to be reaping the benefits held out to you in the form of prize contests, forensic work, musical organizations, school publications and athletic teams.

It is a duty to yourself and to tll those who might in any way be influenced by you, to become interested in some activity which cannot help but shower upon you the golden rewards of experience.

BE PREPARED

Times have changed and success in the world is not as easy to attain as it once was. This is an age of progress and stiff competition and the man who succeeds is the man who is prepared. In this age preparedness is not only a precaution, but it is the key to success. Opportunities are constantly being offered to people, but how many are prepared to grasp them?

The reason you are gattending school is that you may be prepared for entrance into the world that is teming with business activity and it is up to you to see that you get sufficient preparation to enable you to grasp the opportunities that are open to the wide-awake man or woman.

HAPPENINGS IN COLLEGES

Roller skating is the order of the day for the co-eds at the University of Texas during the week preceding exams, accordng to Miss Anna Hiss of the physical activities department. "We are trying to encourage the girls to engage in some form of recreation which will get them in better condition for the examination week." We wonder if that's the only reason?

The University of Michigan has acquired the historical papers of Major General Nathaniel Green and Major General Sir Henry Clinton. The purchase involved the expenditure of more than $75,000. The Green collection is second only to the Washington papers which are in a public depository in the East.

The University of California, through the student executive council, has refused to sanction the second foreign trip of the university glee club. They give as their reason the fact that the club's program included jazz and vaudeville, which, they say, "would not fairly represent the university."

Flowers that express your love better than words.

Birchfiel & McMahan DRUGGISTS

Order Early and Avoid Disappointment

Representing Crouch, Florist

LITERARY SOCIETIES

Alpha Sigma

Last Saturday night the Alpha Sigma Court of Errors convened and the case of Allen vs Allen was taken up. On account of the Maryville-U. T. debate on that night, the court adjourned early before a decision was made. The case will proceed next Saturday night when a decision will surely be reached, as most of the witnesses have testified. Everyone should be out to hear the outcome of this great trial.

Immediatley after the trial, the society will have the election of the officers for the remaining term of the school year. It behooves every member to come out and take a part in this election. Remember the words of Hon. Pat Quinn, "Do your duty".

—Gordon Jeffries, Editor

Athenian

Last Saturday evening marked the close of another successful term of officers for the Athenian Literary Society. At this meeting the new officers were sworn in. After the swearing in of the new officers was finished, Mr. P. Dexter Graybeal delivered to the society his oration, "Tennessee, The Volunteer State.". This was without doubt one of the best orations ever delivered in Athenian Hall. Mr. Graybeal, in his oration, painted such a wonderful picture of the state that all men who heard him wished they might be able to say that Tennessee is their native state.

The meeting for Saturday night, March 20th, will be of the nature of a Life Work Conference. It will be presented by seniors, and seven different professions will be represented. Everbyody invited to hear this interesting program. The society expects to carry on the good work under the leadership of Mr. Graybeal as president, Mr. "Red" Brown as program secretary, and with the help of the other officers and all members.

Theta Epsilon

What girl has not at some time longed to go to Haiwaii? Now is your chance. A free ticket is waiting for you at Theta, but remember this offer will close at eight o"clock March 20. You can't afford to miss this trip. Some travelers enjoy scenery, others enjoy the warm breezes and various other things, but everyone enjoys Hawaiin music.

The Theta program Saturday evening will be "A Trip to Hawaii". Our new program secretaries are working hard and we know their program will be very satisfactory. Let's show them that we're behind them by being one hundred percent present Saturday evening.

—Ellen Cox, Editor

Comments on Old Editions of Echo.

A blank, empty, staring space in an otherwise well-filled copy of the Highland Echo for March 20, 1917—a white space marred only by these thought-provoking words, "This paragraph deleted by the censor." What witty retort, what too pungent bit of sarcasm was lost? We wonder and conjecture as those youths and maidens of 1917 must have done. Except for that one fall from grace, all the copies of the Echo for 1916-1917 were filled with items that are interesting ten years later.

In the November 21, 1916 copy we read, "The senior class is planning a prophecy party. Each member is to dress and act as he or she expects to do and act 20 years years hence." We are sorry that the seniors did not publish what was worn, but we doubt if they looked ahead even 10 years to scant skirts, balloon trousers, and shingled hair.

It is on record that the juniors once got ahead of the seniors. We read, "The juniors of Mississippi College have started something new. They have purchased jerseys for the class instead of pins. Even the seniors are compelled to notice." But now the seniors are wearing the products of the juniors' ideas and are forbidding their lesser brothers to wear the said class "jerseys" on pain of execution.

In the Echo of January 9, 1917 we read that Dr. Wilson presented the Echo with a copy of his new book, "A Century of Maryville College".

The war was affecting even the literary programs. On January 19, 1917 Theta gave her annual midwinter. It was not a play, but a program arranged in four tableaux showing the effects of war on women in the different countries.

On February 20, 1917, thirty-four cases of measles were reported at the hospital. College students ought to have learned that measles should be contracted in childhood and thus disposed of in early life.

In the issue of April 10, 1917, stirring events were reported. The faculty announced that voluntary military training would begin at Maryville as in other colleges of the land to prepare the students to serve their country. Prof. D. J. Brittain and Captain Lonas were to drill the men. Dr. Ellis was to conduct classes for girls in Red Cross First Aid. Maryville College was enlisted in the World War.

On April 18th at six o'clock at night the first drill was conducted. The men used wooden guns.

The Echo announced May 1, 1917 that college was to close two weeks early in order that the men might enlist as soon as possible in the training camps.

On May 8, 1917, Dr. Wilson, on his return from the North reviewed the companies and expressed himself as glad to see the students of Maryville College preparing to serve their country.

On May 22, 1917 the Echo announced the dedication services of new Carnegie Hall, rebuilt at a cost of $60,000. This was the last issue for that college year.

There's always someone taking the kick out of life. The authorities of the University of Oklahoma have banished automobiles from the campus. One enterprising student brought an aeroplane to school but this soon fell under the ban also. The Oklahomans now have under discussion the advisability of bringing to the fore an old-fashioned and antique phrase, "the horse-and-buggy." A definition of this obsolete phrase may bo found in any unabridged dictonary by those not well versed in ancient history.

(Photographer (to Freshman): "Now try not to think of yourself at all. Think of something pleasant."

ALUMNI GYMNASIUM IS PLAYGROUND OF BASEBALL PLAYERS

(Continued from page one)

as the schedule now stands the 1926 season will be opened with Lincoln Memorial University here on April 13th.

If the weather ever becomes warm enough the men will be enabled to practice out-of-doors and should be at top form by the time the first game is to be played. The men cannot get any batting practice indoors, a part of baseball training that cannot be neglected if a first-class club is to be produced The men have been longing for some real warm sunny weather which has always marked the beginning of the baseball season until this year.

FURMAN DEBATE TEAM MONDAY

The Highland Echo

ATTEND ECHO ELECTION TONIGHT

VOL. XI. MARYVILLE, TENNESSEE. FRI., MARCH 26, 1926 NO. 23

BALL SEASON TO OPEN APRIL 6TH

Men Have First Real Practice This Week When Spring Weather Puts In Appearance.

NEW MEN TESTED

Knoxville Smokies To Engage Highlanders In First Game; Team To Play Georgetown And Tennessee.

The long-awaited beginning of the baseball season is drawing near. The lingering winter and the late coming of Spring have been a drawback to practice, but with the first few days of warm weather this week the team was out on the diamond practicing.

The pitchers until this last week have been loosening up their arms and getting into general good condition, but the last few days Coach has been putting them on the mound and allowing them to pitch several innings before yanking them. In practice ''Lefty'' Harvey, John Stone and ''Dick'' Smith have been used in the pitchers box. Smith although a new man has been showing a lot of ''stuff'' and should make a valuable addition to the club this year. If, as has often been said, the pitchers make the club, Maryville can look forward to the best team in years.

''Coker'' Clemens Out

The club has also been strengthened by the addition of ''Coker'' Clemens who put in his appearance several days ago. ''Coker'' has played considerable sandlot baseball and has a ''rep'' of being a splendid catcher. He has as yet, not had much of a chance to prove his ability, because the team has had only three or four good practice games, and these games lasting only three or four innings. Clemens, ''Pete'' Sneed and Ted Hawn will no doubt divide the time spent behind the bat.

Coach has been trying various combinations in both the outfield and infield in the endeavor to find one that will work together smoothly. The best combination that has been found is the same as that used last year. Shores on first, Shanks

(Continued on page three)

So Says Mrs. De Jen When Interviewed After Performance—Maintains That She Plays Music by Mental Suggestion.

''Maryville College students are educated—they know when to laugh'', said Mrs. De Jen in an interview after the De Jen Company's performance here Tuesday night. ''At some places where we give our program the audience laughs at everything, but your audience laughed at the right places, and showed that it appreciated the humor in our program.

You want to know about that playing by mental suggestion? That is a very hard act. My husband and I worked on that quite a long time before we were willing to present it to the public. It is done by mental telepathy.''

When Mrs. De Jen as questioned as to where her husband learned his ''black magic'', she replied that he just picked it up. He came from Europe and was a commercial artist here for awhile, but became so intensely interested in

(Continued on page three)

INTERESTING

Of the twenty-seven men whose names appear on the honor roll for this semester only two were regular users of tobacco during the last semester. One other used the noxious weed occasionally. Two others used tobacco regular when not in school. Thirteen of the number questioned have never used tobacco in any form. The nine others have used tobacco, but not recently. No girls were interviewed whose names appear on the honor roll, and it is taken for granted that none of them are addicted to the use of the weed.

TUSCULUM COLLEGE DEBATED BY GIRLS

Team Wins Here And Loses at Greeneville— Japanese Exclusion Bill Is Question Discussed.

Another debate was divided last Monday night when Tusculum College was debated, Maryville winning a two to one decision here, and losing by a three to nothing decision at Tusculum. The negative team, composed of Josephine Parker, Mary Davenport and Evelyn Porter remained at home. The Affirmative team, composed of Emily Minton, Vera Slagle and Kathleen Hunnicutt made the trip to Greeneville.

The question for argument was: ''Resolved, That the Japanese exclusion provisions in the Immigration Act of 1924 should be repealed.'' The opposing teams upholding the affirmative and negative sides of this issue were, perhaps, the most evenly matched of any of the girls' debate teams so far, and convincing arguments were ably presented by both sides. The affirmative side, upheld by the Tusculum girls, advanced the arguments that the Japanese exclusion provisions were arbitrary and humiliating, since the United States had acted too hastily; since the Gentleman's Agreement was still effective at the time of the passage of the provisions, and had been faithfully kept by Japan; since American capitalists had encouraged Japanese to come into this country; and since Japan is now a leading world power. The affirmative also argued that such an Act as that of 1924 is unjustly discriminatory, since Japanese conditions are not such as to warrant such drastic measures. They also maintained that the exclusion provisions were disturbing to Christian work being done in Japan; to the good will that has always existed heretofore between the U. S. and Japan; and that the exclusion desired can be accomplished much better by other means, such as a quota system.

The negative side, upheld by the Maryville team, maintained that the exclusion provisions should not be repealed, since they are necessary, because the Japanese are detrimental to American labor; they cannot be assimilated; the Gentleman's Agreement could not control Japanese immigration. They also maintined that the provisions are satisfactory, for they are definite; they are in accord with similar provisions in laws of other nations; they do not impair relations with Japan. The exclusions should not be repealed, they further maintained, because they are in keeping with the later development of America's immigration policy, for the U. S. now has a

(Continued on page three)

Furman University To Debate Here Monday

No Decision To Be Given— Glee Singers Will Entertain.

Next Monday evening in Voorhees Chapel comes the debate classic of the year when a picked team of Maryville girls debate with the team from Furman University of Greeneville, South Carolina. The Oxford Union plan of team debating will be followed; that is, two of the Maryville girls and one of the visitors will bedate against two of the Furman and one of the home girls.

The team from Furman is on a trip debating some of the best teams in the south. They have debated on this trip The University of Alabama, Union University, University of Mississippi, Centenary College, Mercer University, Louisiana State University. The night after they debate Maryville they will journey to Knoxville to meet the Tenessee debaters. The debate with Maryville is the only no decision contest of their trip.

The end sought by this plan is to break down in so far as is possible the factor of school rivalry and to make the debate an actual encounter of wits. In this debate the question will be: The United States should enter the World Court of International Justice without re-

JOINT MEETINGS OF LITERARY SOCIETIES

Bainonians and Athenians To Meet in Chapel. Thetas and Alpha Sigmas Assemble at Thaw Hall For Social Hour.

Bainonian—Athenian

The Bainonian and Athenian Literary Society will have their first joint meeting of the season, in the chapel, Saturday night.

The program will be full of the beauty, the color, and the joyous abundancy of Spring.

After the program there will be a social hour and plenty of eats.

The joint program of the brother and sister societies are very enjoyable. Here's your chance for a date.

Last Saturday night the new program chairman put on her first program which consisted of an Irish play, ''Spreading the News'' This was a very entertainmg program. Each character introduced some idea or custom of Ireland. And each person there received and idea as to how news spreads.

From this program every one looking forward to good programs every Saturday night.

Theta Epsilon—Alpha Sigma

Did you solve all the mysteries at our last lyceum program? Well another mystery is waiting for you at the Theta-Alpha Sigma joint meeting Saturday evening in Thaw Hall. You have seen the B B B's advertised on the campus, but you could never guess what they are or what they will do. This mystery will be revealed to you Saturday evening.

Then there are some other things which might interest you. For instance, a modern one-act play has been selected, a fine musical number has been arranged, and two readers have been secured.

Of course the above comprises the program—but there is something yet coming to those who attend. The two societies have arranged a social hour with a suit-

Ruth Shubert - - Assistant
Mary Eleanor Welbon Assistant
Gayle Marshall - - General
George Crawford - - Athletics
Cleland Calfee - Feature
Exchange - - Gordon Jeffries

ATHLETIC PROGRAM PLANNED BY Y.M.C.A.

Activities To Include Wrestling, Class Baseball, Horseshoe, Swimming, Tennis and ''Circus''—Risky To Be Here Soon.

''Billy'' Crawford, who has recently been appointed by the Y. M. C. A. to take charge of their athletic activities, has outlined a very attractive program of athletics for the coming few weeks.

The first event on this program will be a wrestling tournament. The men will be divided into about five classes and a man will have a chance to become champion of the school in his division. Forty-eight men have already signified their intentions of taking part in this event, and many more are expected to sign up within the next few days. The classes range from heavyweight to the featherweight classes, in order that a man will not need to wrestle someone who is heavier than he.

Class baseball fostered by the Y. M. C. A. is also being planned. The presidents of the different classes have already been interviewed and most of them have appointed someone to take charge of class teams. There has been no class baseball for two years, so this revival of the national game to be played among the classes will be appreciated by those who are good players but are still not good enough to make the varsity squad.

''Barnyard Golf''

In order to make sure that all the men in school are in some kind of athletic competition, events are being planned in which anyone can take part. A horseshoe playing contest has also been started and the men who wish to be enrolled are asked to enroll at once. When all are signed up active playing will begin. It is said that there is a student here that looks like a German general when he wears all the medals that he has won in various competitions of ''barnyard golf.''

Not satisfied with this, Crawford has arranged for a ''circus'', so that all men who are interested in gymnastic work will have a chance to show their wares. Our old friend Risky will be back again for this event, bringing with him his ''galaxy of graceful gymnasts'' that so delighted the students last year. The team this year has an altogether new repetoire of acts and guarantee to please.

Swimming Meet

Later in the spring when the hot weather will drive some of the students to take relief in the cool depths of the swimming pool, an interclass swimming meet will take place.

(Continued on page four)

FIRST SEMESTER HONOR STUDENTS

Eighty-one Maintain High Average For First Half of College Year—26 Freshmen Have ''B'' Average.

27 MEN ON ROLL

Robert Jensen and Annie Vanderslice Only Ones to Obtain All ''A's'' in Work—Both Are Juniors.

Two students maintained an ''A'' average, and eighty maintained a ''B'' average in their college course for the first semester of this college year.

Then seniors have 12 honor students; the juniors 17; the sophomores 22; and the freshmen 26. Four special students found their way into this ranking. Twenty seven of the number are men and fifty-four are girls.

The first figures following each name indicate the number of Semester hours earned (not including physical training or expression), and the second figures indicate the number of quality credits earned.

The faculty granted a vote of commendation to the students appearing on this list.

''A'' AVERAGE

Robert Jensen 17-51, Junior; Annie Vanderslice 16-48, Junior.

''B'' AVERAGE

SENIORS

Lois McCulloch 17-45; Beulah Rankin 19-43; Jane Barber 17-42; Virginia Paulsell 19-40; Robert Clopton 19-38; Edith Pickens 18-36; Evelyn Porter 18-36; George Gillingham 17-35; Robert Shores 15-30; Raymond Anderson 12-27; Martha Anderson 12-24; Virginia Malcolm 15-30.

JUNIORS

Frank Rosa 20-47; Jessie Post 19-47; Earl Storey 17-46; Phay Downey 18-42; Elizabeth Wheeler 17-40; Jeannette Alford 18-39; Dwight Arnold 18-39; Paul Meikle 18-39; Nelle Montgomery 17-38; Rosalie Edmondson 18-36; Sam Hembree 17-34; Margaret Lewis 17-34; Elizabeth Farnham 16-32; Elizabeth Hoyt 16-32; Julian Johnson 15-30.

(Continued on page three)

EUROPEANS GUIDE ON STUDENT TOURS

New System Is Planned By Under-graduate Organizations of Europe and America

(Special to the Echo)

Undergraduates who contemplate a trip abroad next summer will for the first time be offered the opportunity to travel in parties for which European students will act as hosts and guides, under a new system of tours, conducted under the joint auspices of the undergraduate organizations of America and Europe.

American arrangements for the tours are going forward under the direction of the National Student Federation of America and an advisory committee headed by Dr. Stephen Duggan, president of the International Institute of Education, and including a number of college presidents and interationally known figures. In Europe the tours will be in the hands of the Confederation Internationale des Etudiants, while John Rothschild, president of the ''Open Road'', will act as the agent of all three bodies in caring for accommodations and determining itineraries.

ELECTIONS

Tonight the annual election of the editor-in-chief of this paper takes place. One thing that we have observed in elections that have been held by the students to elect any officer, that the one chosen is generally elected by a minority vote. This is especially noticeable in the election of the editor of the *Highland Echo*.

Last year, if we remember correctly the editor was chosen by a vote of approximately 135 students. There were over six hundred students in the college department at that time. By a little mathematical calculation, we can see that he was elected by about one-fourth of the student body. In such an important election as this every student should be present and have a voice in the choosing of the man or woman that he wishes to represent him through the columns of the school paper.

Next Monday night a debate is scheduled with Furman University. One thing about this debate that is worthy of notice is that it is to be a no-decision affair. This seems to be the goal toward which all debating is gradually working. Decisions are most generally made by biased officials and a decision in a debate does not count for a great deal anyway. Debates are held for the purpose of acquainting the students and public with the current questions of the day and a decision is not necessary. We are looking forward with much interest to this debate in which we will see the practical working of this new plan.

The plan, sponsored by the Y. M. C.A., of having each student plant a cedar tree on the campus is indeed a good one. But on the other hand we believe the old trees that we already have on the campus should be trimmed a little before any more are planted.

THE Y. M. C. A.

It is often said that the strongest, as well as the largest organization on the Hill is the Y.M.C.A. This is as it should be, for the ''Y'' exists only to serve the student body, and the measure of its success depends on the co-operation it receives from the students.

This year the ''Y'' is function-on a bigger scale than ever before. This is due in part to the faithful work of the efficient corps of officers, and also to the splendid co-operation of the student body. The work carried on here on our campus is of such proportions as almost to justify the employment of a paid ''Y'' secretary. The work such as a ''Y'' secretary would do is carried on now by the president and his assistants, at a sacrifice to their time. The success of the organization is due in large part to their faithful and efficient work.

The ''Y'' is the strongest and most effective organization on the Hill because of the great breadth of its work. It includes the whole of life, spirit, mind, and body, and stands for a well rounded development of these three sides of a man's personality.

The ''Y'' puts on track meets, swimming meets, tennis tournaments, sponsors class football, and basketball; and in other ways helps to develop the physical side of our college students. We are indebted to the ''Y'' for the excellent lyceum course, and for a reading room, where magazines and music can be enjoyed. Dr. Smith, with his thrilling stories of Africa came here at the request of the ''Y''. The Life Work Conference, probably the biggest single piece of service the ''Y'' has rendered, brought interesting and challenging speakers to our campus, and able leaders in a number of professions. The results of this Conference have been far reaching. and the ''Y'' is to be congratulated on rendering such a service to our students.

The Sunday meetings have been of an unusually high type this year, and have added much to the spiritual life of our campus. Men have worked at the jail and at Battle Branch Mission, and have given themselves in altruistic service, wherever there was a need.

The Y. M. C. here at Maryville is one of the three leading student organizations in the State. In many ways the program here is superior to that put on at larger institutions.

The administration of the ''Y'' changes within the next few days. Realizing the great importance of this organization to our campus, we urge every student to back the new administration, and prepare for another successful year of work and of service under their leadership.

MOUNT UNION COLLEGE, MOUNT UNION OHIO

Each year before Graduation time a general announcement is made to the student body, requesting anyone wishing to try for a position on the Dynamo staff to submit their names to the Editor. Then each member on the Staff recommends two persons for the staff.

From this list the editor recommends to the Faculty those students who in his estimation are the most capable for the staff. He usually recommends those who have been recommended by his own staff members if they have turned in their names as desiring and willing to work on the staff.

The Faculty appoints from this list fifteen persons for the staff personnel for the ensuing year, seven junors, five sophomores, and three freshmen. (These will be seniors, juniors and sophomores when they begin work.)

This staff and the old staff jointly elect an editor and business manager, who are subject to Faculty approval.

The editor of the paper in reality selects the editor for the following year by having the power to appoint his assistant who thus becomes the person capable for the position.

Similarly the business manager is selected.

The editor of the paper receives no college credit for the job, nor does he receive a salary.

Each student subscribes for the paper through an activity fee paid at the beginning of each semester to the college. The college turns this over to the business manager of the paper. The business manager has charge of all advertisements.

There is no set relaton between the news space and the advertising space, but it generally runs about 60% news and 40% advertisements.

The Editor and Business Manager usually are allowed a commission of about 25% of the money taken in, outside of the student subscriptions. They split this commission.

We have a course in Journalism given here at Mount Union College and students taking this course are required to have at least 200 inches of their material printed in the student paper.

Sincerely yours, Leighton P. Starr.

BALL SEASON TO OPEN APRIL 6TH

(Continued from page one)

on second, McCall at shortstop, Givens at the hot corner and Hawn receiving behind the bat. When Stone is not pitching he will play centerfield. Cartwright will probably play right field and Mischlich will chase flies on the left side of the field.

New Men Tried

Coach is trying to break in several new men on different positions. McWirter seems to have considerable ability in receiving the ball behind the bat and with a little practice should prove to be a good man. Gabard, a new man is being given a good deal of practice on the mound and shows some pretty good form in heaving the ball. Davis and Byrd, who have already lettered in football and basketball this year are out for the team. Davis is a pitcher and Byrd is an infielder. Banks, a new recruit who has been out for the past few days, has the reputation of being a heavy slugger and should find a place on the squad. Van Boyd, the little infielder from Ohio sprained his ankle and has not been out for practice for over a week.

Manager Blankenship has added several games to the already heavy list scheduled. A game is pending with the Knoxville Smokies here on April 6th. Then on April 7th the collegiate season opens when the Highlanders meet the University of Tennessee here; the next day another game will be played with the Smokies; and to end a hard week the Highlanders will travel to Knoxville to play the Tennessee sluggers on their home grounds. A game is also pending with Georgetown College here on April 22. The finale of a three game series with Tennessee will be played here on May 3.

Jack Cotton 15-39; Betty Jane Sharp 15-39; Marguerite Hargis 18-36; Earl Keller 17-36; Helen Gleason 15-36; Robert Welsh 15-36; John Weinand 15-36; Russell Annick 15-33; Edward Conrad 15-33; Margaret Lowrence 15-33; Elizabeth Murphy 15-33; Louise Palmer 15-33; Anderson Puryear 15-33; Reginald Vorhees 15-33; Mary White 15-33; Dan Mayer 14-31; Almira Alexander 15-30; Eleanor Dahl 15-30; Ingram Fell 15-30; Jacqueline Heck 15-30; Irene Kelly 15-30; Lucille Koenigstein 15-30; Belle Kreis 15-30; Roger Rusk 15-30; Annielea Sliger 15-30; Mary Swaim 15-30.

SPECIALS

Bland Morrow 18-36; Jacqueline Horne 18-36; Lady Banks 15-33; Evelyn Gibbons 12-27.

EUROPEANS GUIDE ON STUDENT TOURS

(Continued from page one)

Parties of twelve or fourteen students will travel under the direction of a leader carefully picked by the administration. A choice of twelve routes is offered, each to consume roughly three months and to cost between $500 and $700. Trips will cover England, France, Germany, northern Italy, Austria, and the Balkans, having as a universal feature a stay of some time at the student camp in Geneva, to give the members of the tours an opportunity to watch the workings of the League of Nations at close range.

The radical departure from the time-worn method of "doing Europe" lies in the fact that almost without exception European students will accompany parties ECHO THREE hg l:,f throughout their trip, providing the connecting link between the traveler and the country through which he goes, heretofore so conspicuously lacking. The plan of accommodations in Europe follows the same general scheme of keeping the undergraduate more closely in touch with the life around him than is possible if he stops at the more frequented hotels run for the benefit of Americans. As a consequence quarters in college dormitories, private homes, pensions, and the like have been provided, making possible the low cost of the tours.

Full details of the tours will shortly be in the hands of the representatives of the National Student Federation in the various colleges. The tours will be open to both men and women, in separate parties, adequate provision being made in each case for chaperoning the feminine contingent. Application to enroll as member of one of the parties must be made before June 1st., to permit necessary adjustments in personnel to be completed before the date of sailing.

FURMAN UNIVERSITY TO DEBATE HERE MONDAY

(Continued from page one)

servations. The Affirmative side of the question will be upheld by Denna Reaves and Bland Morrow of Maryville, and Mr. M B. Fletcher from Furman. On the Negative side Nelle Watkins will assist Romayne Barnes and Lewis H. Fowler of Furman to deliver that side of the question.

As has been said before, no decision will be given and the audience is requested to ask the debaters any questions that they may have in mind bearing on the question and the debaters will endeavor to answer them satisfactorily.

As a additional feature of the evening, the Maryville College Glee Singers will be present and will entertain the audience with a few selections before the debate begins.

COLEMAN & MACKIE

PERSONALS

Mrs. J. T. Stevens of Knoxville spent Monday on the Hill with her daughter, Frances Stevens.

Edyth Moore, of the class of '25, visited friends on the Hill this week. She is teaching Home Economics in the High School at Russellville, Tenn., this year.

Miss Mabel Sherrod of Knoxville, Tenn. was the guest of her sister Helen Sherrod last Sunday.

Misses Helen Ackridge and Elizabeth Keebler of Knoxville visited Eloise Keebler and other friends while in Maryville this week.

Wilhelmina Fritsche had as her visitors Mr. and Mrs. M. Fritsche and family, and Miss Elizabeth Williams, all of Rockwood, Tenn.

Harry Gauding, of the class of '25, who is now principal of the High School in Surgoinsville, Tenn. returned to attend the program presented by Mr. Phidelah Rice. Mr. Gauding is a graduate of the Expression Department of this college and his ability as a reader is well known to Maryville students.

The friends of Ruth Reagan, of the class of '25, were glad to have her visit the Hill this week-end. Miss Reagan is teaching Home Economics this year in the Dandridge High School, Dandridge, Tennessee.

Miss Helen Scheibler has had as her guest her mother, Mrs. H. S. Scheibler of Greensburg, Penn.

JOINT MEETINGS OF LITERARY SOCIETIES

(Continued from page one)

able climax of "eats".

You can't afford to miss this last meeting of the Theta-Alpha Sigma Societies for the year of 1925-26. It will be the best of the year. Everyone is invited.

Watch for further announcements.

Nell: I hear that Harold won a loving cup the other night.

Belle: He must have improved a great deal since the last date I had with him.

MUSIC DEPARTMENT GUESTS

Twilight Concert Given Under The Direction of Miss Hale For Maryville Clubs.

The music department of the college enjoyed a rare treat last Friday afternoon when they were the guests at a Twilght Concert given under the direction of Miss Hale for the Chilhowee and Tuesday clubs of Maryville.

The numbers were artistically rendered in every case, Miss Hale adding much to the intelligent appreciation of them by giving an enlightening analysis of each number.

Those participating in the program were, Miss Helen Easley, Fancher Smartt, Margaret Killian, Mrs. Georgia Badgett, Lucy Horton and Bonnie Hudson.

PRIDE IN WORK

Whatever be the coditions which surround you in your work, do it with high thought and noble purpose. Do not whine and complain because of your unhappy lot; but accept it, humble and obscure as it may be, knowing that it is possible to clean out a gutter with the self-respecting dignity of manhood or to blacken a shoe with the enthusiasm of religion.—Hugh O. Pentecost.

HAPPENINGS IN COLLEGES

The cash value of an education is approximately $70,000, according to a statistical survey made by Dean Everett Lord of the College of Business Administration of Boston University of forty-three graduates in the class of 1924, who as freshmen were earning $20 a week or less, thirteen have increased their salaries on the average of 68 percent when they received their degrees. Fifteen have doubled their earnings; seven have tripled them; five have quadrupled them; two have increased them five-fold and one was earning six times as much as when he was a freshman.

Prof. E. C. Baird, coach of the debate team representing the University of Iowa, has received notice from the Institute of International Education that the debate team from Iowa has been selected to take the trip to Europe as the American representatives in 1927. It is the custom of the Institute to send, each year, one team from America to debate abroad.

Campus weddings at Baylor University have hitherto been penalized by an enforced vacation of three terms But after much student discussion the faculty decided that one term was long enough. Secret marriages are still punished by indefinite suspension of the parties of the first aid second part.

The trustees of the University of Pennsylvania have approved plans for a ''graduates educational service'' through which the university ''will contribute to the cultural and technical education and advancement of its alumni in every profession and vocation.''

The University of Nebraska held its first ice carnival a few days ago. There was skating, skiing, toboggan-sliding and a beautiful ice float parade. One of the features was a ''Charleston on the Ice'' contest.

Greek over the radio is planned as one of the new courses to be given by the New York University Air College. The course will deal primarily with interpretations of the influence of Greek culture upon modern life.

At the recent annual meeting of the College Entrance Examination Board it was decided that psychological tests for the admission of students, would be offered in addition to the usual examinations. Although several colleges, among them Harvard and Bryn Mawr, will reject these ''intelligence'' tests, about 90 percent of the colleges and secondary schools on the board have agreed to use them in some form.

Boston University has put into effect the idea of offering in its College for women a course in matrimony more advanced than anything that has been attempted in this field before.

The famous German physicist, Einstein, will join the faculty of the California Institute of Technology this autumn, according to an announcement emanating from that school.

An annual custom at Mt. Holyoke College, South Hadley, Mass., calls for the election of one student as ''perfect girl'' of the institution. This year by vote of her classmates, the honor has fallen to Miss Funiko Mitani, of Kyoto, Japan. When Miss Mitani finishes her college course, the American Law will require her to leave the country, unfit to remain a fellow inhabitant of these college women who have thus acknowledged her superiority.

Don't worry if you haven't much. Think of how little you have to get to improve your situation.

MUSIC DEPARTMENT CONTEST

Memory Ability Will Be Tested On Number of Selections Learned.

Considerable interest is being shown in the class lessons conducted by Miss Hale of the music department. A pleasant feature of the lessons is the memory contest in connection with them.

A record is kept of the numbers played and toward the close of the year a contest will be held to see how many of the numbers played can be identified by giving the name of the composition and the composer. As has been discovered in similar contests that have been held in cities and smaller communities, a greater impetus is given to music when they occur. In addition to the musical value of the musical memory contest, it develops a spirit of rivalry and does much to create enthusiasm along musical lines.

The students at Mercer University have requested that their diplomas be written in English instead of Latin as heretofore. The Faculty have granted the request. What's the use of having a diploma that you can't read? This would not be a bad plan to put in effect in Maryville.

ATHLETIC PROGRAM PLANNED BY Y.M.C.A.

(Continued from page one)

The ''Y'' track and field meet will also come off sometime in April. The high point man of this meet always receives a silver cup and the individuals who are fortunate enough to take any first places in the events will receive medals for their achievement. A little later a pentathlon contest will be held. The pentathlon includes the following events: the high jump, shot put, 100 yard dash, 220 yard low hurdles and the half mile. The winner will receive a medal.

A Flight of Fancy

''What made Dubleigh jump out of that four-story building?''

''Oh, merely taking things too literally.''

''How come?''

''Well, he went up to see a doctor, the doctor wrote a prescription, told him to follow it out—''

''Yes''

''It blew out the window.''

—Cornell Window

First Stud: That girl is sure a dizz.

Second Stude: Say, that's my sister.

First Stude: I repeat, she's a whiz.

BOOST BEREA DEBATE

VOL. XI. MARYVILLE, TENNESSEE. FRI., APRIL 2, 1926 NO. 24

$100,000 RAISED FOR MARYVILLE

Requirement Has Been Met To Secure $50,000 Offered by Donor.

NEW DEPARTMENT

$150,000 Now Available For New Department of Religious Education.

A Religious Education Department for Maryville is now a reality. Maryville has met the requirement by securing an endowment fund of $100,000 which is to be added to the $50,000 offered toward a total endowment of $150,000 for a department of religious education.

A donor offered Maryville, through the Board of Christian Education, the sum of $50,000 to be used as an endowment under the condition that Maryville would raise $100,000 by April 1, 1926. Maryville has fulfilled the condition and next year will expand the present department. Additional teachers for this department will be added to the faculty. This department will fit into Maryville's development of Bible study. During the Seminary days it held the central place. In 1888 Dr. Wilson taught the first class in Bible study. In 1907, the Bible Training Department was established.

Now a department of Religious Education is to be organized. The course in this department will be counted as regular college work.

In looking over the field, the donor of this gift chose three colleges as beneficiaries to receive his offer. Maryville was the first institution decded upon for the donor knew that Maryvlle has always been unseverving loyal to its original purpose to furnish trained workers for the ministry and other fields. And so he made Maryville the liberal offer which she will receive.

LAST DEBATE OF YEAR IMPORTANT

Home Debate Wednesday With Berea— One Team Debates Berea, Center, and Georgetown.

A hotly contested debate is scheduled with Berea College for next Wednesday, April 7th. Maryville has gained only one decision out of six debates held with Berea, but this year's team is expected to turn the tide. ''Billy'' Rodgers, John Crawford and Julian Johnson will debate here. Charles Johnson, E. P. Downey and Gordon Harld compose the traveling team. Dr. Gillingham will accompany them. This team will debate Centre April 8th. and Georgetown April 9th. Berea is the only dual debate arranged. Let's all turn out for the last debate of the year.

The president of the Student Council, Joe Gamble, after chapel last Wednesday asked the cooperation of the student body in two important matters of discipline. He requested that the students leave their rooms in the morning at least two minutes earlier than usual in order to be on time at the chapel services. He further requested the help of the students in stopping the disturbances that have been taking place at the College debates and entertainments. It is hoped that the students will do all in their power to help in these two matters.

EDITOR ELECTED

The students have elected Robert Jensen, '27, as editor of next year's Echo. Mr. Jensen, with his staff, will take charge of one of the issues of the paper this year. The business manager has not yet been chosen.

FURMAN DEBATE ON NEW PLAN ENJOYED

No-decision Was Unusual— Questions Asked Contributed to Interest Among Audience

Maryville's Pi Kappa Deltas and forensic fans who were looking forward to the debate with Furman University, had their anticipations of an interesting and unusual debate more than fulfilled on last Monday night when Maryville's trio of picked girls debated with the Furman boys' team on the home floor.

Preceding the discussion the Glee Singers delightfully entertained the audience with a few selections. Professor Edwin R. Hunter, who acted as Chairman of the discussion, then presented the members of the Furman debating team and welcomed them to Maryville College.

In addition to the interest in the method of debate which was followed, that of the Oxford Union plan, with no judges' decision, the question under discussion was one in which students on the Hill have manifested a keen interest during this year. The question debated was: ''Resolved, That the United States should enter the World Court without reservations''. The debate assumed more the nature of the World Court, and the attitude of the United States toward it. A number of interesting arguments were presented in the course of the discussion, particularly regarding the Swanson reservations about which most of the arguments were centered.

The affirmative argued its case by pointing out that the reservations were unnecessary for the safeguarding of the interests of the U. S., since the World Court is really a development of American

(Continued on page four)

MARYVILLE COLLEGE PLAYERS BUSY

Classes may come, and classes may go, but the work of the Maryville College players goes on forever!

Though very little has been heard or seen of them since they presented so delightfully ''The Bird's Christmas Carol'' you must not imagine that they have been idle. Seemingly heedless to the call of the spring aftenoons the casts labor with exits, entrances, when and where to cross, and strive manfully to keep in character.

The players are working on four one-act plays: ''Neighbors'' by Zona Gale, ''The Trysting Place'' by Booth Tarkington, "Ashes of Roses" by Constance Mackay, and "Manniken and Minniken".

These will afford one evening's attraction. The first date to be filled is on April the 16th at Louisville.

If you want your college represented in your home town tell the players and, if satisfactory arrangement can be made, they will be only too glad to advertise Maryville.

Ann Martin has just returned from the hospital and is recovering from a case of the measles.

SOPHOMORE CLASS HISTORY REVIEWED

Class of '28 a Hannah-Franklin Production.

''Attraction at the Palace Theatre—'Class of '28' a Hannah-Franklin production— special prices".

The above were the headlines of a Highland Echo dated April 1957. I immediately phoned for box seats, and ordered my pilot to have the airplane ready for flight.

In a few hours I was in the Palace Theatre, which many years ago I had attended chaperoned and unchaperoned, perhaps. An artist was seated before a $50,000 pipe organ, which took the place of the former player piano.

The orchestra director arose, flourished his baton and to the strains of ''Alma Mater'' the curtains parted to reveal the names of the directors and the cast of the 4-reel drama, ''The Class of '28''. The cast, of course, was lengthy. Among the directors of the film appeared some familiar names: Head photographer—Mr. E. L. Webb; Electrician—Mr. Ernest Brown; Property Manager—Mr. F. L. Proffitt; Wardrobe Mistress—Miss M. E. Caldwell; General Director—Dr. S. T. Wilson.

The first scene takes place at the old Southern Station (the site

(Continued on Page Four)

BALL SEASON TO OPEN NEXT WEEK

Players Shaping Into First Class Nine As Season Draws Near.

PITCHERS PROMISING

Knoxville Smokies To Play Here Tuesday.

Hy there! All you baseball fans that have been waiting impatiently for the coming of the appointed time to satiate your thirst for a baseball game, at last the moment is about to arrive when Maryville, led by Captain George Shanks, proudly marches her crack nine onto the diamond to do battle with Frank Moffett's hard hitting Smokie Club.

The encounter scheduled to occur on Tuesday, April 6th, as a curtain raiser for Maryville's season, represents a brand of high class baseball that is worthy of the utmost enthusiasm and backing on the part of the student body.

The team is rapidly coming into condition under the skillful guiding hand of Skipper Honaker and should get away to a flying start towards a successful season. With the veteran mainstay, Harvey the south paw, the Highlanders can count on winning several frays this spring. Moreover, Stone has been showing real form and will keep up his share of the mound duty. Smith also appears as a new find for the pitching staff. Although the official line-up and the battery for the day will remain a secret until the team steps out to meet the Smokies on Tuesday, the probable line-up will be:

Harvey or Stone, pitcher; Clemens, c.; Shores, 1st. base; Capt. Shanks, 2nd. base; McCall, S. S.; Givens, 3rd. base; Mischlich, Cartwright, Johnson, or Stone, outfielders.

Mrs. Matthews of Murfreesboro, Tennessee is spending a few days on the Hill as the guest of her daughter. Margaret Matthews.

NEXT ANNUAL STAFF

The incoming Junior Class of next year has chosen George Crawford as editor-in-chief of the 1926-27 Chilhowean, and Robert Dance as business manager. These two men promise to put out an Annual worthy of the class of '28.

TRACT TEAM MEETS U. T. SATURDAY

The Artists of the Cinder Path will meet the U. T. track team tomorrow in the opening encounter of one of the hardest schedules ever undertaken by the school. These track aspirants have been out on the cinder path every evening for several weeks working under the direction of Coach Thrower in order to get in condition for this number of strenuous meets. Interest in track is increasing each year as can be shown by the fact that forty men are in training this spring and are striving for the winged ''M''.

Monday afternoon the try-outs for several events were held to determine who should represent Maryville at Knoxville Saturday. The try-outs for the other events were scheduled for Tuesday and Wednesday but Jupiter Pluvius interfered. Coach Thrower has not announced who will compose the team which meets Tennessee tomorrow, but it is probable that the following men will represent Maryville:

Billie and Taylor Crawford in the dashes, Lamar Milling, John Morgan, Lipp, and Brock in the distance runs, Sherman Edsall in the relays, McDonald in the high jump, Bob Bishop in broad jump, and Jimmie Holland in the weights.

In the track history of Maryville this year stands out as one of promise. The team looks good and should be able to hold its own against any of the scheduled teams. Yet we do not forget that Tennessee and Georgetown are fast company in the world of sport. U. T. boosts track instead of baseball and Georgetown lives on the cinder path. But that is not disturbing to us of Maryville.

SOPHOMORES PROMINENT IN ATHLETICS

The Sophomore Class has quite a large representation of Athletes who take an active part in athletics at Maryville. The Sophomore's Athletic contribution is very essential to sports on the Hill as can be seen by the large number of athletes whose names are on the Sophomore roll. There are four Sophomores who are on the Varsity football team: John Stone, James Brock, George Crawford and Josh Proffitt.

We are represented in basket ball by Dale Marion. Several Sophomores were on the basket ball squad, such as Perry Keys, Billy Givens and Edwards.

In baseball, John Stone, Billy Givens, and Jiggs Mischlich won their ''M''. Harry Blankenship is manager of this year's team.

The Sophomores have the speed too as can be seen by the fact that it placed three men on the Varsity track team, namely, James Brock, Cleland McDonald and Lamar Milling.

In tennis, from all indications, the Varsity team will be made up of Sophomores. ''Jack'' Calfee, ''Billy'' Rodgers, and Bill Swaim are swinging some wicked racquets and will bear watching.

So keep your eye on the Sophomores in athletics as well as in all other activities here on the Hill.

LYCEUM PROGRAM PLANNED 26-27

Russian Cossack Chorus In Full Regalia to Be First Number.

SCHUBERT MALE QUARTET

Eminent Naturalist To Reproduce Bird Calls.

The very best program Maryville College has ever had is the forecast for the 1926-1927 annual Lyceum program, sponsored by the Y. M. and Y. W. Christian Associations. Mr. Robert Jensen and Miss Eleanor Franklin, the chairmen, assure us that even the Seniors will want to come back when they learn of next season's attractions.

First of all is the Russion Cossack Chorus of fourteen male voices under the personal direction of Sergei Socoloff. This talented musician was born in Moscow and received his musical deucation in the Imperial Conservatorium of Moscow.

When the war broke out, he joined one of the Cossack regiments. After it was over he found himself in Serbia, where, in 1920, he organized his chorus. The chorus is now making its first North American tour and will be on our campus early next fall. The chorus will appear in the full regalia of Russian Cossacks.

The second number is Charles Crawford Gorst. This eminent naturalist has made a life study of birds and bird songs. He has mastered the art of bird imitations and has perfected more than 600 songs of some 300 birds. He uses a set of artistic paintings which are displayed in full colors on a large easel.

The Schubert Male Quartet will offer a program of high artistic entertainment with an incidental series of vivid musical pictures

(Continued on page three)

SPRING HIKE SET FOR APRIL 14TH

SPRING MOUNTAIN HIKE APRIL 14TH

Destination Is Calderwood— Seniors' Last Chance.

A tentative date, Wednesday April 14, has been set for our semi-annual mountain hike. Arrangements are being made for a special train. Further information will be given as soon as possible.

Calderwood has again been selected as our destination for everyone seems to be agreed that it is the best place to go. It offers beautiful mountain scenery, a trip to the dam and any number of good hiking trips on either side of the river. Those who have been to Calderwood are eager to return for the spring mountain hike and those who have never gone surely have a treat in store for them.

Begin boosting the hike now. Got a date fellows? Seniors, this is your last chance.

Mr. and Mrs. E. Monroe of Evansville, Ind. were visitors on the Hill this week as the guests of their daughter, Ernestyne Monroe.

The measles seem to be spreading as three new cases have broken out. Harold Reed, Percy Rosa and Harry Miller are now confined to the hospital until they recover from light attacks.

THE HIGHLAND ECHO

Thirty issues per school year by the student body of Maryville College.

OLD ZIP COON

Have you ever met one of the tribe of old Zip Coon? At first thought you will probably say that you have not met one. But let us consider the sort of man that old Zip Coon was. If you remember the song of that name, you remember that old Zip Coon played the fiddle until he drove his friends away. The fact that he was a fiddler did not drive them away, but the fact that "he couldn't play anything but old Zip Coon". Surely you know several of his tribe—people who can't play anything but their own particular variation of old Zip Coon. You can tell to a period what their topic of conversation will be, but you must resign yourself, in the interests of common courtesy, to at least five minutes rendition of old Zip Coon.

There are three variations of old Zip Coon that are seemingly prevalent everywhere. We should like to prescribe a remedy for those objectionable persons who employ these variations as their sole topics of conversation. First, there is the person whose variation is a description of his ills and ailments. For him we prescribe that he repeat, on meeting his acquaintances, a perfectly healthy, life-size chemical formula. His hearers will be agreeably surprised. Then there is that person whose eternal variation is himself—his ideals, feelings, prejudices, et cetera. For one so afflicted we recommend that he say, on meeting a prospective victim, "How do *you* do?" stressing the "you". He must keep quiet for two minutes, and thereupon he will get such a dose of his own medicine that he will be cured. For the person whose persistent variation is lessons, and lessons only—a very rare, but yet noisy variety—to such a one, we prescribe that he carol as his greeting and conversation a few lines of some popular song. Whatever he sings, we guarantee that the subject will not be lessons.

The men of Pomona College, of Claremont, Calif. have an organization called the "Mustache Club" which admits only those who can raise a mustache that will meet with the approval of the members of the club. A genuine mustache with 800 hairs to the square inch is the eligibility requirement.

Student competition for jobs is keen in the vicinity of large universities. But Victor I. Eagan, an ingenious medical student at the University of Minnesota has found work at a place where few of his classmates will follow. He pays his tuition by parachute jumping.—Ex.

In South American universities students must take either a street car or a motor bus from one class to another, due to long distances between buildings. The time between classes is often two or three hours.

The University of Southern California is to have a school of International Relations comprising a Department of Foreign Trade, School of International Law, and School of International Politics.

SOPHOMORE CELEBRITIES

It is a difficult thing for one to write a consise, composite article on the celebreties of the famous Class of 1928 because of the versatility of the intellect, athletics, and numerous other minor points, that are so predominant in this class of ours.

First, of course, we should mention this peerless staff that has labored so long and incessantly to provide an issue worthy of the traditions (and expectations) of our classmates. Long have we toiled into the night that we might bring forth upon this campus a new era of writing of the highest type. Our editor, Sarah Moore, has been assisted by an able staff. Gordon has penned a few thoughts in his spare time for an (ex)change; Gayle has given up studying that she might make this a Utopia of achievement; Corky withdrew his mind from Baldwin (for short periods only, though) to say a word or so of our athletics; Mary Eleanor has assisted in making the rest of us work; Ruth's efforts speak for themselves and for myself—well, I wrote this before nine o'clock.

Then there are other "celebreties" in the class who are worthy of mention, but only a few that the writer happens to know will be given down the country. Among our athletes there are three cannies of the pugnacious pigskin; several basketball tossers and quite a few baseball and track stars. All in all, we have more representatives in the different branches of athletics than any other class—but it is only natural for us to lead.

The forensic teams this year are composed to a large extent of Sophomore word hunters who have covered themselves with a lasting glory, having lost but one or two debates so far this season.

So now is the time when a young man's 'fancy', oh, you know the rest, I deem it my duty to make a few remarks on this tender subject in passing. The first "Poliptal Distant Lover", or maybe some of his friends know him as Maynard Layman. After ministering unto him the "C. C." treatment,—consisting of a pint of milk a day, two cream puffs and one sound thrashing, I believe he may come out engaged—but alive. There are several others in the same boat including, Brock, Bell, Corky, and we must not forget Horatious Selwyn Osborne,— the man to whom we all go for advice in such matters. These fellows are not as yet in condition for the treatment, but we are hopeful, though despondent at times, for their recovery.

Lastly among our "elites" there are the class presidents. Miss Hannah, president of our class as freshman, guided us successfully to this year where Wilbur Franklin took over the guidance.

SONNET TO THE SOPHOMORES

Star! Let thy shining, rosy rays descend
On the class of '28; for you we
Pray, for you we wait; 'tis of you we dream.
Hail! give us our hope, bright Star of life!
Over the curtain that veils us from thee
Mount, and with thy light dispel the dark past.
Onward! ever onward may we go!
Rosy star of the Future! though we thee
Ever wait and dream—shall we do no more?

Could we ever keep before us the thought
Lasting and sublime that as we go
Along our way we plant in our daily acts the
Seed that shall surely grow into the Future
So shall we live alone for thee, O Star?

SOPHOMORE SINGS

—S—

All set for the "Big Parade" Sunday.

—S—

"Everything in chronological order now."

—S—

Safety First— No moonshining 'aloud'.

—S—

Freshman—First year in college
Sophomore—Second year in college.
Junior—Third year in college.
Senior—Fourth year in college.

—S—

You wil please note that nothing in this column has been taken from other papers.

—S—

These iron bars ought to keep at least three students from walking on the grass.

—S—

News Note: People in Ohio are having the flu at this writing.

—S—

Percy: Have you ever been kissed by any other fellow?
Lilian: No!

—S—

Easter Flowers: Prof. Howell shall be known as the pink of perfection, while our own Ham is just a plain poppy.

—S—

"What kind you gonna send?"
"Dunno, et vous?"
"I dunno. Can't send many—too high."
"Me neither, 's awful."
—Yet they did. APRIL FOOL.

—S—

We are not going to wear our new suit Sunday, we are going to be different—unfortunately.

—S—

Don't get 'campused' only a few weeks till time for the spring mountain hike. Wouldn't you like to take a 'bus' to the Park area?

—S—

One of our sophs is engaged to a twin—says he can't tell them apart. Well, it doesn't matter much.

—S—

Miss DeHaven complimented Bill Crowder's speech, especially the quotations from Longfellow.

—S—

She and I are not going to any more debates. We have attended so many that we find ourselves whispering every time we start to talk.

—S—

Go to church Sunday whether you have a new dress or not, I am.

—S—

Pedestrian: Hi, there I am going the same way you are.
Motorist: So I see, I bet I beat you there.

—S—

Flapper: I am telling you for the last time that you can't kiss me.
Sheik: Fine, I knew you would weaken sooner or later.

—S—

Fifteen Minutes! ! ! ! ! !

—S—

If all the peanut butter eaten in Pearsons Hall in one month was placed in a jar, the jar would be great big.

—S—

Would these fellows who have the measles break out, were they locked up?

—S—

Of two evils some men choose the lesser, unless there is more money in the other.

—S—

The "Dark Angel" turned out to be a dark horse.

—S—

Army and his girl did not see the show together—no, Army was sick.

—S—

Sophomore Susy says: "Wonder if Miss Creswell will like Florida?"

—S—

The connecting link between the animal and vegetable kingdom is hash.

Alpha Sigma

In Alpha Sigma a new crew will take its place at the oars, for the last lap of the school year. If you want these men to break all past records you must cooperate with them. One way to do this is to attend their meetings.

Following are the new men and their positions:

President - - William Seaton
Vice President - Robert Lockhart
Recording Secretary - - - - William Crawford
Assistant Recording Secretary - Albert Tull
Program Secretary - Percy Rosa
Assistant Program Secretary - - Maynard Dunn
Censors: Dewey Eitner, Robert Jensen, Merlin Usner.
Editor - - - - John Morgan
Sergeant-at-arms - Wm. McMahan
Janitor - - - - - Clinton Puff

After the installation of the officers a short program of music and talks will be given. Everybody out.

—*J. Gordon Jeffries, Editor*

Theta Epsilon

Theta Epsilon met her brother society in Thaw Hall last Saturday evening and was highly entertained by a splendid program which consisted of—

A duet by - The Huffman Sisters
Reading - - Nellie Caldwell
A One-act Play - - Theta Girls
Musical Review - - Alpha Sigma and Theta Epsilon

The Easter spirit was carried out in the refreshments.

Come to Theta Saturday evening and enjoy a Japanese program with us. Everyone is invited.

—*Theta Editor*

Bainonian

Last Saturday night the Bainonian and Athenian Societies met together. A spring program was given and, we all felt as if we were breathing the very air of spring as each number was rendered.

The following program was presented.

Invocation - Prof. E. W. Davis
Prologue - - - Annette Booth
Dreaming Alone in the Twilight - Athenian-Bainonian Chorus
A Sketch of Some Old Tunes - Mary Chris Benn-Charles Webb
Medley from the South - Chorus
Apple Blossoms
Spring Flowers - - Esther Grimes
Barcarolle - - - - - Chorus

Do you know the signifiance of Easter? A beautiful Easter program has been planned for Saturday night. Come to Bainonian and you will ejoy Easter Sunday more.

LYCEUM PROGRAM PLANNED FOR 1926-'27

(Continued from page one)

from the life and works of Franz Schubert. The quartet is assisted by Miss Cochran, pianist and violinist. Costumed numbers of the Schubert period will be given, such as "The Song of Love", and other lasting melodies selected from the Schubert library. Unusually fine is the ensemble work, Each member has been a featured soloist in recital, oratorio or opera during the past five years.

The last number is the Vernon Concert Ensemble. The company is composed of two violinists, a 'cellist, a harpist and a flutist. They will offer a highly diversified program of solo and ensemble compositions.

Next year may seem a long way off, but it is not too early to back the Y. M. and Y. W. C. A. for a successful 1926-27 Lyceum season.

Voluntary chapel has had its try-out at Hiram College, Hiram, Ohio, and has made good in a rather decisive way. The audience has been quite large, and bears no witness of decreasing numbers merely as a result of attendance being made voluntary. It has not been altogether insignificant that nobody has been observed playfully ripping the veneer off the seats, and creating general disturbance so customary in the past.

Y. M. C. A.

After the Y. M. C. A. service last Sunday afternoon the retiring officers and the officers-elect made a trip to Montvale. Here the plans for the coming year were discussed.

Next Sunday, there will be no afternoon service but instead the Y. M. C. A. will take charge of the vesper service. At this service the new officers will be installed. and an insight to the aims of the future Y. M. C. A. will be given by Charles Johnson, retiring president, and Robert Harvey, president-elect.

After these short addresses, Dr. Hunter will speak. Dr. Hunter is the faculty representative on the Y. M. C. A. council, and everyone should be out to hear his address. Special music has also been arranged.

Of course everyone is cordially invited to this vesper service, girls and boys. However, it behooves every boy to be there as it is his organization that is taking charge.

Unsemingly Haste

Joy Rider (stopped by rural constable)—Haven't we got any rights left in this country? Doesn't the Constitution guarantee us life, liberty, and the pursuit of happiness?

Constable—It don't guarantee no man the pursuit of happiness at ninety miles an hour.

SOPHOMORES

So many aspersions have been cast upon the term "sophomores" that we desire to discover the meaning of the term from original sources.

The first record we can find of the word is in the University of Cambridge, where the undergraduates one year above Freshmen were known as Soph-Mors. This is commonly taken to be an abbreviation of the Latin *sophister* and the Greek *moros*. We find that the original meaning of *sophister* was a wise person. On the other hand, *moros*, from its earliest use, has meant foolish. Thus, if we take the word literally, we find that we are, after all, only "foolish wise men"; or, if we prefer it, "wise fools."

Granted that fool is not a very flattering term, but consider for a minute its compensating qualities. There was a certain period of history when every great writer of the day put his most treasured thoughts into the mouth of a fool. Think what wisdom has thus been disseminated by the aid of the very creature whom people are prone to despise! Also, in the age of chivalry, think how many a royal brain was cleared for the better guidance of state affairs by the quips and merry antics of that indispensable creature, the court fool!

Bringing the subject down to modern days, consider what importance is given the fool, when every year, on the first of April, a whole day is set aside and dedicated entirely to him.

There is still another part to our term Soph-Mor which should not be neglected. *Wise* is as important a part of the term as fool. Happy the person who, instead of being in ignorance as to his foolishness, is fully aware that he is a fool. In other words, the sophomore has arrived at that happy state where, unlike the freshman who thinks he knows everything, he admits he knows nothing, but firmly sets his feet on the highway of learning. Taking for his guidance the knowledge gained during the first stages of his journey as a freshman, the sophomore toils up the way of learning till he shall arrive, at last, at that happy place where Wisdom herself sits in majesty.

So, at this time of All Fools' Day, we think it proper that the other classes should pause to render tribute to the Sophomore Class, who possess "the wisdom of a serpent and the innocence of a—fool".

MEN'S TENNIS TOURNAMENT TO BE HELD

Under the direction of the Y.M. C. A. Athletic Committee and the manager of the Varsity tennis team, a tennis tournament will be held on Monday morning for all men interested in the racquet wielders sport. The participants will draw for places in the tournament and the winner will be crowned as tennis champion of the Hill. Besides getting more men interested in athletics here at Maryville, this tournament will serve as a means of selecting this year's Varsity tennis team.

Eight men who make the best showing will be selected for the Varsity squad and four of these will constitute the Varsity team. All men interested in the net game are urged to take part in this tournament so that a strong tennis team may be organized. With such artists as Calfee, Rodgers, Swaim, and Lippard on the war path, we look for dust to fly. A varsity schedule is being arranged and some of the best schools in East Tennessee are being carded to give opposition to the Maryville net warriors. The schedule has to be confined to teams in this section due to the lack of funds upon which we might lay our athletic hands.

SPRING TIME AND COLLEGE ATHLETICS

Athletically speaking, almost every day is a red letter day for Maryville. It seems that everybody has the idea of exercise now that King Winter has ceased to reign and the tinge of Spring is in the air. The activities are many and varied.

In the first place our Varsity baseball is on the field every afternoon going thru the strenuous pace set by Coach Honaker. Our track team under the direction of Coach Thrower is getting in condition for that all important class with Tennessee on Saturday.

On another section of the athletic field the class teams are practicing for their games in the near future.

The tennis courts entertain a capacity crowd all day long. All the boys' courts being filled and most of the girls' courts.

Every day finds quite a few cavorting around in the placid waters of the swimming pool. The horseshoe court is usually occupied by a few fellows who are preparing for the tournament. The gymnasium classes meet every day, some playing volley ball, basket ball, tumbling and some hiking. Several men are found each afternoon in the gymnasium going through strenuous workouts in preparation for the wrestling tournament.

With all these activities going on there are not very many couples left to moonshine, but those that are left, are on the job. We are mighty glad to see so many students participating in the various sports and hope that the number will constantly be enlarged. Thus will our slogan "Athletics For All", be realized.

SIX-FOOTERS AT STATE ORGANIZE FOR COMFORT

Altitude is the principal qualification for membership in the newest Ohio State University organization.

It is known as the Daddy Long Legs Club. The organization is national in scope.

Some of their objectives are: taller women, higher awnings and doorways, longer berths in Pullman sleepers, longer beds, longer bath tubs, higher telephone booths, higher steering wheels in autos and more space between seats in autos and theaters.

B. H. Goldsmith, Columbus, is one of the organizers. He is 6-feet two and a half. The longest member is Rodney B. Ware, sophomore in the engineering college, who measures 6 feet and 6 inches. The shortest member is Alex Klain, varsity football player, who tilts the yardstick at a scant 6 feet.

Gov. Donahey, who measures 6 feet 1 1-2 inches, is a charter member. So is Dr. J. W. Wilce, football coach. who measures 2 1-2 inches over 6 feet.

FURMAN DEBATE ON NEW PLAN ENJOYED

(Continued from page one)

ideals and principles; since America does not have to fear entanglements with the League of Nations as the alleged connection of the World Court with the League does not exist. The affirmative also showed by an analysis of the five reservations that there are no real reasons for them.

The negative met these arguments by showing that the U. S. must have reservations because of the dangers of entering the World Court. The U. S. must exercise caution since the World Court is constituted by the League of Nations and the U. S. does not wish to become associated in any way with the League. The U. S. must therefore have a definite understanding of her attitude towards the League before she enters the World Court.

A pleasant feature of the debate was the informality and the friendly exchange of wit. This created a more personal relation between the speakers and the audience than is usually enjoyed. The open discussion at the close of the debate was an added feature and proved successful. The students who have been questioned are almost unanimous in their verdict that a non-decision debate is preferable to one in which a decision is given. It is possible that this successful trial with Furman University may result in a new era of debating for Maryville College.

"Y" NOTES

We are always glad to hear of improvements so we look with pride on the new curtains that the Nu Gamma girls are putting in the "Y" reading room. Some new books are being added to the library, too. New curtains will be hung in the assembly room. The old cabinet is purchasing Hoffman's "Christ" which will indeed be a welcome addition to the auditorium.

The installation services of the new cabinet will be held Sunday April the 11th. The following Monday the new cabinet spends the day in Montvale to discuss the plans for the coming year.

An article in the Clemson Tiger told of another excuse for cutting classes. It seems they have had trouble with their heating system, especially that part of the system which determines whether their Saturday night bath shall be cold or hot. One boy cut a class with the hope of getting ahead of the mob and getting a hot shower.

Andy Smith, football coach at the University of California for many years, died of pneumonia. The body will be cremated and the ashes thrown on the football gridiron at Berkeley.

Most of us kicking about where we are should be glad we aren't where we are not.

SOPHOMORE CLASS HISTORY REVIEWED

(Continued from page one)

of the present terminal). Numberless boys and girls are pouring down the train steps bearing heavy luggagge, and if it were not for the kindness of the "Y" helpers very few quite probably would reach their destination. Having deposited themselves and their belongings at either Carnegie or Pearsons they are introduced to Pearsons rice and apple sauce.

As the scenes one after another followed in quick succession they went through diversified experiences—Chemistry and moonshining, financial affairs ad a class party, Trig. and breakfast hikes, May day and freshman themes, U. T. game and decorated water-towers, faculty reception, compulsory church attendance and snipe-hunting.

The second reel is a year later. The leading characters arrive a few days early to attend the Montvale Conference. I see many of the groups of last year among the "Y" helpers.

Though the freshness of the class is worn off still they must go thru the ordeal of Systematic Discourse and required history.

I see some of them new assistants in the heretofore hated Chemistry and in the despised Genung's Rhetoric. Others represent the class in Pi Kappa Delta, Maryville College Players, the Glee Singers, Varsity football, the "Y" cabinets, and the college publications.

A very vivid scene takes place in Dr. Gillingham's room when the class elects the editor and business manager for the 1927 Chilhowean. The result of this election indicates the certainty of the best annual ever published.

However, the most outstanding scene in the second reel was the planting of the class cedar tree. Just before a very impressive program the town clock struck the hour of one.

The next scene showed the Sophomores preparing their edition of the Highland Echo. The hour is between 12 and 1. In one room two girls sit at a table which is covered with sheets of scratch paper and worn out pencils. One lone candle endeavors nobly to dispel the darkness of the room. A well-worn dictionary is very much in evidence. The town clock strikes one. The scene changes to Carnegie then this, too, dims and fades away. The curtains meet again as the odor of burning film fills the house. A confused disorder follows in the midst of which it is announced that the remaining two reels will be shown at a later date.

I arose and passed out with the throng to the strains of "Orange Garnet! Float forever, Ensign of our Hill. Hail to thee our Alma Mater! Hail to Maryville!"

Time, like a lot of other things, is no good unless it's used.

PERSONALS

The many friends of Myrtle Ardis, of the class of '25, who is teaching expression in the High School in Wilmington, Del. this year and also acting as Director of Dramatics in this school, will be interested in the following comment which appeared in a recent issue of a Wilmington newspaper. "The almost professional poise of the production of "The School For Scandal", presented last evening by the February class of the Wilmington High School surprised many who had not before taken an interest in high school dramatics. For the first time in the history of high school dramatics a large crowd was turned away because all available space, had been taken. Many of the audience expressed the opinion that this play was the best ever given at the school, either by a class or by the dramatic club as a whole. Miss Myrtle Ardis, dramatic teacher at the school, deserved much praise for her able coaching of the play. "The School For Scandal" will be given a second time. Miss Ardis is a graduate of the Expression Department of Maryville College and her success as a director of dramatics is well merited.

Evelyn Sherrod returned to school this week after a week's absence. She was called home because of the illness of her mother, whose condition is now improving.

Emma Herr, who has been ill with an attack of the flu, received a visit from her mother, Mrs. Frank Herr, and her sister, Mrs. Marie Groth, both of Fairfield, Ohio.

Mary Elizabeth Woodard has as her guests her mother, Mrs. Lida Woodard, and Miss Elizabeth Richardson, of West Liberty, Ohio.

The friends of Miss Crawford will be glad to know that she is improving from an attack of the measles which has confined her to the hospital for several days. It is hoped that she will soon be entirely well.

Mrs. G. W. McGill of Wheaton, Illinois, is visiting her daughter, Effie McGill.

Miss Blanche Runyan and Miss Ruth Rogers, students attending the University of Tennessee, were the guests of Sarah Portrum over the week-end.

In a recent edition of the Harvard Lampoon appeared a cartoon of a Radcliffe girl looking into a mirror, captioned, "The Only Examination a Radcliffe Girl Can't Pass."

From Radcliffe came the retort courteous, "There are three things a Harvard man can't pass gracefully. 1. A football. 2. A bargain counter. 3. Out."

The Harvard Lampoon made doubtful apology by reprinting the same picture with the new title: "The Only Examination a Radcliffe Girl Can Pass."

We heard a sad story the other day—the story of a clerk who remarked to his boss, "I'm taking a correspondence course on how to get more money."

"It won't do any good", said the boss. "I'm taking a course on how to keep down expenses."

—The Javelin, Crane Tech.

First Girl: You'd think a lot of these dormitory boys were basketball stars.

Second Girl: Why? Because of their footwork in getting to the table?

First Girl: No, because of the way they dribble their food while eating.

Perhaps owls are considered wise because they stay in bed all day.

Easter Morning She Walks in Beauty

Fresh as a daisy, modest as a violet, exquisite as a lily on Easter morn. Charming bonnet, becoming gown, distinctive footwear and blending hosiery make a perfect ensemble as she walks in beauty.

FIFTEEN RAHS FOR DEBATE TEAMS

VOL. XI. MARYVILLE, TENNESSEE, FRI., APRIL 9, 1926 NO. 25

FIRST RECITAL OF EXPRESSION CLASS ON MONDAY NIGHT

Misses Scales, Hysinger, and Hoyt, Appear In Opening Graduate Recital.

EXPERIENCED ARTISTS

Will Combine To Give One-act Play "Hearts to Mend" By Overstreet.

The first graduate recital of the Expression Department for this year will take place next Monday evening at eight o'clock in Voorhees Chapel.

The program Monday evening, as will be the case with other programs during the year, includes three readers. Those appearing in this program are all well known to Maryville audiences.

Miss Vera Scales will read a selection from ''Every Woman'', a story with which everyone is acquainted. Miss Scales is a gifted reader, and has appeared before Maryville audiences several times, always having been well received. Miss Scales has taken leading parts in two plays this year. She played in the College Players' production entitled ''A Bird's Christmas Carol'', and in the Athenian play ''The Fortune Hunter''.

Miss Catherine Hysinger will read a play by Brighouse entitled ''The Maid of France''. This is a gripping story, with a strong emotional appeal, affording ample opportunity for the exercises of the talents which have been displayed by Miss Hysinger. Miss Hysinger demonstrated her talent in the Alpha Sigma play ''You and I'', in which she took a leading part.

Miss Elizabeth Hoyt, who will always be remembered for her clever and charming impersonation of Mrs. Ruggles in "The Bird's Christmas Carol'', will read ''Glory of the Morning'', by Leonard.

These three readers will also give a one-act play ''Hearts to Mend'', by Overstreet. The program will end with some vocal selections by Miss Eleanor Franklin. The program offers a wide variety of material, and promises to rank with the best that have been presented at Maryville.

REPRESENTATIVE OF RED CROSS COMING

Will Conduct Life-savers Institute and Course in Advanced Swimming at Pool Next Week.

Captain John L. Reese field representative of the life-saving corps of the American Red Cross will conduct a life-savers institute and an intensive course in advanced swimming here April 17 to 21.

The requirement for entrance in the institute will be a fair degree of proficiency in the art of swimming and diving and membership in the Red Cross. Separate classes will be held for the boys and girls. The institute is being conducted under the auspices of the college Y. M. C. A. and the Red Cross of Maryville.

All those interested see: Walter Buchanan for the boys; for the girls see: Theo Belk.

This is something new for Maryville College, and everyone should take advantage of this opportunity of improving his method of swimming and also to learn the fundamental principles of life-saving. There should be no one graduating from the college who cannot swim at least some. This is also

(Continued on page four)

HIKE WEDNESDAY

The last mountain hike of the year will take place next Wednesday. Arrangements have been made by Joe Gamble, president of the Student Council to secure a special train for the venture. The train will leave Maryville at seven o'clock in the morning and will leave Calderwood on the return trip at four o'clock in the evening.

A vote will be taken in chapel tomorrow morning to determine approximately how many students will make the trip. Two hundred tickets must be sold before the railroad company will run a special train.

BLUE RIDGE IS "Y" TOPIC NEXT SUNDAY

Men's Association To Pay Half Of Expenses of Delegates to Summer Conference at North Carolina Resort.

The chairman of the delegation committee of the Y. M. C. A. is enthusiastic over the decision of the Y.M.C.A. cabinet to pay one half of the expenses of five delegates to the Blue Ridge Conference this coming summer. In former years the students have always had to pay their own expenses adding to the sacrifice of time that of money. No doubt, the decision of the cabinet, together with the fact that money may also be borrowed from the Y. M. C. A. store fund to go to Blue Ridge, will make it easier for the delegation committee to do the work assigned to its members by the cabinet.

A ''Blue Ridge Meeting'' has been arranged for next Sunday afternoon at one o'clock at Bartlett Hall, given by students who have been to Blue Ridge. They will tell what Blue Ridge is, how it feels to rub elbows with several hundreds of other students from the South, and what there is to take home from Blue Ridge.

While the program is primarily intended to cause students to think about the possibilities of the student conference next summer, it will also be entertaining for all the phases of Blue Ridge will be touched. L. E. Milling and Robert Bishop will tell of the athletic and social aspect of the conference. Charles Johnson and Ernest Frei will relate their impressions of the lectures, open forums, devotionals and Bible studies. Margaret Lewis will sing special Blue Ridge songs and Edward Hamilton will close the meeting with a summary of what Blue Ridge means to the Maryville College Y.M.C.A. and the student body.

All boys are cordially asked to come to this meeting and hear something that is of interest to them, and after the meeting to consider seriously whether they should go home next June or attend the conference at Blue Ridge.

Come, listen, and think it over.

Agnes Houghton had as her guest last week her mother, Mrs. E. E. Houghton of Birmingham, Alabama.

Sara Howe has returned to her classes after several days absence caused by an attack of the measles.

Vera Slagle is recovering from a case of the measles and has just returned from the hospital.

Debate Team Wins Decision Over Berea

Judges Vote Two to One In Favor of Home Team in Contest With Kentucky Team.

Last Wednesday the Maryville Negative debate team won a two to one decision over the team from Berea College. The question was: ''Resolved, that the Constitution should be so amended as to give Congress the power to legislate in regard to Child Labor.''

This was a dual debate, the Maryville Affirmative team journeying to Berea. On this trip into Kentucky the Maryville team will also engage Centre College in a forensic duel. A contest was also scheduled with Georgetown for this trip, but for some unaccountable reason, Georgetown called it off. Those making the trip into Kentucky are: Charles Johnson, Phay Downey and Gordon Harold. The debate at Centre College will be on the Open Forum Plan with no decision rendered by judges.

The debate with Berea here last Wednesday was interesting in every respect. The Berea debaters showed remarkable ability in presenting with forceful oratory their side of the question. The Maryville men, however, presented their side in a most logical manner and won the decision of the judges. The judges were: Prof. Jno. C. Hodges, Prof. W. G. Smyth and Prof. Alwin Thaler.

The Berea men brought out the point that Child Labor is a nation-

(Continued on page four)

HIGHLANDERS CLASH WITH U.T. SATURDAY

Baseball Team Travels to Knoxville Tomorrow; Three Games Scheduled For Next Week.

Unless rain interferes, the Highlanders will meet the University of Tennessee baseball nine at Caswell Park tomorrow afternoon as the opening game on the Maryville team's schedule.

Between having games cancelled and having games rained out, it seems that the Orange and Garnet nine will not get to play as many games as they had anticipated at the beginning of the year. The season was booked to be opened on April 3 with Tusculum, and the Knoxville Smokies were due to be here on the 5th, but both of these games were cancelled. Then nature interfered with the next two games. The games scheduled with the Smokies and also the one with the University of Tennessee were both rained out. However, from all weather reports, the Highlanders will open the season tomorrow afternoon at Caswell Park.

Coach Honaker will probably start the game with the following line-up: Clemens, catcher; Harvey or Smith, pitcher; Shores, first; Shanks, second; McCall, shortstop; Givens, third; Cartwright, left field; Stone, centerfield; Mischlich, left field.

Unless some unforseen circumstances arise, the Maryville team will play three hard games during the next week. The sluggers from Lincoln Memorial University are due here on Monday. Then Coach Honaker will take his team for a two-day stand at Jefferson City to engage the Fighting Parsons of Carson-Newman College. There is a possibility that the Knoxville Smokies will come to Maryville for a game on Monday. This game is pending, but there is every possibility that the team will be brought here.

MAY QUEEN ELECTION

The May Queen for this year's May Day exercises will be chosen by the students of the college in an election the first part of next week.

The four college classes nominate one of their number as a candidate for this honor. From the four girls, thus chosen, the May Queen will be selected. The Junior and Senior classes have already selected their candidates. The Sophomore and Freshman classes have not, as yet, chosen their candidates. Martha Anderson was chosen by the Senior class, and Eleanor Franklin was selected by the Junior class. Approximately 100 students will take part in this year's program. They are hard at work, under the tutelage of Miss Norton, preparing an elaborate program.

Y W CABINET TO BE INSTALLED SUNDAY

Installation To Take Place At Vespers—Intend to Make Trip To Montvale, Monday The 20th.

The new Y. W. C. A. Cabinet begins work this week. Already plans are being made for the coming year which promises to be an active and progressive year for the Association. The new members of the cabinet are very much interested in their duties, and everyone is looking for great results from them.

The installation service for the new cabinet will take place after the vesper service, Sunday evening. The service is inspiring to all members of the Association as well as to the old and new cabinets. Everyone is welcome.

The incoming cabinet met Thursday to discuss some of the work that must be done in the near future. Monday, the twentieth, they go to Montvale to complete as nearly as possible the plans for the coming year. The cabinet is looking forward to doing some practical work and enjoying the fellowship and good time. The programs for the devotional meetings will be discussed, also plans for the Y. W.'s part in the publication of the Maryville Hand Book. One of the most important matters that will be taken up will be the planning of the Montvale Conference that is held the week-end before school opens in the fall. It is very important that every cabinet member should go to Montvale, and help in the work, enjoy a good day of fellowship, and partake of the eats.

The Association is looking forward to a year of helpful service. Every cabinet member will be glad to receive any suggestions, and wants the members of the Association free to ask and give any information or help necesstry, because after all the cabinet is for the association and at the service of its members.

Y. W. also hopes to work together with the Y. M. in planning and carrying out the work of the year, and in creating a Christian Fellowship among the students on the Hill, which is really the ultimate aim of both Associations.

Miss Anna Shockency of Eminence, Ky. was the guest of Mary Swain Tuesday and Wednesday of this week.

''Mama, why does that man wear a toothbrush in his coat lapel. Isn't he funny''

''Hush, dear. That's his college emblem. He comes from Colgate.''

—Belle Hop

HIGHLANDERS LOSE II FIRST TRACK MEET OF YEAR TO TENN.

University Humbles Maryville Runners In The Opening Contest of Season.

SCORE 82 TO 49

Edsall Is High Point Man By Copping First Place In Both Hurdles.

Maryville College track artists lost their first meet last Saturday with the University of Tennessee, by an 82 to 49 score.

Maryville placed first in only five events, which is rather a poorer showing than that of last year's team, but with a little practice and with the changing of a few men in some events, the team is expected to accomplish considerably more in the next meets. Edsall was high point man for the Highlanders by annexing first places in both hurdles. Lamar Milling copped first place in the 440 yard dash; McDonald obtained first place in the javelin; Billy Crawford secured first place in the broad jump.

The next chance the men will have to display their wares will be in the inter-class meet which will take place on the 17th of this month. Coach Thrower will be able to get a line on the ability of his men in this meet, and can thus have them primed for the next intercollegiate meet which will not take place until the first part of May.

Following is the summary of the events in the meet with the University of Tennessee:

100 YARD DASH—Barnhill (Tennessee) first, time 10.3 seconds; Jones (Tennessee) second; Wood (Maryville) third.

SHOT PUT—Jackson (Tennessee) first, distance 36 feet 2¼ inches; Holland (Maryville) second; Deadrick (Tennessee) third.

MILE—Warner (Tennessee) first, time 5 and 7⅓ seconds; Mann (Maryville) second; Courtenay (Maryville) third.

POLE VAULT—Burkle (Tennessee) first, height 10 feet 3 inches Milling (Maryville) second; Hol-

COLLEGE MAID SHOP MAY HAVE BUILDING

Mrs. McMurray Maintains New Quarters Are Needed Because of Increase of Work In Department.

We may soon expect a new building to rise from our campus. Mrs. McMurray, the head of the Home Economics Department, has been insisting for several years that a separate building is needed to house her department and its ovrgrown offspring, the "College Maid'' shop. We might suppose that a new building was needed for the shop alone from the figures furnished by Mrs. McMurray. The shop uses fifty machines, ten motors, and hemstitching, cutting, and tailoring machines. Nearly a hundred girls work here, cutting and sewing the garments to be turned over to other girls for embroidering. Over two hundred girls are engaged in embroidering the garments. Some 8,000 yards of cloth are used each month in the shop.

The products of this unique shop are sent to the biggest wholesale houses in the country, some of whom are: Marshall Field and Co., Chicago; Loveman-Joseph and Loeb, Birmingham; The Marston

A REFORM NEEDED

For once there has been an election of the editor of the *Highland Echo* without the intervention and interference of the so-called college politics. In previous years college politics in connection with the election of editor had centered around the literary socieites. We again reiterate that for once there has been an election without the influence of politics being present.

But one thing was especially noticeable at the last election, and that was the few that were present at the meeting. It cannot be that the students thought that the election was unimportant, but we do believe, that the laxity in attendance was due probably more to the general apathy of the students in regard to elections as a whole. However, we feel that the time has come for a change the manner of electing the editor of the paper, and also in the manner of choosing and distributing the work on the staff. A proposition which will solve the difficulty, we feel will be proposed soon, and we hope will be accepted. Unless it is, or unless some other plan is presented, we are sure that the maximum of efficiency will not be secured in the running of the paper.

We realize that the paper has managed to get along fairly well for ten years or so since it was begun under the present system. But we must also remember that people got along fairly well without all the modern inventions and conveniences which we have today, but generally as soon as better ways of doing things are found, people discard the old and accept the new. However, all changes and innovations are usually slow to be adopted, and we suppose that this system will be kept as long as possible. Nevertheless, we are urging a change which we are sure will prove beneficial and helpful to the school and to the school paper. We have been running each week a number of communications received from other schools telling of the method in use there. From these, in connection with our own experience, we will formulate a plan which we believe will be best applicable to our own paper.

TEMPUS FUGITS

For some time back, there has been something on our minds that we have wanted to speak about, but have lacked either the inclination or the courage to do it until now. Maybe, since there are but a few weeks left of this waning year, we can stem the tide of ire that is sure to arise.

Most teachers stress the point of punctuality of students, and especially in connection with getting to classes on time. Punctuality is truly a virtue, if cultivated, and is one possessed by not an overly large percentage of people. But here's the point. There has been an increasing tendency upon the part of some professors to prolong their classes long after the bell has rung. The students are supposed to be allowed five minutes to change classes which is plenty of time for anyone going from one room on the campus to another—provided they have five minutes. Of course the fault of the students getting to classes late is not altogether the fault of the teachers dismissing classes late but it also is due to the fact that students generally utilize this time to get in a little extra moonshining.

Even those students who are usually punctual to classes naturally fall into the habit of getting to classes late, because if they get to classes on time they must wait several minutes for the classes to begin. So if punctuality is to be developed in starting classes on time, it must be in cooperation with both the students and the instructors. Instructors should dismiss their classes when the bell rings and the students should endeavor to be present at their classes on time. Now is the time for the students to cultivate this habit. However, it is almost impossible to make a beginning when some teachers start classes five minutes late and then keep the class five minutes overtime while endeavoring to make up the time that was lost in starting the class late.

BLUE RIDGE

"How deep is a well that has never been dug? It is evident that someone must dig before there is anything to measure." If we compare our Y. M. C. A. accomplishments with a well, we may ask ourselves how much has been done, and who has done the digging. We can justly say that the Y.M.C.A. has become a fixed part of Maryville College by virtue of its achievements among the students, and in almost every instance, we find that the leaders were men who have been to Blue Ridge. From there the new ideas, which they worked out, were brought home. For instance, the idea of the friendship council, which is now an inseparable part of the Y. M. C. A. program, has been brought from Blue Ridge. The man, who made the Sunday afternoon meetings so successful last year, spent last summer at Blue Ridge. The Y. M. C. A. cabinet is therefore to be congratulated on its decision to pay half of the expenses for five delegates to Blue Ridge for the coming conference. It will prove to be a wise investment, and its result will be beneficial for the Y. M. C. A. and the student body at large. Blue Ridge trains the students to think, causes them to raise their standards, and brings them into contact with hosts of students from other southern schools. All these things educate men for leadership and for unselfish work, which will mean the holding up and strengthening of old traditions of our Y. M. C. A. and our Alma Mater.

—Ernest Frei

WAKE FOREST COLLEGE WAKE FOREST, N. C.

(Editor's note: The Echo is printing each week communications received from other schools regarding the method they use in governing their college paper).

The Editor of the Old Gold and Black is elected by the student ly concurs in the recommendation of the out-going staff and Editor. However, the student body generally concurs in he recommendation of the retiring editor. Additional nominees may be submitted to the student body for election, but precedent and custom usually give the nominee recommended by the staff the election. The Business Manager is elected in the same manner. Of course, this custom is subject to change, but in very few instances has this occurred at Wake Forest.

At present the Editor and Business Manager are given no college credit or salary. However, there is a movement on foot now to remedy this. In the event that the paper has a surplus in the treasury at the end of the year, it has been the custom that this should be given to the Editor and the Business Manager.

There is a department of journalism at Wake Forest, and as it happens a number of the staff are registered in the department. However, this department exercises no jurisdiction over the college publications. There is no faculty censorship.

Best wishes to the Highland Echo.

Yours truly, Tom Baker.

Thirty-six senior co-eds at Denison university now may have the privilege of attending theaters at Newark in company with men.

Not only that, but they can go riding with men in autos.

And what's more, they can:

Have "dates" at any time except Sunday morning.

Stay out until 11 o'clock on Friday and Saturday evenings.

Have an unlimited number of week-end visits away from the school.

The privileges, announced by Dean Abbie L. Tuller, come as a reward for strict observance of the university's rules for women, under a system of rewards and penalties inaugurated last fall.

Not one of the senior women was found guilty of breaking a single rule, and the reward now places the co-eds upon "their honor to uphold the dignity and integrity of the university in every way."

Spring isn't a season—it's a feeling.

NO ECHO NEXT WEEK

There will be no issue of the Highland Echo next week. There will be another one missed. As there are only supposed to be thirty issues each year, six editions must be omitted during the school year, so we are missing next week in order to be able to get out a paper the last week of school.

A pessimist is a student who studies both for his daily work and for the final exams.

The Ox Woman

On an East Indian farm, where the crop is tea, a wooden plow turns up the rich black soil. A woman drives, another woman pulls—and a black ox pulls beside her.

Six hours under a tropical sun, a bowl of cold rice—and six hours more. Then the woman goes to her bed of rushes, and the beast to his mud stall. Tomorrow will be the same.

The American home has many conveniences. But many American women often work as hard as their Oriental sisters. They toil at the washtub, they carry water, they churn by hand—all tasks which electricity can do for them at small cost, in half the time.

The labor-saving possibilities of electricity are constantly becoming more widely recognized. And the social significance of the release of the American woman from physical drudgery, through the increasing use of electricity in and about the home, will appeal instantly to every college man and woman.

The electric light, the electric iron, the vacuum cleaner—the use of electricity on the farm for pumping water, for milking, and for the cream separator—are helping to make life happier. General Electric research and engineering have aided in making these conveniences possible.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-18.

LITERARY SOCIETIES

Theta Epsilon

Now that the Easter parade is over let us journey to Japan. A beautiful Japanese program is being planned for Theta Saturday evening. The scene will take place in a Japanese tea-garden. You will enjoy the Japanese songs and readings. Come to Theta at 7:15 and feel at home with your Japanese sisters. Since we have a rug on our floor it will not be necessary for you to remove your shoes upon entering, but we are inviting you to take tea with us in Japan Saturday evening.

—*E. Cox, Editor*

Bainonian

Girls! Have you heard the news? Saturday night there will be a poverty party in Y. W. Reading room given by Bainonian. This is not a tacky party, but a sure enough poverty party. The requirements are that each person come looking as poverty stricken as possible, and bring ten cents in pennies.

If you have noticed the draperies and curtains in our hall, you are aware that we need new ones, it is for this purpose that we are having this party.

Every one is invited. So Bainonians, we are counting on a hundred per cent in attendance. Come and remember you will be fined for some of the things you wear. Bring your ten pennies, you'll need them.

Last Saturday night a very appropriate Easter program was rendered.

—*Marie Elmore, Editor*

Athenian

Members of the Athenian Literary Society, Athenian is counting on you to be present next Saturday evening. Everyone realizes that it is hard for one to keep from leaving Maryville, or going to town, or at least moving around these beautiful spring nights; but remember there is something drawing you to Athenian next Saturday evening. Come and see what it is, and give the speaker your support. You will have enough time after the society to go to town and spend your *weakly* allowance, and see all of Maryville.

At the last meeting there was an interesting program given on the subject, "Baseball". Those fellows who were present enjoyed a dandy program.

Come to the next meeting and see what good treats you have been missing. Don't forget our watchword "Loyalty". Bring some one with you and be on time Saturday evening 6:45.

Two students comprised the first graduating class at Cornell College, Iowa. As there were but two of them, they did the natural thing and married each other on their commencement day, thus forming a permanent alumni association.

The girls at Converse College declare their ideal man must be twenty-six and wear number ten shoes.

Tests at Princeton show that the vocabulary of the average senior is now 16,500 words, or a gain of 1,000 words in the last ten years. No wonder, one must remember the greater number of slang words that this generation has to pick from.

Mother: You got everything alright, dear, but did you ask the grocer how he sold his limberger cheese?

Johnny: Yes, Mother, and he said that's what he often wondered himself.

SONGS, AND THOSE WHO LIKE TO HEAR THEM

I Love Me—William Seaton; The Sheik—Pat Shores; Sweet Man—John Crawford; Charley, My Boy—Maryanna Cathey; O' Catherine—Joe Gamble; My Sweetie Turned Me Down—Dot Bogley; Show Me The Way to Go Home—Logan Mount; Moonlight and Roses—Wilbur Franklin; Peter Pan—Ruth McMurray; Somebody Stole My Gal—Dick Smith; Three O'clock In The Morning—Marian Swallow; Jealous—Albert Cook; Won't You Tell Me Mary—Julian Johnson; Who's Sorry Now—S. H. Osborne; You May Be Lonesome, But You'll Be Lonesome Alone—Bobbie Burns; Tame Wild Women—Shorty McCall; Sweet Georgia Land—Lois Smith; Charleston Blues—Theo Belk; I'm Looking For Christine—John Geasland; I Ain't Nobody's Darling—Jean Hagood; I'm Going Out When Lizzie Comes In—Trigger Morris; K-K-K-Katy—Maynard Dunn; Just A Sailor's Sweetheart—Boggie Boggess; Tie Me to Your Apron Strings Again—Spivey; I Want Somebody To Love Me—Jimmie Rule; Five Foot Two Eyes of Blue—Pat Farrar; That Red-Headed Gal—Billy Givens; That Certain Party—Billie Fritzsche; Lonesomest Girl In Town—Dixie Lewis; I Wanna Go Where You Go—Bob Jensen.

Mrs. H.: How much is them plums?

Grocer: Ten cents a peck.

Mrs. H. (disgustedly): What do you think I am—a bird

—The Green Onion.

The athletic committee at Northwestern is thinking of erecting a field house to care for indoor sports. The proposed house will seat 10,000 people and will cost over $600,000.

JACKSON WHEATLY VISITS

Prominent Member of Last Year's Freshman Class Spends Easter on Hill.

Jackson Wheatley, a member of last year's Freshman class spent the week-end with his many friends on the Hill. Jack is attending Penn State College, located at State College, Pa. Wheatley was a member of the Echo staff for a time last year, and was also prominent in all class activities. He made the trip from State College in company with one of his classmates at Penn State. Jack assured all of his friends that he was glad to be back and remarked that he probably will return for another visit at the close of the school year.

CHARLESTON MENACE

The Charleston menace is now stalking the American colleges, according to news reports from all parts of the country. If these stories are credible the present rage will leave in its path a swathe of ruined buildings unequalled in extent in this country since Sherman's memorable march. In fact Georgia may, if she wishes, claim the honor of the first collegiate catastrophe. A floor caved in at the State College for Women at Atlanta. Nearly 500 girl students were "prancing furiously in attempts to learn the new dance when the floor collapsed with a loud crash."

Here and there authorities have enacted prohibitive legislation. At the University of Indiana the board of trustees has forbidden the dance in the Student Building in order to forestall the structure's collapse. An investigation is now under way to determine the Charleston's effect upon the Men's Gymnasium, where it is still permissible to execute this violent dance. Should this floor give away there would ensue a total and wholesale immersion of the heated dancers in the swimming pool below.—New Student.

DEBATE TEAM WINS DECISION OVER BEREA

(Continued from page one)

al problem and the only way to solve the problem is by cooperation between the Federal government and the states. They stated that state laws are inadequate and are not being enforced. They showed that the evil of child labor demands some immediate action.

These arguments were effectively repudiated by the home team who said that the child labor situation is being effectively dealt with by the states at the present time and that the state is the natural agency for the control of such a problem. If congress is given power to control child labor, they argued that the proposed amendment would involve a tendency toward centralization of authority in a National Bureaucracy and that the American people, as a whole, have emphatically protested such action.

REPRESENTATIVE OF RED CROSS COMING

Little Things To Lie Awake Nights Thinking About

How much time do members of the faculty spend in getting up their reading, when their turn comes to lead chapel?

—MC—

''What's a stag?''

''A dear with no dough.''

—MC—

The man who spurns the idea of evolution in the animal kingdom never followed through a week's meat course at a dormitory.

—Mc—

But the poor underpaid profs all believe in the evolutionary theory because in the awards of life all they can ever notice is the endless small change.

—MC—

Many men are like kerosene lamps. They aren't especially bright. They're often burned down, and frequently smoke; and go out nights.

—MC—

Lipp: Did you take my time?

Thrower: I didn't have to. You took it yourself.

—MC—

Prof: ''This talking has got to stop. It seems that every time I open my mouth some idiot has to talk.

—MC—

A proof of the uniformity of nature is given in the fact that a girl will close her eyes when a man kisses her and do the same thing when she takes quinine.

—MC—

The evil that men do lives after them because that's what everybody's interested in.

—MC—

College is the place where a man learns the art of tolerating a bunch of motto cards over his study table.

—MC—

Lucy: ''Are you a track man?''

Taylor: ''Say, girlie, you should see the callouses on my chest from breaking tapes.''

—MC—

''It's all over now'', said the co-ed as she finished powdering her face.

—MC—

''She gave me a wooden look''

''Beam, eh?''

''No—bored.''

—MC—

''What course do you expect to graduate in?''

''In the course of time.''

—MC—

A few weeks now and the all-American May Pole dancers will be selected.

—MC—

''I don't care to keep that school-girl complexion'', said the Soph as he brushed the powder off his coat.

—MC—

''Bill, don't leave such a big margin, you are wasting paper.''

''Who's writing this?''

''You are, but it is my paper you are writing on.

COLLEGE MAID SHOP MAY HAVE BUILDING

(Continued on page four)

Company, San Diego; and Mabley and Carew, Cincinnati.

The work of the ''College Maid'' shop interested the President of the National Federation of Women's Clubs, Mrs. Winers, and she wrote of it in an article in a nationally known magazine. The ''College Maid'' shop is doing a great work here in providing work for the girls who wish to pay some of their expenses, and it is expected to grow and enlarge its usefulness. If a new building will help it, we wish, with Mrs. McMurray that it will soon be erected.

WHAT COLLEGES ARE DOING

The average age among the college presidents of New England's thirty colleges is 54.6 years. The youngest is 38 and the oldest 73.

Academic credit for service on the staff of the Ohio Wesleyan Transcript is being considered. It has received the favorable comment of both students and faculty members.

The University of Pavia, Italy, which is said to be the oldest university in Europe, recently celebrated its eleventh centenary.

Baylor University is attempting to arrange a debate with the University of Sydney, Australia. The Sydney team will arrive in San Francisco on April 6th and will debate several American teams.

Three women are enrolled in the University of Wisconsin College of Engineering, two in mining and one in mechanical engineering.

By official ruling of the legislative commission, Princeton University musical club members must wear garters when they make their annual Bermuda trip this winter. Front row men make it necessary that a ban be placed upon the prevalent college custom.

As the ninety seniors of Otterbein College at Westerville, Ohio marched into chapel wearing their caps and gowns three eggs were dropped from the balcony. Although they hit no one and did no damage except causing considerable disturbance in the ranks of the dignified Seniors, several students were dismissed because of the incident.

''Royal Order o' Runts'' is the newest men's organization at Ohio State University. Height of 5 feet 3 inches or less is the only requirement for memberhip. This club was formed after ''Daddy-Long-Legs Club'' had been organized by the six-footers in that school.

It seems that college debate teams are getting to travel as much as the college football teams did last fall. Ohio Wesleyan traveled all the way to the Pacific coast and now word comes of a seven-weeks tour that is being made by the debate team from the University of Arizona. An interesting point in the esterners' schedule is that they go all the way to Porto Rico the latter part of this month to meet the University of Porta Rico twice, debating first in English and the next in Spanish.

Lheigh University has one of the most unsual mascots in the country. During signal practice last season a turtle was discovered on the muddy field and was adopted by the team. After each game the score was carved on his shell.

A waffle iron is the first prize offered to the student at Washington University who sells most tickets for an all-university waffle breakfast staged by the Y.M.C.A.

Marriage between co-eds, without the consent of parents, is a serious offense at all government colleges in China. The offenders are dismissed and punished without mercy, whatever that means.

Phonographs are employed in teaching English in many schools in the Phillipines. The idea is very old. We have professors right here that sound like phonographs when they get wound up.

Miami University of Ohio has added a four-year course in athletic coaching to its curriculum. Instruction in the fundamentals of each sport and of each position on all teams is taught. A bureau is also to be established to secure positions for graduates.

FORMER STUDENT DIES

Merle Hickman Passes Away At Her Home After Long Illness.

The friends of Merle Hickman will regret to learn of her death. An announcement which was received by Miss Caldwell from the members of Miss Hickman's family stated that her death occurred on March 23rd. Miss Hickman was a student here in 1921-22 as a member of the Freshman class and she returned last fall to resume her studies as a special student. However, her failing health forced her to give up her work and she was confined to the Lamar Hospital for some time. As soon as her health would permit she returned to her home in Kansas, where she was placed in a sanitarium. It was hoped that the change in climate and the treatments of the sanitarium would improve her condition, but there seems to have been little chance for her recovery, for she passed away a short time later.

WHIM!

6 GAMES 6 VICTORIES ON TRIP

VOL. XI. MARYVILLE, TENNESSEE, FRI., APRIL 23, 1926 NO. 26

BASEBALL TEAM TO TAKE WEEK'S TRIP STARTING MONDAY

Play Six Games On Trip Into Northern Tennessee And Western Virginia

TWO GAMES WITH V. P. I.

Highlanders Have Won But One Game In Five Starts—Hold Smokies To Close Score

The Maryville College Highlander baseball team will invade new territory when they leave for a five day trip into northern Tennessee and western Virginia next Monday.

On their sojourn from their natural haunts they will encounter E. T. S. N. at Johnson City on April 26, King College at Bristol, April 27, Roanoke College at Salem, Va., April 28, V. P. I. at Blacksburg on April 29 and 30, and on their return trip they will meet Tusculum College at Greenville on May 1, for the last game of the trip.

In their first five engagements of the year the Honaker nine have only been victorious in one game. They lost two games to the Knoxville Smokies and games to the University of Tennessee and Carson--ewman. In a two game setto at Jefferson City with Carson-Newman the Highlanders won but one.

However considering the class of teams that Maryville has met the team has been fairly successful. They gave the Knoxville team of the South Atlantic League two tough battles losing each game by a narrow margin. Honaker has made two "finds" in pitcher Smith and splendid backstop in Clemens. These men have proved their mettle in the games that have been played. Gabbard, a new man, has been showing good form in the two past games that he has pitched, and will probably win several games for the home team before the season closes.

The box scores for the games that have been played are as follows:

Maryville	ab.	r.	h.	e.
McCall ss.	4	0	1	0
Shanks 2b.	4	0	1	1
Shores 1b.	4	0	1	1
Stone cf.	4	0	1	0
Cartwright rf.	4	0	0	0
Givens 3b.	4	0	0	0
Clemens c.	3	1	0	0
Mischlich lf.	2	0	0	0

COUNTY CONTEST FOR BETTER BABIES HERE

Under The Direction Of The Home Economics Department Of The School

The Methods Class in Home Economics is arranging a Better Babies Contest to be held May 10th in Thaw Hall.

The contest is under the direction of Mrs. McMurray and promises to be a big affair. The coperation of all the doctors and nurses in Blount county, the women's clubs, and the Department of Phychology, Mathematics and Home Economics of Maryville College is being secured.

All children under the age of four years and living in Blount county are eligible and the parents who wish to enroll their children can call the Home Economics of Maryville College or write to Mrs. McMurray in care of the College.

The examinations will begin at 12:45 p m on May 10th in Thaw Hall. All doctors giving service will be entertained at luncheon given by the Home Economics Department.

ORATORICAL CONTEST

Won By Carson-Newman College; Univ. of Tennessee Gets Second

Dexter Graybeal representing Maryville College last Monday at Jefferson City at the East Tennessee oratorical contest. The subject of his speech was, "The Perils and Promise of Democracy."

The schools represented were: University of Chattanooga, University of Tennessee, Carson-Newman, Tusculum and Maryville.

Glenn White, of Carson-Newman, won first place and Martin Southern of the University of Tennessee was awarded second place by the judges.

EXPRESSION RECITAL NEXT MONDAY NIGHT

Misses Harrison and Grimes In Second Graduate Recital Of Year—Jimmie Rule To Sing.

On the evening of Monday, April 26, the Expression Department, in its second recital of the year, will present two artists of unusual merit,, each reading a play.

Miss Esther Grimes who will be remembered as "Mrs Bird," in the College Players' play entitled "A Bird's Christmas Carol," will read, "Guinevere," from Tenneyson's "Idylls of a King." Miss Grimes has always shown unusual talent in her work and this graduation recital will prove no exception to the rule.

Ruby Harrison, who played in the Alpha Sigma production, "Three Wise Fools" and in the Theta Epsilan play, "Mother Carey's Chickens," will read a cutting from Bernard Shaw's great production, "Pigmalion."

In adddition to the above Miss Grimes and Miss Harrison will stage the play "Manikin and Minnekin," a delightfully amusing comedy. With two such artists as above, no one can afford to miss this recital. Miss Catherine Rule will sing at the performance which will give an evening of varied entertainment.

It is rarely indeed that a program of such merit is brought before a Maryville audience. No admission price will be charged. The program begins promptly at eight o'clock. No one can afford to miss this program as it will be one of the most entertaining recitals of the year. Those who have heard these artists before know the quality of their work and a full house should be assured.

Thirty six university women from nine different colleges and universities in Colorado and Wyoming unanimously condemned drinking, resolved that petting parties are below the dignity of college women, and exprssed themselves as believing that women's smoking is not a real campus problem in this region. The women met in the first conference of its kind held in the Rocky Mountain region at the Colorado Agricultural college.

Fraternities and sororities at the University of Nebraska have joined in a drive to force Rent-A-Ford companies to reduce their rates.

Columbia University has a special hall for foreign students. The International House, as it is called, is located on Riverside Drive overlooking the Hudson river. It is an eleven story structure, equipped with the latest and finest of American furnishings. Among the five hundred resident students there are representatives of sixty-four nations.

SENIOR CLASS WINS INTER-CLASS MEET BY NARROW MARGIN

Bishop, Edsall and Brown Place In Many Events And Enable Upper Classmen To Win

STAGED BY Y. M. C. A.

Medals Are Awarded To Winners Of First Place In Each Event

The seniors were forced to their utmost to win the Inter Class track meet held Saturday afternoon April 18th, holding a margin of only five points over the Sophomores, who were a close second in the meet. Although the Seniors captured seven firsts out of fourteen events, the meet was close all the way through and not decided until the last few events. when the points were totaled giving the Seniors first place with 54 points, the Sophomores a close second with 49, the Freshmen a total of 35 1-2 and the Juniors 13 1-2. Brown was high point man with three firsts and two third places, giving him a total of 19 points, which aided materially in the Senior victory, being over one third of all their points.

The meet was arranged by Billy Crawford, athletic chairman of the Y. M. C. A. and staged as a part of the athletic program of the Y Association. Much credit and thanks are given to the officials who were responsible for the prompt and efficent manner in which the meet was conducted.

Engraved bronze medals and an engraved gold medal will be award-

ECHO ACKNOWLEDGES EXCHANGING PAPERS

Papers Are Sent To College Newspapers In Ten Different States

The Highland Echo desires to acknowledge the receipt of the following college newspapers on exchange, during the past year

The New Student, New York City.

The Torch, Valparaiso, Ind.

Gold and Black, Wake Forest College, Wake Forest N. C.

The Wooster Voice, Wooster College, Wooster, Ohio.

King College News, King College, Bristol, Tenn.

The Pinnacle, Berea College, Berea, Ky.

Centre Cento, Centre Collegge, Danville, Ky.

The Crescent, Evansville College, Evansvile, Ind.

University Echo, University of Chattanooga, Chattanooga, Tenn.

Brackety-Ack, Roanoke College, Salem, Va.

The Citizen, Berea, Ky.

The Tech Oracle, T. P. I. Cookeville, Tenn.

The Blue and Gray, L. M. U., Harrogate, Tenn.

The White Topper, Emory and Henry College, Emory, Va.

The Tiger, Clemson College, Clemson, S. C.

Kentucky Kernel, University of Kentucky, Lexington, Ky.

The Cumberland Kick-Off, Cumberland University, Lebanon, Tenn.

The Critograph, Lynchburg College, Lynchburg, Va.

The Maverick, Tonawa, Okla.

The Orange and Blue, Carson Newman College, Jefferson City, Tenn.

The Flat Hat, William and Mary College, Williamsburg, Va.

The Reflector, Miss. A & M College, Mississippi A & M, Miss.

BOYS DEBATE

To Be Held At University Of Tennessee Monday

The last boy's debate of the season will take place next Monday evening in Knoxville. Julian Johnson and Phay Downey wil contend with the University of Chattanooga debaters in a single debate at Ayers Hall at the University of Tennessee. The Chattanooga debaters are: Harry E. Huston and Lipton Patten. The question that the debaters will discuss is the Phi Kappa Delta question "Resolved that congress should be given the power to enact legislation regarding child labor."

TENNIS TEAM GOES TO U. T. TOMORROW

Winners In Y. M. C. A. Tennis Tournament Form Team Which Will Play State University Saturday.

Never before has the spring term tournament shown and held quite as much interest as it ha this year. The weather till of late has not been very good for the fellows who intend to play off their matches, but everyone of them showed their good sportsmanship through the play and everyone cooperated with Joe Gamble in playing off their matches when they could.

Many gruelling games abounding in much dazzling and super-tennis were seen by the spectators who eagerly watched the playing of all.

There were 32 men entered in the play. There were three rounds up to the semi-finals and in these rounds there were many bitterly fought games which came to clash many times. Then the semi-finals in the upper bracket Lippard defeated Caldwell 16-4, 9-7 and in the lower bracket Swain defeated Gamble 3-6, 7-5, 67.

Both the matches were resplendid with hard volleying, good service and fast play. The finish between Lippard and Swain will be played off this week and this match is being looked forward to by many with great interst.

University of California girl students have solved the "man problem" by declaring their independence of it. Rebellious at the vry idea of sitting around waiting for patronizing men to invite them to dances and parties, they inaugurated a "no-escort league." The girls have taken solemn pledges that they will attend college functions unencumbered by any masculine guidance.

These original thinkers will make the revolutionary proposal that the girls alone do the bidding, inviting such men as they please to escort thm.

Emory and Henry College announces that they expect a record breaking enrollment at the summer session of that school. Dr. E. R. Hunter of Maryville will teach English at this summer school.

Athletes who have competed on a varsity team at another institution will be barred from representing the University of Pittsburg on a varsity or freshman squad after Sept. 1, 1926, according to a rule just passed by their athletic council.

Students at Mount Union college subscribed $50,000.00 as their quota of a two million endowment drive that is being undertaken by that school. The students will pay this sum in installments after they graduate.

MAY DAY PROGRAM WILL TAKE PLACE IN COLLEGE WOODS

Springtime Celebration Will Be Held Tomorrow Afternoon In Woods Adjoining Campus

ELABORATE PREPARATION

Over 100 Students Have Part In The Presentation Of The Program—Martha Anderson Is Queen

The May day program will take place next Friday afternoon in the college woods. The May Day exercises are under the supervision of the Y. W. C. A. and they have arranged an elaborate program.

Martha Anderson has been chosen by the students as Queen of the May and she has selected Agnes Houghton to act as Maid of Honor. Raymond Anderson will serve in the capacity of king for the occasion.

The attendants for the affair are: Eleanor Franklin and Clinton Puff; Katherine Hysinger and Roy Carter; Mary Chris Benn and Julian Johnson.

More than one hundred students will appear in the various parts of the program The participants have been efficiently coached by Miss Lynn Norton for several weeks and every part of the program will be effectively carried out.

The authorities have granted a half holiday for the occasion.

Refreshments will be present under the auspices of the "Y" stores.

PROGRAM

A peasant May Day

1.Prologue—Woodcutter; 2. Song of greeting—Peasants; 3. Coronation of Queen; 4. Queen's Welcome—Martha Anderson; 5. May Pole Dance; 6. Hungarian Folk Dance; 7. Swedish Clap Dance; 8. Wait for the wagon—Song. 9. Norwegian Mt. March; 10. Hat Box Dance; 11. Bavarian Folk Dance; 12. Mock fight; 13. No Sir—Song. 14. Silingers Round; 15. Grecian Dance; 16. Swiss May Dance; 17. Closing Chorus. 18 Recessional.

An international debate was held at the University of Southern California when the debaters of that school met a team from the University of British Columbia. The question discussed was "Resolved, that war should be declared by a direct vote of the people except in case of rebellion or invasion."

Y. W. C. A. WILL GIVE BANQUIT TOMORROW

Purpose Of Banquet Is To Promote Spirit Of Fellowship.

The Young Women's Christian Association wil hold a banquet in the basement of the Presbyterian church at 5:15 oclock tomorrow evening. A charge of fifty cents will be made. Tickets for the affair may be purchased at the Y. W. C. A. store.

The emblem of the Y. W. C. A. is a triangle. Now comes the triangular purpose of the banquet. First, to promote a spirit of comradeship among the girls. The second purpose is to tell the girls about the Blue Ridge. The speakers will conduct those present over the grounds, up the mountains and back again to the

But this is not all ,greatest there is the hope that many girls may have the desire to go and see for themselves. If those present get this far the banquet will have served its purpose.

THE HIGHLAND ECHO

Thirty issues per school year by the student body of Maryville College.

Subscription - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879

MEMORIES

"Oh Love! Could you and I
with Fate compare,
To grasp this sorry Scheme
of things entire,
Would not we shatter it to
bits and then
Remould it nearer to the
heart's desire."

Thus spoke an Oriental philosopher. After conceding that he could not change fate he sat down at the edge of the desert to eat, drink wine read poetry, and meditate. Again this is characeristically oriental. The conclusion of his meditation is also oriental, "Eat, drink and be merry, for tomorrow we die!" And so Omar reached the strange decision to do nothing at all about it.

What the years may bring no one can say. They may bring failure. But whatever they bring, we can certain about that the years will bring memories.

Those memories will vary greatly with different individuals. To some, memory will be another name for remorse and regret for lost opportunities. They will often sigh and say, "Of all sad words of tongue or pen, the saddest are these, "it might have been!"

The memories of others wil be far different. Success may have come or failed to come—yet their memories of kind deeds and lofty thoughts. They can look back through the years, and say with Tennyson:

"Fail I alone in words and deeds,
Why all men strive and who succeeds?"

So in these days of youth, these last few fleeting days of this college year, we should live so that each day sees some good thing done, some worthy ambition attained, and a new and loftier goal set.

Lincoln, that great American thinker, considering the impenetrability of fate, its mysteries, and the unsolvable riddle reached this typical western conclusion: "I do the very best I know how; the very best I can; and I mean to keep doing so until the end. If the end brings me out all right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing I was right would make no difference."

And so as the Omar Khayyan and Abraham Lincoln came the chance to decide, so chance and necessity faces all of us. We must give an answer to Fate.

GOOD PLAN IN OPERATION AT WILLIAM AND MARY COLLEGE

(Editors Note:— We are running a series of letters from editors of other college papers giving their methods of governing the college paper.)

The editor is chosen by the members of the staff of the publication for the year preceding that in which he is to serve.

The editor receives no salary. Each member of the staff, including the editor, is entitled to one semester credit from each year of service.

The business manager is allowed one half of the space in the paper. If he needs more in a special case he gets it. If there is extra copy, he yields some of it to the news. The editor and the business manager arrange this and all other matters betwen them as the questions arise. He receives the one credit allowed each member of the staff.

No classes in journalism are connected with the student weekly. The School of Journalism has its own publication.

We use two methods of completing the staff after the election of the editor and businss manager. The latter appoints his asistant, as does also the Circulation Manager. Other members of the editorial staff are elected by the staff, as is the editor. Selections are made on th basis of work already done on the staff. To provide the news staff, we hold contests open to everyone and select the reporters, special writers, and rewrite men from among them on the basis of exhibited or potential ability. Members of the staff are regularlily elected from among the reporters and others on the news staff.

Cordially yours,
GEO. W. REILLY,
Editor, The Flat Hat.

CARSON-NEWMAN

The editor of the Orange and Blue is chosen by the student body council composed of two members from each class with the exception of the senior class which has three representatives.

There is a class of journalism in connection with tht college paper.

The editor and business manager each receive six quality points a semester.

LITERARY SOCIETIES

ATHENIAN

"Etiquette" is the subject to be presenteed at Athenian Hall Saturday evening a few times during the year we hear something mentioned about culture, and as a usual thing we do not give to it very much attention. Every young man should seek to become more cultured. Etiquette shows signs of education and intelligence.

At our last meeting a "Sell The Earth" program was rendered. Many states were represented, and many good speeches given. A quartet gave some snappy music. That much heard and talked of state, Florida, sold for the greatest amount. Mr. M. Marshall who was its representative made a very good presentation of it, and was awarded the prize.

We are having great times and good programs. Come and be with us each Saturday evening at 6:45.

—YOUNG WILLIAMS
Editor.

ALPHA-SIGMA

The Alpha Sigma Literary Society presents this Saturday night a rich, rare and racy program. The program secretaries have tried their utmost to arrange some novel numbers. The result is, they have compiled some interesting and entertaining selections. For your own personal benefit, if not for other reasons, we urge all members of the society to be present. The program will consist of:

Whistling Jim ------ Logan Mount
Reading --------- Gordon Jefferies
Harmonica -------- "Billy" Seaton
Juggling ------------------ White
Quartette ------ Eitner, Cook, Jensen, and Matthews.
Advance ------------------- Puff

ADDITION TO STAFF

We wish to announce the addition of Percy Rosa to the staff of the Highland Echo. He will be assistant athletic editor. Due to the fact that Maryville College is widening her scope in regard to athletics, the increase in the work makes the addition of an assistant sport writer an imediate necessity.

NO ISSUE NEXT WEEK

There will be no issue of The Echo next week. This is the last "miss" for this year, as it will be necesary to issue each week in order to reach the contract number for the school year.

Live alligator, three feet long, is the strange mascot of a fraternity at Ohio State University.

The "dog collor bracelet" is the latest fad at Wellesley College. Scores of students are wearing this new decoration which was introduced at the college recently.

DRUGGISTS

GLEE CLUB TRIP

Yes, students the "Merry Music Makers" have been up to their old tricks again. In other words, the Maryville College Glee Singers have started upon their concert tour for this season.

Two weeks ago the "gang" accompained by Miss Lucy Harton and Miss Caldwell, left for Greenville where the first concert of the season was given. The people of this prosperous town of East Tennessee were hearty in their praise of the program presented by the "singers." The consensus of opinion was that the quality of music "put out" by this year's organization was up to the standard, and that's saying a lot.

The following night the same program was presented in Rogersville and was highly praised by the people of this town. This was the first time that any organization from Maryville College had ever presented a program in this city, so now, there is another community which is sounding the praise of Maryville College.

Our efficient chaparon, Dean of Women, Caldwell, thinks that the Glee Singers are "the berries;" if you don't believe it just ask her. Furthermore, she has highly complimented the director, Mr. Anderson, and the men in the organization upon the brand of music which is being presented. That's a pretty good recommendation.

On last Friday the great trip was made. The boys all journeyed to Loudon that great city, the home of the famous Anderson brothers. Here again the "singers" were very highly praised for their work.

Now, this town may not be such a wide awake town in some respects but take it from me, if you go there you sure will eat. If you don't believe it, just ask "Dub" Jones or Albert Cook. There are some people these two boys.

Something entirely new was tried by the club on last Sunday. The Glee Singers had complete charge of the 4 o'clock program broadcast from station W F B C, the First Baptist Church, Knoxville. A sacred program was given which was appreciated and enjoyed very much by the people present at the church, and although we did not receive any telegrams we are quite sure that the program was enjoyed by all those who listened in on station W F B C.

Now, I suspect that you are wondering, readers, just why those fellows travel around to those places and apparently get out of a lot of work and have a lot of fun. There are three reasons, that I think of just now: To entertain the people in those towns, to advertise the College to a certain extent, and to work up to that crowning event of the year to which every one looks forward with a great deal of expectation. Yes thats it—the home concert.

This home concert of the Glee Singers has come to be one of the most popular affairs during the college year. Everybody talks about it and everybody attends it. The date is May 10th; the place is Vorhees Chapel. Don't forget this entertainment because it is one of the best of the year.

MARYVILLE COLLEGE PLAYERS GO TO LOUISVILLE

Maryville College is represented this spring not only by her athletic and debate teams but by her players.

On last Friday the college truck packed with the hilarious but hard working players journeyed to Louisville. Mr. Hugh Clabough, '24 received them as only a Maryville College graduate can.

Then at 7:30 the players presented to a full house the following program:

NEIGHBORS

Stage Manager ---- Esther Grimes

Characters

Mrs. Diantha Abel ------ Kathleen Hunnicut.
Grandma -------- Jeanette Alford
Peter ---------- Paul Meikle
Inez ---------- Eleanor Collins
Mrs. Elmira Moran ------ Mildred Watson
Mrs. Trot ------Mary E. Welborn
Mrs. Carry Ellsworth -------- Vera Scales

Place: Abel's Kitchen

ASHES AND ROSES

MacKay

Stage Manager ------ Irene Brown

Characters

Kitty Clive, an actress ---------- Katherine Hysinger
Horace Walpole, a courtier ---------- Gordon Jefferies
Phyllis, a country Lassie ---------- Thelma Whittle
Roxane, maid to mistress cline ---------- Irene Brown

Place: Theatre dressing room of Kitty Cline.

THE TRYSTING PLACE

ington.

Stage Manafier ---- Elizabeth Hoyt

Characters

Mrs. Curtis -------- Ruby Harrison
Lancelos Briggs --------- Gordon Jefferies.
Mrs. Briggs ---------- Ellen Cox
Mr. Ingoldsby -------- Paul Meikle
Miss Jessie Briggs ---- Virginia Paulsell
Rupert Hughes ------ Robert Wood

Place—Hotel Lobby.

The same plays will be presented at Morristown and later at Friendsville. The Players hope that success will shine as brightly on them as at Louisville.

A course in golf has been added to the crriculum at the College of the City of New York.

VOL. XI. MARYVILLE, TENNESSEE, FRI., MAY 7, 1926. NO. 27

TRACK TEAM MEETS CHATTANOOGA TODAY IN DUAL ENCOUNTER

Highlander Cinder Skimmers Perform Today in Southern City

SLATED TO WIN

Coach Thrower's Proteges Will Endeavor to Win Last Meet Of Year

As this paper is going to press, Coach Thrower's fleet-foted runners are endeavoring to uphold the standards of Maryville College on the cinder path at Chattanooga. They are engaging the University of that city in a dual meet. Thirteen men will make the trip.

Although the local lads have been in only one meet this year, everything looks favorable that the Maryville runners will emerge with the long end of the score in this meet. The Highlander team is much improved since their contest with the University of Tennessee where they were decisively defeated. In last years meet with the Chattanooga tracksters on the home track, the visitors were beaten in almost every event. In this fray Maryville took first place in every event except the javelin and 220 which went to the University team. In this meet two new local records were set. Brock bested the local record in the discus by hurling the oval a distance of 112.7 feet. King set a new Maryville record when he ran the mile in 4:46.

With a few exceptions the crew that will meet Chattanooga today is the same that engaged U. T. at Knoxville, and if things break evenly the Orange and Garnet should emerge victorious from the fray.

The tentative Maryville entrants in the different events are as follows:

100 yard dash: Milling, T. Crawfrd, Wood.

220 yard dash: L. M. Milling, T. Crawford, Wood.

440 yard dash: L. Milling, Morgan.

880 yard dash: Brock, Lipp.

Mile run: Brock, Lipp.

2 mile: Mann, L. E. Milling.

High hurdles: Edsall, B. Crawford.

Low hurdles: Edsall, B. Crawford.

Javelin: McDonald, Holland.

Shot put: Holland, Brock.

Discus: Bishop, Brock.

Broad Jump: Bishop, B. Crawford.

AQUATIC MEET FOR GIRLS NEXT WEEK

Inter-Class Meet For Feminine Swimming Artists Next Thursday.

Next Thursday afternoon at 3:30 o'clock the girls will have a chance to try their hand at aquatic sports when the inter-class swimming meet for girls takes place.

The meet will include a variety of events and will give every girl a chance to try to aid her class in copping the meet. No swim will be longer than the distance of the pool which is 25 yards. The program is somewhat as follows:

25 yard dash, free style.

Distance plunge.

25 yard swim, back stroke.

25 yard swim, side stroke.

Fancy diving contest which will include optional performances by each competitor. Three dives should be included: straight, back and jackknife.

The feature of the day will be a 100 yard inter-class relay. The sophmores and seniors will race the freshmen and juniors.

All girls desiring to to enter this meet should communicate with Florence Muser and get enrolled. A swimming meet will be held for the men at a later date.

Junior-Senior Banquet

The Junior-Senior banquet will be held next Tuesday evening, May 11, at the Green Meadow Country Club. The cars will leave from the "Hill" about 6:15 o'clock.

The Juniors have made elaborate preparations for this feast and it promises to be one of the gala events of the year. The banquet will be served under the charge of Mrs. McMurray and will contain seven courses. Prof. Knapp will be toastmaster for the occasion. Toasts will be rendered by Miss Caldwell Robert Harvey, Robert Bishop, Martha Anderson, Margaret Lewis, Gordon Harold, Catherine Franklin, James Brown, Emma Snediker, and Dexter Graybeal. Vocal solos will be given by Robert Jensen and Eleanor Franklin. Paul Meikle will read a selection for the occasion.

"THE FOOL" TO BE GIVEN BY SENIORS

Maryville Students To Be First Amateurs To Present Play—Had Long Run In New York

The crowning event of the drmatic season will be on June 1st. when the Senior Class presents "The Fool," a four act play by Channing Pollock.

This great play will be decidedly the best in every respect that has been offered to a Maryville audience. The Seniors feel fortunate indeed in being able to secure permission to present this play. It was released on May 1st, 1926 for amateur production and the class of '26 prides itself in being the first amateurs to present "The Fool." The setting of "The Fool" is in New York City. Mr. Channing Pollock, the author, is known in every country that has a theatre and is classed among the few truly great play-wrights of today. For over four years Mr. Pollock struggled for the success of "The Fool" until in 1922 it was completed and he has enjoyed the distinction of a continuous run in New York and other great cities since. After a three year run in New York it is now the most talked of play in that city.

Its theme is the biggest that can occupy the mind, the emergence of a human being out of the material into, or towards the spiritual. Exactly what this means we have not the space to define, but, except for the most sodden, all of us can understand it. Dealing with nothing trivial or merely of today, it is vibrant with those passions and emotions of the hour which, all the same, are timeless. Energy and breadth are perhaps the qualities which "The Fool" reveals most strikingly. It is tense with life; its outlook is wide.

The cast is as follows in the order in which they speak:

Mrs. Henry Gilliam ---------- Katherine Franklin
"Dill" Gilliam ---- Agnes Houghton
Mrs. Thornburg ------ Vera Scales
Mr. Barraby -------- L. E. Milling
Mrs. Tice ---------- Louise Tron
"Jerry" Goodkind ---------- Edward Hamilton
Rev. Everett Wadham ---------- George Gillingham
Clare Jewett ------ Ruby Harrison
George F. Goodbread ---------- Raymond Anderson
"Charlie" Benfield ---------- Dexter Graybeal
Daniel Gilchrist ---- Dewey Eitner
A poor Man -------- Chas. Johnson
A servant ---------- Paul Cragn
Max Stedman ------ Clyde Lippard
Joe Henning ---------- Joe Gamble
Unanski ---------- Robert Bishop
Grubby -------- George Gillingham
Mack ---------- Paul Cragn
Many Margaret ---------- Virginia Paulsell
Pearl Henning ------ Esther Grimes
rf And umn minos of erpersons b
And a number of other persons of minor importance.

Debate Teams Have Sucessful Year On Platform

Men's Varsity Wins 4 and loses 1; Girls Break Even For Year

NEW PLAN AUTHORIZED

Class In Debating O. K'd By Pi Kappa Delta; Course To Be Open To All

A summary of the 1926 Debate season is more pleasant than were the prospects last September. So far particularly, as varsity men were concerned, there had been severe losses through graduation, and there were only two men on the Hill who had more than one year of experience in college debate. An even break on the season was a sanguine hope in September, but thanks to a fine spirit of cooperation and willingness for hard work, as well as to the satisfactory development of the one-year men, and the discovery of three new men of unusual ability, the season was a success in evry way.

Speaking numerically, there were four victories and one defeat for the men's teams. Victories, all by 2-1 votes, were achieved against King at Bristol, Chattanooga at Knoxville, and Tusculum and Berea at home. The one defeat was by 3-0 at Berea. Two men, Ed Hamilton and Charles Johnson, are to be lost by graduation. Both have debated two years and have made splendid records. Three men, John Crawford, Phay Downey, and Joel Morris, all Juniors, made the teams for the first time this year, turned in fine performances and promise great things for 1927.

Julian Johnson and Merle Marsh all debated for the third year and were both on winning teams. Johnson

(Continued on page 4.)

RACQUET ARTISTS TAKE WEEK'S TOUR

Varsity Tennis Team Plays Colleges On Trip Into Northern Part of State.

The Varsity tennis team left Monday morning on a weeks trip whrich will take them into upper East Tennessee. Here they play the following games: King College, Wednesday, East Tennessee Teachers, Thursday, Carson-Newman, Friday and L. M. U. Saturday.

This is a hard schedule. The men who are facing this opposition are Capt. Joe Gamble, Bill Swain and Red Calfee.

Last week they broke even, being defeated by University of Tennessee at Knoxville 3 to 1, but revenged themselves at the expense of the Teachers from Johnson City by defeating them 3 to 0 on May day.

The seniors defeated the frosh 11-5 in a match which was full of interest and many sinscintillating plays were pulled both good and bad.

In the second game the Juniors defeated the sophs 8-6 This was a pitching battle between Rosa and Dunn.

The final game which is to decide the championship is to be played next Monday Monday morning. This game will attract a great throng. Come early.

KING AND TEACHERS ARE DEFEATED WHEN GABBARD AND HARVEY HURL GAMES

Maryville Moundsmen Turn In Victories At Bristol And Johnson City

5-0; 20-2

V. P. I. Is Successful in Two Encounters; Roanoke Game Disputed

Coach Honaker with 13 men and manager, left on a weeks tour thru East Tennessee and Virginia last Monday.

On this trip they encountered E. T. N. Monday which resulted in more of field day event than that of a base ball game. The Teachers were smothered to the tune of 20 to 2.

Next day at Bristol, Gabbard pitched a 2 hit game. The King bunch were completely shut out. Mr. Gabbard himself getting two hits. The score of this game was King 0 M. C. 5.

Wednesday at Salem, Va., the Highlanders went up against Roanoke. Things were looking fine for the visitors in this game until Shores came to the bat, with the bases loaded in the 9th inning, to smack out a home run to tie the score.

Thursday and Friday coach parked his bunch at Blacksburg, Va., to wage war with V. P. I. This school is said to have the best college team in Virginia or any where else near here.

Thursday's game was lost 5 to 0. Friday's 6 to 5.

HORSESHOE PITCHING

The clink-clank as the shoes hit the iron posts have sounded over the hill for the past two weeks and now only a couple of rounds remain to be disposed of in the tournament.

SOCIETIES DEBATE ASHVILLE SATURDAY

Girls Lits Combine to Engage Normal School In Battle Of Wits.

The Bainonian and Theta Epsilon Literary Societies have widened their scope of activities, and have succeeded in initiating and financing a debate with the girls' literary societies of the Ashville Normal School of Ashville, North Carolina.

Last year, a similar debate was held by the societies and so much interest was shown in the societies here that the project is to be undertaken again this year. The object of the debate is to create a spirit of fellowship between the two societies and also to cause more girls to take part in college forensic work.

Elizabeth Crow, Louise Baird and Ruth Shubert will go to Ashville and will uphold the affirmative side of the debate there. Majorie Frey, Dorothy Ferris and Mary Eleanor Welbon will debate here. The debate here will be held in Vorhees Chapel and will begin at 7:30 Saturday evening. The question that the girls will discuss is "Resolved that the Curtis-Reed bill, providing for a department of education with a secretary in the President's cabinet, should become a law."

The College students will have the opportunity of seeing the ball team in action in 5 home games, the last of which will close the season. Cumberland is here again tomorrow; Tennessee Monday; King Thursday and Carson-Newman Friday and Saturday.

This is a very attractive list to play as a season finale and every loyal fan should be present to see the home team turn in fine victories. With every man on the team playing "heads up" baseball and with every student backing the team, the Highlanders should be successful in the last few games that remain to be played on the 1926 schedule.

Y.M.C.A. CABINET TO CHOOSE DELEGATES

Representatives To Blue Ridge To Be Selected Next Sunday Afternoon—Five will be sent

The election of the five delegates to the Southern Student Y. M. C. A convention at Blue Ridge (June 15-24, 1926) will be held at the cabinet meeting of the Y. M. C. A next Sunday afternoon. These delegates will receive half of their expenses. The delegates do not have to be cabinet members, and every member of the Y. M. C. A. stands an equal chance to be elected. It is, however, necessary for the cabinet to know who will be able to go to Blue Ridge in order to enable them to select as representative the right delegates. So far, only five students have declared their willingness to go if elected, but the cabinet hopes that there will be more who will hand in their names before the cabinet meeting on Sunday afternoon, May 9.

In addition to these five regular delgates there should be at least five more students from Maryville College "taking in" the conference. To be true it will look like a sacrifice of time and money at first, but it is really not. Someone has figured out that each delegate cost 32 cents an hour during the last year's conference. That is a total of $7.68 a day or $76.80 for ten days. The expense of a delegate is about $50.00 including return fare from Maryville and incidentals. This means that a student can spend a vacation of ten days for two-thirds of the actual cost. What kind of a vacation will it be?

It is a vacation spent among some five hundred outstanding students of the South in the midst of the Blue Ridge Mountains. There will be time enough for everything—for lectures, discussions, private study, wholesome recreation, fellowship—and one will be able to take inventory of oneself. For those who must eat, be it mentioned that Blue Ridge stands for perfection with respect to culinary achievements.

The students of Maryville should think about this proposition. Of course, it will very likely be offered again next year but no one is sure that he will be able to go next year instead of next June. Nobody should postpone a thing he can do this year, and as many as possible should take advantage and go to Blue Ridge this coming summer and enjoy a perfect vacation. The cabinet officers will be glad to give further information.

DEBATE

Until one sees a review of the past debating season, he does not realize the great success that forensics have met with this year in Maryville College. Most of the success of the various teams can be attributed to the work of Dr. Hunter as coach of the varsity teams. Although he has spent several years as coach of winning teams, nevertheless he can feel justly proud of this year's work. Miss DeHaven as coach of the freshmen is also to be commended for her work.

Next year a new plan will be in operation. A class in debating is being planned for the coming year. This course will be open to all, and will no doubt prove beneficial in turning out more experienced debaters. Although we favor the open forum plan of debating, nevertheless we can feel justly proud of the accomplishment of this year's teams. It is a great satisfaction to know that as long as the judging plan of debating is in vogue we can turn out winning teams with Dr. Hunter as coach.

DON'T QUIT WORK!

We are now in the midst of the beautiful weather that is common to the Southland at this time of the year. The warm weather and the fact that the school year is rapidly drawing to a close is causing a great many of us to "lay down on the job." We seem to have lost all ambition and lack pep in our work We should remember that a great many football games are won in the last minute of play, and several baseball games have been saved because of a timely hit in the last inning.

Students who have a tendency to slacken up on their studying should bear in mind that now is the time of all times to accomplish that which they started out to do at the beginning of the semester—to better the quality of their work. It may be hard to keep at work when nature seems to be doing her utmost to hinder you, but the one who can resist the call of indolence and ease will surely be rewarded by the feeling of satisfaction that comes to him only who has accomplished something worth while.

SPORTSMANSHIP

It seems to us that good sportsmanship is the thing that the world needs more than any other at this time. In it lies the solution of disputes among nations among factions, in cities, among opposing elements in homes and especially on the athletic fields.

It is the foe of greed, of selfishness, of malice. Through it minds expand and become understanding. Through it stubborn wills are tempered by intelligence. It is breadth. It is comprehension.

Good sportsmanship is the quality that enables us to accept defeat with good grace; that prompts us to recognize the points-of-view that others many have; that enables us to appreciate the fact that our own shortcomings are many and that, therefore, it is only fair that we make allowance for the shortcomings in others.

It is a hard term to define exactly. We would say that good sportmanship is the "give" within us—the good humor that prompts us to acceed once in awhile to the opinions of others, instead of forever trying to force our opinions upon them. More people would become better liked if they would develop this quality a little more.

GLEE CLUB

Shows Variety of Talent In Annual Home Concert Last Tuesday.

The Glee Singers of Maryville College gave their annual concert in Vorhees Chapel last Tuesday evening, and delighted the students of the College as well as the large number of town folks with one of the best recitals that has been given here in a long time. The "Singers" completed their concert tour last night with a program at Cleveland, Tenn.

This year's organization carries a personnel of 15 men, who were selected from the large number of men that tried for places at the beginning of the year.

The Smoky Mountain Quartette was the feature fo the evening. Included in their repetoire were sevral of the quaint old negro melodies which carried the listeners back to the sunny cotton fields. Andersen, Eitner, Jensen and Hamilton are the men who make up this quartet which has been acclaimed by all who have heard it as one of the best collections of singers that has graced the local platform.

The club is fortunate in having Miss Lucy Horton as accompanist, for without her services much of the good work of the soloists and ensemble would be neglible. Paul Meikle as reader for the performers is pronounced by Mrs. West, the head of the expression deparmtent, as one of the best that she has ever had under her instruction.

The novel feature of the evening was the duet on octarinoes by Walter Buchanan and Jack Cotton.

The Glee Singers in their ensembles gave renditions of both classical and popular music with harmonious splendor. Raymond Anderson as director deserves a word of commendation for conducting such a collection of vocal artists through a successful concert season.

VALUE OF ATHLETICS TO MINISTER IS DISCUSSED

At the meeting of the Ministerial Association last Wednesday the value of athletics for the future minister was discussed. A good many of the ministerial students are actively engaged in several of the athletic events. Bill Swain was to have been on the program, but was unable to be present on account of his going on the tennis trip. Roy Davis, Walter Courtney, and Walter Headrick gave short talks on the subject.

A very interesting and helpful meeting was enjoyed. Everyone interested in ministerial work is urged to come to the meetings.

BETTER BABIES CONTEST

"I love my baby, my baby loves me." Just the words of a song but if you really love your baby give it a chance to win the "blue ribbon" at the Better Babies Contest, Thaw Hall, May 10. All babies must be registered before this date by the Home Economics Department.

BIG SUMMER EARNINGS
For College Students

Pleasant out-of-doors employment. Opportunity to travel at our expense and meet people. Weekly salary. An absorbing work that will enable you to earn a large part of next year's expenses. Write today. We will immediately send you full details. National Home and School Association, Dept. B, Southern Ohio Bank Building, Cincinnati, Ohio.

ALPHA SIGMA

A most interesting program was rendered in Alpha Sigma Hall last Saturday night. A crowded house voiced the opinion that they had been superbly entertained. Deserving special mention was Mr. Mounts whistling. He protrayed the birds' art very successfully. Unusually also was Mr. Boyds execution of the Terpsichore d' art in which the feet play the major part.

Through the program this Saturday evening is to be of a quite different nature, it is to be none the less interesting. In view of the fact that the meeting comes so near Mothers' Day, the program secretary has arranged some numbers fitting to the occasion. An important thing to remember in anticipating this program is the fact that several of the faculty members have consented to take a part. It will be impossible for most of us to be with our Mothers this weekend, but as next best thing we can attend this program in her honor.

PERSONALS

Mrs. Frederick Sharp of Miami, Florida, spent sevral days on the Hill visiting her daughter Betty Jane Sharp.

Miss Kittie Lee Trainum of Knoxville was the guest of friends last week.

Mr. J. T. Stephens of Knoxville visited his daughter Frances Stephens last Saturday.

Misses Rebecca Cole and Cecile Chavannes who are attending the U. T. were the week-end guests of Frances Stephens.

Nancy Kefauver has had as her guest her mother, Mrs. R. C. Kefauver of Madisonville, Tenn.

Mr and Mrs. G. E. Bauman of Louisville, Ky. are visiting their daughter, Helen Maragaret Bauman. Mrs. Bauman will remain on the Hill for commencement week.

Among the visitors attending the graduate piano recital of Lucy Horton were her aunt, Miss Nan Horton, her sister, Miss Helen Horton both of Cleveland, Tenn., and her cousin, Miss Elise Browder of Chattanooga.

Parks McConnel, a member of last year's freshman class, was a visitor on the Hill this week.

The friends of Annie Harrison, sophmore will regret to learn that she has had to give up her studies and return to her home in Vonore, Tenn., due to ill health.

Miss Esther McSpadden, who attended Maryville in 1923-24 as a member of the freshman class, was the guest of friends on the Hill this week. Miss McSpadden is a sister of Misses Mary and Margaret McSpadden who are graduates of Maryville, and is well known to many of the students.

Bob Clopton paid a short visit to the campus this week and attended the concert of the Glee Singers Tuesday night.

Among the visitors attending the May Day program were Mrs. J. C. Galbreath and Mr. Kenneth Coile of Knoxville. They were the guests of Etta Galbreath.

ATHENIAN

The question for debate is "Resolved that Capital Punishment should be Abolished in the U. S." The Affrmative is to be upheld by Dexter Graybeal and Charles Johnson, the negative by Defoe Pemberton and Gordon Harold. These men are all experienced debators and also members of the Pi Kappa Delta. This is certain to be an interesting debate.

"Red" Brown is furnishing the society with excellent programs, and he is to be congratulated on his work. Only four more meetings, but Athenians are going over the top. Come and bring someone with you. Visitors are indeed wecmome.

(Continued from page one)

DEBATE TEAMS HAVE SUCCESSFUL YEAR

had unique distinction of leading three teams, debating twice on the affirmative and once on the negative of the P K D question: winning once on a foreign floor against King, once on a neutral floor at Knoxville against Chattanooga, and once at home against Berea.

Billy Rodgers, '25, Gordon Harold, '27, Defoe Pemberton, '27 and Walter Buchanan, '24, all strong men, made up the remainder of the squad. A little inspection of the classification of these shows that whereas, this year only two men will be lost to graduation, next year eight will receive sheep-skins.

Girls' Varsity

The girls' Varsity season ended in a 50-50 score. Even breaks were the results in dual debates with Tennessee and Tusculum. This score, however does not indicate the real quality of the work done, for the entire personnel of the teams was of a very high order. Just two debaters in this classification, Denna Reaves and Evelyn Porter will be lost through graduation. Both have debated two years and are debaters of genuine ability, both having led their teams to victory this season.

Four girls debated on varsity teams this year without previous college debate experience: Gayle Marshall, Sarah Moore, Josephine Parker, and Vera Slagle. Bland Morrow, a member of the literary societies' team which defeated Ashville Normal last year, and Mary Devenport, a member also and first of the freshman team, also did their first varsity debating this year. These six girls were invaluable members of this year's squad and should score still more heavily next season.

Nell Watkins, Betty Keown, and Emily Minton were all second-year debaters whose experience made them strong assets to their teams.

One debater on the girls' Varsity Kathleen Hunnicutt, debated for the third year. If she makes the team next year she will be the first Maryville girl to debate four years. Time of service, however, is not her only claim to distinction, for she is a debater of first class ability.

Freshman Teams

The record of the Freshman Teams is also 50-50. However, the First Freshman Boys' Team, debating at U T., hung up the proud record of being the first Maryville team ever to win against the University at Knoxville. Thus, although the score is even, it's really better than that.

Under the fine coaching of Miss DeHaven, twelve freshmen went through the season and stand ready to make strong bids for varsity positions next season. The members of the boys' team were: Florian Hopkins, Russell Lewis, Louis Huff, Walter Courtnay, Russell Annick, and John Finch. The freshman girls were: Annielea Sliger, Arta Watkins, Mary Davenport, Emily Simpson, Mary White and Verda Carlock.

Intercollegiate Oratory

The work of intercollegiate oratory took a step forward this year due principally to the fact that the orator devoted his whole attention forensically to oratory and made no effort to engage in debate. The orator was Poin Dexter Graybeal, '26. Mr. Graybeal was a debater last year and also distinguished himself by winning the Bates Prize in Oratory last commencement. His oration this year was entitled, "The Perils and Promise of Democracy." In the Eastern Divisional Contest of the Tennessee Oratorical League at Carson and Newman on April 19, he was awarded third place, with rating from the three judges of 3-2-3. Mr. Graybeal is an orator of first-class ability and will continue to rank high for years to come in Maryville's foresenic records.

Next Year

The work of debate instruction will, beginning next September, be conducted in a class, meeting during the time of the regular daily class schedule; the class will meet at least once each week, and each member of the class will receive one semester hour of credit upon the satisfactory completion of the work of the first semester.

If possible, the class will be conducted as an "F" class meeting on Tuesday and Wednesday at 2:05. For the first few week the boys and girls enrolled for the course will meet together for the study of fundamentals of debate and for general instruction. After the questions for debate are decided upon, the boys will meet in one section, meeting, say, on Tuesday, and the girls in another, meeting on Wednesday.

After the questions for the debates are decided upon, the principal work of the class will be the thorough study of the subjects involved, and there will be much speaking and practice debating on thes questions.

There will also be a section for oratory which will be organized from the membership of the original class, and which will probably meet at another time than that suggested above for the debate classes.

From the membership of these classes, the personnel of the debate and oratory teams of the College will be chosen. Those chosen for the teams will receive in the second semester an additional credit upon satisfactory completion of the work assigned them.

There will be, in addition to the work of the class as a basis of selection for positions on the teams, a preliminary contest before a committee of judges as heretofore. In determining selection for the teams, the grade or standing of the students in the class shall be counted fifty per cent, and his rating by the judges shall be counted fifty per cent. This preliminary contest will serve in lieu of the semester examination. Members of the class who do not wish to be entered on the preliminary may satisfy the requirements of the instructor by taking a final examination over the work of the semester.

Members of the class who have been members of intercollegiate debate teams during two years, who are among the students in the class ranking so as to be among those who would be placed on the teams if class rank alone were the criterion of selection, need not enter the preliminary. Such students may enter the preliminary if they wish. Students whose class standing places them below this number may, of course, enter the preliminary.

Adavntages

It is thought that a number of students will want to take advantage of this course who may not greatly to compete for the teams, but who may have in view the possibility of high school teaching, in connection with which, instruction in debate and public speech would be a valuable side line.

Another advantage of the plan lies in the fact that all who try for the teams; i. e., all who are enrolled in the class and who successfully complete the work, will receive credit, whereas, heretofore only those who made the teams received credit.

The principal advantage, however, is in the fact that the plan of debate instruction on which has previously called for much intensive work within the short period of a month or six weeks just before the debate, together with the complicated problem of accommodating ones self to a schedule of rehearsal sessions outside of class hours, will now give place to a more extensive and gradual program of preparation which will be articulated with the regular daily class schedule.

The details of adapting this plan to the needs of the Freshmen are still in the process of being worked out.

MUSIC STUDENTS GIVE PROGRAM IN KNOXVILLE

The advanced students of the music department of the College appeared in Knoxville last Saturday night in a guest program given by the Tuesday Morning music club. Each year this organization has one out-of-town concert; this year the compliment of appearing before the club was extended to the College.

The concert, under the direction of Miss Hale, was one of the most successful and artistic affairs ever given given by the students of the music department and the College has reason to feel proud of the pleasant musical impression created by the pupils of Miss Hale and Miss Strater.

The large crowd which enthusiastically expressed their appreciation of the program was made up entirely of the best musical talent of Knoxville and at the end of the program an invitation was extended to Miss Hale to give another concert next year. The students taking part were Miss Martha Anderson, Miss Bonnie Hudson, Miss Helen Easley, Miss Agnes Houghton, Miss Lucy Horton, Miss Eleanor Franklin, Miss Mattie Tedford, Miss Jimmia Rule and Miss Martha Henry.

LUCY HORTON SHOWS ABILITY IN RECITAL

Miss Lucy Horton in her graduate recital on Monday night gave one of the most difficult and artistically rendered programs ever presented by the music department of the College.

Miss Horton's faultless execution and technique and her ability to enter into the deeper musical feeling of the compositions she plays, proves her true musicianship.

The beautiful shading and poetic interpretation of the Debussy Arabesques and the Lark were something long to be remembered.

The concert Etude by Mac Dowell, and the brilliant La Campanella by Liszt were highly contrasting numbers.

The beautiful Sonata by Beethoven represented the classical, the varied program giving evidence of the wide range of her talent and splendid pianistic ability. The large crowd and generous applause which greeted Miss Horton were a high compliment to Miss Hale's presentation of this very talented pupil.

Strike Called Off Cross North Pole Controversy of Flag

ONE of the greatest strikes ever staged in Great Britain was called off Wednesday when Arthur Pugh, Chairman of the Union Congress notified Premier Baldwin that negotiations for settlement of the miners grievance would be resumed at once. All great Britain was relieved when the strike was called off, for many had predicted a revolution in the field of industry. It was considered that the result of the strike would affect the economic future of the world. However Premier Baldwin said that the strike had to end and that it was called off because common sense still rules in Great Britain.

Although the strike has been called off, the real results of it have not yet been seen. The idea predominent in England that there must be some reorganization, either in capital or labor.

Great Britain was not the only country concerned over the outcome of the strike. Although France did not fear that England would be overthrown by this clash, yet she was greatly relieved when the strike was called off, for the strike had stopped exchange with England.

Indeed the American markets were on a slump in so far as foreign money was not moving about. French German and Belgium money all seemed to be defunct for the time being. The American markets were really affected very little by the British strike, yet the strike certainly had its phychological effect. Large middle western consumers had shifted from the Illinois and Indiana coals to cheaper outpjut of nonunion mines.

YES, NO; DEANS FAIL TO AGREE ON VITAL POINT

Educational Authorities Differ In Opinion As To The Effect Tender Passion Has on Work

DEAN BARNES SAYS YES

Univ. of Tennessee Authority Says Two Kinds of Love Affairs One Injures and One Aids

Is love the cause of college failures or does it spur palpitating youth to a greater scholastic success? This is the question that is disturbing Tennessee's academic calm. The replies and counter-replies of educational authorities reverbrate throughout the sequestered groves of higher learning. The entire turmoil was occasioned by Dean Herbert E. Hawkes of Columbia University. He claimed most of the poor records in hs school were due to the tender passion. fll

Our own Dean Barnes is of the opinion that it may not play havoc with a student's work.

"If a student is naturally of high standing in scholarship, is intelligent and has high ideals, a love affair will no doubt urge him or her on to greater achievements," said Dean Barnes.

Dean F. M. Massey of the University of Tennessee says there are two kinds of love affairs. The one deadens and ultimately destroys all desire to improve because there is a complete satisfaction with the article in hand. The other has the effect of inspiring both parties to achieve the noblest both in character development and intellectual pursuits."

ALUMNI BANQUET

Arrangements have been made for the Alumni Banquet on Wednesday, June 2, which is known as Alumni Day. The principal speaker of the evening will be the Rev. S. E. Walland of Fairfield, Iowa. Rev. Walland is widely known because of his fame as a celebrated Chatauqua lecturer.

On this day the different classes will have reunions. The officers for the Alumni will be elected. The present officers of the Association are Homer Goddard, '12, president; Jean McMurray '25 vice president; Professor Orr, '12, secreary-treasurer.

LETTERS RECEIVED FROM CLASS OF '25

Large Majority of Class Has Entered Teaching Profession Some In Graduate Work.

Most of the class of 1925 is teaching school this year as is shown by the letters recieved from the members of that class. A few are taking graduate work. Some of those who did not write letters sent cards telling that they were in the midst of final exams and could not find time to write for the Echo.

Haddonfield, N. J

Dear Folks:

I am doing the most vital and fascinating work there is. Professionally helping people out of trouble. As everybody knows, we approach life involuntarily and quite unaware of the tremendous adoptions which, in the course of that life, will have to be made. Some of us, because of hereidty and environment are better prepared to conform with life as we find it on earth, than others. It is my business, when a person...

MANY ACTIVITIES SCHEDULED FOR CLOSING WEEK

Dr. Raymond Hilliard Gage Of Wenonah, N. J. Will Deliver Commencement Address

COMMENCEMENT JUNE 3

Something Doing Every Day On Hill Commencing With Friday May 28

After a great deal of laboring the authorities have at last completed the arangements for the 107th annual Commencement.

Dr. Raymond Hilliard Gage, pastor of the Memorial Presbyterian church of Wenonah, N. J. will deliver the Commencement address. Dr. Gage is the pastor of the church of which Mr. Synnott is a member. Mr. Synott is the philanthropist that gave the College $50,000 to endow a department of Religious Education.

PROGRAM

Friday, May 28, 8:00 p. m. Graduation Exercises of the Expression Department.

Saturday, May 29, 8:10 a. m.—distribution of prizes for 1925-26. Annual Exhibit of the Art Department. (Anderson Hall). Graduation exercises of the Music Department.

Sabbath, May 30, 10:30 a. m.—Baccalaureate Service.

Order of Worship

Processional (The choir, The Graduating Class, The Faculty).

Doxology.

Innovation and the Lord's Prayer (congregation standing).

Hymn No. 113—"O Worship Thee King All Glorious Above."

Reading of the Scripture.

Music.

NEW ECHO STAFF

Robert Jensen, the editor-in-chief elect of the Highland Echo will take over his duties of office in two weeks by editing the last edition of this paper for the year 1925-26.

Jensen, after a great deal of consideration has selected his editorial staff. They are as follows: Associate editors, Geo. Crawford and W. B. Jones, Jr. Reporters—Athletics, Roy Cortne and Percy Rosa; Exchange, John Wienand World Outlook, Louis Huff; Co-eds Ruth Shubert; Jokes, John Morgan. Feature, Sarah Moore, General, Gayle Marshall.

MANY NOTABLE MEN GRADUATED HERE

Who's Who Shows Four Maryville Graduates On Its Pages —Sam Houston Was Maryville Man

Did you know that there is such a language as Tagalogy? One of Maryville's graduates, Dr. Magell, has translated the whole Bible into that language. Did you know that another of Maryville's graduates, Miss Margaret Henry, was a descendant of Patrick Henry? Did you know that Maryville has produced four men whose names are in "Who's who," or that she has produced two governors, two officers ranking high in their branches of service, a famous surgeon, a senator, and a millionaire?

Two educators, Dr. Luther Boone Bewley and Rev. Dr. John Newman, are in "Who's Who in America." Dr. John Woodside Ritchie a famous biologist, and Gen. Charles Theo-

VARSITY BLANKS VOLS IN FINAL GAME OF SERIES

Stone Pitches Masterful Ball And Lets the University of Tennessee Down With 1 Hit

OVERWHELMING VICTORY

Cumberland Beaten In 2 Games; Carson-Newman Here For Two Day Stand

The invincible Stone of M. C.'s base ball pitching staff completely shut out University of Tennessee here last Monday. He came in an ace of pitching a no hit game and holding the visitors off of first base. One hit was all he allowed the visitors, and it was only thru this one. He was complete master throughout the entire game. Only three men reached first base. No two of these in the same inning while only one man peared on the second station. It might also be added that Stone himself got two hits out of three times up. Cartwright also seemed high in the batting average for the score book showed him four hits out of five.

The visitors were completelp outplayed in every phase of the game. The whole infield were on their toes, while not a chance was missed in the field. Cartwright with four singles, and Givens with three were the heavy hitters of the day.

LIEUT. Commonder Richard Byrd a Virginian, was the first person to fly across the North Pole. He made a non-stop flight from King's Bay. The trip which took Admiral Peary eight months, was made by means of an aeroplane in 15 hours and 30 minutes. His plane was a three engined Fokker named "Miss Josephine Ford."

Three days later the third party in history visited the North Pole, when the airship Norge crossed the end of the earth. When the great dirgible, commanded by Roald Amundsen, passed over the North Pole, it dropped three flags, the American, the Norwegian and the Italian.

✚ ✚ ✚

IN 1919 the national assembly thinking that it could get more favorable peace conditions under a black, white and gold dress than the victorious western democracies would accord to a black, white and red empire, changed the flag of Germany. Before the World War, the black white and red had not been used except in commerce. But during the was the old empiral colors were made universal. Thus when the national assembly changed the flag it is easy to see the anged caused by the symbolic change. Unless the Luther cabinet yields to the people in regard to the flag, there is liable to be another eection.

Miss Lillian Croyle has returned from a two weeks' visit to her home in Washington, D. C.

Miss Louise Knox, a member of last year's Sophmore class, who taught at Knoxville this year, was the guest of Mildred Watson and Willie Wilson for a few days.

Miss Zelma Tadlock and Mr. Pryor McCluskey visited Eloise Keebler and Frances Galbreath last Sunday.

Etta Galbreath has had as her visitor, her sister, Miss Sarah Galbreath, who is attending East Tennessee Normal this year.

opment and intellectual pursuits," said Dean Massey.

Dean A. E. Cates of Carson-Newman attributes most cases of discipline at his school as due to love affairs.

There is a tendency on the part of many students to treat social activities as primary and class work as secondary in their college course," said Dean Cates." I am inclined to think, however, that more students are helped than injured by college love affairs."

Dean A. W. Prince of Union University declines to commit himself

(Continued on page 4.)

JOINT MEETING OF "Y" ASSOCIATION

Good Program Arranged For Union Gathering of Organizations In Chapel Sunday

The Y. M. C. A. and the Y. W. C. will have a joint meeting next Sunday afternoon at 2 o'clock in Vorhees Chapel. This will be the last joint meetng of the year.

The best talent on the Hill has been procured to make this last meeting one long to be remembered. It will be worth anyone's while to come and listen to this talented and entertaining program.

PROGRAM

Hymn ---------- Congregation
Vocal Duet ------ Misses Eleanor Franklin and Esther Grimes
Solo ---------- Florence Black
Mixed quartette.
Reading -------- Elizabeth Hoyt
Prayer
Scripture
Hymn
Violin Solo --------- Helen Farrar
Piano Duet -------- Misses Helen ---- Easly and Fancher Smartt

It is my business, when a person, not so well prepared, reaches a crisis that he feels he cannot pass through alone to help him to face the series of events which have led him to that crisis and to see in those facts the probable solution to his problem. If his trouble is physical, I steer him to the doctors, if mental, to the psychiatist, if spiritual, to the minister and if social I endeavor to cure him myself.

At present I am in the earliest stage of apprenticeship, but am learning every day.

I am a social case worker in Philadelphia, striving just now to keep families together and to make them self-supporting. If anybody is interested I'll be glad to write.

Helen W. Sweeton

Louisville, Ky.

Dear Maryvillians:

There is more than one way of breaking into print after graduation, but the best way is to write back to the Echo. Now I haven't any big, exciting things that I have done to tell you, beause I, too am still preparing for what I want to do in the future. I am attending the missionary Training School connected with the Baptist Theological Seminary here in Louisville. We get some actual experience, however, in the slums. Imagine Battle Branch multiplied a hundred times in size and you can picture our job.

There are some M. C. students in the Presbyterian Seminary, and Bill Jester is in the Baptist Seminary. We have even had one Maryville party. But my main business this year seems to be attending conferences judging from the number I have gone to this year. And I am already looking forward to being at the Colored Southern Y. W. C. A. conferences in Talladega, Alabama, in June. I am glad Maryville lies between Louisville and Alabama. Maybe I'll get to stop by and say "howdy" to all of you.

Beth Torrey

Miss Lucile Walker, of LaFollette, Tenn., who was a member of last years freshman class, is visiting Mary Alice Goans.

nessee, are also in "Who's Who."

Samuel Martin Inman is the sole millionaire that Maryville can boost.

Many of Maryville's sons have figured largely in the political life of our country. Chief among the number is Sam Houston, Governor of Tennessee, and first president of Texas. He entered the forerunner of the College, Maryville Academy, but finding Indian fighting more to his taste than Virgil, deserted the pursuit of learning to enlist in the Creek wars. Governor Reynolds, an early governor of Illinois, and Senator John H. Reagan of Texas, member of seven congresses are graduates of Maryville.

Among the graduates of more recent years are Dr. Andrew Wade Morton of San Francisco, a famous surgeon, and Albert Francis Murray, a radio expert.

But it would hardly be sufficient to name only these without naming a few of Maryville's missionaries. We are interested especially in Fred H. Hope, missionary since 1907 to Cameroun, Africa. Rev. Charles Newton Magill has been a missionary to the Phillipines for 20 years. Miss Margaret Henry was first a foreign and then a home missionary.

Two soldiers, high in rank, are numbered also among Maryville's graduates. One is Lieut.-Col. Hugh Matthews, stationed at headquarters of the Marine Corps in Washington, and Major Joseph Benjamin Pate, stationed in Hawaii.

Maryville's out put of men of distinction was large in the past and her record is expected to be upheld

---

Among those spending the weekend at home were Nell and Artie Watkins, Lulu Tedford, Ruth Blake, Cora Lee Keyes, Carrie Murray, Virginia and Edward Malcom.

Eloise Keebler spent a few days last week at her home in Oliver Springs, Tenn.

CLASS OF 1916 TO HAVE CELEBRATION

Plans For Anniversary Reunion Now Made—Sponsoring Commencement Week Features

One of the features of commencement week this year will be the celebration of the tenth anniversary of the Class of 1916. The Class of 1916 is sponsoring the alumni features of commencement week, perticularly the alumni banquet, the program for which is being arranged by this class.

The members of this class formulated the initial plans for their tenth anniversary celebration sometime ago, and the yexpect to havea large number of their class members present for the reunion.

Among those who are members of this class and who will probably attend the anniversary celebration are: Rev. Jonathan Edward Kidder, for several years a missionary to China and now home on a furlough; Miss Lois C. Wilson, who has just recently returned from the mission field in Syria; Mrs. S. M. Armstrong, who is at present assisting her husband in his evangelistic work; Mr. and Mrs. D. W. Proffitt, of Maryville; and Prof. Raymond Owens Smith, Supt. of Maryville High school.

THE HIGHLAND ECHO

Thirty issues per school year by the student body of Maryville College.

Subscription - $1.25 per annum

Entered as second-class matter on November 11, 1915, at the post office at Maryville, Tennessee, under the act of March 3, 1879

Our Alma Mater

No matter what occupation we take up after leaving school we cannot help but think of our Alma Mater occasionally, the good times that we had while in school, and the friends and acquaintances we made while here. In most of the letters that were received from the different alumni, nearly all expressed a desire to return and visit the school if it were possible for them to do so.

With the size of the graduating classes increasing, we can look forward to a greater number of Alumni who claim Maryville as their Alma Mater. With the increase in numbers, we can also expect an increase in the worth of the Alumni Association to the school. Nearly all advancement that has come to the College has been dependent, either directly or indirectly, on the labors of Alumni. This is no more than right, for those who have graduated here are greatly indebted to the College for their education and for the high ideals they obtained while here.

There are a great many things that Alma Mater. With a staff chosen by competition to run the paper, more students would recieve unexcellel practical experience. Because of these numrous reasons Maryville College should have a better and bigger newspaper.

We would like to hear from students and Alumni regarding the above.

NEW PLAN FOR ECHO

We are proposing a plan of organization for the Highland Echo which we believe will remedy many of the defects in the present plan. We have obtained the different points in this plan from those in operation in operation in other schools. Some of the points we have drawn from our own experience.

1 *The Editor-in-Chief of the* Highland Echo should be elected by the staff of the publication for the year preceding that in which he is to serve. The staff should select one of their number for the place, thus securing an experienced person. This would also be in keeping with the idea of a permanent staff.

2. *All who desire to do so should* have an opportunity to become members of the staff. Candidates for positions would be required to take competitive examinations, and the members would be selected from those showing the most ability. Staff seniority would also be considered. Freshmen, especially, would be urged to become reporters.

3. *The paper should contain six* columns. This would enable the paper to chronicle all college events. As the arrangement now is, with limited space, the editor is compelled to cut out all material that is not of most importance.

4. *Each head of a department* should be allowed one hours credit for his work, This would include the Editor-in-chief. With responsibility shifted to staff members the Editor-in-Chief could afford to dispense with the three hours credit he now receives and thus allow other staff-

LITERARY SOCIETIES

BAINONIAN

Theta and Bainonian are proud of the girls who represented them in the debate with Ashville Normal.

Would you like to be a child again and make mud pies? Come to Bainonian Saturday night and enjoy some of these experiences.

Every girl is invited.

Marie Elmore, Editor

This has been a very successful year for the Ministerial Association. Many excellent programs have been rendered and many athletic events participated in, but beyond these the members of the association have taken an active part in helping to build up the Kingdom of God in this community. Through neighborhood churches, through the Mission, and through the county jail the members have been able to render valuable service which has introduced them to conditions similar to those they will meet when they enter into full time service. For these opportunities of service they are glad, and as a token of their fidelity to the calling of the Gospel Ministry they will meet at a banquet on Monday May 17th where each member will pledge himself anew to a better and fuller life of Christian service.

ATHENIAN

Joint meeting of Athenian and Alpha Sigma Saturday evening.

Only about once a year do the two men socities or rather brother societies, of the Hill have a joint meeting. Within the past few weeks, the presidents and program secretaries of both societies have made a special effort to have this meeting. This is certain to increase the friendship and brotherhood which already exists between the two societies.

Just at this time the program has not been announced, but the program secretaries promise a very

BIG SUMMER EARNINGS

For College Students

Pleasant out-of-doors employment. Opportunity to travel at our expense and meet people. Weekly salary. An absorbing work that will enable you to earn a large part of next year's expenses. Write today. We will immediately send you full details. National Home and School Association, Dept. B, Southtrn Ohio Bank Building, Cincinnati, Ohio.

Definition of a collegiate tie: A zebra walkng throvgh an aurora borealis down where the vest begins.

There are a great many things that the Alumni can do for the school after they leave. A great many of the graduates have taken up the occupation of teaching. These can influence worthy students to come to Maryville for their education. Those who have become prosperous in business can contribute to tht building of different structures that the College has needed. The Alumni gynasium stands as a memorial to these graduates.

If every student and Alumni does his share, Maryville College can become the best College in the South.

THIS WEEK'S PAPER

We are putting out a six column paper this week to show the students the kind of a paper that they should have. With a five column paper the staff is hindered in doing their best work because of limited space. It takes almost all the space available to chronicle the immediate events on the Hill. With a six column paper, however, we would be able to branch out and have special columns of intrest to readers. We have in this week's paper a section devoted to alumni, one to sports and one to the news of the world.

Maryville College could have this kind of paper at very little expense. The students at the present time pay only one dollar for a year's subscription. By increasing this sum only 25 cents, a six column paper would be amply financed. We do not believe that anyone would miss such a small sum paid at the begining of the year. If one will give it a little thought he will realize how little he is paying for a year's subscription. In most other colleges that rate for a four page five column paper runs from $1,50 to $2.00 per year.

We believe more attention should be given to the organization of the paper because of its far-reaching influence. It contributes more than anything else to keeping the school spirit alive. Through the means of its pages other schools recieve their impression of our college. It is the link that binds former students to their

ceives and thus allow other staff members to receive college credit. This would serve as an incentive to the staff and cause them to work. The editor should have complete charge, and when he deemed it advisable, he should have the authority to dispense with the services of any staff member. He would recommend the grade to be given staff members for their work.

5. *The Business Manager should* have half of the paper for advertisements—provided there is a six column paper. If there is a five column paper the Business Manager should be limited to 7 ½ columns. The Editor should sign the printer's contract along with the Business Manager.

Y. W. C. A.

Chooses Delegates To Go To Blue Ridge Next Summer

The Y. W. Cabinet has chosen the delegates who are to attend the Blue Ridge Conference. This year the Y. W. is doing something new. In order to make the conferences a real force on the campus, the Cabinet has chosen a faculty representative to go as one of the delegates. The Cabinet feels that the faculty should know and understand what the conference means and does for our local Y. W. C. A.

Miss Helen Gamble will go as the faculty representative. With her will go five delegates from the Cabinet. Ruth Shubert, Music Chairman, Mary Eleanor Welbon, Undergraduate Representative, Marie Elmore, Social Service Chairman, Louise Bird Manager of the Y. W. store and Bland Morrow, Treasurer. Besides these girls it is hoped that there will be several others who can go and pay their own expenses. The expenses including almost everything are $50. It is an investment that it worth while. One will never cease to draw interest, and the principles that one gets there will remain with one throughout life.

gram secretaries promise a very unique, enteresting one. Talented members from both societies will take part.

At our last meeting that debate on "Capital Punishment," which you have heard so much talk about was given. Messrs. C. Johnson and Hopkins put up good arguments for the affirmative. Messers. Pemberton and Harold put their speeches across in good form and succeeded in making the judges believe they had the best arguments.

The solo, "Mother O' Mine," rendered by Mr. R. Anderson was certainly pleasing to the ear. We were all reminded of our good mothers and paid tribute to them Sunday.

Make Saturday the big reunion day and join with the societies in making this the best year in their histories.

—*Young Williams, Editor*

Crows

In a field in sunny Spain stands a stone mortar. Crows hover around it, picking up bits of grain and chaff—cawing.

Here Marcheta, in the fresh beauty of her youth, will come to pound maize. For years she will pound maize. The stone will stand up under the blows; not a dent has the muscle of three generations of women made upon it. But the crows will hurl their black gibes upon a woman aging early and bent with toil. *Old Marcheta*—still in her thirties.

The American woman does not pound maize. But she still beats carpet; she still pounds clothes; she still pumps water. She exhausts her strength in tasks which electricity can do better, and in half the time.

The high ideals of a community mean little where woman is still doomed to drudgery. But the miracles which electricity already has performed indicate but a fraction of the vast possibilities for better living and the tremendous opportunities which the future developments in electricity will hold for the college man and woman.

Electricity, which can release woman from her burdens, has already created a revolution in American industry. Wherever mankind labors, General Electric motors can be found carrying loads, driving machinery and saving time and labor. And there is no branch of electrical development today to which General Electric has not made important contributions.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

MARYVILLE DEFEATS CHATTANOOGA TEAM

Track Team Wins Closely Contested Engagement With University Team

Coming from behind, Maryville College out-pointed the University of Chattanooga track team in the final events of the meet held last Friday afternoon and won 68 1-2 to 62 1-2.

The University led the Maryville athletes all the way through the meet until the last few events. The mile relay was the deciding event and the Highlander men decisively won this event. Maryville fell down in the broad jump and dropped first and second place to the Chattanooga men at only 19 feet 9 inches.

Edsall made good time in the high hurdles at 16 2-5, and Lipp made good time in the Mile at 4:56. Maryville won first places in 7 of the 15 events as compared with the eight first places taken by the University runners. Summary of events:

100 yard dash—Potts, Moccasin, first; Wood, Maryville, second, and Hale, Moccasin and Crawford, Maryville, tied for third. Time, 10 1-5.

220 yard dash—Potts, Moccasin, first; Wood second, and Milling, Maryville, third. Time, 24-1.

440 yard dash—Milling, first, Hale Moccasin, second, and Braidwood, Moccasin, third. Time 56 1-5.

Half-mile run—Brock, Maryville first; Lipp, Maryville, second, and Bird, Moccasin, third. Time, 2 minutes 11 seconds.

Mile—Lipp, Maryville, first; Wieczorek, Moccasin, second, and Mann, Maryville, third. Time, 4 minutes 56 seconds.

Two mile run—Carter, Moccasin first; Welbon, Maryville, second,

SWIMMING MEET

To Be Held Monday For Girls And Tuesday For Boys

The girls' swimming meet which was to have been held last Thursday has been postponed until next Monday afternoon at 3:30 p. m. The annual gala event of water sports for college men will take place in the Barlett swimming pool in the form of an inter-class meet next Thursday afternoon at 3:30 p. m.

The events will be as follows:

25 yard dash (length of pool) free style.

Distance plunge.

25 yard swim, breast stroke. (four lengths of pool) free style.

Fancy diving contest including three required dives: straight, back and jack-knife dives; also three optional performances by each interclass relay. The distance will be 100 yards.

The officials for the meet are: Coaches Honaker and Norton, Judges of fancy diving: Thrower, referee: Howell, time-keeper: McMurray, Griffitts and Walker, judges of finish.

SENIORS NOW ARE BASEBALL CHAMPS

Coach Honaker Officiates In Class Battle — Anderson Pitches Good Ball

The rival class ball teams met in the field of play at 9:30 last Monday morning and the great game began. Coach Lombe took his life into his hands when he consented to umpire this contest. The seniors forged into the lead in the first two innings, and were never headed.

TENNIS TEAM WINS ALL TRIP MATCHES

Play At Athens Today — Engage University Of Chattanooga Tomorrow There

The varsity tennis team left today for Athens where they will engage Tennessee Wesleyan. From there they travel to Chattanooga where they will engage the University of that name. This is the last match before the grand finale when they will entertain the University of Tennessee requeteers here next Monday afternoon. U. T. is the only team that has defeated the Highlanders this year.

Last week the tennis team made an expensive trip into upper East Tennessee where they won every match. Joe Gamble, William Swain, and Cleland Calfee were the men who made the trip. They defeated East Tenn. State Teachers' College, Emory & Henry, Carson-Newman, and L. M. U. Out of a possible 25 points only three were dropped. The team again defeated L. M. U. here Monday by 5-0 score.

WRESTLING

The final round of the wrestling tournament has been decided and some very interesting if not unheard of holds have been seen. These artists of the mat are all training faithfully for their second encounter. Thes matches must be played off by the end of next week.

Billie Crawford is working hard on this and he wants every fellow who is any way connected with these sports to see him and get their tournament finished up.

ATHLETIC BOARD

At a meeting of the student body the following students were elected to positions on the Athletic Board of Control. John Crawford, president; Earl McCall, vice president; John Stone, secretary; Robert Armstrong and Roy Cortner, student representatives Prof. Knapp and Prof. Thrower, faculty representatives.

John Lewis Morgan spent the week end at his home in Richard City, Tenn.

Maryville AB R H PO A E

The varsity baseball team is entertaining Carson-Newman today and tomorrow on the home diamond. The game tomorrow will close the season for both the Parsons and the Highlanders. Each team will try their best to win this game and the result should be a close game. Maryville divided a twin bill at Jefferson City a few weeks ago which proves that the Carson-Newman bunch are no setups.

Harvey and Smith added glory to their Alma Mater when they led the team to two victories over Cumberland University Friday and Saturday. Both games were won by the same score—9 to 2. The visitors had entertained fond hopes of completely shutting out the Honaker nine. But with such batteries as M. C. puts up and with such splendid support of both infield and outfield, it seems as if the Highlanders will go thru the remainder of the season without a single defeat.

Since the team came home from their week's trip it seems as if new life is in every man on the squad. More interest has been shown in practice. Everybody has taken a different view to baseball and all are working hard.

Maryville, Tenn.

Dear Folks:

Since my graduation last June I have been conected with the Aluminum Company of America in Alcoa and Calderwood. I am at present employed by the purchasing department of that concern. My plans, however, for the near future include my entrance to one of the universities of the south, probably that of Virginia where I expect to take up the study of law.

In speaking of my college days nothing stands out in my memory more clearly than does the recalling of the old college spirit which prevailed on the campus, in athletics, in forensics and everywhere that Maryville College was represented. I note with pleasure that the same old spirit which has now come to be known the world over, still prevails.

Best of luck to you all, students in your work; keep the old spirit alive.

Theodore C. Purdy

Yoakum, Texas

Dear Folks:

I am teaching in one of the best high schools in the state. I don't mean buildings, carriculidm and corps of teachers. Our superintendis the best that can be found, in fact he is an old teacher of mine.

Since my advent into this fair City, I have been kept busy. In the fall I helped coach the foot ball team, and had the satisfaction of seeing my trick plan win from my home town — Cuero. We had a good season in football and a fair season in basketball.

I have been coaching debate and tennis and had the satisfaction of seeing my boys debate team win the county meet. I have ab oy in my senior tennis singles, that I think I will get to take to the state meet in Austin—provided he does as well in the district as he did in the county meet. Besides coaching debate and tennis, I am also helping out the coach of the base ball and track squads..

During the first term I taught four classes in Algebra, one class in Spanish, and kept two study halls. This term I am teaching three classes in Algebra, three classes in history and one class in economics, and "holding down" one study hall. I like my work fine, but will be glad when I can re-enter the class room as a student.

Stuart Rohy

Five Mile Mance, Rt. 2
Birmingham, Alabama.

Dear Editor:

As it is usual for college graduates to teach a year or so I am following the custom, and teaching. My work is in the county high school here at home. I am officially, the biology teacher, but do some other things just as interesting. Due to the increase in the size of the physics classes, I am teaching one class in physics, toe.

For the last few weeks I have been helping some of the students prepare to appear in one of three oratorical and essay contests, or in one or two plays has been my pasttime. Pleasant? Yes to the very limit, but it has been rather time absorbing also.

Alice I. Robison

Monticello, Ky.

Dear Folks:

I am teaching Home Economics in Monticello Kentucky and like it just fine—so much that I think I'll try it here again next year. These pretty spring days make me want to be in Maryville for I surely do miss the old Maryville spirit.

Elizabeth Moore

Knoxville, Tenn.

Dear Folks:

We would like to say that we are doing something original like selling hot tamales or being interpreters to the Ambassador of Spain but we're not. However, we have answered a noble calling and like most of the members of the class of '25 we are training young America.

Our line of teaching is neither Greek nor Theism as you might have expected, but it is giving instructions in the gentle art of spontaneous combustion, acid shower baths and calloidal salutions of smoke. We give these instructions in the fragrant ordor of hydrogen sulfide and chlorine gas.

fff

How do we like it? Next to being compused we like teaching school best. We think of the Hill often.

George Belle Kuhn
Madge Keller

Camden, N. J.

Dear Folks:

My position is that of Dramatic instructor at the Wilmington High school. I teach two courses in Drama, one in public speaking, and coach all the plays. The course is elective, and open only to juniors and seniors. We have 2700 boys and girls in our school but of course I come in contact with only a few hundred.

Often is memory I traverse again the old College, and my big desire is to be a loyal daughter to my Alma Mater's ideals.

Friends of mine—and all of you are my friends—I am rooting for you every minute and may yours be the life glorious, the life of service to struggling humanity.

Myrtle V. Ardis

Urbana, Ill.

Dear Folks:

First of all, what am I doing? Well I have the distinguished position of assistant in the Botany Department. I teach two hours a week in the botany lab besides taking about 21 hours of graduate work. We are counted as members of the faculty and have all faculty privileges.

My own work is mostly research work in Plant Pathology or plant

Barnardsville, N. C.

Dear Folks:

I wish to say I'm Voc. H. Ec. teacher in "The Land of the Skies" —(Barnardsville, N. C. near Ashville) and I like it very much. It's next best to going to school at Maryville.

Elizabeth Montgomery

Princeton, N. J.

Dear Folks:

I am having to study my fool head off these next two weeks preparing for exam in the seminary. They are no joke. I like it as much as circumstances permit.

I am rather interested in a small church which I am going to try to build up, in a new suburban near Trenton, only a few miles from here.

You don't yet know that longing of the heart for old M. C. that comes especially at this time of the year to every good grad, to see once again cedars crown the hill and the orange float forever and all that kind of dope.

I regret deeply that I will be too busy to go back to the campus this year to see everybody.

Francis Kinsler

Aurora,, Ind.

Dear Folks:

I am at the head of the English department. There are 208 in our high school. I have 98 pupils. I have one sophmore, two juniors and two senior classes. I have charge of the senior play, and also am faculty adviser for the school paper. The Highland Echo is appreciated very much by the joke editor as he find the Highland Flings quite interesting.

I like my work fine and expect to like it better all the while.

I wish I could come down for commencement but it will be impossible as I have bought an automobile.

Perle Lambertson

work in Plant Pathology or plant diseases. I have started on my thesis and it is taking lots of time. I hope to get my M A in Feb. and start right in for a PH. D.

Last month I was elected to Sigma Xi, the highest ranking national scientific research fraternity and also to Phi Sigma the national graduate honorary and scholastic fraternity. Both of these are quite an honor and I was surely surprised to get them.

Miss Bessie Henry, Morgan Cox, "Buck" Ellis, Louie Veech and myself are all the Maryville students here. We are all so busy we only see each other occasionally.

A piece of advise—everybody who has any idea of taking graduate work should have plenty of French and German.

I like the university unusually well and expect to be here for some little time. I would like very much to be at commencement in June but can't tell so far ahead of time. Maryville still has quite a charm for me.

John T. Johnson

Richard City, Tenn.

Dear Folks:

I am teaching art and Math. this year in the Dixie Portland Memerial school at Richard City.

Our faculty consists of fourteen members, of which five are M. C. alumni. Three of us board together, and it seems much like M. C. here.

If anyone of the class of '26 who are planning to teach next year, will see one of us during commencement week we can surely relate some "hair raising" experiences—and offer all varieties of advise, on any subject from "how to avoid the eyes of the town gossips" to "ways of spending ten months minus dates (except those procured in a box,) plus a thousand harrowing experiences!"

I'm still the "baby"—but now it is of the faculty and not our dear old class of '25.

Garnet Leader

Mary Nuchols spent a few days in Lenoir City, as the guest of her aunt.

other distractions in college life, says Dean Prince. "In my opinion it varies somewhat with the individual. The tendency is to cause students to leave college before the completion of their course."

President Scherer og King College is of somewhat the same opinion. "There is no fixed law," maintains Dr. Scherer. "Love affairs just as often have a sobering, helpful effect as otherwise. Some students are demoralized, but others are awakened and stimulated."

"This does not seem to be a problem here," says Dean Frank F. Hooper of the University of Chattanooga, when questioned regarding the effect of love affairs on the scholastic work of students. He maintains that the automobile is the most disasterous of all distractions to college students.

In regard to the effect of love, however, Dean Hooper says, "As far as I can recall these have resulted in better work by each of the two students in every case where they remained in college until graduation. In one or two cases the affair led to both the man and woman leaving college for marriage."

PAID DIRECTOR

Under Consideration For Men's Glee Singers Next Year

The idea of having a paid director for the Men's Glee Singers is under consideration by the faculty and there is every possibility that it will be accepted.

The Glee Club gave an entertaining program at Bradley High school at Cleveland Last Thursday evening. Last Friday night they presented a program at the Second Presbyterian church in Knoxville. Last week was international musid week and the club entertained at Knoxville for one night as a part of the week's program in that city.

On the trip an election of officers was held by the club and Albert Cook was elected president and W. B. Jones, Jr., manager.

MANDATE MAKES MEN MISDEMENANTS

FACULTY'S FIGHT FORMS FIERCELY FACTIONAL FOES

Pugnacious Tendencies of Faculty Members Comes to Surface In Fierce Battle

The bitter hostitilities between the bobbed and non-bobbed lady members of the faculty reached an apparent climax last night when Miss Farrar and Miss Green clinched in a fierce hand-to-hand battle by the fountain, and were only seperated after some one with unusual presence of mind had carried a bucket of water and thrown on them.

It was known that the bitterness them had become excessive, but this was the first intimation given to the public that it had reached the point of open combat. Thus far the fight has been marked only by hyperbolical mud-throwing. It was thought by more sober minded judges that the affair could probably be settled in open dabate, but this was discouraged by others, who claimed that the faculty members could not refrain from personalities in such a debate, and that it would probably degenerate into a mere squabble of name-calling and slander.

The leaders of both factions gave out statements to the press late last night. Miss Wilkinson, leader of the bobbed cotingent, said in part, "The thing has reached the place where something must give way or break. We with bobbed locks are in the minority, we must admit, but we have the old fighting spirit, and will not allow ourselves to be slandered by any of those old fashioned fossils."

Mrs. Minton, leader of those with the long tresses was terse in her statements. "I have nothing to say," she said after talking ten minutes. "We who have not the 'Boots Bob' are sitting tight. I regret the incident that took place tonight, but I regard it merely as a straw which shows which way the hair blows. If those short haired hussies, wish to band together and form a reactionary coalition—let them look out. We have given them fair warning. 'Sic semper tyrannis,' as Durant Drake says."

The directors refuse to comment on the situation.

OCHRE OMNIBUS

Obtains Overwhelming Ovation Offending Omniescient Opponent

The "Yellow Chariot" speed car won the annual broomstakes at the Car-Loc speedway yesterday, setting a new record for the course. The car is owned by two brotherds, members of Maryville College's faster set.

The machine is a high-powered, sixteen-hand (high), one-clyinder (when it is hitting), model of the earliest type of Drof machine. The car was alternately driven by its two owners, Billie and Tailor Fora-Craw.

The "Yellow Chariot" after getting away to a poor start rapidly overtook the other entries, among which was the high-powered, "Watch-Nite" special, put out by the Winner Company. After taking the lead the Drof "Yellow Chariot" was not overtaken until the last of the first lap. Suddenly a loud crash was heard. Spectators, on hearing racquet, crowded the track, seeking to learn the cause of the noise. On closer investigation, it was found that the "Chariot" had merely lost it's radiator which slowed it up for a time and allowed the rest of the field to catch up. However, the remainder of the car, rapidly disentangling itself from the debris, soon was on it's way once more. The "Watch-Nite" car was well in the lead of the other machines, and when the "Chariot" caught up it was evident to everyone that the race lay between these two entries.

It was reported that this race was to be the settlement of an old feud between the drivers of the two machines.

The machines were running neck 'n neck, when the driver of the "Watch-Nite" special, seeing that he was about to be beaten, stopped his wreck and refused to continue the race, despite the urgings and pleadings of his backers. As this was virtually an acknowledgement of defeat, the "Yellow-Chariot" was acclaimed the winner by the multitudes by the familiar sign of thumbs down.

Talking movies have at last been invented. This at least will provide serious opposition for the pest that yodels the sub-titles aloud.

—MC—

SCHOTT SENDS SAD STORY OF SCANTY SPOT ON SCALP

Cause Of Bald Pate At Last Made Clear; As A Result A Heart-rending Story

A story replete with human interest comes to us through the pen of our feature writer, Otto B. Shott. It is only for the benefit of those of you who do not believe in the humanity of mankind. It will only deepen your convictions.

The story centers around Syrause Pete—dear, bald Pete Summertime, when our feature writer knocked on the door of the Cragan mansion, a photographer had just emerged. He had taken a likeness of Peter for his rotogravure section of the Alcoa Gazette.

When Shott entered, the great man removed his tie placed upon his collar in honor of the occasion. He said his reason for removing it was that his adam's apple got tangled up in it whenever he talked. The writer smiled kindly and waited for the great man to settle himself.

Shott, with accustomed tact, asked for a pencil and paper. Then he simply said, "Begin."

Words followed.

"I had bought all my Christmas presents except one for an old aunt of mine who lives in Labrador. I had looked through all the stores in town for an appropriate present. I even visited the Ladie's shops. My aunt is a crank on appropriate presents. She never accepts any that do not cost some sacrifice. I was almost distracted, because I knew that unless I sent my aunt a suitable gift, her Christmas would be spoiled and I would not get her $100,000 after her demise. I thot of giving her a blanket bought in Canada, but decided that she would not appreciate the significance of it.

"Pacing the floor nights, and drinking strong coffee by day to keep awake, I wrestled with my problem. Finally, my fevered brain conjured up a vision before my blood-shot eyes. I saw locks, locks, locks; hedging me in all sides.

"Locks," I cried, locks, everywhere. Yale locks, jail locks, locks of hair—there I had it! Eureka! I would give her a lock of my hair!"

"It was but the work of a moment to remove one of my locks with the razor. Tenderly, I laid it in a piano box and shipped it to my aunt with Christmas wishes."

Here the great man broke down and cried.

"Poor woman," he sobbed, "she'll never know, she'll never know!"

"Why what happened?" gurguled the amazed Shott.

Pete pointed significantly to his head whereon showed great gashes and slowly answered, "she died when the box was opened. You see she had a hair-lip."

Our feature writer stole silently away, closing the door gently behind him.

"Don't you feel sorry sometimes that your low birth keeps you from social recognition?" asked one of the elite of an old salt.

"No, mum," replied he. "I've spent my life among the swells."—*Yale Record.*

He, "What nex'?"
He He, Most gals.

Order of Disciplinary Body Causes Men to be Expelled As Result of Misdemeanor

DECISION MAKES MEN'S ACTION A FELL CRIME

Confession Wrung From Culprits by Amazing Bluff, Followed by Well-known Tortures of The Inquisitorial Den

A sad note was struck amidst the joys of the closing days of the school year when the action was taken by the discipline committee at their last meeting was announced today. The "inquisition of the south," as the body was laughingly termed by an ex-student of Maryville College, has been closeted in their chamber for the past two days, together with 21 men of the school who were arraigned before them on the charge of whistling on Sunday.

This morning, notices were sent out that 20 of the men had been found guilty and expelled without further ado from the College. The last man produced an alibi, saying that he was not whistling, but that that was his natural way of breating, as he had adenoids.

* * *

When, after being closeted with the committee all night, the 20 men staggered forth into the cold, gray dawn this morning, their faces told the stories of the terrible sufferings more graphically than the most facile pen. Ten of them succumbed under the torture and had to be taken to the hospital in a coal truck. The stories told by the survivors rival in terrific cruelty the most sanguine tales from the old Spanish Inquisition. When the men refused to confess at first to the crime with which they were charged, moral suasion was at first used. When this failed, the men were threatened with the most abominably cruel tortures, and later, when they still remained unshaken in their stories, the torture chamber was thrown open, the committee dragged the men within, and the sullen iron door clanged desolately behind them. What happened in there only the Committee and the tortured people know. Those

(Continued on page 4.)

PROFITEER PROSECUTED

Interest Shown By Students In Novel Case

Great interest has been evidenced by the student body in the proceedings against the "Why" Store, as the Campus refreshment center is called. Information was made out before Joe Gamble by W. C. Lippard, a well known member of the Senior Class. The hearing was held yesterday afternoon and much interesting evidence was brought to light. The court room was crowded.

Lippard charged that the proprietor has been charging exorbitant prices, causing he plaintiff too spend too much money there, contrary to the Act of W. C. Lippard, Sr. As it was a well-known fact the the prices of the store were really beyond reason, Lippard was able to summon many witnesses for his side of the case. Although the place is supposedly managed by Greeks, all testified to the Yiddish prices charged.

The proprietor's sole defense was based on the statement that he "didn't charge any more than he could get." This statement was followed by hoots, hisses and cat-calls from the spectators and reporters, so that Judge Gamble had to order the court-room cleared. The attorney for the defense said that after hearing the evidence he refused to plead for his client, and without sending the jury out, the judge gave judgement that from now on all prices must suffer a 25 per cent discount.

Seven students have been suspended from Brown University for "Asininity." This is most discouraging. We thot the war had made the world safe for asininity.

"Confession of a Lady Killer Latest Production From Divers Pen

"It is not strength, but art, contains the prize," said Don Quixote, when the windmill batted him in the larnyx. Herein lies the strength of Kharl Likkerson Divers, who today finds himself in the apex of his art in his recent book which is just off the Police Gazette press. The book which sails under the name of "Confessions of a Lady-Killer" is sweeping the country like wild-fire and its publishers say of it, "Children cry for it."

Mr. Divers, soldier of fortune, and one of the most delightful of our writers whose wanderings are always among the fair mademoiselles of Dearsons Hall is preemiently qualified to discuss the vital topics in conection with feminine psychology. Arising from obscurity, in fact, "the Slough of Despond," as one critic aptly put it, Mr. Divers now commands a place beside such litterateurs as Algers, Beatrice, Fairfax, and Marc Antony. He is well known in Walland—having worked on the Walland Ryosetery—Four Corners, Chicago, and Ellis Island. He has been awarded the Wurlitzer Prize, the Croix de Guerre, and the Nobel Peace Prize—having been divorced once. Readers of this sheet will recognize him from some of his earlier works which includes, "Love in A Flat." This book strikes a minor note, as is well known. Other products of his facile pen are, "The Nightwatchman," and "Never Too Old to earn."

The new production is filled with rare knowledge of feminine nature, and reveals the inner sanctuaries of a woman's heart. Mr. Divers has spared no pains in tapping the rich resources at his command.

To prove the sterling merit of the

(Continued on page 4.)

Two Men in Critical Condition As Result of Accident Last Night

The shadow of impending tragedy hung heavily over the school last Wednesday night, and was only averted by the presence of mind of a quick-witted nearby roomer, when the double deck bed of the Hinch and Flinch combination on the second floor of Carnegie Hall fell with a terrific crash last night.

The injured:

Roy Flinch, suffering from an impact of the padacus.

John Hinch, feelings seriously injured.

The acident was aparently due to the faulty structure of the beds. In order to obtain better air the boys, well known residents of Carnegie Hall had placed their bed on four chairs. John occupied the upper, and Roy the lower berth. They were apparently riding for a fall, however, because it was evident that an accident was bound to occur sooner or later.

Wednesday night about eleven thirty, the other members of the floor were aroused by an appalling noise from the Hinch and Flinch Boudoir, followed by much strong language. "Red" Calfee, who was sleeping on the first floor, heard the rumpus and rushed up to investigate, fearing some bootlegger had been caught in the act, or that John was trying to put Roy under the shower. Breaking through the door, he found the bed in terrible confusion. The support had collapsed, allowing the bed to fall. John was considerably shaken up, and was goofing around in a dazed condition, while Roy was pinned under the wreckage. With the presence of mind for which he is noted, Mr. Calfee twisted apart the wrecked structure, and released Roy just in time to save him from catching cold.

Mr. McCurry, proctor of the hall made a statement, "I shall endeavor to look into the matter and if I find any more such contraptions, I will force all roomers to sleep on the floor, hereafter."

WHITHER ARE WE DRIFTING?

This is the query, in the stupendous misogomy of its import, that the demigogy of university students are asking the world today. It is a question, which, echoing down the halls of time like perfume from an unseen censer, has aroused the concommitant corrolary co-ordinations of the co-relative cosmogony. And still it has been settled the minute precursory volitive measures that men have been trying to introduce to make the derivative nomenclature of the malicious thaumaturgy "veniente occurere norbo," will have no more monomanic effect than the proverbial ball of snow in the supposedly hot climate.

It devolves therefore, upon you and me, students of Maryville, to answer this clarion summons to the coarctation of the conciliatory federative "camarilla." Wake up! Fly to the cause! Pay no attention to the saturnalic interpolarions of a cacillating Saturnalia! Rather plunge forward amidst the scintillation of the "ben trovato" of the "ridentum dicere verum." And thus, with the ever increasing ascendency of the scarosant instinct, we shall at last attain the appurtenant arvitraments of an aquatinic apotheosis. That will be the bee's knee!

Then, and not till then, will the concremation always connately intrinsic to the sanguininity of the consentaneous confutation appear evident. Not till then will you or I be able to call ourselves the "meminissee juvabit." But when we shall have finally achieved the state of legendary legerdeman so necessary to the lethiferous lethargy of the melioric melange, we shall then be able to say with Alexander the words he uttered when he had no more worlds to conquer,

"Applesauce!"

—Selected

READ IT AN' WEEP

In the cold gray half-light of dawn he stood at the lily pond and shivered. He looked about him for the last time. The tall cedars stood like forbidding sentinels before the various halls of learning. Rage possessed him that he must leave all all forever—that they should drive him to this desperate pass—They who pursued him like an avenging fate, who haunted his dreams by night and stood before his weary eyes every day, who showed no pity and allowed no escape—except this. He must reconcile himself to the fact. The water was not deep, but it was enough. He would lie among the lily pads and they would find him and sigh over his untimely end, and be sorry they had been so relentless. Yes, it was the only way. He took the picture out of his pocket and kissed it for the last time. Those dear eyes and that bobbed head, he would never see again. Never? He gave a great start. He had a date for the senior play and he must keep it. He threw a last longing look toward the lily pond and flung himself back across the Campus to Carnegie. But a despairing cry shivered to the angling stars, "Down there the little fishes don't have professors to make 'em hand in note books!"

ATHENIAN

A very delightful program was rendered last Saturday night and one just as bad will take place next Saturday night and so on throughout the remainder of the school. Next Saturday night the society will present for the approval of those who attend a delightful little play entitled, "Who Killed Cock Robin." Every member is urged to stay away.

ALPHA SIGMA

An extremely nanseous program will be rendered by this society next Saturday night, if it doesn't rain. The feature number of this program will be a piano solo by George Shanks, the pioneer of pianists. Other items will also be added.

BAINION AND THETA EPILSON

Joint meeting of Bainonian and Theta Epsilon societies in the basement of Bartlett. The guest of honor at this meeting will be Lady Spankhurst. Miss Spankhurst will address the two societies on the subject of "Why I Urge Women Not to Vote." Each girl is urged to wear a shamrock to show respect to this great leader.

About the Hill

An interesting meeting of the Snipe Club was held last Tuesday evening in the room of the president, Mr. Ray Nichols. Plans were discussed for the initation of future members.

Miss Beth Torrey, a senior of last year, who is spending a few days on the Hill, made a trip to Sunshine to visit some well known spots there.

Several boys from Carnegie hall have formed a congenial group which visits various acquaintances and friends (?) in Bungalow Town.

Messrs. Maynard Dunn and Robert Dance have just returned from an extensive advertising tour including Friendsville, Louisville, Greenback, Vonore, Walland, Rockford and Unitia.

Mr. Robert Bishop is now preparing a paper on a subject which is of vital interest to Maryville students. His subject is, "Why I Can't Keep a Girl."

Miss Sally Greenback spent a pleasant week-end in her room. Miss Greenback is compused and "moonshined."

According to a new census, the girls of Memorial Hall prefer husbands with blond or henna complexions This say this type blends most harimoniously with the wall paper.

TIDDLEYWINK TEAM TAKES TITLE TURN TABLES TACKILLY

Men Sustain Fractured Thumbs In Hotly Contested Battle

Amidst scenes of unequaled enthusiasm, the championship Maryville Tiddledy-Winks Team last Wednesday night in the Alumni gymnasium defeated the fast Carson-Newman aggregation by a 50-49 score, and thus successfully clinched the title of the south. Carson-Newman was runner-up in the race, and were highly touted over the United States as the probable champions, so it was with a great deal of satisfaction that Maryville handed them the drubbing Wednesday evening.

The score was close throughout, first one team and then the other taking the lead. Thrills were plenteous, and the huge crowd, that packed the gym to the roof, was kept on its feet at practically every stage of the contest. It was not until the second half that the Maryville fighters came back with the determination that was eventually to win the game. Coach Hawn had evidently been telling them a few things between the periods.

The spurt started just after the Carson-Newman squad had been pealized five yards for crowding over the line. A little later it was found that one of their own men had been substituting his own rubber tiddedy--winks for the conventional celluloid article, so the referee ruled him out on personals. The Maryville team under the leadership of Captain Grossen, began its onward march, and working down the floor like a well-oiled machine, it rushed the Carson-Newman defense for tally after tally. Tiddledy-winks filled the air. Shots came thick and fast, and the local crew of stars seemed to have a deadly eye on the little cup.

By annexing the sectional title, the Maryville scrappers have been assured the trip to England to participate in the international tournament. Those men who will be carried are: Grossen, Capt., The Bell Brothers, Huff, Richmond, Hembree, Meikle, and Cruze.

An island is a small body of land entirely surrounded by international complications.

—MC—

The wedding of a deaf and dumb couple is usually a dumb affair.

SENSIBLE

"Certainly," said the minister to the stranger who had called near bed-time. "I'll come and see your sick daughter if she is so very ill, but I don't think you belong to my parish. Which church do you attend?

"No, we don't go to your church; we're Methodists."

"Then why don't you send for your own pastor, instead of calling on me? asked the puzzled minister.

"Oh, we just couldn't think of asking our dear Rev. Martin to take the risk," explained the caller. "It's scarlet fever."

Judge: "As you have already served two terms I will make this a heavy one. Ten years."

Prisoner: "Sorry, your honor, I can't accept it. Like George Washington, I feel that two terms are enough."

CARNEGIE BEAUTY FIGHT RESULTS IN GENERAL UP-ROAR

Testament Takes Tiara—Thersitical Opponents Taunt Terribly

In a mass meeting held last night in room 228 Carnegie Hall the more elite members of the Hall took their stand favoring Karl Testament with a place in the 1927 Chilhowean, as the most beautiful man in Carnegie Hall. Mr. Testament was elected by an overwhelming majority over his nearest competitor, Werbert Hood.

It is breezed about that the former swung the election his way by remarking that his photographer in Alberquerque, Me., had said, "Be it ever so homely, there no face like your own."

Before and during the election, rivalry was intense between ont only these two men, but their supporters as well. Envenomed glances were exchanged with which were intermingled furious cries of "poo-poo." When the uproar was at it's height and threatened to come to blows, Mr. Curie, the head proctor, enjoined the men to refrain from any unnecessary fisticuffs. This calmed the men somewhat and Mr. Testament was called upon for a speech.

Working himself to tears, and culation of his eyebrows, Mr. Testa. swaying the men at will by the osment said, "I cannot fully express my shrdlu .,:; (|'1 -' vbkgqj — and furthermore, as an expression of this I intend to give you all autographed copies of my countenance." (Emotion so betook the men at this point that many broke into violent fits of sneezing). "But I have always felt that Horlick's Malted Milk applied three times a day to the earlobes would reduce them to within the proper limits."

The meeting closed with "fifteen for the team," and the men departed for their rooms happy in thought that the 1927 year book would be the best never published.

ACCLAIM ASSOCIATION AFFAIR AS ARTISTIC

Another Successful Social Event Held By Famous Fire Corps Last Night

A most delightful time was had by all, as somebody so aptly put it, at the annual reception of the Maryville College Volunteer Fire Association held in the men's gymnasium on the second floor of Bartlett Hall last night.

The place was neatly decorated with the dumb-bells. Horses and parallel bars scattered about the floor gave an informal air to the affair. Each member of the association upon entering was pleasantly surprised by an innovation introduced from other colleges. This is the first time that such a novelty had ever been presented in Maryville. This was the receiving line, as it is known. Upon entering, each person spent 25 delightful minutes going down the line and shaking hands with each person in it. The game was to try to think of something original to say to each person.

There was not a slow moment in the party the whole evening. The most of the time was spent in standing around and talking. And then talking some more. Each person found it pleasantly amusing to see how long they could stand on one foot before it went to sleep. Then they would stand on the other foot. All this, of course, when they were not standing on somebody else's foot.

After an interesting and novel hour had been spent in this manner, a signal was given, at which time everybody rushed for one of the various corners of the gymnasium, (it has four) and spent a pleasant half hour fighting for a small cup of orange punch. Those who came out of the melee with their collars on and their hair not down, were given prizes , consisting of little celluloid jackasses.

After this a new and fascinating game was introduced. It is called "snap," and was originated during a dress makers ball 100 years ago.

A cheery manner of mating off was in vogue. Each man was given a girl by lot to take home. Many interesting comments were heard upon this new system and many new friends were made. As somebody put it, at 9 o'clock they "wended their way home convinced that the reception was the most original and the best they had ever attended."

MANY MARYV.LLIANS MAKE MERRY AT THE METROPOLIS MONDAY

Many Wonderful Sights seen By Enthusiastic Crowd At Lion's Den Monday

Today twenty pupils are happy And one dear professor. Why? Why because all went to visit the newly built institution of culture and art at Rockford, called Lions Den, which learning loving students have visited for two generations.

Two special flat-cars were graciously provided for the party by the Southern, when, with a hurrah, and a shout, and a cheer, the gay throng pulled out under cover of a heavy fog and rain last morn.

The Lion's Den Institution was founded by Josiah Lion in 1889, a patron of art and letters and horse raising. Connoisseurs and savants have come from all parts of the known world to view this modern Farthenon so cleverly placed above Miss Nellie Gaut's Modern Beauty Parlors. To this institution, gentle readers, did the pupils come with note-book and manuals in hand.

After a short song service had set the little town in an uproar, for the old tunes were so dear to those simple folk, the party entered those ancient halls to gape and wonder at the wonderful "wonderfuls" therein. The pupils shouted their delight at what they observed by playing, "Red Rover All Over" in the straw scattered about the otherwise immaculate floor.

A day well spent, they all returned mentally certain that they should visit the institution again soon.

HERE'S WHY

She couldn't understand. Why was it men would never go out with her? Why she was left alone every night? She had beauty, youth, charm and a perfect figure. Her complexion was flawless—her eyes a ravishing blue. She had no need for Listerine and had never ordered chicken salad. Yet the men never asked her for a date —but that's the Deuce of being a waxen dressmaker's model.

FAMOUS SONGSTER LOSES FINE VOICE

Prof. "Bob" Thrower Now In Hospital—Campus Much Disturbed

It was announced today that Prof. Bob Thrower lost his voice while singing before the Ladies Society yesterday. The professor was rushed to the hospital where treatment was given, but Dr. Quack states that the patient is recovering very slowly.

Professor Thrower is very much distressed over the fact that he will nto be able to sing again. The entire campus regrets very much to learn that it will be unable to hear his sweet voice again, and the students are very much worried because they will be unable to hear his mellow voice in the musical recital which he was to have give next next week.

The accident occured just as the professor was rendering a beautiful discord in the "Refrain from Spitting." Last year the professor suffered a similar accident when he threw his arms out of gear leading the chapel singing.

CHIROPODY CHAIR IS ALREADY FILLED

Endowment Is Finally Completed For Course Which Starts Soon

The endowment for a chair of Chiropody has at last been completed, Professor I Vree Dome, P. D. Q., R. F. D. has been engaged and will come to the school to run the course during the summer session.

Prof. Dome is a nationally known man and this addition to the teaching staff is the beginning of a new era for the school.

Many other school were endeavoring to secure his services but by dint of much persuasion, he was convinced that he should some to Maryville College.

Prof. I. Vree Dome secured his early instruction in the Blue Jay Institution of higher learning and since the completion of his course, he has been teaching in some of the larger universities.

INVENTORY ISSUE

VOL. XI. MARYVILLE, TENNESSEE, FRI., MAY 28, 1926. NO. 3

UNUSAL ACTIVITY FEATURES YEAR NOW CLOSING

Vigorous Program Fills Year

It is probably not until we have taken our third or fourth exam and have flunked one or more of them that we begin to realize that school is almost over. We begin to look back and see what we have done or have not done during the year. With some things we are fairly satisfied, and with others—well, perhaps we are not exactly proud of them.

As we look back over our year's work in Y. W. C. A. we cannot help but feel that our work has been satisfactory, at least for the most part.

The Y. W. C. A. began its work this year at the opening joint conference with the Y. M. C. A. which was held at Montvale the week-end before school opened. There the two cabinets planned their work for the year, and then were right on the job to welcome the new students to the Hill. The Y. W. girls kept busy those first few days working with the new grils, trying to make them feel at home and keeping up their spirits.

The Nu Gamma Sigma, which is under the Y. W. C. A., helped the new girls, trying to make them feel their new college home. The Nu Gamma groups were well attended and seemed to create a spirit of fellowship among the new girls.

The Big Sister Movement, also for the new girls, gave each new girl a Big Sister who wrote to her during

BRAWN BESTS BRAIN

Seniors Vanquish Profs.

Brawn beat brains to the ropes in a spectacular race last Tuesday between the Senior class baseball team and the Faculty aggregation. Brawn was victoriously defended by the seniors who when the clouds of dust had cleared away found themselves in possession of a 10-6 win over the bravely fighting faculty members.

The seniors kept their bannar of brawn in front nearly all the way, and only once were given serious contention by the faculty. Professors Honaker and Thrower hurled for the Faculty and attempted to stem a rushing tide of hits from the smoking bats of the brawny seniors but unsuccessfully. The Faculty infield functioned with greater agility than the senior defense.

The faculty guardian of left field brought the crowd to their feet in an uproar several times by his vigorous chasing of fly ture any of the elusive spheres balls, and though he failed to cap his determined attempts via the track suit he wore aroused enthusiasm.

MUSIC DEPARTMENT HIGHLY PRAISED

Noted Musician Pays Enthusiastic Tribute

LIGHT AT LAST THROWN ON BAFFLING PROBLEM

Striking Divergence Of Opinion Disclosed

"IS SHE OR ISN'T SHE?"

Speaking of Co-eds, doesn't our worthy football captain make a splendid lassie? Seriously, just waht do the girls mean to Maryville College? We have asked the opinion of some prominent Maryvillians and here's what they think of the girls—

Maryville's Apollo Says:

"This is a very delivate subject for such an inexperienced man as I to expound upon. Maryville College without its fair co-eds would be in just about the same fix as a ship without a rudder, liame without a mother, as coffee with the cream, and a whistle without steam. Co-eds are as essential to this great institution as lamps are in Carnegie Hall during exam week. They could furthermore be compared with lamps as they frequently smoke, sometimes are a bit dim and occasionally go out at night. Without these fair damsals we could have no moonshine and by all means moonshine is as essential to M. C. as sunshine is to the beautiful flowers."—*Pat Shores.*

—:—

Our Renowned Orator Says:

"Co-eds of Maryville you stand today as a lighthouse casting out your radiant beams across the sea of college life. How many a derelict who was about to go down for the last

The Sophmore President Says:

"Fellows just think what this old hill would be like if all the girls were transported far beyond the Northern Sea. Say wouldn't we be in perfect joy and happiness, then when we saw them coming back. If they weren't here we wouldn't leave any inspiration to paint our class numbers on the water tank. The girls make up the life on College Hill. Many brilliant plays, yes, perhaps a game won, in football, baseball or basketball by that still small voice on the side lines. The debate teams, Glee Singers, track team might not have crowned themselves with such glory and success had it not been for the backing offered by the girls of M. C. Then, there are those girls, who hold high the standards of dear old Maryville in scholastc lines. Others press forward to greater success than ever in athletic contests. And we must not forget to offer due credit to their gift of gab which they manifest so well in the forensics each year, but of course it can not be deed, we can be thankful we are not limited just to platform debates. Ingoing to school in. Persia, for we will all argue that college life without the co-eds would certainly lack one of the essentials in the growth and development of the college." —Wilbur Franklin.

—:—

Next Year's Senior Pres. Says:

"Speaking from the standpoint of business the weaker sex or the co-ed is a great asset to the college. How-

GIRLS TO COMPETE

Bates Prize To Be Contested

On Monday night several of the outstanding speakers among the co-eds on the Hill are competing for the Bates Prize. Accomplished speakers and vital topics of discussion make certain a distinctly ly worthwhile program.

The speakers in order of their appearance and their topics, are as follows:

Jeanette Alford—The Wages of Lawlessness.

Margaret Lewis—America and the Peace of the Nations.

Elizabeth Keown—Amrica and the Peace of the Nations.

Virginia Paulsell—Who is an American?

Dixie Baker—Who is an American?

Grace Kessinger—Woman in the World of Industry.

IMPRESSIVE RECORD MADE IN SPORTS

Highlanders Finish Sucessful Season

THE SPORTS FOR THE YEAR

Last fall as the warriors gathered on the football field there were some who had a feeling that Maryville's team was not going to be up to stuff, but there was one thing that those people forgot to count upon, and that was the "Maryville Spirit" which is better than any tonic or lecture that Coach Honaker could give to the men. And now you all know the history of

SEASON OF '25 '26 BUSY ONE FOR THE Y. M. C.

Year Filled With Vario Activities

The Y. M. C. A. has rendered great deal of service to the stud of the campus this last year. It just closed a very successful ye work. The work of the organiza is responsible for a number of thi on the campus which are taken granted, but which could not be sible without the "Y". The read room and the store and their serv to everyone.

The Montvale Conference bef college opened, a week-end full work, worship and good times i notable achievement of the Here plans were laid for the ye work. The practical plans were seen in action as the boys untiri ly helped the new students from train and directed them around campus and were friends to all. "Y" reception for men was an o standing event of the first week.

As the year started, the "Y" and various posters brought to attention of the students. The Y. C. A. Survey meetings where int esting programs were furnished. year just closed has witnessed great improvement in the week meeting of the Y. By these me ings, the spiritual side of the m has been helped as they have wo shipped together. The Bible stu committee has endeavored to rea the men in their personal devotio

Big Sister who wrote to her during the summer, and helped her in every way possible. There were also Y. W. breakfast hikes, and the Y. W. reception, and the socials to add to the fun for the opening days.

The Sunday devotional meetings have been exceptionally good this year. The programs have had interest, inspiration and variety, seasoned with good music. The new Y. W. song books which were given to the Y. W. C. A. by a former member of the Association have added a new interest to the musical part of the program. The meetings have been well attended.

The Life Work Conference, which is put on by the Y. M. C. A. and Y. W. C. A. jointly, we believe was the greatest success it has ever been.

COMMENCEMENT HAS ARROVE

INDICATIONS NUMEROUS

By CORKY CRAWFORD

June is the corect temperature for sweetboys and girls to graduate. It is the ideal month for lawn luncheons and black cambric gowns. Before June is torn off the wall calendar, one million boy alumni will be at large congesting light labor headquarters and refined employment agencies. They will be looking for semi-soft jobs to match their white collars.

In the co-ed rank of higher education, sweet girl grads will also be getting the college gate. They will drift into the cruel world with high heels and low necks.

It is baccalaureate time on the dear old campus. College prexy tells the near-alumni that hard work is the only secret to success. Then he knocks off for a three months tour in Europe.

It is calender month for joy and refreshments. Seniors give a large spread to their relatives and friends. They make this a swell feed because they know that for the next six years they will be feeding off their relatives and friends.

(Continued on page 3.)

Knoxville, formerly of Cincinnati College of Music, in a letter to Dr. Wilson. The letter in part follows:

Dr. S. T. Wilson,
President Maryville College,
Maryville, Tenn.

My Dear Mr. Wilson:

The Guest Concert of the TUESDAY MORNING CLUB of Knoxville, given by the MUSIC DEPARTMENT of the MARYVILLE COLLEGE under the directorship of Miss Laura Hale last Saturday eve was such a great success that I feel I must congraulate you on having Miss Hale at the head of your music department.

Miss Hale's excellent work impressed me as being of the very highest standard. I have not heard students play piano with such finish and style since I left the nationally famous College of Music of Cincin-

SENIOR CLASS DAY EXERCISES

Class Day Exercises on Baldwin Lawn

On next Wednesday afternoon at 3:30 o'clock on Baldwin Lawn the annual Senior Class Day Exercises will take place. The exercises will be the last that the seniors take part in before they graduate on Thursday and this occasion promises to be an elaborate affair as extensive preparations have been made in producing a good program. The whole class of seniors takes part in the exercises. The program is as follows:

Processional.
Class Song ------ R. F. Anderson
Class History ---- Charles Johnson
Class Poem ---------- Jane Barber
Duet ------ Gordon (Class Mascot) and Marian Huddleston.
Class Will ---------- Clinton Puff
Prophecy ---------- Ruby Harrison,
---------- Salmon Brown
Quartette ---------- Selected
Agnes Houghton, Esther Grimes, Raymond Anderson, Edward Hamilton
Giftorian ---------- Joe Gamble
Presentation of Cup to "Ham." Jr. ---------- Robert Bishop
Alma Mater ---------- Hall
Class

time in that sea, has seen through the mist and spray your beacon light taken on new courage and struck out again for shore, no one wil ever know. You have when necessity demanded it, hoisted the mainsail, manned the life-boats and lineasted raging billows, in order that some stranded student might be guided safely into harbor. By your presence you add lustre and lend color to each day that passes throughout the college year. You give dignity and poise to the institution. Maryville would be worthless without you. You hold the fate of the college in your very hands. In this respect there is no one to equal you; there is no one above you. You are the peeresses of queens. Glorious co-eds of Maryville! Glorious for what you have already done; more glorious for what you are now doing, and glorified you shall be for what you are determined to achieve and will achieve." — S. H. Osborne.

SENIOR PLAY CAPS DRAMATIC SEASON

"The Fool' A Truly Great Production

Lovers of fine drama are expected to be present in Voorhees chapel Tuesday evening at 7:30 o'clock, when the senior class will present "The Fool," a four act play by Channing Pollock. This promises to be the crowning event of the dramatic season and everybody is expected to turn out to see this great play. It was recently released for amateur production and the class of '26 will be the first to present it. The author, Mr. Channing Pollock is known in every country that has a theatre, and stands among the few truly great playwrights of today. He worked and struggled for over four years for the success of "The Fool" until in 1922 it was completed and it has the distinction of enjoying continuous runs in New York, Chicago, and San Francisco.

This is indeed an ambitious performance for the Senior Class to attempt, but with the talent possessed by members of the class of '26 they will undoubtedly prove equal to the task. Failing to attend will mean deprivation, not only of an evening of wonderful entertainment, but a lesson of tremendous import to all who call themselves Christian. Be fair to yourself and see the play.

It is held by scientists that a human being cannot live without a brain, which only goes to prove how mistaken scientists can be occasionally.

—MC—

Getting into trouble is generally expensive but some people just will have expensive things.

is a great asset to the college. However I don't want you to misconstrue my meaning of this. In so far as studies and forensics are concerned they are practically worthless. Their value is determined by their influence on "man" or the "King of Nature." They sometimes are responsible for the boys coming back the next year or in attracting new victims to their lair. Boys are usually young and foolish when they enter college and a broad smile goes a long way. But sadly when they reach the senior year they realize they are victims of circumstances and have been as foolish as the dog that ran after the train. "What on earth will I do with her when I catch her."—Ray Cortner.

—:—

Maryville's Favorite Songster Says

"Of what value are co-eds to Maryville? This is an easy question

(Continued on page 3.)

SENIORS ELECT LIFE OFFICERS

At the business meeting of the Class of 1926 on last Tuesday morning the following officers were elected, the tenure of office to be for life: Robert W. Bishop, president; Miss Katherine Franklin, secretary, and Mr. James M. Brown, treasurer.

that group of fellows who went out there and gave their best for their Alma Mater. You all know how they held Kentucky at Legington and then the U. of Tenn., at Knoxville. These were the only games lost by the Orange and Garnet. Then came a string of victories which led to the proclaiming of Maryville as the State champions. These victories were achieved over King on a slick, rain-soaked field in which our fellows showed what constant training and keeping fit will do toward the winning of games. Next came Georgetown and her Maryville ran up against some of the best opposition that was afforded her during the season. Then on Armistice day the strong Cumberland team appeared on our field and although in Singleton they had one of the best backs that has ever placed a cleated shoe on our gridiron to lead

THOUHT AS WE PART

The class of '26 leaves many va- places, in the hearts of those ing after, and in the ranks of olarship and influence on the Hill, it leaves to take its place in the ld. Hearts are saddened by the ought that the many pleasant as- iations, in work, in play, in moon- ining, in all the activities of college fe, are being brought to a close.

And yet, it could not be otherwise: e class of '26 came here to make ore adequate preparation for use- l living, and has received all that aryville can offer; the world out- ide perishes for lack of leaders with dequate preparation and high ideals o carry on towards better hings; and so, though the parting be ard, this class has its work to do, nd must answer the challenge of ife. Our prayer for it is that the raining and ideals it has received ere may carry it safely through the icissitudes of life, to have at last

"Now take that Senior calss, for instance. I'm downright proud of my work on that class. When I look them over I can smell orange blossoms pretty strong. But "Ham's got them all beat. He's got his sweetheart for good, and the little fellow too. You know it always tickles me to see seniors and teachers—it looks as though they were getting serious. Takt that Graybeal fellow and Miss Gamble, for instance, or Solomon and Miss Croyle. She's not a teacher professionally, but I would bet that Solomon learns a few things. You want their names? Well, sharpen your pencil, because I've got their names on the tip of my tongue. We'll take the sweet singers first. There's Raymond and Agnes, "Chick" and Eleanor, Bob Jensen and Jean Haygood, Martha and Bob Thrower (she'll make up for whatever voice he doesn't have). Well, we will take up the athletic stars now. Just let them show their poweress to a girl and she'll fall for it hard, then they have to use all they've got to keep her. There's "Shimmy" and Betty Keown, "Pat Shores and Helen, Bob Harvey and Katherine, Joe Gamble and Jimmy. No, I haven't got to the end yet. There "shorty" Cragan and Laura Lewis, Edna Dorough and Van Boyd, Lucy Morgan and Taylor Crawford, Dewey Eitner and "Billy" Baxter, Leslie Bell and the "Belle," Ralph Vanderslice and erta Collie, Ted Hawn and Miss Wilson from town, Dot Bogley and Harold Miller, "Jut" Campbell and "Bill Seaton, and—"

But Cupid was grinning. I followed his glance and beheld two absorbed couples slowly pacing beneath the cedars. Mary Chris and Julian were at a little distance from Kathleen and Maynard.

Cupid nodded his head thoughtfully. "Come back next year and I thing I can furnish you a complete list of senior moonshiners then.

he happiness of knowing that it as made a substantial contribution o the realities of life which make it nore worth living.

We who follow feel our unworthiness to take the places left vacant, but, as this class steps into duties nd responsibilities over which it eels a little trepidation, so we must aspire to higher places. This is the way of progress and life. We count ourselves fortunate in having so able a group by which to gauge our own efforts, and, with your record to guide us, and the spirit of Maryville inspiring us on, we are resolved to attain the same high standards of purpose and achievement as did the class of '26.

Thus, loyal Maryvillians all, we will labor unceasingy to spread the influence for good, which has radiated from old College Hill for over a century, throughout the world.

APOLOGIES DUE

The editor is constrained to make apologies to the staff members for the articles omitted in this issue. In the future he will endeavor to determine before hand how much copy is required.

MANY FATALTIES IN PAST YEAR

Famous Marksman Proud of His Work

Cupid shifted the quiver on his back to a more comfortable position and smiled complacently.

"Yes," he remarked, "I've done fairly well on the Hill this year."

"I should judge so," I answered respectfully, "by the number of reserved and shady nooks occupied daily.

"Yep, just seems as if who ever laid out the campus was working to help me. Not that I need much help. Give me an inhabitant of Carnegie and one from Baldwin and I'll wager my arrows, that inside of a week they'll be cooing or scrapping—it doesn't really matter which.

nati where only Dean Albino Corno, one of the great authorities of piano teaching in this country, produced student performances comparing with the one Miss Hale gave us last Saturday.

The faultless technique of all her students and the poetic expression, with which all pieces were delivered, have convinced me of Miss Hale's masterly teaching.

I am yours very sincerely,
Hans Schroeder,
Director Tuesday Morning Musical Club.

RESOLUTIONS OF SYMPATHY

Whereas the Master, in His infinite love and wisdom, has seen fit to call home the mother of our classmate and friend, Gussie Huffman.

Be it resolved that we the members of the Junior Class, make known to our sorrowing classmate and her family our deep sympathy in this hour of darkness and distress.

Be it further resolved, that a copy of these resolutions be sent to the bereaved family, a copy be read in chapel, and that a copy be printed in the Highland Echo.

Signed,
The Class of 1927
Robert Wood
Annie Vanderslice
Sally Dicky.

Charles Dickerson (rushing into library)—Miss Dehaven give me Caesars life.

Miss Dehaven: Sorry but Brutus

Where two steam locomotives formerly puffed and strained to pull a 360-ton freight train up the steep slope of Maltrata incline, two electric locomotives haul a 660-ton train with power to spare.

Electricity levels the Mountains

In Mexico, romantic land of pretty senoritas and languorous minstrelsy, practical American engineers have harnessed streams so that mountains may be leveled.

The winding thirty-mile Maltrata incline on the road from Vera Cruz to Mexico City is now electrified. Ten electric locomotives replace twenty-three steam engines. The electrics haul twice the tonnage of the steam locomotives—and in half the time, with obvious benefits to traveler, railroader, and shipper.

Yet Maltrata is but an example of electrical progress. For electricity is conquering the grades of railroads and of industry alike, the world over.

Impressive, no doubt, but still modest when compared with the possibilities of electricity in years to come. And it remains for college-trained men, with trained capacity for initiative and leadership, to become ambassadors for further electrical conquests in foreign lands.

The General Electric Company required but eighteen months to electrify Maltrata incline—locomotives, power plant, transmission equipment complete. Engineering skill, backed by vast manufacturing facilities, has enabled G-E to serve humanity in many ways.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

DRUGGISTS

piration. These are big words but they mean a great deal. Co-eds are inspiration. Many a good man has ruined his reputation by becoming sentimental along that line. We can't seem to play ball, study or live without feminine inspiration, and surely we would not patronize Pearsons Hall if it were not for that, although we do not eat when we get there. The fair lady carries us to the heights and then comes the second point of my discourse. Perspiration! Oh how do we work to please the co-eds. Hiding from Miss Molly, buying flowers and laboring to keep our fair damsels seperated. Heaven only knows the schemes our co-eds make to hedge us in before some villian of the same sex secures the reins. Only the springs in the bunks above us hold the visions of narrow escapes from the cruel vengenance of sleepless nights. It takes perspiration to get the co-eds and more perspiration to get away from her. But they can always be gotten and can always get so then we come to the third catastrophe—expiration.

What happens when they get what they want? We expire. Nothing it worth getting unless you have the pleasure of letting it go. Going by that unalterable law we are entrapped by the fair but cruel co-ed and dropped—and always on the the concrete. Such is the run of civilization but like Antony of old, we always come back for more and so, in spite of the wisdom I have learned by years of experience, what is the use of passing it on when "through the years we know that one increasing purpose runs" and that my thoughts will not make a dent in the plans of the fair sex or the determined but weak wills of the duped sex during all eternity. They inspire, we prespire, and then all expires.

—A Man Who Knows.

LIGHT AT LAST THROWN ON BAFFLING PROBLEM

(Continued from Page 1.)

for a boy to answer, in a sense. Those who are classified as co-eds in this institution constitute the biggest part of the student body and it's always easier to evolute a big thing than a smaller one. Can one imagine Maryville without girls? Why that term "moonshining" which is so distictively Maryvillian and so interesting to philogists would be forever lost. The other specifically Maryville terms, mountain hikes, Pearsons, Baldwin, Memorial, midwinters, etc., would leave no significance at all if the co-eds weren's here. Perhaps, they are of most value however, in putting the college on the map. How M. C. ever have held Kentucky State to a 13-7 score if the girls weren't there to furnish the stimulation? How could the school ever succeed in basketball, baseball, track or tennis if there weren't members of the fair sex here to give the boys "train letters" just before the trips begin? How could the glee club sing a sthey do an trips if there wasn't a Phoebe a Mary Chris, a Billie an Agnes, a Jean, a Lois, a Mrs. Hamilton and son, at home in Maryville? So. to me, the co-ed here on College Hill that we can hardly imagine what it would be like without her—in fact we do not want to think of such a possibility. When a fellow visits some of the colleges which are not co-educational he gets an idea of what it would be like without her and he feels sorry for the poor fellow there—and when one visits other "co-ed" schools one understands how fine our co-eds really are. To be sure with the inspiration they arouse often comes perspiration and desperation but "Maryville" loves them all in spite of that. And in spite of Miss Molly's tender care and guiding hand, they are deserving of all praise. We fellows do wish to pay our tribute to the M. C. co-ed though, for wnether it be on the athletic field, the work of the college, our cultural development, our social affairs, the inspiration that makes a new man—whatever it be that counts, we give our fair co-ed the praise.—Bob Harvey.

—:—

Maryville's "Gob" (The man with a sweetheart in every port) Says:

"The co-ed loses a great deal of her value in a school where there are a few social privileges as there are here in our own M. C. I have heard men say that it is a great advantage for a young man to be able to mix and mingle with the fair sex as it gives him poise and polish. Many a diamond in the rough has been polished and sent on its way to success by a co-ed, but how in the world can a girl do a good job of polishing in a couple of hours a week? The co-ed is certainly at a disadvantage in a school where the courses are stressed so much and the social life so little. One freshman said, 'Going with a girl in M. C. reminds one of a cigarette addict and his cigarettes. They cost him a great deal, they are of little value to him but some of the fellows just can't get along without them.' "

—*Raymond Harrison.*

—:—

The Father Of The Class Of '26

"ASK DAD, HE KNOWS."

Co-ed, inspiration, perspiration, exstep of the world-outbound. They will face the cold, cruel cosmos with their guitars and white flannel pants. They are equipped with knowledge and are girded with gall. You can always tell the boy graduate by his trick hatband and expanded sweatband.

They are swathed in academic robes. They look like Ku Klux Klansmen in mourning suits. They know the three R's. Rah, Rah, Rah.

If knowledge were horsepower every senior class would outrank Niagara Falls. They don't need any more knowledge than a middle-aged duck needs waterwings. After four years at old Maryville they are about to learn that whistles blow at 7 a. m.

After graduation they will be alumni, which entitles them to join in drives for college funds and place heiroglyphics after their name.

And don't forget the sweet girl graduate. One thousand tons of bobbed hair all exits to the alma mater dirge.

Those delicate feminine skulls are clogged with knowledge. But they have many important items to learn yet. They may have studied eight volumes of anthropology but that doesn't mean they know any thing about man.

They may have all the dope on ancient Greece but that won't help them out on modern lard when it comes to frying doughnuts.

Till the girl struts up the plush carpet to the strains of Mendelssohn's march, she hasn't learned anything yet. College rates with marriage as an institution of learning like a wooden plank rates with a cantilever bridge.

College days look silly to married alumni. College girls work for four years to get a sheepskin while married ladies only weep two weeks for a sealskin coat.

Commencement certainly has came.

—O—

rogate. Still there remained one more gam on our scehdule; this was the powerful Concord crew and it was a game. Played in mud not quite knee deep and with the rain beating steadily on them our bunch turned back those "Mountain Tigers" and clipped their claws as they were about it.

Then as the fall days were over the attention was turned to basket ball. Here agin the worth of material was unknown, but Coach in the manner of his set out to build up a team and this he did. After but a few days practice the basketeers defeated Johnson Bible College in the first encounter of the year. That was all that happened before the holidays. After a few days practice on their return Chattanooga defeated them in a very close game in Chattanooga. The Athletic House was the next foe and Maryville tromped on them in a very fast game. But still M. C. had not hit her stride for when they journeyed to Knoxville U. T. easily turned them back. Here they braced and defeated Louisville Seminary, and Tusculum. Then we defeated U. T. on our home court in a brilliant game. Concord our football rivals, appeared next and in a ing encounter to an extent, Marying necounter to an extent, Maryville turned back the "Tigers." We all remember what came next. Yes it was Shoun, of Carson-Newman, seven feet two and one-half inches in his bare feet, he and Bebbs spelled defeat for us in both games we played against them. After those games came L. M. U. and here Maryville won her last game of the season for the next week the Cincinnati Collegians appeared here and gave us an exhibition of basket ball such as we all would like to be able to give, but to which few ever attain in the art of looping the rim. Thus ended our basketball season and it also ended the careers of Captain Pat Shores and Joe Gamble and here also it can be said that Maryville loses two men who played the game fair and square.

Before we leave the subject let us that the team won 22 out of 25 games which were played on the trip into East Tennessee. They lost twice to the U. T. and once to Athens. Tennis is just beginning to be popular and this is a fine start. Capt. Gamble is the only man lost this year.

Till We Meet Again...

Commencement time is a time of much pleasure slightly tinged with sadness. There is much pleasure in contemplating work well done and in anticipating vacation days, but there is a touch of sadness in parting with our good friends, some of which we many never meet again.

This being our last opportunity to speak to you through the columns of the Echo this spring, we wish to express our hearty thanks for the generous business you have given us.

Seniors, to you we wish every success and happiness in your chosen work. To all the rest of you we wish a pleasant vacation, and hope that we may see you again this fall.

Come in and say au revoir before leaving.

Y. W. C. A.

(Continued from Page 1.)

The leaders brought us inspiring and practical messages, and the group meetings were very beneficial to the great body of students who attended thm. Both students and faculty realize the worth of such a conference and every one seemed to co-operate to make the conference of great value.

The Blue Ridge Conference also means a lot to the life of Y. W. Last year 12 Maryville delegates attended the conference, and this year the Y. W. is sending six, and other members are expecting to go. Indeed, the Y. W. feels that her share in the conference has been more than beneficial to the Association and the student body as a whole.

The Y. W. has endeavored to take an active part in the social life of the college. Besides the hikes, and reception, and the socials, the Y. W. Blue Ridge Banquet this spring was said to have been the best yet, characterizd by good eats, good fellowship, and good fun. May Day also, which is always one of the biggest events of the year, and for which the faculty gives us a whole half holiday, was one of the most beautiful fetes that have ever been presentd at M. C.

The Y. W. C. A. store has been very successful, and is the means of sending the delegates to Blue Ridge.

The Y. W. also helped in the World Week of Prayer, the February meetings, and is responsible for the carols which are sung at Easter and Christmas.

This is just a general survey of the work that the Y. W. C. A. has done this year. Y. W. did not complete all its plans, and it made mistakes, but we do feel that Y W. has had a good administration and a sucessful year, for which we give due credit not only to the president and the cabinet, but also to the individual members. All have worked together to make the year the success it has been.

The Y. W. C. A. work for next year is well under way. The new cabinet is beginning work, and making plans for the Montvale Conference next fall, and for the opening days of school. The aims of Y. W. for next year are for more cooperation between the two Associations and the faculty, and for more and better service to the studerts.

"We determine to live unreservedly Jesus law of love in every relationship, and so to know God.'

IMPRESSIVE RECORD MADE IN SPORTS

(Continued from Page 1.)

them, we defeated them, in our second battle in four days. But still there was no rest for our valient team and in the third batle in eight days they defeated L M. U. at Harriman, 6 to 0. Before we leave the subject let us look back on the girls team. We all know the wonderful record that they placed before the eyes of the "Lassie Followers." They lost but two games one to the U. T. girls the other to the Carson-Newmanetts. These were the only losses out of ten games The team only loses one "Lassie," Grace Lessinger and another great record is being looked forward to next year.

As spring came on baseball gripped the fellows. With several veterans returned, a fine team was turned out and they have a very good record to look back upon. It looked for awhile as if there were to be no ball games due to ole Pulvuis but finally he forgot to turn on the rain one morning and before he could get back on the job U. T. had beaten us. We were able to play only two more games out of dozen that were scheduled on account of the weather and both of these were lost. At this time they took a trip unto East Tenn., and Va., winning three, loisng four and tieing one. After this the Highlanders became unconquerable and handed a white wash to U. T. on our home lot. Then Cumberland visited us again and did that little thing of winning two games in as many days, both by the same margin. Our old foe, C. N. was here next for a two day stand and after Maryville had taken the first game in an eleven inning pitchers' battle ole Pluvis came to life and ended our baseball season. Pat Shores, the senior three letter man, is the only one who is lost this year and the prospect for another bigger season is in sight for the followers of the "horse-hide."

While baseball was having its innings, track season also came around Coach Bob Thrower turned out a good bunch of cinder artists. There were but two meets one with the U. T. who defeaed us a Knoville in our annual dual. The other was with Chattanooga and here in a very close and exciting meet which was decided by the relay team Maryville came off victor. Edsall and L. E. Milling are the only men lost by graduation.

Tennis also deserves mention in

Y. M. C. A.

(Continued from Page 1.)

The home mission has not been neglected for the Y fellows hold services in the mission, and preach in churches near here, and in every way seek to promote the Kingdom of God.

Putting on such a program designed to meet the needs of the bodies, minds and spirits of young men, the Y. M. C. A. has not failed to influence practically every fellow in some way.

Ther were weak spots in the program. Things did not always work out as they had been planned. In many places the Y should have done work or more effective work as the case was, but the challange of the year is to do better next year, to iron out the imperfections in the organization and in the service rendered, and to put on a real program for our campus.

The outlook for next year is very encouraging and we predict great things from the Y next year. An adequate program including every man is sought, and a determination to encourage men to live in all phases of life after the example of Jesus Chirst will assure a great year for the Y next year.

JUNIORS SWAMP SWIMMERS

The Juniors led by the mighty Jensen turned back the opposition of the other classes and scored a decisive victory in the last inter-class event of the year. Jensen was high point man with 24 counters having won 4 firsts and tied for another. Davis and Dunn starred for the freshmen. The relay was the most exciting event of the meet and here the junior team of Johnson, Wood Buchanan and Jensen won by a hair as Jensen nosed out Davis at the finish.

Score:

Juniors	34

VOL. 12 MARYVILLE, TENN. FRI., SEPT. 11, 1926 NO. 1

FOOTBALL PRACTICE STARTS WITH 50 MEN IN TRAINING

Coach Honaker Expects Successful Year With Promising Material.

11 LETTER MEN RETURN

First Game of Season Held Here Sept. 25 With Tennessee Wesleyan.

Once more foot ball holds the center of interest and if one will notice, out there behind Thaw, everyday one will see a bunch of sweating, dusty warriors who are giving their best to their school and their team so that Old Maryville can retain its high place in the foot ball circles which it has retained during the past few years.

There were a few days of early practice which started September 1st. With Coach Honaker's return last Saturday and the return of many of the students the first of the week, the squad now numbers about 45 men who have placed themselves under the able direction of Coaches Honaker and Thrower and with whom they expect to turn out a team built on the very fundamentals of the game. It is expected that the squad will number 55 or 60 by the first of the week.

Every member of the student body is behind them and they are looking forward to another great season, similar to that of last year when Maryville won the name as College Champions of Tennessee. Five letter men were lost last June through graduation but still there are eleven letter men returning this fall, besides several old men who have been out before and who are now snapping for a place on that team. Also there are several promising new men who are working hard to gain distinction.

From the very beginning of practice there has been nothing but scorching heat and suffocating dust, but with it all these men have reported each day and this proves that each one of them is eager for work, full of fight, and that they really love the game. We are certainly proud of our men for their pep and courage.

Last Year's Graduates Missed

The men lost by graduation last year will be greatly missed but others are working hard to fill in their places. These letter men who we lost are: Gamble, full-back; Hamilton, tackle; Shores, end; Puff, guard; Brown, guard. These men will long be remembered for their wonderful attack against Concord in their last game for their Orange and Garnet.

The eleven letter men remaining form a nucleus about which Coach Honaker hopes to build up a formidable fighting machine. In the line they are: Cartwright, captain and end; Holland, guard; Stone, center; Brock, tackle; Harvey, guard; in the backfield they are J. Crawford, G. Crawford, Clemens and Bird, halfbacks; McCall adn Davis, quarterbacks. Then too, there are several scrubs who are out to make that much coveted "M" this year, and among these are Sneed, B. Crawford, T. Crawford, M. Dunn, G. Dunn, G. Taylor, Hale and Geasland. Besides this array there are some very promising new men who will bear watching.

New Men Invited Out

A hearty invitation is extended to all men who have any experience and ability to report for practice

(Continued on page two)

Nov. 25—Open

Coeds Prepare For A Busy & Successful Year

Y. W. Opens With Many Activities.

SOCIAL SATURDAY NIGHT

Cordial Welcome Is Extended New Girls.

With the greater number of students, new and old, this year promises to be the best year the college has ever had. The Y. W. C. A. is endeavoring to help us realize our greatest hopes for this coming year.

Y. W. is glad that you have come to Maryville, we welcome you, and hope that we can help make you happy in your new college home. We invite you to participate in all the Y activities, and hope that you will enjoy the meetings and good times that we have in Y. W.

The big sisters are asked to bring their little sisters to the different Y. W. activities. There is the Y. W. reception on Saturday evening and the Sunday meeting, so don't fail to see that your little sister gets to both.

The Nu Gamma groups are fast becoming organized and the new girls are taking a great interest in their organization. Groups are planning social meetings and breakfast hikes so that the new girls can get acquainted before their first meeting next week.

On Saturday night Y. W. will give a welcome social for the new girls in the form of an Indoor Track Meet. This is something new and thrilling. Every old girl is expected to be out to help entertain and to make the new girl feel that she is really a part of us. Y. W. is expecting every girl to be present. Girls, both old and new, come prepared for a great time, Saturday evening, seven o'clock in the Gym, and by the way—there will be eats.

Sunday afternoon, at one-fifteen, the Y. W. C. A. will have its first devotional meeting out of doors by the chapel. It will be a meeting on the subject of "Ideals". Does coming to college mean a change in our Ideals? Are the Ideals we had at home suited to college life? Come to the meeting and help us to make it an ideal meeting on "IDEALS". Every girl is welcome.

"We unite in the determination to live unreservedly Jesus' Law of Love in every relationship, and so to know God."

Joe Gamble, one of last year's graduates, is leaving on September 25th. for the University of Michigan where he will study law.

SIX NEW MEMBERS ADDED TO FACULTY

Enlarged Enrollment Makes Additions Necessary.

TWO ARE GRADUATES

Several Departments Get Much Needed Reenforcements.

Maryville has added six new members to her faculty for this year. Rev. Morton M. Rodgers, Ph. D., pastor of the Sunnyside Presbyterian Church of South Bend, Indiana, is on the Hill ready to take up his work as associate professor of Bible in the new department of religious education. Dr. Rodgers has had several years' experience in secular teaching and in religious education.

The new professor in the department of Biology, reinforcing Miss Green, is Miss Bessie Lee Henry, M. A. Miss Henry is a Maryville graduate and a sister of Miss Clemmie Henry. Miss Henry took her post graduate course in the University of Illinois and served last year as assistant in Botany in that institution.

Miss Dorothy C. Benner, of Ohio is the new teacher of Voice, taking the place of Miss Staater, who resigned her position. Miss Benner has lately coached in Voice at the Cincinnati Conservatory of Music, where she graduated.

Miss Ruth Sheldon, M. A., will have classes in foods and nutrition in the Home Economics department. Miss Sheldon graduated from the University of Nebraska and took her post graduate course at Columbia. She has been a camp dietitian and a supervisor in a cafeteria, so she has had both theory and practice. in her work.

Miss Almira C. Bassett is the new associate professor of Latin. She graduated from Maryville in 1909 and took the degree of M. A. at the University of Michigan.

Mr. Charles Ritchey Johnson, an alumnus of the class of '26 was asked to remain here as instructor in English and Education. He graduated with 341 quality credits, entitling him to a Magna Cum Laude.

Maryville's exeellent faculty with these new additions promise a record year in scholarship.

Mr. and Mrs. Marston are here for a few days with their daughter Mary.

Robert Lockhart is leaving for Princeton sometime soon. He is a member of the class of '26.

LITERARY SOCIETIES

Coach Honaker recently declared that work in a Literary Society is of more value to a college man than any other course in the curriculum. He declared that Literary Society work in his college career meant more to him than any other thing that he undertook, with the possible exception of playing football.

Accordingly, we advise new students to enter the work of one of the several Literary Societies on the Hill. Men are invited to attend metings of the Athenian and Alpha Sigma Societies; and women, meetings of the Bainonian and Theta Epsilon Societies. Opening night meetings will be held in the respective society halls on Saturday night, the eighteenth.

Outdoor Reception Tonight In College Woods

Y. Gives First Party For New Men.

SNAPPY PROGRAM

Watermelon On Ice Big Drawing Card.

Today is the day of receptions. The Faculty will hold their annual reception this afternoon at 3:00 o'clock in the Alumni Gymnasium. Here the new students will have a chance to get acquainted with the members of the faculty and the old students may again greet their teachers.

Y. M. C. A. Reception

The annual Y. reception will be held tonight at 7:30 in the College woods at the pow-wow stump. A real program has been prepared consisting of a few short and snappy talks, stunts, songs and cheers. Then there will be some of the best eats in the world, watermelon on ice, and plenty of it. This reception is held for the new fellows in particular, so that they may become acquainted with activities on the Hill and also gain fellowship among the students. All new students are especially asked to be present. Every one will meet in front of Bartlett Hall at 7:30 o'clock and will be directed to the Pow-Wow Stump in the College woods. All out, fellows, for one glorious evening of entertainment, fellowship and eats.

POW WOW

Get our hiking clothes on fellows,

(Continued on page two)

Cartwright to Captain Highlanders

Behold, the husky Captain of the Orange and Garnet team, Gobo Cartwright. This fleet-footed end hails from Cleveland, Tenn., and entered Maryville his freshman year, making his letter in foot ball every year he has been here.

Gobo has all the characteristics that go to make up a good leader, ability, courage, and good judgment. Besides being a three year foot ball man, he has lettered three years in base ball. We are expecting Gobo to have a great year, this his last, and lead the Orange and Garnet thru a successful season.

CONFERENCE HELD AT MONTVALE OVER THE WEEK END

Inspirational Addresses Feature Meeting.

SEVENTY-FIVE ATTEND

Outlook Bright For An Excellent Season.

Seventy-five officers and members of the Y. M. C. A. and the Y. W. C. A. gathered at Montvale Springs Saturday, Sunday and Monday for the Sixth Annual Setting Up Conference of the Associations. The two truck loads of students jolted out to the resort late Saturday afternoon, descending upon Mr. Pflanze in time for dinner and jolted in to Maryville again early Monday morning. The ride into Maryville was perhaps the most pleasant event of the entire Conference, for it was made under ideal weather conditions; warm, sunshiny and otherwise agreeable.

The series of addresses were centered about the theme

"Not position, but education fixes the plane of life's labor;
Not parentage, but character makes life divine;
Not money, but manhood and womanhood meet the needs of Jesus;
Not prestige, but service meets the human needs'".

Rev. C. H. Lang, pastor of the Little Brick Church of Knoxville delivered the opening address Saturday evening. This was the first introduction Maryville students have had to Mr. Lang, and his presentation of the theme in such a practical and spiritual way opened up the way for the successful conference. Dr. Orr made an address on "The New Meaning of the Cross" at the lakeside Sunday morning. The new meaning of the Cross, so Dr. Orr said is simply Jesus' way of living, which is a natural consequence of being a child of God. As a child of God duties are not performed, but are the only Way of Life, and are done not for the happiness of the Doer, but for the happiness of those for whom the deed is performed. The service Sunday evening was held in the hotel assembly room. Dr. Wilson, who is a charter member of the Association and the first secretary of the Y.M.C.A., delivered the address, his subject being "The Secret of Life". This is an open secret, Dr. Wilson declared, and was revealed in its completeness by Jesus. It may be summed up under three heads, "Thou shalt love the Lord Thy God with all thy Might, with all thy heart and with all thy soul; Thy shalt love thy neighbor as thyself, an thou shalt love thyself as thy neighbor'". Dr. Wilson's interest and presence are always an inspiration to the Associations. He is beginning his fiftieth year as a Y man and never during all this time has he been out of touch with the organizations. The officers and students find in him a wise counsellor, and loyal supporter, one who associates himself with every project undertaken by the Y. M. and Y. W.

Work Outlined

Sunday was given over to joint cabinet conferences, separate cabinet conferences and committee meetings. Reports were heard from cabinet men and committees and plans perfected for the year's work. Joint cabinet meetings are to be held monthly which will insure

Young Men of Maryville College

You Are Invited to Join

Emert's Bible Class

[M. E. Church]

A lecture class of young men, taught by a young man of character, a keen student of current events and unusual knowledge of the Bible combined with the gift of forceful eloquence.

Special music every Sunday. A warm welcome awaits you either as a member or visitor.

EMERT'S BIBLE CLASS

[M. E. Church]

OUTDOOR RECEPTION TONIGHT IN WOODS

(Continued from page one)

and prime yourself for a good time tonight. The annual Y. M. C. A. reception takes place in the College woods around the Pow Wow Stump.

"Corky" has arranged a program that will acquaint you with the activities on the Hill and das a head liner, both of the Literary Societies will present a stunt. As a good climax there will be plenty of eats.

Come out and enjoy a good peppy evening around the camp-fire tonight at 7:30.

FOOTBALL PRACTICE STARTS WITH 50 MEN

(Continued from page one)

so that they may render the team and their Alma Mater their services.

Who can but admire those men who throw themselves into the game regardless of the heat or the dust, who each night come in from practice worn and weary, and who repeat this till that time comes when all of this preliminary training forms a foundation from which a well-oiled, well-working machine is developed which sweeps down the field to honor and victory?

The first game is not so far away and it is up to every member of this student body to get behind their team and fight with them. Talk foot ball, think foot ball, boost foot ball, for those men are out there giving their best, but they can not win without every voice cheering and pulling for them.

Those fellows are sacrificing and giving their all out there on the field, can we sit back and do nothing? No! It's up to the student body to fight too. Back that team and show that fight.

L. E. Milling is teaching in Washington College.

ENROLLMENT FOR '26-'27 SURPASSES PREVIOUS YEARS

Good Demand for High-Priced Chapel Seats.

The end of the second day of registration finds M. C. well started on her 100 and 7th year with approximately 800 student in attendance. Complete figures are, of course lacking, but evidence is that the enrollment this year will surpass by at least one hundred students that of last year, which was greater than that of any previous year. Contrary to precedent, classes were so well filled that those who enrolled late in the day were obliged to fit their schedules to those classes which remained, instead of fitting classes to schedules.

The faculty and the older students alike are pleased to see the intelligent appearance of the freshmen. If looks are a true index, the class of nineteen thirty will be a record breaker in studies and athletics, as well as in numbers. The class has been quiet and has given great promise by its earnestness and willingness to be shown. Great things may well be expected of it.

Rumor, unofficial, has it that the price of chapel seats has increased this year from the customary seventy-five cents to one dollar, with a very good demand; while the payment of radiator fees has thus far been light. This last is due, to the prevalent warm weather.

The hunt for the College Seal has been so successful this year as to bring an inquiry from the upper classmen as to his whereabouts. He has always been an extremely elusive creature, shunning public exhibition, especially to freshmen, but never before has he for so long escaped discovery. Rumor has it that the biology department has at last succeeded in capturing him for its own dark and mysterious needs.

As is always the case, there have been a few amusing incidents to enliven our dull days. Several of the fellows, even after their many dealings with Mr. McCurry in procuring rooms, have been heard seeking someone from whom to obtain permission to leave the Hall at night. One man wanted to know if there was any rule requiring him to make-up his bed before chapel each morning. Another, seemingly impressed by customs intensely Maryvillian, wanted to know if he would be required to stand in line for permission to go to bed.

These things are more or less to be expected. With a student body such as we have this year—new students as well as old, and with a faculty as strong as is ours, the scholastic year of nineteen twenty six and twenty-seven may well be expected to surpass by far any previous year.

CRAWFORD BROS. INC. RETURN TO SCHOOL

A host of friends welcome back to school the Crawford brothers called Billy and Taylor because that's what they call themselves.

They performed under the auspices of the Wise Bros. Carnival this summer thrilling thousands of spectators who were lucky enough to see their exhibition.

The younger brother seemed to be slightly the better drawing card as he is a high jumper extraordinary and speed demon plenipotentiary.

However, Taylor's good looks did much to attract the interest of all—after a career with the athletic teams of M. C. for a year they will appear again with the Wise Brothers Carnival.

Friends of Agnes Houghton and Raymond Anderson, members of the Class of '26 will be interested to hear of their marriage early in the summer. At present they are teaching in Winston-Salem, N. Car.

A Word of Appreciation

Before anything else is said, the editor wishes to express his sincere appreciation of the efforts of the Echo staff. Showing a fine spirit of willingness and co-operation, the staff members made possible the first issue in the absence of the editor. Could such a spirit be manifested by all students on the Hill a record-breaking year would be assured.

THE NEW YEAR

Hello everybody! What a sight it is, after three months of exile, to see old college hill teeming with life again. From a place where silence and solitude prevail,—and what can be more desolate than a college campus during vacation—, Maryville has been transformed almost over night into a place of life and activity. It's season's reversed from those of our natural habitat, our Alma Mater is now enjoying her annual springtime of new life and promise. New life that will develop and mature with the passing months to yield a harvest of knowledge and experience, which in turn is to be stored in preparation for lives of service and achievement.

To each will be accorded his share, and what that share will be is determined only by the amount of sowing done and the subsequent labor invested. We are determined that this harvest shall be the best in Maryville's history. In our own ranks there is talent and ability capable of establishing a record by which Maryvillians for all time to come may gauge their success.

In every activity, and in every phase of college life, 1296-1927 should be the crowning year in Maryville's record up to the present time. This is our goal.

But words without works are futile, and fine-sounding platitudes are too often the chief stock in trade of the incompetent. Lest these words be but a mockery, every loyal Maryvillian, new or old, must give generously of his time, energy and talent, that our year together may be marked by achievement worthy of the best that is in us. To this end let each of us submerge his individual interests in the interests of Old Maryville and resolve that, so far as he is concerned, Maryville will receive his best. For by giving we gain, by keeping, we lose, and we want no losers at Maryville during the year 1926-27.

THAT COURSE OF STUDY

The progress of the school year is marked by periodical sign-posts in the remarks of the ordinary student about his plan of study. At the first of the year he says. of course he is going to study this year; a month later, he hasn't quite got down to work yet; then, he'll have to start digging pretty soon; just before exams, well he'll have to make up for lost time; and finally he'll have to do better next time.

And so it goes: not much study but lots of fun. However, we, without being too inquisitive, would like to ask, just why you came to school. We would not have you overlook the importance of the classroom. We would not have you forget the scraping parents back home, or the future career depending on what you do here at college. Of course, one should enter all the activities he can, but at the same time lessons should be given at least a fighting chance. There is somehing lacking in the mind that can not hold two or three ideas at the same time, the one-track mind is a sign of dwarfed intelligence.

Journalistic Aspirants

Any new student wishing to get in line for work on the Echo will please get in touch with the editor at once. We want all the material available, and only in this way can we be assured of finding everyone.

Y. W. C. A. STORE A CASH STORE

The "Y. W." Store on third floor Pearsons opens Monday with a full line of candy, cold drinks, sandwiches an chewing gum. It will, however, be run on a strictly cash basis this year. Every one is requested to not ask for credit.

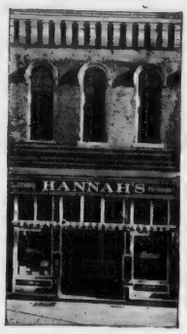
"THE BEST SERVICE IS SELF-SERVICE"

Four-mile belt conveyor—the longest in the world—installed in a Pennsylvania mine for transporting coal from mines to river barges. Electric motors operate this conveyor.

90,000 Wheelbarrows in one hand

A button is pressed. An electric motor goes to work, followed by another and still others until twenty sections of a belt conveyor four miles long are in operation!

Through an abandoned mine runs this giant wheelbarrow carrying nine thousand tons of coal per day in a steady stream from the miners to the coal barges on the Monongahela River. One man controls it with no more effort or concern than pressing a switch button. Electricity pushes it.



Not only conveyor belts of all sizes, shapes and kinds, but also hoists, tractors, cranes, elevators, stackers, locomotives, and other material-handling equipment have gained flexibility, dependability, and ease of control through electric motorization.

Moving things in one way or another is the educated man's work in life. And electricity, ever at his command, is moving more and still more of the things which move this *new* world of ours.

The General Electric Company has devoted years of study to material-handling and transportation problems. In its own vast plants the handling and moving of materials and products have been simplified to the highest degree, thus providing a daily demonstration of the value of electricity.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

LITERARY SOCIETIES

Athenian

Fellows! We invite you to come to the Athenian Literary Society. The first meeting is to be held in the College Woods.

A special invitation is extended to all the new fellows. Visit us, then decide which society you will join.

Alpha Sigma

Alpha Sigma, one of the two men's literary societies, extends greetings to all of its old members and to all of the new men on the Hill.

You have heard by this time of Maryville moonshining; there is a possibility that you have even seen some moonshiners. Of course, there is a spirit in this moonshining, but, there is another spirit with which you will become acquainted, if you have not already felt it. It is the Spirit of Maryville College.

Alpha Sigma engenders the spirit of Maryville and Alpha Sigma wants everyone to have that spirit. You are cordially invited to attend our first meeting on Saturday, the eighteenth. In the meantime, watch for the Alpha Sigma stunt at the Y. M. C. A reception.

New men, you see many Alpha Sigma ribbons as you wander about the Hill; the men who have them or are at your service.

—Ed. Conrad, Editor

Bainonian

Bainonian. Welcome to Bainonian! These words are very frequently heard along the hallways and on the campus these first days of college. We want them to be frequently heard. We want the new girls to know that Bainonian is our own literary society and we welcome them to it.

New girls, you have heard this word. Do you wonder what the meaning of it is? We want you to wonder, and we will help you find out. It means "Traveler". And does not "Traveler" mean you? It does. We are all Travelers. Here on our College Hill we are trying to learn things which will help us in our long journey of life. Bainonian's real aim is to serve as a fellow-traveler along the Great Road. With us, we hope you will find comradeship, help, love, and most of all, happiness.

We, Bainonians, again say welcome! Welcome, to you, new travelers!

Theta Epsilon

T—o you new Girls—Welcome!

COLEMAN & MACKIE

CONFERENCE HELD AT MONTVALE

(Continued from page one)

efficiency in the work of both organizations, and enable them to cooperate in their activities in a larger way than they have been able heretofore. Social activities were discussed and it is the plan of the Associations to have several additional socials this year. The Tacky Party last year was so successful that an old fashioned "Barn Warming" has been planned for the early fall. Barns are not much in evidence about the campus, however, but the committee is contemplating the erection of one to meet the needs of this social. The Y. M. C. A. which is in its fiftieth year plans with the help of the Y. W. to celebrate its Semi-Centennial next Spring. This will be the biggest celebration of its kind since May 1919 when the college and town celebrated the completion of the $325,000 Centenary Fund. A pageant written by Maryville students depicting the growth of the Y from an organization of fifteen men who met in college chapel March 2nd, 1877 to the largest and most efficient Student Y organization in the state will be presented in the college woods. The former officers of the association will be given special invitations to be present as honor guests. This occasion will offer the largest reunion of alumni that the college has had for some years.

Discussion Groups

The entire activities of the Y from October 25 to December 6 will center upon Bible Discussion groups which will be held in the dormitories and in town for a period of six weeks. There will be a place for every man to discuss questions that are met in every day living which can only be solved in the light of the Bible.

Miss Clemmie Henry closed the Conference with an address on "The New Year". This address, with the background of Miss Henry's life of unselfish service was a fitting climax to a successful conference and the added impetus furnished by such a retreat as the setting-up conference has been demonstrated this week on the campus.

Margaret McKinney is visiting friends on the Hill. She has been teaching in Birmingham, Ala

Y. MEETING

Fifty years ago the Y. M. C. A. was started in M. C. Dr. Wilson was the first secretary, and so it is only fitting at the beginning of our 50th anniversary that the oldest Maryville Y. M. C. A. man on the Hill should speak.

"Paul's Sister's Son as a Y. M. C. A. Man" is Dr. Wilson's subject for next Sunday at 1:00 o'clock in the Y auditorium.

BAUM'S

Since school closed in June a new flower shop has been established in town, near the end of the new viaduct—just in front of the Methodist Church.

When over town, stop in and see it, you will find it an interesting place, with flowers, birds and other things of interest. It is known as Baum's Home of Flowers, Maryville Branch, Hugh M. Clark, Mgr.

Every College Man should be connected with a Sunday School class. The Emert Bible Class extends a cordial invitation to every college man. Read their half page invitation.

FACULTY IN SUMMER-TIME

Work, Study and Travel Engage Most For Summer

NOT MUCH PLAYING

It has sometimes been thought that teachers are people who work nine months a year. Apparently, to Maryville College teachers, the summer months have meant only a change of work, or of place of work. Nearly all of them the past summer have been busy on summer jobs, or have been studying and travelling.

The record-breaking enrollment this year has been made possible through the efforts on the part of the faculty that remains on the Hill during the summer months. Dr. Wilson has been in his office his usual eight hours a day during the summer, except for a few weeks spent on a motor trip into Canada. Professor McTeer accompanied him on this trip. Dr. Gillingham, except for a brief vacation, has been hard at work all summer. Miss Croyle kept her office open throughout the vacation months. Mr. Proffitt and Mrs. Wrinkle (who can effect a change of name without interruption of office routine) have been hard at work since June. Mrs. McMurray kept a number of girls busy in the College Maid Shop. Prof. Orr's duties as secretary of the Alumni Association kept him in his office and busy most of the summer. So, despite the absencee of the most of our College Faculty, the Hill has been a busy place since Commencement time.

And, others of our faculty worked in other places. Dean Barnes taught in the University of Tennessee summer school. Dr. Hunter was a member of the faculty of the Emory and Henry Summer School at Emory, Va. During the early part of the vacation period, Coach Honaker simply 'pined away' for something to do, besides keeping the Pool open in the afternoons and evenings. It is rumored that he was unable to wait till September to get back to the job of teaching his class in coaching, and taught part of a session at U. T. Mrs. Minton managed a summer camp for girls at Calderwood. Mr. Griffiths spent the summer working for the Du-Pont Company at Wilmington, Del. and Mr. Thrower was employed in Cleveland, Ohio.

Several of our faculty spent all or a part of the summer studying. Prof. Howell and Miss Clemens attended the U. of T. summer school. Prof. Kiger attended Ohio State University at Columbus, Ohio.

Miss Hale, Head of our Department of Music, spent part of her summer studying, at the Cincinnati Conservatory of Music, under Madame Carraras, one of the most noted teachers of music in Europe.

Traveling was the diversion followed by a large number of our faculty. Miss Darby spent most of the summer in Europe. Miss Hansen and Miss Meiselwitz toured the west. Miss Meiselwitz included in her itinerary a six weeks' course at Berkeley, California. Prof. Knapp accompanied his daughter to Colorado.

Those of our teachers who move to other homes during the vacation months included Dr. Hussey who spent the summer in North Carolina, Miss Hale and Miss Crawford who live in Ohio, and Miss Green who lives in Massachusetts.

Prof. Ellis spent the summer in the mountains recuperating from his illness last winter. He is able to be at his old post in the Library.

Prof. Davis used to be one of the summer absentees, but now has his home on Miller Street the year round. Others of our teachers who have their homes in Maryville, during the summer as well as during the school months, are Mrs. Alexander, Miss Heron, Miss Gamble, Miss Wilkinson and Miss Henry.

For the majority of our faculty, the summer months mean a time when they can do the things that the busy school months crowd out. So, we find them at various places and occupations during these months but at all times interested in the welfare of the students.

SNAP

If you should go out into some remote part of this country and meet a Maryville graduate, probably the first question he would ask would be in regard to the February Meetings. Then without a doubt the next question would probably be, "Do they still have Snaps at the opening of the year?" Of course you would say yes, because for the past years M. C. has always had a Snap at the beginning of school.

We are going to have one this year, also. Next Monday evening is the time set. For the benefit of the new students we will give out a few hints.

Snap is a good game with which to become acquainted with the students. It involves considerable action so our advice to the girls is to exchange your high heel shoes and "hobble" skirts for something more serviceable.

Don't forget the date. Next Monday evening after supper.

Miss Alma Smith of Knoxville has been an assistant in the Lawson-McGhee Library of Knoxville for four years, and has studied library methods for one quarter in the University of Wisionsin. She will assist in our college library while a student at Maryville. She is entering our Freshman class.

WHO'S WHO AMONG COLLEGE STUDENTS

In order that the new students may know who's who on the Hill and to refresh the memories of the old students, we are printing below a list of the students who have charge of the various organizations.

Robert Harvey, Pres. of Y.M.C.A.
Roy Cortner, pres. of Senior Class
W. B. Jones, Pres. of Junior Class
Walter Courtenay, Pres. of Sophomore Class
John Crawford, Pres. of Athenian
Percy Rosa, Pres. of Alpha Sigma
Eleanor Franklin, Pres. of Bainonian
Lucy Horton, Pres. of Theta Epsilon
John Crawford, Pres. of Athletic Association
Gobo Cartwright, Capt. of Football
John Stone, Capt. of Baseball
Albert Cook and Merlin Usner, Cheer Leaders
George Crawford, Editor of Chilhowean
Robert Dance, Manager of Chihowean
Margaret Lewis, Pres. of Y.W.C.A.
H. Gordon Harold, Pres. of Pi Kappa Delta
Albert Cook, Pres. of Glee Club
Robert Jensen, Editor of Highland Echo
Earl Storey, Business Manager

The freshman class has not yet organized but is advised to elect its officers in the next few days in order that the Student Council members may be elected and the class be started on its four year career.

Fancher Smatt and Jimmy Rule have as their guests, the latter's mother, Mrs. J. B. Rule and nephew little Billy Petree.

Lena Strawbridge has been in High Point, N. C. as a Y. W. C. A. Secretary, however, she is back in Maryville this year.

WALKER—SULLINGER

Miss Marguerite Sullinger and Mr. Leslie Walker were united in marriage on August 14th at the home of Dr. S. T. Wilson,, Maryville College, with Dr. Wilon officiting. Only a few close friends were present to witness the ceremony.

Mrs. Walker is a graduate of Maryville College, Class of '21, and was one of the most popular and accomplished members of her class. She participated in all phases of college life, and in her senior year was chosen May Queen. She graduated in piano at the college and after taking post gradoate work was one of the assistant teachers under Miss Hale.

Mr. Walker is one of the prominent yoong business men of Maryville, having been connected for a number of years with Proffitt's Store.

After a two weeks' motor trip through the Eastern sates, Mr. and Mrs. Walker are now at home in the Broyles' apartments.

Among the visitors on the Hill are Ruby Harrison '26, John Johnson '25, Mattie Sexton '26, Mary Ann Ilasz '26, Charles Johnson '26, Clyde Lippard '26, Anna Martin '26, Annie Lee Sleiger '29.

Proffitt's — The Student's Store — Proffitt's

To College Men and College Women Just Arrived the Students Store Sends Hearty Greetings

College students are conceded style leaders. Their taste for the "just right" apparel for the occasion is unerring. They demand clothes expressive of youth—Clothes with pep. Recognizing this truth we are very proud of the fact that we can honestly claim the title of "the students store."

COLLEGE WOMEN

College women will always find at Proffitt's youthful garments—footwear of distinction—millinery creations of the most recent vogue—sheerest hosiery in shades to complete any ensemble— accessories to match any costume—toilet articles and toiletries to please the most fastidious, and a thousand and one of the small articles so necessary to the comfort and concenience of the modern woman

COLLEGE MEN

College men will find at Proffitt's the very best clothing that can be obtained from America's markets. Hart, Schaffner & Marx Suits—Nunn-Bush Shoes—Mallory Hats—Bradley and Spalding Sweaters. They will always find the most recent patterns in shirts and hose—newest ties—distinctive belts. In short college men will find that Proffitt's is always first with the very latest in men's apparel.

Y.W.C.A. MAKES FINE BEGINNING

No Flies On Programs Rendered Thus Far.

EVERY NEED CARED FOR

Well On Way Toward Banner Year.

Now that the first week of school is over we are settling down to good hard work and study on that chemistry, trig, or Philosophy. The new students are finding their whereabouts on the campus with more or less ease, and are anticipating with a great deal of pleasure the first foot ball game.

However, this opening week has left its imprint on all of us, especially the new students. The Y. W. C. A. has tried to give every girl the right kind of start at college, and we hope it has been a happy one. Beginning with the opening conference at Montvale, and continuing throughout the first weeks of school, the Y. W. has one outstanding purpose, The New Girls.

The first week closed with one of the best social programs that Y. W. has ever given, the reception for the new girls. It was well managed, full of fun, pep, and variety, and then the good eats made a delicious climax to the whole evening's entertainment.

On Sunday the Y.W. held its first devotional meeting by the chapel. It was a meeting of inspiration and worship, for old and new girls as well. Y. W. is endeavoring to make every meeting your meeting, girls, and urges you to come and join us in our search after the truth. Next Sunday we are going to consider the subject of ''What we are''. If you have any curiosity about yourself, what you are, and why you are what you are, or why others are what they are, come out to the meeting next Sunday afternoon at 1:15 in the Y. W. auditorium, Thaw Hall. We are very fortunate in having one of the members of our faculty, Miss Helen Gamble, to lead the meeting and

PRESIDENT OF ONE OF MARYVILLE'S SISTER COLLEGES DIES

Maryville Faculty Passes Resolution of Sorrow and Sympathy.

The Faculty of Maryville College have adopted the following resolution in view of the death of Dr. John Royal Harris, President of Cumberland University.

Resolved, That the Faculty of Maryville College hereby assure the faculty and other friends of Cumberland University of their profound sorrow at the tragic news of the death of President Harris in the midst of his usefulness and in the prime of his year; of their deep sympathy with Cumberland University in this premature loss of its able, self-sacrificing, and efficient head; and of their prayers that God may by his grace uphold the University, and safe-guard its interests, and by his providence in due time send his divinely-chosen man to carry forward with similar consecration and to ever-broadening success the institution to which President Harris devoted himself with such complete fidelity, enthusiasm, and abandon.

Samuel Tyndale Wilson, President.
Edwin Ray Hunter, Secretary.

Upper Classes Elect Student Council Representatives

At class meetings Thursday afternoon the two upper classes elected representatives who, with four sophomores and four freshmen will comprise the Student Council for the year 1926-27.

Senior representatives chosen are, Lois Adams, Annie Vanderslice, Margaret Lewis, Bonnie Hudson, Robert Harvey, Joel Morris, Julian Johnson an Robert Jensen.

The Juniors elected are, America Moore, Mary Clopton, Ellen Cowan, Gordon Jeffries, Wilbur Franklin and Maynard Layman.

Y. CABINET CONSIDERS PRACTICAL MATTERS

State Student Secretary Leads Profitable Discussion.

PURPOSE OF Y RESTATED

Mistaken Attitudes Corrected By Understanding of Aims.

Ed Hamilton, newly appointed State Student Secretary of the Y. M. C. A. and former president of the Maryville Association led the cabinet in a very profitable discussion last Sunday afternoon. The first thing taken up was an interpretative study of the four-fold purpose of the Y. M. C. A. Perhaps some new significance and a clearer understanding of the purpose of the organization might come to your mind if you should read that purpose again. Here it is:

1. To lead students to faith in God through Jesus Christ.

2. To lead them into membership and service in the Christian church.

3. To promote their growth in Christian faith and character, especially through prayer and study of the Bible.

4. To challenge students to devote themselves in united effort with all Christians to making the will of God effective in human society and to extending the Kingdom of God throughout the world.

It was brought out that only too often we spend our time thinking of the program and how we may have greater participation in athletics, or how we may enlarge our equipment, or how we may gain more honor because of our position. This intensive study of the purpose reminded the membership of the cabinet that after all the mechanism of the program is not the end, but only one of the means by which the whole campus is confronted with Christ and the need of the world for Him. Greater emphasis in the discussion of the purpose was placed on the words ''lead'' and ''faith''. By ''lead'' is not meant ''shove''. The Y. M. C. A. leaders must know Jesus themselves and go ahead before they can expect to lead students to faith in God.

Following the study of the purpose the discussion was continued on the forces at work on our campus. The forces that are harmful and injurious to our campus were considered, such as the sporting element outside our college campus. Does the ''Y'' have any obligation so far as the tendency toward commercialization of our athletics is concerned, or where betting is going on? Are the fans who take part in such, assets to our college? Are they loyal supporters of our college teams? Is a winning

(Continued on page four)

COLLEGE SUSTAINS BIG LOSS WHEN MISS CROYLE LEAVES

Deep Regret Prevails Over Resignation of Newly Appointed Registrar.

BIG VACANCY LEFT

Breakdown From Over Zealous Work Made Rest Imperative.

Miss Croyle came to Maryville College from the Atlantic City New Jersey, High School, in the fall of 1923. Her previous experience in office work won her a position as a helper in the Registrar's office. In the office she manifested such extraordinary aptitude for its work that she soon, under the guidance of Miss Anna Jones, mastered the details of the work, and forthwith became one of the main-stays in that hard-working office. When Miss Jones, as the result of overwork, had to drop out of the office, Miss Croyle was promoted to be Assistant Registrar, and spent the next two years in the office as a regular college official, giving up her own plans and her own position as a student in order to carry forward Miss Jones' work. Last winter, she conducted the entire work of registration at the opening of the second semester. At commencement time the Directors elected her as Registrar of the College, and she has been acting as such this summer, and she helped in the registration this fall.

It was with great regret that the faculty last week received her resignation. At their opening meeting this fall, they adopted the following resolutions:

Resolved, (1) That the Faculty place on record this expression of their deep regret that ill health has made it necessary for Miss Lillian Eleanor Croyle, Registrar of the College, to present her resignation, effective today; and assurances of their wishes for a speedy recovery.

(2) That they give their very earnest thanks to Miss Croyle for the remarkable fidelity, accuracy, patience, and thoroughness of her work; and for her giving up of her own plans and college work in order to enable the College office to carry on its work successfully.

(3 That they assure Miss Croyle of a very hearty welcome, should she find it possible at any time to return to take up work at the College.

MISSION WORK MAKES PROGRESS

Although school closed in June and most of us went to points far distant, yet the Social Service work of the Y. M. and Y. W. C. A.'s did not stop.

Battle Branch Mission, down the hill behind Proffitt's Store, was a busy place during the hot summer months. Under the direction of W. B. Jones, and supported by the New Providence church, a fully equipped Daily Vacation Bible School was conducted.

The teaching staff was composed of competent college girls, living in town. The venture was considered a success in every way.

Regular Sunday School, Church and prayer meeting services were held during the summer, also, and thus a good start is assured for the coming year.

The regular kindergarten classes will begin in a week or so. New girls are needed as kindergarten teachers; one hour a week.

Opening Senior Party At ''House In The Woods''

Dr. and Mrs. Stevenson have tendered an invitation for an entertainment on Monday evening in special compliment to the Senior Class. It will be an outdoor affair and the picnic grounds near the Stevenson's lovely ''House in the Woods'', will be the scene of most activity. This is the opening party of the year, and one of the outstanding features will be a water melon cutting.

Though there is no urgent need for a chaperone, the class will be delighted to have present Dr. and Mrs. McMurray, Miss Meiselwitz, and Coach Thrower.

FACULTY RECEPTION OPENS SOCIAL SEASON

Many Students Present To Greet Professors.

PLEASANT TIME ENJOYED

Disappointment Keen Over Non-appearance of Prospective Helpmeets.

The first social event of the season—the faculty reception—was preceded by anxious questions on the part of the girls as to ''what on earth do you wear?'' and on the part of the boys as to ''how long do you stand in line?''. However these questions were answered the reception took place on Baldwin lawn last Saturday afternoon—the faculty in line to receive and the students in line to be received. Each student was first greeted by Miss Margaret Lewis, the charming hostess of the occasion, being president of the Y. W. C. A. who presented him to Robert Harvey, the president of the Y. M. C. A. Then he was introduced to Dr. Wilson who seemed to know at least one pleasant thing about every student. And so down the line he progressed, meeting with a bland smile those teachers not known to him and with a very conscious smile those who had had occasion to know him but too well. By the time the last hand had been shaken and the last reply had been dutifully given, a painfully polite smile was frozen upon his face. But here began his well earned reward—orange ice, cookies and conversation with old friends. Among those present who had returned for a few days were Ralph Vanderslice, Ed Cathey, Othel Armstrong, and Henrietta Jackson. The young Miss Howell did not condescend to take her place by her father in the receiving line but was carried about in the crowd and gazed upon with the proper admiration and awe. Each student at the reception found to his disappointment that the prospective wives and husbands of the faculty did not appear in the receiving line.

AN APOLOGY

Last week in the rush of getting our paper started we left out the advertisement given us by Walker's Drug Store. Of course, he wants to advertise in our paper and we wish to call your attention to the fact that it was due to our oversight that his ad did not appear in the first issue,—but you will notice that it appears in this issue.

Jean Hagood '26 is teaching in Mississippi.

FOOTBALL MEN UNDERGO GRIND

Strenuous Course Laid Out By Coaches Honaker and Thrower.

FINE SPIRIT SHOWN

Old And New Men Eager To Make Good.

Thud! and a moleskin clad warrior blocks or tackles the dummy or falls on the ole pigskin. This is the preliminary work of each man and this serves to put each man in condition. They all certainly need it because any casual observer can see that it takes brawn and beef to follow through the courses which the coaches have each day.

The squad has about reached its limit and Coaches Honaker and Thrower can now lay definite plans for each division of the squad.

No Easy Job

The linemen under Bob's able leadership have their daily grind of hitting that charging machine, charging up and down the field and then running through signals with a backfield. The backfield men also are at work under Coach Lombe, running, shifting, reversing and carrying the leather oval. After the signal running, with every one perspiring freely, the whole squad lines up and goes through their exercises, with two pair of eyes glued on the job. Then with weary bones but welcoming hearts they hear the command to trot around the baseball infield three times and then go in.

Then there is a general scramble for the scales to see how much each one has lost. Here there is a great difference, some staying about the same, some losing as much as 7 to 10 pounds. Next to the showers, and how good it feels to get that dirt and grime off.

This is the way our football men labor and toil out there in that scorching sun, conditioning themselves so that a little later a team may be developed that will repres-

(Continued on page two)

INTRICATE EVOLUTION OF GAME "SNAP" TRACED

Exhaustive Research Gets Gratifying Results.

ASTOUNDING DISCOVERIES

New Light Thrown On American History.

Out under the lights of Baldwin Lawn last Monday evening scores of new students were introduced to the game snap. Snap is a fine game. To the wonderful effect of its grace giving properties, snap adds the ennobling and exhilirating effect of its artistic gymnastics. However, let us pause for just a few moments and consider the history of this game snap.

Your correspondent at the request of Miss Molly undertook this summer an exhaustive investigation of the game ''snap''. His journeys led him on one hand from the side walks of New York, teeming with their swarming thousands, to the refined and cultured courts of Vienna; on the other hand, from the sombre streets of Berlin, sacrosanct for decades to the spirit of monarchy, to the shores of Genoa, blessed by the perennial balmy airs

DOING OUR BIT

Courses of study have been arranged in final form, conflicts have been ironed out for the most part, and we are all ready for the first semester of the year 1926-1927. We are all desirous of making the year a profitable one. That was our purpose in coming, many from homes far distant, to take advantage of the opportunities afforded by Maryville. That is why parents are stinting and denying themselves that their children might have the advantages to be secured here on college hill. That is why thousands of people have labored, and given of their toil and wealth to endow Old Maryville and place her where she stands today. Deeply interested in the welfare of the young people of the land, they wanted to make possible a more profitable employment of time in preparation for happy and useful living.

And so, coming here to profit by the opportunities afforded, we undertake a binding obligation. No one among us is so calloused of conscience as to calmly accept the gifts and sacrifices made in his behalf, without recognizing the obligation entailed to do his utmost to put them to the greatest use. Those who disregard this obligation merely show themselves to be slothful thinkers. They have given the matter no thought, and do not realize how unworthy their attitude is. We refuse to believe that anyone on the Hill, seeing facts clearly, would deliberately step in and accept of the dearly bought opportunities, thereby taking a place that others would gladly fill, and then through laziness or indifference throw them away.

Therefore, as we swing into the work of the new year let's see things clearly, let's face facts as they are. We enjoy here opportunities provided for us that we could not hope to win for ourselves, opportunities bought at a price by those interested in our welfare. Little enough is demanded of us—only that we accept these chances for growth and development in the spirit in which they are offered, and honestly endeavor to make the most of them—and if we default on such a proposition as this, where we have everything to gain and nothing to lose, what stupid bunderers we prove ourselves.

Opportunities are ours which come to fewer than one in a hundred, even in this, the most highly educated nation of earth. What will we do with them?

CONTRIBUTIONS TO ECHO

Since there seems to be a general misunderstanding about the matter, the editor wishes to make clear just when news items should be turned in. Everything should be in by Tuesday afternoon at 3 o'clock. Only under unusual circumstances will material be run that comes in later than that time. For the benefit of those who are not well acquainted as yet, the Echo box for receiving contributions is in Anderson Hall, in the little vestibule leading out toward Voorhees Chapel.

We would like more personals and humorous articles from the student body. They lend snap and interest to the paper. When some incident occurs that you think interesting or humorous, jot it down and drop it n thie Echo box. With every one cooperating in this, a surprising amount of interest would be added.

CALENDAR

A calendar of activities will henceforth appear in every issue of the Echo. It will be conducted by J. H. Marshburn, Jr. Activity leaders, and publicity men will please get in touch with Mr. Marshburn, so that the student body may at all times be completely informed as to coming events on the Hill. If you don't know Mr. Marshburn, just look for the biggest man on the Hill. That's the man.

FOOTBALL MEN UNDERGO DAILY GRIND

(Continued from page one)

ent Maryville and uphold her traditions.

Line Men

Captain Gobo is showing up fine and is working hard, inspiring the rest of the fellows to get down and do their best. The fellows are all following their leader and this creates a fine spirit among them It is this spirit which will aid in many victories. Then there is Stone, who is looking good and putting a lot of fight into that line. Honest Jim Holland is out there digging and fighting that he may get in the very best of condition for his last year of football at M. C. Harvey and Brock are the other two of last year's line men and they are scrapping hard to retain their places and have their best year.

Backfield

Of last year's backfield men, much can be said. Our backfield will make up its deficit in weight by speed, nerve and pluck. Every man of the backfield is in good condition. Shorty McCall is in there calling out those signals with pep and vim, and although there have been no scrimmages up to the time of this article, we shall soon see that John and Corky Crawford still have the knack of making gains through and around the line, and too, that Davis, Bird and Clemons, all letter men of last year, are ready to deliver the goods when the call comes.

Start Fighting

Every man out there is working and sweating so that the team may be in the very best trim for its opening game against Tennessee Wesleyan, Saturday the 25th.

Drinks Plus Pep

In order to give the very best drinks in town we have installed

JOINT MEETING OF GIRLS' LITERARY SOCIETIES

Girls! Old girls and new girls! All girls! The Theta Epsilon and Bainonian Literary Societies are going to have a joint meeting Saturday night, and you are invited. It is to be in Thaw Hall at 7:30 p. m.

Don't we just love joint meetings Of course, we do! Saturday night some of the world's leading artists will be present to entertain you. It is to be a — — — oh, we mustn't tell you any more, for it is to be, really, a—surprise and you must come and see for yourselves.

Girls, put Saturday night down on your memorandum so you won't forget to come. It promises to be a memorable meeting and something entirely new, so you don't want to miss it.

All out and let's have lots, even acres of fun!

Athenian

The Athenian owl will preen its feathers, and blink its eyes next Saturday evening. No wonder when it sees all the old and new fellows at the meeting.

The Athenian Literary Society holds its first meeting in the Athenian hall next Saturday at 6:55 p. m.

The following program is to be given:

Invocation - - - Robert Harvey
Alma Mater - - - - The Society
Solo - - - Charles Webb
Reading - - - Paul Meikle
String Duet - - Rusk, Gabbard
The Joker - - - - Anonymous

An old Spanish custom which the Athenians always follow is to leave the best to the last. After the above food for thought is partaken of, another kind of nourishment will be had in great abundance.

Every old member be sure and be on hand, all new members are asked to visit both societies then choose the one he likes best.

If you are looking for the summum bonum, come to Athenian.

Henry Welbon, Editor

Alpha Sigma

Of course, we all had a fine time at the Y.M.C.A. reception last Saturday night, did we not? Alpha Sigma's stunts were good too, weren't they?

Mr. Maynard Layman, our capable program secretary has prepared for this week's meeting a short, well balanced program. There will be plenty of time to go down town even after we finish the refreshments that will be served. New men, you are invited, yea verily, urged to be on hand to enjoy a good program and to help us do away with the refreshments. Old men, you know what is expected of you; we can depend upon you.

As a result of last week's visit to the woods, several cases of chiggers have been reported. To avoid an epidemic of chiggers, Alpha Sigma has decided to hold its meeting on the lawn next to the chapel if the weather permits.

Everybody out for a good program and for good refreshments. The meeting begins at six thirty.

INTRICATE EVOLUTION OF GAME ''SNAP'' TRACED

(Continued from page one)

of the Mediterranean. Libraries were searched, Kings were interviewed and old documents that had been hidden away for years were dusted off and perused. So, the unadulterated truth (eitor's note '') has been found out at last.

Snap originated during the dark ages in the courts of Vienna. The Queen was having a new dress made, and her four seamstresses were engaged one afternoon in the appointed task. It was a fine Spring day. As they sat sewing a nightingale lighted in a tree not far distant in the courtyard. The nightingale began to sing, and the soothing notes were blown lightly in on the cool Spring zephyrs. Enchanted, one of the girls jumped up and ran for the window. As she jumped a spool of thread dropped to the floor. The four girls fell to the rescue. One girl fell on her knees. A stay-fastener was on the floor, and her knee hit this stay-fastener, closing it with a loud report. The girl in front thought that the other girl said, 'snap'. She tagged the girl ahead of her and said 'snap'. At this moment the court jester appeared, and there before his eyes, down on their hands and knees were those four spinsters, frolicking over the floor. The court jester reported the matter to the King. The King thereafter, had the game played at all social functions.

From this period little is heard about the game until the arrival of the Pilgrim Fathers on our own shores. The rocking cabin of the Mayflower lulled it into full vigor. Under the spreading town elm of Plymouth, at a snap game, John Alden, first came to the realization of the fact that he was fast slipping.

However, the game attained its greatest eminence in the colonial period and in the years immediately following the birth of our country. At Washington's first inauguration, Washington himself, sustained a sprained wrist; Alexander Hamilton momentarily losing his dignity, entered the game with great vigor, and was carried off with a broken leg, while B. Franklin, whose three-score years and ten had failed to dim his ardor, was led struggling and bleeding from the field of battle with a broken collar bone. Dolly Madison was wont to play the game on the White House Lawn. On one occasion she made a spirited attack and succeeded in perching the chief magistrate of the nation in the crotch of a Japanese cherry tree. At the reception of Andrew Jackson snap was in vogue, but instead of using the fingers a choice vari-

the discussion. Miss Gamble was our faculty representative at the Blue Ridge Conference last June, and is very much interested in the association work.

This week the Y. W. is opening the Y. W. reading room, which is also on second floor of Thaw Hall. It will be open every afternoon and the girls are invited to come up and make themselves at home.

On Monday of this week we all heralded the opening of the Y. W. C. A. Store. This store is on second floor of Pearsons' and is now ready for business. We have a very efficient manager in Louise Baird, and we can assure you of good service. We have on sale some Y.W. pins, one of which you will want. Come and visit the store and you will want to buy. Remember it is a strictly cash store.

Last Monday morning about sixty Nu Gamma girls enjoyed a breakfast hike out in the college woods. Just ask any of them if they had a good time and if they like Nu Gamma. Nu Gamma is going strong. The discussion groups begin this week and we are out for perfect attendance this year, every girl at every meeting, and the group that has the best attendance will get a very beautiful banner at the close of the eight meetings.

year the best and biggest year of your school life thus far. Begin right—begin in Nu Gamma.

Y. W. is going to have some sings soon, so get your voice in tune for some good peppy singing after supper some evening.

"Y" CABINET CONSIDERS PRACTICAL MATTERS

(Continued from page one)

team all that we are after?

Politics have always been rather prominent on College Hill, especially in elections of student organizations, officers of publications and even in Y.M.C.A. elections. What should be the stand of the Y.M.C.A. men on that question?

Where the social and moral laws are being violated is it the duty of every man who signs a membership card to act, or to close his eyes to it These are the questions that aroused the warmest discussion and certainly are questions that we should all consider. Situated as "Ham" is and knowing the conditions here at Maryville he will be able to give members of the Y.M.C.A. much valuable help during the year. Our best wishes go with him in his work on the other campuses throughout the state.

Marjorie Frey was operated on for appendicitis Tuesday at the General Hospital in Knoxville. She is reported to be getting along very well. Notes or personal calls are always very welcome at such a time, so friends are reminded to do their bit.

Marguerite Settle of last year's Freshman class has married Charles Beightol of Alcoa.

Shorty Cragan '26, left for North Carolina several days ago.

(Continued from page three)

ety of Long Island tomatoes were used. After Jackson retired from the White House, he returned to his home at Nashville. Dr. Isaac Anderson attended his homecoming reception. He witnessed the game snap, and henceforth had it instituted on College Hill for the benefit of his charges.

Since that time snap has progressed until today we have it at its best. Graduates who have gone out of Maryville always cherish memories of the game snap. Under graduates always look forward to it with delight. Maryville cannot afford to lose one of its old established institutions, so let us all join in to give snap its deserved place in the social life of Maryville.

GIRLS ENJOY SUMMER WORKING IN CHICAGO

Work at Marshall Fields Pleasant and Profitable.

NOT ALL WORK

Many Ways To Spend Leisure Time.

It was only at the request of the High Mogul of this paper, that I consented to give a short account of the most interesting experiences of the eight girls who spent their vacation in Chicago, working in Marshall Field's tea rooms.

The very first shock we had was when we walked into that enormous Union Station and found that Mrs. McMurray was not there to meet us. We didn't have much time to worry, however, for we had before us the task of extricating our own luggage from stacks and piles of suit cases. About the time we each got all we could carry, Mrs. McMurray appeared all breathless and smiling, so we proceeded to Marshall Field's. When we got there, we found we had an extra handbag, but when it was found to be equipped with gentlemen's paraphernalia and of no use to us, we returned it.

After a good breakfast, we went to the basement to purchase uniforms. It was here that I was lost for the first time. I felt just like the little boy who lost his mamma in a department store, and I shall hereafter have a greater understanding and deeper sympathy for him.

We started to work that first morning but this work consisted merely of running around after one of the maids to learn how everything was done. The next day we were given two tables on a ''station'' of our own. This was where the fun came in. We began getting tips! It didn't take us long to learn that sweet smiles and gracious words brought in the money as well as quick service, hence we grinned like chess cats and raked in the money.—Speaking of tips, they didn't always leave money. One of our bunch got two boat tickets which made it possible for her to take a nice little cruise on Lake Michigan. Others got theater and restaurant tickets but I think I got the prize. A woman left a valuable false tooth on my table but returned later to find that I had had it cleaned in the electric dish washer.

We stayed at the home of Mr. Lester E. Bond, better known as ''Peanut'' and those who know him, know we did not lack entertainment there. In fact, he was

(Continued on page four)

CHURCH MEMBERSHIP

Fellows, would you like to become a member of one of our town churches or to become an affiliated member? This week fellows have been going around attempting to see each new man and present to him this opportunity. By affiliation we mean that if you are a member of a church at home, you may still leave your letter there but you are allowed to become an affiliated member in a church here for the nine months of your school year. If you are not a church member but wish to become one, any and all the churches extend hearty welcome to you. If these fellows don't find you, ask questions and find them. Make your church work along with your school work.

Joint Meeting of Y.W. And Y. M. Sunday

Man of International Repute To Give Address.

SHALL WE WASH OUR FACES

Everyone Urged to Hear Worth While Program.

Do we need to wash our faces? A very personal question you say, and why is it necessary for a man to come from New York to tell us that? Anyone on the Hill could answer such a question, from the professors down to the freshmen.

This time however, it is different. For a special job the services of a specialist are required, so for this job we have engaged Mr. Milton Stauffer of New York. Mr. Stauffer is a young man, recognized as one of the most prominent speakers in the country. He is a graduate of Princeton and has done addiional work at Yale and Chicago. For seven years he was in China, serving as the Survey Secretary for all the religious and philanthropic agencies in that country, and has travelled extensively in Europe. He is one of the few men in America who have the distinction of being a Fellow of the Royal Geographic Society of England. At present he is Educational Secretary of the Student Volunteer Movement, an organizaion which, since its formation forty years ago has recruited 11,000 missionaries from American and Canadian colleges, who have gone to the foreign fields.

We may think that we do not

Musical Organizations Are Active On Hill

Various Types of Music Provided For.

''THE MIKADO'' COMING

Choirs and Orchestra Will Make College Hill Ring.

We would certainly feel a great gap in our college life if music wasn't part of it. Music fills a big place on old College Hill. Our Music Department is one of the best college music departments in the south, and is ably headed by Miss Hale. A new member has been added to the music department this year. This is Miss Benner, who comes to us from Ohio to head our Voice Department.

Several musical organizations are formed from the music department. To begin with, what would our chapel service be like if we didn't sing a hymn? Miss Benner has selected her chapel choir and through them we will be able to have better singing in the mornings. Miss Benner has also selected her Vesper Choir which adds very much to the Sunday night Vesper service.

Miss Butcher is the director of the college orchestra. Some good new material was worked in last year and it is hoped that some more new material may be acquired this year. The orchestra will soon begin rehearsals. It provides music for plays, midwinters and other affairs in the chapel. Last year the orchestra also went to Alcoa and gave a concert and played at some of the high schools at the end of the year.

One of the best and most widely known musical organizations on the

Team will leave for Kentucky State. Let's give them a fine send-off.

HARK! THE CALL OF FOOTBALL SOUNDS OVER SPORTLAND

A cold drab sky is overhead. Overcoated thousands line the steeply banked seats of the stadium. The cold still air of the late afternoon is humming with the intensity of a well played and scoreless football game.

Down on the field below, in the slush of yesterday's rain, a little knot of battle-worn heroes surge first one way and then the other. The bright white lines that decorated the field are gone, ground away by the trampling cleats, which seek so valiantly to carry the ball across the goal line.

Suddenly the air is broken by a low and heart-rending plea. Thousands in the east stands are encouraging their warriors. Fight team, fight. H-O-L-D em! Hold em! O-o-h!

Yes, the tide of battle has turned. Muscles of iron are bending Valiant hearts are breaking. Inch by inch the Red is pushing the Blue, back, back, back. But oh! they aren't satisfied with the inches, the short jerky plunges are earning yards now and the blue goal line lies yawning at the battling giants' backs.

Then a slip! a fall! The ball skips from the knot of men huddled near the goal line. For a moment no one notices it. Then one sees it. A mud-coated figure pulls himself from the mass, scoops up the ball and is off. Slipping, sliding but ever running on, he picks his way toward the red goal line, some 90 yards away.

The red stands were chanting victory hymns, now they scream. Stop him! Stop him! But it seems he wont be stopped, first one red man and then another falls by the wayside and finally, after what seems years of running the runner falls across the line—a touch down.

A mighty shout splits the sky. The Blues have gone wild. Defeat has been turned into victory.

Some few days from now, all over the Southland and on College Hill, just such a scene may confront you. For Dixieland, forgetting the long, hot months of summer, is turning its face to autumn and the call of foot ball.

Unusual Musical Treat Coming Soon

Opening Entertainment of The Year in Chapel on October 4

FALL FESTIVAL OF MUSIC

Y. W. C. A. Makes Possible This Treat.

Every year the Y. M. and Y. W. C. A.'s are each allowed an extra entertainment aside from the Lyceums. In former years the Y. W. has gone outside the college to secure someone to fill the date. This year, however, they are sponsoring what is to be known as the Fall Festival of Music, and most of the talent is to be secured from the student body. The program is being arranged by Miss Hale, head of the Music Department, and never before in the history of the college, has there been gathered together any better talent into one program. The program is varied and interesting and attractive numbers will abound.

It is hoped that the Fall Festival of Music can be made an annual affair for there is no better way to start the year's entertainments than to have an evening of good, enjoyable music.

Watch for fuller details. The sale of tickets will be announced later.

Don't forget the date—Monday evening, October 4, 1926 in Voorhees Chapel.

Campus Beautified By Needed Improvements

Sodding of Football Field Great Help.

NEW MEMORIAL STEPS

Class of '25 Lays New Concrete Walk.

Who is there among you who has not yet seen the new walk from Court Street toward Anderson? Automobile after automobile passed the end of this walk during the opening days of school; not one passed but some one within would call out, ''look! we've a new cement walk!''

Indeed, we have a new cement walk. It stretches all the way from Court Street, up past Memorial, past Anderson, up to the steps of Baldwin. No more need the fellow returning from town in the dark of a stormy nigtht, mutter imprecations as his feet slip and slide and slush in the soft, oozy mud of the old walk.

Thanks for this wondrously helpful improvement is due to none other than our own revered Class of '25, who, in their following out of a charming custom, have made the most valuable contribution to the school, as well as the most outstanding one, that has ever been made by a graduating class. Praise be to the Class of '25. Special praise be to the three members who are still with us—Professors F. A. Griffitts, Robert Thrower and Wilson McTeer, who, let it be said, were the most active of their class in the securing of the walk.

The sodding of the athletic field with Bermuda grass is another of the summer's campus improvements.

(Continued on page four)

FIRST FOOTBALL GAME TOMORROW

Meet Tennessee Wesleyan In Opening Fracas.

SQUAD IN GOOD SHAPE

Many Aspirants To Be Tried Out Tomorrow.

Everybody will be in the bleachers, yelling and cheering, when the starting whistle blows for our game with Tennessee Wesleyan Saturday. This is our first game of the season and although many reports have been circulated that it will be an easy game, it is also known that this team has several men who will bear watching, and that pretty close.

Let's talk football this week, and not only now, but clear through the season. Give the fellows a word of encouragement. Everyday the bleachers are pretty well filled when there is a scrimmage. That team is out there working and sweating for you and for our school, and it is up to you, every member of the student body, to get behind that team. Jess Hawley, famous Dartmouth coach, says that the success of his team lies in the perfect rhythm that he teaches them. That is true here at Maryville also, but we not only want the team in rhythm, but also the student body.

There is no better time than at the opening game to start in cheering and supporting our team. Learn the college songs and the yells, and when the cheer leaders call on you to yell, don't be bashful or timid about exercising those vocal chords. It will do them good. Let everyone see if he or she can out-yell the one alongside.

The line-up of Tennessee Wesleyan is unknown. Coach Honaker says that most of his material will see action in this first game. The following men will most probably play:

Ends: Captain Cartwright, Hunt, G. Dunn, Crawford, Taylor.

Tackles: Brock, Gann, Hale, Hope, Morton, Browning.

Guards: Holland, M. Dunn, Biggs, Marlen, Browning.

Center: Stone, R. McCall.

Quarterbacks: McCall, Davis.

Halfbacks: B. Crawford, G. Crawford, J. Crawford, Smith, Williams, Sneed.

Fullbacks: Byrd, Clemons.

The whole squad has been working hard and every member of it will be in good physical condition by Saturday. Remember to support your team. Wear the colors, and have the spirit.

THE MINISTERIAL ASSOCIATION

At the opening meeting of the year Henry Welbon, the president of the association set the three pointed goal for every ministerial student of the college. He urged his listeners to develop themselves spiritually, enter some religious activity, such as Christian Endeavor work in town and country, and Y. M. C. A. work, and finally to develop themselves mentally.

The officers of the association predict a good year. Several new men are already showing their interest in the work which is carried on from week to week. This interest was shown by Bernard Lowry, who inspired his audience with a well prepared talk on personal evangelism. Charles Johnson and Merlin Usner welcomed the new students with many words of advice. All the members of the association are urged to make the meeting conspicious by their presence.

SCHOOL SPIRIT

Tomorrow we play Tennessee Wesleyan in the first football game of the year. If this editorial were to follow the order of the day among schools and colleges throughout the country, it would launch forthwith into passionate pleas for school spirit, backing the team, getting out there and rooting, and so forth. School spirit has been thrown into our teeth so often that to most of us it has become a meaningless expression. Let's see if we can't clarify our ideas as to what we mean by school spirit.

The popular and superficial notion is that getting out in the stands and yelling one's self hoarse during the game, and ''talking up'' athletics in general, constitute the highest manifestation of school spirit. In fact, the term is used almost solely in connection with athletics. It would be an interesting study to trace the origin of the term, and see how clearly it has followed the development of athletics in our schools and colleges.

But school spirit should mean more than just that. Like patriotism, it should be more than just shouting and raising a general hullabaloo, while the other fellow does all the work, shoulders all responsibility, and takes all the risks involved. School spirit to be worth anything should include every phase of college life whether it be athletics, scholarship, music, debating, literary work, or discipline; and one's school spirit should be judged, not by the noise he makes up in the bleachers, but by the honest effort he is willing to make to further the best interests of his alma mater.

Here is where the rub comes. Too many of us are content to loaf along in self-centered complacency until, under the unusual stimulus of some exciting event such as a foot ball game, we emerge from our shell long enough to yell for a few minutes. Then, having shown our ''school spirit'', and having ''backed the team'' to a king's taste, we promptly fall back into the old rut. When it comes to keeping on the alert for opportunities to be of service, and to keep things alive and going, well—the other fellow can attend to that.

Let's snap out of it this year. Each one of you is one complete student (we hope), possessing the same number of feet, hands, eyes, ears, etc., as anyone else, taking up just about as much room, and possessing approximately the same amount of gray matter (with some exceptions, whom we exempt). This is your college just as much as any one's else, and if you let slip your opportunities to develop yourself and help your college advance, don't talk about school spirit, you haven't got it.

HIGHLAND FLINGS

—MC—

Consider the football game.

—MC—

''Say, Coach, ya gonna give any passes at the game?''

''Yes, there will be a few forward passes.''

—MC—

Simple Sadie thinks a line plunger is a fancy diver.

—MC—

Time is Money. It's always the zero hour with us.

—MC—

You don't really need a tremendous vocabulary until you step on a bit of used gum.

—MC—

The girl of today is alive, alert, vital, and expensive.

—MC—

We are told to speak well of the dead. But what shall we do with those who are dead and don't know it.

—MC—

There is some complaint about the coffee at Pearsons—Perhaps there are grounds.

—MC—

Isn't college life strange—It's much like picking up a double mattress with one hand.

—MC—

If we become rejuvenated by reading Newman, do we feel sheepish when he read Lamb?

—MC—

The female of the species is more deadly to the kale.

—MC—

Prof: ''Only a fool cannot make himself understood''.

Shanks (waking up): ''Pardon me, professor, would you mind repeating that last statement?''

—MC—

Two things good for the complexion: (1) to forget it, and (2) to let it alone.

—MC—

''Does she paint?''
''No.''
''Powder?''
''No.''
''Smoke?''
''No.''
''Give me her name. My brother's studying for the ministry.''

—MC—

Our idea of an optimist is the college student who says he's sleepy just as the lights flicker.

—MC—

After the game, may Tennessee Wesleyan's team rest in peace—More than likely they will rest in pieces.

—MC—

Billy: ''I have a chance for the football team.''

Mary: ''Oh! Are they going to raffle it off?''

—MC—

If it is true that wounds must ''knit'' back together, then Mother Naure surely uses some sharp knitting needles.

—MC—

A six o'clock she laid out his dress suit, shirt, and studs. He did not appear. At eleven o'clock she laid out his pajamas. He didn't turn up. At three o'clock he came home—and then she laid him out.

Eight O'clock
Alumni Building

A special feature of the program is the play, ''Canes'' written by a present member of Bainonian, Sarah Moore.

Athenian

All you fellows that came out to Athenian last week, come back again, and hear as fine a program or finer.

The program is as follows:

Invocation - - Walter Burris
Maryville - - - - Society
Violin Solo
Football Prospects - Coach Honaker
Solo - - - - W. B. Jones
Reading - - - - Bob Wood
Maryville Expects Every Man to Do His Duty - Wilbur Franklin

Big game Saturday, all Athenians out and back every play.

Alpha Sigma

First, we have our invocation by Mr. Usner, one of our ''preacher'' members.

Secondly, Alma Mater will be sung by the whole congregation. (Bring your copies.)

Thirdly, Mr. Bob Jensen, one of our most versatile of members has a stunt, a song, or ''what it is?'' called Maryland, My Merry Land. (I would not miss that for anything; neither can you afford to miss it.)

Fourthly, Mr. Bill Crowder will sing as only Mr. Crowder can sing.

Fifthly, a debate, Resolved That, the crow of a rooster is more musical than the cackle of a hen.

Note to freshmen, the intercollegiate debate questions have not been chosen yet. There is a rumor that this may be the freshman debate question.

Sixthly, Mr. Crawford will give the Alpha Sigma Advance, the one and only one in captivity.

Finally, you will enjoy the whole program. If you have visited us, come again. If you have not yet visited us, do so Saturday night at 6:45. You will not be disappointed.

Ed Conrad, Editor

JOINT MEETING OF Y. W. AND Y. M. SUNDAY

(Continued from page one)

need to wash our faces, however, if ours are clean we may need do help some other people wash theirs. With our limited experience and observation we may not be able to tell whether or not ours need washing so Mr. Stauffer is going to advise us. He will not only tell us that it needs washing, but will tell us what the dirt is composed of, how it got there, and what will be required to remove it. Are you interested, or are you content to go through life with a dirty face?

''Do We Need To Wash Our Faces'' will be the subject of an address that Mr. Stauffer will deliver before the Y. M. C. A. and Y. W. C. A. Associations in their first joint meeting of the year, Sunday afternoon at four o'clock in Voorhees Chapel. Mr. Stauffer will speak at the Presbyterian Church at eleven o'clock Sunday morning. This is his first visit to Maryville and to the college. Every student in the college should hear Mr. Stauffer's address Sunday afternoon, and all are invited to welcome this prominent man to the Campus. Town people are cordially invited to come and bring their friends.

NOW YELL

We want some new yells. A few real, live, catchy yells would brace up our pep meetings and our rooting sections about two hundred percent. Why can't some of the excess intellect here on the Hill be coined into some real yells, with rhythm and punch? Our class leaders need something new to work on. Importations would do fine, if they didn't come from too near-by. The pep shown Thursday night looked mighty fine. There is some new talent on the Hill that might just possibly show us a thing or two.

One more thing. Can't some students of music evolve a new song? What do you think about it?

GIRLS ENJOY SUMMER WORKING IN CHICAGO

(Continued from page one)

very generous with his Seminary friends.

One of our number who is teaching in Texas this year, won the name of "Tar Baby" by a certain misfortune that befell her just as she was leaving the Chicago University campus to go to work. While she was crossing the street she stepped, slipped, and fell, into a puddle of sticky black tar. The fact that she fell wiht both palms downward, made her resemble even more, Joel Chandler Harris' well known character. She had tar on her face, coat, and even the silk umbrella that Shorty gave her. Needless to say, she was a pitiable object when she reported to the tailor shop.

Besides such tragedies and blunders which only added spice to our adventure, we saw a good bit of the city. We visited the Field's Museum, Art Institute, Tribune tower, Swift's packing house, Sears Roebuck and Co., most of the best theaters, all the parks including Ravinia Park where the summer opera is held. We went across Lake Michigan, went swimming in it; "Smitty" gave us two beach parties); and saw some good plays and musical comedies. All the girls agree that it is a peach of a way to spend one's vacation. Anne declares she is going back next summere, but of course there is an added inducement for her.

Mr. Sheridan, who is at the head of the tea rooms, says he likes these Tennesseans and will probably be able to take a larger number next summer. Girls, if you want to spend your vacation in an interesting as well as educational way, just work at Marshall Fields. Let me warn you, however, that you will be expected to work while you work, which is only five hours at the most, and then you will have all the rest of the time to play.

MUSICAL ORGANIZATIONS ARE ACTIVE ON HILL

(Continued from page one)

Hill is the Men's Glee Club. As a rule the Club is made up of about twenty voices. These men make a tour of East Tennessee every year and it is hoped they may also tour North Carolina this year. Everywhere they go they are well received and they arouse a great deal of interest for Maryville. The home concert is given usually around the first of May. Several good men were lost last year but good material has been located and great plans are being made for the coming season.

A great treat for all Maryville students is afforded by the Y. W. and Y. M. C. A.'s Through them are brought the Lyceum programs. Four are given during the course of the year. One of the numbers this year is the Musical comedy "The Mikado".

New girls and boys, if you enjoy music and are talented in any way don't hesitate to let it be known. There is a part you can play in the music of our life on the Hill. Let us make our Hill ring this year!

CAMPUS BEAUTIFIED BY NEEDED IMPROVEMENTS

(Continued from page one)

Those of us who were here last year can well attest the priceless value of this. We can well recall those dusty, grimy first games of the football season, and it is no task to call to memory that sloppy, slimy, muddy swimming match with Cumberland. We give fervent thanks that neither of these extremes is to be visited upon us this year.

Of special interest to the men and freshmen is the laying of a heat pipe from the power-house to Bartlett Hall. The shivers of last year are to be turned into warm, contented smiles this winter.

Not to be outdone, the co-eds call to mind the beautifying of Memorial by the erection of brick and cement steps. These are, of course, a great improvement over the old wooden ones in both beauty and stability.

These sum up the major improvements of the summer; each fills a need and fills it well. Let each of us resolve to do his bit to keep the campus up as well as it now is. Let us make a Bigger, Better Maryville!

Among the students who have been away from Maryville the past year and have returned to resume their studies are: Arthur Young, Floyd Geist, Ruby King, and America Moore.

The Highland Echo

VOL. 12 MARYVILLE, TENN. FRI., OCT. 1, 1926 NO. FOUR

NEW PERSONAGE ARRIVES ON HILL

Gives Views On Local College Life.

Gloria Geraldine's Artickles—All About College.

Since the college found out that I have come to college here, life is getting to be a little more intreeging. Of course there are certain authorities I would just as soon didn't know I was here, such as for instance the night watchman, but then don't you see if there wasn't a night watchman it wouldn't be very interesting to go to town because it isn't very interesting anyway, even if the night watchman does get paid for reporting you.

But what I am trying to get at is the fact that since the English department and the editor of this paper have found out that a girl like me has come to Maryville College they have been begging me to consent to write a series of artickles for the ''Highland Echo'' each week for don't you see it is just once in a great while that a girl with as much sense as I seem to have comes to a college like Maryville College seems to be. So after very much debating and also thinking I have almost decided to comply with his wishes as he seems to be such a very nice blonde young man and gentleman are not the only ones that prefer blondes and so I am going to do quite a bit of writing for the English department, and the editor who is such a very blonde young man.

I guess everybody wants to know what I have to say of the social life of the college but the first thing I think of when I think of the social life of the college is that there isn't much to think of. For don't you see the social life seems to be stunted because of a lot of rules made by the estimable lady that they call Miss Mollie and a man named Dr. Wilson who seems to have something to do with this college.

Of course they don't have anything like the gorgeous rook parties and pie suppers we have in Pigeon City but I will give them credit for trying to entertain us one night. I got there first and stayed until the last, and I don't know whether they were like that when they came or whether it was the effect of the ''moonshine'' and the rules, but all the boys and girls seemed to do, all night, was to chase each other and some of them even fell.

Oh yes, I forgot, we had what they call a faculty reception where you go down the line and shake hands with the teachers and tell them your name. They called me everything on earth but Gloria Geraldine Gutterford which really is my name, but I didn't want to say anything to them because I hated to embarras them. I thought it was a very uneek party but I never would have known how uneek it really was if some boy hadn't told me what the object was, which was to see how many times you could go down the line and get ice cream without being recognized. He said I won the game because I was the first one to go down and the last one, and of course I got more ice cream than anybody else, Dr. Wilson forgot to give me the prize but maybe this will remind him of it.

Well, I will have to quit for this time as it is Monday afternoon and I am going out to hunt four leaf

(Continued on page two)

ON TO KENTUCKY

Our men are going to surpass last year's record, and clip the claws of the Kentucky Wildcats tomorrow at Lexington.

Here are the men selected to set up the Orange and Garnet standard in the very stronghold of the Kentuckians. More power to them!

Excellent Prospects For Freshman Debate Class

Many Freshmen Interested In Forensics.

The Freshman Debate Class will meet for organization next Tuesday at 2:05. This class is composed of sixty members of the freshman class, who have demonstrated some proficiency in the art of public speech. From the members of the class will be chosen the boy's freshman debating team, and the girl's freshman debating team of the College.

These sixty aspirants to forensic honors have been selected by the English department as possessing the highest proficiency in public speech of the entire freshman class. Each freshman delivered an oral composition in his English class from which his ability in public speaking was judged. The sixty may be said to be hand picked, and to represent the cream of the class as far as ability to speak in public is concerned.

Much interest has been manifested by the freshmen in winning places of rank, making them eligible for entrance into the class. The College will have more freshmen getting instruction in forensic arts this year than ever before, due to the formation of this class.

The class will meet one hour each week, and will receive instruction in the fundamentals of debating, and in the organization of material for such a contest. With the foundation well laid, work will be done on the question to be debated this year. Thirty boys and thirty girls will make up the class. Each member of the Freshman Class who has won the right to enter this special debating class may well be proud of the distinction.

The College is proud of the Freshman Class and confidently looks forward to a very successful season as far as Freshman debate is concerned.

Ted Hawn '26 and Aileen Wilson of Maryville were married the early part of the summer.

Sherman Edsall '26 and Eva Sawyer '28 were married this summer.

HIGHLANDERS START YEAR WITH VICTORY

Tennessee Wesleyan Bows To Orange and Garnet.

SLOW GAME

Men Haven't Settled Into War Togs Yet.

Last Saturday our Highlanders landed high by defeating Tennessee Wesleyan in a very slow game. Neither team showed the presence of star dust in their playing, and yet we can safely say that Maryville out-pointed their opponents in every position. One must be optimistic about the first game of the season, even if it does take plenty of will power and a blanketed conscience. Our line lacked the rush of a champion team. At times they made one think of the proverbial cold molasses. It seemed a shame for our fast backfield to have to step on or leap over guards and tackles in order to push the ball over the lime of scrimmage. Also our ends made ''no-end'' of anyone. Time after time a defensive tackle nailed our ''ball toter'' for no gain. Optimism is a panacea for failures, and so we can safely account for the slow game by claiming inexperience for some of our men. The boys have worked hard and will show us their true selves by defeating the Kentucky Wildcats. We have good men in every position, all we ask is for them to do their stuff, as they are capable of doing it.

Stars

Every dark cloud has a silver lining and every coarse tapestry a few fine threads. Saturday showed our backfield in good condition and exhibiting good Honaker judgment. Clemens was the outstanding player, making both scores for Maryville. John and Corky seem to be competing in the yard gaining section. Davis and Shorty showed true form. Davis, as quarter, has improved a good deal and we hope to see him a Gridironian general.

The new men, Taylor, Dunn and Lewis need nothing but experience to make them valuable men on the squad.

Holland, Brock, Stone and Cartwright will be hard men to match. They have weight, brains and fight enough to play on any championship team.

INAUGURATION OF FALL FESTIVAL OF MUSIC MONDAY EVENING

Fine Musical Program To Be Given By Music Department, Sponsored by Y. W. C. A.

COSSACK CHORUS COMING

Get out your treasurer's receipt in order to get your tickets for the first lyceum number October 11th. This will be the Russian Cossack Chorus on its first North American tour. Thirteen men, with the director, Sergei Socoloff, compose the chorus; they promise to give one of the most excellent concerts that Maryville has heard.

Co-eds Pledge Staunch Support To Team

''Wee Small Voice'' To Be Right on The Job.

O no, the co-eds aren't planning to play foot ball, but don't think they haven't a foot ball team. Their team played Saturday afternoon against Tennessee Wesleyan.

Maryville 14, Wesleyan 0. Fifteen rahs! for the co-eds' team.

Coach Honaker once said that the first requirement for a good foot ball team is hardworking men. We have that. Of course we do. Our men will give all they have to Maryville.

Coach hinted that there is another ''something'' essential to a successful team. ''Something'' sounds rather mysterious so to make himself more plain he gave another hint about, ''wee small voices on the sidelines''. He seems to think that they help the team to win. Do they? Then, men just listen and hear those side lines buzz.

The Old Hill yell goes,
''Howie Howie Chilhowee''.

Well teams opposing Maryville this year are going to have to yell a similar one for they will have to find,

''How oh how to still the wee'' small voices on Maryville's sidelines. The deplorable thing about the condition of these opposing teams will be the fact that they they won't be able to still those voices. If it is true that a team supported by the entire student body *can't* lose, then the teams that play Maryville are doomed.

They wil have to get ginger, pep and steam
To win from this Maryville
Co-eds' team.

BLUE RIDGE MEETING

During the past summer several of the fellows on the Hill spent a few weeks at Blue Ridge. These fellows came back to school bubbling over with pep and enthusiasm, and next Sunday they are going to impart some of it to the students who were not so fortunate as to go to Blue Ridge.

Take some sound advice fellows, and you won't miss this meeting at 1:00 p. m. Sunday in the ''Y'' auditorium.

MAY BE ANNUAL EVENT

Local and Outside Talent to Contribute to Pleasing Program.

As the opening feature of the year the Y. W. C. A. is presenting the Fall Festival of Music. This is to be an annual event given by the Music Department under the direction of Miss Hale. This year the Y. W. C. A. has the privilege of sponsoring the Festival.

Miss Hale, realizing the varied and excellent musical talent we have on the Hill is allowing the public to have the benefit of it in her evening's program, along with outside assisting talent.

Favorite Artists

We shall hear again our favorite artists, Miss Martha Henry and Miss Lucy Horton, graduates of the Piano Department.

The fact that several harp solos by Miss Virginia Sting of Columbus, Ohio will be included in the evening's program will interest many. This is an instrument which has not often been heard in Maryville and one which we all enjoy.

Miss Benner to Sing

Another happy feature of the evening will be hearing our new voice teacher, Miss Benner, sing. Miss Benner is a graduate of Cincinnati Conservatory of Music and comes to us splendidly equipped, both as to to voice, and as to training.

Other surprises are in store for those who want to real festival of music, and who come to the concert Monday evening.

Y. W. NOTES

The devotional meeting of the Y. W. C. A. will be held Sunday afternoon at 1:15 in the Y. W. auditorium, Thaw Hall. The subject for consideration will be ''How can we realize what we are'' What are the things that will help us attain to the best that we are capable of being

This coming week he Y. W. is putting on the Membership Drive. The new girls are all asked to think over very seriously the purpose of Y. W. and if they think that they can live better lives on College Hill by trying to live up to this purpose, we urge every new girl to join Y. W. and hope that Maryville may have one hundred percent membership. The purpose of Y. W. is: ''We united in the determination to live unreservedly Jesus' law of love in every relationship and so to know God.' Don't you want to make that your purpose in life?

Dewey Eitner, '26, is in New York with the Bell Telephone Laboratories.

Jean McMurray '25 is principal of Rockwood High School.

Lucile Timblin and J. Leslie Bell were married this summer.

Katherine Franklin is teaching in a girls' school in Montreat, N. C.

Robert Bishop and Joe Gamble, '26 entered the University of Michigan the latter part of September.

CONCENTRATION

Let me state, please, at the beginning of this idiotorial, that I for one, and tea for two, have the college man's most valuable attribute in his struggle to pursue knowledge—and that is the power to concentrate.

My trainer has so trained my mind that it is mere child play for me to keep my thoughts centralized, even though a pandemonium of undescribable nature rends the ether about me. As far as I'm concerned, the noises merely strike on my tympanum and bounce off—that's their end unless they are lucky enough to echo. But to those who haven't a brain of such mental magnitude and wonderful development—the task of concentrating will probably be as easy as making a watch. For to win perfection in this art one must be alertness personified. Now to account for my having conquered the said art, it will be necessary for me to say nothing more when I say that me and alertness himself is roommates. And about this one fact—don't let anyone tell you different.

For instance, and as positive proof while I am jotting down these jewels of thought, someone in the next room strives to bring forth, (or maybe fifth), from a saxaphone, some profuse strains of unpremeditated art. But no trivial disturbance like that affects me. No, not in the least. As I was going to say—or, I mean as I said previously—my mind is trained to concentrate. To be explicit, I can concentrate at any desired moment—yes, any moment. Concentration. Moment. Yes.

As I was saying, I have the ability to concentrate. While I concentrate, the saxophone has no trouble at all in—no I mean I have no trouble to concentrate. The saxaphone was—or I better say is—or still better—it has been whining continually and all the while I have been concentrating in a remarkable manner—I repeat, I have been concentrating.—For emphasis, let me say that I have been concentrating—yes, concentrating on—oh! let me think—

(Just a minute please while I murder that saxaphonist).

NEW PERSONAGE ARRIVES ON HILL

(Continued from page one)

clovers with one of my boy friends as I do every Monday afternoon. Next week I will try to talk on more educational lines such as for instance I will give my opinion of some of the courses and some of the teachers.

PERSONALS

Pat Shores is coaching at Maryville High.

George Gillingham '26, is in Porto Rico.

Bobbie Clopton, '26 is in Honolulu.

HIGHLAND FLINGS

—MC—

Some people are dumb—but we know a few that even abuse the privilege.

—MC—

Since the game Saturday Coach disagrees with ivory importers as to the possibility of a shortage.

—MC—

Shorty: ''Maynard, did your playing in Saturday's game make you sore?''

Maynard: ''No, but it made Coach sore.''

—MC—

It takes a hardy girl to sit in a porch swing these cool nights with nothing extra around her except a thin arm.

—MC—

Tolerance is that kindly feeling you have for people who agree with you.

—MC—

Some people think the way to get on is to tell the other fellow where to get off!

—MC—

Every man should live within his income, even if he has to borrow the money to do it.

—MC—

Flatter a woman and she will love you; pity her and she will hate you.

—MC—

If you feel you need a change,
Here's a simpler thing to do;
Just shut your eyes, then open them—
And take a different view.

—MC—

Carnegie Hall may be crowded, —but there's always room for one —bore.

—MC—

You may have heard him in Pearsons dining hall. He can talk plain enough himself, but he makes the soup lisp.

—MC—

Never put off till tomorrow what you can do today—there may be a law against it by that time.

—MC—

We call him, Billy—because he's always butting in.

—MC—

Dempsey's battle cry: ''Oh, how I miss you tonight!''

—MC—

Veech (at Proffitt's): ''Are you looking for something in Men's Clothing, sir?''

He: ''Nope—I'm looking for something in women's clothing—I can't find my wife.''

—MC—

Mary calls her little lame dog, Arithmetic, because, in the matter of legs, it puts down three and carries one.

—MC—

In describing her symptoms a woman can be entertaining. All a suffering man can do is groan.

—MC—

''I want some pepper.''

''What kind of peper, red, green or black''

''I want writing pepper.''

—MC—

Estelle said that she could tell by the expression on Jack's face that he had lost. Most any of us could have looked at his face and done that.

—MC—

Some things are funny and some are not—we don't know what you think about this column.

—MC—

We hope to have a ''social'' pretty soon which at least will be worth the snap of your finger.

(Editor's note: Sounds like somebody didn't get a date.)

—MC—

Nobody enjoys moonshining except the moonshiners.

—MC—

Patient: ''I feel better today, doctor, only my breath is hard to get''.

Doctor: ''I can soon stop that.''

—MC—

She: ''You certainly eat well''.

He: ''I ought to; I've practiced all my life.''

—MC—

So many fellows who ''quit smoking'' merely quit smoking their own.

—MC—

''Did the Indians have any distinct social groups''

''Sure haven't you heard of Indian clubs.''

—MC—

She screamed for help when I kissed her so I gave her another helping.

—MC—

She: ''Promise me you'll never shoot craps again.''

He: ''Why?''

She (weeping): ''Those little things have as much right to live as you have! !''

Maryville Mary Says:

Boys will be boys, but some of the weaker sex are giving them a good run for the privilege.

Athenian

Say, brudder, did you all ever heah one of des old time Southern programs? Well, den come out to Athenian, Saturday night an' you'll heah a real sho' nuf one.

Program as arranged:

Invocation and Lord's Prayer - William Swaim
Alma Mater - - - Society
Solo - - - Walter Buchanan
The Southern Negro - Leland MacDonald
Buck Dance - - ''Grandpa'' Ross
Mandolin Solo - - Roger Rusk
Negro Sermon - - - - - Rev. Joshua Gabbard

This is a colorful program. The old-time minstrel spirit. Come! To Athenian Saturday night.

—Henry Welbon, Editor

Alpha Sigma

Last Saturday we had a meeting that everyone who was present enjoyed. This Saturday we are going to have another fine program. The program follows:

Invocation
Alma Mater
Why is Our Literary Society Like These Stones?
Rock of Gibraltar - Mr. Miller
Diamond - - - - Mr. Tull
Ruby - - - Mr. Wienand
Saphire - - - Mr. Conrad
Music - - - - Quartet
Alpha Sigma Advance - Mr. Jones

An opporutnity will be given to new men to turn in their names.

GREEN MEADOW COUNTRY CLUB

The Green Meadow Country Club of Maryville wil accept a limited number of non-resident college students as student members. Students desiring to secure a membership may secure information in regards to same from Mr. W. W. Elmore. First National Bank, Maryville or from Mr. W. E. Martin, The United States Aluminum Company, Alcoa. Phones: Mill 44; Residence 36.

A doctor advises cold baths as a tonic and cold water as a beverage—a convenient method of combining the two treatments is to yawn under the shower.

—MC—

New Student: "Where did you say you were from?''
Old Student: ''Tennessee''
N. S.: ''What part?''
O. S.: "All of me, of course''.

VARIOUS CLUBS ARE ORGANIZED

TAR HEEL CLUB HAS PARTY

Twenty-two sons and daughters of the old North State spent a very enjoyable afternoon together Monday.

Especially to be praised for the success of the party are Miss Strawbridge, chairman of the Entermainment Committee, and Miss Franklin, chairman of the Refreshment committee. They showed real enthusiasm over the party and its outcome.

The officers for the year are: Arthur Young, President; Leland McDonald, vice president; Bess Piercy, secretary and treasurer; Otis Peterson, editor.

The Tar Heels are looking forward to many more good times together at Maryville this year and plan to make it the biggest and best year the Club has ever known.

BRADLEY COUNTY CLUB

The Bradley County Students met Friday and for the first time organized a club. The purpose of Our Club is two fold; we hope to have many good times together here, and to arouse more interest for Maryville in the young people at home.

The following officers were elected:

President, Lucy Horton; Vice President, Pledge Cartwright; Secretary and Treasurer, Mary L. Rodgers; Editor, Marie Elmore.

TEXAS CLUB

The Texas Club of 1926-27 met September 21st for the purpose of electing officers for the year.

We expect to make a place for the Texas Club on the ''Hill'' with Mr. Clarence Ware as president; Miss Sallie Dickey, secretary and treasurer, and Miss Constance Earl Castile as editor.

At the present there are about twenty students attending Maryville College from Texas, thirteen of which were present at our meeting of last week.

We intend to have a ''big time'' this year so watch for the next notice.

JEFFERSON COUNTY CLUB

The Jefferson County Club held its first meeting of the year last Friday morning for the purpose of electing officers. The following officers were elected: Miss Martha Cline, President; Miss Mariam Swan, Vice President; Gerald Bell, Secretary and Treasurer.

This club is in its infancy, as it is only a year old. It's being young does not keep it from being full of ''pep''. It has twelve members, all of whom are live wires. They are backing old M. C.'s foot ball team to the limit.

ALLIGATOR STATE CLUB ORGANIZES

The Florida Club had its first meeting Thursday, Sept. 23rd. to elect officers and get started for the best year yet. The following were elected: President, J. H. Marshburn; vice president, Mary Chris Benn, secretary-treasurer; Peggy Mevis; editor, Betty Jane Sharp; sergeant-at-arms, Merle Marshall

The members present voted to invite the Californians to join, since there are only one or two from that state.

The club will be larger this year than ever before, and we're looking forward to some peppy times. We're starting the year's activities by backing the club's peppiest member, E. L. Driscoll, for cheerleader. Ray for Florida!

The Highland Echo

VOL. 12 MARYVILLE, TENN. FRI., OCT. 8, 1926 NO. FIVE

COSSACK CHORUS SINGS HERE MONDAY NIGHT

Unusually Fine Program Opens Lyceum Season.

INTERNATIONAL FAME

Tour of Russian Chorus Is Continuous Success.

''The Cossacks are coming!'' Savage, fierce-eyed, hard-riding regiments brought terror to a Russian town under the Czar's displeasure. And now the Cossacks are coming to Maryville. But these are as civilized as one could wish and have turned their war cries into sweet harmony to delight those who assemble in Voorhees chapel next Monday night. This first lyceum number, the Russian Cossack Chorus, will set such a standard of entertainment that the other lyceum numbers will be most exceptional if they equal this one. The chorus, uniformed, booted and belted, will be ''intreeging'' to quote Gloria Geraldine.

Mr. Socoloff, the talented director, was born in Moscow in 1888. He received his musical education in the Imperial Conservatorium of Moscow which he entered in 1910 and completed in 1915. His musical career as a successful conductor was interrupted by the World War. He joined one of the Cossack regiments. After the war he found himself in Jugo-Slavia where he organized this chorus in 1920.

Their first European appearance was at Milan, Italy, where they won high appreciation of their musical qualities by the most serious critics of Italy. After a years long tour in Italy they visited Paris and were the hit of the Paris and French Riviera concert season. They held 150 concerts in Spain where H. M. the Queen of Spain attended their concerts and complimented Mr. Socoloff on the success obtained by his chorus. In the summer of 1924 they crossed the ocean and made a tour of Mexico and Central America.

The press notices in the various cities following the concerts of the chorus have been most appreciative. The musical critics have judged its singing sovereignly and perfect. The New Orleans ''Times Picayune'' and the Mobile ''Daily Register' compare its volume and sweetness to that of a great organ. The Macon ''Daily Telegraph'' says, ''If you have stood beside Niagara, just below where the Falls empty into the gorge, then you have some idea of how one feels after hearing the Russian Cossacks' singing'' Mr. Socoloff is commented upon as being a magnificently talented compositor and an artistic director.

The repertoire of the chorus is comprised of compositions of Rubinstein, Rachmaninoff, Mendelsohn, and many others. Maryville is very fortunate in hearing this fine chorus and every student should take advantage of this rare opportunity.

Y. MEETING

Last Sunday there was a large bunch of fellows out to hear all about Blue Ridge, and if you ask any who were there they will tell you that it was a dandy meeting.

Next Sunday, if the foot ball team plays well enough to beat Tusculum, the coach has promised to speak at the meeting. His subject ''The Carryover in Athletics'' is one on which he is well qualified to speak. If you want to enjoy a good program don't miss this meeting.

MIKADO COMING

Monday evening, October 18th the Senior Class benefit is to be given in Voorhees Chapel. The seniors were fortunate in securing the musical comedy ''The Mikado'', as their benefit this year.

''The Mikado'' is one of the best and most popular comic operas released for the American public to enjoy, and its appearance here is an event much looked forward to by lovers of really good musical productions.

Professor Rodgers Gives Interesting Address

Ministerial Students Get Sound Counsel.

OFTEN IN JAIL

Work Among Prisoners A Worthwhile Task.

After a deelay of two weeks the members of the Ministerial Association finally had opportunity to hear Prof. Rodgers speak. The topic that Prof. Rodgers has been a pastor in every ministerial student was interested in. He gave some vital information upon what the public demands in a minister of today. As Rev. Rodgers has been a pastor in several large churches he was well informed upon the subject. Those who did not attend have missed something that was greatly interesting.

William Swaim handed in his resignation as secretary and treasurer saying that he would be unable to fill the position. His resignation was accepted and Harry Ingram Fell was elected to fill the vacant office.

Work at Jail

Among the different branches of religious work being done in the community by the students is the work at the jail. Many of the new men are taking an active part in the Sunday afternoon services held there. A service consists of hymns, prayer, Scripture readings, and short messages, by some of the boys. The prisoners are divided among cells on three floors and the workers separate into three groups so that everyone can be doing something at the same time. Last year the students were able to do some very effective work and sometimes it seemed that the old jail was turned into a veritable church. The interest promises another successful year in this very worthy work.

MEETING OF THE CHEMISTRY CLUB

On Tuesday evening, October 5th, the Chemistry Club held its opening meeting in the Chemistry lecture room at Science Hall. There was the largest attendance that has ever been at an opening meeting.

The meeting was called to order by the president, who made a short talk on some of the things that the club hopes to accomplish this year.

Professor Griffitts spoke on the promising outlook for the Chemistry Club this year due to the fact that so many students are really interested in advanced Chemistry.

After suggestions as to programs and interesting topics for future meetings were received, the meeting was adjourned.

As a rule when a man begins to look for trouble he over-estimates his capacity.

MORE ABOUT COLLEGE

Well, here I am writing another artickle on Maryville College for the ''Highland Echo'', and secretly thinking what a shame it is that my brains are being wasted on a small publicotion, such as it seems to be, when what I ought to be doing is writing for some big syndicate. But then Miss Jewell, which is the head of the history department, often says all the time that the truly brilliant people are only very rarely recognized in their day, and I believe it.

Miss Jewell knows a lot in some ways but it seems to me that she can stress some awfully foolish points in a lesson sometimes, such as for instance in class last Saturday she said to me, ''Miss Gutterford, will you tell us about the diet of worms''? Well, don't you see, I hadn't read the lesson but I think that if you really have quite a lot of brains, and I always seemed to have a good deal, that you can usually to use a little colloquialism, ''pass the buck''.

Well, so I says, ''I was'', 'you see I knew that they were always doing crazy things back in olden times', ''particularly impressed with the cruelty of the old kings and emperors of that period. Miss Jewell, the idea of anyone punishing anyone by forcing them to go on such a diet as that, to me Miss Jewell, it is almost unthinkable.''

I have heard people give incorrect answers before, but I never have seen a teacher so tactless, or a class either for that matter, as they were. I don't know what the ''diet of worms'' is yet, must be a slang expression some king used for fishing or something of the kind, but I'm sure that it isn't of much importance.

Too Much Food

It seems to me that all they think about here anyway is food and diet for the other day in the English lit. class, that I went to visit with a Sophomore friend of mine, the teacher Mrs. Alexander asked one of the girls to write a criticism on a book called ''New Grubb Street''.

It seems to me like its too much, teaching such things as that in an English literature class, where one is supposed to get nothing else but culture.

My English teacher, Miss Heron, who seems to have quite a sense of humor where freshmen are concerned insists that the freshmen brains all work in about the same way, which she seems to think isn't much of a way, is certainly going to get a great shock when she finds that I am working for the school publication, which is written by students of this college who have exceptional brains. Don't you see I

FROSH ORGANIZE

The first meetng of the Freshman Class was held Thursday morning with Albert Cook presiding. The meeting was marked by enthusiasm and unity of purpose. The following officers were elected:

President, Victor Jones; Vice president, Eva Umstott; Secretary, Nicholas White; Treasurer, Robert Jones; Editor, Allen Herdman; Council Members, Marion Johnson, Marjorie Deil, Hayden Laster, Robert Byerley.

Many Activities Treat Pocket Book Rough

Coming Attractions Require Ready Cash.

SAVE YOUR MONEY

Forewarned Is Forearmed—Take a Word to The Wise.

One of the most serious problems which face new girls is that of choosing among the many different ways of using their time and the still more numerous ways of using their money.

Almost any afternoon such cries as this ring through the dormitories:

''Come on with us, we have a crowd and a chaperone to go to the show''.

''Let's order from the drug store. I'm starving.''

''Get yourself up from that desk and let's go to the Y store. I'm going to faint from hunger. What! No money? Well borrow some''

That's where your money goes, isn't it girls?

You probably wonder what the point to this article is. Well, it's just this. From time to time entertainments are given at the chapel. They are sponsored by the various organizations on the Hill and there is not one of them which is not thoroughly worthwhile.

Sometimes they cost something but not so much that the money from one or two sundaes would not pay for the ticket. Its just a question of what you care most about, a few extra trips to the Y store or an evening's entertainment at the chapel. We believe you will enjoy the affairs planned for this fall.

Monday night the first lyceum number of the year will be given. Take your treasurer's receipt over to the book room to get your ticket. Be sure to go.

RESOLUTION OF THE JUNIOR CLASS

Whereas God in His infinite mercy and love has seen fit to call unto Himself Mrs. Oscar Fickle, the grandmother of our beloved classmate, Perry Keyes:

Be it resolved that we the members of the Junior class extend our heartfelt sympathy to the bereaved family in the time of their sorrow.

Be it further resolved, that a copy of this resolution be read in chapel, a copy printed in the Highland Echo and a copy sent to the bereaved family.

Signed:
Lillian Robison,
Mary Louise Rodgers,
Edward G. Conrad,
Committee on Resolutions.

I know a co-ed so dumb that she thinks a head-linesman is a newspaper man.

BATTLE WITH TUSCULUM TO BE REAL SCRAP

Men To Be In Good Shape For Game Tomorrow.

TUSCULUM, THEN U. T.

Weak Spots Coming Up Under Honaker Kill or Cure Treatment.

Beat Tusculum, then on to U. T. That is the cry which is going around the Hill, heard in very nook and corneer. One of those nooks is the foot ball field, and although you do not hear the actual words, anyone out there can see that it is the feeling which overshadows all the movements made by the squad.

Coach Means Business

Coach Honaker says that he is going to put every man out there in the best of condition this week, and from his tactics so far he is making good his word, for his drill, together with this summeer weather that seems to be so eternal and everlasting, will either fulfill his statement or else the assistant manager will have to use the foot ball coach for a hearse.

Several weaknesses were found in the Kentucky game, both in the line and the backfield, and both coaches are determined that their charges will show the best of their abilities in the game against Tusculum.

Tough Babies

There have been many reports coming back from the Kentucky game, but not one has said that the Wildcats didn't have a great team, one that hit hard, ran low and passed accurately. Our fellows are known up there as ''tough babies'', for Kentucky will never forget the scare that they had last year when ''those fighting, tough babies from Tennessee'' scored on them and held them to a single touchdown's difference in score.

There were no serious casualties from the trip, and so with a week of hard work and honest sweating, every man will be ready for the call, if it comes Saturday.

Record Due For Fall

Our game Saturday is no snap, no set-up, for Tusculum has long been regarded as a school that sends out a fighting aggregation, and this year they are determined to win if win they can, for their coach is one of those rare individuals who has a record of never having lost a game. And he says that his record will be unbroken when the season ends, but as Coach Bob says 'this is college foot balll', and he is as sure that Saturday will see that record broken, as Tusculum's coach is of keeping it intact.

Fight!

Let's go, team, and fight them to a stand still. And, let's have every member of the student body out there showing that team we are behind them. Get behind that team and fight, for just one week from Saturday comes our U. T. game, and if our student body doesn't learn the yells and songs, how can it back the team? Let's keep foot ball square in front of us, talk it, think it, act it and try to learn more about it. Back that team to a man, and when they come running out there Saturday, let's hear the old ''hill top crowned with cedars'' ring with true blue Maryville spirit.

Moreover and nevertheless, we tender the sixteen jeweled garden rake to the Freshman that asked if the foot ball Coach had wheels.

FRIENDS

How often we hear that college days are the happiest days of life. Often when we are submerged in a bewildering rush of work and responsibilities, especially along about final time, we are tempted to doubt the truth of this statement. And yet, such an overwhelming majority of those who have passed through the experiences of college and later life, insist that it is true, we are compelled to conclude that they must know whereof they speak. Why is it then, that this period of life is so peculiarly blessed?

There are several reasons why this is so. College days are days of youth, which explains a good deal. Then too, the responsibilities, as felt by the average undergraduote, are light; college days are comparatively free from the cares and worries that so burden later life. And last, though not least, it is a period ideal for the forming of friendships, and the making of friends. This is the factor of greatest importance.

At no period of life will the opportunities for making friends be what they are at college. In hardly any walk of life does one come into intimate contact with so many folks of almost the some age, and with aims and ideals so nearly like ones own. Here there is an atmosphere of congeniality of purpose and spirit that will be found by very few of us when we get out into the work-a-day world. The circle of acquaintances made in most walks of life is much more restricted than it is at college, and the circle of those made on terms of kindred ideals and purposes, and common immediate objectives, is even more confined.

So don't neglect the making of friends in this, the golden age of your life for friendships. What little effort is expended in this way will be amply rewarded. When all is said and done, a life without friends is a sorry affair. Here on college hill we are just a big family, and he who stands aloof, and fails to get into the spirit, is missing the biggest opportunity of his life.

Get acquainted with everybody you can; put out a little to show that you want to make friends, and see what a difference it will make in your life on College Hill.

STUDENTS' CREDIT

Every year some students are careless about their finances, and get into trouble over dishonored checks or some similar matter.

Bear in mind the fact that if you are careless or indifferent about obligations or if you issue checks that are not honored by the bank, local merchants will be advised of the fact through the weekly Bulletin of the Retail Credit Men's Association and you will have a card on file in the office that may be a distinct disadvantage to you wherever you go.

The Retail Credit Men's Association of Blount County is a member of a National Association comprised of thousands of such organizations in cities and towns throughout the U. S. There is a constant interchange of credit information between these Associations. It is an advantage to anyone to have a card on file with any of these Associations bearing a ''good rating''. The ad of the local Credit Association on another page suggests to students the wisdom of establishing their rating with the local organization by referring to business men in the home town.

''Protect your Credit and your Credit will protect you'.'

HIGHLAND FLINGS

Isn't it funny
That every freshman
Intends to be
Half-back,
Class president,
Editor or
Track star—but
After a very
Successful year
He is just—
A Sophomore.

With the hemispherical integrator the illuminating engineer measures light intensities and distribution. These laboratory findings are practically applied to improve our everyday illumination.

When the sun goes down

More than 350,000,000 incandescent lamps, with a combined light of nine billion candlepower, make city streets, stores, and homes brighter than ever before.

In bungalow or mansion, workshop or factory, dormitory or auditorium, there is no excuse for poor illumination. We have cheaper and better lighting in the electric lamp than ever before; for the dollar that bought 1,115 candlepower-hours of light with the carbon-filament lamps of 1886, now buys 16,200 candlepower-hours of light with the MAZDA lamps.

Not only more light, but correctly applied light, is the order of the day. The electric lamp, with its flameless yet highly concentrated light source, lends itself ideally to reflectors, shades, and screens. It is *controlled* light—*safe* light. And illumination becomes an exact science.

During college days and in after life, correct lighting must ever be of paramount importance to the college man and woman. Good lighting is the worthy handmaiden of culture and progress.

The General Electric Company is the world's largest manufacturer of incandescent lamps. And behind the G-E MAZDA lamps are vast research laboratories dedicated to cheaper and better electric illumination, and to the conservation of eyesight.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

LITERARY SOCIETIES

Athenian

The program last week was unique and full of pep. Its local color was enjoyed by all.

Next Saturday night every fellow be out. Back the team next week at U. T., and back Athenian by coming out to the meetings.

Program

Invocation - - Robert Wood
Violin Duet - Hembree and Coakley
Football Prospects - Coach Honaker
Sight Seeing in Detroit - H. S. Rule
Solo - - - Lamar Milling
CoEds - - DeFoe Pemberton
Bits O' Chance - W. B. Jones
Seniors Outlook - Merle Marshall

—Henry Welbon, Editor

Bainonian? Theta?

Girls! are you still on the fence? Well, you must get off by Saturday night for you know Bainonian and Theta are going to have a ballot box and you must have a vote ready.

Eny-meeny-miny mo
Theta-? Bainonian-?
Theta-? Bainonian-?
Where shall I go?

Joint Editors—
E. Knight and M. E. Welbon

Alpha Sigma

As usual, Alpha Sigma program this week will be of great interest and of much value to the ''Gentlemen of the Hall''. Chief interest will be centered on the debate question that was used by the University of California team last year, ''Resolved, that our Grandfathers have a right to be ashamed of us''. Two of Alpha Sigma's greatest orators clash upon this question, namely, Mr. Usner and Mr. Rosa. Come out and see, are you worse than your fathers?

(Continued from page one)

mean that she's going to find out that all freshmen brains are not alike, when she finds out that I'm on the staff of the ''Highland Echo''.

It is getting to be almost time for me to meet the editor of this paper, and give him my artickle, so I'll not continue my discussion but will stop now as the editor is a blonde and I like blondes. Next week I will discuss at length, on the football team and also a little about the athletics of the college.

Y. M. TOURNAMENT

The annual Y. M. C. A. tennis tournament started September 27th with a record entry list of thirty-six would-be champions of the Hill. Swaim, Coulter, Sargis, Franklin, Pope, and Charles Jones have survived the first two rounds. The winner is still very much in doubt, but Bill Swaim, who won both tournaments last year, looks good to repeat. Coulter, who played for Carson-Newman last year, showed real form in defeating Caldwell.

RESOLUTIONS OF THE JUNIOR CLASS

Whereas, God in His infinite mercy and love has seen fit to call unto Himself G. W. Hixon, the father of our beloved classmate, Buena Hixon, on the night of October 4, 1926,

Be it resolved that we, the members of the Junior class extend our heartfelt sympathies to our bereaved classmate and her family in this time of sorrow.

Be it further resolved, that a copy of this resolution be read in chapel, a copy printed in the Highland Echo, and a copy sent to the bereaved family.

Signed:

Lillian Robison,
Mary Louise Rodgers,
Edward G. Conrad,
Committee on Resolutions.

ALABAMA CLUB

The Alabama Club, after three long months of inactivity during vacation, again became active Tuesday, the fifth of October, with the election of its officers for the fall term.

Mr. Maynard Layman acted as temporary chairman, and the following officers were elected: President, Maynard Layman; Vice President, Lillian Robison; Secretary and Treasurer, John Wienand; Editor, Kenneth Jackson.

With such a large membership, the club sincerely hopes that it can constantly be of service to the school. Call on us! We are always willing and ready.

HI-TRAILERS

Some of you have heard that there was a club known as the ''Hi-Trailers'' on the Hill. There sure is, and this year it is going to be one of the ''livest and peppiest'' clubs on the Hill.

Last Tuesday night we held our first meeting of the year. With all members present, namely, ''Birdie'' Crawford, ''Lefty'' Harvey, ''Lamar'' Milling, ''Corky'' Crawford, "Red" Courtenay and ''Hoss'' Layman. The main object was the election of new officers. John Crawford takes the big wheel as president for this year, while Robert Harvey acts as vice president; George Crawford as secretary and treasurer; Maynard Layman as publicity director.

Membership in the Hi-Trail Club is like unto ''Editors''. Many are put up but few are chosen. From now on we will be seeking our full quota of membership, but the fact that few qualify keeps our membership limited and our capacity to function as we would like, to a low standard, at times.

GLORIA A CRITIC

Conductor Criticized For Poor Etiquette.

Well here I am again, writing and thinking, and thinking writing and realizing more and more that I ought not to be in Maryville College but ought to be in New York where I really could be appreciated to the real extent of my value.

But then to return to depressing facts, I guess all you readers will be expecing to hear about the athletics and the football and some of the other things in Coach Honaker's department, in this issue, but we writers are so tempermental and when I went to that grand entertainment, the Cossack chorus, Monday night at Voorhees Chapel, I knew that I was inspired to write about it from the first minute those men began their repertoire.

I am so glad that I can recognize real talent when I see it and glad that I am not like some girls and can't appreciate nothing else but cheap foolishness such as these suggestive modern moving pictures, but then I enjoy real music.

Why don't you know the volume of those men's voices was perfectly wonderful, there was so much of it too, and their tones were marvel ous-ly flawless. It takes a real critic to tell just how flawless they were and I certainly enjoyed myself.

But a true critic always mentions both the virtues and the faults of such affairs and I never was satisfied with just half doing things although I always did think that it puts a critic at quite a disadvantage to always be having to tell

Maryville Glee Singers Again Under Way

Many Men Trying For Place In Organization

TRIPS PLANNED

Professor S. Boyd Parker Capable Conductor.

The Maryville College Glee Singers met for the first time this year last Thursday night. Tryouts for the Singers were held, and out of the great number of men that tried for a much cherished place on the Club, twenty-six were chosen to compose the temporary organization which will later be cut down to eighteen men.

After careful selection the Executive Committee of the Singers and the Faculty Committee chose Professor S. Boyd Parker, of Knoxville, to direct the organization, and under his capable direction the Glee Singers should be even better than they have been in the past.

Professor Parker is director of the University of Tennesee Glee Club, and is not only an exceedingly capable director, but an engaging and energetic man. There were more men in Maryville who tried out for Glee Singers than tried our for the University Glee Club, according to Mr. Parker.

Besides beng a distinct honor to belong to Maryville's Glee Singers, it is a pleasure, as any old man will affirm. Trips to various towns all over East Tennessee, seeing the other schools, and visiting among the best people of the state, offer privileges that all enjoy.

This year W. B. Jones, Jr., manager of the Club, promises a trip of several days duration. Birmingham and Memphis are probable concert places and the usual trips to Johnson City, Athens, Cleveland and Harriman will be made.

The men composing the Singers rank from Seniors to Freshmen. Albert Cook and Charles Webb hold the distinction of being the only four year men. Albert Cook is president of the organization.

Rehearsals every Thursday night will put the Singers right for its most successful season and will insure the school and home patrons of a home concert in the Spring that will far surpass any that has yet been given.

ORIENTAL ROYALTY TO BE PRESENT MONDAY

The Mikado Himself To Visit Maryville College.

HAS MUSICAL BENT

He and His Companions Burst Into Melody Most Any Time.

The Seniors invite you to a bit of old Japan next Monday night. The Mikado himself has consented to take his honorable way to College Hill in order that we may view his honorable glories. The Lord High Executioner is coming with his sword and melodious voice; the Second Trombone is coming—but there is no hope for lonely ladies on the Hill, he will sing all of his songs to the delectable Yum Yum.

In fact the Seniors must be complimented upon bringing such an interesting number of Orientals to the Hill.

It should probably be explained lest some one be misled that the orientals are really only the Tooley Opera Company which is presenting ''The Mikado'', plus a little grease paint and the other ''fixin's'' It is a convincing combination.

The company guarantees that we will fall in love with the heroine, have heart failure when the hero comes to be executed, and wish them a merry honeymoon at the end. And, if we think it rather strange to hear in October of "the flowers that bloom in the spring" we'll all join in the chorus and sing ''Tra-la'', imagining it to be June.

The tickets will be on sale down town at Badgett-Costner's. The reserve tickets will be sold at $1.00, and the others at 75c.

Y. W.

The Y. W. C. A. will hold its installation services Sunday evening immeediately after the Vesper service. The new girls who have joined Y. W., and old girls also who are members, are urged to come. The candle-lit service is a beautiful, inspirational service, one that you will never forget. All the girls are requested to wear white. There will be special music. It is hoped that all the girls will enter nto the spirit of Y. W. and will help to make the work of Y. W. this year a great blessing to every girl on the Hill.

Due to the fact that the installation services will be held after Vespers there will be no Y. W. meeting in the afternoon.

Yale University is offering movies for the teaching of history in colleges.

HIGHLAND HORDES PREPARE TO INVADE SACRED VOL TERRITORY TOMORROW

Tusculum Game Shows Orange and Garnet Grid Artists Rounding Into Shape to Play Some Real Football.

POLISHING OFF

A Little Steam On The Side Lines And Something Is Due To Happen.

During the war the Scotch Highlanders were named, ''The ladies from Hell'', by their enemies. Last Saturday Tusculum realized the significance of such an epithet. Old Man Pessimism was in the stand as usual shouting his misgivings to the hearts of many onlookers, but like the butterfly, his life was a short one. Our boys simply swamped the old fellow and now, poor dumb brute, he is dead. Now all must bow and pay homage to the Spirit of Kin Takahashi. A few weeks ago hopes were frost bitten, but now they are throbbing with new life, and all loyal Marysvillians are on their toes, ready to ''beat U. T.''

Tusculum Game

The game started slow, each team testing its opponent. After a few downs, our ''kids'' decided they wanted to play in Tusculum's backyard, so away they went, driving, punting until the ball lay within five yards of the boundry line that separated them from the paradise of the gridiron, the land of sixes. Then, as usual, we lost the ball on a fumble. However, not as usual, we blocked Tusculum's kick and Max Hunt regained it for a touch down. From then on it was all easy stunt. By snappy line plunges and end-runs, our boys were again near the counting area. Shorty nabbed the elongated sphere and dashed for another score. In the last half Corky and John

(Continued on page four)

STUDENT COUNCIL FINALLY ORGANIZES

At the Student Council Meeting last Tuesday evening, the following officers were elected: Bob Jensen, president; Betty Jane Sharp, vice president; America Moore, secretary and treasurer; John Wienand, editor. Bob Harvey was appointed chairman of a committee to plan a fall mountain hike. Other business included plans for socials.

PEP MEETING WORTHY OF THE NAME

Yell Leaders Elected After Try Outs.

MORRIS STARS

Cook, Usner and Driscoll Cop Honors.

The student body assembled in the chapel last Friday night and held a pep meeting in preparation for the Tusculum game and also held the annual election of cheer leaders.

Albert Cook was in charge of the meeting and carried out his part in an experienced manner. After the old cheer leaders, namely Cook and Usner, had led the students in a few songs and cheers, the aspiring cheer leaders were brought forth to be presented to the critical student body. They went through the excruciating movements and contortions that show the ear-marks of a good cheer leader to demonstrate to the student body that they knew their stuff, when it came to giving the ''hip-hip-hoo-rah''.

Mr. ''Trigger'' Morris was called upon for a few remarks and responded wih a speech that filled the house with more pep than a freight car filled with T.N.T. Then to prove that he was not only a real public speaker, but a cheer leader as well, Mr. Morris led a roaring ''How-we-How''. Although he could not make both arms go through the same motions at the same time and once he was noticed to be slightly off key, Mr. Morris certainly shook the roof with his cheer.

Then Captain Cartwright, after much begging and beseeching, came forward with great reluctance and with blushes of pride covering his smiling face, and made a talk that was well taken by all present.

The election was held and after many whispers of ''what's his name?'' ''Naw, that guy is no good'', etc. the ballots were collected and counted and the result made known next morning. The last report from the polls states that Cook and Usner, three-year cheer leaders and Driscoll, freshman pepper box, were elected as cheer leaders, and Morris and Bowles as alternates.

'Y" Tennis Tournament Nears Finals

Would-be Stars Have Been Largely Eliminated.

Racquet wielders of Maryville start ''Y'' tournament with fifteen matches played on first day. Opening frames displayed many eye openers as the sidelines stood amazed at the form (and forms) shown by those who were playing their first tournament.

Every entry has fought with the determination that his name would finally be written in the champ box. Only one is entitled to the honor, so slowly and with utmost precaution the stars have been sifting themselves from the would-be ball smashers, until now the situation has become so tense that those who have forged to the third frame and are still qualified have insured their might arm against breakage and other possible disaster.

Getting down to the semi-final box we see the names of Swaim and Jones. According to the chart Swaim plays the winner of the Franklin-Sargis match. Jones plays winner of Coulter-Pope match.

All contestants have shown a keen desire to play off their matches, but as the finals are drawing nearer the pace has slackened considerably until now mat-

PLAY BALL

Tomorrow we take a sojourn to Knoxville to see our boys clash with the formidable Vols. It is the old story of the college against the big university. Very probably the game will end with a score in favor of U. T. We go up there knowing that our chance to come out on top is mighty slim. But what of that? Regardless of what the score may be, a team with the real Maryville spirit is never whipped. No matter what we might be up against, no one can stop us from doing our dead level best. That remains for us to decide.

Which requires the more courage, to go into battle with the odds all in your favor, or to enter the conflict in the face of almost certain defeat? Which is the better developer of the so-called internal fortitude, getting in and doing your level best against almost insurmountable obstacles, or taking on a cinch? Well, tomorrow we'll have a chance to have our courage developed and our spirit tried, because we are going up against a man-sized proposition.

There is little doubt as to what the team will do. Close association with Coaches Honaker and Thrower ought to make scrappers of anybody with any spirit at all, and our boys have that. We know they'll put out to the last ounce for Maryville. In an article in this issue the student body is accused of having no spirit. Are we going to take that? We always show up better at the U. T. game than at any other, and we're going to show up strong at Knoxville tomorrow. If the yell leaders would keep in a little stricter unison, it would help us get into the rooting in earnest.

It has been aptly said that, "The game is the thing, and he who thinks otherwise is a mucker, and not a true sportsman". Think that over. Do we believe that,—that the game is really the thing? If we do we're going up there and cheer our team to the last breath, win, lose or draw. And win, lose or draw, our friends the Vols are going to know they've been up against something besides shrinking violets when the final whistle blows. Maryville men have upset football dope before this, and dope is very likely to be upset when a whole college gets into the game and fights.

We're going up there to play football, and football we'll play.

Ht: "Don't you think sheep are the dumbest animals?"

She: "Yes, my lamb."

—MC—

It's most always
A feller's luck
To find the good
'Uns have been tuck.

—MC—

I saw a loving couple
By moonlight shadows screened!
I could not help but notice
How singular they seemed.

A few students have studied this week—The other ninety-nine per cent have had their minds on the coming foot ball game.

—MC—

Some songs are almost pathetic enough to move a piano—and some are quite pathetic enough to move the audience out of earshot.

—MC—

In olden times girls never thought of doing the things modern girls do. No doubt that's the reason they didn't.

—MC—

Here's to our bills—and may we some day meet 'em.

—MC—

We think a "Drink-More-Coffee Week" would be the very thing, but we register objections to drinking more weak coffee.

—MC—

If you want to remember things, tie a string around your finger. If you want to forget things tie a rope around your neck.

—MC—

Clarence Ware says there sure are a lot of girls here that don't want dates. He knows because he asked them.

—MC—

Our idea of a stingy man is the one who tried to send a night letter during an eclipse!

—MC—

Some girls care not so much for a bracing climate as for an embracing one.

—MC—

Do you know that Harry Miller is most adept at the art of playing a one stringed instrument? Yes, he pulls the bell rope in Anderson.

—MC—

Mrs. Snodgrass: "You can't see Opal; she's troubled with bronchitis."

Charlie: "Wait till I get my hands on that Italian."

—MC—

In one of the "Torrid Rovers", served last Saturday at Pearsons, a splinter was found. It's bad enough to eat the "dog" but isn't it time to voice a protest when they go to serving the kennel.

—MC—

"Tommie" Gann while on the football trip up in Kentucky wrote back to one of his girls:

"Since I have been away I have seen many strange sights and hope to see you on Monday."

—MC—

Henry W.: So you were a school teacher last year Mann, how much scripture did you read?

Mann: Oh! 20 to 25 verses.

H. W.: Was that allowed?

Menn: Sure, did you think I'd read it silent?

—MC—

Laugh and grow fat. Yes, and get laughed at.

—MC—

It's very important when you are "stepping out" to watch your step.

—MC—

Fresh: "But I don't think I deserve an absolute zero".

Prof: "Neither do I, but it is the lowest mark that I am allowed to give."

—MC—

She (to man in booth): Look here, you've been in there thirty minutes and haven't said a word.

Man: I've been talking to Lora Bundy.

—MC—

Many a singer has been wrecked on the high seas.

—MC—

Even a quiet girl may like a tennis racket.

—MC—

A grammatical error would throw Smith into a frenzied mania.

When he was 9 years old his grandmother said "ain't" and he pursued her around the block with a hatchet.

"It was me", his mother uttered one day.

Smith promptly grabbed a horse-whip and lashed his parent until she collapsed.

"I wish I was dead", his sweet heart shrieked, when he discarded her.

With an ironing board close by he gratified her wish.

PAPERS OF QUALITY ON ECHO EXCHANGE LIST

(Continued from page one)

liam and Mary have returned from a European trip. The Serenaders luckily arranged a contract with the Cunard line to play for them on the way over and back. A month before sailing they secured an engagement in Zurich, Switzerland. They report a very enjoyable tour.—The Flat Hat.

Here and there changes in teaching methods are beginning. This semester a few schools have adopted the honors course. Princeton has begun her three-course study plan; Massachusetts Agricultural College permits unlimited cuts to high grade students; yielding to a determined student sentiment the College of the City of New York has made military training optional. What will be the results of these innovations, one, two, or three years from today?

Lexington, Ky., Oct. 8—The Board of Trustees of the University of Kentucky, in session this afternoon at the university, authorized the establishment of a curriculum, which will allow the university to grant doctors' degrees. The university here will be the only institution in the state and one of the few universities in the entire South to grant these advanced degrees with the exception of honorary, medical and dental degrees.

Do not inhale. It is injurious to scholarship. That is the conclusion Dr. J. Rosslyn Orp of Antioch College arrives at in his book, The Student Who Smokes, based on a statistical study of the problem. These general conclusions are drawn from his study:

"The smoker smokes because it is a social habit. He has low scholarship because he is sociable. Scholarship demands the exercise of attention which cuts off the individual from his fellows. This solitude of mind is incompatible with the gregarious instinct.

"The habit of smoking devitalizes ambition.

"That some poison or poisons in the smoke acting upon the central nervous system produces a deterioration of nervous tissue leading directly to a lower mental output."

Much has happened at the College of William and Mary during 233 years of its history, but at no one time in its long and eventful existence has there been construction underway on the campus estimated at more than one million dollars, as there is now.

When the second semester term of the university begins in February, the University of Kentucky will possess the most complete and up-to-date blacksmith shop connected with any technical college in America, according to a statement made by F. Paul Anderson dean of the College of Engineering.

(Continued from page one)

the truth but even so I will mention a few minor faults of the chorus.

I thought the leader was a little ekcentric and terribly ill at ease he seemed to be in a mortal terror all during the rendition, for fear that some of the men were going to forget, or hit the wrong note or make some other little misake that would hardly be noticed. I just thought that I would like to tell him that most of those young empty brains that were present couldn't tell the difference whether it was Tannhouser or Iving Birlin that they were singing from.

And what difference would it make if they did make a mistake, for they were singing in their native Pheasant tongue.

They looked positively exetic in their tailoreed uniforms, which were supposed to be very military but which I secretly considered quite effeminate. The leader made a mistake in bowing so often and jumping behind the men after each song, though, for he made the impression that the men couldn't remember from one song to another what they were going to sing and that he was jumping behind them to tell them what came next. Seems to me that if that really was the trouble that they could have given them programs. But no when I come to think about it that would have been impossible for the programs were printed in English and the men couldn't speak anything else but Pheasant language.

I really couldn't keep from being amused at two of the men who really resembled imitations of Bull Montana and Charlie Chaplin but of course that didn't keep me from enjoying the musical in the least. Oh yes, I forgot to mention that I thought it was a good thing that the songs were sung in the Pheasant language for they seemed quite foolish to me, the ones that were printed on the programs I mean, and I really would have enjoyed it more if there had been more blondes on the stage. However, I consider it a successful program, it made quite a hit with me.

OLD KENTUCK'

The first meeting of the Kentucky Club was held Tuesday, October 12th. This meeting was held merely for organization, but we are looking forward to a happy and successful year in Maryville, and each one is ready to aid and boost our school. The officers elected were: President, Florian Hopkins; Vice President, Mary Swain; Secretary and Treasurer, Mildred Renegar; Editor, Alice Rhea.

Look out for the 22 representatives of the Blue Grass State.

William and Mary College—The Modern Language Department has on its staff two new men this year. The increasing number of students who are studying French, Spanish and German has made the enlargement of the department necessary.

HIGHLAND HORDES PREPARE TO INVADE U. T.

(Continued from page one)

Crawford looked good on line plunges. John made two touch downs, but only received credit for one. Corky did better, making his count as he made them.

''Something Else Again''

Our boys looked good against Tusculum. Why shouldn't they? We were supposed to beat Tusculum and scceeded in doing so. Our line showed much improvement in blocking and drive, and yet they will have to go some to handle U. T.'s husky forwards. Also our backfield will have to learn a heap about ''drive'' to make any showing against our ''annual'' enemy. Polishing and finishing is what Coaches Honaker and Thrower will work on this week, and we hope they succeed in smoothing off a few of the rough places. Team stay in there and fight. Students, show some life.

How About This?

Maryville is dead this year in spirit. Nothing is accomplished without enthusiasm, so please get some. You yelled a little Saturday, but you will have to do better at U. T. They believe in pep over there. When you see your team playing next Saturday, shout, yell, sing, cheer, whistle, scream, anything to show U. T. you truly believe in your team. Cheering is to a team, what steam is to a loco motive. So please do your best and keep a full ''head'' of pep on.

Last Saturday U. T. beat L. S. U. 13-7. Writers says U T. has a championship team, which means work for our boys. Everybody play the game, and let us make the Volunteers look like galley slaves.

"Y" Tennis Tournament Nears Finals

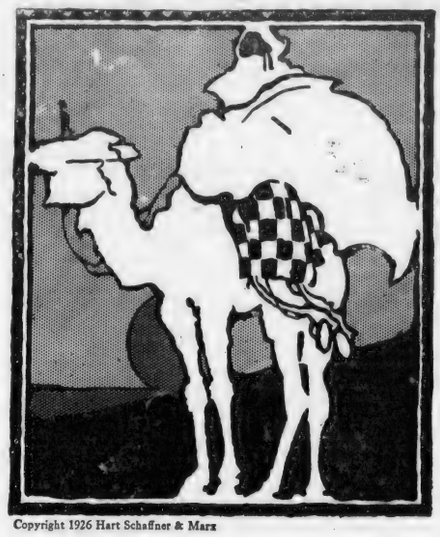
(Continued from page one)

ters are at a stand still with all of us living in hopes of seeing someone crowned champ of the Y. M. Tennis Tournament. Snap out of it boys, let's see who's who, and may the best man win.

Y. M.

Next Sunday the Y Meeting promises to be one of the most interesting ones of the year. The subject is ''Preparedness from the Christian Standpoint.''

Judge Pat Quinn is going to be in charge of the meeting. He will speak for fifteen or twenty minutes and then will turn the meeting into a discussion group. Judge Quinn is a Maryville man and at present is at the head of the National Guard of Maryville.



Take a tip from us and don't miss this meeting. Come prepared to take part in the discussion.

BUCKEYES

About twenty-four loyal Buckeye Boosters met October 5th and selected a crew for the good ship Ohio. It was decided that Walter Burris was the best man to pilot her on her '26-'27 voyage. In case Mr. Burris should be ashore at any time Mary Elizabeth Woodward will take the helm. The logbook and financial status will be taken care of by Anna Margaret Linke. The publicity will be in the hands of Edward C. DeHaven. A committee was appointed to make arrangements for a party which will inaugurate this year's voyage.

FLORIDA CLUB

The Florida Club gave its fall party in the form of a weiner roast Monday afternoon. The members and their guests went to college woods, with Mr. Griffitts acting as chaperon. The eats were evidently much enjoyed, judging by the rapidity with which they disappeared. From all reports, a good time was had by all. Three cheers for Florida.

ANOTHER EVENING OF REAL PLEASURE AHEAD

Musical And Instructive Program To Be Given Oct. 29

THE BIRD MAN

Mr. Chas. Crawford Gorst Deceives Birds Themsellves

The second lyceum number of the season will keep up the standard of excellence set by the Russian Cossack Chorus. Charles Crawford Gorst, the eminent naturalist and bird-song imitator will appear here on Friday, October 29, at Voorhees Chapel. Mr. Gorst is recognized as one of the leading naturalists of the country by John Burroughs. He is a recognized authority on birds and bird music, and for more than sixteen years has been delighting audiences in every state in the Union, and nearly every Canadian province, with his remarkable lectures and imitations of bird calls.

Mr. Gorst's imitations are so perfect that they have repeatedly fooled the birds in authentic tests before critical audiences. He has cried like a baby Song Sparrow for food, and the mother brought him a green worm; he has mocked the Mocking Bird and brought upon him an undeserved beating from another; he has out-trilled a female toad's adored, and brought her out of the water to him.

The method by which Mr. Gorst performs these miracles was never exactly learned, nor can he explain it to others. It is neither singing nor whistling, but a bird-like note produced in twenty tone variations by diaphragm, larnyx, soft-palate, tongue, teeth and lips. He outdoes the piano's highest notes and in imitating the song of the Humming Bird his notes range two octaves above the highest notes of piano or violin.

In his lecture Mr. Gorst uses his own large paintings, showing the various birds whose songs he imitates. It is only by careful listening in our college woods that the students can find the equal of Mr. Gorst's songs. Not everyone can find the time to hear all the birds there, but everyone has the privilege of hearing this most interesting program in Voorhees Chapel.

Scrubs Showing Signs Of Ambition

Record Thus Far Free From Stain of Defeat.

BULL DOGS

Hot Time Ahead If They Maintain Reputation.

Yes sir, we have a scrub foot ball team more commonly known as the Bulldogs, and sure nuf they are a fighting, ever agressive bunch of ball hounds. The Varsity is the bane of their existence and many a growl can be heard as that scrub line holds or charges as they scrimmage against the Varsity. One of two things occurs out there as scrimmage takes place,—either the Varsity is running through the Scrubs, or the Scrubs are inspired and are tearing the Varsity up and down, and a spectator can usually tell which is the case by listening to sympathetic and encouraging phrases of the coaches.

The Bulldogs got tired of their stamping grounds last Friday and decided to shift to Walland for a

(Continued on page three)

Literary Tastes Claim Miss Gutterford

Gloria Geraldine Gets Culture

Well it seems to me that we deep interesting people who are always keeping our minds on nothing else but culture, of all forms, certainly don't ''get across'' with the shallow herd, as the old proberbs say. I found that out pretty soon after I came to college here at Maryville College, for when I'd get out with these foolish college girls and begin quoting some of those wonderful authors and poets like Lewis Sinclair or Temple Bailey, or Edgar A. Guest or that famous Indian writer, Kipling or some of the other good writers whose books are in my repertoire, they would just laugh and say don't get funny or act so silly about what I'd say that I just gave them up for inkorrigible and quit trying to be anything but full of unrefinement like they, when I'm with them.

I have just begun that quaint, little love story ''Romola'' by the Italian man, George Elliot. I have only read a very little of it so far, but I'm afraid that it is going to prove quainter than interesting, but then, light fiction has never

(Continued on page four)

1926-27 Chilhowean Surpasses Predecessors

Staff For This Year Has Ambitious Plans Laid.

NOVEL IDEAS

Many Attractive Features Planned.

The staff of the 1927 Chilhowean has been selected and all the members are starting work on their respective duties. The theme and general outline of the book has been decided upon and now the staff is concerned with the carrying out of the details of the plan.

If the plans of the Staff can be carried out this year's annual should be Maryville's biggest and best. Several of the members of the Staff have had previous experience on annual work and are well fitted for their tasks.

Several attractive features have been planned, one of which is the Beauty Section. Six of the most beautiful members of the fair sex will be chosen from the student body at large by popular vote. The pictures of the winners will then be sent to a judge who will impartially and expertly select the most beautiful of the six. For the judge of this contest, the staff has secured the services of Mr. R. B. Fuller, nationally known cartoonist and creator of pictures of pretty women, who is at present one of the heads of the Art Department of the well known comic magazine, Judge. Mr. Fuller states that he expects to be the recipient of many co-ed letters as soon as the contest starts but assures the staff that they will in no wise affect the choice of the most beautiful girl. This contest will be held early in November.

Other features that will add variety and attractiveness to the book are a specially made opening section with the mountains of East Tennessee as a theme, a view section printed in a blue and green color, a special senior section that gives an original and local touch to the book, and an athletic section with lots of action.

(Continued on page four)

TEAM PLAYED REAL GAME SATURDAY AGAINST U. T.

Boys Make Heavier and More Experienced Team Look Pretty Small.

FIGHTERS, EVERY ONE

Future Opponents May Well Quake in Boots.

Long thought of and never forgotten will be that memorable game of last Saturday, when our Highlanders out-fought and out-played the highly touted Vols, and held them to a score so close that they haven't smiled over in Knoxville yet. Abundant and great has been the praise which has been bestowed on those fellows who so willingly gave their best and fought U. T. to a standstill, who showed impregnable defense, and who gained for M. C. the greatest moral victory she has ever achieved.

Paralyzed? That would be a very mild expression for the feeling which held U. T. and half of Knoxville in its grasp as they looked upon their ''All Southern'' team held scoreless for three long quarters, and then by using every available man (They were all available) just manage to push the ball over by inches. Coach Neyland of Tennessee is said to be very calm, and never leaves his seat on the bench, but from his action Saturday on the side-lines one would have thought Nick Alfrock was present in person.

We can say but a word for each man and the first is that every man on the team played straight, clean football. There is Capt. Cartwright who led his team against U. T. with fight in each one's heart, and Gobo set the example by keeping that fight all through. It was Gobo's last U. T. game and nobly did he acquit himself. On the other end was a new man, named Hunt, and he too was in every play spilling interference and tackling his man for a loss.

As for the tackles, Young, Harvey, and Brock, what can we say that will half account for the way they worked, charging low and hard and scattering the Vols interference before it could get started. And then, the guards! It has been said that Tennessee has a probable All Southern guard, but our boys made him look sick Saturday. They were through that line and caught many plays at their inception. Oh yes,

Yodelling To Replace Battle Cry As Maryvillians Journey Up Into Smoky Mountains Monday.

MANY SHOT

The casualty list is mounting fast, as the seniors are being lured before the firing squad at Webb's Studio. No fatalities have been reported as yet.

However, the Chilhowean editor is not yet satisfied with the rate at which the seniors are being despatched, and urges that all seniors make it a point to get down and get shot just as soon as possible.

Please cooperate in this, and help us get this section done in time to get the trade discount. We need the money to make this Chilhowean the best thus far.

Musical Organizations Get Welcome Addition

Once More Maryville Has A College Band

MUCH NEEDED

Lack Has Been Keenly Felt on College Hill.

At last it seems that Maryville is to have a College Band that will measure up to the standards of other student organizations. Those who were at the U. T. Game Saturday could not help but be a little jealous of the University Band as they strutted around the field, blazing forth in all their brass. There is a feeling of pride and general rejoicing that we are now to have a similar organization.

Chilhoweans of former years contain pictures of Maryville Bands, but none of them look as promising as the group which made its initial appearance at the Pep meeting last Friday evening. This group of musicians has already established itself upon College Hill; for the music they rendered last Friday evening was creditable, to say the least, for an embryonic band, and the students showed their appreciation of its work.

Mr. Harry Bird, a local musician has been secured to direct the band, which is having regular weekly rehearsals. There is no reason why Maryville should not have as good a band as the one we heard last Saturday. If you can play any kind of a wind instrument join the Band! You don't know how many Football and Basketball games that Band may be instrumental in winning before the year is over.

COLLEGE PLAYERS

The College Players have begun work on their fall play to be presented on November 29. This year they are giving a three act play by Lewis Beach, ''The Goose Hangs High''. It is an interesting drama of modern life, and from our knowledge of the fine work of the past record of the players we are expecting great things from them again this year. Remember the date, November 29th. and don't miss one of the biggest events of the year.

PAST HIKES RECALLED

Calderwood Has Been Scene Of Several Enjoyable Outings

Well, at last it's here! All fears and doubts can be put away because we're going to have a mountain hike.

There has been some talk circulating on the campus to the effect that there would be no hike held this year as in previous years, but these reports were proved erroneous when the president of the Student Council announced in Chapel Wednesday morning that all plans had been made for the semi-annual mountain hike.

Calderwood will be the scene of this hike and in selecting this as their destination, the student body made a wise choice. It is located in the Great Smoky Mounains and is unsurpassed in beauty and mountainous scenery. It is a little more than an hour's ride from Maryville, being near the Tennessee and North Carolina state line.

The students who have been fortunate enough to have made this trip before know what a real treat is in store, and those who have not been so fortunate, but now have the opportunity, can only await the time with great expectation as the beauty of the scenery can not be fully described to them.

There are many points of interest that can be visited around Calderwood. Some require real climbing, where the mountain is so steep that the natives look up the chimney to see the sun rise, while others only require some lengthy walking.

The train will leave Maryville at 7:00 Monday morning and all tickets must be bought beforehand so that the officials can be assured of the required number of passengers. The time the train will leave Calderwood on the return trip will be announced later, and it might be a good idea to keep this appointed time in mind, profiting by other people's experiences.

One freshman seemed to be worrying about where the food would come from and he was advised to take a girl. Trigger Morris and Percy Rosa then wanted to know what to do if you didn't have a girl. They have our sympathy.

There has been much criticism and comment on the attitude towards chaperons in past years, and all this criticism is not unfounded. Everyone should show the respect that is due an elder and thereby make the entire affair a decided success, unmarred by any unpleasantness.

Y. M.

Last Sunday some eighty or ninety men met in the Y. M. auditorium with Capt. Pat Quinn and discussed the question of ''Preparedness''. Capt. Quinn spoke for a few minutes and then threw the meeting open for discussion. There were some fellows who believed in Preparedness as a means of preventing war, while some other believed in the old saying ''Prepare for war and you get war.''

Next Sunday the discussion will on the same question but instead of a military man leading the discussion, it will be led by a minister. Dr. Crothers will speak

SPEAKING OF SIZE

A speaker out west once emphasized what he termed the ''bulk-obsession'' of America, saying that to be considered worth anything in this land of ours, a thing had to be big. Manufacturing concerns are interested, not in putting out high quality products, but in boosting the quantity production to staggering figures; the greatness of a city is computed, not on the character of its inhabitants, but on numbers alone; a church is proud of the size of its Sunday School and congregation, while the spiritual side is often neglected.

This spirit carries over into educational institutions, and too many of our colleges and universities are rated upon the numbers enrolled, rather than upon the morale of the institution, or the calibre of the faculty. On this ground our rivals at U. T. are prone to look upon us disdainfully, because we are members of an institution considerably smaller (in numbers) than their own. This is a perfectly natural attitude, particularly in America, but it came uncomfortably close to bringing about their downfall last Saturday. They won't soon forget that mere size is no guarantee against a drubbing at the hands of a fighting crowd such as Maryville had representing her at Knoxville.

It is a familar proverb that ''Good things come in small packages'', and though our college is not among the largest in the land, she has a morale and a spirit that is with few rivals. Here's to Old Maryville, the home of the ''Fighting Highlanders'', may we prove ourselves worthy of the title ''Maryvillian'' during our stay on College Hill.

FROSH

Did you notice the decorations on our special train Saturday? They were the work of our Freshman class. Although it has been organized only three weeks, this class has been very active. At a recent class meeting Bobby Lynch and Ed Sprouse were elected cheerleaders, and various plans for future activities were proposed.

The Freshman foot ball team shows up well in its work-outs. With several ex-high school stars in its line-up this team will be a leading contender for the inter-class championship this year.

RESOLUTIONS

Whereas, God in his infinite wisdom and mercy has taken unto Himself the sister of our beloved classmate, Mildred Taylor,

Be it resolveed that we, the Sophomore Class, extend our deepest sympathy to the bereaved family. Be it further resolved that a copy of these resolutions be read in chapel, a copy be published in the Highland Echo and a copy be sent to the bereaved family.

The Sophomore Committee.

Buy all your music from Clark & Jones, Knoxville.

HIGHLAND FLINGS

—MC—

Things smaller than the atom are the electron and the Maryvillian that didn't get a fist full of thrills out of the game last Saturday.

—MC—

We gladly tender the crown for dumbness to the Freshman who thinks that cheer leaders at foot ball games are to entertain the near sighted.

—MC—

An egoist is one who loses faith in a dictionary that doesn't agree with his spelling.

—MC—

God made women beautiful and foolish—beautiful that men might love them, and foolish that they might love men.

—MC—

Phoebe: ''I paid my fourth visit to the beauty shop today.''

Jane: ''Strange you can't seem to get waited on, dear''.

—MC—

Sunday morning at eight o'clock probably comes nearest to an appropriate time to break a shoe string.

—MC—

It must be awful to have a speedster complex and a truck chassis.

—MC—

Mabel: (at the party) ''Did you hear what your friend Mary said about you?''

Jean: ''No, I was in the other group talking about her.''

—MC—

Stearns: ''Is this picture a true image of your girl?''

Shaw: ''No, she isn't anything near as good looking as the picture shows her to be.''

And Diognes, hearing this, blew out his lamp and went home.

—MC—

A ripple of laughter is worth an ocean of tears.

—MC—

''What would a nation be without women''

''Stagnation.''

—MC—

A little bird upon a limb,
Should not be thought as shocking;
Unless that little bird should be,
Embroidered on a stocking.

—MC—

A patron inquired of "Cooky" if his tickets to the ''Mikado'' were far down front: ''Any farther'', was the bored reply, ''And you would be in the cast.''

—MC—

We wouldn't mind how often our neighbors fed their victrolas, here in the hall, if they'd only change the diet once in awhile.

—MC—

Stone: ''Say, this coffee looks like mud!''

Waiter: ''It has a right to—it was ground this morning.''

—MC—

All the world may be a stage but few are actors. Yes, we went to the ''Mikado'' .

—MC—

'My girl weighs in the neighborhood of 200 pounds''.

''If she'd walk about ten miles a day she'd soon get out of that neighborhood.''

—MC—

I longed to find
A simple girl—
And found her
It is true—
But she wasn't
Only simple,
She was
Simple minded,
Too!

—MC—

WHY WE LOST THE GAME

1. That bright orange color hurt our players' eyes.
2. The ball was inflated too tightly.
3. It was farther to our goal than to the opponent's.
4. The referee thought the opposing Quarterback had the most harmonious voice, therefore he was partial.
5. We cheered so loud the team couldn't hear the signals.
6. Our best players remained at home to study.

Alpha Sigma

The case of Mastin N. Crawford will be held in Alpha Sigma Hall next Saturday night. Miss Sara Jane Mastin is bringing suit against Mr. Wm. Crawford for $10,000 heart balm. The state attorneys say that they have envidence that will destroy any alibi that the defense can offer. It is rumored that Mr. Crawford is going about the campus with a long face wondering where the money is coming from. This trial bids fair to be one of the biggest programs that Alpha Sigma presents this year.

Personnel of Trial

Attorneys for State: Mr. Usner and Mr. Osborne; Attorneys for Defense: Mr. Rosa and Mr. Layman; Judge Robert Jensen holds this term of court. Sheriff Shawn will see that no disorder occurs during this session of court.

Who gets the $10,000?

Athenian

Girls! A word that makes the hearts of real men slap ribs crank-sided. Athenian is a Society of boys, but believe me our members have not missed the greatest thing in life, ''moonshining''. We know ''Wimmen'', and Saturday night we will tell you all about them. Snappy singing by a real femmine trio. A debate on the dress problem, in which all boys are interested. All this is yours. Come to Athenian.

Henry Welbon, Editor

Theta Epsilon

The old Theta girls are going to entertain the new girls Saturday night with a varied proram of readings, music, and other numbers that must not be mentioned here. Just wait and see!

New Theta girls start right and be present at the first meeting. We want you to know what we are like. Come out and let's get acquainted. We sincerely hope that you will not be disappointed in the society of your choice. We are going to do our best to make you happy.

You girls who have not decided yet are very welcome to visit us. We are always glad to have visitors in Theta.

Mary Eleanor Welbon, Editor

Bainonian

All new girls who have chosen Bainonian as their society are especially requested to be present Saturday night in order to take the oath of membership.

A splendid and varied program has been arranged for the evening. A great surprise awaits you.

New members, we welcome you into our society and we hope Bainonian will come to mean more and more to you throughout your college career.

SCRUBS SHOWING SIGNS OF AMBITION

(Continued from page one)

tussle on the ''ole corn field''. It was a rather slow game, full of fumbles and lack of coordination but the ''Bull Pups'' returned with the bacon, beating Walland 12-0.

This is the start of the third season and the ''Pups'' claim the record of never having had their goal line crossed. This record is in danger when you consider the next two foes, Hiawassee College at Madisonville and the U. T. Rats at Knoxville. Our Baby Highlanders under the guidance of Coach Bob will have their hands full to maintain their record.

Now gang the Varsity needs your support in cheering them on, and also they need the scrubs to make them fight; so too, the scrubs need your support. Let's back those ''Baby Throwerites''. On to Hiawassee.

TEAM PLAYED REAL GAME SATURDAY AGAINST U. T.

(Continued from page one)

these two fellows are Big Jim Holland and Little Maynard Dunn. Jim played his last U. T. game and he says, ''Oh, if I only had another one''. Last in the line but not least is our Mighty John at center, here too playing opposite another probable ''All Southern''. Our John played rings around him and if he is all Southern calibre then John your place on the All American team is cinched.

The line was first rate, and the backfield was in there backing it up, working, tackling, blocking, and fighting every second until the ball was dead. Shorty McCall at quarter ran the team excellently, and in his punting and passing he was there to the letter. Ole Byrd backing up that line was like a prophet in his foresight of the plays, and when they did come through he hit 'em. ''Coker'' Clemens was fighting every movement and when called on to carry the ball, went at it with a will. Then those iittle Crawford boys, John and George, were being heard from regularly, and John, who also played his last U. T. game, did his share in that stonewall defense. And so we cannot give praise to those boys more than they deserve.

The foot ball season is now half over, but the five remaining games are all hard ones. This Saturday we face L. M. U. at Middlesboro, and these students who have ever seen a M. C. vs. L. M. U. game can tell you that L.M.U. would rather beat Maryville than win all the other games on her schedule. With this spirit in the team and student body any team is dangerous and so let's get behind our boys and send them off with the determination to win for old M. C.

Keep up the good work boys, we are with you to the man.

Y. W.

The Y. W. C. A. meeting will be held in the Y. W. auditorium, Thaw Hall, Sunday afternoon at 1:15. Every girl is invited. The subject for consideration will be ''Living Jesus' Law of Love in the Home''.

Sophomores at North Carolina State paint numerals on the walls and ''request'' the ''Rats'' to scrub them out with bricks.

LITERARY TASTES CLAIM MISS GUTTERFORD

(Continued from page one)

held any lure, to speak of, for me. Just to show you how dumb some of these girls are though I said something about thinking that it was a shame the way they treated that Menken fellow from Philadelphia or Baltimore, I've forgotten which, anyway he puts out the ''American Mercury'' magazine, about barring one of his publications from the American mail last April on account of a story about nothing else but Hatracks. That just goes to show how foolish and narrow minded people can be right here in the U. S. A., but as I started to say, the girl I mentioned it to said that she hadn't read Menken's artikle but that she had read one similar to it named ''Coatracks'' in the ''College Humour''. Imagine it, some people don't seem to know good literature from bad literature any more than the Israelites back in the New Testament knew the true Messiah from the golden calf.

But going back to the preceding subject on hand, I am very fond of Menken's little periodical and all this stir they got up about it last April was a shame I thought. Why I'm writing down the very truth when I say that it is one of the nicest, cleanest magazines I ever read, you don't find any of these disgraceful nudish pictures in it like you do in some of them, I'll tell you right now.

But you see these girls think of nothing else but such simple foolishness as moonshining with a boy or what they will wear tomorrow or things of that kind. It really is wearing on me, not knowing anyone cultural like I. Sometimes I'm afraid that I'll really get simple like they and I am becoming quite worried about it. So that I am going to avoid such a catastrofe as that would be by culturizing myself from reading.

I am taking the ''Mentor'' magazine which is absolutely full of notihng else but culture. Why one can get culture by simply looking at the pictures in it and not even reading it at all. I know some months when I am especially busy, I often just get culture from it in that way. I am especially anxious to learn about travel as my uncle, who owns the Gutterford Hog Growing Works, is going to take me on a ocean tour. And we are going to go to all those famous places on the continent, such as Paris, England, France, London, Mandalay, Hongkong. Oh! what a thrill I will get from visiting all those places which through my literary perusals I am so familiar with. Oh! I forgot to mention that we are also going to Sweden, which is famous for being thickly populated with tall blonde men, and I like blondes.

VOL. 12 MARYVILLE, TENN. FRI., NOV. 5, 1926 NO. EIGHT

Co-eds Decide To Play Football On Their Own Hook

Girls Intend To Give Men A Little Competition At Their Own Game.

SOCCER, SISTER!

New Sport Winning Many Enthusiasts

Students, Faculty and friends, hear the wisdom of one who now speaks words of great moment.

The Co-ed again comes to the the fore-ground. No longer is she to follow the course of non-importance. No longer will she serve in the sole capacity of campus ornamentation. With quiet and firm determination she is resolutely establishing a record to be recognized and envied by the male members of the student body.

The Co-ed pays great honor to the men who have brought victory to the school in athletic contests. But the Co-ed, too, seeks to have a part in athletic activity. She has long ago rejected the idea that sports are for the men only, and this year has made great progress in athletic achievements.

The Maryville Co-ed has introduced the game of Soccer to Maryville campus. Our Highland Lassies have long ago proved their metal in basketball, but the benefit derived from this single sport is limited. Soccer, however, is a sport that reaches every girl taking Physical Training, and also any others who are interested. It is a game for cold weather, to be played out of doors. It tests the endurance, and necessitates speed and skill. It is no easy game, but is a capital game for girls, and will put them in fine condition for basket ball.

Miss Norton has divided her five gym classes into two teams each, and the girls have been practicing up for a tournamentt, the finals of

(Continued on page four)

Seniors Get Long End Of Intramural Fracas

Mind Again Triumphs Over Matter As Sophs Yield To Doughty Intelectuals.

Did you see that game in which our Seniors walked over those Sophs? t was a ''fight'' from the whistle and no one could tell which way the tide was going till Johnson the Senior star end blocked a punt and Blackburn picked it up and ran 20 yards for the sole score of the game.

That Johnson to Johnson threat was in there and they were the individual stars for the Seniors, but John Lucy with his end runs, Shanks with his holding, and Cook with his work at center deserve the praise which they so justly earned .While for the Sophs, McCuloch, Caldwell, Mount and Courtenay shared in the scrap.

One of the outstanding features was the punting of Johnson, the Senior back, who got off his punts seemingly through the arms of about three of his opponents.

Next Monday the Juniors have their annual clash and the winner then meets the Seniors on the following Monday for the championship. The present Senior class has retained this title throughout its four years of college. More power to them.

Student Council Active Though of Recent Origin

Constructive and Disciplinary Work Done by Organization In Brief Existence.

Operator, give me Maryville College 1926. Yes, thank you. Hello, Maryville College? Let me talk with someone who knows all about the Student Council. Thank you. Dr. Wilson? Why, Doctor, I want to know all about the Student Council. You say I'll have to call 1923 for the beginning of it Thank you very much.

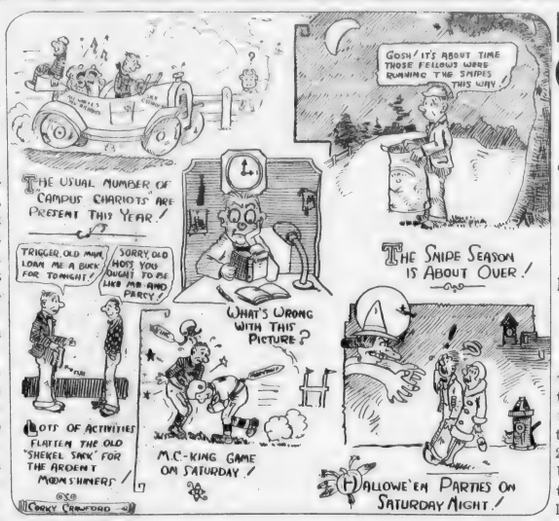
Call Maryville College 1923. Yes, please. Hello; I understand that the first Student Council members are here; may I speak with the president. Thank you. Hello, Mr. President, I'm seeking information about the Student Council; will you tell me of its beginning. You say the first meeting was in Bainonian Hall on April 3, 1923. Uh, huh. Well, what was the purpose of organizing a student council? You say it is the medium between the students and the faculty. I see; and representatives from each of the classes are chosen. Yes; well, how are the representatives to express the sentiment of the student body?

(Continued on page four)

GHOSTS AND GOBLINS RELEGATED TO PAST

Hallowe'en Reveiries Laid To Rest For Another Year.

The ghosts have departed to other happy hunting grounds, the jack-o-lanterns have gone out, the last pumpkin pie has been eaten, and sentimental students are entering in their memory-books the various souvenirs of their conquests or defeats. Gone are the days when we sat by the fire, terror-stricken and listening for the ghosts to howl or the days when we paraded the streets on this night of all nights and delighted our souls with forbidden pranks. Now Hallowe'en is time to put on our best ''bib and tucker'' and take our best girl to a party in town.



The Sophomores presented a brilliant assemblage of bravery and beauty at the home of Miss Iva Drinnen. It was cleverly implied that some were batty, some catty, and some ghoulish, and some bewitching by dividing the guests into groups appropriately named the bats, cats, ghosts, and witches. A few lucky ones learned the delectable taste of black marshmallows, while others were thrilled by eating ice cream with spoons tied comfortably close.

The Juniors gathered at the home of Professor Wilson McTeer. It could not be accurately called a junior party for members of each class were present, but their presence was the fault of individuals and must not be laid to the class as a whole. The guests were divided into the blondes, reds, browns an blacks, and scores kept to determine the winners of various contests.

In the end the blondes won over their darker brethren, again proving to their own satisfaction that not only gentlemen and ladies, but even the junior class prefers blondes.

The ''Backwards Party'' given by the Freshmen, and attended by over two hundred students, was an unusually successful affair. The gymnasium with its Hallowe'en decorations, and the couples with

(Continued on page three)

HIKE DISCLOSES WONDERS TO AWE STRUCK GLORIA

Mountains Magnificent, But Swedish Alps A Little In Lead.

Well, I went on quite a trip Monday before last and it was the most refreshing and stimulating trip I have been on since I climbed Pikes Peak which is quite a little peak in its way which is out west in Texas.

The pictureskness of the various colored mountain foliage was almost uneek. Why I and Gaylord, who is my best boy friend right now and who is another blonde besides the editor of this paper, were just thrilled until we were almost speechless, at least Gaylord was, over the grandness of it all.

I think that we college girls have a greater capacity for enjoyment of such things than most people anyway on account of the fact that we college girls get to see such a little bit of that kind of thing as some of us very seldom get off of the campus and the others do not get any farther than downtown which is on Main Street in Maryville.

We went to Calderwood which is quite a quaint little mountain village up in the mountains. But it didn't hold any especial lure to

Compelling Speaker Challenges Students

Dr. Downs Presents Call To Christian Work.

One of the most beautiful things about college life at Maryville is the fact that we so often come in touch with the great achievements of Christianity in this land and others. This contact is brought about through men and women who come to us from many lands, and from many types of Christian work in our own land. Recenty, the college has been unusually fortunate in having the opportunity to hear Dr. Francis Shunk Downs, Assistant Secretary of the Board of Foreign Missions in the Presbyterian Church U. S. A.

Dr. Downs' message was a challenge to students to consider the Foreign Mission field as a life work. He gave very definite reasons why every Christian must face this challenge.

In the afternoon, Dr. Downs brought another message to the Student Volunteers and those interested in the great cause. He presented there the four problems which confront every student. They are the four great choices:

1. Whom Shall I Serve?— the choice of a Master.
2. How Shall I Serve?—the choice of a life work.
3. With Whom Shall I Serve?— the choice of a life companion.
4. Where Shall I Serve?— the choice of a field.

From his own rich experience, and from reading other men's experiences, Dr. Downs gave some very vivid truths clothed in his own happy and striking phraseology. Among them are these:

"Only the highest can help the lowest.
Only the best can save the worst.
Only the well can build hospitals.
Only love can conquer hate.
Only Christ can save a sinner.''
—George Matheson

''Know thyself.
Know thy world
Know thy Christ''.

STUDENT COUNCIL MEET

At the Student Council meeting on last Tuesday evening plans for an Armistice Day ''Get-Together'' Social were laid. The social will consist of a program by the freshmen, given in the chapel, followed by a ''snap'' in the gym. Other matters of business were taken under advisement by the Council.

Hard Game Ahead Of Football Men At Georgetown Sat.

Team Will Have To Put Out To Uphold Record of Past Few Weeks.

GOING STRONG

Injuries Have Weakened Line, But Boys Will Bring Home The Bacon.

Since he last issue of this illustrious paper many things of interest have taken place. The most interesting occurences come under the heading of football. On October 23rd our boys journeyed to L. M. U. and mixed the Grey and Blue together in a grand pattern of long passes, beautiful punts, tearing line plunges and ten yard end runs, and when Captain Gobo and his partners had finished their work, Maryville looked good on the big end of a 55-0 score. Shorty and his backfield "scooters'' made L. M. U.'s line look like Hindenburg's own. Our line, like our center was stone all the way thru Maynard Dunn did so well that for supper he ate a whole chicken with the accessories and wished for more.

Last Saturday—well, we simply uncrowed King. When our players had completed their coronation exercises, King and his courtiers looked like Lazarus at the pump, with all the miseries of Siberia thrown in for luck. Coronation Day is always a big day, but to us Uncrowning Day is far more spectacular. ''Down with the King'' our forefathers said, so, in order to obey the parental orders, the King was downed. ''Oh what a fall was there my countrymen''. ''Kings may come'' but they do not always stay long or enjoy their visit. 42-0 is robbing the poor monarch of his crown jewels and making him look like a hot-dog in a club sandwich.

The game opened with plenty of pep. Stone set the pace by tackling

(Continued on page two)

And The Rat Took The Bulldog Into Camp

Scrubs Suffer First Defeat In Three Years At Hands of U. T. Frosh.

The Scrubs went down to Madisonville and took Hiawassee College into camp 18-0 in a game which was featured by sweeping end runs mixed a little with passes and line plays.

Last Saturday while the Varsity was defeating King, the Bulldogs, weakened by the necessary division of the squad and outclassed by the excellent running and general superiority of the U.T. Freshmen, took their first defeat in three years at the hands of the Rats.

The whole scrub team seemed to lack fight, there was no eagerness to get in and play the game they are able to play as has been shown in their previous games. This ends the season for the Bulldogs, with two victories and one defeat as the record.

The remainder of the season the scrubs will help get the Varsity in to the very best condition possible for their remaining games. The Varsity is as good as the scrubs make it, and so Bulldogs, we're behind you and looking for you to play the game till the final whistle for the season

ARE COLLEGE MEN WANTED?

We are all familiar with jokes and quips about the college man entering business, and most of us, particularly those in college, laugh them off and discount the possibility of their having any foundation of fact, except perhaps in exceptional instances. However, when it is asserted that they are founded on fact and not on fancy, that too often the college man is a hindrance instead of an asset to the organization he enters, and that consequently business men are forming a definite prejudice against college men, every man in college who is looking ahead to his life work is at once vitally interested.

In the July issue of the Atlantic Monthly an article appeared under the title ''Are College Men Wanted?'', written by A. W. Armstrong, a man of experience with big business organizations. In his article Mr. Armstrong says that business men, in looking for employees, are specifying, ''No more college men, please''. The demand is rather for high school boys. Now if a man spends about four years of his life, and a considerable sum of money in acquiring a higher education, only to find it a liability instead of an asset in his search for employment, it would seem that something is radically wrong somewhere. But this is placing a wrong construction on the situation. It is not higher education that has obstructed the way of the college man, that is itself would be an asset. It is the attitude of the typical college man himself that has gained for his fellows the opprobrium of the business man.

Mr. Armstrong gives the main faults of the college man, seen through the eyes of the business man, as follows:—first, he is possessed of an overweening desire to be advanced faster than his own development and the exigencies of business permit, a desire to cash in on his college education rather than on his worth to the business; second, he is too much concerned with what he is to get, rather than what he is to give; third, his attention is centered on an executive position for himself, and he will not realize that to get there requires hard work and a thorough knowledge of the business; and fourth, he often has poor manners, a lack of tact; modesty is not one of his virtues, and he is prone to violate office rules and business etiquette. It has been said that the two qualities that have most to do with business success are initiative and tact, and of these first place must be given to tact.

We who have a college educaion possess an undeniable advantage in starting on our life work, but it is not a substitute for work, it is only a means to make work more effective. And if we start out determined to give value received for whatever compensation we get, and to rise on our merits instead of our diplomas, our education will aid us in the fight, and no man will say that the college man, as exemplified by us, is a liability instead of an asset. It is up to thinking college men to disprove that calumny.

HIGHLAND FLINGS

—MC—

Moonshining, hiking, lyceums, snap,
A party, a kiss, a rhyme,—
For them I do not give a rap,
But still they pass my time.
(Editor's note:—What can you do with a guy like that?)

—MC—

Well, what do you expect in November?

—MC—

There's some good in everything. Likely Merle would still have his moustache had it not been for the Mountain hike.

—MC—

Elizabeth: ''Merle, just between you and me, I don't like your moustache''.

—MC—

Gann: ''Are you the one who cut my hair the last time?''

Barber (tersely): ''I couldn't be, I've only been here two months.''

—MC—

Doubtless the first man who signed up for Physics 8d persuaded the second to do it just as a joke.

—MC—

A Hurrough's adding machine was used to keep our score at the game Saturday. (Adv.)

—MC—

A sport writer states that 'Babe' Ruth's eyesight is so prefect that he can read the title on a phonograph record while the machine is running—over here in the hall, we can do the same trick blindfolded. It's always ''Valencia''.

—MC—

Jane: The man I marry must be brave as a lion, but not forward; handsome as a Greek god, but not conceited; wise as Solomon, but meek as a lamb; a man who is kind to every woman, but who loves only one.

Horace: By Jove! How lucky we met!

—MC—

''Trigger'' did you have some words before you and your girl fell out?

''I had some ready but I didn't get to use them.''

—MC—

Little Scott Honaker: ''Daddy, a boy in my class said I looked like you''.

Coach: ''And what did you say?''

Scott: ''Nothin'. He's a lot bigger than me.''

—MC—

Dean (at the Restaurant): Waiter, half an hour ago I ordered some lamb chops. Have you forgotten them—or have I had them.

—MC—

In college life, next in importance to a touchdown is touching dad.

—MC—

I'd like to find a
Modest girl
Who never has been
Kissed,—
But what's the use
Of looking
When you know she
Don't exist?

—MC—

It is easier to admire a quitter than to admire those who won't quit until they get their faces slapped.

—MC—

Evidently Brock didn't know the correct time to get closer.

—MC—

Comes Autumn with vivid paint,
Splashing trees with colors bold;
From our wardrobe comes something quaint,—
We use red flannels to keep out the cold.

—MC—

For the next librarians convention, we suggest that it be held in Reading, Pa.

—MC—

HARD GAME AHEAD OF GEORGETOWN SAT. FOOT BALL MEN AT

(Continued from page one)

the King's safety-man in his tracks. Our line held solidly. Only once during the entire game did King enter our territory and that was only a rush visit. Clemens scored the first counter, Byrd kicking for the extra point. Shorty ''got right'' about that time and began his famous pastime, throwing passes. The second touch down came in the second quarter when Shorty passed about 40 yards to Hunt. Rifles may have peep sights and shoot very accurately, but no gun ever fired a shot with truer aim than Shorty threw that pass. Not satisfied with one long pass in a quarter, Shorty heaved a 35 yard pass to Hunt. almost making another tally. In the second half Shorty set the pace again by making two touch downs and kicking one of the extra points. Then Byrd found the ''yonder side'' of the goal line, followed shortly by McCall for his third touch down. We made eighteen first down to King's two.

Stone was hurt early in the game and Holland went to Center. Ole' Jim did fine work as snapper-back. Gene Dunn started the game and showed prospects of being a good lineman. Our line held fine, and we can safely and gratefully say that every man played a splendid game. They say a Scotchman is a tight man, well so are our Highland laddies. Our line is so tight that when opposition hits it the back field flies up and knocks the opposition down. Saturday's game showed what the Maryville team can do when they want to. Team keep up this spirit.

This Saturday our boys play Georgetown at Georgetown. Georgetown at present heads the Southern Intercollegiate Association

GHOSTS AND GOBLINS RELEGATED TO PAST

(Continued from page one)

their clothes on backwards, presented a grotesque appearance but lent to the gaiety of the occasion. A very pleasing program including selections by the Freshman quartet, several piano solos by James Cody, and a reading by Billie Manly, aided in passing the evening enjoyably. Refreshments were served and the party gave up the gym to the ghosts and goblins at about half past ten.

It is sad but true that Hallowe'en comes but once a year, like some final—really final—exams, but while we wait for the next Hallowe'en, here is Thanksgiving at the door.

LITERARY SOCIETIES

Theta Epsilon

Everybody set for a big time Saturday night? Start the evening off by coming to Theta's program. Here's just a hint of what's going to be seen and heard.

A bevy of beautiful girls and handsome men will feature some of the latest song hits.

Then there will be a one act play full of human interest.

Besides these there will be other attractions which none of you can afford to miss.

Bainonian

How we old Bainonians do look forward to the Saturday night when the new Bainonians entertain us with their program! New girls can't realize how eager we are to see what they can do. The new girls say they're going to surprise us, and so they won't tell us much about their program. Don't let it spread around and I will tell you what I heard about it. I overheard some new girls discussing the program and I learned that it is to be a comedy written by one of the new girls. Since I just happened to overhear this conversation, I didn't catch the name of the comedy, but I know it is going to be good, for the new girls' program is always one of the best during the whole year.

Alpha Sigma and Athenians In Joint Meeting

For the second time in the history of our college the men's literary societies will meet in joint session. It is our hope that these meetings will become part of the annual program of the societies.

The program for the evening is commemorating the signing of the Armistice, the act that ended the most bloody of all wars. Two alumni of Maryville, one from each society, will speak on, "Shall we break spirit with those who died'', and "Lest we forget". Readings by students from the expression department will be rendered. The college quartet will favor us with its presence. The school band will be present in all its glory. Special music will be rendered by members of both societies. In fact this promises to be the most attractive program ever given on the Hil

HIKE DISCLOSES WONDERS

(Continued from page one)

speak of for me on account of the fact that I wanted to get out in the great wide open spaces where one can be ones-self and for a while forget the life we mortals are forced to live down in the every doy world like such as for instance Maryville College.

I was so glad that I had an engagement to go on the hike with Gaylord for besides being a blonde he is quite enervating on account of the fact that he is always telling stories about when he climbed the Alps of Sweden on a European tour once, what I mean to say is that it quite educational just to be with Gaylord and he seems to think that the mountains of East Tennessee are hardly nothing at all compared to the Alps of Sweden, I mean that I find Gaylord a continuous inspiration on a mountain hike.

I often remember back on the hike when I was getting fateeged Gaylord would inspire me to keep on going by telling me what if I was climbing the Alps of Sweden where I would have to fear for my life every minute on account of a glacier which is some kind of a huge monster which slips down on people who are attempting to climb the Alps. And I just decided that altogther taking all in all that I much preferred hiking in the mountains of the Smokies where at the worst there is nothing else than bears or faculty members likely to slip up on you Gaylord to say even bear up whole and the glaciers as I remember villages when they get started on a rampage.

We certainly hated to leave the exquisit sceenery and the freedom of the great wide open spaces and Professor McTeer was the only ore that was brave enough to defy the regulations and conventions and stay with the beautiful mountain foliage of various colors, but Prof. McTeer is a blonde and I always did claim that blondes did quite a great deal more thinking on their own than any other class of men. I know Gaylord does.

CO-EDS DECIDE TO PLAY FOOTBALL ON THEIR OWN HOOK

(Continued from page one)

which will be played off Thanksgiving morning. The Co-eds are enthusiastic and are showing great skill and interest in the sport.

The Co-ed is indeed proud to introduce this additional sport to Maryville campus, a sport that promises to become inter-collegiate.

Not only are the Co-eds recognizing the worth of Soccer, but the boys are planning to take up the game at the close of football season. Our boys want to keep up to the mark in athletics so they are going to tackle this new sport as well as the girls. Of course they can't allow the girls to have the privilege of introducing this new athletic activity without presenting something also, so the Co-eds have been watching with great interest some of our foot ball stars and other bright lights on the campus, practicing up for a show of skill in the game of "Marbles". Perhaps the players are not well organized as yet in this new sport, but the "Dunn" champs and Caldwell, Morris, Bird, Bill Brown, and other enthusiasts, the Co-eds wish success, and a pocket full of marbles.

Fellow Students, Faculty, and Friends, turn your attention to the activities of the Maryville Co-ed in wholesome and energetic sports. Recognize the worth of the Co-ed, and show some enthusiasm in their activities. Watch the Co-eds as they begin their work in this year's activities, they are going to prove themselves worthy of your interest and attention. ALL HAIL TO OUR MARYVILLE CO-EDS!

STUDENT COUNCIL ACTIVE

(Continued from page one)

Oh, the individual students bring matters before the Council through the classes representatives, and you say organizations may present a matter before the Council by one of its members. That seems democratic enough. And what sort of matters are to come before the council? The students cooperate with the faculty in putting into execution any proposals for the betterment of the school. I see, And what were some of the things brought up in your council? Just a minute; repeat those so that I can get them. The disciplinary committee brought up discussions on visiting in town on Sunday; social privileges on Sunday afternoon; honor reports; and the use of tobacco in the halls. All right; and the constructive committee brought before the council the consideration of table manners, chapel conduct, and the cooperative boarding club. You seem to have started out in earnest! Wonder where I can get some information about the next year's council? You say he is there now? Well, good!

Hello! So you were the second council president. Yes, I'm gathering council gossip; what have you to say for your council? Yes. . . . And the students really raised enough money to help with the Alumni Gymnasium? That was fine! And you held two Campus Beautiful days. You say there was also some constructive work done on dining-hall conduct; and that during examination week the dormitory lights were left on until ten thirty? Well, you did do some good work! Where can I find the next president? Oh, thank you so much; I'll call him right now.

Operator, give me Maryville College 1924. Yes, please. Hello; I want the Student Council president, please. . . Hello. I've just been talking with the first two presidents, and would like to know what your council did. You say your leading issue was the attempt to introduce an honor system. That's interesting. How did you come out? Didn't? uh, huh. Your etiquette weeks were successful? Good! Yes, I'm in a hurry, too. Thank you; I'll do that. The number is? . . . . Yes I have it. Goodbye.

Give me Maryville College 1925. Right. Hello. I'd like to speak with the student council president, please. Gone for the week-end? Well, who can give me some information about last year's work?. . .What's that? *This year!* You think they have some work to do! Yes, the student body ought to support their own organization. No, I haven't any doubt that this year's council will be the most progressive one in the history of the council. We'll keep our eyes on them, and you tell the students to do that, too. I'm glad to have talked with you and won't detain you longer. Good bye.

BASKETBALL LOOMS AS GRID SEASON DRAWS TO CLOSE

Return of Veech Materially Brightens Maryville's Prospects

ALL OUT, BASKETEERS

Several Veterans, With Many New Candidates Give Coach Lombe Good Choice of Material.

There are athletics for all the year, and for everybody. When school opens in the fall, foot ball is the center of interst, but as the pigskin season draws to an end and ole Winter starts its reign, basketball, holds the spot light. We are now nearing that stage and basket ball practice has already started.

Practice is under the direction of Louis Veech the black haired boy from Illinois, who is captain of this year's team, and Dale Marion our manager. They have been working on the fundamentals such as passing, handling the ball, and a little shooting. This work will continue till Coach Honaker takes charge of the squad in person.

The prospects for this season were greatly strengthened by the return of Veech to the squad after his year at Illinois. He is setting a fine example for the boys with his ''pep'' and vigor. We all know Louie as a hard working, everfighting guard, and we are confident in placing the leadership in his able hands.

Then there is Dale Marion, our flashy forward, better known as ''Crip'' and he too is doing his stuff in an approved manner, and is getting in the best of condition for the coming season by steady training.

Johnston, Keyes and Rosa are looking much better than ever. With the fight that they have and their previous years of experience their names should appear in the line-up often. Johnson and Keyes are guards that should cause all new men to strut their stuff. Rosa since

(Continued on page four)

THE MINISTERIAL ASSOCIATION

Although there is little said concerning the activities of the Ministerial Association it is carryng on in good style, with weekly meetings on the Hill, prayer meetings in the jail, participation in the athletics and all campus activities. Mr. Usner the program secretary has arranged several interesting meetings in the past and will no doubt continue his good record. Every member has an equal chance to display his talents before the association.

The officers of the Association, cooperating with the Chilhowean staff have had the picture taken and the page will soon be ready. Every member is urged to aid the officers as much as possible by paying for their part of the page as soon as possible.

Last year the Fightin' Parson basketball team made a wonderful record, with only one defeat. A bigger and better season is predicted this year. Its challenges have been accepted already, one from Satan's Quintet, a local team, and another from a Knoxville team. Practice has already started.

Maryville Student Body Cosmopolitian Group

Many States and Countries Represented On College Hill

''NEVER THE TWAIN''

Enrollment of Men Outdistanced By That of Women.

Of one thing we are certain. Had the gifted journalist who so aptly and glibly penned the immortal ''East is East and West is West, and never the twain shall meet'' been at Maryville College during this year of 1926-27, America would have been the poorer for it. What could be farther East than New Jersey—or West than California? Perhaps Siam or Korea would better portray the East—with Ireland to portray the West. Maryville this year is indeed cosmopolitan, uniting Old World and New World in binding ties of enduring friendship.

The affixed figures will show more than could be said anent this subject. The Echo, wishes to thank the Registrar's Staff for their assistance in this compilation.

The total number of students this year is 729, divided into classes as follows: Senior, 81; Junior, 111; Sophomore, 202; Freshman, 311; Specials, 24. This exceeds the total registration of 1925-26 by 54.

Thirty states are represented on the campus as follows: Alabama 33, Arkansas 1, California 3, Colorado 1, Connecticutt 2, Delaware 3, Florida 21, Georgia 21, Illinois 22, Kentucky 6, Louisiana 1, Maryland 5, Michigan 1, Massachusetts 2, Mississippi 9, Missouri 9, New Jersey 15, New York 5, North Carolina 33, Ohio 36, Oklahoma 3, Pennsylvania 17, South Carolina 4, South Dakota 2, Tennessee 405, Texas 17, Virginia 7, West Virginia 3, Wisconsin 1.

Six foreign countries have representatives on the Hill as follows: Cuba 1, Ireland 1, Japan 1, Korea 3, Siam 1, Switzerland 1.

It is also interesting to note that in the Freshman Class, 150 high schools in 29 different states and 1 foreign country are listed.

Of the total enrollment of 729, there are 300 men students and 429 women.

Novel Program Presented By Freshman Class

Frosh Acquit Selves Very Well In Semi-extemporaneous Entertainment.

SIT DOWN, BLACK BOY

Everything From ''Black Art'' To Classical Music Included.

Just before the game of snap Thursday night, the Freshmen presented a diversified and pleasing program in the chapel, lasting about an hour. It was well received and disclosed much talent in the Freshman ranks.

Between numbers the black-faced minstrellers kept the audience in good spirit by their jokes and antics. James Tweed opened the program with a Saxophone solo accompanied by his sister. This was followed by a cornet duet by Nick White and Joe McClung. Then there were readings by both Miss

(Continued on page three)

WEDDING BELLS

Did you hear them Thursday afternoon at 4 o'clock? If you didn't you surely must have heard the music of the tin cans as a familiar Studebaker roadster drove away from the home of Dr. Crothers. The ''little bird'' often referred to has been so industrious the last few days, that very probably everyone on the Hill is fully informed on the subject, but to those who may have been overlooked, we hereby give formal notice that all their ''If's'' and ''When's?'' may be quietly laid to rest.

Showered with rice and congratulations, the happy couple, none other than our talented musician, Martha Henry, and our noted physician, Dr. George Burchfiel, departed for a brief honeymoon to southern cities. We are glad they will still be in our midst and we wish them every happiness.

HEAVIER OPPONENTS GIVE TEAM HARD BATTLE

Our Boys Lack Punch, and Come Out on Top By Narrow Margin.

NOW CARSON-NEWMAN

Parsons Out to Win, and Will Give Us Fight. On Your Toes, Highlanders!

After the storm comes the calm. This old adage was enacted before a large crowd last Thursday when our team beat Cumberland 14-13. Our boys have been playing good Honaker foot ball all season and we know when they are working and when they are not. Thursday's game was good from the score view point, but not so illuminating when one considers that we have been running up scores against better teams. Our boys seemed rattled, tired and bewildered. Yes, they played, but not real Maryville foot ball. Where were our tackles and ends on those end runs and tackle plays? Where was the mighty backfield? Where was our fancy, hard-driving blockers, and where, o'where were our deadly tackles? The same boys who held Tennessee's militant aggregatiion for downs, found it difficult to stop the plunging ''hoggers'' of Cumberland. The team that made King College look like prep school, and beat the Association Champions, Georgetown, by a ''basket ball'' score failed to stem the heavy bucking of their opponents.

We were lucky to win, everything considered and unless we snap out of it, we'll have to be still luckier to win next Thursday.

Our boys made 15 first downs to Cumberland's 12. Our longest drive was 65 years for a touchdown. We completed one insignificant forward pass.

Stone and Davis were unable to play because of injuries. Clemens and G. Dunn were both on the convalescing list, but both played good ball. Gobo, our flashing captain, was unable to play except for a few minutes at the end of game. These men are among our luminaries and our team missed them.

(Continued on page four)

College Players Groom For Opening Play

Ambitious Production Chosen For First Program of Year.

''THE GOOSE HANGS HIGH''

Excellent Play, Talented Cast, And Able Direction, Insure A Fine Entertainment For November 29th.

Behind the scenes frantic whispers went about— imploringly ''Where is that gum arabic?'' Solicitously ''Would California fruit do?'' Madly, ''Where under the sun is my wig?'' Those are only a few of the dark sayings that go on behind the scenes when the Maryville College Players are presenting one of their entertaining numbers. This organization is now in its fifth year of activity and merits the appreciation of the student body for its work. It provides for the pupils in the expression department actual experience on the stage. It provides several tours to neighboring towns where it creditably represents Maryville College. Each year this organization presents a play in the Voorhees Chapel Five years ago the Maryville College Players made their first bow with ''Polly of the Circus''. Then followed ''Adam and Eva'', ''Penrod'', and the ''The Bird's Christmas Carol'' presented last year.

The plans of the Players for this year include giving a play with a royalty not exactly prohibitive to neighboring towns. Two or three towns have been selected in which the Players will perform. The Players are anxious to present a home talent play and announce that they will present a play worthy of production written by any Maryville College student in the English department. This is a chance for the mute inglorious Shakespeares to get out their ideas and pencils and win some glory for Maryville.

This year the Players will present the most ambitious play which they have yet attempted, ''The Goose Hangs High'' a modern comedy by Louis Beach. The Play-

(Continued on page four)

Frosh Dynamite Junior Air Castles

Juniors Put Up Better Fight Than Was Expected, But Couldn't Score

3-0

Only Score a Field Goal Kicked By McClung.

Last Monday afternoon on Wilson field the Frosh shattered the class football championship dream of the Juniors. It was a good game from the kick-off until the final whistle and anyone's game at that. McClung's educated toe counted for three points in the first quarter, the only score of the game, by a perfect field goal from the 35 yard line.

The Juniors showed a great deal more fight and teamwork than was expected and the least one can say of them is that they were in there

(Continued on page four)

NO STOPPING OUR BOYS WHEN THEY CUT LOOSE AND PLAY THE GAME

Georgetown Forced To Taste Bitter Draught of Defeat.

34-7

Football Dope Sadly Upset By Coach Honaker's Proteges.

The Maryville Highlanders set off on a journey last Friday morning enroute to Georgetown College for the most exciting fracas of the season as was expected. The boys stayed in Lexington Friday night and went over to Georgetown in time for lunch and a rest before the battle.

The game was called at 2:00 o'clock and the mighty Highlanders took the field ready for the tilt. Some of our regulars did not start and Stone never got into the array at all. Holland filled his berth at Center and did well.

To begin with the Highlanders were lucky to recover a fumble and get 2 penalties which set them in scoring distance. The first counter was marked in four minutes. Byrd took it over. And it might be well to mention, this man was responsible for two more of the counters. Saturday was one of his best games of the year.

Both Georgetown and Maryville were strong on offense and from the yardage made, Georgetown was stronger. They made twice as many yards through the line as did the Highlanders making 20 first downs while we were making 9. But first downs don't count and that's what saved the Maryville boys.

One of the outstanding runs in the game came when Byrd recovered a fumbled punt and ran 75 yards for a touchdown. Shorty was backed up 10 yards behind our goal line to punt out on this play. Now that is smart football to make a touchdown on a play when the ball was put in play on the one yard line—eh—what do you say?

Maryville's line lacked the necessary punch at times to resist the attacks of Georgetown but always succeeded in stopping them before they crossed the goal line. Their lone counter was accounted for by a 35 yard pass behind the goal line in the last quarter.

Sneed made the last touchhdown for Maryville on an off tackle play for 20 yards. He played a good game while he was in there—others doing exceptionally well were Byrd, Holland, Youth Taylor and John Crawford.

BATES PRIZE ORATIONS

The following subjects have been selected for the Bates Prize Oratorical Contest for this year:

The Breakdown of Justice
Individual Responsibilitty for Democracy
The Menace of Materialism
The Nation's Challenge to College Men
The Problem of the Rural Community
Which Way to Peace?

The contest this year is for the men of the Junior and Senior Classes. The manuscripts must be submitted on or before the first Tuesday in April. The final delivery of the orations is during Commencement Week.

CAN WE?

The rays of the morning sun are sparkling over the dew drenched grass, and in the cedars and shrubbery birds are carrolling to the new day. It is the hour between breakfast and chapel, and the campus is deserted. From the big house on the eastern side of the campus, the erect, black clad figure of a man takes the path leading around by Thaw Hall, and thence toward Anderson Hall and the Chapel. He walks with a preoccupied air, busied with the problems and cares that beset those in positions of responsibility. Occasionally his eyes sweep over the campus;—the buildings, the trees, the walks, the grass and shrubbery—Old Maryville, for whose cause he has labored so long and whose destinies he has guided for a full quarter century. As he walks, his eye is caught by a scrap of paper, and, jealous of the appearance of his beloved campus, he goes out of his way and stoops to remove the offending litter. It is almost a personal affront. Truly, in serving he has learned to love.

The scene changes. It is now the period after classes are out for the afternoon, and students are scattered over the campus. Some, coming from lecture halls, toss discarded notes aside to litter the grass; others leave in their wake candy and gum wrappers, or ice cream cups that have servevd their legitimate purpose, and are now to impart to the campus an unkempt appearance. No thought enters the students' minds of any obligation resting upon them to keep up the appearance of the college. They do not realize that every available dollar is invested in making their education possible at an extremely low cost, and that consequently upkeep expenses must be kept at a minimum. And so, unthinkingly, they scatter their trash over the campus, causng needless expense, and offending the hearts of those who want the college to be beautiful as well as serviceable to those who come here.

If we students, as mature and mentally competent men and women, will pause and think the matter over—what we get here, and what little is asked of us—and then act accordingly, this problem of campus upkeep will be greatly simplified, and our campus can become the beautiful place it ought to be.

A combined stadium, gymnasium and natatorium—said to be the largest and most expensive building of its type in the country—is now under construction at the University of Pennsylvania. The cost of the building is $1,250,000.

According to Knute Rockne, the renowned coach of Notre Dame, the belief that football undermines student morale and should be curtailed is the opinion of but small, jealous minority of college professors.

Don't be dismayed if your hair has that lack-lustre appearance. Nick White's amazing discovery will restore its golden tints and keep it as slick as a moles back.

HIGHLAND FLINGS

—MC—

I don't have to do this, but it's so much easier than studying Theism.

—MC—

And ideas must wonder at times why they find so little parking space.

—MC—

Son, the key to success doens't fit a night latch.

—MC—

Standing still may be safer, but it doesn't get you anywhere.

—MC—

Though we couldn't eat that marmalade served Monday morning at breakfast, we are nevertheless thankful—It's just the thing to stick pictures in your album.

—MC—

''Runt, some day I'm going to give you a piece of my mind.''

''Big boy, you'd be foolish to divide up a little thing like that''.

—MC—

Note to the Printer: Think something up yourself to fill this space.

—MC—

Well, let's quit and call it a day —As I have a date with an egg, and I don't want to break it.

—MC—

We couldn't understand why Martha showed such a marked antipathy toward apples, until suddenly that old proverb came to mind, ''An apple a day — — — ''

—MC—

''Do they have hot and cold water over in Carnegie?''

''Yes, hot in the summertime and cold in the winter.''

—MC—

If it is really true that ignorance is bliss, seems like there should be more happiness in the world.

''Do you love your neighbor ''

—MC—

''I try to but she won't let me''.

—MC—

Friends are all those who at times are sorry you are making a fool out of yourself.

—MC—

You can't worry a modern girl by telling her that her head looks like a mop—because she doesn't know what one looks like.

—MC—

All the world's a stage, but a lot of us must work behind the scenes.

—MC—

The gum chewing girl,
And the cud chewing cow,
Are somewhat alike,
Yet different somehow.
What difference?
Oh, yes, I see it now,
It's the thoughtful look
On the face of the cow.

At Forty

"At Forty" the housewife in some sections of Europe wears a black bonnet to signify the end of her youth. A quaint custom—you say—but it usually signifies a fact. Heavy tasks, indoors and out, have made her old—at forty.

Of all the uses of electricity in America, the most important are those which release the woman from physical drudgery. Electricity carries water, washes clothes, cleans carpets, cooks the family's food—better and quicker than could be done by hand.

A trip to town or an hour's rest in the afternoon pays a woman dividends in good health "at forty years." And what is *youth* but that?

Men and women who have had the benefit of college training and college life have learned to place the proper value upon rest and recreation. They appreciate the relief afforded by electricity.

Upon great generators which send out current to light the homes and carry the burdens of millions, you will find the G-E monogram. Upon industrial motors, on electric railway trains—wherever quality and unfailing performance are first essentials—the G-E monogram will be found.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

LITERARY SOCIETIES

Theta Epsilon

Girls! Saturday night the great event of the year is to take place in Thaw Hall. Yes! it is the joint meeting with our brother society, Alpha Sigma.

If you can imagine two Theta programs rolled into one you will know what to expect.

Make your dates early, girls! It might be a good idea to save fifteen cents for the occasion. You simply can not miss this meeting.

Bainonian

I wonder how many of the new girls know that they have ''brothers'' in Maryville College as well as ''big sisters''! Well, yes, you have a brother and if you haven't made his acquaintance yet, you may do so Saturday night. Let me explain. Athenian Literary Society is Bainonian's brother society, and Saturday night we are going to have a joint meeting. You don't want to miss it. There'll be an entertaining program and delicious refreshments.

Our brothers, the Athenians, will contribute the following to the varied and pleasing program:

The Ebony Trio - Gabbard, Rusk Marston
Sheik Luv-Yu-Me - Lamar Milling
The Highwayman - - Paul Meikle
The Mikado - - Buchanan and Co.
Down With the Scotch - - - W. R. Courtenay

NOVEL PROGRAM PRESENTED BY FRESHMAN CLASS

(Continued from page one)

Alice Rhea and Miss Peggy Mevis. The old Buck Dance by Grandpa Ross was a sight worth seeing. Miss Caldwell then rendered two vocal selections that made a big appeal to the audience. The quintet of Hawaiian dancers were most captivating, singing to the music of their ukeleles. After the quartet sang a couple of songs, there was a grand rush to the gymnasium for snap.

311 South Fulton St.,
Salisbury, N. C.

Dear Maryvillians:

I'm coming back to see you Thanksgiving, and I am so thrilled over the prospect I can hardly think of anything else. I am a long way from there, but I am already saving up my pennies for the journey. I will get there in time for the big foot ball game Thursday and will be there until Sunday.

I am hoping that I will get to see a lot of folks I used to know, and will have a chance to do some of the things I used to do. I wonder if there will be a snap, or hike or Senior party or what not, going on. All of those things I used to enjoy, but no matter what happens I shall enjoy every minute of my time there.

Always anxious to join you in the ''How-we-how Chilhowee'' I am just

RESOLUTION

Whereas, God in His infinite wisdom and mercy has taken unto Himself the father of our beloved classmate, Hazel Taylor.

Be it reslved, that we, the Freshman Class, extend our deepest sympathy to the bereaved family.

Be it further resolved, that a copy of these resolutions be read in chapel, a copy published in the Highland Echo and a copy be sent to the bereaved family.

Victor Jones, President,
Nick White, Secretary.

BUCKEYES

The Buckeye Boosters pushed off in great style Monday afternoon with a rip-roaring big party in the woods. There were about forty-five Buckeyes and friends there. Included in this number were Dean and Mrs. Barnes, Prof. Kiger and wife and Miss Benner, the chaperone. Games were played and a big time was had by all. Soon after the refreshments were served the party returned to the football field to view the last of the Frosh-Junior game.

BASKETBAL LOOMS AS GRID SEASON CLOSES

(Continued from page one)

the past season has developed a deadly eye for the hoop. He always could play a fast floor game and now with his newly acquired art he shuold tickle the net with regularity.

There are many others out for early practice among them are Snow, Mann, Davis, Waddell, Candler, Blankenship, Howard and also several new men who are also showing up in good shape. They will be heard from later on in the season. The squad now numbers about thirty and when Coach Lombe takes charge personally there will probably be sixty men out for the team.

Basket ball is a sport which is open to all and every man who has any experience or natural ability and wants to undertake the vigorous training which basket ball requires, will be a welcome addition to the squad.

HEAVIER TEAM GIVE OPPONENTS HARD BATTLE

(Continued from page one)

Youth Taylor, subing for Cartwright, did mighty well and looks like the real stuff. Holland, our Kentucky touted forward, played a great game at Center. Shorty, of course, did his best. Brock, Gann, Hunt and Maynard showed flashes of a foot ball education.

Carson-Newman

Next Thursday we meet one of our toughest foes, Carson-Newman. If our team duplicates the Cumberland game, we can count on losing by about four touch downs. But we are not going to lose, and we will not be beaten. We have one of the best teams in the South. We have the goods, all we crave is delivery. With Stone, Cartwright and Davis at their old berths, our indomitable spirits will again rise to great heights and carry the score with them. Tennessee has been the only team to beat Carson-Nwman, and that to the tune of 13-0. The Parsons are out for our downfall and we can look for a hard game.

Talk foot ball from now on, and make this old campus vibrate to the beat of anticipating hearts. The scrubs help condition and train the team, so let all students cheer them on to victory. Your team is only as good as you think they are. No man can play with his heart missing, so put some heart in our fellows by being at the game and shouting until your team makes its last play. Remember this is the last time you will see, Cartwright, McCall, J. Crawford, Holland, Sneed, and Harvey play. Be there! Everybody!

COLLEGE PLAYERS GROOM FOR OPENING PLAY

(Continued from page one)

ers consider themselves lucky to secure such an entertaining play, an Maryville students will be lucky to see it presented by their very considerable talent. The play will be presented at Voorhees Chapel, November 29. The tickets will be 35c. Everyone will be sure to see it after looking over the cast:

FROSH DYNAMITE JUNIOR AIR CASTLES

(Continued from page one)

fighting all the time. ''Applecheeks'' Johnson's tackles were felt by the Freshman backfield and his head stand was appreciated by the spectators. Jones, Milling and Layman also showed up well for the Juniors.

The plans of the Juniors to smother Brown were only partly successful as he accounted for a great many yards around end. Brown is without a doubt the fastest backfield man in class football this year. He is the man for the Seniors to stop, although there are several others that will bear watching.

The Seniors will have to be on their toes every minute next Monday if they carry away the championship, for the class of '30 is out for blood. It may be added however that the betting along Wall Street is two to one in favor of the Seniors, because of their 6 to 0 victory over the hard hitting Sophs. Whichever way the final game goes the winning team will know that they have been in a football game. We're not making any bets.

The U. of North Carolina has a thoroughly organized cheering unit of 250 men to lead the student body in cheering at the games and to be known as the 'Cheerios''. This is only another part of the seemingly universal movement toward more cheering in the college.

Stetsons off To The Highlanders

The Highland Echo

Another cyclone Hits Sanford, Fla.

VOL. 12 MARYVILLE, TENN. FRI., NOV. 19, 1926 NO. TEN

Maryville Men Again Trample Opposition

Debate and Soccer Indicate Scope of Coed Activities

Mental and Physical Development Included.

CO-ED DEBATE

It has often been asserted that it is a woman's natural, and also disagreeable, tendency to argue. Today, psychology believes in sublimating a harmful natural instinct, rather than suppressing it. No doubt, many of the victims of women's argumentativeness will be glad to learn that a great number of Maryville co-eds are applying this psychology, by turning their natural bent towards arguing in the direction of debate.

The woman's debate class is one of the largest classes on the Hill; and its members are now busily engaged in work on the question which has been chosen, ''Resolved that there should be a Uniform Marriage and Divorce Law.'' This is the Pi Kappa Delta question for the year, and is proving very adaptable to debate.

The outlook for woman's debate is very promising. Debates with Carson-Newman, and Asbury are certain, and negotiations are under way with Tusculum, Georgetown, and our long-time rival, University of Tennessee.

From all indications, we may expect excellent teams which will add new laurels to the name of Maryville. Those who engage in forensic contests are fighting as much for the glory of the school as the doughty warriors of the grid-iron. Therefore, may not the co-ed debaters ask the same splendid spirit of co-operation from the student body that it has shown so far towards athletics?

CO-ED SOCCER

What about our ''Soccer Sisters''. There is nothing slow about them. They have speed, the pep that can hardly be excelled, even by our fast men on the grid-iron. Did you see the soccer game Armistice day? How did you like it? They've gotten off with a running start, and they have the goods to keep it up. Just watch their pace on

(Continued on page four)

Cross Country Run Won By Freshman

While the foot ball team was having it out with Carson-Newman Thursday, there were five men running in the two mile cross country run.

Tom Taggart was the victor making the course in 19 minutes, 24 seconds; Bob Crosby came in second; Herbert Hunter, third; Bob Sexton, fourth; and Bob Jones, fifth. All of these men will receive prizes. The first and second prizes are medals given by the Y. M. C. A., the third is a belt given by Proffitt's, the fourth a Shaving Set by Badgett-Costner Drug Co., and the fifth prize is a Muffler donated by Wright's.

The fact that four of these five men are Freshmen indicates that there is some good long distance material in the Freshman Class that may strengthen our track team next Spring.

STETSON-M. C. GAME

Everyone on the Hill knows that several colleges down South have made bids for post-season games with our boys, and that one of the offers has been accepted. Let's send the team off with Maryville cheers ringing in their ears, and Maryville spirit surging in their hearts. We know they'll come back with fresh laurels for their Alma Mater.

In the recognition shown by the offers from Geneva College and Stetson Universitty we may feel justly proud. It is well to gain the reputation this offer be the College Champions of the state, but it is much better to play such football as to shows us to have.

To quote Coach Honaker, our team leaves next Tuesday afternoon for Sanford, Florida, the scene of the classic. The game is to be played on Thanksgiving afternoon.

All set for Sectional Championship? Let's go!

Lowliest of Creatures Bitterly Scourged

Roommate Apparently Assumes Possession of Gloria's Frisky Angora

Well I've just been thinking that it is an almost unkek fact that as long as I have been writing artickles for the Highland Echo I haven't ever mentioned the most important factor in my college life, my roommate. And so I've decided to give a diagnosis of her character, first I mean her character as it is known, then her character as I seem to know it from living in such close contact with her for the past few months, which sometimes seem like so many years.

To begin with, her name is Faith Hope Lyddons. I don't yet know why they didn't just put the Charity in too and make her perfect. but she is perfect in the eyes of the faculty anyway so I guess it all amounts up to the same thing. To really explain her you must understand that her name is not just Faith or not just Hope, but it is Faith Hope. Her parents named her that because she was their only child and they put all their Faith and all their hope in her (they've got more nerve than I'd have) and she thinks that it is nothing else but right that she should be called by both names as she is ''endeavoring to live up to their trust in her'', as she says.

I really do think that is a beautiful thought, except only I could think more of if if it didn't happen to be Faith Hope's. Faith Hope doesn't use rouge nor lip-

(Continued on page four)

Thank you! How easy it is to say, but do we really mean it? Simple courtesy demands us to say ''Thank you'', but do we do it for that reason only? Or do we really mean that we are grateful to folks for their kindnesses?

This is the Thanksgiving season, so let's think over the meaning of ''Thank you''. Come to the Y. W. C. A. service Sunday at 1:15, Thaw Hall.

Barn Warming Due Thanksgiving Eve.

Get Ready For Good Time Among The Cows and Horses

''Snap?''

"Oh, fur pitty sake, are you gonna drag me to one of those things again?''

''My sole and shoe leather, no! It's a barn warming, goose.''

''Now you're talking!''

Boys, get out your jeans, and girls, unpack your gingham dresses and parade to the gym Thursday night to a barn warming. A regular barn warming—so promise the Y. M. and Y. W. C. A. Everyone is invited who possesses the afore mentioned costume. Perhaps there will be a corn-husking with a certain reward for those who find the red ears, perhaps there will be the Virginia Reel. Such games usually accompany a barnwarming, but this particular occasion may be a olly exception.

Anyone who possesses a violin, commonly known as fiddle is urged to resurrect the fiddlle and practice old tunes on it; for there will e an old fiddlers contest. And we will delight our aesthetic souls with Old Dan Tucker, Turkey in the Straw, It Ain't Gonna Rain No More, and like classics.

Then there will be a buck dancing contest. For the benefit of those who would not understand this term it must be explained that buck dancing is the original and unrefined form of the Charleston.

The Y. M. and Y. W. C. A. are offering this good time to all the student body and plan to make it the biggest event of our busy social season. So if you are homesick along about Thanksgiving time or have been studying too hard or concentrating too much on letters back home, forget your troubles. array yourself in all your countrified apparel and come to the barn warming for a great, a glorious time.

Maryville Men Forget Manners And Trounce Guests.

What's the matter with Maryville? She's all right! Folks that is absolute truth. Anyone who saw us win Thursday and still maintains or harbors any other view is a lop-eared, batter-faced, crepe-hanging ham and should be be sent to glory— for his goat-skin. Coach Russell's psychology worked fine. His boasting about our Shorty was surprisingly exemplified. Shorty made all ten points, kicking a 58 yard field goal, making a touch down and kicking the extra point. He was the proverbial thorn when a Carson-Newman back broke thru the line and was on his way for a touch down. Shorty is rather narrow on the subject of touch downs, so he generally gave them a 'knock down' with a drag-out tin cover to it. It was Shorty's game from the kick-off on. He played his last game before a Maryville crowd and it was certainly a grand finale.

Last Game For Boys

Folks, I don't know how your idea-factories are working, but do you realize that our foot ball season is over as far as our viewing it is concerned? Also do you realize that it is the last time some of those boys will play for you? Just think, Gobo, John Crawford, Holland, Harvey, and McCall have clocked out for a long rest. Also Pete Sneed, a hard working boy, has completed his college tour. If you have tears to shed, save them until next summer. These boys have brought much credit to their Alma Mater and they are always to be remembered as stars of Maryville. Did you ever notice how a good sprinter finishes, always with head up, chest full and straining every muscle, that is charactristic of these boys. Thursday John looked mighty good. He picked the openings well and had plenty of drive. Many yards are marked to his credit. Then look at Harvey. He played a strong game at tackle and finished in good shape. Shorty—well we have already told his

(Continued on page two)

BLEACHERS COLLAPSE

Serious injuries were sustained by several people when the Eastern stands collapsed during the game Thursday. By good fortune everybody was standing up when the bleachers gave way, or it would undoubtedly have been a terrible accident. As it is, we are grieved that such a thing should have occurred, and we hope for those injured a speedy recovery. Those seriously hurt were: Professor Knapp, Judge S. O. Houston of Knoxville, and Miss Louise Heron.

Hilarious Vocalizers Finally Selected

Extended Tour Planned For This Season.

Seventeen men are the lucky ones who, after four weeks of trial, compose the Maryville College Glee Singers. Picked from a worthy group of twenty-eight good voices these men should give the College a Glee Club that will do it honor wherever it is heard. The best male voices in school are counted among the members of the Club and the officers are looking forward to a highly successful season.

The Manager, Mr. W. B. Jones, has a date booked with Columbia, Tenn., and is at work on other engagements with Middle Tennessee towns. This year it is planned to take a week's trip, singing in all the important cities of East and Middle Tennessee.

The Quartette, composed of Lawson, Johnson, Webb and Cook, are giving a short program at the M. E. Church, South in Harriman on Sunday night, November 28th. They will also sing at several of the other churches there in the morning service and at the High School on Monday morning.

Professor Parker, the director, is making himself liked among the men with his winning personality and his ability to lead them in the music.

The members of the Club are, Lawson, Vaughan, Matthews, Johnson, Bowles, Milling, Buchanan, Meyers, Rusk, Webb, Anderson, Jensen, Harold, Cook, Jones, Crowder and Courtenay. Miss Lucy Horton is again to be the accompanist and the Club is to be congratulated

(Continued on page three)

Y. M.

What is the biggest problem confronting our nation today? Pick up any edition of a newspaper and you will notice on the front page that nearly every item is a crime of some sort. Realizing that this is a big problem in the life of our nation, the Y.M.C.A. meeting will be led by a man who knows the crime situation as no one else in Maryville knows it. Judge Gamble is going to speak Sunday at one o'clock on Crime in Our Nation and what the Students Can Do to Help It.

Make Your Dates For "The Goose Hangs High"

Say fellows, schedule your date early for Monday night, November 29th, for there is going to be something doing for sure. A chapel date in the balcony is worth all of two dollars any time, but we're going to let you off easy and give you a date for seventy cents, all told. Get your tickets and a date for the first play of the year, ''The Goose Hangs High''. It is played by all home talent, but those College Players sure do know their stuff. Come prepared for a good laugh and a happy evening.

You'll like those college twins. and there is an older brother too who is in love with—but then that would be telling tales. Come and see for yourself what happens, Monday night, November 29th, at 8:00 o'clock. Admission thirty-five cents, or two for seventy

DON'T READ THIS

There are three pursuits popular among the elite of our student body, paritcularly the male portion, that deserve unqualified condemnation, and student opinion should rise to stamp them out.

A sorry spectacle was enacted before the eyes of the coeds and chance bystanders Tuesday at the noon hour. Some thirty or forty students, the refined product of twentieth century culture and education, herded across the campus to make sport of one who, because he was one against so many could do nothing to defend himself. What an uplifting occupation for the select few who supposedly represent the upper strata of modern youth! Of course it was all in fun, and no one of the group would have done any intentional injury, but such barbaric insensitivity to the feelings of another is more than contemptible, it is pitiable. Find more manly sport, fellows.

Another excruciatingly comical sport consists in giving to the men's entrance of the dining hall a strong resemblance to a cattle chute when the last bell rings. It is edifying to see the boys jam through like so many beeves into a box car. This refined recreational activity is indulged in by the same class of favored intellectuals that furnished the most amusing incident of Tuesday noon.

One more item, and then some of you rough and ready "he men" can go cool your ears under the hydrant. The student council president was approached Tuesday afternoon by Mr. Everett, manager of the Palace Theatre. Mr. Everett was hesitant about stating his case, because as he said, he was very sorry to have to cause any trouble or unpleasantness for anyone. He referred to the incident of Monday night,and said that no such action would have been taken had not some boys roughly jostled some lady patrons of the theatre, and they had indignantly reported it to him. "I've tried to be a good sport, and meet the boys half way" said Mr. Everett. "They rushed the show four times in the last two weeks and I said nothing, but when they began running over my patrons I just couldn't put up with that. Tell the boys I'm not sore, and that I'll meet them half way if they'll only act like gentlemen."

Mr. Everett was afraid that the students would misunderstand, and think him a poor sport. One of the fellows Monday even had the crust to say they did it because they were "sore at him". What do you want, the theatre deeded over to you?

Boys, if you're broke and are looking for charity, go to Mr. Everett, and I believe he'll let you in. If you just want to act the part of crooks and take something that is not rightfully yours, don't be pikers. You can just as consistently rob a bank, or swindle the public out of a few millions, and then you will be honored and respected by your fellow men. Just think of Governor Small of Illinois, and "Senator" Vare of Pennsylvania.

This is a fine editorial to go out among our alumni and the colleges that exchange with us, but we want student opinion on these matters and we want it strong. A very small minority of students are responsible for these occurrences, and they must stop.

To those not intimately acquainted with affairs on the Hill at present, may we state that some of the boys have their sports as man to man, eat with their forks, try not to knock any women down as they go to the table, and even pay their own way when they want to see a show.

HIGHLAND FLINGS

—MC—

What a game! The red fluid is still surging in our Cardiac Vessels.

—MC—

Coach says that "Shorty" has a wide peripheral vision and a keen somatic sense of perception. We believe every word of it.

—MC—

The cool days would be much more welcome if it wasn't for the smell of moth balls

—MC—

The lion and the lamb lie down together because the last lamb gave him indigestion.

—MC—

If ozone is
So healthy
Then I'm
Stronger than
A bear—
Because so
Many baby
Dolls
Have given me
The air.

—MC—

Didn't Shorty give us a thrill when he kicked that goal. We experienced a similar sensation once when we tried playing drop the handkerchief with a stick of dynamite.

—MC—

Once children honored their parents; now the parents honor checks written by the children.

—MC—

Those who live longest are people who have too much sense to worry and those who haven't sense enough to worry.

—MC—

At least one may as well sleep in church as in bed on Sunday morning.

—MC—

Mr. Webb, the photographer, says he can make the girls look thin whether they are or not. Seems to us this is an illustration of the fact that figures can be made to lie.

—MC—

Harry: "Do you think you could learn to love me?"

Helen: "No, I have as much as I can do to learn the "Trig' and Chemistry!"

—MC—

"Lorna says she keeps all men at arm's length."

"Well, from what I saw going home from snap Thursday night I'd say she had awfully short arms'".

—MC—

"Well, of all the nerve", she said, as she slapped his face. "Don't ever try to kiss me again'".

"All right", he replied, meekly. "If that's how you feel about it get off my lap."

—MC—

I call my girl grapefruit because every time I squeeze hef she hits me in th eye.

—MC—

"Oh, Papa, can you tell me if Noah had a wife?"

"Certainly; Joan of Arc. Don't ask silly questions."

An examination of the football schedule of Washington and Lee University shows that the team of that college will travel 3,800 miles during their 1926 season. The territory covered ranges from Prince-New Jersey to Jacksonville, Fla.

MARYVILLE MEN AGAIN TRAMPLE OPPOSITION

(Continued from page one)

story. Holland, well boys, listen, there is as pretty a linesman as you'll see in a long time. Jimmie stops 'em all, and what I mean they always stay put. We will sure miss him. Then last, but first, comes Captain Gobo. Gobo fought from the first whistle to the last and then a little after that, when some poor boy from Carson-Newman tried to swipe the ball. Gobo played a whiz of a game and we sure do appreciate every play he pulled.

Outstanding Men

Every fellow on the team played ball. It looked good to see Davis and Stone in again. Both men did exceptionally well. Clemens, our rushing half, got in for a short time and made Carson-Newman look sick during his stay. They don't approve of the way Coker runs around end. Youth, the man to fill Gobo's shoes, played a good game and shows real talent in handling his end of the line. Hunt, Maynard and Brock did their duty to a man and showed the old spirit. Corky, and Williams were in for short periods and both men made some neat gains. Bird, and what I mean, he is a bird, played a sure enough game. At blocking, tackling and ball toting he was par excellence Thursday.

Features of Game

The game was much better than the score shows. Maryville made six first downs to Carson-Newman's eleven. There were some queer plays pulled, which were beyond the grasp of the crowd. Good punting and broken field running were the main features. Shorty's longest punt was sixty yards. Twice during the game an excited Parson touched the ball after he had punted and Shorty and Gobo respectively carried it behind the goal line, only to bring it back and put it in play. Not being able to score by this method Shorty tried another. He dropped kicked fifty-eight yards for the first score of the game. Our passing was very poor; we only completed one pass during the game. Passing however, was almost impossible because of the wet ball.

Carson-Newman had one of the best teams we have faced this year. 'Ruby' and Haas are both star backs and caused hearts to quiver more than once by their long gains. Their ground attack was especially good. Time after time they broke thru our forwards for comparatively long gains.

Game

Carson-Newman kicked off to us, Shorty taking the ball on the 30 yard line. After failing to gain, Shorty kicked. Then the Parsons were unable to gain and were forced to kick. McCall misjudged the ball, touched it, and then went behind his goal line picked it up and toted it to the 25 yard line. We again punted and after an exchange of hostilities it was our ball in center field. Our backfield could not breast the Orange and Gold wall, so Shorty dropped kicked 58 yards for the first score of the game. We kicked off to Carson-Newman. After exchanges of punts the quarter ended. Both teams had punted several times when we got possession of the ball on our 45 yard line. Clemens entered the game and made ten yards over left end. Then Shorty went off tackle for about 20 yards and on the following play Shorty tallied. He kicked the extra point. The quarter ended a short time after with the ball in our possession. Half ended Maryville 10, Carson-Newman 0.

Second Half

The second half opened with both teams on their toes. We kicked off. Carson-Newman failed to gain and were forced to punt. We failed to make headway on the ground, so Shorty booted the "baby". Carson-Newman taking it on their six yard

Athenian

On Saturday night, the 20th, Buckalai Sokoloff with his world famous Cossack Hoarsemen will return to the Hill to appear in Athenian.

The program the Cossacks are putting on this week will surpass by far their former entertainment. Compositions and decompositions of Italian Mellow Drama and Russian folk music will be presented in an interesting way by the composers themselves. Featuring the program there will be an experiment in mental telepathy, conducted by the late Professor Cottonvitch of Leninburg.

On the 27th, ''Industrial America'' will be presented in short talks. Be working on yours.

—Henry Welbon, Editor

Theta Epsilon

To tell the truth the editor is very much perplexed this week. When the program secretaries were interviewed they absolutely refused to reveal the nature of the coming program. However, it must be some thing every body will enjoy for whenever they are found together they are laughing up their sleeves.

I won't be able to bear the suspense much longer. You may believe that I shall be on hand out of curiosity if for notihng else. How about you?

Bainonian

Saturday night in Bainonian Hall a program will be given, the subject of which is of vital interest to everyone on the Hill. Even some of the boys are interested in it, but this time only the girls are lucky enough to have the chance to hear it.

Now, really, aren't you all interested in—love? Some of you probably say you aren't, but deep, down in your hearts, you can truthfully say ''Oh, I wish I had some one to love me'', can't you? This program Saturday night is not to be on the modern love, but on love of the sweet, long ago—the poets' loves. Maybe you can get some good pointers on your affair. Don't miss the chance of a life time!

HILARIOUS VOCALIZERS

(Continued from page one)

on having her to work with them. Her piano solos have been received with thunderous applause at every concert.

New men making the Club are Harold, Bowles, Meyers, Crowder and Courtenay. All the others have had from one to three years experience.

THREE EYE CLUB

After a relapse of two years, the Three Eyes have gotten together and reorganized a club. The Suckers from Illinois, the Hoosiers from Indiana and the Hawkeyes from Iowa compose the club. A large representation from these states answered the first call. It is expected that the club will have a large membership. At the first meeting it was decided to elelct officers for the year. Harry Miller was chosen president. His helpers for the year, which is expected to be the best in the club's history, are— Geneva Montgomery, vice president; Eleanor Dohl, secretary and treasurer, and William Hope editor.

A very important position was voted upon Dorothy Broyer, that of chairman of the Social Committee. From now on the Three Eyes will be a club known on the Hill.

Holy Cross College conducts an annual one-act play contest which is open to all students. Five of the plays are selected and produced by the Vagabonds, the dramatic society of that college. The best play of the five receives also a prize of twenty five dollars.

line. Now the fun started. Haas came through for about 35 yards Then Ruby, "the C.N. jewell", toted the pigskin for 20 yards. Haas and Ruby alternating drove thru for another first down. They both went right on working making another ten yards. Ruby carried the ball over, but failed to make the extra point. This made about 92 yards in four first downs. Carson-Newman never again threatened our goal. The game ended, finding both teams very tired.

DEBATE AND SOCCER

(Continued from page one)

Thanksgiving morning when they play off the finals. If we can't have a foot ball game here the co-eds will furnish you a game that will be worth seeing. The teams as they now rank are—Babe Ruth, Bull Dogs, Monkeys, Red Grange, Wild Cats and Snap Dragon.

Fellows if your girl is going to play you want to be out with that still small bass-voice, for it will be your time to cheer. Let's show the pep this year over soccer— for next year it will be an inter-collegiate sport. Let's go, Co-eds, Soccer—sister!

LOWIEST OF CREATURES BITTERLY SCOURGED

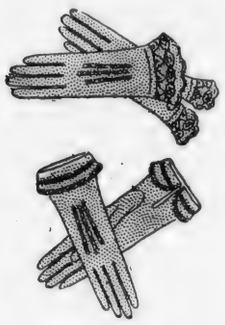
(Continued from page one)

stick, nor powder and I haven't ever found out yet why she used my cold cream on her face when it got chapped last week for it is one of those ''disgusting cosmetics'' too, but she did. Now I'm not saying that I don't think that is a beautiful thought, I think it is commendable in a girl who has a nice clear complexion and some natural color, but Faith Hope hasn't and she really piques me on account of the fact that I have to always be looking at her so much when she really isn't so much to look at.

It would be different entirely if Faith Hope didn't think that she was so good and sweet that it just naturally busted right out in the expression of her face. She actually had the nerve to tell me that if I would think more on a spiritual line of thought that she thought some day that I might achieve a beauty of expression on my face something like hers. I says ''Heaven forbid'', and she told me that she would hate to have such shallowness of character such as the one I have got. Imagine it, me who is a deep thinker and a woman of culture! But Faith Hope is nothing else but a stupid prig if you ask me about it! And it is really disgusting to see how the officials all think so much of her, while all the time she is really not half so good as apparently she is.

When her soap gets down a little more used up than mine she is always continuously mistaking mine for hers, same way with the tooth paste. And she really never does take the hairs out of her comb, everyway I look I see long pale yellow hairs. On the dresser, on my clothes even, and always in that comb of hers, of course Faith Hope's hair is not bobbed. It really is offending to a girl with such anesthetic tastes as I have got and it just rubs all the art in me the wrong way, to see those hairs all around me.

One of the faculty members said to me the other day wasn't it wonderful how Faith Hope didn't leave anything else but good influences around her? And I really did just have to force a smile on account of the fact that I couldn't think of anything she left around me but those long, pale yellow hairs.



I couldn't help noticing a letter on the dresser from her mother to ''Dear little Faith Hope'' saying that if she would just persevere and keep on trying how she might with her sweet Christian influence change her poor ''Amazon'' of a roommate, that maybe that was why she was placed with me. The only Amazon I know of is a river somewhere out in the Arabian jungles and I guess she was referring to the steady stream of abuse that I can't keep from flowing out from my brain off of my tongue towards Faith Hope, like I guess the Amazon river flows.

Well all I can say is that I don't doubt that Faith Hope is going to cause a change in me, but it isn't going to be a change of the mind, —it is going to be a change of the room if I know anything about it.

THETA TO PRESENT FIRST MID-WINTER

Theta Epsilon Leads Off With Humorous Play That Will Please All.

ALICE-SIT-BY-THE-FIRE

Another of James Barrie's Inimitable Productions.

Thanksgiving has past, then comes the Theta Mid-Winter, and after that event comes Christmas. Maryville has a most interesting program of midwinters this season, and Theta sets the pace. On December 5 in the Voorhees Chapel Theta presents ''Alice Sit-By-The-Fire'', by Sir James Barrie. All who have given their allegiance to Peter Pan and who were later delighted by the entertaining characters in ''Quality Street'' will wish to see another play by the inimitable Barrie. The authorship is not the only inducement to attend this mid-winter. Judging from such famous successes of the past as ''Smilin' Thru'', ''The Prince Chap'', and ''Mother Carey's Chickens'', the talent of this society is excellent.

''Alice Sit-By-The-Fire'' presents the humorous situation which arises from the failure of Alice's children to welcome whole-heartedly their long-absent mother, who is distinctly too young to fit in with their idea of a model mother. Whether Alice continues on her gay way or decides in the last act to sit by the fire is the great question. The tickets will be 35c so begin to save your pennies for December 5.

Mrs. Nita Eckles West directs the play and Jeannette Alford is the stage manager. The cast, in the order of their appearance follows:

Cosmo Grey	Kenneth Jackson
Amy Grey	Margaret Lewis
Fanny	Mary Davenport
Ginerva Dunbar, Dorothy McCulloch	
Nurse	Ellen Cox
Alice Grey	Mary Eleanor Welbon
Colonel Grey	John L. Morgan
Steve Rollo	Gordon Jeffries
Richardson	Mary Davenport

Seniors Pay Dearly For Victory

Frosh Give Grads a Battle For Championship Game.

''After the ball was over''. That is a good old tune. Many hearts have quickened and died to itis melodious strains. Monday afternoon it was played twice; once for the Seniors and ditto for the Frosh. The Seniors rendered the prelude and the Freshman the postlude. Both were well given but Seniors won by making a bar that the rats omitted to play. However, with John Morgan in the hospital for a week or ten days, and Ben Blackburn laid up with a broken collar bone, the Seniors give ample evidence that they had no picnic out there Monday.

It was a slap-bang game all the way through with an extra thrill thrown in for emphasis in the last quarter. Both the teams did well, and the whole school enjoyed the fray. It would be unfair to write up individuals because all the men deserve them. However, we want you to tip your kelleys to Julian Johnson, Blackburn, Cook, Pemberton and Myers for the young grads, and Brown, Bailey, Delaney, Ross and McClung for the greenbacks. All these men did exceptionally well. The freshman class is a buster and will make Maryville a

(Continued on page four)

Vesper Choir Shows Improvement Under New Director

There are so many activities on the Hill that we very often do not realize what is being done by all of them. One of the most wide-awake organizations is the Vesper Choir. This organization is made up of thirty-five voices, picked from the best in the school. Miss Benner, the head of the Voice Department, is the director of the choir and deserves praise for her splendid work as a director. The choir meets for rehearsal every Friday night. After learning the notes in the anthems, a great deal of time is spent in learning how the anthem is to be sung. One girl was heard to have remarked that one choir practice was worth two or three voice lessons. The singing of the processionals, recessionals, chants and anthems adds much to the beauty and reverence of the Sunday evening Vesper service.

Work has been begun on the Christmas music. The choir has charge of a Christmas service to be given the Sunday evening before the Holidays.

On Monday night, November 15th, Dr. and Mrs. Stevenson entertained the members of the choir with a party at the House-in-the-Woods. This was one of the most successful parties ever given on College Hill. Getting together in this manner makes a better spirit of fellowship and unity, and everyone came away with a desire to work harder in order to make this year's Vesper Choir the best in the history of the College.

Sniffles and Sneezes Unnecessary

Maryville Doctor Gives ''Low Down'' on Ailment.

You have heard those musical sniffles and sneezes and coughs every morning in chapel, have you not? Dr. E. L. Ellis of Maryville has kindly explained in an interview for the Echo the causes and cures for the numerous colds on College Hill. It seems that our noses, our beautiful Roman, Greek, pert noses are the most important factors in colds. We breathe through our noses twenty-four hours every day and through them we stay healthy or contract anything from pneumonia to croup. Therefore, it follows that we must look to our noses. Dr. Ellis sat in his office swinging his glasses and chuckled as he delivered this conclusion.

''You want to know about colds, do you? Oh, Maryville College colds? Yes, rather a different brand. Causes and cures and results, eh? Um. Well, discussions of this sort wouldn't be needed if you students would eat nutritious food, get plenty of sleep, and put your chest protectors on your feet. I said just that. You're well enough covered about the throat, but you go about with nothing but silk threads between your ankles and the cold. Cold sponges and proper ventilation are other factors of keeping free of colds.

''Well, as to causes. Direct contagion is the cause of 75 percent of the colds in Maryville College. I've seen a supposedly intelligent student cough without a pretense of going for his handkerchief and give all of his neighbors a shower

(Continued on page two)

Highlanders Back From Conquest In Southland

Stands Cheer Flashing Game of Maryvillians.

STETSON 14; M. C. 12

Stetson Team Completely Outclassed.

Don't think from the score that our boys didn't play a real game down South. Anybody in Sanford will tell you that the Highlanders played hard, clean football Thursday, and easily outplayed their opponents. True, we came out on the short end of the score, but the fact that there is something more worth while than the score, to be won or lost in a football game, was vividly portrayed on Thanksgiving Day. Maryvillians, your team is away and above Stetson's aggregation, let the score be what it may.

Take your hats off to the gamest, little man in the South, Shorty McCall. Shorty went into that game with a broken bone in his foot and played the whole game. Speaking of Sand! He ran the team true to form. His passing was accurate and beautiful. The longest pass was 55 yards to Cartwright for a touch down. Sanford fans had never seen a real passer until Mr. McCall cut loose on a running pass.

Every man played his position as becomes a Highland warrior. Gobo and Hunt were good at receiving passes, deadly in tackling, and the fear of the tackles on offensive line plays. ''Pete'' Sneed played four quarters and did the right thing at the most opportune ime. He played his best game and was responsible for many yards gained. Our line could not be pierced, Stetson had to go around or over to gain.

FINAL GAME

Shorty, Gobo, Pete, Harvey and Holland sang their ''Swan Song'' in that game. The six boys are sure enough he-men and Maryville is mighty proud of them. John Crawford could not play because of an infected knee; Harold Bird injured his foot in practice and was out of the game; Jim Holland and John Davis were both sent from the field during the game. The justice of this action is doubtful. We needed these men, and we know how they felt about being kept from playing.

THE GAME

Stetson kicked to Davis who returned it 10 yards. Clemens went

Lofty Suspension of Domestic Fowl Worthy of Note

The Goose Hangs High Monday night. Be sure you see it! Who hung the Goose? See Bob Wood play the villian. Then see the twins hang it up again! They have the dash of the real collegiate, a Harvard man and a breezy co-ed. Nelle Watkins and Gordon Jeffries play the roles, and they lack nothing in being the children of the younger generation. They are equal to any situation even to the point of saving the day by persuading ''Granny'' to come to the financial rescue.

Of course there is a love story and Ed Driscoll, the older brother plays the important part of the lover, playing opposite Phyllis Anderson.

You will like Mother and Dad Ingals who make the sacrifice for their children to go to college, and who really understand and enjoy the spirit of our modern youth. It is a play of youth, and love and laughter, with lots of good fun, half-tragic situations, and realistic appeal.

Don't miss it! Get your tickets early. They will be on sale at both ''Y'' Stores on the Hill, or get them at the door, Monday night. There are no reserved seats. The first man there gets the best seat. The doors will be open at 7:30. Admission 35 cents. Come early and avoid the rush.

It won't be a wild Goose Chase, but a real play. See it Monday nite!

Heartfelt Thanks Evoked

Turkey (?) Finds Gloria in Receptive Mood.

Well, I always did like the way us Americans had of celebrating Thanksgiving and I thought that it would be a good idea if I wrote a little short skit about it. Now of course the other countries mean well by their methods of celebrating Thanksgiving but somehow ours seems so much more impressive to me. I guess its the Indian-Puritan idea that we carry ours out with that makes it so much more uneek and picturesque.

While all over the world they are celebrating Thanksgiving day in their different interpretations of what it means I feel somehow the Lord was watching we Americans, and especially we Maryville College students on account of the fact that he thinks that maybe we are not always as thankful as perhaps we should be for the food that we eat here at Maryville College.

But he need'nt to worry; what I mean to say is that he didn't have to worry on Thanksgiving Day for we college students offered up the most heartfelt thanks on account of the fact that when we went to the table we could hardly believe that we were at Maryville College.

For confronting us from our tables was the most delicious turkey (or imitation turkey. I don't know which, some said it was real some said it wans't) and many other delicious Thanksgiving foods. Why we sat there all during the meal asking ourselves, ''Can we ever thank the Lord enough for setting before us such a meal as this, in Pearson's Hall?'' It will be many a long day before I can forget that

(Continued on page four)

BASKETBALL SEASON NOW SWINGING IN

Interclass Games Breaking Ice For Next Sport on College Calendar.

SENIORS IN LEAD

Win Over Juniors Wednesday Puts Them at Head of List.

The Juniors defeated the Sophomores Tuesday afternoon in the first basket ball game of the season. The score at the end of the half was 10-2. During this half the Juniors were in complete charge of the ball and went through the Soph defense easily, but failed to score more when they had the opportunity. In the second half the Sophs took life and made four field goals in rapid succession which made things more interesting. The game ended 16-11 in favor of the Juniors with both teams finishing strong. Keyes was the outstanding star of the fray. Howard and Swaim also played a good game for the Juniors. For the losers Hopping and McConnaughey played the best game and it was their long shots that brought the score close in the closing minutes of play.

By the rules of the tournament, each team must be defeated twice to be forced out. Let's see each class out there boosting their team. Show your colors!

FROSH BASKET BALL

The Freshman Basket Ball Team made its debut Monday night in a game at Friendsville High, losing by the score 31-26. The game was a fast one and seemed to belong to the Fresh until the last few minutes of play, when Friendsville managed to ring several long distance shots. Stribling played a brilliant game as forward and was ably assisted by Waddell, Hope, Sprouse, Delaney, Chestnut, and Copenhaver. Losing to Friendsville is nothing to be ashamed of, for those boys have played together a lot and are used to their court. The Frosh have the material and should, with a little more practice, put out a real good team.

Maryville Beauties To Be Chosen

Selection of Six Prettiest At Election in Chapel Saturday

The Chilhowean has planned for its feature section this year a Beauty Contest. A very attractive section has been planned and with the cooperation of the students this section can be secured. The plan is to elect the six prettiest girls from the student body by popular vote. Picures of these six will be sent to Mr. R. B. Fuller, of the art staff of Judge and Life, who will act as impartial and competent judge of our fair lassies. He will select the most beautiful of the six. These six girls will have their pictures in the beauty section, with the winner opening the section.

For lack of a better plan, each class will nominate three girls from their number whom they consider to be the prettiest, these meetings to be held the first of next week. Then the twelve nominees will be voted on in chapel on Saturday morning by the student body—to select the six beauties.

It is hoped that the ''old Maryville Spirit'' will be predominant in this election and the students will vote on the six prettiest and nto choose them because of class spirit or like reasons.

LEARN LANGUAGES

We Americans are prone to demand that all other peoples with whom we deal speak English, and we are unwilling to trouble ourselves to learn their languages. This attitude is costing us heavily in our foreign trade, and we err in paying tribute to such a mistaken view.

We print herewith the major portion of an editorial appearing in the Liberty Magazine for October 23rd which brings out this fact. The value of the study of Latin was also emphasized, and no doubt benefit can be derived from such study. However, for practical purposes, we believe that time devoted to study of the modern languages is more profitable than that spent in study of the root languages.

"More than half of the world's business is done in English. Prior to the World War, German ranked second and Spanish third in commercial languages. A great part of the success of the Germans in South America and other countries has been due to their ability to speak the language of peoples with whom they traded, while the English-speaking salesmen have been inclined to insist that those with whom they deal speak English.

Anyone who attempts to do business through an interpreter is handicapped so heavily that his chances of selling are seriously damaged. With radio, airships, and automobiles bringing the peoples of the world into closer and more intimate contact every day, the world is moving rapidly toward a universal language; but, until all peoples speak and understand the same tongue, knowledge of languages is the essence of success in international trade.

The Polish Jew claims to be the greatest linguist in the world because, in order to succeed in business in that ploylot section of the world around the northwest corner of old Germany, the merchant had to speak at least six languages. The Dutch rate high as linguists merely because, being surrounded by five different nations using different tongues, and depending upon them for commercial success, the Hollander is compelled to speak English, German, and French, and to understand Danes, Swedes, and Norwegians. The Swiss merchant doing business in Ceylon, Java, and the islands of the South Seas, does not attempt to force the natives to learn his own language, he learns theirs and gets the business.

is hard to figure. Considering the fact that America's trade with non-English-speaking countries amounts to about two and a quarter billion dollars a year, it is evident that being able to speak the language of those countries counts heavily.

This expansion of trade relations with non-English-speaking countries accents the fact that Americans are losing heavily through neglecting the study of languages, and yet striving to compete with German, Jewish, Swiss, and Dutch merchants who commence their preparation for business with those countries by learning their languages.

No country affords as general or as thorough facilities for learning languages as does the United States, and perhaps no investment is as valuable in bringing quick returns as knowledge of other languages—especially German and Spanish. Yet we are neglecting a basic asset in the commercial world by assuming that our customers ought to come to us and speak our language."

HIGHLANDERS BACK FROM CONQUEST IN SOUTHLAND

(Continued from page one)

over left tackle for 8 yards. Morrison no gain at center. Davis through center 1 yard. Clemens around left end for 12 yards. Sneed then gained 1 yard around right end. Morrison gained a yard over guard. Clemens went around right end for 8 yards. Davis punted 40 yards to Bernard who returned 20 yards. Courtney hit tackle for 10 yards. Pass incomplete. Bernard hit center for 1 yard. Bernard punted 40 yards to Davis. Ball on Maryville's 19 yard line. Sneed went over right tackle for 3 yards. Morrison hit left tackle for 2 yards. Davis punted 45 yards to Freeman. Ball on Stetson's 31 yard line. Freeman gained 2 yards over left tackle. Bernard punted 40 yards. Ball on 20 yard line. Sneed circled right end for 6 yards. Clemens went off left tackle for 7 yards. Clemens then tore through right tackle making the prettiest run of the game, gaining 35 yards. Davis failed to gain at center. Time out Maryville. McCall's pass incomplete. Clemens failed to gain over guard. Stetson penalized for being offside. McCall lost 1 yard at center. Clemens gained a yard at guard. Clemens then went over left tackle for a touch down. McCall failed to make the extra point. Stone kicked off 50 yards to Freeman who returned 23 yards. Courtney failed to gain. Pass incomplete. Bernard punted 35 yards to McCall. 5 yards return. Clemens gained 12 yards around left end. Clemens gained 4 yards over left tackle. Clemens no gain. First quarter ended Maryville 6, Stetson 0. Maryville's ball on the 50 yard line.

McCall ran back from the line and threw a 55 yard pass to Cartwright. Davis gained 1 yard over guard. Clemens lost 2 yards on end run. McCall passed 25 yards to Gobo for a touchdown. Stone failed to kick extra point. Stone kicked off 20 yards to Younger who returned 5 yards. McCall intercepted a 30 yard pass and returned it 10 yards. Clemens hit the line for 3 yards. McCall passed 20 yards to Clemens. Crawford failed to gain. Bernard intercepted pass and after running 25 yards lost ball which Maryville recovered. Maryville pass intercepted. Maryville penalized 15 yards for undue roughness. Lewis gained 25 yards around left end. Lewis circled right end for 11 yards. Bernard thrown for 2 yard loss. Lewis cut back through right tackle for 8 yards. Lewis gained 7 yards over right tockle. Lewis gained 5 yards around end. Lewis failed to gain. Bernard passed to Freeman. Touchdown. Bernard kicked extra point. Stetson kicked off 50 yards to Crawford who returned 14 yards. Crawford failed to gain. Half over, Maryville 12, Stetson 7.

SECOND HALF

Maryville kicked off 50 yards to Freeman. Ball on Stetson 10 yard line. Courtney cut through tackle for 3 yards. Courtney circled left end for 15 yards. Freeman failed to gain. Courtney circled right end for 11 yards. Freeman no gain. Holland put out for slugging. Maryville penalized 25 yards. Freeman failed to gain. Pass incomplete. Maryville's ball on next play. Crawford hit right guard for 3 yards. Clemens went off tackle for 4 yards. Clemens went around left end for 12 yards. Clemens failed to gain. Pass incomplete. Crawford hit left tackle for 2 yards. McCall punted 15 yards out of bounds. Stetson's ball on the 40 yard line. Courtney gained 4 yards off tackle. Davis put out for kicking. Maryville penalized 25 yards. Bernard hit guard for 5 yards. Bernard failed to gain. Courtney circled end for 2 yards. Courtney thrown for 2 yard loss. Maryville's ball. Clemens hit tackle for 2 yards. Clemens no gain. McCall punted 45 yards. Third quarter up.

Laughenthal gained 2 yards. Courtney gained 2 yards at left tackle. Freeman circled right end for 6 yards. Freeman no gain. Courtney went off tackle 10 yards for touchdown. Bernard made extra point. Stetson kicked off 60 yards to Crawford who returned 25 yards. Crawford gained 5 yards at tackle. Crawford no gain. Sneed thrown for 5 yard loss. Pass McCall to Clemens netted 20 yards. Crawford gained 6 yards at left tackle. Pass incomplete. Courtney intercepted pass. Courtney failed to gain. Bernard failed to gain. Freeman gained 1 yard. Bernard punted 50 yards to McCall who passed to Sneed and returned 20 yards. Sneed circled left end for 12 yards. Game ended with Maryville driving for the goal.

8-PAGE FOOT BALL ISSUE NEXT WEEK

All students desiring extra copies of the football edition please notify Earl Storey or Bob Dance by Thursday of next week, otherwise there will be no extra copies printed.

Don't be a goose! See it hung Monday night.

SNEEZES AND SNIFFLES UNNECESSARY

(Continued from page one)

bach of cold germs. And he blames Tennessee weather for the number of colds on the Hill! Drafts, overheated classrooms, damp shoes, over-dressing and under-dressing are some other causes.

"What to do when you have a cold? First, remember that it may, if neglected, lead to bronchitis or "flu" and go to bed for twenty-four hours at least. Take a hot bath, drink all the hot lemonade you can swallow, and your cold will be gone if it hasn't got beyond your control. There's a cold serum that we doctors use as both preventative and cure, but so far its results on all people are not sure.

"You tell those college students if they don't want to be bothered by sick leave and lowered efficiency to take a cold chest sponge every morning, eat nutritious food, get plenty of sleep, and use their handkerchiefs, and the college sniffles will be reduced by half."

The school of medicine at the University of West Virginia is so crowded with out-of-state students who are taking advantage of the cheap medical education to be gotten there, that they are crowding out the medically inclined of the State. The problem is so serious that the plan of raising the tuition for out-siders from $300 to $400 is being considered.

Monthly Style Service

The Justyn By Riley

These days of style are happy days to the woman who takes particular pride in her appearance and especially so in footwear. Have you seen the new shades in Patent Leather, that vogue decrees "the smartest of new trimmings"?

You'll find it cleverly developed in the charming one strap, "The Justyn"—A unique combination of Black Patent trimmed with the beautiful new shade of Abbo Patent, like Chanel Red, or the color of sparkling old wine. This delightful harmony of colors, so different and distinctive can be appreciated only when one sees "The Justyn," Monthly Style Service number for November, in all its loveliness.

food in its unaccustomed environment there in Pearson's Hall.

But that wasn't all we had on Thanksgiving, we had a ''barn-warmin''. Why it was called a barn warmin' I don't know for it was held in the gym which when one comes to think of it though, does to a great extent resemble a barn. But I wouldn't think that they would have called attention to it's shortcomings by such methods as calling it a barn though.

But they did and we had another one of those snaps. It was the second one I had ever been to and it struck me as being just as funny this time as last. To a woman with cultural ideas like I a college is no place to play such games as ''ring around the rosie'' or ''froggie in the meadow'' and that is something like what this snap game is. I really couldn't see anything in such childishness as that seemed to be and what piqued me quite a great deal was the fact that even Faith got more chases than I. It really was the first time I was put at a disadvantage at a party but I guess the boys could tell that to a ''femme du monde'' such as I seem to be no such foolishiness appealled.

Finally Billy who is another blonde that I go with came along and we sat and watched those who had such childish minds and ideas chase each other and it turned out that I had quite a nice time in my own way, which isn't chasing after boys at a party.

So that after all the ''barn warm in'' was quite a success and I've decided that I'll go with Billy now instead of Gaylord as I and he both have great minds.

SENIORS PAY DEARLY FOR VICTORY

(Continued from page one)

lively place during their sojourn here.

The Seniors are now undisputed champions, having won the Big Numbers for four years. They defeated the Sophs 6-0 in the opening game this season. This was the last time we will see them in molesk skins. Sorrow is ours, never again will we see George Lazarus Shanks hold his man in his tracks or make us dizzy with his broken field running. We all appreciate his part in winning the victory.

The Highland Echo

VOL. 12 — MARYVILLE, TENN. FRI., DEC. 3, 1926 — NO. TWELVE

Fine Record Made In Season Past

GLANCE BACKWARD JUSTIFIES PRIDE IN FIGHTING TEAM

Maryville Men Again Show State How to Play Football.

Memory. Thou ever present Spirit of the past, whose power shapes our lives into beautiful live again the 1926 football seawarps and breaks them in your mighty toils; Thou medium that binds us to the past and endues us with the power to anticipate the occurrences of the future, draw aside, we beg you, the skirts of Father Time and let us see and son. Tell us, Memory, the story of the time when Captain "Gobo" led the Highlanders through ten games, losing three and winning seven and made an aggregation of points amounting to 208 against 71 made by his opponents.

"Atoms of animated clay, list to my mellow intonations and you will be granted the boon you seek.

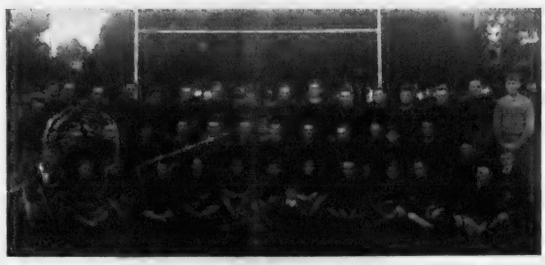
On September 25th the teachers from Tennessee Wesleyan visited Maryville. They, poor pedagogical embryos, did not realize the character or strnegth of their prospective scholars and so had to learn instead of teach. Clemens, a naughty backfield boy tore their carefully arranged plans into shreds by making two touchdowns for 'Ole Alma Mater'. Shorty, Davis, and your youthful Crawford boys showed good in the "hinter" area. The line had not as yet donned their fighting masks, but did good work. Hunt, Taylor and Dunn began their earnest race for a letter and got off well. The game ended with Maryville shouting the score 14 to 0.

A week later the "wee laddies" ventured into the lair of the Kentucky Wildcats. Kentucky was out

(Continued on page five)

J. F. McCALL—"SHORTY"

Shorty gained his fourth letter in this, his last year of college foot ball; and well may it be said that this year has been his greatest. He can pass, kick, run, block and tackle; and in all of these he is good. Running back punts is one of his specialties, and many times he has twisted and turned his way through opposing tacklers for long



gains. He never stops till the whistle blows and even then he is up calling signals again. His passing is par-excellence and many yards have been gained by his ac-

"That reminds me of a little joke I once heard''. Somehow, that reminds me of Coach. Yes, I'm sure it is of Coach I am thinking.

The story is told that when Coach came to Maryville, he stood out on the campus, looked as familiar as the Fountain or Lily Pond and told

(Continued on page eight)

CAPT. CARTWRIGHT—"GOBO"

Gobo has been with us for four years. He played guard part of the first year, but for the past three seasons he has claimed an end position. This year he has led the Scotties through one of their successful seasons, to the State Championship. Gobo is fast getting down under punts and many of the opponents' running plays have been smeared up by his brilliant work. He plays the game clean, hard and fast. Many times we have been thrilled by his snagging passes for long gains. We are proud of your leadership, Gobo. Your services will be missed as the team lines up for the kick-off next fall.

J. HOLLAND—"JIM"

How many times have you seen a headgear thrown toward the side lines, a grim, hard fighting warrior crouch down in the center of our line; and, as the ball was put in

play by the opponents, seen him break through, to savagely bear his man to earth for a loss. Yes, that was Jimmy. He has been a terror for every line he has faced and no line has been strong enough to hold him out. This is Jimmie's third year as a letter man and we can well say his last was his best.

(Continued on page six)

Yes, this is Coach Thrower. He hails from the sands of Texas where he had one year's experience with the inflated pigskin before coming to Maryville.

This Coach is better known to

Good Varsity Material In Ranks of Scrubs

HARD WORKERS AND CONSISTENT TRAINERS MEN TO COACH HONAKER'S LIKING

Boys Finish Wearying Grind

(By Roy Cortner)

As the Scrubs are, so is the Varsity. In other words the success of the varsity depends on the scrubs, for the scrubs are the foundation of the football team. This is true, first because the scrubs are the men who make up the varsity when other players graduate from college and they are called on to fill their places; and second, the scrubs provide the absolutely necessary material against which the varsity conducts its scrimmages.

In the season just past the varsity has been particularly successful, and a larger amount of the credit is due the scrubs. Our team, this year, has trained more consistently and worked harder than any previous team, but let us remember that every scrub has worked just as hard and trained as consistently as any of the 18 men that will wear letters as a remembrance of this season. Up to the

Seniors-Juniors

The Seniors defeated the Juniors 11-9 in a game which was totally Junior the first half but which turned Senior second half and allowed the Seniors to give the Juniors their first set back. This victory put the Seniors in the finals. Johnson and Holland starred for the Seniors while Keyes did the best work for the losers.

Freshmen-Sophs

In the second play of the afternoon the Frosh defeated the Sophs 26 to 23 in a hard, fast game. It was a royal battle from the start. Stribling and Waddell were the scoring aces for the Frosh, while the Sophs kept the points pretty well divided. This game eliminated the Sophs and, advanced the Frosh to the semi-finals.

Freshmen-Juniors

This game was played Monday morning. The Freshmen entered the game rather doubtful but the outcome was not long in doubt, as Frosh started to drop the ball through from all angles. A jinx seemed to hover over the Juniors as

(Continued on page six)

Florida Press On Stetson Game

HATTERS NOSE OUT TWO POINT VICTORY BY BELATED RALLY

McCall Stars as Field General For Invaders; Coach Booed.

Sanford, Nov. 26. (Special)—Mr. McQuillan's school of boxing, otherwise known in college circles as Stetson triumphed over the Maryville aggregation here today to the tune of 14 to 12. When the final accounting was made it was found that the best team lost, but after a great uphill fight against obstacles that would feaze any team—namely a referee and other officials who "could see when they wanted to, and then could not see what they should see."

In the first quarter the Tennesseans gained 45 yards on three plays and then Clemens went through for 35 more and a pass from McCall to Hunt aded 25 more. Two plays brought the ball to the 2-foot line and Clemens then crashed through for a touchdown. McCall failed to kick the goal. The Hatters failed to do very much in this quarter.

The second quarter brought out some brilliant football on the part of the boys from the foothills below Knoxville. On the first play McCall was chased back about ten yards and then threw the pigskin to Cartwright for a gain of 55 yards. On the third down McCalll shot another pass to Cartwright for twenty-five more and a touchdown. They again failed to kick.

Two penalties of 25 yards for roughing, which were uncalled for resulted in Stetson pushing the ball over for their first score. This

(Continued on page six)

JOHN C. CRAWFORD, JR.

John is one of those who lends his voice in singing the swan song this fall. He came to us from Maryville High where for three years he toted the pigskin in such a fashion that all were proud of him. For three years now our Athletic Board of Control has seen fit to honor him with a letter. John is a fast, rangy and elusive half. Few men could show him any pointers on the pivot. He is an especial-

ly consistent ground-gainer after going off tackle, and reversing the field. On this type of play he made 50 yards through the Kentucky line in 1925. John is a good example of hard consistent training and clean living. Nor has he confined his activiities to football

Bainonian

A play and a good one, too! Exciting and humorous! We aren't the only ones who get mixed up in love affairs, for in the play "Jack of Hearts" a three-act comedy to be given in Bainonian Hall Saturday night there are three couples who hardly know who is who or which is which. The cast of characters is:

Mary Hart, known as "Polly" Laura Lewis
Winthrop Hart - - Mildred Apperson
Dr. Hart - - - - Rachel Edds
Mary Robinson, a friend of Polly Jessie Post
Betty Dwyer, who lived next door Lillian Jackson
Jack Pettigru, a cousin of Hart, Nelle Watkins
Rev. John Ames, a friend of Win Phil Anderson
The Maid - - - Anne Martin

Besides the play, there is to be an election of officers for the second term, so it is very important that every Bainonian be present and on time

Theta Epsilon

What do you think of our town girls—both the former and future members? It seemed quite like old times to some of us to hear Ethel Dorn Martin read in Theta again. Then the little girls' chorus of future Theta's make us look forward eagerly to the time when they shall be loyal members of Theta.

This is the time of the year when all Theta girls are very busy. We hear whispers here and there. "Say, have you made that poster yet?" "Heavens! I forgot to send that wire for the Colonel's costume!" and "No, I can't go to town—have to go to play practice!"

What does it all mean? Theta's Midwinter! Yes, you're right, it is the great event of the year our society. If you ever boosted Theta now is the time to show your colors!

Go it, Theta! Go it, Theta!

Athenian

Last week the election for new officers took place. While the votes were being counted, the time was well spent by extemporaneous speeches and talks. The officers for the ensuing term will be:

Julian Johnson, President; H. Gordon Harold, Vice President; Robert Wood, Recording Secretary; Charles Webb, Program Secretary; Jack Cotton, Editor; Hayden Lasater, Sergeant-at-arms.

The program for next Saturday will be:

Invocation - - - - Rober Wood
Alma Mater - - - - Society
Saxophone Solo - James Tweed
American Industries, Dr. McMurray
Steel Mills of Birmingham Victor Jones
Union Stock Yards, Chicago Ira Morrison
Solo - - - - - Impromptu
Florida Phosphate Mines Cyclone Marshburn
Sesqui-Centennial, Philadelphia Robert Jones
Reading - - - - Ernest Ross
Paper Manufacturing T. C. Dickinson

Due to the election of officers last week this program was not given as announced.

Prof. Rogers: (making assignment in Bible Class) "For tomorrow read sections, 19, 51, 62, 68, 70 72"

Shine: (awakening) "Block that punt".

—MC—

"Clemens how did you ever learn to make such deadly tackles?"

"Oh, I used to go with a co-ed."

MARYVILLE FOOTBALL

Maryville stands out among the colleges of our country in more ways than one. In the field of foot ball she stands alone. Almost without exception, colleges that have produced teams of real quality have either bought players, or at least made the tuition very light for them while they were attending the college Maryville has neither paid men to represent her on the grid, nor made discrimination in any way for the football man. Yet year after year she has put out teams that have made things hot for colleges and universities that ought by all the laws of reasoning and logic, to completely outclass her. This has been especially true during the last few years. Maryville has a wide reputation among followers of football as a college that regularly turns out a fighting aggregation.

Credit for this reputation must be given to Coach Honaker. Men who knew football, but don't understand the tie that holds Coach to Maryville, wonder why it is that he will stay where he has to take whatever happens to come along in the way of football material, and make football teams out of that And they wonder even more at the teams he produces out of this chance material; hardly another coach of his calibre in the country would stay where they couldn't get the pick of players to build up their teams, and incidentally their reputation. Coach is doing a real work here. He is proving that a college can play real football without making a commercialized sport out of it, and if a few more institutions would follow his example, collegiate football would rise to a higher plane. Here's to Coach Honaker.

In his work of whipping the men into shape, he is ably assisted by Coach Thrower. Big Bob sets 'em a pace in their work-outs that keeps them on the hop, and puts them in first rate condition. This is vital for a team that expects to play real Honaker football. No monkey business gets by Bob, and as a line coach, he makes the men tear things up. Honaker and Thrower are a pair to draw to.

The fact that the men going out for football here get no assistance toward getting through, makes their effort much more praiseworthy than it would otherwise be. They have to carry the regular college work, and in addition give at least three hours a day to the hardest kind of physical labor. Some of you folks who think your college work is hard ought to take on three hours of as strenuous physical exercise as you can stand, every day, and you'd get some new ideas about what it means to put out. It takes a love for the game, and real loyalty to the college to make the sacrifices necessary to make the team, and the boys deserve all the praise we can give them

And while we are honoring the men who give so liberally to their Alma Mater, let's not forget the scrubs. Here are men who go out and work as hard as the varsity men, take the hard knocks and eat dirt all season, get bawled out more because they haven't the experience or natural ability that the varsity men have, and for it all get from the major part of the student body a little good natured ridicule, if any thought at all. Some of them hope to make the varsity some time, but others are out there who know very well that their chance is mighty slim, and yet they stick with it. Where the varsity man gets compensation for his work by representing the college, and having the chance to win honor for himself and his team, the scrub has only the dubious satisfaction of knowing that he has helped make the team what it is, and that some day he might make the varsity. If you are looking for unsung heroes, look up the scrub roll and you will find all you want.

Without a doubt, Maryville stands alone in the field of football, and we can be justly proud of the record we have set. May we always play clean, straight football, and keep it ever a purely collegiate sport.

Don't Forget Alice

SHE'LL BE WAITING BY THE FIRE MONDAY NIGHT

Now that the Maryville Players have made their debut in the 'Goose Hangs High' it is Theta's turn to climb still higher in the ladder of dramatic fame.

Mary Eleanor Welbon, whose splendid type of work is known to Maryville audiences, takes the lead as the Charming Alice. At times she may be a harum-scarum mother, but this is not the only impression we get of her.

John Morgan very ably plays the part of a patient, understanding husband.

The two stage struck girls, Amy and Geneva having been too often to the Theater, complicate the action of the play. And into this mesh is drawn the unsuspecting Stephens Rollo, played by Gordon Jeffries.

Cosmo is very strong on his aversion of kissing—but come and see for yourself.

Athenian Presents The Show Off

YOU'LL HAVE ONLY YOURSELF TO BLAME IF YOU MISS IT

The Athenian Literary Society has had the reputation of presenting some of the best plays seen on College Hill. We are assured that this year will be no exception.

On Monday, December 13th will be presented "The Show-Off" by George Kelly, a playwright of great note. He has recently been awarded the Pulitzer Prize for the best play of the year

One critic has said "The Show-Off" is one of the best comedies produced by an American author. It's a transcript of life in three acts, producing strains of comedy, humor, admiration, pathos and sorrow.

Many college students make mistakes Aubrey Piper makes a mistake which proves advantageous to the Fisher family. Come and learn how to get paid for your mistakes. You will miss the play of the season if you don't see "The Show Off" Tickets will be on sale next week at 85 each. "A little bit of bluff will go along way."

Prof. Walker holding up a book in Physics class: Does this book have energy?

Hopkins: I don't know, but it takes a heap of energy to get anything out of it.

R. S. HARVEY—"BOB"

Bob is that big boy from up in Maryland. This is Bob's second year of foot ball and he has won that "M" both years. He plays tackle and with that ole left hand of his he has given many an offensive end a hard day. Bob plays consist-

ent football all of the time and is a hard man to keep out of the play whether on offense or defense. We are sorry that Bob couldn't come out for football earlier in his course. Bob you'll be missed in that line next year.

W. D. SNEED—"PETER"

Peter has been out for five seasons, taking all that came his way and giving where he could. He won fame while playing on the Bulldogs during past seasons, but this year Pete was not to be denied. He set out o make that highly coveted letter and

at every call he has made good. Peter, by his persisting in hard work and long training, has fitted himself so that when his chance came he was ready to fill the bill. Luck to you, W. D.

MANAGER CORTNER

Many forces contributed to the cause of a successful football season at Maryville, and as we look back over the season, we see that one of the outstanding boosts to the team has been the untiring and efficient efforts of Manager Cortner.

Cortner's pleasing personality and tactfulness have had much to do with the perfect spirit of co-operation and harmony that has prevailed throughout the entire season.

Globe Trotting Gridmen Emulate Millioniares

BAN ON FAT CIGARS SPOILS OTHERWISE PERFECT ANALOGY

Trip Thoroughly Enjoyed

(By one who has taken it)

Only twenty-two men out of the student body of seven hundred and thirty are fortunate enuf to go on football trips, and they are the only ones who can actually tell just what a football trip is, what takes place, and what feelings are experienced. The others have some conception as to what a foot ball trip is, but to give them a better understanding it was thought a

(Continued on page seven)

Men On Whom Maryville's Hopes Hang For Next Year

GEO. F. CRAWFORD—"CORKY"

"Corky" is the boy with that peculiar, squirming drive, that elusive side step and that momentous change of pace. His specialty is wide, sweeping end runs. He is a marvel at broken field running and with another year before him he should be "a la Grange". His ability to keep his feet on a muddy field has saved the day for Maryville several times.

He is another of the Maryville High men who have made good in College football. He made three letters in high school and is a two letter man on the Hill. He is a fine example of what constant training will do for an athlete. Corky, the torch is yours. Here's to many good gains in '27.

J. I. STONE

"There goes Stone through the line; He's thrown his man for a loss again!" How many times have we watched him do that? Stone has played a star game at center all year, keepng that center safe against gain and by opening up holes in the other line to let our backs through. John has been kicking off for us all year and here, too, his work has been up to the high standardds which he has set. John has one more year of foot ball left, and we are sure that he will be even more brilliant than before in his play during his last year. John is the best center that ever passed dthe ball back on Wilson Field, one who can stand up to any center in the country. We're with you for the biggest year ever next fall, John.

M. L. DUNN

The third member of the "Unholy Three" which is the center of Maryville's line; namely Holland, Stone and Dunn. Litttle Maynard, as the boys call him has made his first letter this season and he has worked hard and faithfully. Maynard keeps the boys in good spirits during practice and on trips. As a guard, Dunn has shown his worth this season. He is in there fighting every second, from start to finish. Maynard has one more year and he should make a wonderful record for himself. We know you can do it, Maynard, so let's go!

H. C. CLEMENS

Clemens is a hard driving back who has gained much ground in every game he has played this past season. He has skirted the opposing ends for long gains. Horace is also an able passer. His interference has let other backs get loose, and in time we expect to hear him hailed as one of the greatest backs Maryville has ever had.

H. BIRD

Harold Bird that hard hitting fullback who is such a terror at backing up the line. Many an opposing back who got through our line and thought he was loose has felt this human thunder bolt strike him. Harold hits the line hard and when called on has always been there to deliver the goods. Bud has made his second letter this year and has two more years on the gridiron. We expect to see Harold a big factor in many Maryville victories.

WILLIAM (TOM) GANN

Tom came to us from L. M. U., where he lettered in football last year. This is his first year on the Maryville team, but he has already proven himself a good tackle. Next year he will be one of our mainstays. Tom is also a ladies' man and should be good on "squeeze" plays.

"KIRK" YOUNG

Last year Kirk helped Everett take the County Championship. He played both as tackle and as full back and did splendid work in both positions. This year he was a "string" tackle. He plays football from the whistle on, and always uses all of his 190 pounds. Kirk has three more years with us and if practice makes perfect, he'll be All Southern.

MAX HUNT

This young nomad hails from Illinois. Max lettered three years in high school and, wishing to make the world recognize his worth, came to Maryville. He is the "play mate" of Captain Gobo. Max is a good end and will win much distinction before he grabs his goat skin. Forward passes and snappy tackles are his specialty.

GEORGE TAYLOR

Last year, one, Flaming Youth joined our moleskin battalions and won a position on the state famous "Bulldog" team. Youth played one year in high school and this is his second year on our squad. Youth looks good at end and will likely fill Gobo's position next year. With two more years to play he will be very valuable to the team.

J. D. DAVIS

This is J. D.'s secnd year as a letter man, and for two years he has shown his worth as one of the best reserve backfield men we have. J. D. is the kind of man a coach likes to have around. He can play quarter or half equally well. His toe can be counted on to send long spirals down the field, and his passes are always accurate. We hope to see J. D. in the thick of the fight next year.

GENE DUNN

Gene, by hard work and training has earned his first letter this year. Last year Gene was a member of the highly touted Bulldog aggregation. This year he graduated from those ranks, and soon he will be the proud wearer of an M. Gene has two more years with us and we are expecting much of him.

J. M. BROCK

This makes Brock's second year as a letter man, and for two years he has been a good man on the line. It makes no difference to him which side of the line he is on, he is always ready to do his bit to win the game. Brock has one more year to play, and we know we shall rejoice with him in his success next year. Let's go, Jim.

THE ODIOUS COMPARISON

After all, it is no surprise that love and football can be played so well by the same people. If you are a star you are bound to get a hand, and to be a star you need only to be praised to the skies.

Without a good line you can be thrown for a loss. If you have a rival on the field when you call, you must be on guard or defensive, for 'roughing it' is penalized. All in all, it is a rough game and usually results in a tie.

The difference comes in the kick-off. If you kick-off while in love, you are thru, while in football it is only the beginning.

—Tiger.

Friends of radioland, don't think that I didn't get a huge kick out of that Senior-Frosh football game!

—MC—

Never again will I attempt to imitate a red-headed ice man from Wheaton, Illinois.

—MC—

She went to a football game with her college friend and after they'd made a touchdown she said without being told: "Well, that's six points for our side."

—Yes, he's doing very well, thank you.

(Continued from page one)

for blood and got it. They played heir hardest and best to beat Maryville 25-0.

"There is no place like home" so home they came. On October 9th Tusculum sent her warriors here. The "ladies from hell" raised the slogan of his Satanic kink and went to work. The spirit of old Kin Takahash. pervaded the gridiron and made everyone alive and eager to do or die. The Highlanders did and the Tusculum aggregation died to the tune of 27-0. Only once did Tusculum enter your territory and then she left so quickly that to this day she believes she had a bad dream. Again the Crawford boys starred making a touchdown each. This game showed a world of improvement in the whole team. The line was impregnable and the backfield swift and sure in its drives.

"Beat U. T.", aroused all to the realization that Maryville was on the field against her old enemy, Tennessee. Talk about fight, why Dempsey would look like drug-store cow-boy, alongside of your boys. Old U T. thought Thor' Mars and the Hindenburg line was on the field against them. They punted, passed, plunged, reared, snorted, swore, spit and cussed, but for three and a half quarters it was to no avail, they could not push the old pill over. Then by muscle and good fortune they managed to inch it over for the only counter of the game. Maryville put up a strong fight and U. T. was fortunate in winning. Cartwright, Hunt, McCall, the Crawfords, Byrd were the stars.

Next in order came L. M. U. The boys mixed the Blue and Gray liberally. Shorty hit his passing stride throwing three 45 yard passes for touchdowns. Our ends, Hunt and Cartwright played a spectacular game. It was easy money for you and ended, Maryville 55, L. M. U. 0.

Then came the King from Bristol. Oh boy how he puffed, strutted and boasted, and oh boy how he got walloped, bruised and busted. Our jewellers dethroned the monarch, whipped his courtiers soundly and seized 6 hexagonal jewels and 6 "clear bars" making the total value 42, and left King 0. It was a grand revolution. Shorty, a wonderful general, made several barrages, Hunt and Cartwright following them closely. Clemens showed his old galloping form. Maryville made 18 downs to the King's two. Holland played a wonderful game at center.

A week passed and then an echo said, 'Maryville beat Georgetown 34-7. Echos never lie. The team played a splendid game. Holland played center. Bird starred, making three touchdowns and on one of them he carried the ball 75 yards to make the counter. Maryville made 20 first downs to George towns 9. Sneed made one touchdown on an off tackle play for 20 yards. "Youth" Taylor played a great game and showed he had the stuff to be a great football man.

Cumberland University then journeyed to Maryville and held you to a 14-13 score. Your boys lacked teamwork and pep.

Then the Fighting Parsons came over for a friendly brawl and lost on the tail end of a 10-6 score. The team played a smart game of foot ball and earned the laurels. Shorty starred again. He kicked a 58-yard field goal for the first counter and also made the touch down. It was Shorty's game from the first to the last thud. Clemens, Taylor, Hunt, Maynard, Brock, the Crawfords, Holland, Young and Bird were the other illuminaries.

Last, but by no means least came Stetson. The team journeyed to Sanford, Florida to meet their "mad Hatters". Your team outclassed Stetson and looked like a million dollars. Davis, McCall, Clemens

Good Varsity Material in Ranks of Scrubs

(Continued from page one)

they won two and lost one. In the game with Walland the scrubs succeeded in running up 12 points against the Leathernecks after some good interference, and side-stepping of the huge cornstalks that puzzled them.

Next in line came the game with Hiawassee where the Bulldogs won by an 18-6 margin. Here the headwork and generalship of Pete Sneed, quarterback was outstanding This cannot be called another year as scrub for Pete, because he has seen much action in the varsity games. He has received his writ from both branches though as he is graduating.

Finally the scrubs journeyed to Knoxville the day the varsity played King, and lost to the Frosh 28-0. They did not have the same bunch that went to Hiawassee, however.

Particularly notable among these followers of the pigskin sport is the veteran Maryville High center, Rhea McCall. He is a brother of the well known Shorty and promises to be a real mainstay in the line.

Next we are grateful to our little assistant coach of two years past for having sent us a man like Morrison who has made a good impression as a coming full back. He has the old spirit that wins— Stick-to-it-iveness. Perhaps "Peanut" Bond instilled that into him when he sent him here.

And John McConnaughay, better known as Punk, is out there doing his bit to help manage and also to develop a winning team. Punk is a hard worker and in very good standing with all the team.

Hope is also showing some real stuff and is going to give somebody a scrap for a tackle position next year.

"Flash" Williams, who has seen some service in the varsity games, has also helped the scrubs in their season. He is a fleet footed lad and has the makings of a real half.

This list might be continued at length but since I'm allotted only a limited amount of space I can't note the fine points of each, individually—I can make mention of the following—Bob Anderson, center; Biggs, and Morton, guards; Rosa and Cherry, ends; Headrick, Miller, Halfs, and Fat Lewis, tackle. There are others too, and all of them are worthy of mention.

And what if a man does spend a part or even all of his football career as a scrub, does he get anything to compensate him for the time and energy thus expended? YES. Besides the satisfaction of knowing he has helped to produce a winning team for his Alma Mater, he has built up for himself, physical stamina and endurance, he has gained in alertness of mind, and has learned the first principles of a successful life—stick-to-it-iveness.

It is true that the honor and glory of having been a player on the varsity of his College is not there, but as Coach Honaker says, "a scrub gets more—yes far more out of football than the Jelly Bean who comes out and sits in the grandstand to tell his co-ed where this or that man out there sweating is failing to do his duty". Let's take our hats off to the scrubs, they're very deserving of your praise."

FLORIDA PRESS ON STETSON GAME

(Continued from page one)

was accomplished on a pass to Freeman. The next touchdown followed shortly after. With the Hatters leading by two points.

A last minute rally by the Maryville team carried the ball down the field, with McCall passing with great accuracy. With one minute to play McCall shot out a long pass, but it was intercepted and the game ended.

The one feature of the game was the brilliant work of McCall at quarter. He was the outstanding star of the game, followed closely by various other members of his team.

And the most disgusting feature of the game took place in the last quarter when McQuillen pulled Young from the game. When Young came to the sidelines McQuillen rushed out and tried to slug him. This brought loud catcalls from the spectators, who saw in the coach's tactics one reason why the Hatters won.

alone. His honors are as numerous as those of any other man on the Hill. John, your Alma Mater is proud of you, because of your spotless character and your unequaled reputation on the gridiron.

Frosh Emerge Victors From Basketball Tilts

(Continued from page one)

last day of practice you could find a large proportion of these men out for practice, who answered the first call in the opening of the season. That is the spirit that produces winning teams.

The scrubs' schedule this year consisted of three games, of which they missed several pretty shots. The outstanding stars were Blankenship for the Juniors, and Stribling for the Freshmen.

Waddell (capt)) 11		Chandler 0
Stribling 12		Blankenship 11
Chestnut 0		Swaim 6
Hunt 6		Keyes (capt.) 0
Delaney 0		Young 0

Subs: Frosh—Hope; Juniors—Gann.

Freshmen-Seniors

Then came the Senior vs Frosh games. The first game was taken by the Frosh 27-18 and as each team had been defeated once a play-off was necessary in which the Frosh again were victor 50-10. In the first game, the teams were pretty evenly matched, the Frosh coming from behind to win in the second half. The second game was a mere track meet with the Freshmen scoring every time they turned the ball loose toward the basket, while the Seniors were forced to watch their best efforts roll around and finally fall outside the rim. Stribling and Hunt were the big guns for the Frosh marksmen.

The Box Score of the last game was as follows:

Freshmen (50)		Seniors (10)
Hunt 28		E. Johnston 4
Stribling 12		Rosa 2
Waddell 6		Harvey 2
Hope 3		Holland
Cherry 2		Pemberton

Subs: J. Johnston for Pemberton.

JIM HOLLAND

(Continued from page one)

He has been in every play and he has never stopped fighting nor digging till the whistle had blown and the ball was dead. Jim, you've played your game well, and Maryville feels that she loses the services of the best guard she has ever had when she loses you.

ELIGIBILITY RULES

Article IV of the By-Laws of the Smoky Mountain Athletic Conference states, among other provisions, that a student to be eligible for athleic participation must (1) be pursuing a course of at least twelve hours per week and have presented as many as fifteen Carnegie Units for entrance; (2) have attended the Conference college for one year if during the year preceding his matriculation here he has participated in any part of a "varsity" game at another college or university; (3) have matriculated on or before October 1st., and in case he has withdrawn from a Conference institution during a session, must have completed a college year from the time of his withdrawal; and (4.) be in good scholastic standing at his own institution.

Y. W. C. A.

The Y. W. C. A. will hold its meeting Sunday afternoon at 1:15 in the chapel instead of in the Y. W. auditorium. It will be a very special musical number, an International Music Festival. Several of the different nations will be represented in costume and and musical numbers of the many nations will be given, both instrumental and vocal. It promises to be one of the best meetings of the year. Every girl is cordially welcome.

few pointers on the trip to Florida might prove interesting.

Every man who has taken a varsity trip will say that he has derived many benefits from it. These benefits cannot all be enumerated here but the thing that underlies the whole trip is the fellowship and school spirit and loyalty that each man feels more vividly than at any other time.

In giving a summary of the Florida trip, it is hard to know just when it started. For the boys who had never made a varsity trip, it began when Couch read their names off the night before leaving. To the others it began possibly at Armona, where the Southland was caught, mounted, and commandeered, after an hours waiting. The little group of loyal backers gave us a grand send-off, and as the train pulled out for Florida, cries of "beat Stetson" rang in our ears.

We had a private Pullman for the trip, an L. and N. official accompanying us. He, the twenty-one players, two coaches, manager and porter made up a party of twenty six, not mentioning the two other passengers who frequently occupied our car. After a good supper in the diner, which was a new and pleasant experience to some of the boys, every one occupied himself some how. It is not too early here to mention the Victrola that accompanied us, because it started playing as soon as we were on the train and hardly stopped until we again reached Maryville. Pieces were played and replayed, "Carolina' and "Women", being especially popular.

Atlanta was reached about ten that night. The train just stopped long enuf for Mr. Hunnicutt to give us some candy and talk to Maynard, and not quite long enuf for William to phone his girl friends in the city. To relieve the suspense however, he paid 80c for taxi fare and was again abroad the train before it cleared the city limits.

Then to bed with the Victrola still going strong. Next morning found us sin Southern Georgia with nothing in sight but pine trees, negro huts and buzzards. The boys interested themselves in various ways during the day. Shorty, Horace, and the other Romeos wrote letters as long as the Pullman stationery held out. They also read a few letters which they had received by a better way than by mail. Pete sat and dreamed of making long end runs, Maynard raised a racket from one end of the train to the other, some red books and papers, some played rook, etc., and the rest were on the observation car.

Jacksonville was reached in due time and after a short stop, we sped towards Sanford. The country was getting much prettier now and we country boys who had never been to Florida began to crane our necks and get an eye full. Orange groves and palm trees began to appear. Also a decided change in the temperature was noticed, most of the boys being coatless by this time.

Sanford was reached about 4:30 p. m. and we put up at the hotel. A short workout was held on the field, then supper, and everyone was free until 10 that night.

Movies, car rides, and walks being the chief methods of amusement. The next morning the town was pretty well explored by every one. Some went to a football game between two high schools, some went to the celery fields and others hodaked about the city. The Maryville friends were very kind to us, showing that they still retained the true Maryville spirit.

That afternoon the game (already reported on) and then a bounteous Thanksgiving supper. Then the movies, or other amusements. It was easy to understand how the Telegraph Company can afford to operate after watching Clemens and Gann dictate their messages after the game.

The train left at 3 a. m. Friday morning with no one missing. The rear of our car looked like a tropical garden with the palm leaves and sacks of oranges and other Florida relics packed on it. Friday was a long day and was spent as best one could. Gobo and John Crawford were on the sick list and spent their time in bed. The observation car was a popular place all day, the boys propping their feet on the rail and feeling like millionaires.

It was a rather tired crowd that finally reached Maryville at 11:00 o'clock Friday night. The trip was over, the Victrola stopped and every one voted it had been a good time.

Only the high spots of the trip have been mentioned, but we hope it will give you a good idea of the kind of time we had on the trip. It might be said the trip was educational. Now if we can only make the Professors look at it that way.

Buy all your music from Clark & Jones, Knoxville.

HIGHLAND FLINGS

—MC—

The football captain,
Won his game,
And heard the
Bleachers cheer—
But he had to stay
Behind and try
To find his missing
Ear.

—MC—

He: "Do you think the backfield is fine?"

She: "Yes, the entire grounds are beautiful."

—MC—

Few insults equal that of using all second string men in the last quarter.

—MC—

"How did the college get such a bad name?"

"More men reported for football than were enrolled in school."

—MC—

Football Fan (at big game): "They say the fullback is going to kick off".

Vapidly inane one: "I didn't even know he was injured.

—MC—

Correct this sentence: "Her boodle is on the football team, yet she never tries to let all the stadium know it."

—MC—

The melancholy days are here
The saddest of the year
When all your football tickets
Are four miles in the rear.

—MC—

There must be something in athletics We never heard of a star football man failing to pass his exams.

—MC—

Two halves make a whole, and the fullback goes through.

—MC—

Pete: "Just to think, I promised my mother I would never be a football player."

Coach: "Well, I think you've kept your promise."

—MC—

Bird: "My chief trouble in football is that I have no prowess."

Gann: "Well, your father's rich; why doesn't he buy you one".

Fine Record made in Season

(Continued from five)

Hunt and Gobo were the outstanding stars. Your line could not be broken. Stetson was mighty lucky to win.

Now folks I can not give you all the dope, neither can I tell you about each man. Stone, Young, Harvey, G. Dunn and Maynard, Youth, Hunt and Hope are mighty good men. You all know most of them and realize their worth, but please watch. Young and Hunt and you'll hear a lot about them next year. Sneed and Williams are two good boys. Pete leaves this year and we are sorry to see him go. Williams will bear keen watching. Also Morrison. Gene and Maynard will show you some real guarding next year, wait and see. Davis is going to make you a smart quarter next year. Kiss Holland, Harvey, John, Gobo, Pete and Shorty goodbye and give 'em a hand.

That is all, Father Time's legs are getting cold so I must start on. Next year I'll return again and will be glad to see you all.

PLAYERS WRITE-UPS

(Continued from page one)

curate tosses. His punting is a factor which will be sorely missed next year. We can not estimate his value to the team or in its success this season. Several writers have named him as their selection for quarterback on the All Southern team. He stands without a peer among the quarterbacks who have for Maryville and we regret that he has played his last game for the Orange and Garnet.

—0—

(Continued from page one)

those who spoke t him, "I'm Coach Honaker", in a very disinterested manner.

Well, he was Coach Honaker and the College, the students, and townspeople have all learned to be mighty proud of him.

What does a Coach mean to Maryville? Well, in brief, he means everything in athletics. He is the life of a team, the central point around which a team is built. Maryville had formerly lost a majority of her football games and also contests in other sports because she lacked that extra man—"The Coach".

Coach has developed several men here who have made splendid records, though at the beginning they had no apparent natural ability. His teams are fast becoming traditional.

Coach has made football, basketball and track outstanding sports at Maryville, demanding at all times clean athletics, and of course that means clean athletes.

Ex-Captain Hamilton says of Coach: His success is due to his likeness to "Little Jeff" who cut two holes under his door for his two cats—when he says scat, he means S C A T.

Thrower

everybody on the Hill as Bob because he is the type of man who makes one feel that he is just a regular fellow, and that a longer handle would be superfluous. He is by all odds the huskiest man on the Hill.

Bob played four years on regular varsity and was without doubt the best tackle Maryville has ever had. When he had received the sheep skin folks began to realize how much they would miss BOB, and the college authorities asked him to stay here to coach the line. This was a welcome relief to Coach Honaker, because he had more work than he could do. Bob did stay as you all know. Even the greenest Freshman knows what Bob means to the football team. Bob has done his share for clean athletics well; first, by his displaying four years of clever football to the spectators, and now, by having his men display the same cleanness.

The Highland Echo

VOL. 12 MARYVILLE, TENN. FRI., DEC. 10, 1926 NO. THIRTEEN

JOHN STONE CAPTAIN FOR 1927

THE SHOW OFF MONDAY EVENING

"A LITTLE BIT OF BLUFF"

Come Out And Forget Your Worries and Cares.

Last Monday night everyone had the opportunity of attending a really entertaining play, "Alice Sit-by-The Fire", the Theta Epsilon's mid-winter. The excellent acting of the Theta players has surely given the other societies a high standard to uphold in the presenting of their mid-winters. However, the Athenian play, "The Show-Off", promises in every way to equal if not to surpass the Theta presentation.

"The Show-Off" is the best play that has ever been written by George Kelly, who is one of America's greatest modern playwrights. This play was hailed as one of the best American stage comedies ever produced immediately after its appearance in 1924 at the Play House Theatre, New York City.

The play is woven around the character of Aubrey Piper who is a jolly, carefree sort of fellow, whose main principle in life is that "a little bit of bluff will go a long way." His characteristics of prevarication, braggadocio and egotism provide amusement and entertainment at every turn of the action. Aubrey sets the pace throughout the play and the action follows. By a thoughtless remark he sets the plot in motion by giving his brother-in-law, who is an inventor, an idea which later proves very valuable to him. From here on we are led through a delightful intermixture of humor, romance and pathos. A doting wife, a rather satirical and philosophical mother-in-law, an inventive brother-in-law and several other in-laws, help to make this one of the best comedies ever staged.

The part of Aubrey, who is the "show-off" in the play is handled by Paul Meikle, a college player with an established reputation as a reader and character actor. The cast in the order of its appearance is as follows:

Clara - -	Betty Jane Sharp
Mrs. Fisher - -	Betty Keown
Amy - -	America Moore
Frank Hyland -	John Crawford
Mr. Fisher - -	Robert Wood
Joe - - -	Gordon Harold
Aubrey Piper -	Paul Meikle
Mr. Gill - - -	Stirl Rule
Mr. Rogers -	Walter Courtenay

The play is directed by Mrs. Nita Eckles West. Lamar Milling is stage manager. Tickets cost 35c each. Place: College Chapel. Satisfaction—assured.

RESOLUTIONS

Whereas God in His Infinite love and wisdom has seen fit to call unto himself the mother of our dearly beloved classmate, Phyllis Anderson, we the members of the Senior Class de hereby tender our heartfelt sympathy, and resolve that a copy of these resolutions be read in chapel, a copy printed in the Highland Echo and a copy be sent to the bereaved family.

Signed:

Paul Meikle,
Nelle Montgomery,
Rebecca Torrey,
Committee.

Five Million Dollars In Five Weeks

GIVE HEALTH

Seal Your Christmas Letters And Packages With Christmas Health Seals.

By Dwight S. Anderson

Penny by penny, dime by dime, five million dollars is the sum to be raised in the last five week of 1926 to fight tuberculosis. Five hundred million pennies; half a billion Christmas seals—what a tremendous undertaking this must be!

At least 150,000 people, it is estimated, will volunteer part or all their time during this period. They are drawn from every walk of life. Perhaps a banker in Texas acts as treasurer; the governor of Wyoming endorses the job in a proclamation; while 876 school teachers in Minnesota take charge of the sale in their communities, and 6,146 school children in Butte scamper from house to house with seals in their hands and "Please buy" on their lips. Women's clubs as well as men's frequently cooperate in a body, sometimes handling every detail of the campaign. The list of local workers is often a roster of the public-spirited people of the locality. Catholic and Protestant, Gentile and Jew, Democrat and Republican, step from their separate paths to join the line of those who sell as well as buy Christmas seals in every city, town, hamlet and cross-roads in the country. More than 3,000 such groups are now ready for the campaign.

The Christmas seal is now 19

(Continued on page four)

Perceive, Peruse And Ponder

WHAT DO YOU THINK ABOUT THIS, MEN?

Football As A Co-ed Sees It.

Football is a grand old institution, according to the co-ed's point of view. How could a very interesting co-ed possibly while away the time between the opening of school and Christmas holidays if it weren't for football. How could one talk to a handsome but dumb masculine creature if it weren't for football? He doesn't know about the latest books, he's indifferent to the people one hates, he is perfectly law-abiding and peaceful; but the subject of football comes up and this masculine clam opens and raves. Then this wise co-ed puts on a most interested air and agrees at the proper intervals. He goes away thinking what a beautiful and intelligent girl she is, and she goes away knowing that she has a date for the next football game.

A football game is one of those rare occasions at which the co-ed can with propriety and becomingness wear "most anything". She can wear her Sunday best and be the envy of her neighbors on the bleachers, or she can wear sneakers, and sweaters and top it off with her date's cap and nobody cares. Football games have an immense advantage over more formal entertainments, for one can talk there at any and all times and not be considered noisy or unlady like.

(Continued on page two)

FOOTBALL BANQUET

Our annual banquet is over and we have the business men of Blount County to thank for the wonderful feed and enjoyable program which was tendered to the Maryville College Football Squad, the Coaches, and the Senior lettermen from the High Schools of the County. Maryville High, Alcoa High, Everett High and Walland High were represented.

The program was short and snappy with each speaker trying to out do the preceding ones. Dr. McMurray acted as Toast Master and Ed Harper held down his usual place as time keeper. Other speakers were Capt. Cartwright, Dr. Hunter, D. W. Proffitt, and the High School coaches.

Following these John Stone who was elected unanimously to the post of captain for next year, was called for and he prophesied a successful season. Then as guests of Mr. Everett the fellows concluded a very enjoyable evening at the show.

Three cheers for our Blount County Business Men!

Seniors Revert To Childhood Again

GOT A BIG SOCK?

To Frolic With Santa Over At Johnny's Next Wednesday.

Perhaps it is the association of names, perhaps it is the sacred and peaceful atmosphere of the yuletide season, or perhaps the spirit of sacrifice and giving—whatever the reason, there is a very special loveliness about Christmas—there is joy and zest for all.

Seniors, let's get into the true spirit of the season. Oh! What a thrill and bustle it is of getting ready for that Christmas Party.

Santa Claus will be there—will you? He has already left his cold, northern home and is expected to arrive at John Crawford's home, Wednesday, December 15th where

Y.W.-Y.M. Christmas Play Saturday Week

"THE CHRIST CHILD COMES IN"

In Keeping With Spirit of Season, This Play a Gift to Students.

"Every day in every way we are getting——" finish it for yourself. Perhaps it's "broker and broker" or tired-er and tired-er of studying. If you feel that way about it, here is some news in which you will be interested.

It's going to happen on Saturday night, December 19th, the last Saturday night before the big holidays begin. Y. M. and Y. W. will present a two-act play—"The Christ Child Comes In" by Catherine Kester. This play is very much like Zona Gale's "Neighbors"—if you happen to be acquainted with that bit of drama.

What do you like in a play? Love? Humor? Pathos? Everything in short, "from the sublime to the ridiculous"? Then come to see "The Christ Child Comes In". It provides all of these, and thru it all is blended the story of the first Christmas—a star; a mother and child; wise men offering gifts; carols being sung; a peaceful town. It is the story of ordinary people in ordinary homes—just as Christ's parents were of the common people, and His first home was very lowly—yet, these people do some rather extraordinary things. For instance, come and see how John Affer—poor lovesick boy—overcomes his stuttering.

There are two other facts you

The Real Lowdown On Foot Ball Men

GLORIA EVIDENCES ACUTE NORDIC COMPLEX

Says Make Dates Any Time, Boys.

Well midst much excitement, happiness and interest the football season has dropped to a complete close on account of the fact that this is the end of the football season. The season has been very successful for we Maryville College students as we have had such big, strong, brave football boys which makes a good football team.

And I do think that if it is our team, they certainly are the handsomest boys for a football team that I have ever seen. And they were so courageous, too. I mean for such good looking boys. They didn't seem to be one bit afraid of the scratches and broken bones and everything! Didn't seem to think one time that a broken nose might be sustained in those fights. I used to look at Horace Clemens and just tremble for fear something would happen to his face which bears such a close resemblance to that of a Greek God that along with his figger could almost be taken for an imitation of Appolo.

And I always did think Gobo Cartwright would make such a good looking blonde. I always did like curly blonde hair, and I can just imagine in my secret imaginations how that I could forget Gaylord and all the rest of them wih-

(Continued on page four)

ALUMNI-VARSITY GAME TONIGHT

Formidable Line-up of Former Stars Promses Tough Battle For Varsity.

HOLD 'EM—FIGHT 'EM!

Tentative Season Schedule Posted by Manager Marion.

For the past three weeks about twenty men have been working out daily under the capable hands of Coaches Honaker and Thrower. During this time the fundamentals of of the game have been gone over, and each practice shows improvement in the passing and shooting of the men who remain on the squad.

There were about forty-five or fifty who answered the first call and after two practices during which Coach Honaker sized up the material he cut the squad to about twenty men. There are still a few who will report after Christmas and there will be another cut then.

The squad at present is working hard in preparation for their opening game which will be played Friday nite with the Alumni as their opponents. This should prove to be a very interesting as well as a hard fought game.

The Alumni will present a number of ex-Maryville basketeers and all of them in the past have been court artists of note. Among them are: Jean McMurray, now coaching at Rockwood, Shorty Sneed, who is coaching at Harriman, Pat Shores, the Maryville High School coach, Bob Thrower, our little coach, "Doc" Feeman who used to play and later coached here at Maryville, D. W. Proffitt and R. O. Smith, town men, who will also show their stuff. Besides these men the old stars will probably have a couple of 'dark horses' to help them in case of need. They'll probably need them.

The starting line up for Maryville is uncertain at present. Captain Veech will be at his regular guard position leading the team and setting a fast pace for his team mates by his fighting spirit. J. Davis may start at center with Dale Marion at forward, and both of these men, we are certain, will give good account of themselves. With these three men as a nucleus Coach Lombe will build his five.

Besides these three already mentioned. there are: Keys, Johnson, Rosa, Snow, McConnaughey, Waddell, Stribling, Mann, Hunt, Delaney, R. Davis, Hope, Candler, and Cherry, all fighting hard for a place.

Our manager, Dale Marion wishes to announce a tentative schedule.

Dec. 18—Johnson Bible College, here

(Continued on page four)

SWIMMING PROSPECTS ON THE UP TRAIL

The Swimming Pool has been disabled for about three weeks now, the roof having been condemned by architects. Heavy iron rods have been ordered, however, and it is hoped that these and other repairs will be completed by the end of the holidays.

As soon as the pool is opened in January, a life-saving course will be started, and tests will be given before the end of the month. Training for an intercollegiate meet will also commence. Peabody probably furnishing the opposition.

A WIDER VIEW

A majority of college students fail to realize that there is a difference between a conference and a convention. The former is a meeting for consultation, for discussion, for interchange of views and opinions while the latter is a meeting in which the views and opinions of others are promulgated through addresses and lectures.

There are some who look with disdain upon conferences, however if they would think for a moment they would realize that such gatherings are necessary. Students are finding that they can not live in their own small sphere any more. Their influence extends far beyond the place in which they live. Matters of local interest are matters of national interest, problems of local aspect have a more important national aspect, questions provoking local thought and discussion are also provoking national thought and discussion.

One clearly sees the futility of trying to get at national problems with only local opinions and solutions. Certainly the only logical method to deal with matters of national interest is by a national gathering, in which all views and opinions presented are combined to help toward the solution.

Such a conference will be held at Milwaukee from December 28 to January 1, the main theme being, "What Resources has Jesus for life in our world?" Addresses throwing into contrast the actual world-life which we have built for ourselves and the ideal which Jesus held that life might be, with leaders of national and international reputation, such as Henry Sloane Coffin, Reinhold Neibuhr, Charles W. Gilkey, Glen Clark, Richard Roberts of Canada, T. T. Lew of China, G. G. Kullmann of Switzerland, Howard Thurman, and G. A. Studdert-Kennedy of England to stimulate thinking; discussion groups under the leadership of sixty men and women, who have been carefully selected from the entire country because in summer conferences and on campuses they have proved their expertness in guiding free and profitable discussion; forums to take up under expert leadership, aspects of campus, personal and world life of peculiar interest to them; all these will be the means of answering the questions contained in the theme.

This conference will be more far reaching in its results than it would apparently seem. Student opinion of today guides the thought of tomorrow. Maryville is fortunate in having six representatives from its student body at this conference to get what these meetings have to offer, and to bring back to the campus specific knowledge about the resources Jesus has for life in our world.

Have you ever heard our band and orchestra perform together? Then you should visit Carnegie just after supper. However, we wish they'd all decide to play the same tune at the same time for a change.

HIGHLAND FLINGS

—MC—

Gene Gabbard from Ky. Where are you from?

Doc. Morrison: Chicago.

Gabbard: Let me see your bullet wounds.

—MC—

Wagers and Brock are joint owners of a campus chariot. Brock owns from the front seat to the radiatar; Wagers from the back of the front seat to the rear end.

Pardon this little introduction, it is prerequisite to a rationalized comprehension of the sequent exemplification of superabundant facetiousness, to wit:—

Brock: Why don't you buy gas sometimes? Or fill up the radiator?

Wagers: Why should I? If you keep your end going mine will come along all right.

—MC—

Some of you girls ask Chilly Bowles to show you his trick tooth.

—MC—

Frei: Some people don't seem to be able to distinguish between the Swiss and the Swedes.

Jensen: Anyway the ladies prefer the blondes.

—MC—

In a letter to Bob Jones, from back home: "I guess you've forgotten all about me now?"

Bob's answer: "No, I am taking a course in Memory Work.

—MC—

Who said this?

Perhaps maybe Herr Fraulein Layman will read now.

—MC—

The greatest contrast known, John Wriggins, the coatless wonder and Osborne who is never without his overcoat.

—MC—

It maybe hard for a rich man to enter the kingdom of heaven, but it's dead easy for him to get on the board of trustees of a church.

—MC—

Billie Crawford in Alpha Sig. election: I contest the ballot. Frei here voted four times.

Frei: Yes, we've elected a President, Vice Presidnt, Secretary, and Editor and I voted each time.

—MC—

Yes, Gloria, we have them in Carnegie too—only worse.

—MC—

Girls, the skin you love to touch is fast becoming hidden under individual coffee strainers.

—MC—

No other co-educational institutions equals matrimony, not even Maryville.

—MC—

Young Hopeful: What does marriage mean to you?

Dr. Gillingham: Just another change in my class roll.

Perceive, Peruse and Ponder

(Continued from page one)

But the co-ed would like to change several things about the game as it is now played. The uniform, for one thing, is so disfiguring. The shoulder pads make any Apollo look like a gorilla, and his legs would look so much nicer in stockings. Yes, the co-ed would like to see the players dressed in tights, perhaps—tights are dreadfully romantic on the bareback riders in the circus—or dressed in polo costume because that is so clean and English looking. The referee might call time out every five minutes for the players to put Stacomb on their hair and wash their faces. Then football would be so much prettier and nicer and the co-ed would enjoy football more, even if her escort would not.

Reservations in the class of 1944 of Georgia Wesleyan College have been made for Miss Laura May Fincher, aged six months, of Atlanta, Georgia. The news dispatch does not state whether the prudent Miss Fincher has her date for the Senior Prom.

Man-power

The laboratories and shops of industry are the sources of many of the enduring attainments of our times. In the General Electric organization is an army of 75,000 persons, co-operating to make electricity do more and better work for humanity.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-18.

Four millions of the best man-power of Europe perished in the Napoleonic conquests. Military conquest is non-creative, while industry is always creative.

In the last ten years one American manufacturer—the General Electric Company—has created machines having a man-power forty times as great as that of all the lives lost in the Napoleonic wars.

In the years to come, when the college men and women of today are at the helm of industry and of the home, it will be realized more and more that human energy is too valuable to be wasted where electricity can do the work better at lower cost.

LITERARY SOCIETIES

Bainonian

Last Saturday night in Bainonian the officers for the second term were elected. They are as follows:

President - - Bonnie Hudson
Vice President - Eleanor Collins
Secretary - - Eleanor Dahl
Critic - - America Moore
Publicity Chairman - - - Mary Nuchols
Sergeant-at-arms - - Gene Wood

The progrom secretary and editor will be elected at the meeting this Saturday.

The program wll be the three-act comedy "Jack of Hearts" which we were unable to present last Saturday. Come and get a good laugh and you'll feel much, very much better.

Athenian

The principle feature of this Saturday's program at the Athenian is to be the official installation of the recently elected officers. Several extemporaneous numbers will provide additional entertainment for all those present.

Theta Epsilon

Now that our midwinter has come off so successfully the question is what next?

Christmas of course!

Come to Theta Saturday night and get some of the real Christmas spirit. Sometimes it seems that college life doesn't allow us to have time to think of even such great things as Christmas and what it should mean to us. Remember, girls Christmas is more than going home for the holidays. And don't forget that we elect new officers Saturday night, too.

Alpha Sigma

The Frosh are to take the helm at Alpha Sig Saturday night, and we are assured of a snappy program. All out, you loyal Sigs.

The following are the contestants for your attention and appreciation:

How It Feels to be a Freshman - Ed Sprouse
Vocal Solo - - "Chilly" Bowles
The Kentucky Derby - - - William Rodman
Athletics at Maryville - Mr. Towe
Piano Solo - - Allan Herdeman

Seniors Revert to Childhood

(Continued from page one)

the Seniors will be gathered to meet him. It is said—but this is a secret, so don't tell naybody that he is going to give each Senior a present.

Programs and refreshments have been planned to satisfy the various desires of each Senior on the Hill. So out Seniors when you hear the Jingle Bells of Santy.

If you don't believe us, you can read for yourselves what old Saint Nick has to say about the party.

"Dear M. C. Seniors:

"This very good little boy Johnny Crawford—is, I hear planning a party for his Senior classmates Wednesday night, December 15, 1926 All right Johnny, I heartily agree with the plan, and I have decided that unless there is a puncture in the tires of my reindeer sled, or an overabundance of chaperones at the party—or (greatest calamity of all) unless Mrs. Claus should decide to accompany me—I shall certainly be among those present at your party. I am fairly sure that Mrs. Claus will be obliged to remain at home since little Teensy Tinsy Claus is cutting his first tooth. Ha! Ha!

Be good little Senior boys and girls and perhaps you will find something other than a Theism book in your socks.

Your dear friend,
Saint Nicholas.

FIVE MILLIONS IN FIVE WEEKS

(Continued from page one)

years old. The first year, 1907, the amount raised was only $3,000. But see how the infant grew into a child, and now almost into a man, for the second year, the return was $135,000—when six years old, it was $450,000—at 14 years in 1921, $3,522,000—in 1924, $4,500,000, and in 1925, $4,879,400. It is not too much to expect 150,000 volunteers to make it $5,000,000 in 1926.

"That depends", one might answer, "on what has been done with the money in the past". Well, ninety-five cents of every dollar has remained in the state where it was raised, there to be administered under the supervision of responsible local citizens; only five cents has gone to support the parent body, the National Tuberculosis Association. "But this is not what we want to know", might be the reply, *"what has been accomplished?"*

Since the first Christmas seal was sold, the number of deaths from tuberculosis in the United States has dropped from 200 in every hundred thousand living people to a fraction over 90. One hundred thousand or more people will be alive in America to eat Christmas dinner in 1926 who would have died in the past year if this rate had remaned unchanged. Think of their families, their friends, to say nothing of themselves, who have escaped the terrors of untimely death, though they may not know it!

Isn't it worth $5,000,000 to hack a little harder at the death rate in 1927?

Y.W.-Y. M. Christmas Play

(Continued from page one)

must know about this play. First, there is no admission—not even a free-will offering—so if you've spent all, your money for Christmas gifts it doens't matter. Second, while it isn't what the faculty terms on "open night", it isn't entirely closed. You may meet your date at the door and enjoy the play with—him or her. If the latter, remember she can get home just as well without you, that night, anyway.

Don't forget! The date is December 19th, the time six-thirty, the place Voorhees Chapel, and admission—free!

ART CLUB ORGANIZED

Do you think that all the classes on the Hill are boresome? Well, if you do, please to Anderson Hall on the very next train, and visit Miss Bird's attractive new art room, and you will change your mind; in fact, you will write home to Dad for an extra check so you can take art too.

Wednesday afternoon a group of art students met in Miss Bird's classroom to organize an Art Club; this Club has approximately thirty five members. They plan to have many interesting and valuable meetings this year; you had better hurry and get your name on the roll. Those elected for officers were: Mary Clopton, president; Evelyn Howard, vice-president; Mary Fant, secretary and treasurer; and Tex Hornbeak, editor.

MIDDLE TENNESSEE CLUB

A few weeks ago about fifteen Middle Tennesseans met and organized, electing officers for the year. They are: Young Williams, president; Bob Dance, vice president; Bonnie Hudson, secretary and treasurer; and Fancher Smartt, editor.

We have enough Middle Tennesseans on the Hill to have a good sized club, so all you folks come out to the next meeting and get in with us. Let's make Middle Tennessee proud of us—what do you say?

The Real Lowdown On Football Men

(Continued from page one)

out a second or third thought if Gobo was only a blonde. But then maybe he likes it brunette. I know some folks here seem to.

And there are John Crawford, and Maynard Dunn who are two other handsome boys but who are so fickle which is due to the fact that they are not blondes but are brunetes I guess. Then there is Gene Dunn who I think is about the best looking boy on the team on account of the fact that he is such a blonde. I just can't decide which one of them appeals to me the most, Bob Jensen or Gene Dunn, but I believe that the editor is the blondest.

I am sure that if there had been just a few more blondes on the team that we would have beaten U. T. and if they would just get rid of some of those girl crazy men such as for instance Kirk Young the team would have gotten along a little better too. But then you can't always tell about those things though they say that Max Hunt is a little weak where women are concerned and he did some right original football tactics they say.

There is Gaylord now, who anybody would have imagined to be goodlooking enough to have made the team I secretly think that he is much handsomer than Shorty McCall who seems to be quite a rage with the girls and the coach who didn't think a thing of Gaylord. I mean the coach didn't even after Gaylord walked right out to that dusty old football field and offered to play center for him.

There's just one thing I am thankful for and that is that no matter what happens to the boys when they play football nothing can make brunettes out of blondes. If it could have I would have done everything in my power to keep Percy Rosa from playing for I think that if there is one boy on the "Hill" any handsomer than Horace Clemens it is Percy Rosa and he is almost a brunette as it is.

Well I was a little sorry for the coach this year even if he didn't let Gaylord play center on the team but it almost serves him right He was expecting to have about fifty men on the team they said in the Echo, at the first of the year and it turned out that they just had eleven. Poor fellow it must have been a bitter disappointment to him but I imagine that he is just a little color blind and he missed what to me is the most important factor in picking any kind of a team of men, he chose too many brunettes and I want to give him a little advice right now so he'll do better next time.

Always when choosing men—choose blondes!

A student suit pressing company has been successfully operating at Yale University for five years. Last year the company divided upwards of seven thousand dollars among fifty-four students. Freshmen are admitted to the company as a result of a competition, the students showing greatest aptitude in soliciting new business and collecting bills being admitted.

HAPPY NEW YEAR

VOL. 12 MARYVILLE, TENN. FRI., DEC. 17, 1926 NO. FOURTEEN

CO-ED BASKET BALL HOPES HIGH

Emily Simpson, Court Veteran, Well Able to Guide Lassies.

SQUAD PICKED

With Excellent Coach and Good Choice of Material , Winning Team Should Be Produced.

The co-eds are now hard at work tossing the old balloon into the basket. While they may be "misses" themselves there are no "misses" when it comes to making baskets. Those co-eds are looking good, and our co-ed basket ball is going to hit this high point mark again this year.

The girls have been practicing

for some time, and this year's material looks good. The work outs show some mighty fine prospects, and the girls are very enthusiastic themselves. The Coach picked the squad last week, and the co-eds have shown some good basket ball in scrimmaging this week.

There is some good new material and we have two of last year's letter men back. On the whole, the prospects for Co-ed Basket Ball look mighty fine.

Emily Simpson is captain of the co-ed team this year. She lettered last year proving her merit as a fast forward and a sure shot. She has the stuff that makes a good captain and the team over which she is captain can't help but catch her enthusiasm and spirit in the game. We are expecting great things of you Emily.

The manager, Sara Portrum, has arranged for a fine schedule. Sara plays guard, and she is always fighting in that old game and she is working just as hard as manager. The girls hope for some new suits this year, and although those who lettered didn't get their letters last year, the co-eds are still

(Continued on page two)

DR. MARSTON TO PREACH FEBRUARY MEETINGS

The February Meetings, our annual college revival, will be conducted this year by Rev. Frank Marston, of Cincinnati, Ohio, where he is Secretary of the American Bible Society.

This will make the third series of meetings that Rev. Marston has led and all those who know him regard him as a very forceful speaker.

He is a son of Maryville, having graduated in the Class of 1894.

The college counts itself extremely fortunate also in again securing as song leader Rev. S. E. Stringham. This year, which marks his fifth of service for the meetings, finds him making an additional sacrifice, for he has moved his home and pastorate from Tennessee to Illinois.

Y.W.-Y. M. ALL SET TO PRESENT PLAY SAT.

Real Spirit of Christmas Imparted by Appealing Drama.

This two-act play by Katherine Kester is a dramatization of Zona Gale's story "Christmas". It has the true Christmas spirit, and is the story of ordinary people in ordinary homes. There are men, women, children, lovers, carolers, Santa Claus, and a real live Christmas present!

"I donno but what, when folks stop chasing after Christmas and driving it before them, Christmas may turn around and come and find them." And that's just what happened. Come and see how impossible it was to resist the Christmas spirit even when the whole town signed a petition not to observe Christmas

The play begins with a beautiful Prologue of the first Christmas. Then the scene changes to a home in Old Trail Town where the factory has closed down and the people haven't any money to spend for Christmas. "We can't have Christmas without money", one says. "Money, Money. That's like setting up one day of peace on earth, good will to men, and asking admission to it. They's something else. It ain't all present giving."

"The Christ Child Comes In" is one of the best plays of its kind in the field. The Y. W. and Y. M. take pleasure in presenting it without admission. Come out Saturday evening at six-thirty and catch the real spirit of Christmas to take home with you.

$200 IN PRIZES FOR COLLEGE STUDENTS

Three Awards of $100, $65 and $35—All Students Eligible

Atlanta, Ga., Oct. 21.—The Commission on Inter-racial Cooperation, with headquarters here, is offering three cash prizes aggregating Two Hundred Dollars for the best papers on the subject, "Justice in Race Relations", submitted by students of Southern colleges during the present school year.

In case the prize winning papers shall have been delivered as orations on some college occasion or published in college periodicals during the present school year, the prizes will be, respectively, ONE HUNDRED DOLLARS, SIXTY-FIVE DOLLARS, and THIRTY-FIVE DOLLARS.

Contestants will be free to choose any phase of the subject; but other things being equal, preference will be given to practical discussions of prevalent condtions and attitudes with suggestions for their improvement. Papers should not exceed 2,500 words in length and must be in the hands of the Commission on or before April 15, 1927.

Further information and suggested reading list may be had from R. B. Eleazer, Educational Director, 409 Palmer Building, Atlanta, Ga.

LEADER OF 1927 FOOTBALL TEAM

John Stone Good Choice For Leadership of Highlanders.

Above you will find one of the potent factors in Maryville's athletic prowess of recent years. John Stone is a genuine athlete, and moreover, has the stuff of a real man in him. There is more than just a strong physique to John, he has qualities of character that make

him a fellow to tie to when you want a thing done, and want it done right. And so, to him has been

(Continued on page two)

CHRISTMAS SPIRIT AT DISADVANTAGE HERE

Lack of Ready Cash Among Boy Friends Irks Fair Gloria.

Well I'm certainly getting enveloped with the Christmas spirit according to my version of it which is a spirit of wondering what Gaylord and some of my other boy friends are going to give me. This is certainly not the time of the year for a girl with so much culture as I seem to have to be wasting her time with mere Maryville College boys.

For it seems that mere Maryville College boys do not seem to have anytihng besides broad shoulders with nothing else but blonde hair above them. What I mean to say is that Maryville College boys do not apparently, as I see it, seem to have so very much brains and money and that as I see it my Xmas would be a great deal richer and fuller this Xmas if I were not going with college boys but were going with some of the boys at home who are in business and do

TWO OLDEST ALUMNI MEET WITH DEATH

Within Short Space of Time Two Oldest Graduates of Maryville Pass Beyond.

The sacred historian says of Abraham, "He died in a good old age, an old man, and full of years." And so in recording the departure of Dr. Alexander Tadlock and that of our Mr. Goddard, we may say: "They died in a good old age," for Dr. Tadlock had lived on this earth for ninety years, and Mr. Goddard had had lived with men for seventy seven years.

Dr. Tadlock was born on a farm in Green County, Tennessee on March 28, 1836. He was the son of Sevier and Mary Blair Tadlock, whose union gave him his Scotch-Irish and English parentage.

In childhood, he attended schools in his home neighborhood, and then, to prepare himself for service as a physician, he went to college. In 1836 he entered Washington College, and later on Greeneville College. Then he found Maryville, and entered the Class which graduated in 1859. His medical work followed his graduation from college.

Dr. Tadlock was for some time a professor in the Cincinnati, Ohio, Medical College and became known as author of works on sanitation. Later, he was a professor in the Tennessee Medical College. In 1884 he was elected president of the Tennessee Medical Association, and for a number of years he acted in that capacity for the Knox County Medical Association. In 1896 Dr. Tadlock was the state representative from Tennessee at the Pan-American Health Association at Mexico City. He was for many years the City Physician of Knoxville. It is indeed a great pity that in the midst of a life of such service he was smitten by total blindness.

From the time of the death of Hon. Charles T. Cates in 1919, Dr. Tadlock was the oldest living graduate of Maryville College.

(Continued on page four)

THE BEAUTY CONTEST

Here Are The Six Prettiest Selected By Students.

The votes which were cast in winner will not be announced unbeauty contest have been counted and the six beautiful girls are thereby chosen. If you have not already picked the winners out or been informed of the matter, here they are:

Margaret Lewis
Eleanor Franklin
America Moore
Jane Darragh
Frances Rhodes
Eva Thomas.

The piictures of these six girls will make up the Beauty Section of this year's Chilhowean, the winner, who will be selected by Mr. R. B. Fuller, leading the section. The winner will not be announced until the annual appears on sale next spring

Texas University by edict limits her women to three social engagements a week, and the Stanford Daily thinks this violates "the fundamental purpose of an institution of higher learning". Be that as it may, The New Student confidently looks forward to the development by the edict of great ingenuity in Texas women.

BASKETEERS LED BY LEWIS VEECH

Able Veteran and Former Captain Again at Old Post.

FIRST GAME

Johnson Bible College Team Offers Little Opposition In Game Thursday Night.

Lewis "Bones" Veech, that black headed boy from Decatur. Lewis was our captain in the '24-'25 season, and he was a very able leader, leading his team through a most successful season. Last year Louie went to the University of Illinois, and at the start of the season suffered a fractured elbow which kept him from playing all last year. This year he felt the call of Maryville, and the desire to play on the

court of his Alma Mater in his last year. On his return he was elected captain by the Athletic Board of Control.

This will make four years that "Bones" has played for the Orange and Garnet, and it may truthfully be said that he is one of the fastest, most quick thinking guards that Maryville has ever had. We are all behind you, Louie boy and we have the utmost faith in your leadership. Here's for a most succesful season.

Johnson Game

Did you see that basket ball game last night? If you did not, you certainly missed a fine game. Our boys showed their excellent training. Their defense was impregnable, they exhibited some pretty passing, and their team work was mighty good. With a little more practice, our men will have a team fit to furnish any and all comers a hot contest. Prospects are looking much brighter for the season.

Most of our men saw action last night and they all played well. Dale Marion, though, deserves honorable mention. How about all those goals that he shot and that excellent defense work Johnson had no stars, though it was pretty much of a one man team.

The long end of that 30-8 score certainly ought to make us feel proud of our team. Come on boys, let's win the basket ball championship, too.

A new Biology Hall is to be erected at Fordham University. The architect is E. G. Perrot of Philadelphia. He is the man who deisyned the wonderful Gothic liorary now gracing Fordham campus. The style of the new building will also be collegiate Gothic.

In its twenty-first year the University of Florida has a total enrolment of 1,869. This is a gain of 109 over last year and shows that the University of Florida is steadily growing.

THE HIGHLAND ECHO

UNTIL WE MEET AGAIN

Just a few days until we part, and when we meet again, another year will have begun. As we look back over the year now over, may we at once feel that it has been a year well spent, but that the coming year shall supersede it. Each advance should be but a stepping stone to a yet higher ground beyond. If there are any who can see wherein they have fallen short of the standards they want for themselves, a fresh year is before them in which to remove that reproach.

And meanwhile, may this be a glorious Christmas and a most happy New ear for everyone. Here's to 1927!

THANK YOU!

The Student Council wishes to thank the students in the dormitories for the generous way in which they contributed to the gift of flowers for Dr. Crothers. Slightly over sixteen dollars were given, and several tokens of good wishes will be sent, to brighten the drear days of sickness, and to help a bit on the difficult road of recovery.

THE PALACE AFTER THE HOLIDAYS

All Maryville students will undoubtedly be interested to know that Mr. Everett, the popular manager of the Palace Theatre, is having the theatre organ overhauled by the B. D. Jones Piano Company of Birmingham. Mr. Everett wishes to assure the students that on their return from the holidays he will be prepared to offer them some excellent music of the latest type. Mr. Everett is an up-to-date, progressive business man, and is to be complimented on this step he is taking to secure additional popularty for the Palace.

CO-ED BASKETBALL HOPES HIGH

(Continued from page one)

hoping to have a little better luck this year.

Games have been scheduled with our old rivals, Tusculum, Carson-Newman, and Johnson City, and a trip is in the making.

Miss Norton is proving a most efficient coach. The team she put out last year is evidence of her ability. She states that the prospects look good this year with a lot of work and good training, and the girls are backing her to the finish.

Let's go co-eds—you have the stuff. Let's have the best year ever in Co-ed Basketball.

HIGHLAND FLINGS

—MC—

The trouble with too many girls is that their weakness for men is too strong.

—MC—

A Harvard professor says monkey came from man. We've seen a number of men in the act of making the change.

—MC—

Ladies will always wear silk stockings regardless of cost. Even if it means being up to their knees in debt.

—MC—

The trouble with being your brother's keeper is that he thinks you are trying to be his boss.

—MC—

Percey says there is never a cloud so dark but that it will sometime fade.

—MC—

There will never be cosmetics for men, though there may be for a mild type of male bipeds.

—MC—

Many men have the reputation of being good, when in fact, they are only bashful.

—MC—

A man measures his first kiss by sensation and his second by taste.

—MC—

"Gillette her do that?"
"No".
"Well, you Auto-strop her."

—MC—

Shivering Student: "Mr. McCurry will you please put some alcohol in the radiator in my room."

Mr. McCurry: "What's the matter?"

Student: "I want to keep it from freezing."

—MC—

Osborne claims that it was his cough that started the Smith Brothers on their path of fame and fortune.

—MC—

The body of a man weighing one hundred and fifty pounds, says a scientist, contains enough lime to whitewash a small chicken coop, sugar enough to fill a tiny shaker and enough iron to make one ten penny nail. The rest is water.—Don't be silly professor; all of us can name a dozen men off hand in whose makeups there is enough brass to supply all the fittings in the National Capitol.

—MC—

I went to see
A Doctor
When my cold
Was getting
Worse,
But, instead of
Looking down my
Throat,
He looked
Inside my
Purse.

LEADER OF 1927 FOOT BALL TEAM

(Continued from page one)

given the job of leading Maryville's football team through the 1927 season. A more capable, and at the same time more dependable man could not have been chosen for the task. If the rest of the team measures up to its leader, Maryville will walk all over the opposition next year.

John has matured rapidy since his entrance at Maryville, and has the self control and stamina so necessary for one who expects to lead others. We predict a successful season under his guidance, and we're backing him strong.

Make it a banner year, John. We know you've got the stuff.

Give Christmas Gifts

In doing so you help to carry forward the beautiful sentiment that Christmas gifts express. In doing so you make others happy and yourself more happy than they.

There is no thrill like that which is experenced when a lovoed one or a dear freind smiles and thanks you for some little remembrance of the glad Christmas Season.

As one sophisticated person once said: "After I gave the kid a doll, her face lighted up, and she looked so blame happy that I felt like a 'Little Tin God With Wings On."

It goes to the heart, this Christmas giving.

New officers elected Saturday night were:

President - - Jeanette Alford
Vice President - - - Edna Kidder
Secretary - - - Beck Torrey
Treasurer - Marguerite Hargis
Program Secretary - Betty Griffes
Ellen Cox
Critic - - - Bland Morrow
Sergeant-at-Arms - - - - -
Mary Ella Sullivan
Editor - - - Annette Hoge

Come back after Christmas ready to boost these new officers and start off the New Year right.

Bainonian

Last Saturday night we found out what happens when we get our "Jacks" mixed up. By the way, girls, how did you like The Jack of Hearts? I'm sure we will all agree that it was a triumphant ending for Kathleen's term of office. The programs she has planned for our entertainment have been well worth seeing, and we all appreciate the time and effort she has spent for us. But now we have another program secretary and we are eagerly looking forward to the good things she has in store for us. Yes, girls, Mary Sams has lots of surprises tucked away in her gray matter for us and we shall soon get the benefit of them.

There will be no society meeting Saturday but the Y. M. and Y. W. are going to entertain us, so lets all go. Remember it is free.

Athenian

The Athenians will not meet this week on account of the play which the Y. M. and Y. W. is presenting at this time. As to the program for next Saturday night— well, who's worried about that?

The Athenians' sincere wish is that everyone may have the very happiest of Christmas seasons and the best of good fortune during the coming year

Alpha Sigima

So ended the year 1926. The year just past has shown us many places in which we can strengthen and build up old Alpha Sigma. We do not blind our eyes to the fact that we have not fully availed ourselves of the opportunities for service and development afforded in our society, but we are confident that we have the material and the ability to make real progress in the year now before us, and so we look forward in anticipation of a splendid year ahead.

So enjoy the holidays to the full everybody, and come back primed for big things.

1927, Alpha Sigma's best!

CHRISTMAS SPIRIT AT DISADVANTAGE HERE

(Continued from page one)

not seem to be so stingy as apparently the Maryville College boys are.

For as I see it, you can't ring blood out of a turnip, and "finessing" which I find to be very useful sometimes with my boy friends, especially around such holidays as Xmas and my birthday would do very little if any good here at Maryville College. I find that to me the lack of money which seems to be very prevalent amongst my boy friends here at the college is disgusting me beyond words, words which would be useless anyway.

Well I'm going to wait and see what they all give me before I give them anything and that is that! But I am prepared if the impossible happens and I have had a dozen pictures made of myself as I can not seem to think of anything so cute and nice to give to my boy friends as pictures of myself would be. I'm not conceited or anything but I do know that if it hadn't have been for so much jealousy among the girls I would have been elected the prettiest girl in the school sooner or later for the artist who is to judge the pictures is a man of culture and a great critic and connoisseur where beautiful women are concerned and of course all he would have had to do would have been to look at my picture for of course there would have been more than mere beauty in my picture and he would have seen that right at the beginning. I always did think those judges looked for soul and intelligence as much as for beauty in the girls they choose.

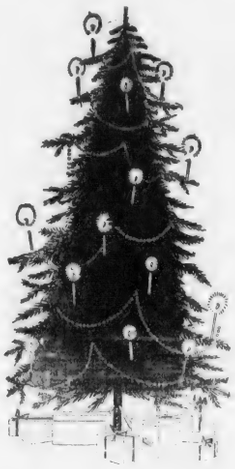
Well to return to the Xmas spirit which I'm afraid is with me a little below par this year on account of the fact of the lack of a prevalence of money among my boy friends, I really must go down to the studio and see if my pictures are finished as I always did hate to see selfish and mercenary girls and I do think that Gaylord deserves a picture of me whatever he gives me.

TWO OLDEST ALUMNI MEET WITH DEATH

(Continued from page one)

At the death of Dr. Tadlock, the honor of being the oldest living graduate passed to our own Mr. Goddard, who so recently met his death.

Mr. Goddard was born on the Singleton farm, near Little River, on March 30, 1849. His parents were William Goddard and Mrs. Margaret Kerrick Hitch Goddard.



In his search for education, he attended what schools he could, and when Maryville College reopened in September 1866, he entered, and there he prosecuted his studies until his graduation in 1871.

On September 28, 1871, Mr. Goddard was united in marriage with Miss Mary Catherine Bowles; and on October 13, 1906, he married, as his second wife, Mrs. Ella McGhee DeArmond, who survives him.

After his graduation from college, Mr. Goddard engaged a while in clerking and then in teaching. He taught in a school near Eusebia, then at what is now Vestal, then in Maryvillle Academy. He served as County Superintendent of Schools for Blount County in 1877 and 1878. For four terms, 1978-1886 he was trustee of Blount County. For twenty years, 1877-1907, he was Assistant Cashier of the Bank of Maryville, of which he was a director from its organization until his death. Indeed, he was busy up to the last day of his life.

We, of Maryville College are deeply grieved at the loss of these two who were so beloved in the community. It is needless to add that our hearts go out to the members of both bereaved families.

Buy your Music from Clark and Jones, Knoxville.

Christmas at Home...

Are you going home for Christmas? If so we congratulate you heartily. May the yule log sparkle and the candles burn brightly on the Christmas tree.

Speaking of the Christmas tree, have you selected your presents for Mother and Dad? Be sure that you do not forget them.

It does not much matter how much you spend for they will appreciate an inexpensive gift just as much. But choose carefully and your thoughtfulness will be abundantly rewarded by their happiness.

CHRISTMAS HOLIDAYS ON THE HIGHLANDS

Santa Claus Visited The Hill And Found A Happy Family.

Silence reigned—and it "sure mike" rained—and we all got wet. After about 720 of the students of Maryville College had departed to find Santa Claus smewhere else, the remaining 30 set about to transform Pearsons into a homelike dwelling. And they succeeded! A warm fireplace on the second floor beamed a welcome to everyone. There were rugs, cushions, rockers, a piano and shaded lamps. Picture a cozy living-room and you have it. The fire seemed so real that everyone was irresistibly drawn closer to toast his fingers and toes. Santa brought us a Christmas tree fresh from the North Pole, covered with snow and icicles. Even the bare first-floor lobby possessed a shaded lamp, rugs, and soft cushions. Ferns and crepe paper decorations screened our private dining room, which was as beautiful as it was useful.

We breakfasted on pancakes, bacon and eggs, real cream, plenty of milk to drink, and the sort of crisp biscuits that melt in your mouth. At other times there were salads and desserts in abundance served in style on lettuce and desert dishes respectively. Topping it all was whipped cream and plenty of it! There was real milk to drink three times a day.

After we had tried to finish everything on the table, we all went to the postoffice. Of course, everyone looked forward to that.

There was a chance every night for the boys to entertain and be entertained. A group gathered around the piano and sang until the games started. We played game after game and often rook was the favorite. We were so good that Miss Molly spent the vacation in town.

Christmas Eve we rode out to the House in the Woods and flipped rook cards and Crokinols until our fingers were sore. The house was Christmasy with greens and wreaths that some of us had made during the day. Prizes were awarded. Ask Bob and Leona why they got their "warmers".

Christmas night supper was served in Bainonian Hall and we had a real party.

Parties were not the only thing. There were some good hikers, and they spent some of the days on the road. Some of the girls went to the Sheet Mill with Professor Knapp on Monday afternoon and learned everything about aluminum, except to cook in it.

Then there was THE hike that was a HIKE! New Year's morning the college truck was loaded brimful with hikers and lunch. It dropped us at Melrose and we scattered for Mt. Nebo. Some fell into mud, but that didn't detain them long. We built a big fire, and dinner was served when the coffee boiled. There wasn't anyone that was sorry to see it—and we weren't disappointed.

Dinner over, we set out for the top. There was cold air up there and a wonderful view of the snow capped Smokies.

After we completed a sliding descent everyone started for Melrose and the truck. But the truck wasn't on time so to keep warm we started down the pike to meet it. We found it two miles down the pike with a wheel off. So we continued

The Little Dears Are With Us Once More

Fair Co-eds Again Favor Maryville With Their Company.

The co-ed again graces the campus with her presence. After many reluctant good-bys to the home folks or otherwise, mostly Other-wise, she set her countenance eagerly toward Maryville and vicinity, mostly Vicinity. How good the old hill looks, and how nice to look again into the those bright and shining faces!

The co-ed says that Santa was sure good to her, both Santas were, the one on the Hill and the one back home. We all agree that it is nice, to have two, don't we? Especially the "Santa on the Hill".

But the co-ed has added to the attractiveness of the campus immensely with her new Parisian Spring styles, the diamond rings, the long locks, and all other additional attractions.

However, the co-ed can't let New Years go by without the resolutions. The co-ed thinks they are so interesting and really lots of fun to see how many she can keep or break, so the co-ed makes a conservative number of resolutions. just a few to start the new year off right.

Resolved: 1. To study hard.
2. To go to breakfast every day.
3. To cut not more than ten classes next semester.
4. To make all "A's".
5. To write not more than one letter a day and only two on holidays to Bill.
6. To study harder.
7. To moon-shine only when absolutely there is nothing else to do.
8. To make an "A" in at least four classes.
9. To get to chapel on time.
10. To go to town not more than twice a week.
11. In spare time to read only such magazines as "Atlantic Monthly", Literary Digest, etc.
12. To never go to a class unprepared.
13. To study harder.
14. Realizing that next year is leap year, to use this year for looking, not leaping.
15. Not to overdraw her bank account.
16. To let her locks grow long.

(Continued on page three)

SCHUBERT MALE QUARTET COMING

Famous Singers To Appear Here Thursday, Jan. 13th

What form of musical entertainment is more enjoyable than a good male quartet? And when that quartet happens to be one of the best known and most liked of any on the continent, it is worth going far out of your way to enjoy. But there is no need to travel afar in order to gain that privilege. On Thursday evening, January 13th, at 8 o'clock, the Schubert Male Quartet will present a musical program to all Maryvillians fortunate enough, or farsighted enough, to be present in Voorhees Chapel at that time.

This quartet, composed of men of exceptional vocal ability, and assisted by a young lady skilled on both violin and piano, promises a program that one could hardly afford to miss. All of the members have won renown as concert soloists, in Can-

ERUDITE EMBARK ON ERA OF EDIFICATION

Gloria To Delve Depths of Discursive Demagoguery

Well impossible as it may seem, after all the hectic gaieties of the holiday season, here I sit on the Pullman of the "Dixie Flier" speeding back to Maryville College.

Somehow it seems that my philosophic mind just rebels at the thoughts of returning back to the dull, drab, sordidity of the narrow existance of the life that I seem to lead at Maryville College. But then such things couldn't be expected to appeal to us great philophic souls of this world and I will try to accept my lot and make the most of it, just as my fellow philosipher Plato would have done back in the Victorian era.

But to return from the abstract to concrete things I certainly have had a wonderful time in the last two weeks. I certainly do notice that the old home town boys rush we co-eds home from college. It was certainly an interesting thing to me to notice what a rush I got.

One thing I noticed a marked

(Continued on page four)

Information on Subject Of Interest Presented

The Why's and Wherefor's of The Student Activities Fee.

WHAT IS THE STUDENT'S ACTIVITIES FEE?

It is an annual fee payable (Five dollars per semester) by all students and entitling them to free admission to all regularly scheduled athletic and forensic contests held on the college grounds, free admission to all of the regular numbers of the Lyceum Course, use of gymnasia, swimming pool and general athletic equipment, paid-up subscription to the Highland Echo for one year, paid-up membership in Y. M. C. A. or Y. W. C. A upon complying with other membership conditions, and an active share in the promotion of student musical organizations of the college—Glee Singers, Band, Orchestra and Chorus.

HOW DID THE FEE ORIGINATE

In the spring of 1921 the students of Maryville College were confronted with the following facts:

1. The college athletic association was in dire distress because of a large and ever-increasing indebtedness.

2. The college could not properly equip her teams and schedule games with her equals on a self-respecting basis for few teams could be brought to Maryville.

3. The Christian associations were hampered in their plans by having to depend upon special membership funds and special drives for funds.

4. The other college activities were likewise crippled in efficiency by financial uncertainties.

To remedy matters a petition, signed by all of the students, was submitted to the Board of Directors at its meeting of June, 1921, asking that the Student Activities Fee be initiated. The Board granted the petition and its provisions have been operation ever since.

HOW IS THE ANNUAL FEE OF TEN DOLLARS ($10.00) APPORTIONED AMONG THE SEVERAL ACTIVITIES?

Apportionment is as follows:

Current athletics (All athletic sports) - - - -	$3.90
Permanent athletics (Permanent equipment) - - -	1.50
Debate and Oratory -	.60

(Continued on page four)

SCOTTIES READ RIOT ACT TO L. C. CIVITANS

Fast Game Ends With Orange And Garnet on Top and Going Strong.

The Highlanders and the Baby Highlanders covered themselves with glory in the games last Thursday night. In the first game the boys from Lanier seemed lost and their various tosses at the baskets went for naught. The Baby Scots worked hard all the while and at the half the score was 22-4. The second half was a repetition of the first with the final score being 39-17.

The second game of the evening was a battle all the way through, with both teams fighting for the

Maryville will work the remain- basket warm while Davis and Veech kept the Civitans shooting long distance shots which came close, but nt close enough. Paylor, the Civitan guard, seemed to be the only one who had his eye and his shooting was the best seen on Maryville's court this year. The final score was 38-27.

ball. Bird and Marion kept the der of the week in preparation for the Vols next Monday night.

Coach Honaker says that from now on it's going to be a hard grind, for the Maryville schedule contains several worthy opponents and the Highlanders must be at their best if they wish to cope successfully with them.

U. T. Next

The last part of this week will be spent in special drill for our battle with the University of Tennessee, at Jefferson Hall, Monday night, January 10th. This promises to be a fast contest and one well worth seeing. Maryville has never been successful in handing U. T. a trimming in Jefferson Hall, but the Scotties are going to try to turn the tables this year.

Following is the schedule as arranged to date:

Jan. 6—Maryville vs. Lenoir City Civitans—Here
Jan. 10—Maryville vs. University of Tennessee—There
Jan. 14—Maryville vs. Tennessee Wesleyan—Here
Jan. 17—Maryville vs. Birmingham Southern—Here
Jan. 19—Maryville vs. Converse (Pending)—Here
Jan. 24—Maryville vs. University of Tenessee—Here
Jan. 25—Maryville vs. Tennessee Wesleyan—There
Jan. 26—Maryville vs. Chattanooga There
Feb. 9—Maryville vs. Carson-Newman—There
Feb. 11—Marvville vs. University of Louisville—Here
Feb. 12—Maryville vs. Tusculum—Here
Feb. 17—Maryville vs. L. M. U. (Pending)—Here
Feb. 21—Maryville vs. Tusculum—There
Feb. 22—Maryville vs. Emory-Henry—There
Feb. 23—Maryville vs. King—There
Feb. 24—Marvville vs. Erwin Y. M. C. A. —There
March 1—Marvville vs. Carson-Newman—Here

A very interesting program has been planned for the Y. W. meeting Sunday. A short play will be given appropriate for the new year season. Every girl is welcome. The meeting will begin promptly at 1:15 Sunday afternoon in Thaw Hall.

''Spec'' Courtnay and Shorty Prince, '25 stopped to say hello here during the holidays.

TODAY!

Greetings 1927! Our hopeful eyes fain would see what good or ill thy days shall bring. But then, if we knew everything life had in store for us, most of the zest would be taken from living, so perhaps it is better as it is.

The trouble with most of us is that we spend too much time trying to peer into the future. After all, today is the only day we'll ever live, and the man who uses today trying to guess what will be tomorrow, is throwing time away that will never be his again.

Of course looking ahead and planning for the future is a necessary part of any thinking man's life, progress depends upon it; but the point of this learned discourse is that all the joy of living is found in life's todays. So in this time of resolution making, let our sole resolve be that each today shall be lived to the full, filled with the best that is in us, and we'll trust the tomorrows to take care of themselves.

NO ECHO

There will be no Echo put out until the first week of next semester. Hope we find you all back again and hard at work.

DEBATE PRELIMINARIES

The varsity debate preliminaries will be held next week. The girls' try-out will be held on Monday, beginning at 8:30. There are thirty-three girls to appear in this program. The boys will have their try-out on Tuesday, beginning at 2:05. Twenty-nine boys will speak. These programs serve not only as preliminary contests for the selection of college debaters, but also as examination in the course in debate which has been running during the semester.

Definite announcements as to the details of the programs will be forthcoming just before the time of starting the debates.

Y. M. C. A. BENEFIT

On Saturday, January 22nd. at 8:00 p. m., the first Y. M. C. A. benefit will be presented in Voorhees Chapel. They have been fortunate enough to secure the Great Laurant. Mr. Laurant is one of America's leading magicians, and has lavish press comments from papers of various big cities to his credit. He combines wizardry, music and colorful splendor in his programs, and we anticipate his coming with great pleasure.

Miss Barbara Higgins, '25, who spent last year in China, is teaching English in a High School in Alabama. She spent a week on the Hill during the holidays as the guest of Miss Jessie Post.

Robert Bishop, '26, has been appointed Associate Secretary of the University of Cincinnati Y. M. C. A.

HIGHLAND FLINGS

—MC—

Now comes a New Year 1927! What would we like for it to do for us?

—MC—

The best way to keep New Year resolutions is to—keep them to yourself.

—MC—

Besides resolving to do our duty in a bigger way for the year 1927—we also resolve to replace the cap on our toothpaste as often as we remove it.

—MC—

Chapped lips are not all that they are cracked up to be—ask the man who owns one.

—MC—

How strange! Novelettes are short novels, but—pantelettes are long pants.

—MC—

Home is where the college student home for the holidays isn't.

—MC—

The bones of a woman presumably a million years old have been found in Asia. But you'll never get her to admit she is a day over a hundred thousand.

—MC—

We admire women who appeal to our intellects. We love those who appeal to our imagination.

—MC—

This guy we have in mind is so dumb that when he got an invitation to a garden party he went out and bought a spade.

—MC—

Prof. Walker (in Physics): This wheel has thirty revolutions per minute.

Billy Crawford: Thought that only happened in the Balkan states.

—MC—

It has been said that cleanliness is next to godliness. We wonder if that is the reason Saturday comes before Sunday.

—MC—

Hala: What do you do in your spare time?

Tosis: I don't do anything; if I did it wouldn't be spare time.

—MC—

Bank President: But why do you want to work in a bank?

Boy: I believe there's money in it.

—MC—

John: Please! just one more kiss before I leave.

Elizabeth: All right, but you'll have to hurry. Father will be home in an hour.

—MC—

Why should a tree possess a trunk,
We pause to ask you here;
It seems to us a lot of bunk,
Since it ain't going nowhere.

—MC—

New Version: Pedestrians should be seen and not hurt.

—MC—

An American Scientist has discovered a skull three-quarters of an inch thick in Africa. There was no need for him to leave this country if that was all he was after.

PERSONALS

Verton Queener and Othel Armstrong of the Class of '24 made a short visit to the Hill during the holidays. Mr. Queener is teaching in Ohio, and Mr. Armstrong at Spring City, Tennessee.

Friends of Mr. Thomas Whitehead of Walland, will be glad to know that he is much improved in health and may be able to return to school next semester.

"Shimmie" Brown, '26, visited Maryville for a few days during the holidays. He is working in Cincinati.

Joe Gamble, '26, visited friends and relatives here during the holidays. He is in the law department at the University of Michigan.

Mr. and Mrs. Raymond Anderson, '26, were on the Hill before Christmas visitng friends.

Phyllis Anderson is back after several weeks absence. She will finish this semester's work.

CASH CARRY

The Best Place to buy your Groceries

M. M. ELDER, CASH CARRY STORE
103 Main Street

"The fact is, that civilization requires slaves. The Greeks were quite right there. Unless there are slaves to do the ugly, horrible, uninteresting work, culture and contemplation become almost impossible. Human slavery is wrong, insecure, and demoralizing. On mechanical slavery, on the slavery of the machine, the future of the world depends."
—Oscar Wilde

SLAVES

In a quarter-century the General Electric Company has produced electric motors having a total of more than 350,000,000 man-power. Electric light, heat, and transportation have also contributed their part to the freeing of men. These are America's slaves. Through their service American workers do more, earn more, and produce quality goods at lower cost than anywhere else in the world.

The college-trained man is the first to grasp these facts which raise man from a mere source of physical power to be a director of power, thus realizing the true economic value of the human mind.

You will find this monogram on all kinds of electrical machinery. To insure quality, ask for it on equipment when you buy for factory, office, or home.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-18.

Athenian

Christmas and New Year's Eve are over, but at the Athenian this Saturday night we will study these two important seasons of the year a little further before relegating them to the background. The larger part of the program will deal with the celebration of Christmas and New Years in foreign countries. The complete program is as follows:

Alma Mater - - - Society
Invocation
New Year Celebration in Korea
Henry Welbon
Christmas in the Phhillipines - -
Jimmy Cox
Vocal Solo - - Wilbur Franklin
Christmas in Japan - - -
Walter Buchanan
Origin and Observance of German Christmas Customs, Prof. Hussey
What New Year Means - -
Amos Wilson

CHRISTMAS ON THE HILL

(Continued from page one)

down the pike, which was covered with loose stones.

It was a long way to our New Year's dinner, but there wasn't any way to get there but to walk. We walked and walked and walked *ad infinitum*. It was long after dark and we felt quite lost without our chaperon, for he wasn't as good a hiker as we.

Owing to lucky "pick-ups", New Year's dinner was served at seven o'clock while everyone counted his miles and blisters. It was a jolly time and we had plenty to laugh about.

It almost rained tears when January 5th drew near. Of course, we were glad to see our friends—but oh, those good times!

Total - - - -	$10.00

WHAT BENEFITS COME TO THE STUDENT FROM THE PAYMENT OF THIS FEE?

A total of from twenty-five to thirty athletic contests— football, basketball, baseball, track and tennis—are held during the school year.

For the privilege of attending all of these events the student pays $3.90 or an average of from 13 cents to 15 cents per game—a ridiculously low admission fee. When one reflects that scarcely any of the contests have an admission fee of less than 50 cents and many of them have more, the saving in this line is quite apparent.

The benefit is strikingly shown also in the high-class Lyceum Course furnished for the small sum of $1.75.

Benefits are reflected in all of the other activities,. for whatever makes for the greater efficiency of any general college activity is of benefit to every student. Only good team work can make the above benefits possible.

ISN'T IT UNJUST TO REQUIRE THIS FEE OF A STUDENT WHO DOESN'T WANT TO TAKE PART IN OR ATTEND ATHLETIC GAMES, JOIN A CHRISTIAN ASSOCIATION, TAKE THE HIGHLAND ECHO, OR PATRONIZE OTHER COLLEGE ACTIVITIES?

No. The college is a student community group and every member is duty bound to support all legitimate general activities of the group just as a citizen living in a city, county or state group is required to pay his share (Tax) for the supprt of the general activities— schools, recreation, courts, etc.—whether he participates in those activities or not. Individual desires must be subject to the good of the whole group.

DO OTHER INSTITUTIONS HAVE A SIMILAR FEE?

Yes, many of them have such a fee, but few, if any, have a fee as low covering so many activities.

DOES THE PORTION OF THE ACTIVITIES FEE ALLOTTED TO CURRENT ATHLETICS COVER ALL EXPENDITURES?

By no means. The total amount received from the Student's Activities Fee for current athletics during the school year 1925-26 was $2544.75. Total expenditures for current athletics for the same year were $8146.51. Total receipts for the year, including income from Student's Activities Fee and games, were $7348.91, showing a deficit of $797.60. This deficit was made up by a fortunate surplus of the preceding year.

It is evident that more than two thirds of the expenditures for current athletics must be met by money earned by teams representing the major sports of the college—especially football.

It is only by the practice of the strictest sort of economy that expenditures can be met, for there are no other sources of income.

HAS THE FEE PROVED SATISFACTORY?

Beynd any doubt, for every activity has benefitted and most of the former difficulties have disappeared under its sway.

ERUDITE TO EMBARK ON ERA OF EDIFICATION

(Continued from page one)

prevalence of while I was home for the holidays was—freedom. And I certainly did notice it! One does not get to realize what it means to one if one hasn't been to jail or to Maryville College until one goes to one of those respective places. It's just like I told Gaylord on the mountain hike, we college girls don't get enough freedom at Maryville College to really know how to act when we do get a little of it. Why I just couldn't hardlly hike on the mountain hike for just wanting to stand on the mountain side and stare at the golden sunshine and the indigo skies and all the broad expanse of space and freedom that there seemed to be so much of.

Well like all my other sisters of the flesh, both fat and skinny, I have made a number of New Year's resolutions. But the one that has any bearing what-so-ever my dear readers on you is the fact that I have decided to write more cultural artickles for the Highland Echo. While I myself know that I have an exceptional brain I am afraid that there are some here in Maryville College who don't seem to realize that fact and so I am not going to subtly and modestly conceal it as I have done in the past but am going to write some heavy literature for those who can't appreciate the lighter stuff that I have been writing.

Well I guess I had better stop and answer the special I got from a new blonde boy friend just before I left home. But cheer up dearer readers you'll all hear from me every week from now until June and I don't guess my boy friend will last longer than a month anyway. So goes life!

Mrs. Higginbotham, mother of Rachel and Margaret is visiting here for several days.

Highland Lasses In Fighting Trim

TIE RED JACKETS 15-15

Mix Tonight With Cumberland University Valkyrs.

Ladies first? Yes sir, every time. Saturday night the "wee bairns" proved their superiority to us all. They also proved that they can carry the Orange and Garnet just as valiantly and successfully as their "he-man" brothers. They showed the results of good coaching and conscientious training, which, when backed up with common sense and grit, are the qualities designated as athletic excellence. Captain Simpson illustrated her worth by scoring eleven of the fifteen points made. She was high-point man on the floor. Her team work and shooting were par-excellence. Congratulations Emily.

In the Red Jackets from Knoxville, our co-eds found a very formidable foe. They play, clean, fast basketball and we are willing to split honors with them—for the present.

Saturday's game was the Lassies' first game of the season and they played splendid ball. Guards, March, Sullivan, and Griffiths are of the true stock. They kept their eyes on the ball and played with pep and earnestness. Forwards Simpson and Pearson—well they need no commendation, because they both are true athletes. Lynch and Dickey are two mighty fine center forwards. Callie Mae Thrower as center guard, is a big obstacle to her opponents and a great help to our team.

Maryville needs more co-ed sports! We don't half back them up in their endeavors to carry their part of the athletic responsibility. They can play fast basket ball, and will mean much to Maryville before the "high mass" is sung this season. If they are good in basket ball, why not have a basket ball team, a tennis team, a swimming team, a track team—why not? By student interest they can. Co-eds, fight the old game and remember Maryville expects every girl to do her duty.

Tonight they play Cumberland, and it will be a hard battle. Everybody out!

What's the matter with the Lassies?—

They're all right!

EXCHANGES

A leading North Carolina daily will choose each year the best "all around" colege newspaper in the state. A file of each college paper will be the basis for this award, which will be determined each spring. This was decided at the annual Convention of the North Carolina Press Association. The five best editorials will also be chosen. These editors of metropalitan dailies will select the winners in this competition.

Dean Armstrong of Northwestern announced in a speech that "the present student body has been demanding a voice in the management of its own affairs. We have just recently granted membership to four students on the highest faculty board for the supervision of student activities.''

Bainonians Present "Friend Hannah"

Costume Play of Love of King George III.

Humor, Pathos and Romance Delightfully Combined In Drama of 18th Century.

Those of us who saw "Smilin' Through" as presented by the Theta Epsilon Literary Society in the year '23 and '24 remember with pleasure the setting, the lights, costumes, characters, and best of all the story itself. "Friend Hannah" promises to be even better than that was.

Girls, here's your chance to meet the Prince of Wales. Not the present one, to be sure, but the Prince of 1760. A lot of American ladies didn't get to dance with him but a charming little Quaker Miss did. Yes, as the title suggests the heroine is a winsome little Quaker maid. She is, oh, so naughty, but not too naughty for—but that would be telling and it is a secret until Monday night.

This play "Friend Hannah" by Paul Kester is the love story of George III. of England, and oh, such a love story! It is a delightul combination of humor, pathos, sentiment, and romance. The first act is full of humor, the last act, well, —it just can't be described .

The time of the play is between the years 1760 and 1810, so of course the costumes will be a big attraction in the play. King George III. did not wear knickers and golf socks, neither did Hannah wear knee length dresses; she dared take

(Continued on page three)

Monkeying With Theory Of Evolution Popular

Gloria Explains Views of Intellectuals.

Blondes Hopped a Bit Farther Than Brunnettes From Simian Ancestry.

Well I just got to studying and thinking yesterday about how much mine and Darwin's theories of evolution are alike. We both have worked out in our brains how we started with one cell and we both worked it on up to where the cell grew up into a monkey thence on to a man. It really is interesting just to note how all us intellectuals have the same conception of evolution. There's Henry Lewis Menken who believes just as we do. I found that out after reading an article in his magazine the "American Mercury" the other day and if there ever was anything intellectual in the way of brains Henry Lewis Menken is it.

Of course in a college such as Maryville College seems to be, one can't be too quiet on the subject of evclution if one has ideas on it such as I and Darwin seem to have. I somehow feel that the authorities would utterly condemn Darwin and I for our theories. So that cuts off any hopes I might have for airing any of my theoretical thoughts in this school.

As I see it one can't know as many men as I seem to have known

(Continued on page four)

Carson-Newman Saturday Night

HOT CONTEST AHEAD

Make Up Your Parties and Support The Team. If You Have Heart Trouble, Don't Go

After defeating Tennessee here Monday night the Scotties went on a two day road trip. With three hard games in a row our boys then lost to the strong Tennessee Wesleyan five 24-19 and to the University of Chattanooga 42-18. However, they'd have to be supermen to keep up the pace they set against the Vols for three consecutive nights, and we're proud of them just the same.

After resting Thursday and a light practice Friday Coach Honaker will take his boys to Jefferson City to play the strong Carson-Newman five. This will be a battle royal, for whenever Maryville and C.-N. meet it means "no quarter".

Carson-Newman has defeated Tennessee 33-30 and so it looks as if we are evenly matched. The boys want to go up there with cheers ringing in their ears that will help them play the game. It is expected that many students and town supporters will accompany the team.

On your toes, Scotties!

SALE OF 1927 ANNUAL ALREADY UNDER WAY

Chilhowean To Have Many Attractions.

Many Juniors Are Trying To Win Prize Book.

The annual staff is still hard at work as their task of editing the Chilhowean is by no means at an end. But already the book is taking shape and a general idea of the book can be conceived. As the sale of the book started this week it might be well at this time to give a few facts concerning the 1927 Chilhowean.

In the first place the cover is to be specially made, hand variegated, and of a color and design that has never been used on a Maryville annual before.

The Opening Section is original, presenting pen sketches of nature scenes and is in one color. The book divisions are distinctive, being made up in three colors. It might be mentioned here that no stock-cuts are being run in the book, all cuts being original.

The View Section will be very attractive. It will consist of eight campus scenes prnted in green and blue which produces a moonlight effect. The Senior Section this year will be the largest that has been in the Chilhowean and is designed so that it gives a local touch to the book. All class sections promise to be larger and better than usual.

For the Football Section a unique and snappy section has been worked up. It will present the football players in action and also show snaps of several games.

The six beauties selected by the student body will compose the Feature Section together with the announcement of the winner.

The organizations and state clubs will be arranged in an attractive

(Continued on page four)

February Meetings To Begin Tuesday

Dr. Frank Marston of Cincinnati to Lead.

Whole College Joins Hands To Reach Objectives of Usefulness, Character and Destiny.

The chapel hour next Tuesday morning will mark the beginning of the 1927 February meetings, the annual college revival. For half a century these soul-stirring evangelistic meetings have been held, last year being the semi-centennial series. The first meetings were held in 1877 and were conducted by Rev. Dr. Nathan Bachman. For years they have been recognized as one of the most honored institutions in Maryville College.

As was so clearly set forth by Dr. Wilson in chapel on Tuesday, the threefold object of these revivals (for believers and unbelievers) is the development of character, preparation and inspiration for usefulness, and the right decision of our future destiny. Salvation through faith in Christ, and a closer fellowship with the Master are the keynotes of the meetings.

The appeal is not emotional, but quiet and reasonable, and is made to the noblest qualities and highest ideals, such as are appreciated and respected by college students. Calm and deliberate decisions are sought through the services and interviews.

This year's meetings are to be conducted by Dr. Frank Marston of Cincinnati, Ohio, Secretary of the American Bible Society. He is the youngest (in number of series

(Continued on page four)

Student Volunteers At Nashville Feb. 18-20

Home and Foreign Missions To Be Considered.

Meeting To Be of Great Interest to Those Considering Full Time Life Work.

The Student Volunteer Union of Tennessee is venturing on new ground. Its conference, which will be held at Scarritt College, Nashville on February 18-20, 1927, has for its purpose "to challenge the students of Tennessee to bring their lives into complete harmony with the will of God, and to consider foreign missions as a possible life-work; to lay equal responsibility on those not led or permitted to go abroad to give their lives in full-time Christian service in the homeland". This indicates that home missions as well as foreign missions will be considered. The conference is also to be of interracial nature. The leaders of the conference, Dr. Robert P. Wilder, one of the founders of the Student Volunteer Movement; Prof. Matthews of Scarritt College; Dr. Kessler of Vanderbilt; as well as several other representatives of different phases of Christian work, all of whom have given their lives in full time Chrstian service, will help those attending the conference to undrsetand just what such service means. Every student interested in any form of Christian service should be heartily encouraged to attend this conference.

U. T. Fray Begins Heavy Schedule

U. T., Tenn. Wesleyan, U. of Chattanooga, Carson-Newman

Boys Play Flashing Game Against Traditional Foe.

Since our last Echo the Maryville Highlanders have steadily shown improvement. They have successfully turned back the University of Tennessee in two hard fought tilts. The first victory was on Tennessee's home court, and was the first time that Maryville ever succeeded in downing the Vols at Jefferson Hall. The score was 23-22. In the same week the strong Tennessee Wesleyan team was turned back. This one point victory conback. Game ended a tie at 25-25. In the five minutes extra play, Maryville captured 6 points to Wesleyan's 5 and the game ended 31-30, favor of Maryville. This one point victory concluded the best game that has been played on the Alumni floor in many seasons. It recalled the Maryville-Transylvania games of '22 and '23. This made seven straight wins for M. C.

The following night Maryville lost to the Birmingham Southern five due to loose playing and poor shooting. Birmingham Southern flashed a good offense. The score was

The following week was spent in hard work on the fundamentals. This was examination week, and as Union called off their game, the team rested up.

Then came the final Tennessee game which was played on Alumni court. The house was packed and with both sides loyally yelling for a victory, the old gym was a bledam of noises from the start to the finish. The Tennessee cry was "Beat Maryville", while Maryville answered "Can't do it". Maryville was right.

M. C.	U. T.
Bird	Moore
McCall	McKeen
Marion	Butcher
Davis	Schultz
Veech	Rice

The game was fast throughout. Both teams missed many shots with Maryville taking more and missing more shots than Tennessee. The Vols were especially weak on their foul shooting making only three

(Continued on page four)

THE MINISTERIAL ASSOCIATION ELECTS OFFICERS

On Wednesday, January 12, the officers for the ensuing semester were elected. Seventeen members and one visitor were present at the meeting. The following men were elected:

President - - - Albert Tull
Vice-President - Hayden Laster
Secretary-Treasurer, J. Emert Lane
Editor - - Walter W. Headrick

After the election Hugh Chane, a former student of Maryville College, told us a few interesting things about Emory University. He said that there were a large number of students studying for the ministry and taking R. O. T. C. at the same time. He showed how the foreigner looked on this as inconsistent and harmful to our Government. He expressed his hope that some day America would cease to train her citizens for war.

I'M THE GUY

If you've been here as long as a month, you probably know me. I'm the guy that can never wait for my turn in line, but have to horn in at the head, and beat about forty or fifty students out of four or five minutes each. I'm usually an upperclass man (or woman, unfortunately), and of course my time is valuable. The common herd can wait until they have acquired the sacred perogative (or crust) to emulate my most worthy and Christian example.

Usually I haven't even time to waste a moment, and so foist my books or board money as the case may be, upon some one who dislikes to offend me, and thus I am free to attend to my "important" affairs: moonshining, or going down town for instance. By the time I and others like me have gotten through, many of the others have been robbed of fifteen or twenty minutes each, but then, they are only lower classmen, with a sprinkling of upperclassmen with oversensitive consciences, so what of that?

Of course, if everybody were like me, and didn't respect the right of others, I suppose things would be in a mess, but fortunately most folks don't use their heads like I do, and so I can pull my little stunt without too much competition. Pretty slick isn't it?

Perhaps this is making it pretty strong. For the most part this imposing of books or board money upon someone in the line is done through thoughtlessness. If you are in a hurry, and the last one in line is willing, there would be no harm in letting that one help you out, because that would not be injuring anyone; but when others have been waiting for some time, it is hardly compatible with Christian ideals to force one's self in front of them.

This matter really needs correction, and a word to the wise is sufficient.

Voluntary chapel at Yale is "more successful than was anticipated by the dubious minded last year", says the Yale Alumni Weekly.

"The campus evidently has accepted the responsibility of inaugurating the new plan, which, in itself, is the best augury of its success. The chaplain of the day no longer speaks from the pulpit in Battell, far removed from his audience. He meets them on more companionable groundd by standing in front of the choir seats. The daily music is of the highest order and the organ program is announced in advance."

Yale Graduates who wonder why the University does not bring student law-breakers to the carpet are told by the Alumni Weekly that this task lies now within the province of the student government which, "has come to stay".

See Friend Hannah January 31st.

—MC—

We call her Aimee because she's so Semple.

An "undergraduate committee" at Rutgers College proposes making athletics an integral part of the curriculum, with a full professor at its head and instructors as coaches of the sports. All of these men should be "of a type that we could consider more as scholars and gentlemen."

The report does not mention that its suggestion is already in force at Oberlin, Amherst, Connecticut Wesleyan and other colleges.

Alpha Sigma

Alpha Sigma has an interesting program arranged for Saturday night. Come out and learn a little about the West versus the South. The new set of officers will be installed, and we want to give them a royal send off. All loyal Alpha Sigs will be there with bells on.

Program

California - - Mr. Jensen
Alabama - - - Mr. Wienand
Violin Solo - - Mr. Taggart
Debate: Resolved, that Single blessedness is More to be desired than Conjugal bliss.
Affirmative, Mr. Geist; Negative, Mr. Jones.
Reading - - Mr. Hammond

Athenian

The Nicaraguan question is causing much discussion at present. In one paper we read editorials defending the position of the United States in the matter and in another we read scathing criticisms of our leaders in Politics who are responsible for the situation.

There are many of us who do not fully understand what all the fuss is about. At the Athenian this Saturday a debate is to be presented which will make the whole question clear to us. The program is as follows:

Invocation
Alma Mater - - - - Society
Reading
Debate: Resolved, that the action of the United States Government in the Nicaraguan question is justifiable.

Affirmative	Negative
Mr. Hopkins	Mr. Riggins
Mr. Spangler	Mr. Victor Jones

Music - - - Mr. Courtenay

You won't be disappointed in Friend Hannah.

BAINONIAN MID-WINTER

(Continued from page one)

only a small tuck in her skirt.

We have had reason in the past to applaud most of the characters, so that we know they are capable. In the order of their appearance on the stage they are:

Betty Trott (Maid of all work) - Eleanor Collins
Margaret Lightfoot (Hannah's mother) - - - Elizabeth Hoyt
Thomas Lightfoot (Hannah's uncle) - - Hayden Laster
Hannah Lightfoot - - Irene Brown
Isaac Oxford (Hannah's cousin) - George Crawford
Prince of Wales (afterward George III.) - Robert Anderson
Edward, Duke of York - - - Wilbur Franklin
The Duke of Chandos - - - Walter Courtenay
Lord Bute (Prime Minister of England) - - Jack Cotton
Augusta (Princess Dowager of Wales) - - - Lillian Robison
Robert Clegg (a post boy) - Ben Prince

Remember "Friend Hannah" is coming to see us at Voorhees Chapel, January 31, at 8 o'clock, so let's all be there to meet her. She is well worth meeting.

MONKEYING WITH THEORY OF EVOLUTION POPULAR

(Continued from page one)

in my life and then profess a disbelief in evolution. What I mean to say is that men certainly do impress evolution on one's mind for some of them make it so plain that they started with a single cell and that their cells haven't gained many more cells in the process of the evolution.

And then there is Faith Hope who kind of knocks the theory in the head, if it isn't permanently instilled in one's mind as it is in mine. She even makes me understand how people can doubt it. For who could ever imagine Faith Hope having a monkey for an ancestor!

Faith Hope who looks, talks, walks and acts like a stick, with a monkey for a faraway grandfather! Evolution does many queer things to us. But again there are those who one could almost imagine as having had monkeys for grandparents as late as the 17th or 18th centuries.

I have often wondered if people didn't puzzle over why I seem to be so partial to blonde men, for the standardized shiek seems to have shiny black hair and flashing black eyes. Well as the old proverbs say, "here it is in a nutshell". It seems to me that the blondes have advanced farther in the scale of evolution than the brunettes and they don't remind me so much of monkeys. That is my reason.

—H—

SALE OF 1927 ANNUAL

(Continued from page one)

section that will conclude the book. From all indications this year's annual will surpass the others in attractiveness and originality. The aim of the staff has been to present all the activities on the Hill in picture form so that in years to come each student can again live the pleasant moments on College Hill. Only a limited number of books are being printed, so order yours before the sales campaign closes or you will be disappointed.

FEBRUARY MEETINGS

(Continued from page one)

preached) of the four men who come to us in four-year series. Dr. Elmore of Chattanooga, has preached nine series; Dr. Broady of Birmingham has conducted four meetings and Dr. Bartlett, of Chattanooga, has led four of the revivals. All of these men are old Maryville men, and Dr. Marston had an active part in all lines of the college, being athlete, literary society president and Y. M. C. A. officer. He has the interests of the students in mind and heart, and comes to give, unselfishly and unreservedly his time and talent.

Rev. S. E. Stringham, formerly of Chattanooga, but now living in Illinois, will lead the song services again, for his fifth consecutive year. He is a great favorite on College Hill, not only because of his musical talent and winning personality, but as a wonderful example of consecration to the cause of Christ.

Over 2500 students have begun the Christian life in these February meetings in the past 50 years, so let us hope and pray and work, that this year will give its share to the Kingdom of God.

THE 1927 CHILHOWEAN

U. T. FRAY BEGINS HEAVY SCHEDULE

(Continued from page one)

goals while Maryville made six points via the penalty route.

The Maryville defense showed up in fine shape and it was not until the second half that the Vols were able to get a crip shot.

The game started with Moore (Tenn.) shooting a foul, but Marion came right back with one for Maryville, evening the score. Rice made a long shot and McCall followed with another, again tieing the score. Butcher then cut loose from the foul line putting the Vols in the lead. Maryville took time out. Davis scored a long shot, tieing the score at 5-5. Schultz put the Vols back in the lead with a shot from behind the foul circle. Davis sank a foul. Here the Highlanders came to life and two crips by Bird, and a long shot by McCall from past center, put the Highlanders in the lead where they stayed for the rest of the game. McCall shot a foul.

Here Tennessee substituted Cooley and Dean at forward. McKeen went to guard, Rice and Moore out. Maryville substituted Waddell for Marion, Marion going to forward, McCall out.

Maryville kept up her scoring with Waddell getting a foul and Bird getting a fast crip as the half ended. 16-7 in favor of Maryville.

The second half started, Maryville coming back with the same line-up. Moore replaced Dean for Tennessee.

Marion started the scoring with a foul. Butcher, who seemed to be finding the basket, also scored on a foul. Here Tennessee got through for their first crip by Butcher. Bird followed with another long shot for the Scotties.

McCall out for Bird.

Marion got loose for a pretty crip, making the score Maryville 24, Tennessee 10. Here Coach Honaker substituted Johnson and Keyes for Marion and Davis, while Rice went in for McKeen for Tennessee. With the second string in the line up and Maryville leading by 14 points they began to play the stalling game. With five minutes to play Tennessee, led by Butcher, launched their only offense of the game. Butcher made a crip followed by a long shot by Rice. Again Butcher made a pretty crip on a rebound and followed this with a long shot. Here Hunt went in for Johnson of Maryville while Davis went in for Coolely of Tennessee.

Butcher made a foul shot for the Vols last point and the game ended with Maryville in possession of the ball. Score Maryville 24, Tennessee 19.

Butcher was the star of the Vols, scoring 12 of their 19 points. While Bird was the scoring ace for Maryville wth 10 points. McCall played a fine floor game. Hard to pick stars on Maryville's team, they were all fighting fools from start to finish.

Maryville	Tennessee
Bird, 10	Moore, 1
McCall, 5	McKeen, 0
Marion, 5	Butcher, 12
Davis, 3	Schultz, 2
Veech, 0	Rice, 4

Subs: Waddell (1), Johnson. Keyes, Hunt, Cooey, Dean.

Referee: Bebb, Carson-Newman.

VOL. 12 MARYVILLE, TENN. FRI., FEB. 4, 1927 NO. SEVENTEEN

THE LAND OF THE MIDNIGHT SUN

Edgar C. Raine To Disclose Wonders of Alaska.

THE SPELL OF THE YUKON

Foremost Authority on Northland Intensely Interesting.

Snow, gold, blood! Words that flash into one's mind when Alaska is mentioned. On February 14th, the Monday after February Meetings are over, Mr. Edgar C. Raine will present Travel Talks on America's "Land of the Midnight Sun". The talks are illustrated with a great many colored views, the best set in existence, of our romatic land of the North.

Mr. Raine knows more about Alaska by actual contact with all parts of it, than any other man in the world; having resided in and travelled through the Territory for the past tweny-tfive years, for six of them as the representative of the United States Treasury Department. Mr. Raine packed an outfit over the famous Chilcoot Pass in 1897, and can tell us something of the "Spell of the Yukon", from first hand experience.

His talk has the interest and grip of one who knows and loves that marvelous and magnificent wonderland as does no other white man, and probably few natives. Uncle Sam has there a treasure chest that has been hardly touched as yet. Here we have it in all its grandeur brought to our very door.

Mr. Raine has addressed over three-fourths of all the colleges and universities in the United States, and always draws big houses, particularly where the people know just what kind of program he presents. He comes to us from his fourth appearance at Berea. He will give us an hour and a half of entertainment filled with views of

(Continued on page three)

Fred Hope Drive Is Supported Generously

Dr. Johnson Meets With Whole Hearted Response.

On Thursday and Friday of last week the annual drive was launched for funds for Fred Hope, Maryville's own missionary to Africa. Mr. Hope is doing a wonderful work as an industrial missionary, and is considered to be one of the strongest men in that line.

The cause was presented by Dr. Johnson, senior missionary from Africa, who is on a furlough. He addressed the students Thursday morning at chapel, gave a stereopticon lecture that night, and made his final address and appeal at the Friday chapel service.

The students, faculty and friends responded generously, and up until Wednesday of this week a total of $1340.95 had been subscribed.

Lassies Prove Too Much For Cumberland

GOOD BASKETBALL

Girls Play Fast Game To Beat Cumberland 23-13.

Last Friday night our Highland Lassies won a big victory over the Cumberland University co-eds to the score of 23-13. It was a hard game, both teams playing good basketball.

Maryville had the lead from the beginning, but the Cumberland girls made enough baskets to make the game interesting. Our Highland Lassies showed great skill in shooting. Captain Simpson pocketed nineteen of Maryville's twenty-three points. You played a great game Emily.

Dickey and Darragh showed some good work in passing and shooting also. Callie Mae Thrower proved invincible as center guard. Get in there Callie, we are for you. The Highland Lassies guarding force of March, Toole and Sullivan showed the Cumberland co-eds some real guarding tactics.

We are mighty proud of our Co-eds. Let's get behind them, and let them know it.

Fifteen rahs for the Highland Lassies.

Hi-Trailers Enjoy Mountain Hike

BACK TO NATURE

Hiking and Fellowship a Welcome Change from Classrooms.

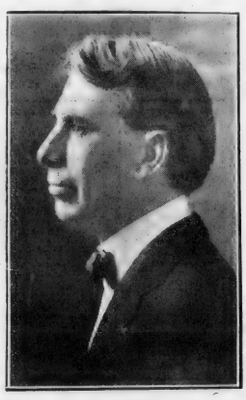
The day was very dark, clouds were stooping to kiss the forehead of old Look Rock. The weather was of the kind that usually causes a gloom to fall over every one. Yet slowly winding their way up the slopes of the Chilhowee range were three Hi-Trailers (Lamar, Corky and Hoss), gay, happy and as carefree as anyone could be, because they had just finished the first semester exams.

4:10 p. m. found them arriving at their goal, a little cabin near the summit of the range. It is a wonderful little cabin in every respect; four cots, two tables, two stoves and several chairs compose its furnishings. The task of these three men was to make ready the cabin to receive the other members and visitors who were to come up that night. Of course we are not allowed to call names or gives reasons why some of the club came up that night. On the other hand it is proper for us to admit that there was a snap on the Hill. One o'clock found two members and two visitors staggering up to the cabin. (John, Red, Merlin, Julian).

The hike was one that will long

(Continued on page three)

FEBRUARY MEETINGS BEGIN WELL



Dr. Marston's Forceful Messages Meet Response Among Students.

FIFTY-FIRST SERIES

Singing Led By Mr. Stringham A Big Part of The Meetings.

The fifty-first annual February Meetings began on Tuesday, February 1st, at the chapel service.

Dr. Marston, who is preaching his fourth series, delivered a forceful and appropriate message to the students, faculty and town people. He laid stress on the prime importance of recognizing "God in the beginning", in *all* our activities. Taking his text from Genesis 1:1 and John 1:1, he clearly brought out the fact that God can and

DR. MARSTON

should be seen back of the origins of literature, science, history, and law. He emphasized also the fact that God is back of, around, and through all curricula, and that we are in truth studying *His books*.

Dr. Marston is generally considered to be one of the strongest men of those who conduct the Meetings,

(Continued on page four)

WANTED MORE MEMBERS

The 1927 staff cannot get out the annual unless we can put on this drive successfully. All we want you to do is to become a member of "Patronize the Advertisers of the Chilhowean". It is a democratic body. Most of the students belong and we want the rest of you to fall in line. All you have to do to be a member of good standing is to buy from the firms who will advertise in the Chilhowean.

You may be surprised to know that you will have no editorial duties connected with the job, and that you will not have to crowd in any more committee meetings and interviews.

The advertisers in our annual

(Continued on page four)

Carson-Newman Gives Team Drubbing

REVENGE ANTICIPATED

Last Week's Schedule Too Heavy For Basketball Men.

The Highlanders after three hard games at the start of the week met a reverse at the hands of Carson-Newman, losing 39-14. The Parsons seemed able to hit the loop for long shots from any angle. and with Shoun, their 7 foot 2 inch center and McHarris leading them they scored 28 8points in the first half to Maryville's 6. In the last half the Scotties came to life and put up a much better fight, holding Carson-Newman to 11 points although they were unable to score themselves. A return contest will be played here the last of February and the boys are looking for revenge.

The two weeks during the meetings will be spent in daily practice to prepare them for their five day road trip into East Tennessee.

When a man ceases to recognize some kind of a God he ceases to be human.

Native Sons Have Job Beating This

Here Are Some Facts(?) Abouts Texas.

Texas occupies all the continent of North America except the small part set aside for the United States and Canada. Texas owns the north of the Rio Grande, the only duty river in the world; also the only one with the possible exception of the Trinity, which is navigable for mud cats and pedestrians.

Texas is bounded on the north by twenty-five or thirty states, and on the east by all the oceans of the world except the Pacific, and on the south by the Gulf of Mexico and South America, and on the west by the Pacific ocean, Milky Way and the real side of the universe.

If Texas were chopped loose from the rest of the United States at the Panhandle it would float out into the ocean, as it rests upon a vast subterranean sea of fresh water.

Texas is so big that the people in Brownsville call the Dallas people "Yankees" and citizens of El Paso sneer at the citizens of Texarkana, Texas, as being big snobs from the effete East.

It is 150 miles further from El Paso, Texas to Texarkana, Texas. than it is from Chicago to New York City; Fort Worth is Nearer to St. Paul, Minn., than it is to

(Continued on page four)

THE WHOLE TOWN IS TALKING

Funniest Play In Years To Be Given By Alpha Sigma.

FEBRUARY TWENTY-FIRST

Capable Cast Assures Presentation Worthy of the Play.

Language has queer ways, and among its queerest are those in which can be observed the gradual change of meaning of certain words. The classification of the Alpha Sigma Midwinter play, to be presented on February 21, 1927, reveals such a change. The play "The Whole Town's Talking", is a farce. "Farce" used to mean, and in cookery still means, a stuffing or mixture of viands like that which Miss Coulter uses to dress the Pearsons Sunday dinner fowl. The name "farce" began then to be applied to impromptu interludes "stuffed in" between the parts of a more serious play. From that connotation to the one it has today was only a step. Everyone now knows that a farce is "a light dramatic composition of satirical or humorous cast, in which great latitude is allowed as to the probability of happenings and naturalness of characters. Logic of plot is subordinate to wit and to the accumulation of absurdities leading to the catastrophe" (according to friend Webster.)

"The Whole Town's Talking" was written by John Emerson, president of the Actors' Equity Association of America, who is universally recognized as one of the ablest directors of today, both in pictures and in the spoken drama. The immediate success with which his play met wherever it was produced, leaves no doubt that it does full justice to the modern definition of a farce, and the Alpha Sigma Literary Society can be congratulated upon presenting the play. It is full of wholesome fun with a

(Continued on page four)

STORY TELLERS BRING CHEER TO KIDDIES

Miss Jennie Edwards' Students Entertain Children at Library

"Once upon a time there was a prince—" and seventy-five mouths opened and seventy-five pairs of eyes snapped, because this sounded like a real story. It was. And there was another after that, and then another. And when the hour was over, two story-tellers went home to the Hill, happy that they had given happiness.

To begin at the beginning, Miss Jennie Edwards, of the Expression Department, was responsible for all this. She considered story telling for children just as important

REVIVALS

What does the word "revival" mean to an average college student? Probably this;—a gathering together of religious fanatics and curious observers, at which acrobatic evangelists work upon the ignorance and emotionalism of the crowd until "It" descends upon them. "It" being an emotional spasm, which is mistaken by the patient for "religion", or "salvation", and which usually outlasts the revival only by a day or two. Consequently, to the average college student, the word revival means a good place to stay away from, except perhaps for purposes of amusement.

All to frequently this estimation of revivals is painfully accurate; painful to those who love their Christ, and who grieve to see His Bread of Life thus made mockery of. But to the student in Maryville College, revivals, as exemplified by the February meetings, have an entirely different meaning. Here there is no undue emphasis upon primitive instincts and emotions, though of course, they are inevitably involved in all of man's reactions and behavior. Here we are helped to square ourselves with the world in which we live, to evaluate the forces and creeds of life about us, and to plan our lives in accordance with what we find to be best.

Here the religion of Christ is held up as the Way of Life, and the students are asked seriously to compare the desirability of a life led in accord with Christian ideals, with that of one based on the uncertain and shifting sands of man made morals and materialistic standards.

Our prayer is that each student may cast off the dead weight of indifference or apathy that stifles the urge of his better self, may break the clutch of self indulgence or apetite that may be holding him in bondage, and answering the call of what he knows in his heart is best, may decide that "as for me, I will serve the Lord", and in so doing serve himself.

Student assent has been given to the proposal to do away with lectures at Rollins College, Florida. The innovation was proposed by President Hamilton Holt, former editor of The Independent.

Instead of coming to classes for lectures the students will attend to study. The usual 60 minute period will be lengthened to two hours. The students will study in classes under guidance of the professor and in constant consultation with him "the purpose being to place academic life on a more practical basis by placing class attendance on a par with the hours and duties of a business office."

President Marsh of Boston University is sending a questionaire to leaders of business and of the professions in forty-eight states asking how character can best be developed.

The most sacred trust given to man is time.

HIGHLAND FLINGS

—MC—

A magazine writer tells us that a dog fills an empty space in a man's life.

This is especially true of the hot dog.

—MC—

The best jokes are not printed, they walk around on legs.

—MC—

Nothing you can say to a man is half so effective as listening to him.

—MC—

Some girls think that you are not treating them right unless you ruin their digestion.

—MC—

We call her 'Toothpaste' 'cause she's good to the last squeeze.

—MC—

Prof. Walker: "Hinch, you have a good head for Math."

Hinch: "Thank you, but why?"

Prof. Walker: "Both plane and solid".

—MC—

Punk: "I hear some of these professors lead a fast life."

Tater Bill: "I doubt it. None of them passed me last month."

—MC—

Getting jokes from a joke box is like getting tears from a grindstone.

—MC—

Teacher: Who was Homer

Frosh: The guy that made Babe Ruth famous.

—MC—

Mr. Webb: "Bob, do you want a small or large picture?"

Bob Dance: "Small, please."

Mr. Webb: "Then close your mouth."

—MC—

Margaret H.: "I usually go to bed between eleven and twelve."

Lois M.: "That's too many in one bed."

—MC—

Logan: "If you keep looking like that at me, I'm going to kiss you."

Frances: "Well, I can't keep this pose all night."

—MC—

Our idea of loyalty is illustrated in the Maryville man who refuses to use a Yale lock on his door or brush his teeth with Colgate tooth paste.

—MC—

The girl who drinks to you with her eyes is more likely to give you a heartache than a headcahe.

—MC—

Prof. McTeer: "Mr. Jones, have you ever had hallucinations?"

Charles Jones: "Yes, twice. The first time it didn't take, but the second time it left a big scar."

—MC—

The old Spinster: "Has the canary had its bath yet, Marie?"

Marie: (under notice): "Yes'm, you can come in now."

—MC—

Miss Green (in Zoology): "The class will now name some of the lower species of animals, starting with Stirl Rule.

LITERARY SOCIETIES

Alpha Sigma

At last week's meeting officers for the third term were duly installed, as follows:

Usner, President; Jeffries, Vice President, Houck; Recording Secretary; Taggart, Assistant Recording Secretary; Frei, Program Secretary; Bowles, Assistant Program Secretary; Byerley, Seregant-at-Arms; Baker, Editor; Jensen, Janitor.

On account of the February Meetings there will be no literary society meeting, however an interesting program is planned for Saturday, February 12th. In the meantime let's advertise our midwinter. New scenery and a hard-working cast promise to make it a success if we back up the committee in charge and the cast. Let's go!

THE LAND OF THE MIDNIGHT SUN

(Continued from page one)

compelling interest, thrilling experiences, and absorbing stories illustrative of the fascinating life of the Northland. The pictures of some of this same country, taken by the World Fliers, drew a packed house here several years ago, and a crowd is expected to hear Mr. Raine.

This is a benefit number for the Y. M. C. A. Admission, thirty-five cents. Anyone thinking they have not gotten their money's worth, will be given the privilege of seeing the Lyceum manager and trying to get a refund.

Following are some comments on Mr. Raine's program:

"A superb production, delightfully entertaining and highly instructive", Dr. R. W. Getchell, Iowa State Teachers' College.

"Mr. Edgar C. Raine spoke on Alaska this year before a Northwestern University audience, and gave universal satisfaction with a lecture which was informing, interesting, witty, and illustrated with splendid views."— Roy C. Flickinger, Dean, College of Liberal Arts, Northwestern University.

Do not miss this educational and recreational treat.

HI-TRAILERS ENJOY MOUNTAIN HIKE

(Continued from page one)

be remembered by all fellow Hi-Trailers. Did I hear some one say something about eats? Well, they were unsurpassable. If some of the "still small voices" could have seen the "futuristic" dish washers? But we make no prophecies. Then there were the hikes to the top of the mountains. From Look Rock it is said that one can see three states and there are three mountain ranges in view. To the left lie the quiet homes of the mountain people, smoke curling up from the chimneys; now and then one hears the bark of a watch dog, or if one looks close one can see people moving on the winding paths in the valley. Over to the right rise the Great Smoky mountains like a great sphinx, silent and unmovable. The scenery is unsurpassed except in the heart of the Great Smokies themselves.

At night many of the most pleasant hours of the Hi-Trailers' life are spent in long warmly contested discussions that take place between the cups of coffee. Each member airs his opinions and it is here that you really learn to know a fellow.

With jolly good fellows for companions, with eats that surely am, with a cabin that protects from the at hand, this is the life that is dear to the heart of a Hi-Trailer.

The Bible is the most practical book; it comes down to ur level and talks to us.

EXCHANGES

Illinois' $10,000 rubber cover for the football field has proved successful not only in keeping the gridiron dry before the games, but in staving off the rain during the games. No matter how the weather has threatened at any game this fall, no rain has fallen while a game was being played. The Illini beievesl the raincoat killed off the water jinx.

"What do we care if students' cars are not allowed on the campus?" asked 150 students at Ohio State University as they practice roller skating. By spring they will all be expert enough to come to school with great ease, it is predicted.

Whether women's teams should compete in intercollegiate games is a question that will come before the Athletic Association of American College Women next spring. College women the nation over are divided on the question, some preferring to continue the rule now in force prohibiting competition while others would encourage varsity games.

Western colleges generally support the present rule, while the eastern institutions, especially Cornell University, are for a change.

THE WHOLE TOWN IS TALKING

(Continued from page one)

corresponding amount of often unexpected action. From the first act, when Miss Ethel comes home from a Chicago music and art school with her friend Rodger Shields of Chicago and Paris, up to the third act, when Donald Swift, motion picture director, endeavors to punish Chester Binney, bookkeeper and fiance of Miss Ethel, and by mistake gets Mr. Shields under his fists, the play will provoke one continuous flow of laughter.

There is no need to enlarge on the abilities of Maynard Dunn on the stage. He will take the leading part as Chester Binney with Genevieve Gray as his partner, who will have the role of Miss Ethel. Anybody who has seen Jimmie Rule in previous plays knows that she is just the right person to produce complications in her part as a moton pcture star. With Jeanette Alford, Turnmire Byers, Mildred Watson, Lucy Horton, Alberta Dobson, Percy Rosa, Maynard Layman, Bill Crowder and Reginald Voorhees making up the rest of the cast, the Alpha Sigma Literary Society feels that the presentation will surpass the expectations of the most ardent advocates of the play.

Come and judge for yourself. The play will be presented on Monday, February 21, 1927, at eight o'clock in Voorhees Chapel. You will laugh all evening, but laughing is good for your health. Tight vests will be worn at the owner's risk. Also, we assume no responsibility for apoplectic strokes or weak suspender buttons.

EXCHANGES

Mixed swimming parties is a new form of entertainment at Oregon University. Parties are held in the women's pool and life guards are at hand to make the parties safe. Suits are furnished at the tank.

A collection of 250 books and 1,800 photographs valued at $5,000,000 has recently been received at Miami University of Oxford, Ohio, from the Carnegie Foundation.

According to the reports from the postoffice at Columbia, Ohio, two and a half tons of mail are received each week by the students of Ohio University.

The University of Chicago has recently received from George Herber Jones, director of the Inland Steel Company, a gift of $415,000 for the equipment and endowment of chemistry. Plans are already being made by the University for the construction of the George Herbert Jones chemical research laboratory which is to be the first unit of new laboratories devoted to fundamental investigations in chemistry and itis relation to medicine and industry. Additional units will be added as funds are contributed.

More Members Wanted

The Chilhowean Staff.

P. S.: Notice future issues of our paper for the firms that help to make our annual possible.

NATIVE SONS WILL HAVE JOB BEATING THIS

(Continued from page one)

Brownsville. Pennsylvania, Delaware, New Jersey, Connecticut, Rhode Island, Massachusetts, New York, Vermont, New Hampshire and Illinois could be placed in Texas, and then 92,288 square miles would be left over, which is enough land for each person in Texas to have a small garden.

When Texas is as thickly populated as Rhode Island is now Texas will have 148,000,000 population.

The chief occupation of the people is trying to keep from making all the money in the world. The chief pursuit of the people of Texas was formerly Mexican bandits. But now it is land buyers, steers and Texas crop records. The United States with Texas off would look like a three-legged Boston terrier.

Texans are so proud of Texas they cannot sleep at night. If a Texan's head should be opened the map of Texas would be found photographed on his brain. This is also true of his heart. Unless your front gate is 18 miles from your front door you do not belong to society as constituted in Texas. Mrs. King's gate is 150 miles from her front door and she is thinking of moving her house back further so that she will not be annoyed by passing automobiles and peddlers.

Other Texas landlords have whole mountain ranges and rivers on their ranches. One Texan has forty miles of navigable land on his farm. If the proportion of cultivated land in Texas were the same as Illinios, the value of Texas would equal that of the forty seven other states.

Texas has enough land to supply every man, woman and child in the whole world with a tract of five by twenty feet, and have enough left over for the armies of the world to march around the border five abreast.

Texas grows enough alfalfa, which if baled and built into a stairway, would reach the pearly gates.

If all the hogs were one hog he would be able to dig the Panana Canal in three roots.

If all the Texas steers were one big steer he could stand with his front feet in the Gulf of Mexico, one hind foot in the Hudson Bay, the other in the Arctic Ocean, and with his horn, punch holes in the moon, and with his tail brush off the mist from the Aurora Borealis.

If all the cotton raised in Texas annually were made into one mattress all the people in the world could take a nap at one time.

Texas is rightly named the Garden of the Lord, and if all the Bermuda onions grown in the Rio Grande were made into a necklace it would encircle the globe.

—Contributed by the Texas Club.

Only thirteen in 10,000 of the population of France and only fifteen in 10,000 of the population of the British Isles are found in the universities of those countries; there were in our colleges and universities during 1923 about 600,00 students, or about sixty in 10,000 of the population of this country.

Sophomores of the University of Toronto went so far in their misinterpretation of the slight hazing privileges as to impose upon the innocent freshmen the wearing of harem veils. This offering of "personal indignity" to the first year students incensed the downtown newspapers to such an extent that the Sophomore class thought it wisest to annul the mosquito net ruling.

"Owning and operating a hotel" is a new course instituted at Western Reserve University. Everything from kitchen to manger is included in the course. Aid and suggestions hove come from Cornell, where a similar course is offered.

FEBRUARY MEETINGS

(Continued from page one)

and if the first few days are fair samples of his preaching then we shall indeed have a series heretofore unparalleled.

It is especially gratifying to Dr. Wilson to have such good attendance at the evening meetings; the attendance the opening night was one of the best in the history of the meetings.

Rev. Stringham is contributing a large part to the success of the meetings by his excellent song-leading, and the students, old and new, are responding to his magnetic personality and musical talent. He seems to grow better each year, and incidentally, this makes his sixth instead of his fifth, consecutive year of service.

Prayer meetings are held each evening on most or all floors of the dormitories, and in the Y. M. C. A. The evening meetings are at 6:30 (Sunday at 7:00), and a cordial invitation is extended to all town people to come, both to morning and evening services.

Let all Christians pray, in faith, that His will be done in these meetings.

THERE WILL BE NO ECHO NEXT WEEK.

The sophomore class of Sanford University is in great danger of becoming bankrupt due to the hilariousness of its members. It now owes its alma mater the small sum of $600 for smashing windows, balustrades, and so on.

You are at your life task now.

Story Tellers Bring Cheer To Kiddies

The Highland Echo

VOL. 12 | MARYVILLE, TENN. FRI., FEB. 18, 1927 | NO. EIGHTEEN

GIRLS ALSO BUSY MAKING BASKETS

Have Won and Lost Some Hard Fought Encounters.

MAKING TRIP

Tusculum, East Tenn. Normal And Milligan on Itinerary.

Our Highland Lassies fought two great games in the gym last week. Friday night witnessed the defeat of the Tusculum girls in an exciting game, and Saturday evening they played a mighty good game against East Tennessee Normal girls.

Tusculum Game

The game with Tusculum at the beginning looked bad for Maryville. In the first quarter, the Tusculum girls ran up a score of ten points, and in the beginning of the next quarter they shot three more goals making their score 16 points. Maryville girls for some reason could not get warmed up, and get into the game and had shot only one foul. However, toward the end of the first half our team picked up, came to life and Simpson made a goal and a foul, so that the score at the close of first half was 16-4.

Not so good, but as soon as the second half started both the bleachers and Tusculum girls discovered that they were not fighting the same team of Highland Lassies—the same girls true, but a faster, harder, surer, fighting team than they had played the first half.

The Highland Lassies showed that they could shoot, and keep their opponents from shooting. Maryville guards kept the Tusculum forwards covered. March, Thrower, and Toole must have determined that

(Continued on page three)

DINING ETIQUETTE (?) OF MARYVILLIANS CENSURED

Flying Calories Cause Gloria Some Apprehension.

Well, if there is anything on the face of the old plane that grates on the nerves of a cultured, refined person like I, it is crudity of poise while dining. But so far as I have been able to assertain there is no poise at all in most of the diners at Pearsons Hall; not even crude poise.

Undoubtedly—, if there is anything that jars on my refinement and poise, it is to have a piece of pie or some such article of food go sailing past my nose, only to land smack in the face of some unsuspecting masculine victim. At least I haven't yet seen any of the boys throw pie at the girls yet. But one can't tell in this day of emansipashun for women when one will get a delishus piece of pie flat into one's face from the expressive hand of some chanct admirer.

As I have mentioned before it is extremely dangerous to wear nice clothes in to dine inside the dining room because of the flying calories, a species of flying air matter found only inside the dining room of Maryville College.

My parents saw to it that I had the proper evening frocks to wear down to dinner, before I left home, last fall. But when I arrived at Maryville College I found out that they didn't have dinner at night but crudely called the evening meal supper and that the only place which I had to wear my evening creations at was to the chapel

(Continued on page four)

Dr. Seerley Speaks To Students Sunday

FAMOUS LECTURER

To Give Interesting Addresses On Sex Education and Social Hygiene.

Dr. Frank N. Seerley, lecturer for the International Committee of the Y. M. C. A. on the subject of Sex Education and Social Hygiene has through the cooperation of the local Y. M. C. A. and Y. W. C. A. been engaged to give several addresses to the students of Maryville on Sunday, February 20th.

Dr. Seerley is listed in Who's Who in America as a psychologist and medical doctor and has degrees from the State University of Iowa, the Univesity of Vermont and the International College of Y. M. C. A. at Springfield, Mass. In addition to this Dr. Seerley has studied in Sorboune, Paris, France, for two years. Since 1889 Dr. Seerley has been connected with the International College of Y. M. C. A. as Dean, and professor of Hygiene and Psychology.

During the spring of this year, Dr. Seerley is giving a month of his time in visiting some of the larger colleges and universities in the ten Southern states comprising the Southern Region of the Student Y. M. C. A. Maryville is exceedingly fortunate to secure him for one of his few engagements in Tennessee.

Dr. Seerley will speak five times Sunday, first at 9:30 a. m. during the Sunday School hour to the young men's class at the New Providence Presbyterian church. This class will meet in the church auditorium and all men are invited to be present. The next address will be delivered at 1:00 p. m. to men at the Y. M. C. A. meeting in Bartlett Hall. Every man in Maryville College will want to hear Dr. Seerley at this hour.

At 2:30 Dr. Seerley will speak to the Y. W. C. A. in Thaw Hall. Every girl is urged to come to hear this address. At four o'clock in Theta Hall the Y. M. C. A. and Y. W. C. A. cabinets and other campus leaders will meet with Dr. Seerley to discuss this phase of work upon Maryville campus.

The final address will be given Sunday evening at the Vesper service at the chapel at 7:00 p. m.

All of Dr. Seerley's addresses will be upon the general theme of Sex Education and Social Hygiene, but none of them will be duplicates of those delivered earlier in the day. Each address will be different from the other in content, and every student is urged to hear as many of these as possible, and to avail themselves of such information as they can get from a national authority upon this subject.

Ideas and theories occasionally get a jolt that up sets their normal routine of belief, and forthwith we cite an example. It is generally held that football is the "breadwinner", so to speak, for all the other various forms of college athletics, and each year long lists of statistics are published by the various schools in which large deficits are shown in other sports. At the college of the city of New York, football has been a liability every year, with the exception of the past season, when the profit side of the ledger showed a balance of $600. The losses in sports were paid by the income received for admission to the ice-skating rink in the stadium and by basketball.

SENIOR PARTY

Say! That was some party the Seniors pulled Wednesday evening!

Arriving at Prof. McTeer's home somewhere around eight o'clock—depending on whether one was moonshining or not—the party started off with a scurrying search, under rugs and over chandeliers, for red and white hearts.

There were brain-taxing contests (involving hearts) in which none but Seniors would dare compete; there were fortunes told,—coming weddings casting their shadows before, bachelors—and spinsters-to-be warned of their impending fates.

So, until almost eleven, the gaiety went on. Delicious refreshments were served, carrying out valentine suggestions.

There were two interruptions during the evening. First, when someone called, "Bob Jensen. Phone call, 21!" He called—inquired—and later tried to pass it off as a joke—for '21' is the County Jail! Then about ten thirty Roy warned the merry markers that they must "home and to bed" before eleven.

The Seniors are looking forward to other good times this semester, but they'll have to go some to beat the Valentine party.

Ray for the Seniors!

IN APPRECIATION

Mr. Robert Jensen,
Carnegie Hall.
Dear Jensen:

Will you please take some means, either the columns of the Echo or some other, to express to the students my profound thanks for the beautiful flowers which came to me yesterday in the name of the "Maryville Students", to welcome me home. I am certainly very happy to have this mark of their sympathy and interest. I hope in ten days or so to be able to look into the "shining faces" of the members of my classes and to see whether I am as welcome to my classroom as their flowers made me feel on coming home. Thank them all for me.

Sincerely,
Edwin R. Hunter.

Feb. 12, 1927.

Alpha Sigma Mid-Winter Monday

ARE YOU HUMAN?

If So You'll Laugh Yourself Sick at "The Whole Town's Talking".

Some one has said that laughter is a social function; therefore, you may know by your ability to laugh whether you are social or not. Some one else has also said that the human being is the only living being that laughs. The Alpha Sigma Literary Society has taken upon itself the job of helping you to find out if you are a human being and in good standing as a member of the social group you live with, by putting on Emerson's play "The Whole Town's Talking". If you don't go to see that play you don't believe in laughter, and if you go and see the play without laughing, then you are not a human being. So you may turn this play into a psychology test for yourself.

But here is something else. The test works two ways. You boys would not want to tie up with a girl for the rest of your life who has no sense of humor, and you girls would not want to throw your life away on a boy who looks as if he had been raised on sour grapes. Here is your golden opportuntiy. Make a date with the idol of your heart and take that idol to the play next Monday night. If the play causes the tears of laughter to run down the cheeks of your partner, then by all means hang on to that partner. Otherwise try your luck somewhere else. You don't want to be unhappy all your life.

But now to something serious! Did you ever see a fight in the dark? No? Neither did we, but we heard one once, and when the lights came on a "beaubrummel" and a motion picture director lay motionless on the floor, and the hero who, by the way, had not had a part in the fight, walked off with the heroine, a charming flapper of, say eighteen years.

Did you ever hear of a transformation of a "country hick" into a "smart aleck"? No? Neither did we, but we saw such a transformation once, and the transformed man spoke French, had lived a life of the world, and was admired by the ladies, after a short lesson of about ten minutes.

Suppose I stop here and let you find out about all these exciting things yourself next Monday evening at eight o'clock in Voorhees Chapel. The cast? Why, they are too well-known to need to have their names in the papers. Their names are household words in Maryville College and deserve to be flashed in big electric signs from the top of Anderson Hall. Come and see them act. But let me give you a hint. There are no reserved seats, so come early and be sure of a good seat.

N. B. For students of Literature and Drama classes: This will be a splendid opportunity to report in class on an up-to-date comical play. And best of all, it's the easiest way of getting outside reading done.

The University of Florida and the city of Gainesville are to have the greatest event in their musical history on March 7, 8, 9, when the New York Civic Opera Company, under the personal supervision of the American impresario, Maurice Frank, is to appear at the university auditorium in performance of "Aida", "Rigoletto", "Cavalleria Rusticana" and "Paliacci".

BASKETBALL TEAM WORKING HARD

Playing Off Heavy Schedule Since February Meetings.

CARSON-NEWMAN WINS

Terrific Pace Held Throughout Close Game. Score 28-26.

As an opener following the February Meetings, the Highlanders played the University of Louisville. This was a fast, close game and when the visitors' forward just looped them from all angles while the Scotties were unable to hit any long shots at all. Louisville was leading at the half 14-13, and nosed out a victory in the last two minutes of play 30-26. McCall and Marion played the best game for Maryville.

The following night the Highlanders turned back the Tusculum outfit 38-33. This was Maryville's game from the start, and Maryville led at the half 19-12. The Tusculum boys staged a rally but it was too late and fell short. Bird was the best Scotty that night.

The Parsons received a scare they'll not soon forget when the Maryville Highlanders held them to a 2 point win here Tuesday night. The game was one of the best, hardest fought battles ever played on the Maryville court and the crowds which packed the gym backed their teams to a man. The score, always mighty close, was tied at seven different stages of the game.

Bird scored first with a side court shot and Shoun followed with one from the foul circle for C.-N. Marion tossed in a crip and Howell immediately followed with a

(Continued on page four)

FIFTY-FIRST SERIES OF FEBRUARY MEETINGS CLOSED

Appeal Is Sensible and Rational Throughout.

On last Friday, the fifty-first series of February Meetings came to a successful close. Dr. Marston, preaching his last sermon of the series, presented in a most forceful manner the claims of Christ. He made a touching appeal to the students, in which he urged "that they be not disobedient to the heavenly vision".

The appeal throughout the entire series was non-emotional—but sensible and rational, and it is safe to say that not one decision was made without calm and collected forethought. Every student who registered as a non-christian was interviewed one or more times during the eleven days of the meetings.

As Dr. Wilson brought out in his talk at the close of the meetings, the entire aspect of the February meetings has changed in the last two years, since the discontinuation of the Preparatory Department. During these two years it has been noted that a far larger number of students have registered as professing Christians, and the nature of the meetings has changed in that the specific object is to uplift the spiritual lives of the professing Christians. To be sure this in no way slights the objective of attaining first decisions for Christ. Because of this change the last two years have been critical ones, and Dr. Broady and Dr. Marston have responded nobly to the task thus set before them.

HAPPY BIRTHDAY!

Lacking just one year of having filled the allotted measure of three score and ten! And yet he says he is not strong, and never has been. We can not know how it has taxed him to keep going under the crushing load he has borne these many years, what physical infirmities have sapped his much needed physical strength and weighted him down, but we do know that if there is any weakness in Dr. Wilson's make up, it is only on the physical side. Mentally, morally and spiritually, where is his superior to be found?

We are but dimly aware of how much we owe to Dr. Wilson, how much he has made possible for us here that would not be ours to enjoy had it not been for him. We can but vaguely grasp the weight of responsibility that has rested upon his shoulders for the 26 years he has served as president of Maryville College. Safeguarding the mental, moral, and physical life of hundreds of young people at the most critical period of their lives; fitting them for a useful and happy life to come; keeping faith with the many parents who send their children here believing in the ideals and morale of Maryville; shouldering the task of administration of the college, with its financial worries, and its myriad problems and cares; surely no task for a weakling!

Though we cannot fully understand we deeply appreciate Dr. Wilson's life, his character, and his consecration to his work in our behalf. The floral token from the student body, presented Thursday morning at chapel was but a feeble expression of our love and admiration. Our best wishes and our hopes for a happy future of many years go out to our president, and we unite in our resolve to do our individual bits to lighten the burden resting upon him.

Happy birthday, Dr. Wilson!

LITERARY SOCIETIES

Bainonian

Those who enjoyed the literary program last Saturday night will enjoy even more the Spanish program planned for this week. You will like the paper to be given on Spanish plays; also the Spanish songs and dances. Come spend an hour with us in Spain.

Alpha Sigma

True Alpha Sigmas will remember the date, Saturday, February 19 as being only three days before the staging of what will be the greatest play of the season, "The Whole Town's Talking"—a product of Alpha Sigma. Support it to the limit! Advertise its inimitable qualities! Display your allegiance to the grandest society of the Hill by attending in full force this superb interpretation of a popular play.

The program for this week will merit considerable interest and attention. Here it is:

1. The Great Smokies—
   Wilbur McMahan
2. My Impressions of Maryville—
   Jimmy Tweed
3. Vocal Solo—Robert Jensen
4. Debate: Resolved, that hazing should be permitted in Maryville College—
   Affirmative: Edward Conrad
   Negative: William Rodgers
5. Alpha Sigma Advance—
   Charles Morgan

Athenian

The French Oratorical Contest, which was to have constituted the Athentian program this week, has been postponed until next Saturday because several of the contestants will be out of town this week-end. This fact has made it necessary for "Chilly" to drum up a program on short notice. Although the various features of this program are not known as yet, he assures us that the program will be interesting and up to par.

The oratorical contest will be held next Saturday, rain or shine, so don't forget it.

GIRLS ALSO BUSY MAKING BASKETS

(Continued from page one)

"they shall not pass", and "they shall not shoot", for Tusculum was doomed to finish the game with her 16 points.

Simpson shot three goals, followed by two by Pearson, and things began to take a different aspect. Another goal by Simpson tied the score, and excitement began to run high. A crip shot by Pearson put Maryville in the lead and just in the last minute of play Simpson put in a long shot closing the game with a score of 20-16 in Maryville's favor.

We know our girls can fight, and we are mighty proud of them.

East Tennessee Normal Game

On the evening following the Tusculum game our girls met one of the strongest teams of the section. The Normal girls were a hard and fast team but our Highland Lassies proved to be no easy team to beat. Both teams had a good many shots in the first half, and, at the close of the first half the score was 19 to 12 in favor of the Teachers. In the first quarter of the second half both teams shot a number of goals, making the score 26-22 for our opponents. Captain Simpson was hurt in the first part of this quarter and was unable to do much offensive playing. In the last quarter Maryville scored two points to the Normal's four points, making the final score 24 and 30.

Our girls put up a mighty good fight and played a good game throughout.

Trip For Highland Lassies

Tuesday morning the co-eds left for a trip, playing at Tusculum in the afternoon on Tuesday; Wednesday night they meet the East Tennessee Normal girls, and Friday night they play Milligan.

After their return they play Carson-Newman here the 22nd., Alabama College here the 25th and Carson-Newman there the 28th.

Get behind those girls and fight. They can play—so you do your part and boost the Highland Lassies.

Buy your music from Clark and Jones, Knoxville

No matter how healthy a bow-legged person may be, they are always in bad shape.

Dining Etiquette (?) of Maryvillians Censured

(Continued from page one)

which is the place where the amusing entertainments they have are given at.

What I mean to say is that it certainly was a disappointment to me when I discovered what sort of a crude, poiseless group of diners the diners in Pearsons proved to be. It was certainly a shock when I discovered that such was to be my environment for nine months. And on top of this I found that hardly no accessories whatever, to speak of, came with the meals they furnish.

One can easily imagine how terrible a refined person like I, who is so particular about such things as keeping her teeth clean, would feel to find that they didn't even furnish tooth picks to the diners. But my mother who has always said that she would see to it that I have the essential things of life send me a box of gold tipped tooth picks, specially made with our family coat of arms on each separate tooth pick. The girls all thought that they were so uneek and many of them got them from me for souveneers to remember me by and put in their memory books.

Well I could discourse for quite a long period of time on the intrikacies of the lakadaisical dining of the Maryville College diners but some of the girls have just come in from another dormitory to get a toothpick for a souveneer, as my coat of arms on them is making me socially very popular and I must stop and give them one. I must tell the girls about our old coat of arms that we used to have on our china but which is not as pretty as or new coat is. Well, I must stop and attend my social duties.

BASKETBALL TEAM WORKING HARD

(Continued from page one)

long shot. Bird shot a foul, Shoun rolled in a follow up shot and was fouled. He made it good. Marion tossed in another crip. Carson-Newman time out. Shoun came back with a crip. Double foul called. Veech made his good and followed with a long shot. Newton made a foul count. McCall shot a pretty long shot. Veech shot a foul as the half ended 15 to 12 in favor of Maryville.

The second half started with McNabb and Snyder in for Shoun and Haas, Carson-Newman.

Marion opened the scoring with a pretty crip, followed by a foul. V. Shoun made foul shot. Bird made foul shot. Newton made foul shot. Howell sank long shot. Here Shoun and Haas came back into the game. Shoun made a crip, was fouled and made both of them. Howell made another long shot. Bird made one from foul line. Haas was put out on fouls. Bird made a foul. This tied the score at 22 all, with 3 minutes to go. Shoun followed with crip. McCall made foul. Ballard tossed in a short one; Shoun made a foul; Bird made a crip; Shoun made a foul, and Davis followed suit. The gun went off as the ball went back to center. Maryville was fighting for just two points but failed to get them.

The Maryville defense worked fine, especially when they were forced to play against the elongated Mr. Shoun. Veech played his best game of the year while Bird and Marion played fine games scoring 9 points apiece. Mcall played a fine floor game. Maryville missed many chances to score during the last half and practically lost the game by her own misses.

Shoun, played a bang-up game accounting for 17 of C. N.'s 28 points. Howell and Newton played good games for C. N.

Harbison called the game.

Line-ups

Maryville 26	C.-N. 28
McCall, 3	McHarris, 0
Bird, 9	Howell, 6
Marion, 9	Shoun, 17
Davis, 1	Ballard, 2
Veech, 4	Haas, 0

Subs: Maryville, Waddell; C. N.: Newton, 2; R. Shoun, 1; McNabb; Snyder.

FEBRUARY MEETINGS

(Continued from page one)

There were fewer than twenty five students who registered as non-Christians, and most of these, during the course of the meetings made a decision for Chrst. A total of 530 students reconsecrated their lives to higher service for the Master.

All in all the meetings were highly successful, and the leaders feel sure that prayers have been answered. The results were certainly gratifying and it is felt that the decisions are deep and lasting ones.

It was fitting indeed that the degree of M. G. (Man of God) should be conferred on both Dr. Marston and Mr. Stringham.

Our prayers and best wishes go with them wherever they go, and there will always be a large place in our hearts for them. As Dr. Marston often said, let us ever sing "Praise God from whom All Blessings Flow".

HIGH POINTS IN FEBRUARY MEETINGS

"Innocence once lost is never regained".

"The closer the spokes of the wheel get to the center, the closer they get to each other—the closer Christians get to Christ, the closer they get to each other".

"God save us from the spirit of selfishness".

"What the world needs is a Saviour."

"If you want to know what heaven is like bring a man to Christ; it will come down and abide in you."

"The way in which a man's or woman's life is shot from childhood is usually the way in which that life crosses the home plate, unless the cross of Christ intervenes."

INTERESTS OF STUDENTS SHOWN BY VOTES

Student Body Considers Choosing Life Work Greatest Problem

Some very interesting results were obtained from the survey of the interests of our student body as taken by the Y. M. C. A. last Saturday in chapel.

The following is the list of subjects as presented to each student on which he or she was to indicate ten choices including a first choice:

Here are the questions with total vote cast on each one:

1. Where Do We Need New Standards?—193
2. How Honest Shall We Be?—152.
3. Relations Between Men and Women.—327
4. How Nearly Perfect Can We Be?—162.
5. How Shall We Meet Times of Testing?—160.
6. Are We Living by the Footnotes?—79.
7. How is a Christian Student Different —234
8. How Can One Be Sure of Jesus?—158
9. What are We in College For?—208.
10. Does the Campus Give a Fair Chance to All?—201
11. Is Campus Popularity Worth Seeking?—189.
12. Shall Fraternities Be Abolished?—157
13. How Can Group Life Be Made Christian?—116
14. How Far Are We Responsible for Other Students?—291
15. When Must We Break With Campus Traditions?—159
16. Shall We Always Keep the Rules and Laws?—210
17. What Shall We Do When Loyalties Conflict?—159
18. How Radical Shall We Be?—120
19. Where Shall We Stand on War?—163
20. Shall We Be 100 Per Cent Americans?—104.
21. How Shall We Treat Other Races?—206
22. How Can Students Work for a New Industrial Order?—70
23. How Shall We Choose our Life Work?—454
24. Does College Weaken or Strengthen Religious Faith?—296.

ALUMNI MEET

A number of former students and graduates of Maryville College, met Sunday, February 13th, at the El Verano Hotel, West Palm Beach, Florida. After renewing acquaintances the crowd went to the beach where a picnic dinner was enjoyed. The remainder of the afternoon was spent sightseeing. Those present were: Mrs. Peg Houston Morrison and her husband, James Morrison, Jr., of Stuart; Miss Winston Newton of Fort Lauderdale; Mrs. Doris Wilson Rozeile and her husband, John Rozelle of Hollywood; Mr. and Mrs. Chapman Gibson and son Howard of West Palm Beach; Miss Kathleen Enloe of West Palm Beach; Miss Mary Thompson, Mr. and Mrs. Wood Wright and daughter, Anne Hunter Wright, Miss Hazel, Miss Louise and Miss Carrie Sheddan of Miami. Another reunion is planned in the near future and it is hoped that a large crowd will attend.

Very truly yours,
Carrie Belle Sheddan.

FIGHTING LASSIES TRAVEL AFIELD

LASSIES' FIRST TRIP

Scores Don't Tell The Whole Story.

The Highland Lassies took their first trip last week, leaving Wednesday morning and returning Saturday afternoon. Though to the home folks the trip may seem to have been a failure, things are not always what they seem.

The first game, with Tusculum, was a good, hard-fought game and resulted in a victory for Tusculum, 19 to 12. The next time you get a chance look the team over and find out which one you think earned the title of "the little fighter".

To mention the next game to the girls is like touching a sore spot. It was a "Stony" game and both sides worked hard for the victory but the Normal captured it at the last minute, 23 to 19. If you see Dorough, Simpson, and March strutting more than usual you will know that they are proud of the pet names the referee conferred upon them.

The third game, with Milligan, the Lassies won 17 to 15. Though we should have won by a larger score we are proud of the fact that it was a clean, fast, hard-fought game, both teams staying amiable throughout the game.

If you would like to know more of the details of the trip ask Sullivan how she happened to misjudge the bed; ask Coach Norton what she thinks of fording Tennessee creeks; ask Portrum why she likes Morristown, Vanderslice why she likes Milligan, and all the girls how it feels to wake-up and find one's car missing.

PREACHER'S CLUB GOING STRONG

Ministerial Association Doing Varied Work. New Officers Elected.

The Ministerial Association met Wednesday evening, February 23rd. This was the first meeting since the installation of officers. Walter Courtenay lead in the opening song, "Toiling On". Then Mr. Deaton led the devotionals. Mr. Crosby told why he chose the City Church as his field of life work. Mr. Murphy gave his reasons for choosing work among the young people. Mr. Thomson told of several factors that were instrumental in causing him to prepare for the foreign field.

The following report was made of work done during the week: Mr. Courtenay and Mr. Fell preached at the Cumberland Church; Mr. Crosby went out in the country and preached a sermon. Several fellows went to the jail and talked to the prisoners. There were sixteen men present at the meeting and we are hoping for a larger attendance from now on. Some very interesting programs are to be given in the future with special speakers from time to time. We meet Wednesday evenings at 6:15.

FINAL LYCEUM MONDAY NIGHT

Evening of Varied Solo and Ensemble Instrumental Numbers

VERNON CONCERT ENSEMBLE

Company of Talented Musicians Promise Musical Treat

On Monday evening at 8 o'clock in Voorhees Chapel, the last regular lyceum program of the season will be given. The Y. W. and Y. M. C. A. take pleasure in announcing that the concluding number of the series, is to be presented by the Vernon Concert Ensemble.

This is a company of excellent musicians featuring solo and ensemble instrumental numbers, with a few vocal selections to add even more variety to the program. They will ably uphold the high standard set by the preceding numbers of the course, and an evening of musical enjoyment is assured those who attend.

This differs from any thing given here for a number of years, and so will be novel and entertaining to every one. Students are urged to avail thmselves of their last opportunity to enjoy a regular lyceum program.

The members of this artistic group are as follows:

Mr. Benno Delson, Director and First Violin, was born in Russia, but at an early age removed with his family to Germany where he received his musical preparation. After extensive study with world famous teachers in Leipzig and Berlin, he toured Europe repeatedly, both as soloist and as a member of the Leipzig Philharmonic Orchestra. Coming to the United States some years ago, he has made many concert tours here, and has visited nearly every section of this country.

Miss Evelyn Dalin, Second Violin and Soprano Soloist, is unusually gifted in many directions, having equal ability as a violinst, singer and pianist. She has toured extensively in concert work.

Miss Eltessa Emmerling, Harpist, is a graduate in music from Northwestern University, and has received her harp instruction from teachers there and in Chicago. She is well known as a harpist of real ability, and her services for con-

Life Work Conference Scheduled For March 4th, 5th, and 6th.

RECOGNIZED LEADERS TO GIVE COUNSEL

Able Representatives of Various Professions Secured To Assist Students.

Students will welcome the announcement of the YMCA and YWCA Associations of the Sixth Annual Life Work Conference, which will be held Friday, Saturday and Sunday, March 4, 5 and 6. Upper classmen who have participated in former Conferences will testify to the helpful advice and counsel in the choice of a vocation which is made available to them by leaders brought to the campus for this purpose.

Eighteen vocations and professions will be presented this year, based upon those which the students were most interested in at past Conferences. These include Teaching, Journalism, Medicine, Nursing, Law, Business, Social Service, Religious Education, Rural Community Work, Coaching and the YMCA and YWCA Secretaryships. It has been found from the experience of former years that a large proportion of the student body are undecided as to any particular vocation, hence there will be an "Undecided" group to which these students may go for general advice and counsel which will aid them in a choice of their work.

The program for the Conference includes a Chapel platform hour from 8:10 to 9:00 o'clock, in which addresses by the most prominent leaders upon the general principles in choosing a life work and upon vocations of a general interest will be presented. The period from 9:00 to 9:40 o'clock will be given over on Friday and Saturday to group conferences, in which competent leaders will meet with those interested in a particular vocation and offer such help as they can give. Regular college classes will convene at 9:40 and continue until 3:00 o'clock. In the evening at 6:30 there will be another platform hour, at which students will be given the opportunity to hear interesting addresses relating to the general subject of the Conference.

The Associations have spared no expense in securing leaders for the Confernce, and the best ones available have been engaged. Dr. J. B. Kessler, Professor of Vanderbilt

(Continued on page four)

HIGHLANDERS TAKE LAST HOME GAME

TRIM LOUISVILLE T. S.

Captain Veech and Shorty McCall's Last Game Here.

The Highlanders, playing their last game at home, defeated the Louisville Theological Seminary 36-22.

It was Captain Veech's and Shorty McCall's last game for Maryville, and both put up a wonderful brand of ball. This is their fourth season on the hard court for Maryville and they will be hard to replace.

The Scotties ran up 16 points before L. T. S. scored, and the half ended 17-2 with Maryville playing all around the Preachers.

The second half was more of the football type with both sides taking advantage of the loose refereeing. Thorington a Louisville sub scored 4 baskets in the last half to lead the Preachers in scoring. Marion and Bird led the scoring for the Scotties.

Maryville	Louisv. T. Sem.
McCall 7	Llorden 4
Bird 9	Allen 5
Marion 10	Jansen 2
Davis 4	West
Veech	Thorington 8

Roy Buffat. Referee.

The team is now away on a trip, of which we shall hear next week.

Mrs. Turner visited her two daughters, Augusta and Margaret last week-end.

Miss Lucy Horton is spending this week-end in Chattanooga for the Grand Opera season.

Reba Millsaps has returned to school after a brief illness.

RESERVES FINISH AN EXCELLENT SEASON

Have Seven Victories, and One Defeat, as Season Record.

Though little mention has been made of the fact, Maryville has a team known as the M. C. Reserves (alias Bulldogs), coached by Bob Thrower. Under his tutelage the Reserves have had a most successful season, having 7 victories and one defeat charged against them. This defeat was suffered at the hands of the strong Maryville Independent Team with a final score of 34-28, the closest score of the season for the Independents.

The Reserves went to Porter next, where they defeated the strong Porter team 38-30. Stribling played the leading role as point getter. The following week Coach Bob took his charges to Friendsville and defeated the high school boys 34-28. Mann and Stribling furnished the high lights of this fray.

Porter supplied the next opposition on Maryville's court, and although they were all set for revenge, they were forced to return home, after Mann and "Strib" had hit their basket from all angles, on the short end of a score of 48 to 19.

The Bulldogs then journeyed to

(Continued on page two)

EXCHANGES

Statistics again! Rowing attracts more members of the same family at Yale than any other sport. Several members of this season's crew are sons or brothers in some instances both, of former oarsmen. It is interesting to note, also, that they row in the same position in the boat.

"Figures prove that the hip flask and necking age has produced better scholarship among college students", is the astounding statement of Dean James Armstrong of Northwestern University.

The well-known president of George Washington University, in a recent address made the statement that fraternity life was the strongest feature of modern colleges. In the same address he said, "Golf and tennis are the preferable games for college men because they could be of value to the graduate after leaving his alma mater."

WHAT DO YOU THINK?

Here at Maryville, Christian standards of living are stressed continually. Consideration for others and denial of self are presented as desirable characteristics, and are recommended to the students as being worthy of incorporation into one's code of life. Are they? Most of us would say without hesitation that they are, and that is the conviction of the writer.

But now hear what an alumnus of Maryville, an undisputed leader in student activities while here, has to say about Maryville College training (outside of classwork) as preparation for life in our high speed, materialistic universe. We quote the substance of his remarks, and dilate a bit upon the line of thought suggested.

The graduate of Maryville College is at a disadvantage when he gets out into the world. While here he has lived in an atmosphere of thoughtfulness for others, where merit and ability is sought out and recognized without any appreciable effort on the part of the possessor thereof, and where modesty and nonaggressiveness are extolled as priceless virtues. Out in the world it is not so. People are too busy to stop and search out the latent potentialities of the individual; it is up to him to proclaim his power, to "blow his own horn", and to the best advertizer is given the most credit. Thoughtfulness of others is not the order of the day. It is everybody for himself, and may the devil take the hindermost.

In such a scheme of things as this the Maryville man is handicapped. He is used to having folks do his press-agent work for him, his aggressiveness and initiative have been atrophied by the lack of necessity for self-assertion, and thus he is unprepared to attract attention and win due credit from a hustling, preoccupied social order. And so, it is claimed, Maryville men of ability often fail in their objecve of being of utmost service in the world, because they are not prepared to inform and convince the world of their abilities and capacities.

This sounds like a serious charge. It is of vital interest to those of us who are soon to leave these halls and try our prowess in the world. Shall we have to throw overboard the ethical standards of unselfishness and altruism we have been taught here, before we can consider ourselves prepared for the battle of life? Are we to consider these ideals as being theoretically sound and desirable, but not to be taken seriously in actual practic? What a benevolent world this would be if everyone accepted that view!

This is in fact a problem. Materially and temporally speaking, the Christian is apt to be at a disadvantage among men who hesitate not in taking every means, toward their sole objective of self gratification and aggrandizement. But this does not sanction his going and doing likewise. Each must decide for himself whether the world, or his own soul, is of more value to him. Each must determine whether self assertion, or principle-assertion shall characterize his code of life.

Here is a common fallacy, and here is the crux of the whole matter. It is commonly thought that self assertion is at al times diametrically opposed to the ideals and principles of Christianity. Self-assertion and principle assertion are not always at variance. False modesty has no place in a Christian's life. By careful and honest self analysis, we can determine pretty well our own capacities as compared with those of other people, and, knowing our own abilities, we are obligated to put them to work. Christ advised no man to hide his light under a bushel. For a man to push himself forward when reasonably sure that he can render a greater service than other candidates, is not selfish, it is for the best interests of all concerned. And for a man to hold back and let inferior ability take the lead, is to play false with humanity, and with God, who endowed him with his superior powers.

The Christian's duty where there isa marked difference in ability is plain, and in cases where differences are slight, the world is the better off for a few people who are not intent on getting the advantage over the other fellow at every possible opportunity. Ability, if backed by honest effort, will win recognition wherever it chances to be, and if that recognition is a little slower in coming out in the world than it is here on College Hill, that is sometimes a healthful experience for gifted folk.

RESERVES FINISH AN EXCELLENT SEASON

(Continued on page four)

Tellico Plains where they defeated the high school team of that place 34-26. Here again Strib and Mann were the "big guns" for Bob's boys. Then in a preliminary to the Maryville-Carson Newman girls' game, the Reserves turned back the strong Walland High team 27-20. Strib and Johnson were the high point men of this fracas while Gann, Stone and Shanks also mixed it up a bit.

The Reserves will end their season Friday night when they take on the Strong Kingston team on our own court.

The season's scores were:

M. C. Reserves	27;	Harriman	14
M. C. Reserves	28;	Maryv. Ind.	34
M. C. Reserves	61;	Army	20
M. C. Reserves	38;	Porter	30

LITERARY SOCIETIES

Theta Epsilon

? ? ? ?

The Theta program is almost always a surprise; a surprise to you, a surprise to the secretaries, sometimes; but always, a greater surprise to Theta's editor.

But—isn't mystery more charming than certainty? Does not the obvious always pall? And are not Theta's surprises usually delightful?

Agreed! Then come and find out for yourself what awaits you at Theta Saturday night.

Alpha Sigma

The Alpha Sigmas will never forget the humorous atmosphere created by their midwinter play on the hill. Some of the members are still occupied with the straightening out of face-muscles. But man cannot laugh all the time, for which reason the program secretary has arranged a program dealing with weighty problems facing each American.

There are reasons to believe that the speakers are well qualified for their parts, Houck being from New York, Jones from the South, and Frei and Layman diametrically opposed on the question they are to debate. The following is the program in full:

Alma Mater
The Americanzation of Foreigners in Big Cities - Stanley Houck
Contributions of the Negro Race towards American Progress - Charles Jones
Music - - - Alpha Sig Quartet
Debate: Resolved that the Ku Klux Klan is Undemocratic. Affirmative, Ernest Frei; Negative, Maynard Layman
Alpha Sigma Advance - - - John Morgan

Athenian

The Athenian program this Saturday night is the one big program of the year—the French Oratorical Contest. Six speakers will compete for the French medal, a reward given annually to the best Athenian orator. This is certainly the one program of the year which no one can well afford to miss. The program is as follows:

The Declaration of Independence
Mr. Stanley McCool
Education for Peace,
Mr. Paul Meikle
Martin Luther - Mr. Henry Welbon
Vocal Duet - - - - -
Messrs. Milling and Franklin
The Duties of Citizenship,
Mr. Leland McDonald
To Every Child an Equal Chance,
Mr. Hayden Laster
The Protestant Reformation,
Mr. Walter Courtenay

FINAL LYCEUM

(Continued on page four)

certs and recitals are much in demand.

Mr. Oliver Finney, 'Cellist, is a thoroughly experienced and dependable artist. He is a pupil of the great 'cellist, Bruno Steindel, and is in every way a solid and well equipped musician. He has toured the United States many times and has won much favorable comment for the brilliance of his solo playing.

Mr. Russel Mason, Flutist, is the youngest member of the company, and is a most phenomenal artist. His advanced studies have been under the guidance of Alfred Quensel of the Chicago Symphony Orchestra. Two years ago he was chosen by Frederick Stock as solo flutist of the Civic Symphony Orchestra of Chicago, a remarkable position for one so young.

S. H. Osborne who is up in New York awaiting an operation, says he would appreciate a line or two from some of his Maryville friends.

High Points of the Survey:

564 students took part, 75 of whom were seniors and 491 underclassmen; 228 boys and 318 girls.

Girls were more interested in Choosing Life Work. Life Work received 545 votes.

Boys found No. 3 their greatest problem.

Only 24 girls selected No. 3 as first choice, while 42 boys marked it.

The question of College and religious faith received a big vote.

Girls feel greater responsibility for fellow stduent.

A few tender-hearted students voted for all of the questions.

Some few men indicated their masculine asininity by adding a few remarks.

On the whole a fine interest and cooperation was shown by the student body.

LIFE WORK CONFERENCE MARCH 4TH, 5TH, AND 6TH

(Continued on page four)

University will be the principal speaker and leader of the Teaching profession. Dr. Kessler is well known throughout the Southern Colleges as a speaker and lecturer. Juniors and Seniors will remember him from his participation in the Conference two years ago. Dr. Kessler will deliver three addresses while here, "Choosing a Life Work", which will be the opening address of the Conference, "The Call of te Upward Climb" on Sunday afternoon at 1:15 at a joint meeting of the YMCA and YWCA and "Are The Resources of Jesus Available to Us Today", at 7:00 o'clock Sunday evening.

Dr. Lindsay S. B. Hadley of New York will lead the group interested in Missions and will deliver two addresses, "Christ in The Foreign Field" and "The New China". Dr. Sibley Frame Vance of Pittsburg will meet the Undecided Group and deliver an address on "Conflict or Cooperation". Dr. Vance will also preach at the morning worship service at the New Providence Presbyterian Church.

Many other leaders including Dr. Herbert Acuff, physician of Knoxville; Dr. Percy Knickerbocker, pastor of the Church Street Methodist Church, Knoxville; Mr. O. C. Whittle, Cashier Union National Bank, Dean N. W. Daugherty, Professor of Civil Engineering, University of Tennessee, Mr. Edward Hamilton, State Student Secretary, YMCA, Miss Alfreda Zargis, Director Religious Education, Second Presbyterian Church, Knoxville, Mr. Henry C. Rodgers, Allardt, Tenn., and Miss Katherine Butler YWCA Secretary, New York, will be present during the three days of the Confernce for private interviews and to lead the other group meetings.

Private interviews will be scheduled with any leader by students whose names will be announced later. Each student is urged to avail himself of the opportunity offered in the settlement of his life work question.

Peter Pan borrowed Anita's Bible the other night when she looked at it she said, "Why this is a Holy Bible, is it the same as the other kind?"

John Taggart, at the Boarding Club, after having gotten a piece of fish that was nearly all bone.—"Gee, I pulled a bone that time."

Billy Rogers: "Who was it who said that it took very little to sustoin human life?"

Room-mate: "Professor Proffitt'"

A North Carolina College has endowed a Chair in Matrimony. Wouldn't a porch swing do just as well?

WOMANHOOD AND WORLD OF REALITY

Vision of What Modern World Has to Offer Women of Today.

WHAT WILL IT BE?

Opportunities Abound For One Consecrated To Service of Humanity.

With the white numerals of their class emblazoned on sweaters of Royal blue, two girls walked arm in arm down the winding campus path. Their work for the day was done, and it was with relief that they threw their note books on the grass and strolled leisurely along.

For a while the girls walked in silence, and their faces were thoughtful. Somehow the irresponsible frivolity of freshman and sophomore days was strangely missing.

Claire broke the silence. "Joan, I am so worried. Jacks wants my answer right away. I know I love him, but—well, I have always wanted to do something big. It seems so silly to go through college and then just get married and settle down in some little old town."

Joan's dark eyes gave assent. "Yes, Claire, I know. That is awfully commonplace. I wish we could do something unusual. I guess I'll teach, but I know I shall not like it. Let's get a school together. Most all the girls are going to teach. It seems there is not much else to do. Now what I have always *wanted* to do is——"

By this time the girls had reached Old Sentinel, and the gnarled roots and sinewy trunk made comfortable seats for them. They sat there a long time. Their voices drifted lazily on the soft air, and finally died away in the rose-tinted sunset.

The beauty of the scene held the girls. Suddenly Claire grasped Joon's hand, and the two unconsciously leaned forward breathlessly. There before them, clearly outlined, yet mystical and shadowy in the haze of the late afternoon, they saw moving as in a procession, The World of Things as They Really Are,—a mirage of the setting sun.

Before them was passing Womanhood. Many there were of her. Hundreds. Thousands. Many were her occupations. Holding first place in the crowd, their faces serene and happy, could be seen the homemakers, those to whom the making of a home was the noblest of careers.

Others there were, altruistic and

(Continued on page three)

MARYVILLE COLLEGE PLAYERS CAN REPORT PROGRESS

In spite of rain and snow during the past few weeks, three little groups of the Maryville College Players have been rehearsing four one-act plays: "Hearts of a Clown", "Joint Owners in Spain", "Thursday Evening", and "Two Crooks and a Lady". These plays will be given off the Hill in nearby communities where dates can be secured.

On next Monday night, two of these plays, "Two Crooks and a Lady" and "Thursday Evening" will be presented before the joint meeting of the Tuesday and Chilhowee Clubs at the Southern Methodist Church.

The College Players strive through patient effort and the skillful direction of Miss Sheibler and Miss Edwards, to truly represent the College in dramatic art.

1926-27 Basketball Season Ended

WON 11, LOST 8

Five Men Letter This Year, Veech, McCall, Marion, Davis and iBrd. Marion High Point Man.

Our hard court season is over and Maryville has upheld her end nobly. Playing nineteen games, the Scotties carried off eleven of them, and lost eight. Two of these were to the Carson-Newman, one man team, the elongated Mr. Shoun playing that role. Those who saw the M. C.-C. N. game here will never forget that thriller. And to pay for those two losses we have, the two Tennessee scalps to gloat over. Yes, Sir, the Scotties went right over to Jefferson Hall and took the Vols down. This is the first time in the recollection of the writer (six years) that Maryville has ever gained that honor.

Maryville has lost but seven games on her home court in four years, and three of them were this year, to Birmingham Southern, Louisville University, and Carson Newman.

Maryville outscored her opponents 512 to 504 points for an average of 27 points per game. Marion was high point man, scoring 178 points, an average of nearly 10 points a game.

Five men received their "M" this year, Captain Veech, McCall, Marion, Davis and Bird. Two of these men will be lost to us this year, when Captain Louie and Shorty McCall complete their four years of active service for Maryville on the hard floor. We wish we could find two more like them.

Coach Honaker will have Marion center, Bird forward, and Davis guard, as a neucleus about which to build his '27-'28 machine.

May the season 1927-28 even surpass the one now over!

Maryville, Heart Of The Tennessee Alps

GLORIA ENVISIONS GLORIOUS FUTURE FOR COLLEGE.

Well it has come at last! Purity has descended on Maryville College at last in the form of snow white snow. And oh the pretty exquisiteness of that beautiful, shimmering element. But after all it is only natural that it should be so, when one comes to think of it for does not chemistry tell us in, I believe it is, Newton's Law, that every color of the prysm is combined in the make up of the color white.

I think that there is something so inspirational in the all the largeness, the bigness and the unbrokenness of the spreading stretches of this pure white element. And it seemed to me that the beautiful purity of the snow in the branches of the knarled, old, twisted cedars was so expressive of nature. It just inspired me so to write when I saw it drifted there and in other places on the campus, there being something so much purer about drifting snow than most anything else that could drift on the campus.

There is so much dull drabness that the snow seems to cover up and to beautify, why I just think sometimes what a pity it is that there isn't some such a phenomonen that could come along and cover people's drab sordidity up also.

(Continued on page four)

Questions For Discussion Outlined

TAKE PART

Get Together For Solution of Student Problems Will Result in Much Good.

Some days ago we were given an opportunity to vote for some questions we wanted to discuss. The results of this survey have been tabulated and the eight questions which you fellows gave the largest vote are being presented for discussions.

You fellows who are having a number of discussions every week ought to be glad of this, another opportunity to air your views and at the same time learn what others have to say. Perhaps we can all come to more definite conclusions in organized discussion. Such leaders as Dr. Stevenson, Dr. McMurray, Prof. McTeer, and Prof. Johnson will lead these groups—men who know how to let you fellows do the talking.

The Y. M. C. A. offers these discussion groups as a part of its program for this year. Discussions will be conducted with the end in view of applying to our lives and our problems the great principles of Jesus Christ; conclusions will be reached that should help us to make our lives more worth while.

Groups will meet on each floor of Carnegie Hall. Meetings will be held on Tuesday evenings from 6:00 p. m. until 7:00 p. m. The following is a tentative program. Save it for reference.

1. March 8—What are We in College For?
2. March 15—How Is a Christian Student Different?
3. March 22—How Far Are We Responsible for Other Students?
4. March29—Does College Strengthen or Weaken Religious Faith?
5. April 5—Does the Campus Give a Fair Chance to All?
6. April 12—How Honest Shall We Be?
7. April 19—Shall We Always Keep the Rules and Laws?
8. April 26—Where Do We Need New Standards?

Lassies Wind Up Heavy Schedule

LAST TWO GAMES AGAINST FAST TEAMS. EATS AHEAD.

The Highland Lassies closed their season with two hard fought battles. The first, with Alabama College proved to be aginst one of the strongest teams in the South. Our Lassies, altho suffering from broken fingers, and sprained wrists, put up a mighty good game and we were glad to see them show that Maryville spirit even under difficulties.

Last Monday night the Highland Lassies traveled to the big metropolis of Jefferson City to meet the Carson-Newmon Parsonettes on their home floor. About twenty rooters, including Miss Molly, and cheer-leaders, McCall and Bird went with them. Remembering that the Parsonettes were no longer an undefeated team (having lost to the Alabama College team also), our girls determined to give them a fight to win. The score on both sides kept fairly well balanced through the first holf and third quarter. At one

(Continued on page four)

Baseball Prospects Looking Good

NINE LETTER MEN

Goodly Number of Last Year's Men, and Many New Aspirants, Afford Promising Material.

Coach Honaker issued the baseball call the first of the week but, due to the return of ole king winter garbed in about eight inches of snow, the work of the forty-five men who have reported has been confined to the gym, where exercises of various sorts are resorted to, in order to put the fellows in shape for the vigorous outdoor training which we hope will be in order soon.

The squad is looking very good, with nine letter men and a host of last year's reserves back, and we can look forward to one of the best years that Maryville has ever had.

The men lost last year will leave vacancies at first and third to be plugged, but this should be only a matter of selection when the time comes.

Captain Stone twisted his back in one of the first work-outs and has been forced to remain idle for a couple of days.

Coach Honaker who is head referee of the East Tennessee Basketball Tournament at U. T. this week, will return Monday and it is hoped that by then the weather will be such that early outside practice may be had.

Watch our Scotties juggle the apple this spring.

Henry Ford has recently received the degree of Doctor of Engineering from the University of Michigan. The degree, the only one ever accepted by a Detroit manufacturer, was in "recognition of his material contribution to social welfare and his constructive imagination in the field of industry".

(Continued on page four)

LIFE WORK CONFERENCE STARTS

Dr. Vance Makes Opening Address. Many Capable Leaders Present.

CHOOSE YOUR LIFE

Invaluable Opportunity Afforded Students For Help In Vital Problem.

The Sixth Annual Life Work Conference is now well under way. The first day has passed and if a good beginnig is an indication, this Conference promises to be one of the best we have ever had.

Tomorrow will be the last chance for scheduling interviews with most of the leaders as many of them must return to their homes for Sunday. If you have not scheduled yor interview be sure and see the student host of the leader you wish to talk with, and make an engagement. If you have interviewed one leader and wish to interview another, feel free to do so, as the Conference is for you and the leaders are here to serve.

The program for tomorrow begins at the Chapel Hour with an address by Dr. Knickerbocker of Knoxville, on "Jesus' Call to the Youth of Today". From 9:00 o'clock until 9:40 group conferences will be held with the various leaders, and from 9:40 through the rest of the day the leaders are open for personal interviews. At 4:00 in the Chapel, Dr. S. B. Hadley of New York, will give an address on "The New Chino". Dr. Hadley was located in China for several years and is sure to give an instructive and interesting address. After supper there will be a joint meeting of the Men's Literary Societies in Athenian Hall. The societies will furnish readings, music and other entertainment and Mr. Rogers who is doing Social Work in the Mountains of East Tennessee will speak. The girls will also have a joint meeting in the Y. W. C. A. Auditorium.

Sunday's program opens at Sunday School, the leaders of the Conference will speak in the Sunday School classes in town. At 10:30 Dr. Vance, of Pittsburg will speak at the Presbyterion Church. After dinner Sunday, at 1:00 in the Y. W. Auditorium Dr. Kesler will speak to the Y. W. and Y. M. Cabinets, the Student Volunteers and the Ministerial Association on "The Call to The Upward Climb". Everyone who is interested in Christian Work is invited to attend ths meeting. Dr. Hadley will speak at 4:00 o'clock in the Chapel on

(Continued on page four)

FRESHMAN DEBATE WITH U. T. FRIDAY

Any sort of an intercollegiate contest with the University of Tennessee is a matter of interest to the students of Maryville College.

The only forensic contest with U. T. will take place Friday, March 11th, when our Freshman debating team meets Tennessee's Freshman team. The question for debate is: Resolved: that capital punishment should be abolished.

The affirmative will be upheld by Frank Baker, Hayden Laster, and Allan Herdman, debating at U. T., while the negative is upheld by Robert Jones, Forrest Robertson and Kenneth Jackson, debating at home.

The Freshman Class and the entire student body should be present to support the team. The debate will be held in Voorhees Chapel, March 11th, at eight o'clock.

THE HIGHLAND ECHO

Thirty issues per school year by the student body of Maryville College

Subscription - - $1.25 per annum

Entered as second-class matter on November 11th, 1915, at the post-office at Maryville, Tennessee, under the act of March 3. 1879.

CHOOSE YOUR LIFE

Few colleges in the South, or the North either for that matter, ever have such a conference as is now in progress under the auspices of the Y. M. C. A. and the Y. W. C. A. It is a fact that most men and women drift into a life work, which nine times out of ten is not the work for which they are best suited. Then work becomes a drudge instead of a joy; it is poorly done instead of efficiently executed, and, saddest of all, men and women are chained to tasks which they must endure. The individual is not happy, on the other hand he is extremely unhappy. There is no joy in life, and so far as he and society are concerned he might as well be dead.

What an important decision the question of a life work involves. Yet most of us do not give it any consideration at all. Fortunately there is no excuse for anyone here to make this fatal mistake.

Every help possible is made available to aid one in making his decision, if he chooses to make one. Expert leaders are giving their time to be with us these three days and to counsel with us. They were college students once as we are now, men who made their decision and who now come with their experience to aid us in our choice.

We can literally "choose our life" if we have the will and are earnest enough about it. What will you be ten years from now? An unhappy man or woman mismated to some vocation which you have no interest or liking for, each day only another day of drudgery that must be endured because your family will suffer if you undertake a change? Or will you be a happy man or woman, getting a real joy out of your work, looking forward to each new day with interest because you have a real love for your job.

We can see from the lives of others that we do not stumble upon the good things of life. They come as a result of conscious effort and definite action. What will your life be? Choose it.

NOTE OF THANKS

We, the undersigned, wish to express our deep appreciation to the students of Maryville College for their valiant and heroic efforts in helping save our home and property from destruction by fire on last Monday. We never realized we had so many friends until this misfortune came upon us so suddenly.

Eva E. Tilden,
Enice Wilson,
Wilson McTeer,
Mr. and Mrs. M. M. Rodgers,

Members of the National Federation of Philippino Stduents, numbering about five thousand, have signed a pledge to teach at least one illiterate adult every year. The textbooks are in preparation for use in the campaign.

All play and no work takes jack.

—MC—

HIGHLAND FLINGS

—MC—

Maryville's weather is as changeable as its women.

—MC—

One Freshman was so dumb that he though Violet Ray was Charles Ray's sister.

—MC—

Punk: "If a man was born in Ireland, lived most of his life before he became of age in Wales, married in the United States, moved to France and died in Italy, what would you call him?"

Sneed: "A corpse, I suppose."

—MC—

Layman: "Did any of your family ever make a brilliant marriage?"

Geist: "Only my wife."

—MC—

A pin's advice: "Keep your head and you can't go too far."

—MC—

A woman falls in love, then she decides why.

—MC—

"Do you girls really like conceited men better than the other kind?"

"What other kind?"

—MC—

She: "This is the last time I shall tell you not to kiss me."

He: "Oh, I knew you would weaken eventually."

—MC—

Cross: "I know something about you that sure does take the cake!"

Pierce: "What is it?"

Cross: "Your mouth.".

—MC—

"Where are you going my pretty maid?"

"Oh, I'm going over to be in the Alpha Sigma Midwinter."

—MC—

"The Whole Town's Talking" was a mirthquake.

—MC—

Maybe the lion and the lamb will lie down together, but we doubt if the lamb sleeps much.

—MC—

The following is a list of all the girls who have resolved not to have any more dates this semester.

—MC—

In these days of chapped lips the old adage goes: "Lick before you **laugh".**

—MC—

The little dog
Ran all over
The street;
Along came
A steam roller—
The little dog
Ran all over
The street.

—MC—

She: "Stop!"
He: "I won't".
She (with a sigh of relief): "All right, I've done my duty."

—MC—

"Fadder, you told me you would give me a dollor efery time I got an A in Collitch. Fadder, I made two last week."

"Vell here's two dollars. Now quit studying so much. It's bad for you."

—MC—

If you've made an ass of yourself recently, it's comforting to reflect that it may have been sun spots.

—MC—

I fell for her in the book room,
'Twas a stormy night outside;
Oh, yes, of course, I took her home
That evening from the Libe.
She was blue-eyed, blond and rosy;
Rosie, I think was her name.
She had red lips n'everything—
That camouflage a jane.
But the best thing of all about her,
Better than all her good looks,
She was plump, and warm, and filled my arms—
Yes filled my arms—with books.

LITERARY SOCIETIES

JOINT MEETING

On Saturday of this week the Alpha Sigma and Athenian Literary Societies will have a joint meeting, and let there be such a cooperation among the members of these two societies that the meeting shall be not only a joint one, but a huge one. Demonstrate your allegiance to your society and your appreciation for the able Mr. Henry C. Rogers' kindness in consenting to deliver a speech concerned with "Education in the Mountains" by presenting him a sea of interested foces. That you will be interested in unquestioned, for this talk will be one of the many connected with the Life Work Conference, the choosing of a future occupation holding the place of foremost importance in the eyes of everyone.

Besides Mr. Rogers' talk, the program includes a number of readings and some special music.

Bainonian

Come on, Bainonians, we're going to join our Theta sisters tomorrow night so that we can all get the benefit of a good program. Several of the Life Work Conference leaders will speak to us, each giving only a short talk so that there will be a variety. You know the ability of these speakers so come prepared to enjoy the hour.

WOMANHOOD AND WORLD OF REALITY

(Continued from page one)

patient, their eyes on a shining goal, leading school children; others treadng siftly, dressed in immaculate white uniform and cap, their very faces cheerily helping them to alleviate pain; others still in student garb, continuing further their preparation for definite Christian service.

The procession was endless. Many wore the Blue Triangle, leading groups of teen-age school girls, tired girls from shop and factory, or brightly dressed foreign girls; the brisk walk, clear eyes, and tailored dress of many spoke silently of the world of business; some came with the surgeon's knife; some with the scroll of the law; some with the artist's brush; with the writer's pen; with the architect's plans. It was the procession of Womanhood through the ages.

Slowly the sun sank. The vision faded. The rose tints of the sky turned to gray.

A happy light shone in the faces of the two girls as they walked back to the hall. To them had been opened many doors of service. It was theirs to choose. They had been given a glimpse into the World of Things as They Really Are, and they are glad.

Who knows but that this Life Work Conference may reveal to you the door of service—the field of your life work?

MARYVILLE, HEART OF THE TENNESSEE ALPS

(Continued ufrom page one)

The campus really resembles a little winter resort that I am thinking of spending the winter at next winter away up in the peaks of the Swedish Alps but if I thought that this would happen very often next winter I would just return to here.

There are so many amusing winter sports which could be developed here at Maryville. I would suggest to Mr. Proffitt that the could make a big clean-up if he would send out circulars advertising Maryville College as the big winter resort college of the South showing some good looking blonde boy in a blue lumberjack and skiis sailing off the side of the corduroy, I think that the editor would look good in a blue lumberjack but I would let Mr. Proffitt choose his man for most of the mere students contribute very little to the college while the Highland Echo must "go on forever" and no telling what would happen to the blonde, that poses for the skii scene, when he reaches the cornfield under the snow at the bottom of the corduroy.

Then they might place another blonde boy on ice skates in the middle of the fish pond, advertising it as the smallest ice skating pond in the world. The idea anyway in everything always is to be original and what is more original than the smallest ice pond for skating in the world.

Then there is something, that we have, equaled only by the same thing in the Alps. That is flowers growing thru the snow. And even in the Alps they don't have peach blossoms peeping thru the snow like we really seem to have here at Maryville. Then there is another use for the corduroy, it could be used for a runway for the sledding.

Well I think that at last I have really contributed something to the social, economics and financial standing of the school. If this great idea is carried out right, no telling what will come of it.

LIFE WORK CONFERENCE

(Continued from page one)

"Christ on the Foreign Field". A special musical program will also be given at this meeting. The closing address of the Conference will be given by Dr. Kesler at 6:30 in the Chapel, his subject will be "Are the Resources of Jesus Available to Us Today". This address has been given in many of the leading universities of the South and has received much praise and favorable comment from those who have heard it.

After hearing the opening addresses of the Conference, you will, no doubt, realize that you can't afford to miss any of these meetings. Use the leaders freely, as they are here for your benefit.

"LIBERTY"

When Love with unconfined wings
Hovers within the gym,
Then to you Miss Molly sings:
"You can not go with him"—
When I reach out and take your hand
Or closely try your face to see
"Only those who are not caught
Enjoy such liberty".

Brick walls do not a college make
Nor iron rules a sage
Yet all backs numbers seem to take
That for 'all the rage'
May we have freedom in our love
Both soul and body free?—
"Only alumni and those above
Enjoy such liberty."

LASSIES WIND UP HEAVY SCHEDULE

(Continued from page one)

time Maryville held them for several minutes, 23-26. Then Maryville's fast little guard, Ruth March, was taken out for fouls. Soon Guard Toole was given the same invitation, and Maryville's best guarding force watched the rest of the game from the side lines.

Maryville scored once after that, Carson-Newman ran their score up to 39, making the total score 39-24 in their favor. Our girls played a fine game and fought hard We are proud of their spirit and their clean playing. They deserve "fifteen for the Highland Lassies".

Next Monday night they have their banquet. Three cheers for the eats!

Mary Bozony: "What do you mean by saying that Benedict Arnold was a janitor?"

Louise Palmer: "A book I am reading says that ofter his exile he spent the rest of his life in abasement."

Thirty-four types of religious beliefs are represented among the students of the University of Chicago, it was disclosed in a survey made by the Y.M.C.A. A total of 4,045 named their beliefs and 1,069 stated they had no preference. Confucianism, Buddhism, Friends, Latter Day Saints, Nestorianism, the Ethical Culture Society and the Salvation Army were listed as having members in college.

Mary Sue Carson: "Nora, do you have a suit box I could have?"

Nora McGaha: "Now, Mary Sue, to whom could you be sending soup?"

Buy your music from Clark and Jones, Knoxville

REV. BROYLES SPEAKS TO MINISTERIAL ASSOCIATION

"The preacher in his main duty as a spokesman of God" was the subject of an interesting talk given at the regular weekly meeting of the Ministerial Association on Wednesday evening by Rev. Broyles of the First M. E. Church. He contrasted clearly the old type of closed mind religion, and the new type of open-mindedness.

Mr. Morrison and Mr. Jones were reported as having preached at Forest Hill last Sunday. There were twenty-two men at the meeting. Dr. Gillingham will speak next week.

Freshmen "coeds" who were heavily dog-collared, padlocked and leashed, were recently paraded in front of the main building at Tulane University by the upperclassmen.

Few Students Make Honor Roll

Comparatively Low Percentage of Students Make the Grade.

JUNIORS LEAD

As Usual, Those With Most to Do Make the Best Grades.

The figures on the honor roll for the fall semester bring to our attention some interesting items, bearing out some of our theories, and knocking others into the proverbial cocked-hat. In a school the size of Maryville College, with the quality of her students as it is, it would be expected that at least a quarter of her students would have a place on the honor roll. Instead of this, of the 730 in attendance, only 82, or 11.2% made the coveted place. Of these there were 23 boys out of 300, or 7.6%; and 59 girls out of 430, or 13.7%. The analysis by classes follows: Senior Class; of the 81 members, 12; or 14.8% placed. Of these, 2 out of 30, or 6.6% were boys; and 10 out of 51, or 19.6% were girls. In the Junior Class, 21 of 11, or 19.8% gained the top. The Junior Class boys had 8.7% of their number, or 4 out of 48; while 17 out of 65, or 26.1% of the Junior Class girls were stepping to the fore. The Sophomore Class did not gain so well, for of their 202 members, only 20, or 9.9% attained the honor. Of this number, 7 from 85, or 6.9% were boys; 13 from 117, or 11.1% were girls. The poor bewildered Freshmen had the hardest time of all. Only 26 of their 311, or 8.3% finally arrived, of whom 9 out of 129, or 6.9% were boys and 17 out of 182, or 9.3% were girls. The "Special" students are to be congratulated, for 27.2% of their number won places.

It is also interesting to note that those who take part in the extra-curricular activities, work, and other phases of college life seem to find more time to study than those who have nothing to do, for of these 82 who are on the honor roll, 66, or 80.5% were reported in extra curricular activities; 56, or 68.3% carried from one to five hours of extra academic work; and, 50, or 60.9% carried extra hours of academic work, and engaged in extra curricular activities too. It may be that native ability does help, but native ability plus hard work seems to be the winning combination.

The highest student in each class is: for the Seniors, Annie Vanderslice, with a unbroken record of "A's"—60 quality credits from 20 hours of work; for the Juniors, Grace Loftain, with 53 quality credits from 18 hours; for the Sophomores, Alfred Soukup, with 54 quality credits from 20 hours; from the Freshman, Charles Ritchie and Beatrice Green tied, with 39 quality credits from 15 hours.

The full honor roll, arranged alphabetically, follows. The first figure in each case refers to quantity hours, the second to quality credits.

Adams, Lois, 16-36; Alford, Jeannette, 18-36; Annick, Russell, 20-40; Baither, Edna Mae, 16-38; Baker, Frank, 16-37; Batt, Rosalie, 15-33; Blank, Grace, 18-51; Bowden, Vera 19-38; Brooks, Elizabeth 20-42; Burns, Edith Mae 16-35; Butten, Stewart, 15-33; Caldwell, Marguerite, 15-36; Candler, Edgar, 18-44; Carr, Mary Kate, 15-33; Cherry, Ralph, 15-30; Clopton, Mary, 17-40; Cowan, Ellen, 17-34; Crow Elizabeth, 18-41; Dahl, Eleanor, 19-38; Farnham, Elizabeth, 17-40; Fell, Ingram, 15-30; Frei, Ernest, 18-38; Gillingham, Alice, 20-43; Green, Beatrice, 15-39; Griffes, Emma Elizabeth, 19-50; Haynie, Margaret 16-37; Heck, Jacqueline, 15-39; Hembree, Samuel, 17-34; Henry,

(Continued on page four)

DR. GILLINGHAM SPEAKS TO PREACHERS

At the regular meeting of the Ministerial Association on Wednesday, March 9th. Dr. Gillingham gave a very edifying address on the text, "Ye call me Master and Lord: and ye say well; for so I am". He made clear the necessity of every preacher having the conviction of Peter when he said, "Thou art the Christ, the Son of the living God".

Wallace Merwin sang a special selection, accompanied by Walter Buchanan at the piano. Walter Courtenay and Ingram Fell reported as teaching Sunday School at the Cumberland Presbyterian Church, Bob Jones and Hayden Laster taught Sunday School at a place six miles from town and Bob Crosby and Hayden Laster preached at Forest Hill. Dr. Wilson will speak at the meeting next week.

Diamond Dusters Are Hard At Work

BATTER UP!

Preliminary Workouts Ironing Out Kinks. Good Baseball In View.

For the past week the men have been working out in the gyms. Pitchers have been loosening up their arms and keeping the catchers busy, while the other boys are usually rolling and picking up the ball and once in a while indulging in a game of "pepper".

This early work inside on the fundamentals is good stuff, and with a little "calisthentics" added, soon rounds the fellows into tip-top shape so that when the active outside work starts there will be fewer complaints of sore arms and legs.

Maryville is returning nine of her last year letter men and so with an abundance of new material to draw from, the Highlanders should have a winning combination.

In the pitching department we find John Stone, our captain this season, and Bob Harvey, both letter men who have proved their worth in the box. From last year's scrubs come Gene Gabbard, Calvert and J. D. Davis. All of these men are working hard to make the grade this year.

Behind the plate are Clemens and Sneed, both able receivers. Besides these there are several new men who will bear watching. At second we have the old reliable Shanks, and at short stop our fast stepping Shorty McCall. With these two men the center of our diamond is well filled. First and third were left vacant last year and there is a merry scramble going on for both places. It is a little early for predictions yet.

In the outfield we are well fortified with fly chasers, having Cartwright, Stone, Mischlich, Bird and Johnston ready for the call.

With the men here mentioned, several of last year's reserves, and a host of new men fighting to win a place, Maryville is due some good baseball this season.

HONOR ROLL

HIGHLAND LASSIES VISIT "UNCLE JOE"

"Eat, Toast, and be Merry, For Tomorrow We Return to Pearson's".

NO CASUALTIES

Agree That Last Meeting of Season Was An Unqualified Success.

Monday evening the girls' 1927 basket ball squad met at Reagan's Bakery for a banquet, given largely through the kindness of "Uncle Joe". Miss Norton had the table decorated prettily with place cards and favors. The banquet was delicious, and each of the twenty-six girls enjoyed it immensely. Manager Portrum was toast mistress and did her duty very well. Following toasts were given, To Coach, Emily Simpson; To Alma Mater, Annie Vanderslice; Opposing Teams, Ruth March; Subs, Callie Mae Thrower; Boys' Team, Lillian Darrough. Miss Norton gave an impromptu speech of appreciation.

The girls seemed to think it was a happy ending for the season, at least every one had a good time.

They even waxed poetical, and in their toasts gave ample proof that their talents lay not alone along the line of physical prowess. Witness a few of the above-mentioned ventures into the realm of rhyme and rhythm(?).

TOASTS

Who patched our noses, hands and wrists,
Who rubbed our muscles, with fingers and fists?
Who made us feel good, when we had won?
Who made us feel better, when our worst we had done?
When others failed, who stood by our side?
The best of sports, our Coach, our Guide.

—By Emily Simpson

Fifteen rahs for our opponents,
It was heard most every game,
We'd done nothing without them
Yet disliked them just the same.

First came the "Red Jackets"
They were slow and kinda shy,
Played rough as everything
But it ended in a tie.

Track Devotees Answer The Call

ON YOUR MARK!

Many Artists of Cinder Path Are Out. New Men Urged To Get in Game.

On your mark. Get set. Go! All track men are used to those words and realize what they mean. A good start is often the winning of the race. Last Thursday afternoon about thirty leather-lunged artists of the ancient sport gathered at Bartlett Hall to discuss the prospects for the coming season. In the past 'track' has been one of the outstanding sports at Maryville. It is fast becoming one of the most popular sports of the world. In recent years the feats of Nurmi, the great Finn, and Charles Paddock, the American Mercury, have done much to bring the sport before the admirers of athletics.

Track is the hardest of all sports. More energy is used up in a race than in any other sport, football, basketball and baseball included. Being a track man means being a hard trainer, a game fighter, and a patient worker. Some people think that all that is needful to be a track man is a good pair of legs. Track calls for a well developed physique and a clear head.

Captain Milling anticipates a record season. Many of last year's men are back: Brock, Wood, McDonald, Crawford, Morgan, Mann, Holman, Myers, Courtenay, Holland, Welbon and Cox, and these men should show some real work this year. Many new aspirants of the cinder path are out and will make the old men do their stuff in order to keep their places.

We have track meets booked with Tennessee, Georgetown, and L. M. U., and prospective meets with Birmingham Southern and Howard.

Coach Thrower, Star athlete, will coach the men this year. Bob knows the sport and should put out a good team.

Fellows come out and see what you can do. Get into this great sport.

Intramural Basketball Tournament About Over

DOPE ALL WRONG

Supposedly Strong Teams Squelched by "Easy Marks". Anderson and Holland Finalists.

The annual intramural basketball tournament began February 21st at 10:00 a. m. when Blankenship and Pemberton clashed.

The first round saw several good teams eliminated. In the first game Blankenship had a hard battle in defeating Pemberton, while in the next, Stone had little trouble in vanquishing Sneed.

The mighty Shanks, thought by some to be the best player in the tournament, went down to defeat before Holland's invincible quintet.

Howard, a favorite of the meet, pulled through the first round easily, defeating Caldwell. In this game Howard scored 15 points and Young scored 12.

The dope was apparently all wrong. Two of the favorites of the tournament went down in defeat before teams that were considered

Forensics Take Center of Stage

Maryville Victorious in King-Tusculum-Maryville Triangle.

MANY CONTESTS.

Co-eds To Determine What's Wrong With Marriage.

The other morning one of our charming co-eds was heard complaining that "Now that basket-ball season and lyceum are over, there's no place to go". True enough, just at this season of the year, when the excitement of battles with Carson-Newman giants and the like has died down, and the base-ball diamond has not yet been occupied by our hard-hitting, fast-running stars, when the excellent lyceum programs have come to an end, and the entertaining piano, voice, and expression recitals have not yet started, it does seem as if there were almost no place to go. But wait a minute! There begins this week a series of forensic contests, whose value lies in many things besides their affording "some place to go".

If you believe that college people should concern themselves with questions of vital importance in contemporary life, if you are interested in hearing these questions discussed entertainingly, if you believe that the preeminence of a college is upheld just as truly in these contests of intellect and eloquence as in those on the athletic field, and above all, if you desire Maryville's supremacy—then, *back these debates!*

Debate received an encouraging start-off this week, when our men retained Maryville's championship in the annual triangle debate with King and Tusculum. Our team won with a two to one decision over King here, and a similar decision over Tusculum there. They debated the question of Military Training. If you came out to the debate Tuesday night, you know how entertainingly our men can handle this question.

Wednesday night our men debated Emory and Henry there on the same question running two to one, and Thursday night they also debated the same college here on the question of the Merits of the Practical and the Cultural in Education. Here we were not so fortunate, the judges giving Emory all the votes.

Other debates on the men's

(Continued on page two)

DISCUSSION GROUPS

The discussion groups about which you have heard so much got off to a good start in spite of the fact that the groups were not large. Last Tuesday night those fellows who attended the groups were helped. Some definite conclusions were rached that will no doubt be of benefit to those who were present. The discussion on Tuesday night was on the question "Whot Are We in College For?"; and it would seem that some do not believe that they are there to get benefit from the forums which we are having. If it is at all possible for you to be present next Tuesday, get to the discussion on your floor; these organized forums should be a part of your college life. Attend one next week.

The question for discussion for the coming Tuesday is "How Is a Christian Student Different?" Most of us profess to be Christian students; are we different? How are we different?

THE ELECTION

On Wednesday evening, March 16th the editor of the Echo for the year 1927-28 will be elected by the student body, or by that portion of the student body sufficiently interested to come out and vote.

There are several ideas that should be brought to your attention before you cast your ballots next Wednesday.

Elections for this post in the past have been marked by a woeful lack of forethought or consideration. Candidates have won the election, not by merit, or capability, but by popularity, politics, and chance membership in the so-called "stronger sex". And the paper has suffered thereby. In fact, with the hit and miss method thus far employed in the filling of the editor's chair, it is surprising that the Echo has blundered along as well as it has.

There is also an antiquated attitude prevalent among students here that almost precludes any possibility of a girl getting the editorship. This idea that a girl could not edit a good paper is without foundation, and should be discarded. One of the best Echos ever put out was edited by a girl.

And so, the plea of the writer is that in casting your ballots, you do not make personal friendships, class or society politics, or sex the basis of your choice. These things have nothing to do with putting out an Echo that will be a credit to the college, that will meet the rather high standards set for a collegiate publication, and that is what your object should be in making your choice. Look rather to the qualifications of the candidates. Have they executive ability? Have they shown interest in the Echo in past years? Do they know the fundamentals of grammar and punctuation? Can they write?

There is good material in the list of candidates posted, and if you vote intelligently, we'll have a paper next year that will present an accurate and interesting portrayal of life on the Hill, one that you'll be proud to send to the folks at home as representing your alma mater.

Think before you vote, and you won't have cause for regret later!

Scandal at the University of North Carolina! The Carolina magazine published a story entitled "Slaves". The Student Council had the audacity to become outraged and branded the story "obscene and indecent." The Council immediately demanded the resignation of the Magazine editors—Starr and Fowler. But an unforeseen factor loomed large on the horizon of the Student Council at this time. It was the faculty. The faculty committee declared itself opposed to censorship. In its stead the committee would have student editors responsible only to their tastes and intelligence. How is that for a faculty move?

Definition of a Monologue: Conversation with a woman.

HIGHLAND FLINGS

—MC—

Now comes baseball! Doesn't it sound good to hear the crack of furniture against that old horse-peeling?

—MC—

If you like Maryville weather just help yourself. Don't be bashful, there's plenty to go around.

—MC—

One member of our staff wired home: "Father send check I am broke."

The answer came back: "So's your old man."

—MC—

If there is a later one than this on the absent minded professor we haven't heard it. He slammed his wife and kissed the door.

—MC—

Some people think they are moral when they are only uncomfortable; that they are broad-minded when they just don't give a darn; and that they are pious when in fact they are only bilious.

—MC—

Lament: I used to love you, but it's all over—all over the campus.

—MC—

Natural selection— a pan of apples after it has gone around a table in Pearsons Dining Hall.

—MC—

They must have a new dishwasher over at Pearsons. We have noticed a difference in the finger prints on the plates here lately.

—MC—

"I wish I had taken a course in bookkeeping."

"What's your reason?"

"Cause I can't keep mine; I get three libraries taken from me every semester."

—MC—

Margaret H.: "Someone's been tampering with the key hole in my door. It's out of order."

Miss Molly: "I'll have 'Brownie' look into that tonight."

—MC—

Dear little suitor,
Don't you cry,
You'll be her hubby
Buy and Buy.

—MC—

That smell in the library is caused by the dead silence that Professor Ellis keeps in there.

—MC—

Joe Snow: "Ray, why does Wilma hold her head so high?"

Ray H.: "I don't know unless it's because her neck is heaven."

—MC—

"Oh, I'm afraid in the dark!"

"Don't be afraid dear I'm here."

"That's the reason I'm afraid."

—MC—

Note to Printer: You haven't contributed much to this column lately.

—MC—

Fond Mother: Yes, Bob is studying German and Algebrae in College. Say 'Good Morning in Algebrae for the Lady Bob.

—MC—

Added figure of speech: Compared with her the others resembled the black squares in a cross-word puzzle.

—MC—

Said the Sugar to the Sack: You hold me nicely.

Replied the Sack: I think you're sweet.

—MC—

Women and street cars are just alike; there'll always be another one along, and if you wait long enough the same one will be coming back.

—MC—

The College Farm Wants: Man to milk and drive a Ford car.

—MC—

Don't blame us of this column is not what it should be—we write jokes that would tickle your fancy but they aren't accepted. If interested send a self-stamped envelope.

—MC—

"Brute" Crow: "I see you are writing themes in red ink now."

"No, this is just one Miss Heron has corrected."

"For we are very lucky, with a lamp before the door,
And Leerie stops to light it as he lights so many more."
"The Lamplighter"
Robert Louis Stevenson

The Lamplighter

GOOD old Leerie, the lamplighter, worked cheerfully to make the streets bright. And the lamps sputtered a friendly glow into the darkness.

The citizens of the ccuntry have taken Leerie's job. They are the lamplighters of today, and they spend 3½ cents of each tax dollar that their streets may be bright.

Good street lighting means more flourishing business sections, safe traffic, convenience, and protection.

Leerie, the faithful, has gone—but streets still need lighting. And in whatever communities college men and women elect to live, they should take a lively interest in civic improvements—including street lighting.

G-E products help light the world, haul its people and goods, turn the wheels of industry, and lessen labor in the home. Whether on MAZDA lamps, or on large or tiny motors, or on the multitude of other means of electrical service, you will find the G-E monogram wherever you go.

LITERARY SOCIETIES

Alpha Sigma

At the regular weekly meeting of the Alpha Sigma Literary Society this Saturday, the denizens of the air will receive a careful and interesting analysis, especially those that soar in the ethereal regions of East Tennessee.

Birds always prove a welcome topic for discussion, and since most of us are none too well informed on the subject, we ought all of us come and hear the following program concerned with the feathered creatures:

Audubon Society - - Harold Baer
John Muir, a bird friend - - Arthur Shaw
Whistling Solo - - Logan Mount
Birds of East Tennessee - - Professor Knapp

Bainonian

What is your state? Come to Bainonian Saturday night and see what we have to say about it. We will have a United States program. "Alabama, Tennessee or Carolina Below or up above the Mason-Dixon line".

They will all have some representation. Don't forget to come. You might not miss anything. But then again you might.

Athenian

This Saturday night we Athenians may have the pleasure of seeing our present staff of officers finishing their term of office and will have the opportunity of filling their places with other poor unfortunates. Seriously speaking, every one should be present so that the election will be one expressing the will of the majority. The program is as follows:

Invocation
Alma Mater - - - - - Society
Vocal Duet - Messrs. Milling and Franklin

Elections of officers for the third term of the year 1926-27. The nominees suggested by the nominating committee are as follows:

President - - - Gordon Harold Defoe Pemberton
Vice President - Lamar Milling Charles Webb
Recording Secretary - Leland McDonald, Ben Blackburn
Program Secretary, Wilbur Franklin, Walter Buchanan (Little Buck)
Sergeant-at-Arms - "Brute" Crowe "Grandpa" Ross
Editor - Ingram Fell, Harold Reed
Critics - Arthur Young, Young Williams, Florian Hopkins, John Meyers, Walter Burris
Jokes - - - Members of Society (time permitting)

INTRAMURAL BASKETBALL

(Continued from page one)

weak at the start when Anderson defeated Swaim and Gann defeated Layman.

In the second round, Anderson, rumored as "dark horse", went to the finals by winning over Gann in a hard fought battle which ended 21-16.

Holland won over Howard by making a gallant comeback in the last 10 seconds of play to tie the score, and in the extra five minutes scoring 4 points, winning 26-22.

Stone and Blankenship failed to report and were ruled out of the tournament.

The finals will be played soon. The teams in the finals are Anderson and Holland both of which were considered as easy victims at the start.

Merle: I had a funny dream last night.

Army: What was it?

Merle: I dreamed I was eating shredded wheat and when I woke up I found half the mattress was gone.

FORENSICS TAKE CENTER OF STAGE

(Continued from page one)

schedule are those with Lincoln Memorial, Berea, Georgetown, and Centre. The last four debates mentioned are to be on the question of a Federal Department of Education. If you are interested in the future of education in the United States, come out and hear this debate.

Co-eds

The women debaters are handling a question of equal importance, the question of a Uniform Marriage and Divorce Law. On next Monday night, the first debate will take place with Carson-Newman. Other debates are with Asbury, Berea, and probably East Tennessee Teachers' College. Attend these debates, and learn just what is wrong with marriage today!

Frosh

The freshmen also are well represented in debate teams which are to clash with the U. T. freshmen. The boys are debating the question of Capital Punishment, the girls, Recognition of the Soviet Government. Freshmen, show your class loyalty by supporting these teams!

These debate teams are made up of men and women who, in order to secure places on the teams, had to prove their ability as keen thinkers and good speakers by passing gruelling tests. They are now fighting for Maryville's intellectual supremacy just as our athletes fought for her supremacy in the field of sports. Won't you back them heartily, and show, by your enthusiastic cooperation and support, that in all lines of endeavor your motto is always "M-A-R-Y-V-I-L-L-E! V I C T O R Y!"

SILENCE REIGNED

It was a very cold day and Isaac and Cohen had walked about four miles without either making a single remark. "Vy don't you say something?" said Cohen.

"Freeze your own hands!" said Isaacs.—Tit-Bits, London.

HIGHLAND LASSIES VISIT "UNCLE JOE"

(Continued from page one)

Next came Cumberland,
We showed what we could do
By beating them a big score
Tho' good they were 'tis true.

Tusculum had a nice team
We treated them so sweet,
By beating them on our court,
But there we took defeat.

Then came the Normal
They thought they were so fine,
Because they had a "Horsie",
Who trampled down our line.

Nice little boys at Milligan
Cheered our hearts so sore,
There we played a good game,
And ran up quite a score.

Ye gods! then Carson Newman,
What shall we say of them?
They were the most spirited team,
With whom we did contend.

At home they beat us badly
We were too scared to play,
But lawsy; when up yonder,
We made them pause to pray.

Alabama had the cutest team,
We treated them all right,
Gave the game to their team,
They left us in delight.

Now, squad, hate not your foe,
And never hate a friend,
But never love your opponents,
Or you'll come to some bad end.

Play ball, girls,
Play it to the limit,
Always be a good girl
And always glory n it.
—By Ruth March

The first team girls
Are just the thing,
About their goodness,
We could yell and sing.

But there comes a time
With three fouls down,
When Coach starts running
Round and round,

It's one girl out
Then a sub in,
And it's about this sub
That the rub comes in.

It's all very well
To have a good first team,
But on the bench too,
We need some steam.

So second string girls,
Here's a toast to you,
We hope next year,
You'll be first string too.
—By Callie Mae Thrower

CHEMISTRY CLUB

The Chemistry Club met in Science Hall Wednesday evening, March 2nd, for a short business meeting and the election of officers.

The following new officers were chosen:

President - - - Ben Blackburn
Vice-President - - - Ben Prince
Program Secy. - Mary Sue Carson
Recording Secy. - - Rachel Edds
Treasurer - - - David Marston
Editor - - - - Eleanor Dahl

"Please flunk me", fifty students asked their instructors. "We humbly petition you professors that we be flunked in all courses we are now taking!" These words were drawn up by a member of the Weekly staff to prove that Pitt students think less and write more.

The students were asked to sign a petition "for a greater University, and a lower tuition." Of 52 students asked to sign the trick petition, 50 agreed without questioning or reading it.

Lehigh University has received a gift of $1,000.000 by James Ward Packard for the erection of an electrical and mechanical laboratory. Mr. Packard, the originator of the Packard automobile, graduated from Lehigh in 1884, and makes this gift without any conditions except that it is to be the finest plant of its kind in existence.

At the new John Wesley College in Columbia, Illinois, dances, athletics, and fraternities are barred and the use of tobacco or liquor is tabooed. Why not ban students and make a good job of it?—Johns Hopkins News Letter Via The New Student.

New Again!

—these oxfords stay snug at the ankle

Nunn-Bush

Ankle-Fashioned Oxfords

Remember, there is more to preserving an oxford's good looks than keeping the leather rich and lustrous. Because **Nunn-Bush** Oxfords are *ankle-fashioned*, their first-day neatness endures as long as they are worn. Ankle-fashioning banishes unsightly gapping at the ankle and slipping at the heel. The final stroke of the polishing cloth settles the fact that they are new again!

Come in, look over the new styles.

Y.W.C.A. Organizes Project Groups

PRACTICAL AIM

Any Field of Work Desired Will Be Made Basis of Organized Study and Discussion.

Something new? If you want it. Are you very much interested in any one particular thing? Would you like to know who else is interested in that same thing too, and compare notes? That's what these project groups are for. We have formed two already. Some one remarked the other day that she was interested in industrial work and it happened that several others were interested too, so they formed a group and called their group the Industrial Project Group. Another group has been formed to study the Daily Vacation Bible School work. If you are interested in these or in something else talk it up and let one of the Y. W. cabinet members know, and get your group started.These groups are for you, if you want them. Perhaps you will find more students than you think who are interested in the same thing you are.

What Are You Going to Do This Summer?

Are you going to waste it, or would you like to help your community Is there a Daily Vacation Bible School where you will spend the summer?

There is a project being put across by the Y. W. C. A., in which ways and means of organization of such schools are being studied, and training in leadership in schools already organized is being given. Each week one phase of the work, such as, games, health, handwork, music, nature, stories, etc., is to be studied. One of the groups will take charge of each meeting, and she will have a leader trained in that phase to guide and direct the study. The object of these meetings is to try out methods, so that, by

(Continued on page four)

Dramatic Fraternity Accepts Maryville

DISTINCT HONOR

College Players Present Plays In Loudon Thursday.

The College Players are representing Maryville in dramatics in various communities of East Tennessee.

On Thursday, March 24th they went to Loudon, where they presented four one-act plays, "Joint Owners in Spain", "Two Cooks and a Lady", Thursday Evening" and "The Heart of a Clown".

Several other trips are planned for the players. They are a capable group of dramatists, and under the able direction of our expression department we are confident that they admirably represent Maryville.

Maryville has recently been received as a member of Theta Alpha Phi, national dramatic fraternity. We were the only one out of thirteen colleges making application, to be received in the past year, and it is indeed indicative of the excellence of our expression department.

Beethoven Centennial Is Commemorated

Music Department Gives Program, Using Works of Master Musician Exclusively.

Beethoven Week, March 20-26, is the most important musical week of the decade. In hundreds of cities, in Europe and America, Beethoven Week is being observed in churches, schools, civic and social bodies.

No other composer approaches the genius of Beethoven. No other composer has created so many imperishable masterpieces. No other man has spoken so fearlessly in his art. Like Shakespeare, he is of no age but for all time. In one respect he stands out among all artists, far surpassing even Shakespeare. He is the most sublime of creators.

It is not usual to celebrate the anniversary of the death of one who has done much for his fellowman. But it is more logical. It is not the death that we remember, but the completion of the work. One hundred years of vitality is indeed a great tribute to the genius of a man.

Ludwig Von Bethoven, the son of a musician, was born in 1770 at Bonn on the Rhine.

His father was not a good provider and early conceived the idea of exploiting the talents of Ludwig for profit, and at the age of eight he gave a concecrt at Cologne.

Under good teachers the boy continued his remarkable progress and at the age of thirteen three of his sonatas were published at Spires. At fourteen he became the mainstay of the family's support.

In the next year, Hayden, passed through Bonn. The larger vistas opened by this event had their beginning in his removal from Bonn to the capitol of the Empire—Vienna.

In the early Viennese period Beethoven's patrons and friends were convinced absolutely that he was the

Y. M. C. A. Benefit April Second

APOLLO DUO

Talented Artists On Banjo, Saxophone, and Bassoon to Present Variegated Program.

The Y. M. C. A. has secured the Wells Apollo Duo for the last benefit number of the year. The program will be given Saturday evening, April 2nd. in Voorhees Chapel. This will be a pleasing program all the way through, so make your dates early, and be sure to come.

The Apollo Duo, is composed of Mr. and Mrs. Arthur Wells, known to all lyceum audiences through their connection with the Apollo Concert Company which for many years was one of the most popular attractions on the platform.

Arthur Wells is about 300 pounds of fine fun and music. He is an artist of first rank on the banjo, on the saxophone and on the bassoon. He tells dialect stories in an inimitable way, and his readings are invariably received with the greatest enjoyment. Alta R. Wells is a gifted and gracious artist on the piano and saxophone, and also features vocal solos and pianololgues. They give clever musical sketches and their saxophone duets are exceptionally fine.

Press comment from all over the United States, Canada, Panama and Australia, are most flattering. From Wellington, Zealand, we hear: "Mr. Wells can invest the banjo with a charm and dignity of a Beethoven minuet. It seems as if the very soul of all his selections were transferred to the instrument.

Don't pass up your last chance to enjoy a lyceum program at Maryville this year. You'll hear more about this later.

"Come On In, The Water's Fine!"

Pool Is Open, and Life Saving Classes Are Being Organized. Contests Soon.

It is a pleasure to announce the recent opening of the college swimming pool. Already a number of students are daily availing themselves of the opportunity to enjoy this valuable asset to our campus. Statistics prove that swimming is the best form of exercise as it develops the body uniformly and without strain. It is one branch of athletics in which all may indulge on an equal basis and it is available to everyone.

Classes in Life Saving are now being organized, and all men and co-eds who can swim are urged to take advantage of them. We never know when a crisis in the water may be thrust upon us, when someone's life may be at stake. The girls will report to Jean Maxwell; the young men will give their names to J. T. Wriggins. There is no charge for this instruction. Those passing the test may join the Red Cross Life Saving Corps.

Attention is called to the fact that the time is fast approaching

(Continued on page three)

MICHIGAN STATE TEACHERS TO AFFORD INITIAL OPPOSITION

TWO GAMES

Maryville's Squad Fast Rounding Into Shape.

Our baseball season will open April the first, with a game against Michigan State College, of East Lansing, Michigan. The two teams will play a brace of games one on Friday the 1st and the other on Saturday. Little is known as to the relative strength of the visitors, but Coach Honaker will send his two veteran pitchers, Harvey and Captain Stone against them and either of these two men should hold the Wolverines in check. These two games will raise the curtain and from then till the season's close with the U. T. game on May 18, we will have some first class baseball. All fans on deck!

Practice

With Coach Honaker's return to good health and his taking over of the baseball practices, the Maryville squad is beginning to run smoothly and is fast rounding into shape. He has cut the squad down to twenty-six men and as he said at the start of the season, he is putting them through a stiff work-out each day and every fellow out there is in good condition.

Coach spent most of last week in drilling on sliding, base running and bunting. Much batting practice is worked in and most of the old men are getting their eye on the ball and giving it a ride. Our Captain, John Stone has the honor of getting the first home run of the season, when he poled one deep into right center field for a circuit trip. The other boys are all starting to hit the ball and the scrub fielders are getting plenty of track exercise in running balls down. It looks as if Maryville will have a team with a good offense as well as defense.

The infield positions are taking most of Coach's attention. With Shorty McCall at short and "Zoa"

(Continued on page four)

ECHO ELECTION

Hail the new chiefs! At the election for Echo editor, held Wednesday the 16th Sarah Moore was elected with little opposition. Her total was 206 out of 307 ballots cast, Edgar Candler coming second with 79.

Two days later the committee selected Robert Dance for the post of business manager. We have here two people who have proved in the past their interest and ability in putting out a real paper, and we can rest assured that the Echo will be well handled.

Expression Recital Monday, March 28th

Four Graduates to Appear In First of Series of Recitals. Fifteen Graduate This Year.

1927 is a dramatic year in Maryville College. Being a dramatic year it is natural there should be a larger amount of dramatic material drifting around the campus. In other words the expression department is presenting this year the largest class in its history. There are fifteen to appear in graduate recitals. Those who are acquainted with work in expression will agree that it takes long hours of hard work to present a finished piece of work.

There is a growing need in the world for those who are interested and educated in the dramatic arts. Those who go out from the Expression Department will be able to serve their communities doubly through their influence on the local theatre.

The first of the series of recitals will be presented on Monday night, March the 28th at 8 o'clock. There will be four who will appear on this night.

Jeanette Alford will be pleasantly remembered as Mrs. Simmons in "The Whole Town's Talking", and her character work as Mrs. Popleam in "Mother Carey's Chickens" is well worth remembering. She will read "Captain January" by L. E. Richards. The story is a simple tale of a lighthouse captain and his star. There is a refreshing touch of the sea woven through it.

The play which Nelle Watkins is reading in recital is "The Florist Shop"—a play written in the Harvard 4T Workshop. It is a comedy of life and love in the scene of a florist's establishment. We all remember Nelle in "The Fortune Hunter" and she distinguished herself as a very modern girl and an ideal twin in "The Goose Hangs High". Miss Watkins is one of the best comedy readers on the Hill.

Rosalie Edmondson has done notable work as the grandmother in

Preachers Swamped By Satan's Hosts

SCORE 20-8

Good Long Distance Track Material Unearthed.

A very likely looking bunch of track men were discovered when the Satan's Devils defeated the Preachers 20-8 in a 7 inning base ball game.

The Devils secured 11 hits off of Swaim, while the Preachers got 4 hits, 3 off of Burton in 3 innings and 1 off of Anderson in 4 innings. Anderson struck out 8 preachers and gave no free passes to first. Errors were very plentiful in this game, the Devils making 7, and the Preachers 12. Anderson made the best hitting record getting 2 hits out of 2 times at bat.

Score by Innings:

	1	2	3	4	5	6	7
Devils	8	1	0	4	0	6	*
Preachers	1	2	4	0	0	1	0

	R	H	E
Devils	20	11	7
Preachers	8	4	12

SPRING FEVER

With the birds again displacing alarm clocks of a morning, trees and grass decking the world in green once more, flowers springing up everywhere, a balmy warmth permeating the atmosphere, and the crack of horsehide against hard swung bats echoing over the campus, our old Nemesis, Spring Fever, is already stirring about, preparing those mysterious potions of his that steal our energies, befuddle our minds, and make the very thought of classroom work utterly distasteful.

And if one but casts his eye over the campus any day after dinner, he can readily see that Dan Cupid is an able ally in these nefarious machinations against the arts of mental concentration and application. "In the spring a young man's fancy lightly turns to—what the co-eds have been thinking about all year."

Truly the days of sorest trial are ahead, and it will take grit and determination to keep a steady pace through the spring months. But for those who have the right attitude toward their college work, who realize that it is a precious and all too quickly passing opportunity to prepare one's self better for effective and well rounded living, the battle against this ancient foe is more than half won.

So in these few remaining weeks, try to replace the drudgery idea of college work with the opportunity idea, squeeze every iota of good out of everything you undertake, and resolve to finish in true sporting style, head up and going strong. The battle of life holds no fears for the man who has the sand to keep driving in these sleepy days and to beat King Spring Fever at his own game.

THE ELECTION

Hoary tradition has been violated. Maryville has placed her confidence in a girl to edit the Echo. However, we feel confident that our daring will be vindicated by Miss Moore's acquittal of herself in this office and we anticipate with pleasure the 1927-28 series of Echo's. Good luck Sarah!

ABOUT THIS SUMMER

The Y. W. is stressing the fact that we college students should think seriously of the influence we will have on our home communities this summer. No longer can we shirk our responsibilities in this regard. We are members of a select group, favored above the masses in opportunities for development, and our attitudes and actions will carry more weight than formerly in our various home communities.

Begin thinking now of what you will do and how you can fit yourself for the position of leadership that you must ultimately take, if you are to prove worthy of the advantages you have been given.

HIGHLAND FLINGS

—MC—

Ah! We get a letter from a Texan saying that our column is enjoyed weekly. (Note to printer: Let's have no typographical error in that word weekly.)

—MC—

Another thinks the said column is about as important as the hole in a doughnut. Anyway, we hope she grows old all of a sudden.

—MC—

There will soon be an umpire to share the hate that the alarm clock has been getting all winter.

—MC—

As its' our nature to do such a thing, we forgive the committee that selected the movie for the Senior theatre party. But really we've seen better pictures than that on a post card.

—MC—

Co: "I had a date with a professional mindreader."

Ed: "How did he enjoy his vacation?"

—MC—

If you must blow your own horn, at least vary the tune occasionally.

—MC—

America has nothing like a self-perpetuating monarchy, except that a lot of star athletes become coaches.

—MC—

Meeting expenses isn't a difficult task—one meets them everywhere.

—MC—

Prof: I am dismissing you ten minutes early. Try not to wake up the other classes.

—MC—

There is but one person in the world, who will admit occasionally that he has no brains—the butcher.

—MC—

"When in Rome do as the Romans do" is no longer advice; it's law.

—MC—

Getting the baby to sleep is hardest when she is about eighteen years old.

—MC—

Among the things a preacher needs are a good voice, a pleasing personality, and some religion.

—MC—

Skirt, once a common noun, has become a mere abbreviation.

—MC—

Someone wants to know why women hold their chins when thinking. Probably it's to keep themselves from interrupting.

—MC—

She: "I have a suspicion that you're not playing square with me."

He:: "Well, what am I doing?"

She: "I think you're playing 'round with me."

—MC—

A young lady swears that no young man's lips have ever touched hers. That's enough to make any girl swear.

—MC—

"Say ya goin' to the fair tomorrow?"

"Didn't know there was one."

"Paper says "Fair here today and tomorrow"."

—MC—

A scientific expert comes forward with the claim that fish kill mosquitos. But who wants to take a fish to bed with him?

—MC—

When the track team has had a little more training perhaps they can help solve that race problem.

—MC—

We call her Central. She thinks she has our number; but she got us wrong.

—MC—

LITERARY SOCIETIES

Theta Epsilon

Last Saturday night, those of us who were present enjoyed a St. Patrick's Day program. And what do we love better than Irish songs?

Let's all be present at our meeting this week, for it is a very important one. The officers for the last term of this school year are to be elected Saturday night. Your vote counts as much as the vote of anyone else, so be there at 7:15 and elect the officers who will make Theta what she ought to be.

And that isn't all. One of our Theta girls has written an Indian Operetta, entitled Pale Moon, which is to be presented Saturday evening by an all star cast. Just to mention the names of Jimmy and Bland is enough to insure an evening of entertainment.

Let's have 100% attendance!

Don't forget, either, that on Monday evening the Expression Department will present in graduation recitals, two of our Thetas, together with two members of our sister society. You are invited to attend.

Athenian

We have just sat down after the seventh inning, and the home team has only three more frames in which to either win or lose the old ball game. Those three innings represent to Athenian March, April and May, in which time we must and May. We are counting upon every member being loyal during this closing period and making Athenian go over the top with a bang. The new officers who have been installed and who will direct our destiny are:

President - - - DeFoe Pemberton
Vice-President - - Charles Webb
Recording Secretary - B. Blackburn
Program Secretary - W. Franklin
Critics - - - Florian Hopkins and John Meyers
Editor - - - - - - Ingram Fell
Sergeant-at-Arms - "Brute" Crowe

We would like to see every member present this Saturday for the opening meeting of the new term, and Mr. Franklin has promised us an excellent "negro" program. All out!

Alpha Sigma

Oil the rusty cogs of your mental machinery, members of the Alpha Sigma, and ponder deeply as to your choice for the officers of the society the coming term. Having done this, then prepare yourselves for an interesting address by the outgoing president, an enjoyable chalk talk by Walter Matthews, and the laughable, mirth producing Alpha Sigma Advance. As the final number, there will be the election of officers.

SWIMMING

(Continued from page one)

for the inter-class swimming and diving contests. There remains only a little more than a month to get into training as these events will be held some time in May. They are sponsored by the Y. M. C. A. Girls, come out and put on that real school-girl complexion, which, like joy, comes from within. Boys, come out and tone up those flabby muscles, increase your lung capacity and your weight, and prepare yourselves for an enjoyable summer at this most healthful and enjoyable sport.

Hours for girls are as follows:
Mondays—9:00-10:00 A. M.
Wednesdays and Fridays—3:00 to 4:00 P. M.
For Men—
Mondays—10:00-11:00 A. M.
Tuesday to Saturday (daily)—4:00-5:00 P. M.

Women's clothes were never funnier—if brevity is the soul of wit.

(Continued from page one)

Shanks at second, the center of the diamond is well taken care of. Davis has been working on first and looks fully capable of holding down the initial sack when the time comes. Bird and McConnaughay are working hard on third and it is a toss up as to which one will get the call.

The pitching staff is working fine with Harvey, Stone, Gabbard and Blazer throwing the "pill" for batting practice and in the practice games. Clemens, Sneed, and Doc McCulloch are working behind the plate. In the outfield the fellows are snagging them anywhere, and pounding the apple too. Cartwright, Stone, Johnson and Mischlich will take care of the outer gardens in fine shape.

Others who are on the squad are, Gann, Banks, Layman, Williams, Waddell, McMillian, Swaim, Calvert, Taylor.

These men are all fighting for a chance and will give us a good season for 1927.

BEETHOVEN CENTENNIAL IS COMMEMORATED

(Continued from page one)

first musician of Europe.

In a sense thirty was the turning point of Beethoven's career,—he entered on a period of recognition. But within a year or two we find unmistakable indications of his approaching deafness, so the sun had no sooner shone than the clouds began to gather.

Deafness shut him off more and more from society, as did illness and financial difficulties.

Nature apparelled herself for his passing and the mightiest of geniuses passed from this world amid the ragings of a thunderstorm (March 26, 1827). The funeral spoke the grief of a nation: he who had been nearly forgotten living, except by the few who loved his work, was mourned by a people.

The Music Department of Maryville College commemorated the one hundredth anniversary of the death of that greatest of all composers—Beethoven, by giving a program consisting entirely of Beethoven numbers, Thursday afternoon in the chapel.

MORE LUMINARIES

The following names were inadvertently omitted from the Honor Roll published in the Highland Echo for March 11th:

Edward Conrad, Jr.—21-43; Robert Crosby, Sp.—15-30; Samuel Kidder, Fr.—15-33; Edythe Strygner, Fr.—15-33.

Miss Isabel Sadler, the only Smith-Hughes freshman to make the Honor Roll, climbs to the top of her class with eighteen hours and forty-five quality credits.

Ethel M. DeHaven,
Assistant Registrar.

RESOLUTIONS

Whereas, God in His infinite wisdom has called unto himself the brother of our beloved classmate, John Weinand, we the members of the Sophomore Class resolve to extend our deepest sympathy to the bereaved family.

Be it further resolved that a copy of these resolutions be read in chapel, a copy sent to the bereaved family and a copy printed in the Highland Echo.

Signed:
Emily Simpson,
Arty Watkins,
Committee on Resolutions.

Y.W.C.A. ORGANIZES PROJECT GROUPS

(Continued from page one)

summer, each member will be trained and have experience.

Everyone interested in this type of work is invited to the meetings to be held in Theta Halll, Monday at 3:00 P. M.

Industrial Project Group

Do you want to do something really practical with your sociological theories? We had a Y. W. meeting last Sunday afternoon on, "Industrial Problems in the South." That sounds rather general, but we discovered, in the course of the discussion, that there is really a big need of improvement in industrial conditions right here in Maryville. A group of girls who were especially interested in the situation lingered a while and talked things over after the meeting.

They decided to plan an industrial project in order to find out what can be done and how girls on the Hill can help to do it. If you are interested in industrial conditions—general or local—come to the meeting Wednesday at 3 p. m. in the Y. W. reading room. We need your ideas and cooperation in planning this project and making it a success.

EXPRESSION RECITAL MONDAY, MARCH 28TH

(Continued from page one)

"The Goose Hangs High". She is reading "The Sign of the Cross' by Wilson Barrett. It is a beautiful piece of literature of the early days of the church when it was not unusual to die for one's religion.

Mildred Watson has chosen "Suppressed Desires", a play in one act by Susan Glaspell. She appeared as Peoria Ruggles in "The Bird's Christmas Carol", as Cousin Anne Chadwick in "Mother Carey's Chickens" and as Lila Wilson (the lisper) in "The Whole Town's Talking"—a variety of types and characters which she has adequately interpreted.

RESOLUTIONS OF THE CLASS OF 1927

Whereas God, in His infinite Mercy, has called unto Himself the mother of our friend and beloved classmate, Sally Dickey, we, the members of the Senior Class, resolve to extend to her, and the bereaved family, our deepest sympathy.

Be it further resolved; That a copy of these resolutions be read in chapel, a copy printed in the Highland Echo, and copy sent to the bereaved family.

Signed:
Rebecca Torry,
Nelle Montgomery,
Paul M. Meikle,
(Committee on Resolutions).

DISCUSSION GROUPS

The second meeting of the discussion groups was held Tuesday evening, March 15th. The question, "How is a Christian Student Different?" The leaders presented the question in such a way as to give evryone new thoughts. Probablly the outstanding conclusion reached was "The Christian Student has a different philosophy of life". The meetings were made more interesting because of many minor conclusions reached.
